MESSAGE TO SHAREHOLDERS

TAN BOON KHENG *Managing Director*

TAY KAH CHYE *Independent Chairman of the Board*

“ The financial year ended 31 March 2021 (“FY2021”) saw the Group laying foundations to further strengthen our fire fighting and protection business. ”

MESSAGE TO SHAREHOLDERS

DEAR SHAREHOLDERS

The financial year ended 31 March 2021 ("FY2021") saw the Group laying foundations to further strengthen our fire fighting and protection business. Amidst the ongoing challenges arising from the ongoing COVID-19 pandemic, the Group remained agile to cushion its impact while exploring new avenues to improve our business.

Business and Financial Review

We recorded a 12.1% decline in revenue from S\$48.0 million in the previous financial year to S\$42.2 million in FY2021. This was largely due to the lower demand for fire fighting and protection equipment during Singapore's circuit breaker period as businesses drastically switched gears to focus on surviving the plunge in daily economic activity. Various industries had projects cancelled or put on hold and by extension, demand for our products and services were affected.

Meanwhile, revenue from our power related division declined by S\$4.1 million due to shortening of the Power Purchase Agreement ("PPA") at the request of the Royal Government of Cambodia ("RGC") via Electricite Du Cambodge ("EDC") for our Phnom Penh and Sihanoukville power plants. The decrease was partially offset by an increase in revenue of S\$1.0 million from the Special Economic Zone power plant due to higher electricity demand by tenants.

We are highly appreciative of the Singapore government grants to help companies cope with the COVID-19 pandemic. As a result of these grants and the compensation from the shortening of PPA, a higher other income was recorded for FY2021.

The Group reduced its loss after tax to S\$3.6 million for FY2021, as compared to the S\$13.5 million recorded for FY2020. This was due to a variety of factors including lower cost of sales and lower direct operating costs at the Phnom Penh and Silhanoukville power plants, and the Fire-fighting and Protection division.

During the year, a S\$2.2 million impairment was recognised on the advance to an associate, Maju Intan Biomass Energy Sdn Bhd ("MJE"). Additionally, the Group also recognised impairment amounting to S\$3.3 million on property, plant and equipment, right-of-use assets, demobilisation expenses and restructuring expenses due to the shortening of the PPA.

The disposal of MJE is still ongoing and we will update shareholders as and when pertinent details become available.

Focusing on our Strengths

Going forward, the Group will explore new growth opportunities in the fire fighting related business as we anticipate a reduction of revenue due to the shortening of the PPA mentioned above.

One such opportunity is to expand into the technical aspect of the marine industry by creating a manufacturing department for our fire-fighting products. With this new engine of growth, we can leverage on our established expertise and experience to strengthen our foundations and industry position.

The Group will stay agile during this uncertain time environment so as to be able to swiftly realign the Group to benefit from these new opportunities.

MESSAGE TO SHAREHOLDERS

Outlook

While the COVID-19 pandemic appears to be under control in certain countries, the spread of mutated variants and resurgent waves of the pandemic have led to further uncertainty in the global economy.

In Singapore, the Ministry of Trade and Industry (MTI) forecasted that GDP growth would be at 4.0 to 6.0 per cent in view of the heightened uncertainties in the economic environment, characterised by both upside and downside risks, especially arising from the COVID-19 pandemic. The MTI added that recovery would be uneven across outward-oriented sectors such as trade and manufacturing are projected to benefit from external demand while tourism, aviation and consumer-facing sectors are likely to see further delay to their recovery. However, the resurgences of infections and new strains in economic partners may affect the Singapore economy.

Moving forward, we will remain vigilant and closely monitoring the situation to respond appropriately to these challenges.¹

Acknowledgements

We would like to express our appreciation to our business partners, the management, staff and our shareholders for their support. The Group has covered much ground for FY2021 and we look forward to the next phase of our development with you in FY2022.

OUR INVESTMENTS

With four operating power stations, Asiatic stands as an eminent key player in the regional power business. In line with the increasing global recognition of sustainable energy sources, we will continuously upgrade our power stations to optimise operating efficiencies. We have also engaged in preliminary studies to explore the possibilities of harnessing other alternative sustainable energy sources as we look towards charting our long-term growth.

FIRE PROTECTION SOLUTIONS AND ENERGY

FIRE PROTECTION SOLUTIONS

Asiatic Fire protection business unit has developed into a specialised fire fighting manufacturer and experienced service station. It handles products that are technologically advanced and most importantly, competitively priced in this sensitive market. It is recognised by local and international statutory boards such as Lloyd's Register, Det Norsk Veritas, Singapore Civil Defence Force, American Bureau of Shipping, Italian Rina and the United States of America Department of Transport (US-DOT).

ENERGY

Our energy business is a service provider for industry and communities, supporting industrialization. Envisioning the future of "green" power, our investments into sustainable energy businesses in emerging markets will expand gradually.

PPSEZ Power Plant

Located in the Phnom Penh Special Economic Zone, Cambodia. A Build, Own and Operate investment since 2008, this fossil fuel power plant consists of three 6.5 MW generator sets providing electricity to the industrial factories and facilities inside the Industrial Park.

Maju Intan Biomass Power Plant

Located in Teluk Intan Perak, Malaysia, this 12.5 MW Build, Own and Operate Biomass Power Plant utilizes 100% biomass waste material called Empty Fruit Bunches (EFB), a waste material after extraction of palm oil by Palm Millers.

Phnom Penh & Sihanoukville Power Plant

As announced by the Company on 11 February 2021, a notice was received from Electricite Du Cambodge to shorten the term of the power purchase agreement. Accordingly, the Phnom Penh Plant and Sihanoukville Power Plant have ceased operations.

For the financial year ended 31 March 2021 ("FY2021"), the Group's revenue decreased by 12.1% to S\$42.2 million from S\$48.0 million recorded in FY2020. The reduction was due to a softening in demand for the fire fighting and protection segment's products and services during the circuit breaker in Singapore, and the shortening of the Power Purchase Agreement ("PPA") at the request of the Royal Government of Cambodia ("RGC") via Electricite Du Cambodge ("EDC") for the Phnom Penh and Siهانoukville power plants. The decrease was partially offset by a S\$1.0 million increase in revenue from the Special Economic Zone power plant due to tenants' higher electricity demand.

Profitability

In line with the dip in business activity for both business segments, cost of sales was 17.4% lower in FY2021. Meanwhile, the Group's other income amounting to S\$3.4 million for FY2021 was mainly due to Singapore government grants of S\$1.1 million received to alleviate the financial impact of the COVID-19 pandemic and accrual of compensation income of S\$2.2 million from the shortening of PPA for the Phnom Penh and Siهانoukville power plants.

The Group has established a manufacturing department and is expanding into the technical aspect for its firefighting products as part of its new strategy. This investment had led to an increase in depreciation of right-of-use assets due to the additions in equipments and a new factory lease in Singapore. Staff costs were likewise higher to support the expansion plans.

The Group recorded a foreign exchange loss of \$1.2 million as a result from receivables from subsidiaries that were denominated in USD and MYR that depreciated against SGD during the year.

In FY2021, the Group recognised an impairment of S\$2.2 million on the advance to an associate, Maju Intan Biomass Energy Sdn Bhd ("MJE") after a further impairment assessment. In FY2020, an earlier impairment was recognised on convertible bonds, trade receivables and advances from MJE as part of its disposal. The impairment was partially offset by a S\$0.1 million write-back on the expected credit loss on trade receivables. In addition, the shortening of PPA for the Phnom Penh and Siهانoukville power plants had resulted in the recognition of impairment of property, plant and equipment (S\$2.6 million), impairment of right-of-use assets (S\$0.2 million), demobilisation costs (S\$0.3 million) and restructuring costs (S\$0.2 million).

Due to a combination of the above factors, the Group's loss after tax has decreased from S\$13.5 million in FY2020 to S\$3.6 million in FY2021.

Movement in comprehensive income

The Group recorded a foreign currency translation loss amounting to S\$1.1 million mainly due to the weakening of USD against SGD as at 31 March 2021. In comparison, FY2020 saw a foreign currency translation gain of S\$1.7 million. The charge was directly accounted for in the statement of changes in equity under the foreign currency translation reserve.

Balance Sheet

As at 31 March 2021, the Group's non-current assets decreased mainly due to the depreciation and impairment of property, plant and equipment (S\$5.2 million). In addition, a translation loss for property, plant and equipment was recorded as the power related division's property, plant and equipment were denominated in USD. The decrease was partially offset by a new factory lease that resulted in an increase in right-of-use assets during the financial year.

OPERATIONS REVIEW

Inventories decreased due to lower stock levels on account of the lower sales and the plans to demobilise the Phnom Penh & Sihanoukville Power Plants as a result of the shortening of PPA. Trade receivables also decreased due to the decrease in sales from both the fire fighting and protection and power related division and faster collection as the Group made headway in improving its debtors' aging. On the other hand, other receivables increased mainly due to the accrual of compensation income from the shortening of PPA for the Phnom Penh and Sihanoukville power plants.

Trade payables was lower for FY2021 mainly due to decrease in purchases for both business divisions as a result of reduction in sales. In relation to the shortening of PPA, provision for restructuring and demobilisation were recorded during the year. A decrease in current loan and borrowings was due to new term loans obtained to repay previous short-term borrowings to improve the liquidity position of the Group.

Meanwhile, non-current liabilities increased mainly due to the new term loan obtained during the year and temporary differences arising from property, plant and equipment. This was partially offset by the repayment of an amount due to non-controlling interests amounting to S\$0.9 million during FY2021.

As at 31 March 2021, the Group had a net current liabilities position of S\$13.5 million arising from the utilisation of short-term financing to support the Group's energy projects. Our net current liabilities position as at 31 March 2021 had improved mainly due to the restructuring of existing loans to improve the Group's liquidity position. In addition, the Group had successfully rolled over approximately S\$10.8 million out of S\$15.4 million of short-term loans subsequent to FY2021, and had continued to fulfil its debt obligations. A substantial portion of the term loans had been secured by the Group's power plant assets and factory building and the Group remained in a net asset position of S\$31.3 million as at 31 March 2021.

Based on the foregoing, the Board believes that the Group will be able to operate as a going concern and is of the view that the Group's working capital is sufficient to meet its present requirements and for the next twelve months.

Cash Flow

For the financial year under review, net cash generated from operating activities totalled S\$3.5 million after taking into account working capital and payment of interest and tax. Net cash flows used in investing activities was utilised to purchase property, plant and equipment and new motor vehicles. The Group recorded a net cash outflow from its financing activities arising from:

- i. repayment of trust receipt and short-term borrowings;
- ii. repayment of shareholder loan;
- iii. repayment of amount due to non-controlling interests;
- iv. repayment of lease and hire purchase liabilities; and
- v. repayment of advances from related parties.

This was partially offset by new term loans obtained during the year. As a result, overall cash balance increased by S\$1.2 million during FY2021.

Outlook

Moving forward, the main focus of our business will be in Singapore. As the COVID-19 pandemic is largely under control here due to stringent measures and steady progress in the vaccination of the population, there is a degree of stability for the near future. We will continue to remain cautious as new variants of the virus and other underlying challenges may continue to surface and necessitate more defensive strategies to preserve long term value of the Group.

The Group will continue to pursue its plans to streamline its business and exercise prudence in tackling any challenges that may arise during this new normal.

CORPORATE GOVERNANCE REPORT

The Company is committed in maintaining a high standard of corporate governance and transparency within the Company, and together with its subsidiaries (the “**Group**”), to preserve and enhance the interests of all shareholders and investors. The Company has adopted corporate governance practices and guidelines with references to the Code of Corporate Governance 2018 (the “**Code**”) and the disclosure guide developed by the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) in January 2015 for the financial year ended 31 March 2021 (“**FY2021**”).

Pursuant to Rule 710 of the Listing Manual Section B: Rules of Catalist issued by the SGX-ST (the “**Catalist Rules**”), this report describes the Company’s corporate governance processes and activities for FY2021. Proper explanation has been given where there is a deviation from the recommended guideline(s).

The Company did not adopt any alternative corporate governance practices in FY2021.

