Corporate Profile

Established in 2002, Hengyang Petrochemical Logistics Limited and its subsidiaries (the “**Group**”) is a leading logistics service provider for the petrochemical industry in China. The Group provides storage and land transportation services for different types of liquid, gas petrochemicals and oils such as acetic acid, phenol, acetone, styrene, methanol, monoethylene glycol, propane, butane, gasoline, diesel, fuel oil and base oil. The Group’s petrochemical storage business offers whole-tank leasing services for a fixed period of time (typically for one year) and spot leasing services for a period ranging from one month to three months.

The Group has a diverse client base of domestic and international customers, a majority of which are petrochemical manufacturers and distributors, including but not limited to (a) Shaanxi Changqing Energy & Chemical Co., Ltd., (b) CNOOC Energy Technology & Services Ltd., (c) CNOOC and Shell Petrochemicals Co., Ltd., (d) Sinopec Chemical Commercial Holding Co., Ltd., (e) Dow Chemical (Shanghai) Co., Ltd., (f) Jiangyin Golden Bridge Chemical Co., Ltd., (g) Shanghai Pushun Import & Export Co., Ltd., (h) BASF-YPC Co., Ltd., (i) Shanghai Huayi New Energy Chemical Trading Co., Ltd., (j) Yanzhou Coal Supply and Marketing Co., Ltd., (k) Sinochem International Corporation Co., Ltd., (l) Baichuan (Rugao) Chemical Co., Ltd. and (m) CEFC Shanghai International Ltd.

The Group’s storage facilities at Jiangyin (“**Foreversun Facility**”) and Jingjiang (“**Deqiao Facility**”) in Jiangsu province are strategically located on the southern and northern bank of the Yangtze River near the river mouth, providing it with access to vital business partners as well as industrial transportation and distribution centres for petrochemicals in the People’s Republic of China (“**PRC**”).

The Group’s first plant, Foreversun Facility, has currently developed into a storage base with 49 storage tanks with an aggregate storage capacity of 139,600 cubic meters. With more

than one third of these storage tanks being made of stainless steel, the Group owns one of the largest stainless steel storage facilities in the Yangtze Delta Region.

The first phase of the Deqiao Facility, comprising 42 storage tanks with an aggregate capacity of 126,000 cubic meters and two petrochemical jetties, commenced full operations in November 2011. In addition, the Group has also completed the construction of Phase II and Phase III of the Deqiao Facility, which comprise 82 storage tanks with a total capacity of 417,200 cubic meters and 21 spherical tanks with an aggregate capacity of 39,800 cubic meters. With the trial operation of Phase II and Phase III of the Deqiao Facility having commenced in January 2015, the total storage capacity of the Deqiao Facility has increased to 583,000 cubic meters. In December 2015, the Zhengzhou Commodity Exchange approved Deqiao Facility as a designated methanol futures delivery warehouse. In March 2016, Deqiao Facility has also obtained a refined oil storage business license from the Ministry of Commerce of the People’s Republic of China. These further laid the foundation for the development of our Deqiao Facility.

In recent years, the Group has further expanded its foothold to become a one-stop service and solution provider along the Yangtze River with the inception of three subsidiaries in Wuhan (“**Wuhan Facility**”), Chongqing (“**Chongqing Facility**”) and Yueyang (“**Yueyang Facility**”). These subsidiaries are located along the middle and upper reaches of the Yangtze River, where key petrochemical hubs are located.

In December 2015, the Group has obtained all key governmental approvals for Phase I of the Yueyang Facility and one petrochemical jetty of the Chongqing Facility, with full operation of these facilities having commenced in January 2016. In addition, the construction of Phase I of the Wuhan Facility has been completed and trial operation has commenced in February 2015. With this, and

the completion of Phase I of the Chongqing Facility in the next one or two years, the Group is expected to have an overall storage capacity of 962,600 cubic meters.

With an extensive experience of more than ten years in land transportation of petrochemical products, the Group’s transportation arm is able to provide efficient logistics solutions to its clients while linking the Group’s storage facilities in different regions and forming an integrated logistics supply chain.

As a testament of their high standards of quality, both Foreversun Facility and Deqiao Facility have been accredited by the China Quality Certification Centre (“**CQC**”) and IQ Net for the compliance with the ISO9001:2008 and GB/T 19001-2008 standards. The two companies have also obtained the Chemical Distribution Institute – Terminals (“**CDI-T**”) attestation accredited by the Chemical Distribution Institute (London).

In recognition of their commitment to corporate social responsibility, Foreversun Facility and Deqiao Facility have also been accredited by CQC and IQ Net for the compliance with their Environmental Management standards - OHSAS 18001:2007 and GB/T 28001-2011 and their Occupational Health and Safety Management standards - ISO 14001:2004 and GB/T24001-2004. Furthermore, both facilities have passed the CDI-T audit and obtained ISO22000:2005 certificate in 2015.

公司简介

恒阳石化物流有限公司及其子公司（以下合称“集团”）成立于2002年，是中国一家领先的石化产业物流服务供应商。集团为多种液体、气体石化产品及油品提供仓储和运输服务，产品包括醋酸、苯酚、丙酮、苯乙烯、甲醇、乙二醇、丙烷、丁烷、汽油、柴油、燃料油和基础油等。集团的仓储服务包括提供固定期限（一般是一年）的包罐租赁服务以及1-3个月的零租服务。

集团拥有多元化的国内外客户基础，其中大多数为石化产品的制造商和分销商，例如陕西长青能源化工有限公司、中海油能源发展股份有限公司、中海壳牌石油化工有限公司、中石化化工销售有限公司、陶氏化学（上海）有限公司、江阴市金桥化工有限公司、上海浦顺进出口有限公司、扬子石化-巴斯夫有限责任公司、上海华谊新能源化工销售有限公司、兖矿煤化供销有限公司、中化国际（控股）股份有限公司、百川化工（如皋）有限公司、上海华信国际集团有限公司等。

集团在江苏省江阴市和靖江市的两个仓储基地分别位于长江入海口附近的南北岸线——这一战略优势使得我们更加接近国内外的商业合作伙伴及中国石化产品的运输及分销中心。

集团源于江阴恒阳项目，该项目目前拥有49座储罐，总罐容为13.96万立方米。超过三分之一的储罐为不锈钢材质，集团因而成为长江三角洲地区拥有最大不锈钢储罐罐容的罐区之一。

德桥项目一期拥有2个石化专用码头及42座储罐，总罐容为12.6万立方米，于2011年11月份正式全面运营。此外，集团还完成了德桥二期和三期的建设，包括总罐容量为41.72万立方米的82座储罐以及总罐容量为3.98万立方米的21座球罐。随着2015年1月份德桥二期和三期的试运营开启，德

桥项目总罐容量已经增加到58.3万立方米。2015年12月，德桥项目成功获批郑州商品交易所指定甲醇交割仓库，并在2016年3月取得了中国商务部颁发的成品油仓储资质，这些为德桥项目的发展进一步奠定了基础。

近年来，集团进一步扩大规模，开始了沿长江发展战略，先后在武汉、重庆及岳阳成立了三家子公司。这三家子公司分别位于长江中上游地区的重要石化产业枢纽，使得集团成为沿长江流域的一站式服务供应商。

2015年底岳阳项目一期工程及重庆项目一个化工码头均已取得正式运营的重要政府批文，并于2016年1月正式运营。另外，武汉项目已经完成了一期工程的建设，并在2015年2月开始试运行。随着这些项目的建成投运以及重庆项目一期工程的完工，在未来的一到两年内，集团的总罐容预期将达到96.26万立方米。

集团的运输团队有十余年的陆路石化产品运输服务经验，近年来在为客户提供有效的物流方案同时，完美地串联了集团的仓储连锁基地，形成了集团一体化仓储物流供应链服务格局。

作为高标准的质量证明，江阴恒阳项目和德桥项目均已荣获了中国质量认证中心和国际认证联盟联合颁发的ISO9001:2008和GB/T19001-2008质量管理体系认证证书，并在2015年通过了化学品储运协会的CDI-T的认证。江阴恒阳还荣获了中国质量认证中心颁发的ISO22000:2005和GB/T22000-2006食品安全管理体系认证证书。另外，作为一个有社会责任感的企业，江阴恒阳项目和德桥项目还均荣获了由中国质量认证中心和国际认证联盟联合颁发的OHSAS18001:2007及GB/T28001-2011职业健康安全管理体系认证证书、ISO14001:2004及GB/T24001-2004环境管理体系认证证书。

Chairman's Statement

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present to you our Annual Report for the financial year ended 31 December 2015 ("FY2015").

FACING THE CHALLENGE

The Chinese economy expanded by 6.9% in 2015¹, lower than 7.4% in 2014 and the weakest since 1990. The figure was in line with market expectations as strength in services and consumption were more than offset by weaker manufacturing and exports. The market remains challenging as the Chinese economy faces increasing downward pressure amid complicated international conditions. The increasing competitiveness along the Yangtze River downstream region where our current business is located is has also resulted in ongoing decline in storage fees.

FY2015 PERFORMANCE

The Group reported a 13.7% increase in revenue from RMB186.8 million for FY2014 to RMB212.4 million for FY2015. Both our transportation service and storage service business sectors recorded higher revenue arising from more trips undertaken, higher storage volume from customers, various new long-distance-service projects and new customers secured during the year.

With higher tank-truck utilisation, lower fuel price, and better cost control, gross profit increased 65.7% from RMB27.3 million for FY2014 to RMB45.2 million for FY2015, and gross profit margin improved from 14.6% for FY2014 to 21.3% for FY2015.

Excluding an amount of RMB8.8 million write-off of plant and equipment in relation to six storage tanks and related demolition cost, the Group's administrative expenses increased 14.1% from RMB36.2 million for FY2014 to RMB41.3 million for FY2015.

The Group incurred RMB5.2 million finance costs for FY2015 as compared to RMB1.3 million for FY2014.

Overall, the Group recorded a net loss of RMB13.4 million for FY2015.

"...continue to strive towards becoming an all-rounded logistics supply-chain service and solution provider in the petrochemical sector."

Gu Wen Long

Group Executive Chairman and CEO

OUTLOOK

On 7 November 2015, the agreement of the China-Singapore (Chongqing) Demonstration Initiative on Strategic Connectivity was signed. The project, themed "modern interconnectivity and modern service industry", promotes seamless connection of the "western development", "the Belt and Road Initiative" and "the Yangtze River economic zone" strategies. The Group foresees more business opportunities arising from the project.

In line with our strategy of penetrating into the growing inland market of the Yangtze River, the Group has now expanded its foothold to cover the entire Yangtze River with new projects located along the middle and upper Yangtze River, namely in Wuhan, Yueyang, and Chongqing.

Chairman's Statement

At the beginning of the 2015, Phase II and Phase III of Deqiao Facility and Phase I of Wuhan Facility have commenced trial operation. In December 2015, the Group has obtained all key governmental approvals for Phase I of the Yueyang Facility and one petrochemical jetty of the Chongqing Facility. Upon completion of Phase I of the Chongqing Facility in the next one or two years, the Group is expected to have an overall storage capacity of 962,600 cubic meters. These will hopefully enable us to become one of the major petrochemical logistics service providers along the Yangtze River in the near future.

In December 2015, the Zhengzhou Commodity Exchange approved Deqiao Facility as a designated methanol futures delivery warehouse. In March 2016, Deqiao Facility has also obtained a refined oil storage business license from the Ministry of Commerce of the People's Republic of China. These further laid the foundation for the development of Deqiao Facility and injected new hope for the Group.

The Group shall continue to strive towards becoming an all-rounded logistics supply-chain service and solution provider in the petrochemical sector along the Yangtze River by bundling transportation and storage services together to provide more value-added service to our customers.

For the coming financial year, although China's economic outlook remains challenging, the Group will remain focused on further improving its operational efficiency to provide value to shareholders.

APPRECIATION AND ACKNOWLEDGEMENTS

In closing, on behalf of the Board, we would like to extend our utmost appreciation to our management, staff, shareholders, business partners, clients and other key stakeholders for their dedication and valuable support to tide us through the challenging year.

For our part, we will continue to work diligently to ensure our efforts will reap long-term benefits for the Group and continue to deliver more value for our various stakeholders.