PRINCIPLE 1: BOARD MATTERS

The Board’s Conduct of Affairs

The board of directors (the “**Board**”) is responsible for setting the strategic direction for the Company. Every Director is expected to act in good faith and always in the best interest of the Company and the Board is entrusted with the responsibility for the overall management of the Company.

The Board’s primary responsibilities include the review and approval of policy guidelines, setting directions to ensure that the strategies undertaken seek to enhance shareholders’ value. The Board meets regularly on a half-yearly basis and as and when warranted by the circumstances, both formally and informally. Meetings by the Board may also be conducted via telecommunication means. The following matters, inter alia, require the Board’s approval:

- Budgets, quarterly, half-year and full year results announcements (whichever applicable), annual reports and audited financial statements;
- Corporate strategic direction, strategies and action plans;
- Issuance of policies and key business initiatives;
- Acquisition/disposal and other material transactions;
- Declaration of interim dividends and proposal of final dividends; and
- Convening of shareholders’ meetings.

To assist the members of the Board, the Company has arranged for the Board to be updated by the Company Secretary and its other professional consultants on the continuing obligations and requirements of a public listed company. Further, Directors are encouraged to attend seminars and courses to complement their core expertise and to keep abreast of the ongoing regulatory changes and compliance, and are provided with opportunities to develop and maintain their skills and knowledge at the Company’s expense.

Courses, conferences and seminars attended by the Directors in FY2021 include:

Courses, Conferences and Seminars Name	Held By
AC Chapter Pit Stop on ‘Ask the Right Questions’	Singapore Institute of Directors
Singapore Board Diversity Index	Singapore Institute of Directors
AC Seminar 2021	Singapore Institute of Directors
A Resilient Tomorrow: Covid-19 Recovery and Transformation	PricewaterhouseCoopers LLP
Adapting To Covid-19: Leveraging on Digital and Social	Singapore Management University
How Boards Can Reinforce Risk Oversight	Ernst & Young LLP

CORPORATE GOVERNANCE REPORT

When a Director is first appointed to the Board, an orientation program is arranged for him/her to be familiar with the Group's business and governance practices. Upon appointment, a formal letter shall be issued setting out the duties, responsibilities and obligations of the Director. All new first-time Directors (who have no prior experience as a director in a listed company) are also required to attend appropriate SGX-SID Listed Company Director (LCD) Programmes offered by SID within 1 year from the date of his/her appointment. There was no first-time Director appointed by the Company in FY2021.

Our Board has established and delegated certain responsibilities to the Nominating Committee ("**NC**"), Remuneration Committee ("**RC**") and Audit and Risk Committee ("**ARC**") (collectively, the "**Committees**"). The Committees are each chaired by an Independent Director and majority of the members are independent.

Access To Information

The Board is kept abreast on the Group's operations and key performance through updates and reports, given by Management (including the Managing Director and the Executive Director). Prior to any meetings of the Board or Committees, every Director, if applicable, are given sufficient time to review board papers to prepare them for the meetings. Management endeavours to circulate information at least one week prior to the meetings to allow sufficient time for review by the Directors. In addition, Board members have separate and independent access to the Management on queries or when they require additional information on the affairs of the Company and the Group.

The Management would provide the explanatory documents on matters to be brought before the Board and its Committees. Copies of disclosure documents, budgets, forecasts, unaudited financial statements together with explanations for any significant or material variance between the budget and actual results are tabled by the Management for review during the meetings.

Each Director also has access to the Company Secretary who attends the Board's and the Committees' meetings. The Company Secretary also assists the respective Chairman of the Committees and the Board in the conduct of meetings and ensures that procedures and corporate governance practices are adhered to. The appointment and removal of the Company Secretary is subject to the approval of the Board as a whole.

Where the Directors either individually or as a group, in the furtherance of their duties, require independent professional advice, such service will be available at the Company's expense.

Every Director has separate and independent access to the Management, the Company Secretary and the external auditors at all times. The Company currently does not have a formal procedure to seek independent and professional advice for the furtherance of the Board's duties. However, the Directors may, on a case-to-case basis, propose to the Board for such independent and professional advice to be sought, the cost of which will be borne by the Company.

CORPORATE GOVERNANCE REPORT

Where the Director has a conflict or potential conflict of interest in relation to any matter, he will declare his interest at the meeting of the Directors or send a written notice to the Company, setting out the details of his interest and the conflict and recuse himself from any discussions on the matter and abstain from participating in any Board decision.

PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE

The Board currently comprises five (5) Directors, comprising of two (2) Executive Directors and three (3) Independent Directors, whose collective experience and contributions are valuable to the Company.

The Independent Directors are respected individuals from different backgrounds whose core competencies, qualifications, skills and experience are extensive and complementary. Independent Directors constructively challenge and help to develop strategies, and to review and monitor the performance of the Management, agreed goals and objectives.

The Board has reviewed the current composition of the Board and is of the view that the current composition of the Board remains relevant and nimble to meet the changing challenges in the industry and countries which the Group operates in. Such reviews, which include considering factors such as the expertise, skills and perspectives which the Board needs against the existing competencies would be done on an annual basis or when circumstances warrant, to ensure that the Board dynamics remain optimal. However, the NC recognizes the importance to have an Independent Director with legal background. Hence, for the purpose of board succession moving forward, legal background will be the key criteria for evaluating future candidates when the Board refreshes itself.

There is a strong and independent element on the Board given that there are three (3) Independent Directors who has formed majority of the Board and the Chairman of the Board is independent. Accordingly, the composition of the Board is in compliance with the Code and the Catalyst Rules.

The Independent Directors, led by the Independent Chairman, meet without the presence of Management as and when necessary, and provides feedback to the Board as appropriate. The Independent Directors of the Company have met once in the absence of Management in FY2021.

The Board's policy in identifying director nominees is primarily to have an appropriate mix of members with complementary skills, core competencies and experience for the Group, regardless of gender. The Company understands and believes that a diverse Board will help improve the overall performance and operation capability of the Company as well as avoid groupthink and foster constructive debate. It enhances decision-making capability and gives diversified views to enhance Board discussion, ensuring that the decisions made by the Board have been considered from all points of view. The Board comprises Directors who have expertise across areas such as banking, finance and accounting, business and industry-specific experience, management and strategic planning.

The profile of our Directors can be found on pages 9 to 11 of this Annual Report. The current Board composition provides a diversity of skills, experience and knowledge to the Company as follows:

<i>Balance and Diversity of the Board Competencies</i>	<i>Number of Directors</i>	<i>Proportion of Board</i>
Accounting or finance	3	60%
Business management	5	100%
Legal or corporate governance	5	100%
Relevant industry knowledge or experience	4	80%
Strategic planning experience	5	100%
Customer based experience or knowledge	5	100%

CORPORATE GOVERNANCE REPORT

The Board has taken the following steps to maintain or enhance its balance and diversity:

- Annual review by the NC to assess if the existing attributes and core competencies of the Board are complementary and enhance the efficacy of the Board; and
- Annual evaluation by the Directors of the skill sets the other Directors possess, with a view to understand the range of expertise which is lacking by the Board.

The NC will consider the results of these exercises in its recommendation for the appointment of new directors and/or the re-appointment of incumbent directors.

PRINCIPLE 3: CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The Company recognises the principle of a clear division of responsibility between the Chairman and the Chief Executive Officer (in our case, the Managing Director). Mr Tan Boon Kheng is the Managing Director while Mr Tay Kah Chye, an Independent Director, is the Chairman of the Board.

The roles of the Chairman and the Managing Director are separate to ensure a clear division of their responsibilities and increased accountability, in accordance with the recommendations of the Code. The Chairman is not related to the Managing Director.

The Chairman is responsible for, inter alia, exercising control over the quality, quantity and timeliness of flow of information between the Management and the Board, and assisting in ensuring compliance with our Company's guidelines on corporate governance, while our Managing Director is responsible for the planning, business development and generally charting the strategic growth of the Group. The Chairman is available to shareholders where they have concerns, and for which contact through the normal channels of communication with the Management are inappropriate or inadequate. The Chairman is contactable at taykahchye@gmail.com.

The NC has deliberated and is of the view that the appointment of a Lead Independent Director is not necessary given that the majority of the Board, including the Chairman, is independent.

PRINCIPLE 4: BOARD MEMBERSHIP

Nominating Committee

The NC of the Company comprises the following members, the majority of whom, including the NC Chairman, are independent and non-executive directors:

- (i) Chia Soon Hin William (Chairman)
- (ii) Tay Kah Chye (Member)
- (iii) Yip Mun Foong James (Member)
- (iv) Tan Boon Kheng (Member)

The NC is guided by its terms of reference, including but not limited to the key responsibilities as follows:

- Identifies candidates and reviews all nomination for the appointment and re-appointment of members of the Board based on his/her contribution and performance;
- Determines annually whether a Director is independent in accordance with the guidelines of the Code and the Catalist Rules;
- Assesses the effectiveness of the Board as a whole, its Committees and of each Director as to whether he is able to and has adequately carried out his duties as a Director, in particular, where a Director has directorships in other companies;

CORPORATE GOVERNANCE REPORT

- Reviews the structure, size, composition, diversity and skills of the Board annually and make recommendations to the Board;
- Reviews the succession plans for Directors, in particular, the Managing Director, executive directors and key management personnel;
- Reviews the training and professional development programs for the Board and its Directors and ensures that all new members of the Board undergo an appropriate orientation programme; and
- Decides how the performance of the Board, its Board Committees and individual Directors may be evaluated and proposes objective performance criteria and thereafter submits for the Board's approval.

The NC has examined the appropriateness of the Board size, taking into consideration the changes in the nature and scope of the Group's operations as well as the applicable prevailing regulatory, and is satisfied that the current size and composition of Board meets the Company's existing needs and the nature of operations.

Where a vacancy occurs and as and when the need arises, the Management or Director will procure suitable candidates for the NC's review and consideration. If need be, the NC may also engage external search consultants to search for candidates at the Company's expense. The NC will, amongst others, review the candidate's credentials, and assess the candidate's competency, suitability and ability to devote sufficient time for the Company. The NC will thereafter provide its recommendations to the Board for approval.

The NC has reviewed and is of the opinion that holding multiple listed company board representations by some Directors have not impeded their performance and abilities in carrying out their duties to the Company. The NC has assessed and is satisfied that each Director has dedicated sufficient resources to diligently discharge his duties in FY2021. The Board did not set any cap on the number of listed company board representations a Director may hold in FY2021 given that all the Directors do not have extensive multiple directorships and have been able to dedicate their time and attention to the business of the Company. Nevertheless, if the Board finds that time commitment is lacking from any particular Director, they may consider imposing a cap in future.

The information of all Directors, including their listed company directorships and their principal commitments are set out on pages 9 to 11 of this Annual Report.

All Directors report any new appointments or changes in their external appointments on timely basis, as well as any corporate developments relating to their existing external appointments, which may affect their independence. This ensures that Directors continually meet the stringent requirements of independence under the Code and the Catalyst Rules.

The Independent Directors had in FY2021 confirmed their independence in accordance with the Code and Rule 406(3)(d) of the Catalyst Rules. The NC had also assessed the independence of each Independent Director and is satisfied that Mr Tay Kah Chye, Mr Chia Soon Hin William and Mr Yip Mun Foong James to be independent. There are no directors who are deemed independent by the Board notwithstanding the existence of a relationship as stated in the Code or Catalyst Rules that would otherwise deem him/her not to be independent. There are no Independent Directors who has served beyond nine years from the date of his first appointment.

For the re-election of incumbent directors, the NC would assess the performance of the director in accordance with the performance criteria set by the NC and also considers the current needs of the Board. Subject to the NC's satisfactory assessment, the NC would recommend the proposed re-appointment of the director to the Board for its consideration and approval.

The constitution of the Company (the "**Constitution**") provides that at least one-third (if the number is not a multiple of three, the number nearest to but not greater than one-third) of the Board is required to retire via rotation at each annual general meeting ("**AGM**") and that each Director shall retire from office at least once every three (3) years. A retiring Director is eligible for re-appointment subject to his consent.

Mr Tan Boon Siang is retiring by rotation in the forthcoming AGM and his re-election is subject to shareholders' approval at the forthcoming AGM pursuant to Regulation 103 of the Constitution. The NC, with Mr Tan Boon Siang having abstained from the deliberations, recommended Mr Tan Boon Siang be nominated for re-election at the forthcoming AGM. Mr Tan Boon Siang has consented to continue in office. Mr Tan Boon Siang will, upon re-election, remain as an Executive Director of the Company.

CORPORATE GOVERNANCE REPORT

Information pursuant to Rule 720(5) of the Catalist Rules on Mr Tan Boon Siang can be found on pages 29 to 31 of this Annual Report.

The Company currently does not have any alternate directors.

PRINCIPLE 5: BOARD PERFORMANCE

The NC has adopted a formal process to assess the performance and contributions of the Directors and the effectiveness of the Board as a whole and its Committees. The NC sets the objective performance criteria for the assessment which allow comparison with industry peers. The assessment criteria focus on the effectiveness and efficiency on the Board's access to information, evaluation of the size and composition of the Board, the Board's processes, procedures and compliance, accountability, the Board's performance in connection to discharging its responsibilities and duties, and Directors' standards of conduct including his/her interactive skills, participation level at the Board and Committees' meetings, insight knowledge and preparedness as well as availability to attend meetings. In addition, the qualitative measures include the effectiveness of the Board in its monitoring role and the attainment of the strategic objectives set by the Board.

The NC would review the criteria on a periodic basis to ensure that the criteria is able to provide an accurate and effective performance assessment taking into consideration industry standards and the economic climate with the objective to enhance long term shareholders value, thereafter propose amendments if any, to the Board for approval.

The NC did not propose any changes to the performance criteria for FY2021 as compared to the previous financial year as the Board composition and the Group's principal business activities remained the same as the financial year ended 31 March 2020 ("FY2020") as the Board composition remained the same.

For FY2021, the review process involves:

1. All Directors individually and collectively as a whole completing a board evaluation questionnaire on the effectiveness of the Board, its Committees, the individual Directors and the Chairman based on the aforementioned performance criteria;
2. The Company Secretary will collate and present the questionnaire results to the NC Chairman in the form of a report; and
3. The NC will deliberate the report and opine on the performance results during the NC meeting.

All NC members have abstained from the voting or review process of any matters in connection with the assessment of his individual performance.

Following the completion of the assessment for FY2021, the NC is of the opinion that the Board, its Committees and each Director had been effective and had met their performance objectives during FY2021 notwithstanding that the Company was in loss-making position for FY2021. No external facilitator was engaged in the evaluation process for FY2021.

PRINCIPLE 6: REMUNERATION MATTERS

PRINCIPLE 7: LEVEL AND MIX OF REMUNERATION

Remuneration Committee

The composition of the RC is as follows. All members of the RC are independent and non-executive directors:

- (i) Chia Soon Hin William (Chairman)
- (ii) Tay Kah Chye (Member)
- (iii) Yip Mun Foong James (Member)

CORPORATE GOVERNANCE REPORT

The RC is guided by its terms of reference, including but not limited to the key responsibilities as follows:

- Reviews and recommends to the Board, a framework of remuneration for the Board and key management personnel;
- Recommends to the Board, the executives' and employees' share option schemes or any long-term incentive schemes which may be set up from time to time and does all acts necessary in connection therewith;
- Reviews the level of remuneration that is appropriate to attract, retain and motivate the Directors and key management personnel; and
- Reviews and recommends to the Board the terms of renewal of Directors' service contracts.

The RC also administers the Asiatic Performance Share Plan which was approved and adopted at the Extraordinary General Meeting ("EGM") held on 15 August 2013.

The RC reviews and considers all aspect of remuneration, including termination terms to ensure they are fair. The RC's review of the remuneration packages as stipulated in the service agreements, takes into consideration the long-term interests and direction of the Group, the performance of the Group and the overall assessment of the Board (where applicable) and individual contribution of the Directors and key management personnel. The RC will also ensure that the Independent Directors are not over-compensated to the extent that their independence may be compromised. The RC has reviewed and assessed that the remuneration of the Independent Directors for FY2021 is appropriate, considering the effort, time spent and responsibilities.

In determining remuneration packages of Executive Directors and key management personnel, the RC reviews and ensure that (i) they are adequately but not excessively rewarded; and (ii) the level and mix of remuneration should be appropriate to attract, retain and motivate Directors and key management personnel to run the Company successfully and create long-term sustainable value for its stakeholders. The RC will also consider, in consultation with the Board, amongst other things, their responsibilities, skills, expertise and contribution to the Group's performance and whether the remuneration packages are competitive and sufficient to ensure that the Company is able to attract and retain executive talent.

Proposed salary increments, or bonus pay-outs, if any, are reviewed by the RC, taking into consideration factors such as the actual financial performance of the Group, vis-à-vis the contribution by the respective Executive Directors or key management personnel. All recommendations of the RC will be submitted for approval by the entire Board.

No Director is involved in deciding his own remuneration and Directors' fees are recommended by the Board for approval by the shareholders at the AGM.

The RC and the Board is of the view that the annual review of the remuneration of the Directors and key management personnel, which includes giving due regard to prevailing market conditions as well as the financial, commercial health and business needs of the Group is currently sufficient to ensure the continued relevance of such remuneration packages to the Group's long term strategic business objectives and alignment with market practices.

In discharging their duties, the RC may seek professional advice where necessary. For FY2021, RC had not sought external remuneration consultants to review the remuneration packages of directors and key management personnel. The RC had assessed and was satisfied that the appointment of an external remuneration consultant in FY2021 was not necessary after reviewing the employment conditions within the industry and comparable companies.

The Company currently does not have any contractual provisions which allow it to reclaim incentives from the Executive Directors and key management personnel in certain circumstances. The Board is of the view that as the Group pays performance bonuses based on the actual performance of the Group and/or Company (and not on forward-looking results) as well as the actual results of its Executive Directors and key management personnel, "claw-back" provisions in the service agreements may not be relevant or appropriate. Nevertheless, RC will review the inclusion of "claw-back" provision in future service agreements.

CORPORATE GOVERNANCE REPORT

PRINCIPLE 8: DISCLOSURE ON REMUNERATION

The total remuneration and breakdown (in percentage terms) of the remuneration of Directors of the Company for FY2021 is set out below:

Name of Director	Total Remuneration (\$)	Base/Fixed Salary	Directors' Fee	Bonus	Benefits	Total

Yip Mun Foong James	27,500	–	100%	–	–	100%

The breakdown (in percentage terms) of the remuneration of the top 5 key management personnel of the Group for FY2021 is set out below:

Name of key management personnel	Designation	Base/Fixed Salary	Bonus	Total
Below S\$250,000				
Tan Ah Kan @ Tan Kow La ⁽¹⁾	Consultant, Asiatic Fire System Pte Ltd	100%	–	100%
Tan Boon Yew ⁽²⁾	Director, Asiatic Fire System Pte Ltd	100%	–	100%
Wong Wai Cheong	Group Financial Controller	100%	–	100%
Lee Yoke Chun ⁽³⁾	Group Admin & HR Manager	100%	–	100%
Ng Meng Cheng ⁽⁴⁾	Director, Colben System Pte. Ltd.	100%	–	100%

Notes:

1. Tan Ah Kan @ Tan Kow La is the father of Tan Boon Kheng and Tan Boon Siang. With effect from 31 March 2021, Mr Tan's services as consultant has ceased. Instead, Mr Tan would serve as a business advisor to Asiatic Fire System Pte Ltd on a contractual basis with effect from 1 April 2021 where his contract would be reviewed annually by the RC.
2. Tan Boon Yew is the brother of Tan Boon Kheng and Tan Boon Siang.
3. Lee Yoke Chun is the spouse of Tan Boon Kheng.
4. Ng Meng Cheng has resigned as the Director of Colben System Pte. Ltd. and Chief Operating Officer of Colben's Operation in Cambodia with effect from 1 June 2021.

The aggregate remuneration paid to the above key management personnel was approximately S\$617,000 in FY2021.

No termination, retirement and post-employment benefits were granted to the Directors or key management personnel in FY2021.

The remuneration received by the Managing Director, Executive Director, and key management personnel takes into consideration his/her individual performance and contribution towards the overall performance of the Group for FY2021. Their remuneration is made up of fixed and variable compensations. The fixed compensation consists of an annual base salary. The variable compensation is determined based on the level of achievement of corporate objectives (such as financial performance) and individual performance objectives (such as project management, strategic and operational effectiveness).

CORPORATE GOVERNANCE REPORT

The RC has reviewed and is satisfied that for FY2021, the remuneration received by the Managing Director, Executive Director, and key management personnel are commensurate with their efforts and achievements. The RC has also reviewed and is satisfied that the overall performance conditions were met for FY2021.

Remuneration of other employees related to a Director

Save as disclosed above, the following are other employees who are immediate family members of Tan Boon Kheng and Tan Boon Siang, the Managing Director and Executive Director of the Company respectively, but whose respective remuneration does not exceed S\$100,000. The aggregate remuneration (including CPF contributions thereon and benefits) of these employees amounted to approximately S\$192,000 for FY2021.

Names of Employees	Relationship with Tan Boon Kheng and Tan Boon Siang
Tan Ah Soi	Uncle
Tan Chee Meng	Cousin
Tan Tze Wee	Cousin

Save as disclosed, there are no other family relationships between any of our Directors, key management personnel, substantial shareholders and other employees. Besides the Managing Director, Mr Tan Boon Kheng and the Executive Director, Mr Tan Boon Siang, there are also no other employees who are substantial shareholders of the Company.

The Asiatic Performance Share Plan

The Company has adopted a performance share plan known as Asiatic Performance Share Plan (the “Share Plan”) which was approved by the shareholders of the Company at the EGM held on 15 August 2013. The Share Plan is administered by the RC and no share award has been granted since its adoption and for FY2021.

The Share Plan is designed to provide the Company's flexibility and effectiveness in its continuing efforts to reward, retain and motivate employees to achieve increased performance. The Directors believe that the Share Plan will provide the Company with a more comprehensive set of remuneration tools and further strengthen its competitiveness in attracting and retaining local and foreign talent.

The Share Plan allows the Company to provide an incentive for participants to achieve certain specific performance targets by awarding fully paid shares to participants after these targets have been met. The assessment criteria for granting of awards under the Share Plan will be based on specific performance targets or to impose time-based service conditions, or a combination of both.

The Share Plan allows for participation by the Group's employees (including the Managing Director and Executive Director, namely, Tan Boon Kheng and Tan Boon Siang) and Non-Executive Directors (including Independent Directors) who have attained the age of 21 years on or before the relevant date of grant of the award provided that none shall be an undischarged bankrupt at the relevant time, and who, in the absolute discretion of the RC, will be eligible to participate in the Share Plan.

Subject to the absolute discretion of the RC, the controlling shareholders of the Company and their associates who meet the criteria as set out above are eligible to participate in the Share Plan, provided that (a) the participation of, and (b) the terms of each grant and the actual number of shares comprised in the share awards granted under the Share Plan to, a participant who is a controlling shareholder of the Company or his associate shall be approved by independent shareholders in a general meeting in separate resolutions for each such person.

Subject to the absolute discretion of the RC and prior to any grant of an award to any controlling shareholder of the Company or his associate, the Company will seek approval from its independent shareholders for the participation of such person in the Share Plan and/or the grant of an award to such person. Further details of the Share Plan are disclosed on page 33 of the Annual Report under the Directors' Statement.

CORPORATE GOVERNANCE REPORT

PRINCIPLE 9: ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

The system of internal controls maintained by the Group includes the safeguarding of assets, the maintenance of proper accounting records, the reliability of financial information, compliance with appropriate legislation, regulations and best practices, and the identification and containment of financial, operational, information technology and compliance risks. However, the Board notes that no system of internal control could provide absolute assurance against the occurrence of material errors, poor judgement in decision-making, human errors, losses, fraud or other irregularities. The Board determines the nature and extent of the significant risks which the Group is willing to take in achieving its strategic objectives and value creation.