Yours faithfully,

GU WEN LONG

Group Executive Chairman and CEO

主席致辞

尊敬的各位股东：

我谨代表董事会，向各位呈现2015财政年度的年报。

直面挑战

2015年中国经济增长6.9%¹，低于2014年的7.4%，也是1990年以来增长最慢的一年。服务业及消费的增长受疲软制造业和出口的影响，经济增长数据与市场预期相符。由于中国经济在复杂的世界环境中面临持续的下行压力，市场依旧充满了挑战。长江口的石化仓储物流业竞争日渐激烈，仓储费也随之调低。

2015年财务业绩

集团2015年财政年度的收入为2.124亿元人民币，同比2014财年的1.868亿元人民币提高了13.7%。2015年客户存储量有所增加、槽车有更多的出行、我们还增加了新的长途服务项目并锁定新的客户，这些使得集团陆路运输业务和仓储服务业务的收入都有所增加。

随着较高的槽车利用率、燃油价格的降低，以及较好成本控制，集团毛利润从2014财年的2730万元人民币增加至2015财年的4520万元人民币，同比上涨65.7%。毛利率也从2014财年的14.6%提高到21.3%。

扣除注销6个储罐以建冷冻液氨储罐及相关的拆卸成本880万元人民币，集团2015年管理费用为4130万元人民币，同比2014财年的3620万元人民币增加了14.1%。

集团2015年财务费用为520万元人民币，同比2014财年的130万元人民币上涨390万元人民币。综上，集团在2015财年产生了1340万元人民币的损失。

未来展望

2015年11月7日，中新两国政府签订了《中新（重庆）战略性互联互通示范项目的框架协议》，这一项目以“现代互联互通和现代服务经济”为主题，契合“西部大开发”、“一带一路”、“长江经济带”发展战略。我们预见集团将从该项目中获得更多商机。

与集团向沿江内陆市场开发的战略一致，集团现已扩大其在长江中上游的立足点，在武汉、岳阳、重庆建设三个新的石化仓储基地。为我们赢得抓住该区域日益增长的石化运输和仓储服务需求的先发优势。

2015年初德桥续建扩建及武汉项目一期已完成建设并投入试运行。2015年12月，集团公司已经取得岳阳项目一期及重庆项目一个石化码头泊位正式运营的重要政府批文，并于2016年1月正式运营。包括新增的长江中上游的项目，集团目前的业务已较完整覆盖整个长江流域。在未来的一至二年内随着重庆项目一期建成，集团公司的总库容有望达到96.26万立方米。希望这些部署与发展可以让我们在不久的将来成为长江沿线领先的最大石化物流服务供应之一。

2015年12月，德桥项目成功获批郑州商品交易所指定甲醇交割仓库，并在2016年3月取得了中国商务部颁发的成品油仓储资质。这些为德桥项目的发展进一步奠定了基础，同时注入了新的希望。

集团以为客户提供更多更全的增值服务为宗旨，不断努力，并在其运输和仓储打包战略的基础上，不断探索、综合发展，实现成为长江沿线的一站式石化物流供应链服务解决方案供应商。

在接下来的一年，中国经济展望依旧充满挑战，集团将重点提高运营效率，为股东创造更大的价值。

致谢

最后，我谨代表董事会，衷心感谢我们的管理层和员工、业务伙伴、客户及全体股东在这艰难的一年里与我们并肩作战。有了你们的坚定支持，我们将会走的更远、更高。我们也将继续努力，为集团获取长期利益，为股东创造更多的价值。

此致，

顾文龙

Operating and Financial Review

Financial Performance

The Group's revenue increased 13.7% year-on-year ("yoy") from RMB186.8 million for FY2014 to RMB212.4 million for FY2015. The increase was contributed by both the transportation service segment and the storage service segment. The revenue from the Group's transportation service segment increased RMB10.1 million arising from more trips undertaken and various new long distance service projects secured in FY2015. The revenue from Group's storage service segment increased RMB15.5 million arising from higher storage volume from customers, new customers secured during the year, and higher revenue generated from the food-grade tanks which commenced operations in the second half of FY2014. The Group also recorded an amount of RMB20.4 million in the construction-in-progress for sales generated from the various trial operations for FY2015 as compared to RMB2.1 million for FY2014.

In line with the higher revenue, the Group's cost of sales increased 4.8% yoy from RMB159.5 million for FY2014 to RMB167.2 million for FY2015. The increase was mainly due to higher safety and maintenance costs, higher production costs in line with more transactions in FY2015, and higher manpower costs in line with the general labour market and higher production volume.

Overall gross profit increased 65.7% yoy from RMB27.3 million for FY2014 to RMB45.2 million for FY2015, and gross profit margin increased from 14.6% for FY2014 to 21.3% for FY2015. The increase in gross profit margin was mainly due to higher tank-truck utilisation, lower fuel price, better cost control, as well as the fixed cost of sales which did not increase proportionately with the increase in revenue level.

Excluding an amount of RMB7.6 million write-off of plant and equipment in relation to the 6 storage tanks which were demolished to make way for the construction of liquid ammonia storage tanks on the same site and an amount of RMB1.2 million related demolition cost, the Group's administrative expenses increased 14.1% yoy from RMB36.2 million for FY2014 to RMB41.3 million for FY2015. The increase was mainly due to higher manpower and related expenses arising from bonus rewarded to the employees of the transport service segment for their contribution and increased headcount to support the Group's business development and expansion, as well as higher base salary in line with the general labour market.

The Group's finance costs increased RMB3.9 million from RMB1.3 million for FY2014 to RMB5.2 million for FY2015. The finance costs for FY2015 comprised interest for working capital loan and interest for related party loan where the terms had been revised to interest bearing with effect from 1 January 2015.

Mainly as a result of a combination of the above factors, the Group recorded a net loss of RMB13.4 million for FY2015 as compared to a net loss of RMB12.6 million for FY2014.

Financial Position

As at 31 December 2015, the Group's total assets amounted to RMB1.8 billion, and the total liabilities amounted to RMB1.2 billion.

The Group was in a net current liabilities position of RMB430.9 million as at 31 December 2015. Excluding the amount payable of RMB81.7 million for the land use rights acquired, which the Group expects the Government authority to waive in line with the local investment promotion scheme, the amount payable of RMB67.3 million due to the related parties and Chairman of the Group, which the related parties and Chairman of the Group have undertaken not to demand repayment until the Group's resources permit, the Group's net working capital deficit would be RMB281.9 million as at 31 December 2015.

Barring any unforeseen circumstances, with the Group's enlarged storage capacity; the Group's positive operational cash flows; the proceeds of RMB40 million received from additional bank borrowings after the year-end; the rollover of the current working capital loan of RMB18 million; the postponement of RMB40 million loan's repayment to future years, which the Group is negotiating with its bank; the Group's cash flow forecast; and the continuous support from the local PRC government authority, the related parties and Chairman of the Group, suppliers and banks, the Group can meet its debt obligations for the following twelve months.

As at 31 December 2015, the Group's equity attributable to owners of the parent was RMB405.4 million for FY2015 as compared to RMB414.7 million for FY2014.

Cash Flow Management

The Group's net cash from operating activities for FY2015 was RMB30.3 million after meeting the working capital requirements and paying income tax and interest.

Net cash used in financing activities for the FY2015, which amounted to RMB13.3 million, was the net effect of the proceeds from additional bank borrowings of RMB263 million, short-term borrowings of RMB40.5 million received from the related parties and Chairman of the Group, and proceeds of RMB3.8 million from the issuance of ordinary shares by a subsidiary to a non-controlling shareholder, the repayment of banks borrowings of RMB281.8 million and the deposit of RMB38.8 million pledged in banks.

Net cash used in investing activities for the FY2015, amounted to RMB91.6 million, was mainly for the Group's construction projects and paying the bank loan interest.

As a result, cash and cash equivalents, inclusive of restricted deposit in banks of RMB41.7 million, decreased to RMB49.0 million as at 31 December 2015 as compared to RMB85.3 million as at 31 December 2014.

Mr Xin Feng obtained his bachelor's degree in Chemical Engineering Nanjing University of Technology in 1996 and his Master of Business Administration from Nanjing University in 2005.

Group Structure

**Notes:**

Group structure as at 30 March 2016

- As disclosed in the Company's announcements dated 16 November 2015, 30 December 2015 and 17 February 2016, the Company has entered into an agreement with Wuxi Jinfan Investment Management Limited Partnership who has invested RMB 3,800,000 into Jiangyin Golden Bridge Transportation Co. Ltd ("Golden Bridge"). Jiangyin Foreversun Chemical Logistics Co., Ltd. now holds 87.65% equity interest in the enlarged equity of Golden Bridge.

“...the Group will remain focused on further improving its operational efficiency to provide value to shareholders.”

Corporate Governance

Hengyang Petrochemical Logistics Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) is committed to maintaining a high standard of corporate governance. The Company understands that good corporate governance is an integral element of a sound corporation and enables us to be more transparent and forward-looking. In addition, sound corporate governance is an effective safeguard against fraud and dubious financial engineering, and hence helps to protect our shareholders’ interests. This also helps the Company create long-term value and returns for our shareholders.

Corporate Governance Report

The Company was admitted to the Catalist Board of Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) on 8 October 2009 (“**Listing**”). On 2 May 2012, the Monetary Authority of Singapore issued the revised Code of Corporate Governance 2012 (the “**Code**”) which took effect with respect to annual reports of listed entities relating to financial years commencing from 1 November 2012.

The Company also refers to the disclosure guide (“**Disclosure Guide**”) issued by the SGX-ST in January 2015 and has incorporated answers to the questions set out in the Disclosure Guide in this report.

The Company is pleased to report on our corporate governance processes and activities as required by the Code. For the financial year ended 31 December 2015, the Group has complied in all material respects with the principles laid down by the Code, and where there is any deviation, appropriate explanation has been provided within this Report. For easy reference, sections of the Code under discussion in this Report are specifically identified. However, this Report should be read as a whole as other sections of this Report may also have an impact on the specific disclosures.

1. THE BOARD’S CONDUCT OF AFFAIRS

Principle 1: Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the long-term success of the company. The Board works with Management to achieve this objective and the Management remains accountable to the Board.

Our board of directors (the “**Board**”) comprises the following members, all having the right core competencies and diversity of experience, which enable them to effectively contribute to the Group.

Name	Position	Date of Initial Appointment	Date of Last Re-election or Re-appointment
Gu Wen Long	Chairman of the Board & Chief Executive Officer	23 April 2008	22 April 2015
Tee Tuan Sem	Executive Vice-Chairman of the Board	15 August 2008	19 April 2013
Xie Yu	Non-Executive Director	19 November 2008	23 April 2014
Diong Tai Pew	Lead Independent Director	19 November 2008	22 April 2015
Anthony Ng Koon Leng	Independent Director	19 November 2008	19 April 2013
Ho Chew Thim	Independent Director	08 September 2009	23 April 2014

All Directors are required to discharge their duties and responsibilities objectively at all times as fiduciaries in the interests of the Company.

Besides carrying out its statutory responsibilities, the principal functions of the Board are, as follows:

- to provide entrepreneurial leadership, set strategic objectives, and ensure that the necessary financial and human resources are in place for the Company to meet its objectives;
- to establish a framework of prudent and effective controls which enables risks to be assessed and managed, including safeguarding of shareholders’ interests and the Company’s assets;
- to review management performance;

Corporate Governance

- to identify key stakeholder groups and recognise that their perceptions affect the Company's reputation;
- to set the Company's values and standards (including ethical standards), and ensure that obligations to shareholders and other stakeholders are understood and met; and
- to consider sustainability issues, e.g. environmental and social factors, as part of its strategic formulation.

The approval of the Board is required for matters such as corporate restructuring, mergers and acquisitions, major investments and divestments, material acquisitions and disposals of assets, major corporate policies on key areas of operations, release of the Group's quarterly, half year and full year results and interested person transactions of a material nature.

To assist in the execution of its responsibilities, our Board has established three Board Committees comprising an Audit Committee (the "AC"), a Nominating Committee (the "NC") and a Remuneration Committee (the "RC"). These committees function within clearly defined written terms of reference and operating procedures, which will be reviewed on a regular basis.

Non-Executive Directors are routinely briefed by the Executive Directors or the Executive Officers at Board meetings or at separate sessions, and provided with all necessary updates on regulatory and policy changes as well as developments affecting the Company and the Group. All Non-Executive Directors may request for additional information from the Executive Directors, Management and/or the Company Secretary to familiarise themselves with the Group's business and have access to Executive Directors, Management and the Company Secretary.

A formal letter of appointment is sent to all newly appointed Directors of the Company upon their appointment, setting out the duties and obligations as a Director, including, where appropriate, how to deal with conflicts of interest. All newly appointed Directors of the Company will be receiving comprehensive and tailored induction and training on their duties as a Director and how to discharge those duties. The Company also ensures that Directors are continually and regularly updated on the Company's business and the regulatory as well as industry-specific environment in which the Company operates.

The Board meets at least four (4) times a year. Ad hoc meetings will be convened as and when warranted by particular circumstances between the scheduled meetings. The Constitution of the Company provides for meetings of the Board to be held by way of telephone or video conference or by means of similar communication equipment. The numbers of meetings of the Directors for the financial year ended 31 December 2015 were as follows:

	Board	Board Committees		
		Audit	Nominating	Remuneration
Number of meetings held	4	4	1	1
	Number of meetings attended			
Gu Wen Long	4	4*	1*	1*
Xie Yu	4	4	1	1
Tee Tuan Sem	4	4*	1*	1*
Diong Tai Pew	4	4	1	1
Anthony Ng Koon Leng	4	4	1	1
Ho Chew Thim	4	4	1	—

* Attended the meeting as an invitee.

Corporate Governance

2. BOARD COMPOSITION AND GUIDANCE

Principle 2: There should be a strong and independent element on the Board, which is able to exercise objective judgment on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.

The Board comprises six (6) Directors of whom three (3) are independent, namely, Messrs Diong Tai Pew, Anthony Ng Koon Leng and Ho Chew Thim. The criterion of independence is based on the definition set out in the Code. The Board considers an "independent" Director as one who has no relationship with the Company, its related companies, its 10% shareholders or its officers who could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent judgment in the conduct of the Group's affairs. With three (3) independent Directors, the Board is able to exercise independent judgment on corporate affairs and provide Management with a diverse and objective perspective on issues. There is therefore no individual or small group of individuals, who/which dominates the Board's decision making. The independence of each Director is reviewed annually.