The Board of Directors and the ARC have reviewed the adequacy of the Group's internal controls addressing its financial, operational, compliance and information technology risk, relying on reports from external auditors and internal auditors. Any significant internal control weaknesses and non-compliance that are highlighted during the audit together with recommendations by the external auditors and internal auditors are reported to the ARC. The ARC will follow up and review the actions taken by Management to address the weaknesses highlighted based on the recommendations made by the external auditors and internal auditors.

Nexia TS Risk Advisory Pte. Ltd. ("**Nexia**") was the internal auditor for the Group for FY2021. Based on the internal audit report from Nexia, the ARC understands that there are no significant or material weakness identified so far.

As part of the annual statutory audit, the Group's external auditors conduct an annual review, in accordance with their audit plan, of the effectiveness of the Group's material internal controls, including financial, operational, compliance, information technology controls, and risk management. Any material non-compliance or failures in internal controls and recommendations for improvements will be reported to the ARC. The ARC also reviews the effectiveness of the actions taken on the recommendations made by the external auditors, if any.

For FY2021, the ARC had received assurance:

- (i) from the Managing Director and Group Financial Controller that the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and
- (ii) from the Managing Director and relevant key management personnel that the Company's risk management and internal control systems were adequate and effective.

Based on the risk management and internal controls system established and maintained by the Group and work performed on the review of key internal controls by the external auditors and internal auditors, reviews performed by the Management and the various Board Committees, the Board with the concurrence of the ARC, are of the view that the Company's internal controls (including financial, operational, compliance and information technology controls) and risk management systems were adequate and effective for FY2021.

PRINCIPLE 10: AUDIT AND RISK COMMITTEE

All members of the ARC, including the ARC Chairman are Independent Directors, and have recent and relevant accounting or related financial management expertise or experience which fulfill the requirements for the composition of the ARC pursuant to the Code. Members of the ARC were also provided with information such as updates on consultation papers issued by the SGX-ST as well as the changes to the Singapore Financial Reporting Standards by external auditors.

The composition of the ARC is as follows:

- (i) Tay Kah Chye (Chairman)
- (ii) Chia Soon Hin William (Member)
- (iii) Yip Mun Foong James (Member)

CORPORATE GOVERNANCE REPORT

None of the ARC members were former partners or directors of the Company's external auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case (b) for as long as they have any financial interest in the auditor firm or auditing corporation.

The ARC is guided by its terms of reference, including but not limited to the key responsibilities as follows:

- a) reviews the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Company's financial performance;
- b) reviews at least annually the adequacy and effectiveness of the Company's internal controls and risk management systems;
- c) reviews the assurance from the Managing Director and Group Finance Controller on the financial records and financial statements;
- d) reviews the Company's Whistle-Blowing Policy and to ensure that arrangements are in place for concerns about possible improprieties in financial reporting or other matters to be safely raised and independently investigated, and for appropriate follow-up action to be taken;
- e) reviews the audit plan of the external auditors and their evaluation of the system of internal controls and monitor Management's response and actions to correct any noted deficiencies;
- f) reviews the internal audit plan and findings by the internal auditors;
- g) reviews the adequacy, effectiveness, independence, scope and results of both the internal and external audit function. Where the external auditors also supply a substantial volume of non-audit services to the Company, the ARC shall keep the nature and extent of such services under review, seeking to balance the maintenance of objectivity and value for money;
- h) determines that no unwarranted Management restrictions are being placed upon either the internal or external auditors;
- i) reviews interested person transactions;
- j) makes recommendations to the Board on (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors; and
- k) generally undertakes such other functions and duties as may be required by statute, the Catalist Rules and/or the Code, and by such amendments made thereto from time to time.

The ARC meets at least two times a year and as frequently as required. In particular, the ARC meets to review the financial statements before they are circulated to the Board for approval and subsequently announced on SGXNet. In the financial year under review, the ARC has met to review and approve the internal and external audit plans as well as the half-year and full-year unaudited results for announcement purposes. The ARC has also met with the internal and external auditors in the absence of Management once in FY2021.

To enable the ARC to discharge its function properly, the ARC has full access to and co-operation from Management and has full discretion to invite any director or executive officer to attend its meetings.

The ARC may also examine any other aspects of the Company's affairs, as it deems necessary, where such matters relate to exposures or risks of regulatory or legal nature, and monitor the Company's compliance with its legal, regulatory and contractual obligations. The ARC has power to conduct or authorise investigations into any matters within the ARC's scope of responsibility. The ARC is authorised to obtain independent professional advice if deemed necessary to discharge its responsibilities properly. Such expenses would be borne by the Company.

CORPORATE GOVERNANCE REPORT

The ARC may also review arrangements (in accordance with the Group's whistle-blowing policy) by which stage of the Company and external parties such as vendors and customers may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. The ARC ensures that arrangements are in place for the independent investigation of such matters and that appropriate follow up actions are carried out. There were no complaints received under the whistle-blowing policy in FY2021.

External Audit

Pursuant to Rule 715(1) of the Catalist Rules, the ARC noted that the Company and its Singapore incorporated subsidiaries were audited by Messrs Ernst & Young LLP ("**EY**") based in Singapore. The statutory auditors for the Company's subsidiaries in Cambodia were Messrs BDO (Cambodia) Limited based in Cambodia ("**BDO**"). For the purposes of the Group's audit and consolidation, EY had also performed a full audit of the accounts of the Cambodia subsidiaries. Further information on the auditors' appointments can be found in Note 10 to the financial statements.

The Board and the ARC had reviewed the audit arrangements with EY and BDO, and were satisfied that the current arrangement had not compromised the standard and effectiveness of the audit for the Group and that the auditors had no objection on the current arrangement. The Company has complied with Rules 712, 715 and 716 of the Catalist Rules.

The aggregate amount of audit fees paid/payable to EY in FY2021 amounted to S\$108,000. The amount of non-audit services provided by EY in FY2021 was S\$9,500. The non-audit services provided by the external auditors was reviewed by the ARC, and with the confirmation from EY, was satisfied that the provision of such non-audit services would not compromise the independence of EY as the external auditors.

The ARC has reviewed the independence and objectivity of the external auditors in FY2021 and is satisfied that the external auditors remain independent and objective. The ARC has also recommended the re-appointment of EY as the external auditors for the ensuing financial year.

Internal Audit

The Group has outsourced its internal audit function and Nexia TS Risk Advisory Pte. Ltd. was the internal auditor ("**IA**") for the Group for FY2021.

The ARC will review the adequacy and effectiveness of the IA annually. The IA's primary line of reporting is to the ARC, which also decides on the appointment, termination and remuneration of the IA. However, the IA also has an administrative reporting function to Management where planning, coordinating, managing and implementing internal audit work cycle are concerned. The IA reports are also given to the external auditors to ensure effective use of resources and to avoid duplication of efforts.

The ARC is satisfied that the IA is independent, adequately qualified and resourced (as it is a member of the Singapore Institute of Internal Auditors) and adheres to the Standards for the Professional Practice of Internal Auditing laid down in the International Professional Practices Framework issued by the Institute of Internal Auditors). The IA has unfettered access to all the Group's documents, records, properties and personnel, including the ARC, and has the appropriate standing in the Company to discharge its duties effectively.

PRINCIPLE 11: SHAREHOLDER RIGHTS AND ENGAGEMENT

PRINCIPLE 12: ENGAGEMENT WITH SHAREHOLDERS

PRINCIPLE 13: MANAGING STAKEHOLDERS RELATIONSHIPS

Policy on dissemination of public information

The Company believes that a high standard of disclosure is crucial to raising the level of corporate governance. All information relating to the Group's new initiatives are first disseminated via SGXNet followed by a news release (if appropriate), which is also available on SGXNet. The Company ensures that it does not practice selective disclosure of material information. Price sensitive information is publicly released and results of the Group's financial performance are announced and/or issued within the mandatory periods.

CORPORATE GOVERNANCE REPORT

The Company's corporate website (<https://www.asiatic.com.sg/>) has a dedicated "Contact Us" link, to enable shareholders to contact the Company, and also to allow for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.

Apart from the SGXNet announcements and its annual report, the Company updates shareholders on its corporate developments through its corporate website at www.asiatic.com.sg.

Shareholders' Rights and Conduct of General Meetings

Shareholders are encouraged to attend and participate at the general meetings to ensure a greater level of shareholders' participation. Shareholders are informed of the rules, including voting procedures that govern the general meetings to enable them to participate effectively in and vote at the general meetings. As authentication of shareholder identity information and other related security issues remain a concern, the Company, for the time being, has not amended its Constitution to allow shareholders to vote in absentia at general meetings.

In view of the COVID-19 pandemic, the Company's forthcoming AGM to be held in August 2021 will be conducted via electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the "Order"). Alternative arrangements relating to the mode of publication of notice of AGM, annual report and proxy form, attendance at the AGM via electronic means, submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions at the AGM and voting by appointing the Chairman of the Meeting as proxy at the AGM, will be put in place for the forthcoming AGM.

All documents related to the general meetings, including the Annual Report, the notice of general meeting and any other relevant documents (where applicable) are announced via SGXNet and published on the Company's website prior to the meeting with the details of the agenda of the general meeting.

Shareholders are given opportunities to ask the Board and Management questions regarding the operations of the Group and in relation to the meeting agenda prior to the respective meetings. All Directors attending the general meetings are to answer any questions relating to the work of their respective Committees. The external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. All directors attended the last AGM of the Company held for FY2020.

At the AGM or other general meetings, separate resolutions will be set out as distinct issues for approval by shareholders. In the event of bundles resolutions, reasons and implications of why resolutions are bundled will be set out in the circulars sent out. All resolutions tabled at general meetings are put to vote by poll, and their detailed results will be announced via SGXNet after the conclusion of the general meetings. The Company prepares minutes of general meetings which includes key comments and queries from shareholders relating to the agenda of the meetings, and responses from the Board and Management. The Company's minutes of general meetings would be published in the Company's website as soon as practicable.

Investor relations policy

The Company currently does not have an investor relations policy but considers advice from its corporate lawyers and professionals on appropriate disclosure requirements before announcing material information to shareholders. Should the need arises, the Company will consider the appointment of a professional investor relations officer to manage the function.

As the Company does not have a dedicated investor relations team, efforts by the Company in its engagement with investors (both present and prospective) are undertaken by the Managing Director and supported by the Group Financial Controller. In FY2021, such investor relations engagement efforts include meetings with investors and visits to the Group's plants or other places of operations.

CORPORATE GOVERNANCE REPORT

Dividend policy

The Company does not have a fixed dividend policy. Dividend decisions are subject to review of the Group's financial performance, projected future capital needs and working capital requirements. The Company will communicate any dividend pay-outs to shareholders via announcements released on SGXNet.

Taking into consideration the Group's working capital requirements for the financial year ending 31 March 2022 ("FY2022"), no dividend has been recommended or declared by the Board in respect of FY2021.

DEALING IN SECURITIES

The Company has put in place an internal code on dealings with securities in accordance with Rule 1204(19) of the Catalist Rules, which has been issued to all Directors and employees, setting up the implications on insider trading. The internal code prohibits the dealing in securities of the Company by the listed issuer, its officers and employees whilst in possession of price-sensitive information, and during the period beginning two weeks before the announcement of the Company's results of each of the first three quarters of its financial year (if applicable) and one month before the announcement of the half yearly and full year results, and ending on the date of the announcement.

Directors are required to report securities dealings to the Company Secretary who will assist to make the required announcements. In addition, Directors and employees are reminded to observe insider trading laws at all times even when dealing in securities within permitted trading periods. The Company's officers are discouraged from dealing in the Company's shares on short-term considerations.

INTERESTED PERSON TRANSACTIONS

The Company has established internal control policies and procedures to ensure that transactions with interested persons are reviewed and approved by the ARC, and are conducted at arm's length basis. There were no interested person transactions of S\$100,000 and above entered into for FY2021.

MATERIAL CONTRACTS

No material contracts, not being contracts entered into in the ordinary course of business, had been entered into by the Company and its subsidiaries involving the interest of any Executive Director, Non-Executive Director or controlling shareholder of the Company during FY2021.

NON-SPONSOR FEES

DIRECTORS' STATEMENT

The directors are pleased to present their statement to the members together with the audited consolidated financial statements of Asiatic Group (Holdings) Limited (the "Company") and its subsidiaries (collectively the "Group") and the balance sheet and statement of changes in equity of the Company for the financial year ended 31 March 2021.

Opinion of the directors

In the opinion of the directors,

- (a) the accompanying balance sheets, consolidated income statement, consolidated statement of comprehensive income, statements of changes in equity, and consolidated cash flow statement together with notes thereto are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 March 2021 and the financial performance, changes in equity and cash flows of the Group and the changes in equity of the Company for the year then ended on that date, and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due on the assumption that, as stated in Note 2.2 to the financial statements, the Group will receive continued financial support from banks and will be able to generate positive cash flows from operations for a period of 12 months from the date these financial statements were approved.

Directors

The directors of the Company in office at the date of this statement are:

Tay Kah Chye
Tan Boon Kheng
Tan Boon Siang
Chia Soon Hin William
Yip Mun Foong James

Arrangements to enable directors to acquire shares and debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

Directors' interests in shares and debentures

The following directors, who held office at the end of the financial year, had, according to the register of directors' shareholdings required to be kept under Section 164 of the Singapore Companies Act, Chapter 50, an interest in shares of the Company as stated below:

Name of director	Direct interest		Deemed interest	
	At the beginning of financial year	At the end of financial year	At the beginning of financial year	At the end of financial year
<i>Ordinary shares of the Company</i>				
Tay Kah Chye	1,600,000	1,600,000	–	–

Directors' interests in shares and debentures (cont'd)

There was no change in any of the above-mentioned interests in the Company between the end of the financial year and 21 April 2021.

Except as disclosed in this report, no director who held office at the end of the financial year had interests in shares, share options, warrants or debentures of the Company, or of related companies, either at the beginning of the financial year, or date of appointment if later, or at the end of the financial year.

Share options and performance shares

Asiatic Performance Share Plan

The Asiatic Performance Share Plan (the "Plan") was approved and adopted by the members of the Company at the Extraordinary General Meeting held on 15 August 2013. The Plan is administered by the members of the Remuneration Committee (the "Committee"). Under the Plan, all Group employees including Controlling Shareholders and their associates are eligible to participate at the discretion of the Committee. The other information regarding the Plan is disclosed in Note 27 to the financial statements.

No share has been awarded to any directors or participants who are controlling shareholders and their associates under the Plan since adoption and for FY2021.

No shares has been awarded to any directors or participants who are controlling shareholders and their associates, which, in aggregate, represent five per centum (5%) or more of the aggregate number of new shares available under the Plan and as such, no vesting of shares has taken place.

Audit and Risk Committee ("ARC")

The ARC carried out its functions in accordance with section 201B(5) of the Singapore Companies Act, Chapter 50, including the following:

- reviewed the financial and operating results and accounting policies of the Group;
- reviewed with the external auditors the audit plan and their evaluation of the system of internal accounting controls and monitor Management's response and actions to correct any noted deficiencies;
- reviewed the internal audit plan and findings of the internal auditors;
- evaluated the effectiveness of both the internal and external audit efforts through regular meetings;
- determined that no unwarranted management restrictions are being placed upon either the internal or external auditors;
- reviewed the financial statements with Management and external auditors for submission to the Board;
- reviewed Interested Person Transactions;
- reviewed the scope and results of the audit and its cost effectiveness and the independence and objectivity of the external auditors. Where the auditors also supply a substantial volume of non-audit services to the Company, the ARC shall keep the nature and extent of such services under review, seeking to balance the maintenance of objectivity and value for money;
- recommended to the Board the appointment, or re-appointment and removal of the external auditors;
- reviewed the interim and annual announcements of financial results of the Group before submission to the Board for approval;

DIRECTORS' STATEMENT

Audit and Risk Committee ("ARC") (cont'd)

- met with the external auditors without the presence of the Company's Management, at least annually;
- reviewed the independence of the external auditors annually; and
- undertook such other functions and duties as may be required by statute or the Catalist Rules, and by such amendments made thereto from time to time.

The ARC, having reviewed non-audit services provided by the external auditors to the Group, is satisfied that the independence of the external auditors is not compromised. The ARC has also conducted a review of interested person transactions.

The ARC convened two meetings during the year with full attendance from all members. The ARC has also met with external auditors, without the presence of the Company's management, at least once a year.

Further details regarding the ARC are disclosed in the Report on Corporate Governance.

INDEPENDENT AUDITOR'S REPORT

To the Members of Asiatic Group (Holdings) Limited

Report on the Audit of the Financial Statements

Disclaimer of Opinion

We were engaged to audit the financial statements of Asiatic Group (Holdings) Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 March 2021, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

We do not express an opinion on the accompanying financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

Going concern

For the year ended 31 March 2021, the Group incurred a net loss after tax of \$3,621,000. As at that date, the Group's current liabilities (which includes loan and borrowings of \$15,636,000) exceeded the Group's current assets by \$13,458,000 and the Company's current liabilities exceeded the Company's current assets by \$9,834,000.

In addition, the Group and Company has provided a guarantee to the lender of its associated company, Maju Intan Biomass Energy Sdn Bhd ("MJE"), in respect of the banking facilities extended (the "Facilities") to MJE. As discussed in more details in Note 2.2, MJE's lender bank have informed MJE that no further utilisation of the Facilities shall be made and that the facilities were cancelled. Further, MJE's bank has indicated that they are agreeable to withhold legal action until 1 September 2021, subject to MJE continuing to service existing instalments until 31 August 2021. Should MJE be unable to settle its obligations to its lender bank, the Group and Company, as one of the guarantors for the Facilities, may be liable for the repayment of the outstanding amounts owed by MJE to its lender bank. The Group also continue to face uncertainties as a result of the disruptions brought about by the COVID-19 pandemic.

These conditions and events indicate the existence of material uncertainties which may cast significant doubt on the ability of the Group and Company to continue as a going concern.

Notwithstanding the above, the directors have prepared the financial statements on a going concern basis based on the reasons as disclosed in Note 2.2 to the financial statements. The going concern of the Group and Company is dependent on the continued financial support from the banks, positive cashflows being generated from its operations, fiscal measures provided by the Singapore government as well as the Company discharging the corporate guarantees provided to MJE's lender bank and ceasing further funding to MJE upon the completion of the disposal of MJE. However, based on the information available to us, we have not been able to obtain sufficient appropriate audit evidence to satisfy ourselves as to the appropriateness of the going concern assumption used in the preparation of these financial statements.

If the Group and Company are unable to continue in operational existence for the foreseeable future, the Group and Company may be unable to discharge its liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded on the Group and Company's balance sheets. In addition, the Group and Company may have to reclassify non-current assets and liabilities as current assets and liabilities. The effect of these adjustments has not been reflected in the financial statements.

The audit opinion for the financial statements for the previous financial year was disclaimed for similar reason.

Expected credit losses on financial guarantees

As disclosed in note 31, the expected credit losses on the guarantee provided by the Company to MJE (the "MJE Guarantee") were assessed by management to be immaterial. Based on information available to us, we were unable to determine if management's basis for determining the expected credit losses on the MJE Guarantee to be immaterial is appropriate. Consequently, we were unable to ascertain the adequacy of the expected credit loss allowance provided by the Group and the Company and if any adjustments were required.

INDEPENDENT AUDITOR'S REPORT

To the Members of Asiatic Group (Holdings) Limited

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSS, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Group's financial statements in accordance with Singapore Standards on Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Report on Other Legal and Regulatory Requirements

In our opinion, in view of the significance of the matters referred to in the Basis for Disclaimer of Opinion section of our report, we do not express an opinion on whether the accounting and other records required by the Act to be kept by the Company and by the subsidiary corporations incorporated in Singapore of which we are the auditors, have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tan Po Hsiong Jonathan.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

1. Corporate information

Asiatic Group (Holdings) Limited (the Company) is a limited liability company incorporated and domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited (SGX-ST).

The registered office and principal place of business of the Company is located at 65 Joo Koon Circle, Singapore 629078.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries are disclosed in Note 10 to the financial statements.

There have been no significant changes in the nature of these activities of the Company and its subsidiaries during the financial year.

The Group mainly operates in Singapore, Cambodia and Malaysia.

2. Summary of significant accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) (*SFRS(I)*).

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars (SGD or \$) and all values in the tables are rounded to the nearest thousand (\$'000), except when otherwise indicated.

2.2 Fundamental accounting concept

For the year ended 31 March 2021, the Group incurred a net loss after tax of \$3,621,000 (2020: \$13,461,000). As at that date, the Group's current liabilities (which includes loan and borrowings of \$15,636,000) exceeded the Group's current assets by \$13,458,000 (2020: \$20,534,000) and the Company's current liabilities exceeded the Company's current assets by \$9,834,000 (2020: \$10,477,000).

As disclosed in Note 31, the corporate guarantees provided by the Group and Company included a guarantee of up to RM 195.5 million given to the bank of its associate Maju Intan Biomass Energy Sdn Bhd ("MJE") in respect of banking facilities extended to MJE. As at 31 March 2021, the outstanding amounts owed by MJE to its bank amounted to RM 92.2 million. On 19 March 2020, the Company entered into a sale and purchase agreement with Hualang Renewable Energy Sdn Bhd (the "Buyer") to sell all shares in Maju Intan Biomass Energy Sdn Bhd ("MJE") and its rights in the convertible bond issued by MJE at a nominal sum of RM1. As part of the transaction, the Buyer had submitted a debt restructuring proposal to MJE's bank. On 10 February 2021, MJE's bank informed MJE that it was unable to accede to the debt restructuring proposal submitted by the Buyer and that no further utilisation of their existing facility arrangements (the "Facilities") shall be made and the same facilities were cancelled. Subsequent to the year ended 31 March 2021, the Company was notified by the Buyer that it is in discussion and seeking to submit an alternative debt restructuring proposal for MJE's debt obligations to the bank of MJE for acceptance and approval. Accordingly, the Company wrote to MJE's bank and received a confirmation in writing from the bank that they are agreeable to withhold legal action until 1 September 2021, subject to MJE continuing to service existing instalments until 31 August 2021.

Should MJE be unable to settle its obligations to its bank, the Group and Company, as one of the guarantors for the Facilities, may be liable for the repayment of the outstanding amounts owed by MJE to its bank. In addition, the Group continue to face uncertainties as a result of the disruptions brought about by the COVID-19 pandemic. These conditions and events indicate the existence of material uncertainties which may cast significant doubt on the ability of the Group and Company to continue as a going concern.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.2 Fundamental accounting concept (cont'd)

In the opinion of the directors, the Group and the Company are able to continue as a going concern despite the conditions stated above as the directors are confident that the Group will continue to receive financial support from the banks, generate positive cash flows from its operations and that upon the completion of the disposal of MJE, the Company would be discharged from the corporate guarantees (Note 31) it had provided to MJE's bank and is no longer expected to provide further funding to MJE. The series of fiscal measures introduced by the Singapore government in 2020 and 2021 to ease the financial strain on businesses impacted by COVID-19 are also expected to provide some relief to the Group.

If the Group and Company are unable to continue in operational existence for the foreseeable future, the Group and Company may be unable to discharge its liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded on the Group and Company's balance sheets. In addition, the Group and Company may have to reclassify non-current assets and liabilities as current assets and liabilities. The effect of these adjustments has not been reflected in the financial statements.

2.3 New accounting standards effective on 1 April 2020

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Group and the Company have adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 April 2020. The adoption of these standards did not have any effect on the financial performance or position of the Group and the Company.