The Board has examined its size and is of the view that it is an appropriate size for effective decision making, taking into account the scope and nature of the operations of the Company. In this regard, the Board took into account the scope and nature of the operations of the Company, the requirements of the business and the need to avoid undue disruptions from changes to the composition of the Board and the Board Committees.

The composition of the Board is reviewed on an annual basis by the NC to ensure that the Board has the appropriate mix of expertise and experience, and collectively possesses the necessary core competencies for effective functioning and informed decision-making. The Board as a group comprises members with core competencies in accounting and finance, business and management experience, industry knowledge, strategic planning and customer based experience.

The profiles of our Directors are set out on pages 12 and 13 of this Annual Report.

3. CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Principle 3: There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.

Mr Gu Wen Long currently holds the dual positions of Executive Chairman and Chief Executive Officer ("CEO") of the Company. The Board believes that Mr Gu is the most appropriate person to undertake these positions, given his vast experience, expertise and familiarity with both our organisation and the industry, and that such an arrangement is in the best interests of the Group. As all major decisions made by Mr Gu are reviewed by the respective Board Committees, the Board is of the view that there are sufficient safeguards to ensure accountability and independent decision making.

While the roles and responsibilities of the Executive Chairman and CEO are vested in Mr Gu, major decisions are made in consultation with the Board. In accordance with the recommendations of the Code, the Board possess a strong and independent element, comprising three (3) independent Directors, who form half of the full Board of six (6) Directors. The Board believes that there are adequate measures in place against any uneven concentration of power and authority in one individual.

Mr Gu is responsible for the daily operations of the Company and the formulation of the overall business strategies and policies for our Group. As Chairman, Mr Gu leads the Board to ensure its effectiveness in all aspects of its role; sets the agenda and ensures adequate time for discussion of all agenda items, particularly strategic issues; promotes a culture of openness and debate in the Board; ensures the Directors receive complete, adequate and timely information; ensures effective communication with shareholders; encourages constructive relations within the Board and between the Board and Management; facilitates the effective contribution of Non-Executive Directors in particular; and promotes high standards of corporate governance.

Corporate Governance

Mr Diong Tai Pew serves as our Lead Independent Director and is available to our shareholders who have concerns when contact through the normal channels of our Chairman and CEO or Chief Financial Officer (“CFO”) has failed to resolve such concerns or when circumstances are such that it would be more appropriate to contact him directly. Periodically, Mr Diong will convene meetings of the Independent Directors, without the presence of the Executive Directors and the Management, and will provide feedback to the Chairman after such meetings.

4. BOARD MEMBERSHIP

Principle 4: There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.

The NC is guided by written terms of reference clearly setting out its authority and duties. The NC is responsible for making recommendations on all board appointments and re-nominations having regard to the contribution and performance of the Director seeking re-election.

The NC comprises Mr Ho Chew Thim, as the Chairman, and Messrs Diong Tai Pew, Xie Yu and Anthony Ng Koon Leng, as the Committee members, all of whom are Non-Executive Directors and a majority of whom are independent. The Lead Independent Director, Mr Diong Tai Pew, is a member of the NC.

Briefly, our NC will be responsible for:

- 1) reviewing and recommending the nomination or re-nomination of our Directors having regard to the Director's contribution and performance;
- 2) determining on an annual basis whether or not a Director is independent;
- 3) assessing the performance of the Board and contribution of each Director to the effectiveness of the Board;
- 4) reviewing the appropriate size of the Board;
- 5) reviewing the training programmes for the Board on an annual basis;
- 6) reviewing board succession plans for all Directors; and
- 7) reviewing and approving any new employment of related persons and the proposed terms of their employment.

The NC conducts reviews of directors' independence annually and as and when circumstances require. Based on the latest review, the NC is of the view that Messrs Diong Tai Pew, Anthony Ng Koon Leng and Ho Chew Thim are independent in accordance with the Code's definition of independence.

The NC has reviewed the training needs of the Directors in FY2015 and has encouraged Directors to attend relevant training courses that could enhance the knowledge of Directors in the performance of their duties as Directors of the Company.

New Directors are appointed to the Board after the NC has reviewed and considered the skills, qualifications and experience of the nominated Director in its search and selection process. Further, the NC, in considering the re-appointment of a Director, will evaluate such Director's contribution and performance, such as his attendance at meetings of the Board and/or Board committees, participation, candour and any special contribution. The NC will also have regard to such Director's performance and contribution to the Group and whether such Director has adequately carried out his duties as a Director.

Pursuant to the Constitution of the Company, each Director is required to retire at least once every three (3) years by rotation and all newly appointed Directors who are appointed by the Board are required to retire at the next annual general meeting following their appointment. The retiring Directors are eligible to offer themselves for re-election.

The NC has deliberated and has decided to recommend to the Board the nomination of Messrs Tee Tuan Sem and Anthony Ng Koon Leng who will be retiring as Directors at the forthcoming annual general meeting, for re-election.

Corporate Governance

The Non-Executive Directors have multiple board representations. However, the NC is satisfied that the Directors have been able to devote adequate time and attention to fulfil their duties as Directors of the Company, in addition to their multiple board representations. The NC and the Board are of the view that setting a maximum number of listed company board representations a Director should have is not meaningful as the contribution of each Director would depend on their individual circumstances, including whether they have a full time vocation or other responsibilities.

There are no alternate directors appointed to the Board.

The directorships and chairmanships held by the Directors in other listed companies, as well as other major appointments, both present and held over the preceding 3 years (from 1 January 2013 to 31 December 2015), are as follows:

5. BOARD PERFORMANCE

Principle 5: There should be a formal annual assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each director to the effectiveness of the Board.

The effectiveness of the Board as a whole, the Board Committees and the contribution by each Director to the effectiveness of the Board are assessed annually. The purpose of the evaluation is to increase the overall effectiveness of the Board.

Board performance is linked to the overall performance of the Group. The Board complies with the applicable laws and members of our Board are required to act in good faith, with due diligence and care in the best interests of the Company and its shareholders.

Our NC is responsible for recommending a framework for the evaluation of the Board's and each individual Director's performance for the approval of the Board. Each member of our NC shall abstain from voting on any resolutions in respect of the assessment of his performance or re-nomination.

The NC reviews the criteria for evaluating the Board's performance. The performance criteria for the Board evaluation include an evaluation of the size and composition of the Board, the Board's access to information, accountability, the Board's processes, the Board's performance in relation to discharging its principal responsibilities, communication with Management and the standard of conduct of the Directors.

The Board and the NC have endeavoured to ensure that Directors appointed to the Board possess the background, experience, business knowledge, finance and management skills critical to the Company's business. They have also ensured that each Director, with his special contributions, brings to the Board an independent and objective perspective to enable balanced and well-considered decisions to be made.

In determining each individual Director's performance, the following process is adopted: each Director will be required to complete a tailor-made self-assessment form. The responses of each Director will be collated, analysed and reported by the NC Chairman to the NC and thereafter to the Board. The individual evaluation will assess whether each Director continues to contribute effectively and demonstrate commitment to the role (including commitment of time for meetings of the Board and Board Committees, and any other duties). Feedback arising from the process will be provided by the NC Chairman (in consultation with the NC) directly to the Director concerned. The evaluation will be taken into account in the appointment or re-election of the Directors. Based on the NC's review, the Board and the various Board Committees operate effectively and each Director is contributing to the overall effectiveness of the Board.

Corporate Governance

6. ACCESS TO INFORMATION

Principle 6: In order to fulfil their responsibilities, directors should be provided with complete, adequate and timely information prior to Board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

To enable the Board to fulfil its responsibilities, the Management strives to provide Board members with complete and adequate information for Board meetings on a timely and ongoing basis. For example, management accounts of the Group's performance, position, and prospects are provided to the Executive Directors on a monthly basis and to all members of the Board on a quarterly basis. Directors are further entitled to request from Management and should be provided with such additional information as needed to make informed decisions.

Prior to each Board meeting, the members of the Board are each provided with the relevant documents and information necessary, including background and explanatory statements, financial statements, budgets, forecasts and progress reports of the Group's business operations, for them to comprehensively understand the issues to be deliberated upon and make informed decisions thereon.

As a general rule, notices are sent to the Directors in advance of Board meetings, followed by the Board papers and related materials, in order for the Directors to be adequately prepared for the meetings.

The Board (whether individually or as whole) has separate and independent access to Management and the Company Secretary at all times, and may seek independent professional advice if necessary, at the expense of the Company. The Company Secretary generally attends all Board meetings and ensures that all Board procedures are followed. Where the Company Secretary is unable to attend any Board meeting, he ensures that a suitable replacement is in attendance and that proper minutes of the same are taken and kept. The Company Secretary also ensures that the Company complies with the requirements of the Companies Act (Cap. 50) of Singapore and the Listing Manual. Under the direction of the Chairman, the Company Secretary's responsibilities include ensuring good information flow within the Board and its committees and between senior management and Non-Executive Directors, advising the Board on all governance matters, as well as facilitating orientation and assisting with professional development as required.

The appointment and removal of the Company Secretary are subject to the Board's approval.

The Directors, whether as a group or individually, may seek independent professional advice as considered necessary in the furtherance of their duties, and the cost of such professional advice is borne by the Company.

7. REMUNERATION MATTERS

Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC makes recommendations to the Board on the framework of remuneration, and the specific remuneration packages for each Director and the CEO.

The RC comprises Mr Anthony Ng Koon Leng, as the Chairman, and Messrs Diong Tai Pew and Xie Yu, as the Committee members, all of whom are Non-Executive Directors with the majority of them being independent.

The duties and powers of the RC are, as follows:

- 1) to recommend to the Board a framework of remuneration for the Directors and Executive Officers which covers all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards, and benefits-in-kind;
- 2) to review and recommend specific remuneration packages for each Executive Director;
- 3) to recommend to the Board the remuneration of the Non-Executive Directors, which should be appropriate to the level of their respective contributions, taking into account factors such as the effort and time spent, and their responsibilities;

Corporate Governance

- 4) to determine the targets for any performance-related pay schemes in respect of the Executive Directors of the Group, and to review and to recommend to the Board the terms of renewal of their service contracts; and
- 5) to review the Company's obligations arising in the event of termination of the Executive Directors' and Non-Executive Directors' contracts of service and to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

The members of the RC are familiar with executive compensation matters as they manage their own businesses and/or are holding other directorships. The RC's recommendations will be submitted for endorsement by our Board. Each member of the RC refrains from voting on any resolutions in respect of the assessment of his remuneration. No Director is involved in deciding his own remuneration. The RC has access to advice regarding executive compensation matters, if required.

The remuneration packages of the Executive Directors are based on service contracts. The Non-Executive and Independent Directors are paid yearly directors' fees and these fees are subject to shareholders' approval at the annual general meeting. In setting the remuneration packages of the Executive Directors, the Company takes into account the performance of the Group and that of the Executive Directors which are aligned with long term interest and risk policies of the Group. The RC shall review the compensation annually and ensure the remuneration of the Executive Directors is commensurate with their performance and that of the Company, giving due regard to the financial and commercial health and business needs of the Group. If necessary, the RC will consider expert advice outside the Company on remuneration of all Directors. No expert advice was sought in 2015.

8. LEVEL AND MIX OF REMUNERATION

Principle 8: The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

In setting remuneration packages, the Company takes into account pay and employment conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of individual Directors. Director's fees are subject to the approval of shareholders at the annual general meeting. No Director decides his own fees.

Our Independent Directors receive directors' fees commensurate to their effort and time spent, responsibilities and contribution to the Board, subject to shareholders' approval at annual general meetings. The Company recognises the need to pay competitive fees to attract, motivate and retain Directors without being excessive. The Company has no share option plans. Accordingly, no share option has been granted to its Directors and Executive Officers.

The remuneration for our Executive Directors comprises a basic salary component and a variable component which is the annual bonus, based on the performance of the Group as a whole and his individual performance:

- a. the Company has entered into a service agreement with Mr Gu Wen Long, our Chairman and CEO on 9 September 2009 (the "**Service Agreement**"). The Service Agreement was for an initial term of three (3) years commencing from the date of the listing of the Company on the Catalist, and will continue thereafter unless terminated by not less than three (3) months' notice in writing served by either party on the other, which notice shall not expire until after the initial fixed term. Pursuant to the Service Agreement, Mr Gu is entitled to an annual basic salary of RMB1.0 million which may be subject to such increase as the RC may determine at its absolute discretion. Under the Service Agreement, any annual incentive bonus of Mr Gu is subject to the review and discretion of the RC after accounts of our Group for the immediate preceding financial year have been audited; and
- b. the Company has also entered into a service agreement with Mr Tee Tuan Sem on 6 July 2010 (the "**Other Service Agreement**"), for an initial term of three (3) years commencing from 6 July 2010, and will continue thereafter unless terminated by not less than three (3) months' notice in writing served by either party on the other, which notice shall

Corporate Governance

not expire until after the initial fixed term. Pursuant to the Other Service Agreement, Mr Tee is entitled to an annual basic salary of RMB500,000, which may be subject to such increase as the RC may determine at its absolute discretion.

There are, at present, no long-term incentive schemes in place for executive directors and key management personnel. The RC will consider whether to adopt Guideline 8.2 of the Code in due course.

There are, at present, no provisions allowing the Company to reclaim incentive components of remuneration from Executive Directors and Non-Executive Directors in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company.

9. DISCLOSURE ON REMUNERATION

Principle 9: Every company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration, in the company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

Generally, the Company's director's remuneration takes into account the level and quality of effort and contribution to the Board, respective responsibilities, attendance and time spent, subject to shareholders' approval at annual general meetings. The Company also takes into account pay and employment conditions within the same industry and in comparable companies.

The remuneration paid or payable to the Directors and Executive Officers for services rendered during FY2015 by percentage is, as follows:

Remuneration bands	Salary %	Performance		Other		Total %
		Bonus %	Fee %	Allowances %	Other Benefits %

Notes:

- (1) The Company is of the view that its key executive officers only comprise its Executive Directors, Mr Gu Wen Long and Mr Tee Tuan Sem, and Mr Wang Weizhong, Ms Ji Cui Hua and Mr Xin Feng. As such, the Company only disclosed the remuneration of Mr Wang Weizhong, Ms Ji Cui Hua and Mr Xin Feng, the only three (3) executive officers who are not a Director or CEO of the Company.
- (2) Mr Wang Weizhong joined the Company with effect from 19 June 2015 as Chief Operating Officer.

Corporate Governance

The remuneration of each individual executive officer (who is not a Director or CEO of the Company) and the remuneration of the Non-Executive Director (Mr Xie Yu) and independent Directors (Messrs Diong Tai Pei, Anthony Ng Koon Leng and Ho Chew Thim) are not disclosed to the nearest thousand dollar in the Annual Report as the Company does not believe it to be in its interest to disclose the breakdown of each individual's remuneration as such, having regard to the highly competitive human resource environment, the confidential nature of staff remuneration matters and so as not to hamper the Company's efforts to retain and nurture its talent pool. For the same reasons, the Company does not believe it to be in its best interest to disclose the key performance indicators that are linked to the remuneration package, including any termination, retirement and post-employment benefits.

The aggregate amount of the total remuneration paid to the executive officers (who are not Directors or CEO) is RMB1,340,000.

There were no employees of the Company who are immediate family members of a Director, the CEO or a substantial shareholder of the Company whose remuneration exceeded S\$50,000 during FY2015. "Immediate family member" means the spouse, child, adopted child, stepchild, brother, sister and parent.

10. ACCOUNTABILITY

Principle 10: The Board should present a balanced and understandable assessment of the company's performance, position and prospects.

In presenting the quarterly, half yearly and annual financial statements and announcements to shareholders, the Board aims to provide shareholders with a detailed and balanced analysis and explanation of the Group's financial position and prospects. The Board also ensures that adequate steps are taken to ensure compliance with legislative and regulatory requirements. The AC has been tasked to review the Company's financial information to ensure that the objective is met.

Management currently provides the Board with appropriately detailed management accounts of the Group's performance, position and prospects on a regular basis and as the Board may require from time to time. The Board will update the shareholders on the operations and financial position of the Company through quarterly and full year announcements as well as timely announcements of other matters as prescribed by the relevant rules and regulations.

11. RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 11: The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard the shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

Internal Controls

The Group's internal controls and systems are designed to provide reasonable assurance as to the integrity and reliability of the financial information and to safeguard and maintain accountability of assets. Procedures are in place to identify major business risks and evaluate potential financial effects, as well as for the authorisation of capital expenditure and investments, and also to determine the Company's level of risk tolerance and risk policies.

The appointed internal auditors carry out an annual review of the effectiveness of the Group's key internal controls, including financial, operational and compliance controls as well as risk management to the extent of their scope as laid out in their audit plan. In addition, the annual review further ensures that safeguards, checks and balances in place are adequate and effective in preventing any conflict of interest or any weakening of internal controls. Any material weakness in internal controls, together with recommendations for improvement, is reported to the AC. The AC also reviews the effectiveness of the actions taken by the Management on the recommendations made by the appointed internal auditors in this respect.

Corporate Governance

The Board has received assurances from the CEO and CFO that: (i) the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and (ii) the Company's risk management and internal control systems in place are adequate and effective.

The Board is satisfied that the system of internal controls maintained by the Group's Management provides reasonable assurance for the safeguarding of assets, the maintenance of proper accounting records, the reliability of financial information, complying with legislation, regulations and best practices and the identification and management of business risks, as well as providing reasonable assurance against material financial misstatements or loss. The Board, with the concurrence of the Audit Committee, is therefore of the view that the system of internal controls and risk management maintained by the Group is adequate and effective to safeguard shareholders' investments, the Group's assets and addresses financial, operational, compliance and information technology controls, and risk management systems of the Group.

The Board notes that no system of internal control can provide absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, fraud or other irregularities.

Risk Management

Under the Code, the Board is responsible for the governance of risk. The Board should ensure that the Management maintains a sound system of risk management and internal controls to safeguard shareholders' interest and the company's assets, and should determine the nature and extent of significant risks which the Board is willing to take in achieving its strategic objectives.

As of the date of the Annual Report, the Company does not have a Risk Management Committee. However, Management regularly reviews the Group's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. The Management reviews all significant control policies and procedures and highlights all significant matters to the Board and the AC.

12. AUDIT COMMITTEE

Principle 12: The Board should establish an Audit Committee ("AC") with written terms of reference which clearly set out its authority and duties.

The AC comprises Mr Diong Tai Pew, as the Chairman, and Messrs Xie Yu, Anthony Ng Koon Leng and Mr Ho Chew Tim, as the Committee members, all of whom are Non-Executive Directors with majority being independent.

The Board is of the view that at least two (2) members of the AC, including the AC Chairman, have the requisite qualifications, recent and relevant financial management knowledge, expertise and experience to discharge their responsibilities properly.

The AC members attend training sessions on the updates to accounting requirements as well as related market developments and emerging trends. AC members are regularly updated on changes to accounting standards and issues related to financial reporting through, *inter alia*, their meetings with the internal and external auditors of the Company.

Updates on changes in accounting standards and issues which have a direct impact on financial statements are prepared by external auditors and circulated to members of the AC periodically.

The Board has approved the written terms of reference of the AC. The main duties and activities of the AC are, as follows:

- 1) to review with the external auditors their scope of audit, their audit plan, their evaluation of the system of internal accounting controls, their audit report, their letter to Management and Management's response;
- 2) to review and ensure the integrity of the half-year and full year financial statements, and quarterly if applicable, financial statements and results announcements before submission to our Board for approval, focusing in particular on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, compliance with accounting standards and compliance with the Listing Manual and any other relevant statutory or regulatory requirements;

Corporate Governance

- 3) to review the internal control procedures (including reviewing the procedures implemented by our Group to ensure that all requisite licenses and approvals are obtained prior to commencement of the appropriate phases of each project, as well as ensuring that such procedures are adequate) and ensure co-ordination between the external auditors and our Management, and review the assistance given by our Management to the auditors, and discuss problems and concerns, if any, arising from audits, and any matters which the auditors may wish to discuss (in the absence of our Management, where necessary);
- 4) to review and report to the Board at least annually the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls;
- 5) to review and discuss with the external auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, that they may come across during the audit, which has or is likely to have a material impact on our Group's operating results or financial position, and our Management's response;
- 6) to consider and evaluate the performance of independent auditors and recommend the appointment or re-appointment of the external auditors and matters relating to the resignation or dismissal of the auditors, as well as approve the remuneration and terms of engagement of the external auditors;
- 7) to review the Mandated Transactions (as defined in the Company's Shareholders' Mandate, being the Appendix to the Annual Report of the Company for the Financial Year ended 31 December 2013), (including credit terms, status of outstanding receivables and any payments or disbursements to the interested person) and interested person transactions ("IPTs") (if any) falling within the scope of Chapter 9 of the Listing Manual to ensure that the IPTs are valid, on normal commercial terms and not prejudicial to the interests of the Company and the minority shareholders. In particular, the AC is to commission the external auditors (or such other reputable and independent audit firm as the AC deems suitable) as special auditors ("**Special Auditors**") for the purposes of reviewing of the Mandated Transactions in accordance with the established procedures. The AC is to review and discuss the special audit report presented by the Special Auditors on an annual basis. In addition, the AC shall also review periodically with the Special Auditors their terms of appointment and scope of work, for the purposes of determining the effectiveness of the special review;
- 8) to review internal audit plans;
- 9) to review the procedures by which employees of our Group may, in confidence, report to the Chairman of the AC, possible improprieties in matters of financial reporting or other matters and ensure that there are arrangements in place for independent investigations and follow-up actions in relation thereto;
- 10) to review potential conflicts of interest, if any;
- 11) to undertake such other reviews and projects as may be requested by the Board and report to the Board its findings from time to time on matters arising and requiring the attention of the AC;
- 12) generally to undertake such other functions and duties as may be required by the relevant laws or the Listing Manual, and by such amendments made thereto from time to time; and
- 13) to review our key financial risk areas, with a view of providing an independent oversight on the Group's financial reporting, the outcome of such review to be disclosed in the annual reports or, where the findings are material, announced immediately via SGXNET.

The AC has full authority to investigate any matter within its terms of reference, full access to and co-operation from Management and external and internal auditors and full discretion to invite any Director, Executive Officer or other employee of the Group to attend its meetings, and is given reasonable resources to enable it to discharge its functions properly and effectively.

The AC meets with the external auditors and with the internal auditors, without the presence of the Company's Management, at least annually.

The AC undertakes such further functions as may be agreed to by the AC and the Board from time to time.

Corporate Governance

BDO LLP, the external auditors of the Company, was responsible for providing services in connection with the audit of the financial statements of the Group for FY2015. For FY2015, the total remuneration in respect of audit services and non-audit services provided by BDO LLP for the Company is disclosed in section 21 of this report.

The AC undertook the review of the independence and objectivity of the external auditors through discussions with the external auditors as well as reviewing the non-audit services provided and the fees paid to them. The AC is satisfied that the external auditors have not provided any substantial volume of non-audit services to the Company during the FY2015 that will prejudice their independence and objectivity.

The AC has reviewed arrangements by which the staff of the Company may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters, with the objective of ensuring that arrangements are in place for the independent investigation of such matters for appropriate follow-up action.

The Company confirms that it is in compliance with Rule 712 and Rule 715 of the Section B: Rules of Catalist of the SGX-ST Listing Manual (the “**Catalist Rules**”) in relation to its auditing firms. No former partner or director of BDO LLP is a member of the AC.

The Company has put in place a whistle-blowing framework, endorsed by the AC where employees of the Company may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters and to ensure that arrangements are in place for the independent investigations of such matters and for appropriate follow up actions. There were no whistle-blowing letters received during the year and until the date of this report.

13. INTERNAL AUDIT

Principle 13: The Company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.

The AC has appointed Deloitte & Touche Enterprise Risk Services Pte Ltd (“**Deloitte**”) to be the Company’s internal auditor, who will in turn ensure adequate staffing of persons with the relevant qualifications and experience to fulfil the scope of work agreed upon. Deloitte will undertake regular reviews in accordance with an internal audit plan approved by the AC to review the adequacy and effectiveness of the Company’s system of internal control, including financial, operational, compliance and information technology controls, and risk management. The AC is satisfied that the internal audit function is adequately resourced and has appropriate standing within the Company.

The internal auditor carries out its function according to the standards set by nationally or internationally recognised professional bodies including the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The internal auditor has unfettered access to all the Company’s documents, records, properties and personnel, including access to the AC. The internal auditor reports directly to the AC and reports administratively to the CEO. The internal auditor’s scope of work and its internal audit findings will be submitted to the AC for review.

The AC approves the hiring, removal, evaluation and compensation of Deloitte as the Company’s internal auditor. The AC also evaluates the adequacy and effectiveness of the internal audit function at least annually.

14. SHAREHOLDER RIGHTS

Principle 14: Companies should treat all shareholders fairly and equitably, and should recognise, protect and facilitate the exercise of shareholders’ rights, and continually review and update such governance arrangements.

The Company is committed to establishing a corporate governance culture that promotes fair and equitable treatment of all shareholders. All shareholders are treated fairly and equitably, and enjoy specific rights under the Singapore Companies’ Act (Cap.50) and the Company’s Constitution.

Corporate Governance

These rights include, amongst others, pecuniary rights, for example, the right to participate in profit distributions and membership rights such as the right to participate in general meetings and the right to exercise their voting rights. Currently, under the Company's Constitution, all shareholders are entitled to attend and vote at the general meetings by person or proxy, and may appoint up to a maximum of two proxies, who need not be shareholders of the Company.

In addition, as of 3 January 2016, the Companies Act has been amended to, amongst other things, allow certain members who are "relevant intermediaries" to attend and participate in general meetings without being constrained by the two-proxy requirement. A "relevant intermediary" includes corporations holding licenses in providing nominee and custodial services and the CPF Board which purchases shares on behalf of the CPF investors.

Shareholders are given notice of general meetings with the sufficient notice period as required in the Companies Act, and are informed of the relevant rules and procedures governing general meetings, including voting procedures.

The Company respects the equal information rights of all shareholders and is committed to the practice of fair, transparent and timely disclosure. All material information and changes in the company or its business which would be likely to materially affect the price or value of the Company's shares are disclosed in a timely manner via SGXNET announcements.