2.4 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendment to <i>SFRS(I) 16: Covid-19-Related Rent Concessions beyond 30 June 2021</i>	1 April 2021
Amendments to <i>SFRS(I) 3: Reference to the Conceptual Framework</i>	1 April 2022
Amendments to <i>SFRS(I) 1-16: Property, Plant and Equipment - Proceeds before Intended Use</i>	1 April 2022
Amendments to <i>SFRS(I) 1-37: Onerous Contracts - Cost of Fulfilling a Contract</i>	1 April 2022
Annual Improvements to <i>SFRS(I)s 2018-2020</i>	1 April 2022
Amendments to <i>SFRS(I) 1-1: Classification of Liabilities as Current or Non-current</i>	1 April 2023
Amendments to <i>SFRS(I) 17</i>	1 April 2023
Amendments to <i>SFRS(I) 1-1 and SFRS(I) Practice Statement 2: Disclosure of Accounting Policies</i>	1 April 2023
Amendments to <i>SFRS(I) 1-8: Definition of Accounting Estimates</i>	1 April 2023
Amendments to <i>SFRS(I) 10 and SFRS(I) 1-28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	To be determined

The directors expect that the adoption of the other standards above will have no material impact on the financial statements in the period of initial application.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.5 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at balance sheet date. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss;
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

2.6 Transactions with non-controlling interests

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.7 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

(a) Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at each balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at each balance sheet date are recognised in profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

(b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of each balance sheet date and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are re-attributed to non-controlling interest and are not recognised in profit or loss. For partial disposals of associates or jointly controlled entities that are foreign operations, the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

2.8 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. The cost includes the cost of replacing part of the property, plant and equipment and borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying property, plant and equipment. The accounting policy for borrowing costs is set out in Note 2.20. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.8 Property, plant and equipment (cont'd)

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Leasehold factory buildings	- 60 years
Power plant	- 10 to 50 years
Motor vehicles	- 5 years
Office equipment, computers, furniture and fittings	- 3 to 10 years
Plant and machinery	- 5 years
Renovations	- 3 to 5 years

Assets under construction included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

2.9 Intangible assets

Goodwill

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating unit to which goodwill has been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in profit or loss. Impairment losses recognised for goodwill are not reversed in subsequent periods.

Where goodwill forms part of a cash-generating unit and part of the operation within that cash-generating unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative fair values of the operations disposed of and the portion of the cash-generating unit retained.

2.10 Impairment of non-financial assets

The Group assesses at each balance sheet date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.10 Impairment of non-financial assets (cont'd)

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

For assets excluding goodwill, an assessment is made at each balance sheet date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or cash-generating unit's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

2.11 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

2.12 Associates

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group accounts for its investments in associates using the equity method from the date on which it becomes an associate.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities represents goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate's profit or loss in the period in which the investment is acquired.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.12 Associates (cont'd)

Under the equity method, the investment in associates are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associates. The profit or loss reflects the share of results of the operations of the associates or joint ventures. Distributions received from associates reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associates, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and associate or joint venture are eliminated to the extent of the interest in the associates.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount in profit or loss.

The financial statements of the associates are prepared as the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

2.13 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Investments in debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are:

(i) Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

2. Summary of significant accounting policies (cont'd)

2.13 Financial instruments (cont'd)

(a) Financial assets (cont'd)

Subsequent measurement (cont'd)

Investments in debt instruments (cont'd)

(ii) Fair value through other comprehensive income (FVOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Financial assets measured at FVOCI are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is de-recognised.

(iii) Fair value through profit or loss (FVPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instruments that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises.

Investments in equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in OCI. Dividends from such investments are to be recognised in profit or loss when the Group's right to receive payments is established. For investments in equity instruments which the Group has not elected to present subsequent changes in fair value in OCI, changes in fair value are recognised in profit or loss.

Derecognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.13 Financial instruments (cont'd)

(b) Financial liabilities (cont'd)

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

2.14 Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset in default when contractual payments are 365 days past due with no recent transactions. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.15 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and fixed deposits. These also include bank overdrafts that form an integral part of the Group's cash management.

2.16 Inventories

Inventories are stated at the lower of cost and net realisable value.

Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.17 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.17 Provisions (cont'd)

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.18 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the balance sheet and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

Government grants related to income

Government grant shall be recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Grants related to income may be presented as a credit in profit or loss, either separately or under a general heading such as "Other income". Alternatively, they are deducted in reporting the related expenses.

2.19 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are measured at the higher of the amount of expected credit loss determined in accordance with the policy set out in Note 2.14 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised over the period of the guarantee.

2.20 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.21 Employee benefits

Defined contribution plan

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

2.22 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.22 Revenue (cont'd)

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Sale of goods

Revenue from sale of goods is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied, usually on delivery of goods. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(b) Rendering of services

Revenue from rendering of services are recognised over time and is accounted for on a straight-line basis over the contract period as it best represents the pattern of benefits derived from the services contract by the customers. During the year, the Group's sales of service were generated from its maintenance services performed on its fire-fighting equipment.

(c) Interest income

Interest income is recognised using the effective interest method.

(d) Rental income

Rental income arising from operating leases on equipment is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

2.23 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(a) As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Leasehold land	-	Over the lease term to 2053
Motor vehicles	-	Over the lease term to 2024
Office and warehouse	-	Over the lease term to 2021
Office equipment	-	Over the lease term to 2024

The right-of-use assets are also subject to impairment. Refer to the accounting policies in 2.10 Impairment of non-financial assets.

2.23 Leases (cont'd)

(a) As lessee (cont'd)

(ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

(iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(b) As lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

2.24 Assets held for sale

Assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use.

2.25 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the balance sheet date, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries and associates, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax asset is reviewed at the end of each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of each balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

2. Summary of significant accounting policies (cont'd)

2.25 Taxes (cont'd)

(b) Deferred tax (cont'd)

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

(c) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

2.26 Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 35, including the factors used to identify the reportable segments and the measurement basis of segment information.

2.27 Share capital and share issuance expense

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.28 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

3. Significant accounting judgements and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each balance sheet date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of each balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(i) Provision for expected credit losses of trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in Note 15. The carrying amount of trade receivables as at 31 March 2021 is \$5,844,000 (2020: \$9,061,000).

(ii) Incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease. Therefore, it uses its incremental borrowing rate ("IBR") to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when they need to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary's functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available.

(iii) Impairment of property, plant and equipment

The carrying amount of property, plant and equipment as at 31 March 2021 is \$51,370,000 (2020: \$58,973,000) which represent approximately 74.8% (2020: 75.1%) of total assets on the Group's balance sheet.

The assessment of the carrying amount of these assets requires management to exercise judgment in identifying existence of any indicators of impairment. When such indicators are identified, management exercises further judgement in making an estimate of the recoverable amount of these assets against which to compare their carrying values.

These assessments require the use of estimates and assumptions such as the replacement costs, market comparable values, condition of assets, discount rate, electricity consumption volumes, operating costs and future capital requirements. These estimates and assumptions are subject to risk and uncertainty. Therefore, there is a possibility that changes in circumstances may result in deviation from these projections, which may in turn impact the recoverable amount of the assets.

3. Significant accounting judgments and estimates (cont'd)

3.1 Key sources of estimation uncertainty (cont'd)

(iv) Impact of Covid-19 on the financial statements

The COVID-19 pandemic that has been declared globally and has not shown any indication of its end. While the Group have considered the potential financial impact of the COVID-19 pandemic in the preparation of the financial statements, the full financial impact to the Group remains uncertain. Accordingly, there is a possibility that factors not currently anticipated by management could occur in the future and result in adjustments to the carrying amounts of the Group's assets and liabilities.

(v) Provision for taxation and deferred tax liabilities

The taxation system in some of the jurisdictions that the Group operate in are relatively new and characterized by numerous taxes and frequently changing legislation, which is often unclear, contradictory, and subject to interpretation. These determination of the Group's tax positions in these jurisdictions require significantly more judgment than other countries. Management recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax, deferred tax assets and deferred tax liabilities in the period in which such determination is made. The carrying amounts of the Group's income tax payable and deferred tax liabilities as at 31 March 2021 were \$500,000 (2020: \$1,309,000) and \$1,316,000 (2020: \$120,000) respectively.

Compensation income

On 10 February 2021, a subsidiary received a letter from Electricite Du Cambodge ("EDC"), a state-owned electricity company in Cambodia, to shorten the term of the power purchase agreement (the "PPA"), which was originally extended to 30 April 2022. In connection with this, EDC agreed to pay the subsidiary 65% of the contracted capacity up to 31 August 2021 and allowed the subsidiary to cease operations immediately. These expected payments were recognized as compensation income during the year.

Government grants

Government grant mainly relates to COVID-19 relief provided by the Singapore government to ease the financial strain on the Group.

Others	2.2	(0.4)
Effective tax rate	(49.1)	5.9

The above reconciliation is prepared by aggregating separate reconciliation for each national jurisdiction.

As at 31 March 2021, the Group has unutilised tax losses of approximately \$9,133,000 (2020: \$6,617,000) that are available for offset against future taxable profit of the companies in which the losses arose, for which no deferred tax asset has been recognised due to uncertainty of its recoverability. The use of these unutilised tax losses are subject to the agreement of the tax authorities and compliance with certain provision of the tax legislation of the respective countries in which the companies operate.

8. Earnings per share

Basic earnings per share amounts are calculated by dividing loss, net of tax, attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

Diluted earnings per share amounts are calculated by dividing loss, net of tax, attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

The following reflects the profit and loss and share data used in the computation of basic and diluted earnings per share for the years ended 31 March:

	Group

8. Earnings per share (cont'd)

There have been no other transactions involving ordinary shares or potential ordinary shares since the reporting date and before the completion of these financial statements.

The basic and diluted earnings per share are calculated by dividing the loss for the year attributable to owners of the Company by weighted average number of ordinary shares for basic earnings per share computation and weighted average number of ordinary shares for diluted earnings per share computation respectively. These profit and loss and share data are presented in table above.

Assets held under hire purchase

As at 1 April 2019, the lease assets recognised previously under hire purchase of \$306,000 were reclassified from property, plant and equipment to right-of-use assets. Refer to Note 19 for information on the right-of-use assets.

The leased assets are pledged as security for the related lease liabilities.

Assets pledged as security

As at 31 March 2021, the Group's power plant with carrying amount of \$45,886,000 (2020: \$50,236,000) are subject to a first charge to secure the bank loans (Note 25).

In addition to assets held under hire purchase, the Group's factory buildings with a carrying amount of \$3,121,000 (2020: \$3,216,000) are mortgaged to secure the Group's bank loans (Note 25).

Impairment of assets

During the financial year, the Group carried out a review of the recoverable amount of certain power plant assets due to the shortening of the PPA (Note 4). An impairment loss of \$2,598,000 (2020: nil) was recognised, representing the write-down of certain assets to their recoverable amount. The recoverable amount was determined based on an indicative offer from a third party for these assets.

13. Assets held for sale (cont'd)

Convertible bonds

In 2010, the Group entered into a convertible bond agreement with the other shareholders of an associate, Maju Intan Biomass Energy Sdn. Bhd. ("MJE") in which the shareholders issued an aggregate principal amount of Malaysia Ringgit ("RM") 12 million 12% p.a. convertible bonds with maturity date on the twelve-anniversary date of the issue date at an issue price of 100% of the principal amount of the bonds. The convertible bonds are convertible into ordinary shares of the associate and/or new ordinary shares of the issuer only on certain events of redemption such as initial public offering and insolvency of the associate.

In 2017, the Group entered into a bond sale agreement with one of the bondholders, who held the convertible bonds of the other shareholders of MJE, to acquire RM1.2 million of the convertible bonds. The convertible bonds acquired have the same terms as the bonds acquired through the convertible bond agreement in 2010.

Interest is waived until the underlying project for which the proceeds of the bonds to be utilised is completed.

The Asiatic Performance Share Plan 2013 (the "Plan")

On 15 August 2013, the shareholders approved the Asiatic Performance Share Plan (the "Plan") at the Extraordinary General Meeting. Participation in the Plan will not restrict eligible Group employees from the existing Asiatic Share Option Scheme.