15. COMMUNICATIONS WITH SHAREHOLDERS

Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

The Company recognises that effective communication leads to transparency and enhances accountability. As such, the Company is committed to regular and proactive communication with its shareholders in line with continuous disclosure obligations of the Company according to the Listing Manual of the SGX-ST. Before and after every general meeting, the Chairman and other members of the Board engage in dialogue with shareholders, to gather views or inputs, and address shareholders' concerns.

The Company regularly conveys pertinent information, gathers views or input, and addresses shareholders' concerns. In this regard, the Company provides timely information to its shareholders via SGXNET announcements and news releases and ensures that price-sensitive information is publicly released, and is announced within the mandatory period. The Company does not practise selective disclosure.

The Company does not have a fixed dividend policy. The form, frequency and amount of dividends will depend on the Company's earnings, general financial condition, results of operations, capital requirements, cash flow, general business condition, development plans and other factors as the Directors may deem appropriate. Notwithstanding the foregoing, any pay-out of dividends would be clearly communicated to Shareholders via announcements released via SGXNET. The Company has not declared or recommended any dividend in respect of FY2015 as the Group needs to conserve cash for further investment and development of its infrastructural facilities as well as to repay borrowings.

16. CONDUCT OF SHAREHOLDER MEETINGS

Principle 16: Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

Shareholders are informed of shareholders' meeting through notices published in newspapers and annual reports or circulars sent to all shareholders. Shareholders are encouraged to attend, participate and vote at the Company's annual general meetings and extraordinary general meetings, where they are allowed to vote in person or in absentia. They are further encouraged to raise relevant questions or give views of the Company through open question and answer session.

Resolutions at general meetings are each on substantially separate issues. All the resolutions at the general meetings are single item resolutions.

Corporate Governance

All Directors, and in particular the chairpersons of the AC, NC and RC will be present at the AGM to address any relevant queries from shareholders. The Company's external auditors, BDO LLP, will also be invited to attend the AGM and are available to assist the Directors in addressing any relevant queries by the shareholders relating to the conduct of the audit and the preparation and content of their auditors' report.

In accordance with the Code requirements, all resolutions at the general meetings are put to vote by poll. Announcements of the detailed results of voting showing the number of votes cast for and against each resolution and the respective percentages are also made after each general meeting.

The minutes of the general meetings are prepared by the Company Secretary and include substantial comments or queries from shareholders and responses from the Chairman, the Board and the Management.

17. DEALINGS IN SECURITIES

In compliance with the relevant rules of the Listing Manual, the Company has devised its own internal compliance code to provide guidance to its officers with regards to dealings in listed securities of the Company by the officer. Directors and employees of the Company are advised not to deal in the Company's shares on short-term considerations or when they are in the possession of unpublished price-sensitive information.

The Company prohibits dealings in its shares by its officers and employees during the period commencing two (2) weeks before the announcement of the Company's financial statements for each of the first three (3) quarters of its financial year, or one (1) month before the announcement of the Company's full financial year results, as the case may be, and ending on the day of the announcement of the relevant results.

18. MATERIAL CONTRACTS

Save as disclosed below and in Section 19 of this report, neither the Company nor any of its subsidiaries have entered into any material contract involving the interests of the CEO, each Director or controlling shareholder either still subsisting at the end of the financial year ended 31 December 2015 or if not then subsisting, entered into since the end of the previous financial year ended 31 December 2014:

A. External Investment in Subsidiary of the Company

On 16 November 2015, the Board of Directors of the Company announced that Jiangyin Foreversun Chemical Logistics Co., Ltd ("**Jiangyin Foreversun**"), a 65.00% owned subsidiary of the Company, had entered into an agreement with Wuxi Jinfan Investment Management Limited Partnership (无锡市金帆投资管理合伙企业) (the "**Investor**") and Mr Gu Wen Long ("**Mr Gu**"), pursuant to which the Investor would invest an aggregate of RMB4,200,000 (equivalent to approximately S\$929,460) ("**Investment Monies**") into Jiangyin Golden Bridge Transportation Co., Ltd ("**Golden Bridge**") by way of, *inter alia*, subscription to the equity of Golden Bridge ("**Proposed Investment**"). As at 16 November 2015, the Group had a 63.70% effective equity interest in Golden Bridge.

The salient terms of the Proposed Investment were as follows:

- (a) **Tranche 1 Investment.** The first tranche of the Investment Monies, amounting to RMB3,800,000, would be invested by the Investor into Golden Bridge.
- (b) **Tranche 2 Investment.** The second tranche of the Investment Monies, amounting to RMB400,000, would be invested by the Investor into Golden Bridge prior to 16 February 2016.

Pursuant to the Proposed Investment, the Company's effective equity interest in Golden Bridge would be diluted from: (i) 63.70% to 56.97%, following completion of the Tranche 1 Investment; and (ii) 56.97% to 56.27%, following completion of the Tranche 1 Investment and Tranche 2 Investment.

Corporate Governance

On 30 November 2015, the Company announced that the Tranche 1 Investment had been completed and the relevant registration in China had been duly updated.

On 17 February 2016, the Company announced that Jiangyin Foreversun had entered into a termination agreement with the Investor and Mr Gu, pursuant to which the Tranche 2 Investment had been terminated.

B. Extension of Borrowings from a Related Party

On 1 July 2013, the Group and its related party, Jiangyin Golden Bridge Chemical Co., Ltd. (“**Jinqiao Chemical**”), signed a supplementary agreement to extend the date of repayment of a RMB93.1 million interest-free borrowings to 31 December 2014, and renewable for another year thereafter. The borrowings were for partial funding of certain construction projects of the Group.

On 1 January 2015, the Group and Jinqiao Chemical signed another supplementary agreement to extend the above borrowings to 30 June 2023. Of the total borrowings, RMB29.5 million bears interest at the funding cost incurred by Jinqiao Chemical, and the balancing RMB63.6 million bears interest at 10% above the prevailing prime lending rate set by People’s Bank of China. Any repayment for the above loan is subject to the approval from the Company’s Audit Committee as well as unanimous approval from the board of Hengyang Holding Pte. Ltd (“**HHPL**”), which includes members nominated by MEGCIF Investments 5 Limited (“**MEGCIF5**”).

C. Extension of Borrowings from a Director

On 1 July 2013, a subsidiary of the Company, Jiangsu Deqiao Storage Co., Ltd. (“**Jiangsu Deqiao**”), and the Chairman of the Company signed a supplementary agreement to extend the date of repayment of a RMB11.1 million interest-free borrowings to 31 December 2014, and the terms are extendable for another year thereafter.

On 1 January 2015, Jiangsu Deqiao and the Chairman of the Company signed another supplementary agreement to extend the above borrowings to 30 June 2018, and the borrowing bears interest at the prevailing prime lending rate set by People’s Bank of China.

D. Borrowings from a Related Party

On 17 December 2015, the Group entered into a loan agreement with its related party, Wuhan Kangyang Petrochemical Co., Ltd (“**Wuhan Kangyang**”), for the amount of RMB25 million to provide partial funding for its Jiangsu Deqiao facility. The loan bears interest at the funding cost of 6.9% per annum incurred by Wuhan Kangyang and is repayable by 16 December 2016.

19. INTERESTED PERSON TRANSACTIONS

As a listed company on the SGX-ST, the Company has taken the following steps to ensure compliance with the requirements of Chapter 9 of the Listing Manual (“**Chapter 9**”) on interested person transactions, including ensuring that interested person transactions are properly reviewed, approved, and conducted on an arm’s length basis:

- 1) the Board meets quarterly to review if the Group will be entering into any interested person transaction. If the Group is intending to enter into an interested person transaction, the Board will ensure that the Group complies with the requisite rules under Chapter 9.
- 2) the AC also meets quarterly to review if the Group will be entering into any interested person transaction, and if so, the AC ensures that the relevant rules under Chapter 9 are complied with.

When a potential conflict of interest arises, the Director concerned does not participate in discussions and refrains from exercising any influence over other members of the Board.

Corporate Governance

For the period under review, the Group has carried out interested person transactions with the following person:

Information required pursuant to Rule 907

Sustainability and Community

At Hengyang, we not only focus on profitability, but also on conducting our business in a socially responsible manner. At the heart of everything we do is our commitment to our people, our environment, and our community.

Our people

We believe in investing in recruiting, training and retaining good employees. We have made every effort to create a working culture and environment that inspires our people to stay with us. We have adopted sound human resource policies and practices in our workplace by providing safe working conditions, rewarding and recognising performance, encouraging team work and work-life balance, and offering career growth opportunities and a conducive workplace.

Hengyang is also committed to ensuring the safety, security, health and well-being of our staff. We have in place a training programme for our staff on safety standards and procedures, as well as on health and hygiene standards at the workplace.

Both Jiangyin Foreversun and Jiangsu Deqiao hold the Occupational Health and Safety Management System Certificate issued by the China Quality Certification Centre for compliance with the standards OHSAS 18001:2007 and GB/T 28001-2011, and have both successfully passed the annual audit for above standards during the past financial year.

Our environment

Being in the petrochemical industry, Health, Safety, and Environment (“HSE”) standards are of utmost importance to us. Hengyang has a long-standing HSE commitment to the highest standards for the health and safety of our staff and customers, as well as for the protection of the environment in the communities in which we live and work.

We have obtained all necessary environmental permits and approvals required to conduct our business, including but not limited to the pollutant discharge permit and the operating permit for loading and unloading of the dangerous chemicals. We are also currently in compliance with all applicable environmental laws and have not breached any applicable laws or regulations since our incorporation. In order to ensure continued compliance with the relevant environmental laws and regulations, we have appointed specialised personnel to oversee environmental protection related matters within our Group.

Apart from complying with all the relevant environmental laws and regulations, we have gone a step further in order to minimise our impact on the environment by undertaking a wide range of self-initiated measures to build a greener future. For instance, we install environmentally friendly devices adjacent to breathing valves which retrieve waste gas; we implement the closed filling system to avoid leaking of dangerous gases into the atmosphere; we have also completed the transformation of the sewage treatment system to minimise the impact on the environment by the sewage discharge.

In addition, our companies have been awarded the following accreditations and commendations:

- In 2015, both Jiangyin Foreversun and Jiangsu Deqiao were recognised for their outstanding fire safety standards by the Safety Committee of Jiangyin City and Jingjiang City Fire Department respectively.
- In January 2015, Jiangsu Deqiao was also awarded as the best-practice company by the Jingjiang Chamber of Commerce in recognition for its general practices including environmental and community practices.
- In December 2015, Jiangyin Foreversun has been accredited by China Quality Certification Centre for the Compliance with the Food Safety Management System standards - ISO 22000:2005 and GB/T 22000-2006.
- Both Jiangyin Foreversun and Jiangsu Deqiao hold the Environmental Management System Certificate issued by the China Quality Certification Centre for compliance with the standards ISO14001:2004 and GB/T 24001-2004, and have both successfully passed the annual audit for above standards during the past financial year.
- Jiangsu Deqiao and Jiangyin Foreversun have also obtained the Chemical Distribution Institute — Terminals (“CDI-T”) attestation accredited by the Chemical Distribution Institute (London) in March 2015 and December 2015 respectively.

Sustainability and Community

Our community

Hengyang and its people embrace the philosophy of giving back to the community by encouraging proactive involvement in the Group's corporate social responsibility ("CSR") initiatives. We strive to be a responsible corporate neighbour and active contributor in our community.

In particular, we are a strong believer in quality education for all children. Accordingly, we have partnered with Jiangyin Charity and Jingjiang Charity, two non-profit voluntary welfare organisations, to support students from low income families and empower young learners to be successful, active citizens. In 2015, Hengyang also made a donation of RMB50,000 and RMB55,000 to the Jiangyin Charity and Jingjiang Charity respectively. The Group Chairman, Mr Gu was also awarded as "Charity Star" by the Jingjiang City People's Government in 2015.

Directors' Statement

The Directors of Hengyang Petrochemical Logistics Limited (the "Company") present their statement to the members together with the audited financial statements of the Company and its subsidiaries (the "Group") for the financial year ended 31 December 2015 and the statement of financial position of the Company as at 31 December 2015.

1. Opinion of the Directors

In the opinion of the Board of Directors,

Independent Auditor's Report

To the members of Hengyang Petrochemical Logistics Limited

Report on Financial Statements

We have audited the accompanying financial statements of Hengyang Petrochemical Logistics Limited (the "Company") and its subsidiaries (the "Group") which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2015, and the consolidated statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 42 to 93.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report

To the members of Hengyang Petrochemical Logistics Limited

Report on Financial Statements (Continued)

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2015 and of the financial performance, changes in equity and cash flows of the Group for the financial year ended on that date.

Emphasis of Matter

We draw your attention to Note 4 to the financial statements which indicates that the Group incurred a net loss of approximately RMB13,410,000 for the financial year ended 31 December 2015 and, as of that date, the Group's and the Company's current liabilities exceeded their current assets by approximately RMB430,884,000 and RMB16,869,000 respectively. These conditions indicate the existence of material uncertainties that may cast significant doubt about the Group's and the Company's abilities to continue as going concerns. Our audit opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiaries incorporated in Singapore of which we are the auditors, have been properly kept in accordance with the provisions of the Act.

Notes to the Financial Statements

For the financial year ended 31 December 2015

These notes form an integral part of and should be read in conjunction with the financial statements

1. General corporate information

Hengyang Petrochemical Logistics Limited (the “Company”) is a public limited liability company, incorporated and domiciled in Singapore with its registered office located at 10 Collyer Quay #27-00, Ocean Financial Centre, Singapore 049315. The Company’s registration number is 200807923K. The principal place of business is 1 Hengyang Road, Shizhuang, Huangtu Town, Jiangyin, Jiangsu Province, People’s Republic of China (“PRC”) 214446. The Company is listed on the Singapore Exchange Securities Trading Limited (“SGX-ST”).

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries are set out in Note 7 to the financial statements.

The immediate and ultimate holding company is Foreversun Holdings Co., Ltd., a company incorporated in the British Virgin Islands. The ultimate controlling party is Mr Gu Wen Long, whose interest in the Company is held through his shareholdings in Foreversun Holdings Co., Ltd.

The consolidated financial statements relate to the Company and its subsidiaries (the “Group”). The consolidated financial statements of the Group and the statement of financial position of the Company for the financial year ended 31 December 2015 were authorised for issue by the Board of Directors on 30 March 2016.

2. Summary of significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been drawn up in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards (“FRS”) including related Interpretations of FRS (“INT FRS”) and are prepared under the historical cost convention, except as disclosed in the accounting policies below and on a going concern basis as disclosed in Note 4 to the financial statements.

The individual financial statements of each Group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its “functional currency”). The consolidated financial statements of the Group and the statement of financial position of the Company are presented in Chinese Renminbi (“RMB”) which is the functional currency of the Company and the presentation currency for the consolidated financial statements and all values presented are rounded to the nearest thousand unless otherwise stated.

The preparation of financial statements in compliance with FRS requires management to make judgements, estimates and assumptions that affect the Group’s application of accounting policies and reported amounts of assets, liabilities, revenue and expenses. Although these estimates are based on management’s best knowledge of current events and actions, actual results may differ from those estimates. The areas where such judgements or estimates have the most significant effect on the financial statements are disclosed in Note 3.

In the current financial year, the Group has adopted all the new and revised FRS that are relevant to its operations and effective for the current financial year. The adoption of these new/revised FRS did not result in changes to the Group’s accounting policies and has no material effect on the amounts reported for the current or prior years, except as detailed below.

FRS 7 (Amendments)	: Disclosure Initiative	1 January 2017
FRS 12 (Amendments)	: Recognition to Deferred Tax Assets for Unrealised Losses	1 January 2017
FRS 16 and FRS 38 (Amendments)	: Clarification of Acceptable Methods of Depreciation and Amortisation	1 January 2016
FRS 16 and FRS 41 (Amendments)	: Agriculture Bearer Plants	1 January 2016
FRS 27 (Amendments)	: Equity Method in Separate Financial Statements	1 January 2016
FRS 109	: Financial Instruments	1 January 2018
FRS 110 and FRS 28 (Amendments)	: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined
FRS 110, FRS 112 and FRS 28 (Amendments)	: Investment Entities Applying the Consolidation Exception	1 January 2016
FRS 111 (Amendments)	: Accounting for Acquisitions of Interests in Joint Operations	1 January 2016
FRS 114	: Regulatory Deferral Account	1 January 2016
FRS 115	: Revenue from Contracts with Customers	1 January 2018
Improvements to FRSs 2014 (November 2014)		1 January 2016

Consequential amendments were also made to various standards as a result of these new or revised standards.

The Group and the Company expect that the adoption of the above FRS, if applicable, will have no material impact on the financial statements in the period of initial adoption, except as discussed below.

2. Summary of significant accounting policies (Continued)

2.1 Basis of preparation of financial statements (Continued)

FRS issued but not yet effective (Continued)

FRS 109 Financial Instruments

FRS 109 supersedes FRS 39 Financial Instruments: Recognition and Measurement with new requirements for the classification and measurement of financial assets and liabilities, impairment of financial assets and hedge accounting.

Under FRS 109, financial assets are classified into financial assets measured at fair value or at amortised cost depending on the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Fair value gains or losses will be recognised in profit or loss except for certain equity investments, for which the Group will have a choice to recognise the gains and losses in other comprehensive income. A third measurement category has been added for debt instruments – fair value through other comprehensive income. This measurement category applies to debt instruments that meet the Solely Payments of Principal and Interest contractual cash flow characteristics test and where the Group is holding the debt instrument to both collect the contractual cash flows and to sell the financial assets.

FRS 109 carries forward the recognition, classification and measurement requirements for financial liabilities from FRS 39, except for financial liabilities that are designated at fair value through profit or loss, where the amount of change in fair value attributable to change in credit risk of that liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, FRS 109 retains the requirements in FRS 39 for de-recognition of financial assets and financial liabilities.

FRS 109 introduces a new forward-looking impairment model based on expected credit losses to replace the incurred loss model in FRS 39. This determines the recognition of impairment provisions as well as interest revenue. For financial assets at amortised cost or fair value through other comprehensive income, the Group will now always recognise (at a minimum) 12 months of expected losses in profit or loss. Lifetime expected losses will be recognised on these assets when there is a significant increase in credit risk after initial recognition.

FRS 109 also introduces a new hedge accounting model designed to allow entities to better reflect their risk management activities in their financial statements.

The Group plans to adopt FRS 109 in the financial year beginning on 1 January 2018 with retrospective effect in accordance with the transitional provisions. There may be a potentially significant impact on the accounting for financial instruments on initial adoption. The Group is in the process of making a detailed assessment of the impact of this standard. The Group will be required to reassess classification and measurement of financial assets and the new impairment requirements are expected to result in changes for allowance for impairment made on trade receivables and other financial assets not measured at fair value through profit or loss.

FRS 115 Revenue from Contracts with Customers

FRS 115 introduces a comprehensive model that applies to revenue from contracts with customers and supersedes all existing revenue recognition requirements under FRS. The model features a five-step analysis to determine whether, how much and when revenue is recognised, and two approaches for recognising revenue: at a point in time or over time. The core principle is that an entity recognises revenue when control over promised goods or services is transferred to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. FRS 115 also introduces extensive qualitative and quantitative disclosure requirements which aim to enable users of the financial statements to understand the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers.

On initial adoption of this standard, there may be a potentially significant impact on the timing and profile of revenue recognition of the Group. The Group is in the process of making a detailed assessment of the impact of this standard. The Group plans to adopt the standard in the financial year beginning on 1 January 2018 with either full or modified retrospective effect in accordance with the transitional provisions, and will include the required additional disclosures in its financial statements for that financial year.

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Subsidiaries are entities over which the Group has control. The Group controls an investee if the Group has power over the investee, exposure to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

Intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions are eliminated on consolidation. Unrealised losses may be an impairment indicator of the asset concerned.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by other members of the Group.

Non-controlling interests in subsidiaries relate to the equity in subsidiaries which is not attributable directly or indirectly to the owners of the parent. They are shown separately in the consolidated statements of financial position, comprehensive income and changes in equity.

2. Summary of significant accounting policies (Continued)

2.2 Basis of consolidation (Continued)

Non-controlling interests in the acquiree that are a present ownership interest and entitle its holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value, of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, it derecognises the assets and liabilities of the subsidiary and any non-controlling interest. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under FRS 39 Financial Instruments: Recognition and Measurement or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

In the separate financial statements of the Company, investment in subsidiaries is carried at cost, less any impairment loss that has been recognised in profit or loss.

2.3 Business combinations

Business combinations from 1 January 2010

The acquisition of subsidiaries is accounted for using the acquisition method. The consideration transferred for the acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred. Consideration also includes the fair value of any contingent consideration. Contingent consideration classified as a financial liability is remeasured subsequently to fair value through profit or loss.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under FRS 103 are recognised at their fair values at the acquisition date.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

2. Summary of significant accounting policies (Continued)

2.3 Business combinations (Continued)

Business combinations from 1 January 2010 (Continued)

Goodwill arising on acquisition is recognised as an asset at the acquisition date and initially measured at the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest (if any) in the entity over net acquisition-date fair value amounts of the identifiable assets acquired and the liabilities assumed.

If, after reassessment, the Group's interest in the net fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Business combinations before 1 January 2010

In comparison to the above mentioned requirements, the following differences applied:

Business combinations were accounted for by applying the purchase method. Transaction costs directly attributable to the acquisition formed part of the acquisition costs. The non-controlling interest (formerly known as minority interest) was measured at the proportionate share of the acquiree's identifiable net assets.

Business combinations achieved in stages were accounted for as separate steps. Adjustments to those fair values relating to previously held interests are treated as a revaluation and recognised in equity.

Contingent consideration was recognised if, and only if, the Group had a present obligation, the economic outflow was probable and a reliable estimate was determinable. Subsequent measurements to the contingent consideration affected goodwill.

2.4 Property, plant and equipment

All items of property, plant and equipment are initially recognised at cost. The cost includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure on an item of property, plant and equipment is added to the carrying amount of the item if it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. All other costs of servicing are recognised in profit or loss when incurred.

Property, plant and equipment are subsequently stated at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is charged so as to write off the depreciable amounts of property, plant and equipment to their residual values over their estimated remaining useful lives, using the straight-line method, on the following bases:

Notes to the Financial Statements

For the financial year ended 31 December 2015

2. Summary of significant accounting policies (Continued)

2.4 Property, plant and equipment (Continued)

Jetties	50 years or shorter of land use right tenure
Building on leasehold land	50 years or shorter of land use right tenure
Tank facilities – components	5 – 10 years
– plant structure	20 – 25 years
Electronic system and equipment	5 – 10 years
Motor vehicles	4 – 10 years
Furniture and fixture	3 – 5 years

No depreciation is provided for, in respect of construction-in-progress until it is substantially completed and ready for its intended use. Cost comprises direct costs of construction, after deducting the net proceeds generated from trial operations, amortisation of land use rights and employee benefits expense as well as borrowing costs capitalised during the periods of construction and installation. Capitalisation of these costs ceases and the construction-in-progress is transferred to the appropriate class of property, plant and equipment when substantially all the activities necessary to prepare the assets for their intended use are completed.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The estimated useful lives, residual values and depreciation methods are reviewed, and adjusted as appropriate, at the end of each financial year.

An items of property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Fully depreciated items are retained in the financial statements until they are no longer in use.

2.5 Land use rights

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation and accumulated impairment losses. The land use rights are amortised over lease term tenures, which range from 37 to 50 years, on a straight-line basis.

2. Summary of significant accounting policies (Continued)

2.6 Impairment of non-financial assets

At the end of each financial year, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.7 Financial instruments

Financial assets and financial liabilities are recognised on the statements of financial position when the Group or the Company becomes a party to the contractual provisions of the instrument.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period, to the net carrying amount of the financial instrument. Income and expense are recognised on an effective interest basis for debt instruments other than those financial instruments at fair value through profit or loss.

Financial assets

All financial assets are recognised on a trade date where the purchase of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Financial assets are classified into the following specified categories: financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables and available-for-sale financial assets. The classification depends on the nature and purpose for which these financial assets were acquired and is determined at the time of initial recognition.

As at the end of the financial year, the Group had financial assets classified under loans and receivables.

2.7 Financial instruments (Continued)

Financial assets (Continued)

Loans and receivables

Trade and other receivables (including amount owing by related parties and subsidiaries but excluding prepayments and value added tax) and cash and cash equivalents that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortised cost, where applicable, using the effective interest method, less any identified impairment losses. Interest is recognised by applying the effective interest rate, except for short term receivables when the recognition of interest would be immaterial.

Impairment on financial assets

Financial assets are assessed for indicators of impairment at the end of each financial year. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been adversely impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

The carrying amounts of all financial assets are reduced by the impairment loss directly with the exception of trade receivables where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the financial assets at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition, any difference between the carrying amount and the sum of proceeds received and amounts previously recognised in other comprehensive income is recognised in profit or loss.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. The Group classifies ordinary shares as equity instruments.

Notes to the Financial Statements

For the financial year ended 31 December 2015

2. Summary of significant accounting policies (Continued)

2.7 Financial instruments (Continued)

Financial liabilities

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

Financial liabilities are classified as at fair value through profit or loss if the financial liability is either held for trading or it is designated as such upon initial recognition.

As at the end of the financial year, the Group had financial liabilities classified under other financial liabilities.

Other financial liabilities

Trade and other payables

Trade and other payables (including amounts owing to directors, subsidiary, related parties and a former shareholder of a subsidiary, but excluding other tax and levy payable) are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, where applicable, using the effective interest method, with interest expense recognised on an effective yield basis.

Bank borrowings

Interest-bearing bank loans are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expired. The difference between the carrying amount and the consideration paid is recognised in profit or loss.

2.8 Cash and cash equivalents

Cash and cash equivalents in the statements of financial position comprise cash on hand, deposits and other short-term highly liquid investments which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents are presented net of restricted cash in bank which is placed with banks to secure bank borrowings.

2.9 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is presented net of discounts and sales related taxes.

Rendering of services and transportation

Revenue from the storage, dispatch and drumming of liquid chemical and oil products, and revenue from land transportation business are recognised when services are rendered and significant risks and rewards have been transferred to the customers. Revenue is arrived at after deduction of trade discounts, if any. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible non-acceptance of services.

Notes to the Financial Statements

2. Summary of significant accounting policies (Continued)

2.9 Revenue recognition (Continued)

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Other income

Other income is recognised when the Group has the rights to receive payment have been established.