The Plan shall continue in force for a maximum period of 10 years commencing from 15 August 2013, provided always that the Plan may continue beyond the stipulated period with the approval of Shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

The information regarding the Plan is as follows:

- (a) All Group employees are eligible participants of the Plan to receive Awards, which represent the right to receive fully paid shares of the Company free of charge.
- (b) The number of shares which may be vested is limited to the following:
 - (i) The aggregate number of shares over which Awards may be granted, when added to the number of shares issued and issuable in respect of all Awards granted under the Plan shall not exceed 15% of the issued shares of the Company on the day preceding the grant of the Award.
 - (ii) The aggregate number of Shares that are available to the Controlling Shareholders (defined generally as a person who holds directly or indirectly a shareholding of 15% or more of the Company's total number of issued shares) and their Associates shall not exceed 25% of the total number of shares available under the Plan.
 - (iii) The number of shares that are available to each Controlling Shareholder or his Associate under the Plan shall not exceed 10% of the shares available under the Plan.
- (c) The terms of the Award, including performance targets, performance period, number of shares to be vested and the date by which the Award shall be vested will be determined by the Remuneration Committee for each eligible participant.
- (d) Awards will be vested by way of issue of new shares or the transfer of existing shares held as treasury shares.

From the date of approval of the Plan up to the financial year end, the Company has not granted any Awards to the employees.

Corporate guarantees

Corporate guarantees amounting to US\$2.2 million (2020: US\$10.6 million), \$28.8 million (2020: \$27.2 million) has been provided by the Company to financial institutions to secure banking facilities granted to its subsidiaries. The Company had also provided a corporate guarantee of RM195.5 million (2020: RM195.5 million) to MJE's bank to secure banking facilities granted to MJE (Note 2.2). The expected credit losses on the corporate guarantees provided to MJE's bank at the end of the financial year were assessed to be immaterial as management is confident that upon completion of the disposal of MJE, the Company would be fully discharged from the corporate guarantees given to MJE's bank.

Legal claims

Claims by Guan Heng Construction Sdn Bhd

Colben Energy Holdings (Maju Intan) Ltd, an indirect wholly owned subsidiary which is registered as a foreign branch in Malaysia had on 18 March 2020 received a writ of summons to attend in the High Court of Ipoh, Perak, Malaysia from Guan Heng Construction Sdn Bhd for the recovery of their principal sum for civil & construction, piling cost, accrued interest and any other cost amounting to approximately \$1,206,000. A Statement of Defence and Counterclaim has been filed by Colben Energy Holdings (Maju Intan) Ltd on 22 June 2020 to make a counterclaim against Guan Heng Construction Sdn Bhd.

Claims against Phnom Penh Special Economic Zone Plc

On 19 November 2020, two subsidiaries of the Group, Colben and Colben Energy Holdings (PPSEZ) Limited ("CEZH") commenced arbitration proceedings against Phnom Penh Special Economic Zone Plc ("PPSEZ") in respect of a dispute arising out of or in connection with a power plant project in the Phnom Penh Special Economic Zone, Cambodia (the "Zone"), which was jointly developed by Colben, CEZH and PPSEZ (the "Arbitration"). Colben and CEZH are seeking relief in the Arbitration for a minimum of US\$14.41 million. No amounts relating to the aforementioned have been recognised in the financial statements due to uncertainty over the outcome of the Arbitration.

32. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency risk. The Board of Directors reviews and agrees policies and procedures for the management of these risks. The audit and risk committee provides independent oversight to the effectiveness of the risk management process. It is and has been throughout the current and previous financial years, the Group's policy that no trading in derivatives for speculative purposes shall be undertaken.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

32. Financial risk management objectives and policies (cont'd)

The following sections provide details regarding the Group's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk arises primarily from trade receivables and amounts due from associates. The Company's exposure to credit risk arises from amounts due from subsidiaries. For other financial assets (including investment securities and cash and short-term deposits), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Group has determined the default event on the trade receivables to be 365 days past due with no recent transactions.

To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forward-looking information which includes the following indicators:

- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant increases in credit risk on other financial instruments of the same borrower

The Group determined that its financial assets are credit-impaired when:

- There is significant financial difficulty of the issuer or the borrower
- A breach of contract, such as a default or past due event
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganization

The Group considers categorising a loan or receivables for potential write-off when a debtor fails to make contractual payments for receivables that are more than a year past due. Financial assets are written off when there is no reasonable expectation of recovery. When loans and receivables have been written off, the company continues to engage enforcement activity to attempt to recover the receivable due. When recoveries are made, these are recognised in profit or loss.

Trade receivables

The Group has determined that the expected credit losses for all trade receivables from the Power-related segment to be insignificant.

The Group provides for lifetime expected credit losses for all trade receivables from the Fire-fighting segment using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due. The loss allowance provision as at 31 March 2021 is determined as follows, the expected credit losses below also incorporate forward looking information such as forecast industry performance.

Summarised below is the information about the credit risk exposure on the Group's trade receivables from the Fire-fighting segment using provision matrix:

	Current	Past due between 1 – 30 days	Past due between 31 – 60 days	Past due between 61 – 90 days	More than 91 days past due	Total
31 March 2021						
Gross carrying amount	1,713	704	320	179	416	3,332
Loss allowance provision	(9)	(4)	(9)	(10)	(174)	(206)
31 March 2020						
Gross carrying amount	2,081	1,359	357	261	1,091	5,149
Loss allowance provision	(12)	(2)	(2)	(18)	(349)	(383)

Information regarding loss allowance movement of trade receivables are disclosed in Note 15.

Excessive risk concentration

Concentration arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

At the end of the balance sheet date, the Group's and the Company's maximum exposure to credit risk are represented by:

- The carrying amount of each class of financial assets recognised in the balance sheets.
- Notional amounts of US\$2.2 million (2020: US\$10.6 million), \$28.8 million (2020: \$27.2 million) and RM195.5 million (2020: RM195.5 million) relating to corporate guarantees provided by the Company to financial institutions.

(a) Credit risk (cont'd)

Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country and business segment of its trade receivables on an on-going basis. The credit risk concentration profile of the Group's trade receivables at the balance sheet date is as follows:

	2021		2020	
	\$'000	% of total	\$'000	% of total
By country:				
Singapore	2,873	49	4,360	48
Cambodia	2,718	47	4,295	47
Indonesia	186	3	222	3
Others	67	1	184	2
	<u>5,844</u>	<u>100</u>	<u>9,061</u>	<u>100</u>
By industry sectors:

Power related	2,718	47	4,295	47
	<u>5,844</u>	<u>100</u>	<u>9,061</u>	<u>100</u>

As at balance sheet date, approximately 15% (2020: 24%) of the Group's trade receivables were due from 2 major customers who are located in Cambodia.

(b) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

Liquidity risk is managed in accordance with a framework of policies, controls and limits approved by Board of Directors. These policies, controls and limits ensure that the Group monitors and manages liquidity risk in a manner that ensures sufficient sources of funds are available over a range of market conditions.

* The corporate guarantees provided by the Group to MJE's bank (Note 31) are classified as callable as MJE's bank has cancelled the facilities (Note 2.2)

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises primarily from their interest-bearing loans and fixed deposits. The Group obtains additional financing through bank borrowings. The Group's policy is to obtain the most favourable interest rates available.

Sensitivity analysis for interest rate risk

As at 31 March 2021, if SGD and USD interest rates had been 75 basis points lower/higher with all other variables held constant, the Group's loss net of tax for the year ended 31 March 2021 would have been \$109,000 and \$9,000 lower/higher (2020: \$111,000 and \$16,000) respectively, arising mainly as a result of lower/higher interest expense on floating rate interest-bearing loans and borrowings and higher/lower interest income from fixed deposits. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility as in prior years.

(d) Foreign currency risk

The Group has transactional currency exposure arising from purchases that are denominated in a currency other than the functional currency of the group of companies.

The Group and the Company also hold cash and short-term deposits, trade receivables, trade payables and loans and borrowings denominated in foreign currencies for working capital purposes. At the balance sheet date, such foreign currency balances (mainly in USD) amount to a net asset of \$467,000 (2020: net liability of \$821,000) for the Group. The Group is also exposed to currency translation risk arising from its net investments in foreign operations, including Cambodia and Malaysia.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

32. Financial risk management objectives and policies (cont'd)

(d) Foreign currency risk (cont'd)

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group's loss before tax to a reasonably possible change in the USD exchange rates (against SGD), with all other variables held constant.

	Group	
	Loss before tax	
	2021	2020
	\$'000	\$'000
USD		
- strengthened by 5% (2020: 5%)	-23	+41
- weakened by 5% (2020: 5%)	+23	-41

33. Fair value of assets and liabilities

(a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

(b) Assets and liabilities measured at fair value

The following table presents the assets measured at fair value at the end of each reporting period:

	Group	
	2021	2020
	\$'000	\$'000
Assets measured at fair value (Level 3)		
Financial assets:		
<u>Other investments</u>		
- Key-man insurance	161	161

The Group does not have any liabilities measured at fair value.

There have been no transfers between Level 1, Level 2 and Level 3 for the Group.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2021

33. Fair value of assets and liabilities (cont'd)

(c) Level 3 fair value measurements

Unquoted convertible bonds

Following the proposed disposal of the MJE Interests (Note 13) for a nominal sum of RM1, the fair value of the unquoted convertible bonds as at 31 March 2020 was assessed to be immaterial.

Key-man insurance

The fair value of the key-man insurance is based on total surrender value of the contract stated in the annual statement of the policies, which is categorised within Level 3 of the fair value hierarchy. An increase/decrease of 5% in the surrender value of the policy would result in an increase/decrease of \$8,000 in loss after tax (2020: \$8,000 in loss after tax).

The above unlisted investment at 31 March 2021 was classified as financial asset at fair value through profit or loss as its contractual cash flows are not solely payments of principal and interest.

(d) Fair value of financial assets and liabilities by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

Cash and cash equivalents, trade and other receivables, amounts due from/to subsidiaries, amount due from associates, trade and other payables and accruals, provision for decommissioning costs, provision for restructuring costs, and loans and borrowings

The carrying amounts of these financial assets and liabilities are reasonable approximation of fair values, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the balance sheet date.

(e) Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are not reasonable approximation of fair value

Amount due to non-controlling interests

Amount due to non-controlling interests has no fixed terms of repayment and is repayable only when the cash flow of the entity permits. Accordingly, the fair value of the amount is not determinable as the timing of the future cash flow arising from the balance cannot be estimated reliably.

34. Capital management

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the financial years ended 31 March 2021 and 31 March 2020.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep the gearing ratio below 75%. The Group includes within net debt, loans and borrowings and lease and hire purchase liabilities. Capital includes equity attributable to the owners of the Company and non-controlling interest.

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN that the annual general meeting ("**AGM**") of Asiatic Group (Holdings) Limited (the "**Company**") will be convened and held by way of electronic means on Tuesday, 31 August 2021 at 2.30 p.m. for the following purposes:

AS ORDINARY BUSINESS

1. To receive and adopt the Directors' Statement and the Audited Financial Statements of the Company for the financial year ended 31 March 2021 together with the Auditors' Report thereon. **(Resolution 1)**
2. To re-elect Mr Tan Boon Siang, a Director who is retiring in accordance with Regulation 103 of the Company's Constitution. **(Resolution 2)**

Mr Tan Boon Siang, if re-elected, will remain as an Executive Director of the Company. His profile can be found under the sections entitled "Board of Directors" and "Corporate Governance Report" in the Annual Report.
3. To approve the payment of Directors' fees of up to S\$105,000 for the financial year ending 31 March 2022. (FY2021: S\$105,000). **(Resolution 3)**
4. To re-appoint Messrs Ernst & Young LLP as the Company's Auditors and to authorise the Directors to fix their remuneration. **(Resolution 4)**
5. To transact any other ordinary business which may properly be transacted at an Annual General Meeting.