2.10 Government incentive

Government incentives are recognised at their fair value where there is reasonable assurance that the incentive will be received and all attaching conditions will be complied with. Government incentive receivable is recognised as income over the periods necessary to match with the related costs which are incurred.

2.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred using the effective interest method.

2.12 Employee benefits

Pension obligations

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations, namely in Singapore and the PRC. The contributions to these schemes are charged to the profit or loss in the period in which the related service is performed.

2.13 Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current income tax

The tax currently payable is based on taxable profit for the financial year. Taxable profit differs from profit reported as profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is recognised at the amount expected to be paid or recovered from the tax authorities and is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and subsidiaries operate by the end of the financial year.

Current income taxes are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Notes to the Financial Statements

For the financial year ended 31 December 2015

2. Summary of significant accounting policies (Continued)

2.13 Taxes (Continued)

Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the financial year.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects to recover or settle its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is recognised in profit or loss, except when it relates to items recognised outside profit or loss, in which case the tax is also recognised either in other comprehensive income or directly in equity, or where it arises from the initial accounting for a business combination.

Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales tax that is incurred on purchase of assets or services is not recoverable from the taxation authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of other receivables or payables in the statements of financial position.

Notes to the Financial Statements

For the financial year ended 31 December 2015

2. Summary of significant accounting policies (Continued)

2.14 Operating leases

When the Group is the lessee

Leases of assets in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are recognised as an expense on a straight-line basis over the period of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases, if any, are recognised as an expense in the period in which they are incurred.

When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognised as an expense in the period in which termination takes place.

2.15 Foreign currency transactions and translation

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each financial year, monetary items denominated in foreign currencies are retranslated at the rates prevailing as of the end of the financial year. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

Exchange differences which relate to assets under construction for future productive use, are included in the cost of those assets where they are regarded as an adjustment to interest costs on foreign currency borrowings.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Chinese Renminbi using exchange rates prevailing at the end of the financial year. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are classified as equity and transferred to the Group's foreign currency translation reserve.

On consolidation, exchange differences arising from the translation of foreign operations (including monetary items that, in substance, form part of the foreign operations) are taken to the foreign currency translation reserve.

On disposal of a foreign operation, the accumulated foreign exchange reserve relating to that operation is reclassified to profit or loss.

2.16 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. Group executive directors and chief executive officer have been identified as the chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments and making strategic decisions.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in Note 2, management made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources. The estimates and associated assumptions were based on historical experience and other factors that were considered to be reasonable under the circumstances. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

3.1 Critical judgements made in applying the accounting policies

The following are the critical judgements, apart from those involving estimations (see below) that management has made in the process of applying the Group's accounting policies and which have a significant effect on the amounts recognised in the financial statements.

Construction projects

During the financial year ended 31 December 2015, the Group has completed most of its construction projects ("CIP") and have commenced their trial operations after obtaining the trial operating licences from the respective government authorities to begin testing and commissioning of the facilities. As the testing and commissioning process requires the government authorities to issue various licences, the management uses its judgement in considering the point of transfer from CIP to property, plant and equipment ("PPE") based on the key licenses obtained from the respective government authorities. The critical judgement involved in ascertaining the point of transfer from CIP to PPE is based on the ability of the facilities being capable of operating in the manner intended by the management. Accordingly, the management is of the opinion that the CIP of the Phase I of Yueyang Hengyang Petrochemical Logistics Co., Ltd. ("Yueyang Hengyang") and the petrochemical jetty of Chongqing New Hengyang Storage Co., Ltd. ("Chongqing Hengyang") have achieved all the necessary activities, including obtaining the key operating licences from the respective government authorities, to prepare the CIP for their intended use. Upon the transfer from CIP to PPE, depreciation will commence accordingly.

Impairment of investments in subsidiaries

The Company follows the guidance of FRS 36 in determining whether investments in subsidiaries are impaired. This determination requires significant judgement. The Company evaluates, among other factors, the duration and extent to which the recoverable amount of an investment in subsidiary is less than its carrying amount and the financial health of and near-term business outlook for the investment, including factors such as industry and sector performance, changes in technology and operational and financing cash flows.

Notes to the Financial Statements

For the financial year ended 31 December 2015

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the financial year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Impairment of property, plant and equipment

The Group assesses whether there are any indicators of impairment for its property, plant and equipment at the end of each financial year. Property, plant and equipment are tested for impairment when there are indicators that the carrying amount may not be recoverable. The recoverable amount of the property, plant and equipment has been determined on the basis of fair value less costs to sell which was estimated by the management by reference to independent valuation reports and market evidences of transaction prices. The carrying amounts of the Group's property, plant and equipment as at 31 December 2015 were approximately RMB1,466,558,000 (2014: RMB1,422,362,000).

Allowance for doubtful receivables

The provision policy for doubtful receivables of the Group is based on the ageing analysis and management's ongoing evaluation of the recoverability of the outstanding receivables. The management establishes allowance for doubtful receivables on a case-by-case basis when it believes that payment of amounts owed is unlikely to occur. In establishing these allowances, the management considers the creditworthiness, historical experience and changes to the customers' financial position. If the financial conditions of these customers were to deteriorate, resulting in impairment of their abilities to make the required payments, additional allowances may be required. The carrying amount of the Group's third party trade and other receivables as at 31 December 2015 was approximately RMB61,000,000 (2014: RMB54,154,000).

Income taxes

The Group has exposure to income taxes in several jurisdictions of which a portion of these taxes arose from certain transactions and computations for which ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities of expected tax issues based on their best estimates of the likely taxes due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax positions in the period in which such determination is made. The carrying amounts of the Group's current income tax payable and deferred tax liabilities as at 31 December 2015 were approximately RMB1,855,000 (2014: RMB1,746,000) and RMB16,899,000 (2014: RMB15,003,000) respectively. The carrying amount of the Group's current income tax recoverable as at 31 December 2015 was approximately RMB172,000 (2014: RMB6,000).

Notes to the Financial Statements

For the financial year ended 31 December 2015

4. Going concern basis

As at 31 December 2015, the current liabilities of the Group and the Company have exceeded the current assets by RMB430,884,000 (2014: RMB324,182,000) and RMB16,869,000 (2014: RMB12,772,000) respectively. In addition, the Group has incurred a net loss of RMB13,410,000 (2014: RMB12,557,000) for the financial year ended 31 December 2015 and has been incurring losses for the past three consecutive financial years. These conditions indicate the existence of material uncertainties that may cast significant doubt about the Group's and the Company's abilities to continue as going concerns.

Notwithstanding the above, the Directors of the Company are of the opinion that the Group and the Company are able to meet their obligations as and when they fall due having regard to the following:

- (a) The Directors of the Company have approved the cash flow forecasts of the Group for the financial years ending 31 December 2016 and 2017, which is based on the enlarged storage capacities and the expected orders from major customers of the Group's storage and transportation services. Based on such forecasts, the Directors of the Company are of the view that adequate liquidity exists to finance the working capital requirements of the Group and the Company for the next 12 months. In preparing the cash flow forecasts, the Directors of the Company have considered the operating cash requirements of the Group as well as other key factors, including the ability of the Group to generate sufficient cash or obtain additional funding to satisfy the Group's future working capital requirements, which may impact the operations of the Group;
- (b) The Directors of the Company expect the amount payable for land use rights acquired (Note 12) amounting to RMB81,689,000 will be waived by the local government in the People's Republic of China ("PRC") in line with the local investment promotion scheme;
- (c) With the completion of the initial phases of most of its construction projects, the Group has commenced trial operations in the strategic positions along the Yangtze River. Since the subsequent phases of the development projects are independent from the initial completed phases, the Group will have the ability to postpone some of its projects to subsequent periods until higher utilisation rates are achieved for its existing storage tanks or when its resources permit;
- (d) The related parties and Chairman of the Group have undertaken not to demand repayment of the outstanding amounts of RMB67,311,000 until the Group's resources permit although the amounts are repayable on demand; and
- (e) Subsequent to the end of the financial year, the Group has secured additional banking facilities of RMB40,000,000 and expects to renew a working capital loan of RMB18,000,000 which will mature in the financial year ending 31 December 2016, subject to certain terms and conditions being met. The Group is also negotiating with its suppliers and a bank to defer repayments due in the next financial year.

4. Going concern basis (Continued)

The Directors of the Company are of the opinion that, the Group has a competitive edge with its strategic position along the Yangtze River. Following the completion stages and commencement of trial operations of most of its construction projects during the financial year, the aggregated storage capacity of the Group increased significantly and therefore, the Directors of the Company believe that the prospects of the Group are positive and cash flow forecasts are achievable. With the proceeds of RMB40,000,000 received from additional bank borrowings after the financial year, its positive operational cash flows and the continuous support from the local PRC government authority, the related parties and Chairman of the Group, suppliers and banks, the use of going concern basis in the preparation of the Group's and the Company's financial statements is appropriate.

The going concern basis is largely dependent on the Group's ability to achieve the projected revenue and profits, to obtain additional financing facilities and to defer payments to its suppliers and banks in order to meet its future working capital requirements. If the Group and the Company are unable to continue in operational existence for the foreseeable future, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the statements of financial position. In addition, the Group and the Company may need to reclassify non-current assets and liabilities. No such adjustments have been made to these financial statements.

The fair value adjustment on loan to a subsidiary was in relation to the Company in granting a conditional convertible loan of RMB50,023,000 to Hengyang Holding Pte. Ltd. ("HHPL") where the amortised cost of the loan was RMB48,068,000 and the fair value adjustment on the loan of RMB1,955,000 was recorded as investment in subsidiary. The convertible loan was converted into equity interest in HHPL during the financial year ended 31 December 2014.

Dilution of interest in subsidiaries which did not result in loss of control

During the financial year, an amount of RMB3,800,000 was injected by a related party, Wuxi Jinfan Investment Management Limited Partnership, to acquire 10.56% equity interest in the enlarged share capital of Jiangyin Golden Bridge Transportation Co., Ltd ("GB Transportation"). Accordingly, the Company's effective equity interests in GB Transportation was diluted from 63.70% to 56.97%. For the purpose of the consolidated statement of cash flows, the cash inflow of RMB3,800,000 was presented as proceeds from issue of ordinary shares by a subsidiary to a related party. The effect on the equity attributable to owners of the parent arising from the dilution of interest which did not result in a loss of control was approximately RMB1,113,000.

The details of the subsidiaries are as follows:

Notes to the Financial Statements

For the financial year ended 31 December 2015

16. Deferred tax liabilities (Continued)

Under the Law of PRC, withholding tax of 5% (2014: 5%) is imposed on dividends declared in respect of profits earned by PRC subsidiaries from 1 January 2008 onwards. Deferred tax has not been provided for in the consolidated statements of comprehensive income in respect of temporary differences attributable to accumulated profits of the PRC subsidiaries as at 31 December 2015 and 2014 amounting to approximately RMB124,422,000 and RMB120,444,000 respectively as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

17. Share capital

	Group and Company			
	2015	2014	2015	2014

Issued and fully paid				
Balance at beginning and end of financial year	203,461,883	203,461,883	289,064	289,064

The Company has one class of ordinary shares which carried no right to fixed income. All ordinary shares carry one vote per share without restriction and have no par value.

The holders of ordinary shares (excluding treasury shares, if any) are entitled to receive dividends as declared from time to time. All shares (excluding treasury shares, if any) rank equally with regards to the Company's residual assets.

18. Statutory common reserve

According to the current PRC Company Law, the PRC companies are required to transfer between 5% and 10% of its profit after income tax to statutory common reserve until the common reserve balance reaches 50% of the registered capital. For the purpose of calculating the amount to be transferred to this reserve, the profit after income tax shall be the amount determined based on PRC accounting standards. The transfer to this reserve must be made before the distribution of dividends to shareholders.

Statutory common reserve can be used to make good previous financial years' losses and for conversion to capital provided that the balance remains not less than 25% of the registered capital.

19. Other reserve

Other reserve arose from dilution of equity interest in subsidiaries, HHPL and GB Transportation, as a result of the new shares to non-controlling shareholders. The transactions did not result in a loss in control.

20. Foreign currency translation account

The foreign currency translation account comprises all foreign exchange differences arising from the translation of foreign operations. Movement in this account is set out in consolidated statement of changes in equity.

Unrecognised deferred tax assets

	Group	
	2015	2014
	RMB'000	RMB'000
Balance at beginning of financial year	13,544	6,535
Utilised during the financial year	(1,934)	–
Amount not recognised during financial year	2,743	7,009
Balance at end of financial year	14,353	13,544

Unrecognised deferred tax assets are attributable to unutilised tax losses of approximately RMB57,412,000 (2014: RMB54,175,000), which are available for offset against future profits and will expire in 2016 to 2020 (2014: 2015 to 2019). The unutilised losses are subject to the agreement by relevant tax authorities.

The deferred tax assets have not been recognised in respect of the unutilised tax losses as there is no certainty that future profits will be available against which the Group can utilise the benefits. Accordingly, these deferred tax assets have not been recognised in the consolidated financial statements in accordance with the accounting policy of the Group.