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolution as Ordinary Resolution, with or without any modifications:

6. **Authority to allot and issue shares and /or convertible securities**

That pursuant to Section 161 of the Companies Act, Chapter 50 of Singapore, and subject to the Rule 806 of the Singapore Exchange Securities Trading Limited Listing Manual Section B: Rules of Catalist ("**Catalist Rules**"), authority be and is hereby given to the Directors of the Company to allot and issue:

- (a) shares in the capital of the Company ("**shares**") whether by way of rights, bonus or otherwise;
- (b) convertible securities;
- (c) additional convertible securities arising from adjustments made to the number of convertible securities previously issued in the event of rights, bonus or capitalization issues; and
- (d) shares arising from the conversion of convertible securities in (b) and (c) above,

at any time during the continuance of this authority or thereafter and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit (notwithstanding the authority conferred by this Resolution may have ceased to be in force),

provided that:

- (i) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of convertible securities made or granted pursuant to this Resolution) does not exceed one hundred per cent (100%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company or such other limit as may be prescribed by the Catalist Rules as at the date this Resolution is passed;

NOTICE OF ANNUAL GENERAL MEETING

- (ii) the aggregate number of shares and convertible securities to be issued other than on a pro-rata basis to existing shareholders shall not be more than fifty per cent (50%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) or such other limit as may be prescribed by the Catalist Rules as at the date this Resolution is passed;
- (iii) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (i) and (ii) above, the percentage of the total number of issued shares (excluding treasury shares and subsidiary holdings) is based on the total number of issued shares (excluding treasury shares and subsidiary holdings) at the date this Resolution is passed after adjusting for:
 - (1) new shares arising from the conversion or exercise of any convertible securities;
 - (2) new shares arising from exercise of share options or vesting of share awards provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
 - (3) any subsequent bonus issue, consolidation or subdivision of shares;

adjustments in accordance to sub-paragraphs (1) and (2) above are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of this Resolution.

- (iv) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (v) (unless revoked or varied by the Company in general meeting), the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

[See Explanatory Note 1]

(Resolution 5)

By Order of the Board

Yoo Loo Ping
Company Secretary

Singapore
16 August 2021

Explanatory Note:

1. Resolution 5, if passed, will authorise and empower the Directors of the Company from the date of the above Annual General Meeting until the next Annual General Meeting to issue shares and/or convertible securities in the Company up to an amount not exceeding in aggregate one hundred per cent (100%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) of which the total number of shares and convertible securities issued other than on a pro-rata basis to existing shareholders shall not exceed fifty per cent (50%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company at the time the Resolution is passed, for such purposes as they consider would be in the interests of the Company. This authority will, unless revoked or varied at a general meeting, expire at the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier.

NOTICE OF ANNUAL GENERAL MEETING

For the purpose of this Resolution, the total number of issued shares (excluding treasury shares and subsidiary holdings) is based on the Company's total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time this proposed ordinary resolution is passed after adjusting for (i) new shares arising from the conversion or exercise of convertible securities; (ii) new shares arising from exercise of share options or vesting of share awards provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Catalyst Rules; and (iii) any subsequent bonus issue, consolidation or subdivision of shares. The adjustments in accordance with (i) and (ii) above are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of passing of this Resolution 5.

IMPORTANT NOTICE FOR SHAREHOLDERS:

Due to current COVID-19 situation, the Company's AGM is being convened, and will be held, by electronic means pursuant to the provisions of the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 ("**Order**") and the Joint Statement by Accounting and Corporate Regulatory Authority, Monetary Authority of Singapore and Singapore Exchange Regulation titled "Additional Guidance on the Conduct of General Meetings During Elevated Safe Distancing Period".

Shareholders should take note of the following arrangements for the AGM:

(a) Participation in the AGM via live webcast

The AGM will be conducted only by electronic means, and shareholders will **not** be able to attend the AGM in person. Shareholders will also **not** be able to vote online on the resolutions to be tabled for approval at the AGM. Shareholders may participate in the AGM by:-

- (i) Observing and/or listening to the proceedings of the AGM through a "live" webcast comprising both video (audio-visual) and audio-only feeds ("**Live Webcast**");
- (ii) Submitting questions in relation to any agenda item in this notice of AGM in advance of the AGM; and
- (iii) Appointing the chairman of the AGM ("**Chairman**") as proxy to vote on their behalf in accordance with their vote instructions.

Details of the steps for pre-registration, pre-submission of questions and voting at the AGM are set out in items (b) to (e) below.

(b) Pre-registration for AGM Live Webcast

All Shareholders as well as investors who hold shares through relevant intermediaries (as defined in Section 181 of the Companies Act, Chapter 50), including Central Provident Fund ("**CPF**") and Supplementary Retirement Scheme ("**SRS**") investors ("**Investors**") and who wish to follow the proceedings of the AGM through the Live Webcast must pre-register online at <https://conveneagm.sg/asiaticgroup> by **26 August 2021, 2.30 p.m.** ("**Pre-Registration Deadline**") for verification purposes. Following successful verification, an email with instruction on how to join the Live Webcast will be sent to the registered Shareholders and Investors via email by 30 August 2021, 2.30 p.m. Shareholders must not forward the email instruction to other persons who are not shareholders and who are not entitled to attend the AGM Live Webcast. This is also to avoid any technical disruptions or overload to the Live Webcast.

Shareholders and Investors who have pre-registered by the Pre-Registration Deadline but did not receive the aforementioned email by 30 August 2021, 2.30 p.m. should contact the Company by email to agm@asiatic.com.sg.

(c) Submission of Questions

Shareholders and Investors will not be able to ask questions during the AGM Live Webcast.

Shareholders and Investors who have questions in relation to any agenda item in this notice of AGM can submit their questions to the Company in advance, by **26 August 2021, 2.30 p.m.**, through the any of the following means:

- (i) Via the pre-registration website at the URL <https://conveneagm.sg/asiaticgroup>;
- (ii) by email to agm@asiatic.com.sg; or
- (iii) by post, to be deposited at the Company's registered office at 65 Joo Koon Circle, Singapore 629078.

NOTICE OF ANNUAL GENERAL MEETING

Shareholders and Investors must identify themselves when posting questions through email or mail by providing the following details:

- (i) Full Name;
- (ii) Contact Telephone Number;
- (iii) Email Address; and
- (iv) The manner in which you hold shares (if you hold shares directly, please provide your CDP account number; otherwise, please state if you hold your shares through CPF or SRS, or are a relevant intermediary shareholder).

The Company will endeavour to respond to substantial and relevant questions either prior to the AGM (via an announcement on SGXNet and corporate website) or at the AGM.

(d) Voting at the AGM by appointing Chairman as Proxy (Submit a Proxy Form)

For Investors who hold shares through relevant intermediaries please refer to item (e) for the procedures to vote at the AGM.

Shareholders will only be able to vote at the AGM by appointing the Chairman as proxy to vote on their behalf. Duly completed Proxy Forms must be submitted through any of the following means not later than **29 August 2021, 2.30 p.m.** (being no later than forty-eight (48) hours before the time appointed for holding the AGM):

- (i) by email, a copy to agm@asiatic.com.sg; or
- (ii) by post, be deposited at the Company's registered office at 65 Joo Koon Circle, Singapore 629078.

The proxy form has been made available on SGXNet and the Company's corporate website and may be accessed at the URLs <https://www2.sgx.com/securities/company-announcements> and <https://www.asiatic.com.sg/>. A printed copy of the proxy form will NOT be despatched to shareholders.

In appointing the Chairman as proxy, the Shareholder (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in the form of proxy, failing which the appointment of the Chairman as proxy for that resolution will be treated as invalid.

(e) Voting at the AGM by Relevant Intermediary Investors and CPF/SRS Investors

Relevant Intermediary Investors (including CPF/SRS investors) who wish to appoint the Chairman as their proxy to vote at the AGM should not make use of the Proxy Form and should instead approach their respective relevant intermediary as soon as possible to specify voting instructions. CPF/SRS investors who wish to vote should approach their respective CPF Agent Bank or SRS Operators to submit their votes by **20 August 2021, 2.30 p.m.**, being at least seven (7) working days before the AGM.

In line with the provisions under the Order, no printed copies of the documents and information relating to the AGM (including the Annual Report FY2021, Notice of AGM and Proxy Form) will be despatched to Shareholders. These documents have been made available on SGXNet and the Company's corporate website and may be accessed at the following URLs:

- (a) <https://www2.sgx.com/securities/company-announcements>; or
- (b) <https://www.asiatic.com.sg/>.

Personal Data Privacy

"Personal data" in this notice of AGM has the same meaning as "personal data" in the Personal Data Protection Act 2012, which includes your name, address and NRIC/Passport number. By submitting (a) an application to pre-register for participation in the AGM via the Webcast; (b) questions relating to the resolutions to be tabled for approval at the AGM; and/or (c) an instrument appointing Chairman of the meeting as proxy to vote at the AGM and/or any adjournment thereof, a member of the Company hereby consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers including any organisations the Company has engaged to perform any function related to the AGM) for the purposes of, (i) verifying the member's information and processing of the member's application to pre-register to participate in the AGM via the Webcast and providing the member with any technical assistance where possible; (ii) addressing any selected questions submitted by the member and following up with the member where necessary, and responding to, handling, and processing queries and requests from the member; (iii) the processing and administration by the Company (or its agents or service providers including any organisations the Company has engaged to perform any function related to the AGM) of proxy forms appointing Chairman of the meeting for the AGM (including any adjournment thereof); and (iv) the preparation, compilation and disclosure (as application) of the attendance lists, minutes, questions from members and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents or service providers including any organisations the Company has engaged to perform any function related to the AGM) to comply with any applicable laws, listing rules, regulations and/or guidelines.

ANNUAL GENERAL MEETING PROXY FORM

IMPORTANT:

1. The Annual General Meeting ("AGM" or the "Meeting") is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Alternative arrangements relating to, among others, attendance, submission of questions in advance and/or voting by proxy at the AGM are set out in the Notice of AGM dated 16 August 2021 which has been uploaded on SGXNet and the Company's website on the same day.
2. A shareholder will not be able to attend the AGM in person. If a shareholder (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint the Chairman of the Meeting as his/her/its proxy to vote on his/her/its behalf at the AGM. In appointing the Chairman of the Meeting as proxy, a shareholder (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.
3. For CPF, or SRS investors who wish to appoint the Chairman of the Meeting as their proxy, they should approach their CPF and/or SRS Approved Nominees to submit their votes at least seven (7) working days before the AGM. This Proxy Form is not valid for use by CPF and/or SRS investors and shall be ineffective for all intents and purposes if used or purported to be used by them.
4. By submitting an instrument appointing the Chairman of the Meeting as proxy, the shareholder accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 16 August 2021.
5. Please read the notes overleaf which contain instructions on, inter alia, the appointment of the Chairman of the Meeting as a shareholder's proxy to vote on his/her/ its behalf at the AGM.

Notes:

- (1) Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Future Act (Chapter 289) of Singapore), you should insert that number of shares. If you have shares registered in your name in the Register of Members of the Company, you should insert that number of shares. If you have shares entered against your name in the Depository Register and registered in your name in the Register of Members, you should insert the aggregate number of shares. If no number of shares is inserted, this proxy form will be deemed to relate to all shares held by you.
- (2) A shareholder will not be able to vote through the live webcast and voting is only through submission of proxy form. If a shareholder (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint Chairman of the Meeting as his/her/its proxy to vote on his/her/its behalf at the AGM. In appointing the Chairman of the Meeting as proxy, a shareholder (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in the proxy form, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.
- (3) The Chairman of the Meeting, as a proxy, need not be a shareholder of the Company.
- (4) The instrument appointing Chairman of the Meeting as proxy must be signed by the appointor or his attorney duly authorised in writing. Where the instrument appointing a proxy is executed by a corporation, it must be executed either under its common seal or under the hand of any officer or attorney duly authorised.
- (5) Where this instrument appointing Chairman of the Meeting as proxy is signed on behalf of the appointor by an attorney, the power of attorney or a notarially certified copy thereof (failing previous registration with the Company) must be lodged with this instrument of proxy, failing which this instrument of proxy may be treated as invalid.
- (6) If the Chairman of the Meeting as proxy is to be appointed, the instrument appointing the Chairman of the Meeting as proxy, duly executed, must be submitted through any of the following means not later than forty-eight (48) hours before the time appointed for holding the AGM:
 - (i) by email a copy to agm@asiatic.com.sg; or
 - (ii) by post, be deposited at the Company's registered office at 65 Joo Koon Circle, Singapore 629078.
- (7) The Company shall be entitled to reject the instrument appointing Chairman of the Meeting as proxy if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing Chairman of the Meeting as proxy. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointment the Chairman of the Meeting as proxy lodged if the shareholder being the appointor, is not shown to have shares entered against his/her/its name in the Depositor Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) to the Company.

Personal Data Privacy:

By submitting a proxy form appointing Chairman of the Meeting as proxy, the shareholder accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 16 August 2021.