Tax exemption

In the financial year 2010, the subsidiary, Jingjiang Shuangjiang obtained a tax holiday exemption where according to the PRC's taxation law, any enterprise with foreign investment of a production nature scheduled to operate for not less than ten years shall, from the first profitable year, be exempted from income tax in the first to third year and allowed a fifty percent reduction in the fourth to sixth year. The subsidiary has been granted such incentive for the financial years from 2010 to 2015.

27. Loss per share

The calculation for loss per share is based on:

	Group	
	2015	2014
Loss after income tax attributable to owners of the parent (RMB'000)	(10,423)	(9,129)
Actual number of ordinary shares in issue during the financial year applicable to basic loss per share ('000)	203,462	203,462
Loss per share (in cents)		
– Basic	(5.12)	(4.49)
– Diluted	(5.12)	(4.49)

Basic loss per share is calculated by dividing the net profit for the financial year attributable to owners of the parent by the actual number of ordinary shares in issue during the financial year. As the Group has no dilutive potential ordinary shares, the diluted loss per share is equivalent to basic loss per share for the financial year.

Notes to the Financial Statements

For the financial year ended 31 December 2015

28. Commitments

- (a) As at the end of the financial year, the Group had capital commitment in respect of acquisition of property, plant and equipment of approximately RMB5,011,000 (2014: RMB251,798,000) that had been contracted but not provided for.

The capital commitment is payable based on the stages of completion of the relevant construction projects and will spread over a period of not lesser than twelve months.

- (b) At the end of the financial year, the commitments in respect of non-cancellable operating leases for rental of premises and equipment were as follows:

	Group	
	2015	2014
	RMB'000	RMB'000
Future minimum lease payments payable:		
Within one financial year	223	302
After one year but within five financial years	195	237
	<u>418</u>	<u>539</u>

The Group leases a number of premises and equipment under operating leases. Leases are negotiated for an average term of 1 to 5 years (2014: 1 to 5 years) and rentals are fixed for an average of 1 to 5 years (2014: 1 to 5 years). These leases have no escalation clauses, restriction and do not provide contingent rents. There are options to renew the agreements for the above operating leases.

29. Significant related party transactions

During the financial year, in addition to the information disclosed elsewhere in these financial statements, the Group entities and the Company entered into the following transactions with related parties at rates and terms agreed between the parties:

	2015	2014

(a) This relates mainly to provision of petrochemical storage services and land transport services to Jinqiao Chemical, a company established and wholly-owned by Ms Sun Fang, the spouse of the Company's Chairman and Chief Executive Officer, Mr Gu Wen Long.		
(b) Shanghai Kangyang Petrochemical Co., Ltd., Wuhan Kangyang Petrochemical Co., Ltd. and Jiangyin Saisheng New Material Co., Ltd. are controlled by Jinqiao Chemical.		
(c) Golden Hope Industrial Co., Ltd. is controlled by Mr Gu Wen Long.		
(d) Wuxi Jinfan Investment Management Limited Partnership, a limited partnership incorporated in the People's Republic of China with Mr Gu Wen Long being the general partner.		

30. Segment information

For management purposes, the Group is organised into business units based on their services, and has three reportable operating segments as follows:

- (a) The service segment is in the business of storage, dispatch and drumming of liquid petrochemical products.
- (b) The transportation segment is in the business of providing land transportation services.
- (c) The development stage segment comprises companies which have not commenced operations except for construction-in-progress.
- (d) The others segment includes the Group's remaining investment holding entities which are not included within reportable segments as they are insignificant entities of the Group.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as explained in the table below, is measured differently from net profit or loss in the consolidated financial statements. Group income taxes are managed on a group basis and are not allocated to operating segments.

The accounting policies of the operating segments are the same of those described in the summary of significant accounting policies. There is no asymmetrical allocation to reportable segments.

Transfer pricing between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

As the business of the Group is engaged entirely in the PRC, no reporting by geographical location of operation is presented.

There is no change from prior periods in the measurement methods used to determine reported segment profit or loss.

30. Segment information (Continued)

Reportable segments assets are reconciled to total assets as follows:

	Group	
	2015	2014
	RMB'000	RMB'000
Segment assets	1,843,939	1,832,472
Current income tax recoverable	172	6
Total assets	1,844,111	1,832,478

Reportable segments liabilities are reconciled to total liabilities as follows:

	Group	
	2015	2014
	RMB'000	RMB'000
Segment liabilities	1,189,698	1,170,460
Deferred tax liabilities	16,899	15,003
Current income tax payable	1,855	1,746
Total liabilities	1,208,452	1,187,209

The revenue from one customer of the Group's service and transportation segment represent approximately RMB90,152,000 (2014: RMB86,814,000).

31. Financial risk management objectives and policies

The Group has documented financial risk management policies. These policies set out the Group's overall business strategies and its risk management philosophy. The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include market risks (including interest rate risks and foreign currency risks), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise adverse effects from the unpredictability of financial markets on the Group's financial performance.

Risk management is carried out by the Finance Division under policies approved by the Board of Directors. The Finance Division identifies and evaluates financial risks in close co-operation with the Group's operating units.

There has been no significant change to the Group's exposure to financial risks or the manner in which it manages and measures risk. The Group does not hold or issue a derivative financial instrument for trading purpose or to hedge against fluctuation, if any, in interest rates and foreign exchange rates.

31.1 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates.

The Group's interest rate risk arises mainly from bank borrowings and amount due from a related party. The interest rates and terms of repayment of non-current amount owing to a related party and the bank borrowings are disclosed in Notes 9, 13 and 15 respectively. It is the Group's policy not to enter into derivative contracts to hedge its interest rate risk. The Group obtained quotes from reputable banks to ensure that the most favourable rates are made available to the Group.

For the financial year ended 31 December 2015

31. Financial risk management objectives and policies (Continued)

31.1 Interest rate risk (Continued)

At the end of the financial year, if borrowing interest rates had been 50 basis points (2014: 50 basis points) lower/higher with all other variables held constant, the Group's profit net of tax would have been RMB229,000 (2014: RMB23,000) higher/lower arising from lower/higher interest expense.

31.2 Foreign currency risk

Currency risk arises from transactions denominated in currencies other than the functional currency of the entities within the Group. The Group transacts business in various foreign currencies, including United States dollar ("USD") and Singapore dollar ("SGD") and hence is exposed to foreign currency risks. The Group does not use any derivative financial instruments to hedge these exposures.

The carrying amounts of the Group's and Company's foreign currency denominated monetary assets and monetary liabilities as at the end of the financial year were as follows:

	Group		Company	
	2015	2014	2015	2014
	RMB'000	RMB'000	RMB'000	RMB'000
Monetary assets				
Singapore dollar	3,926	19,013	1,522	484
United States dollar	390	332	12	12
	4,316	19,345	1,534	496
Monetary liabilities				
Singapore dollar	(2,170)	(1,394)	(17,844)	(12,425)

The Group is mainly exposed to Singapore dollar ("SGD") and United States dollar ("USD").

The following table details the Group's sensitivity to a 5% (2014: 5%) changes in USD and SGD against RMB. The sensitivity analysis assumes an instantaneous 5% (2014: 5%) change in the foreign currency exchange rates from the end of the financial year, with all variables held constant. The results of the model are also constrained by the fact that only monetary items, including trade and other receivables (excluding prepayments and value added tax), cash and cash equivalents, amount owing by related parties, trade and other payables, amount owing to directors and amount owing to a subsidiary which are denominated in USD and SGD are included in the analysis. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where they gave rise to an impact on the Group's profit or loss.

	Increase/(Decrease) in Profit or Loss

31.3 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the Group to incur a financial loss.

The Group has in place a credit management policy which includes a credit assessment for all the existing customers on an annual basis, and approved by the head of sales department together with the accountants, the General Manager ("GM") or Board of Directors. Before executing a business contract, the sales department will evaluate the potential customers and prepare such a credit assessment report. The customers are evaluated by the sales department based on their payment track record, financial background, the length of the business relationship between the customers and the Group and market practice. Subject to special requirements and needs of the customers, grace periods may however be granted. The Group will however ensure that the credit limit granted to customers will be within 20% of the value of the goods based on the prevailing market rates, that the customers has stored with the Group. In any case, customers are required to settle all outstanding debts with the Group before the Group will release their products which are in storage.

Grace periods within a three months' time frame will require the prior approval of the GM. Grace periods exceeding three months will require the prior approval of the Board of Directors of the Group. The grace periods shall not exceed six months.

In addition, the Group maintains contact with the existing customers on a regular basis. The Group will communicate with the customers via tele-conversations on a quarterly basis as well as make regular half yearly visits to the customers. This allows the Group to receive timely updates from the customer. The credit record of each customer is prepared in two copies, one to be maintained by the sales department and the other to be maintained by the finance department.

As the Group and the Company do not require any collateral in respect of financial assets, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statements of financial position.

The Group's and Company's major classes of financial assets are bank deposits and trade receivables. Bank deposits are mainly deposits with banks with reputable banks.

Trade receivables that are neither past due nor impaired are substantially companies with good collection track record with the Group.

The ageing analysis of trade receivables due from third parties and related parties past due but not impaired is as follows:

	Group	
	2015 RMB'000	2014 RMB'000
Past due over 1 month but less than 3 months	742	–

31.4 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The Group manages its liquidity risk by ensuring the availability of adequate funds to meet all its obligations in a timely and cost-effective manner. The table below analyses the maturity profile of the Group's financial liabilities based on contractual undiscounted cash flows:

	Effective interest rate %	Within 1 year RMB'000	After 1 year but within 5 years RMB'000	After 5 years RMB'000	Total contractual undiscounted cash flow RMB'000

The Company's financial liabilities mature within one year and are non-interest bearing.

Notes to the Financial Statements

For the financial year ended 31 December 2015

32. Fair values of financial assets and financial liabilities

The carrying amounts of the current financial assets and current financial liabilities that are not carried at fair value approximate their respective fair values as at the end of the financial year due to the relatively short-term maturity of these financial instruments.

The fair values of non-current financial liabilities that are not carried at fair value in relation to amount owing to a related party, amount owing to a director and bank borrowings are determined using discounted cash flow pricing models. As at end of the financial year, the fair values of the non-current financial liabilities approximate their carrying amounts as the interest rates are at floating interest rates.

The carrying amounts of financial assets and financial liabilities recorded at amortised cost, which approximate their fair value, are detailed in the following table:

	Group		Company	
	2015	2014	2015	2014
	RMB'000	RMB'000	RMB'000	RMB'000

33. Capital management

The capital structure of the Group consists of equity attributable to equity holders of the Company, comprising issued share capital, reserves and accumulated profits.

The Group's objectives when managing capital are:

- (a) to safeguard the Group's ability to continue as a going concern;
- (b) to support the Group's stability and growth; and
- (c) to provide capital for the purpose of strengthening the Group's risk management capability.

The Group monitors capital based on a gearing ratio. The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as total liabilities excluding current tax payable and deferred tax liabilities less cash and cash equivalents. Total capital is calculated as equity attributable to equity holders of the Company plus net debt.

Notes to the Financial Statements

For the financial year ended 31 December 2015

33. Capital management (Continued)

As part of this review, the Group considers the cost of capital and the risks associated with each class of capital. Upon review, the Group will balance its overall capital structure through the payment of dividends, new share issues and share buy-backs as well as the issue of new debt or the redemption of existing debt. The Group's overall strategy remains unchanged from 2014.

	Group	
	2015	2014
	RMB'000	RMB'000
Net debt	1,140,681	1,085,134
Equity attributable to equity holders of the Company	405,421	414,731
Total capital	1,546,102	1,499,865
Gearing ratio (%)	74	72

A subsidiary of the Group is required by a bank to maintain the following financial covenants:

- (a) a gearing ratio not exceeding 70% (2014: 70%); and
- (b) a minimum tangible net assets not less than RMB220 million (2014: RMB220 million).

As disclosed in Note 18, a subsidiary of the Group is required by the Foreign Enterprise Law of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities.

The Group is in compliance with externally imposed capital requirements for the financial years ended 31 December 2015 and 2014.

Other than above, there is no other externally imposed capital requirements to the Group for the financial years ended 31 December 2015 and 2014.

6. SHARE ISSUE MANDATE

THAT pursuant to Section 161 of the Companies Act, Chapter 50 (the “Companies Act”) and Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited (the “SGX-ST”), authority be and is hereby given to the Directors of the Company to:

- I. (a) allot and issue shares in the capital of the Company (whether by way of rights, bonus or otherwise); and/or
- (b) make or grant offers, agreements or options (collectively, “Instruments”) that may or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

- II. (notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance to any Instruments made or granted by the Directors while this Resolution was in force, provided that:-
- (a) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed one hundred percent (100%) of the total number of the issued shares (excluding treasury shares) of the Company (as calculated in accordance with sub-paragraph (b) below), of which the aggregate number of shares to be issued other than on a pro-rata basis to existing shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed fifty percent (50%) of the issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with sub-paragraph (b) below);

Notice of the Annual General Meeting

- (b) (subject to such calculation as may be prescribed by the SGX-ST), for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (a) above, the percentage of the issued share capital shall be calculated based on the total number of the issued shares (excluding treasury shares) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
- (i) new shares arising from the conversion or exercise of the Instruments;
 - (ii) new shares arising from exercise of share options or vesting of share awards outstanding or subsisting at the time of the passing of this Resolution, provided the share options or awards (as the case may be) were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST; and
 - (iii) any subsequent bonus issue, consolidated or subdivision of shares;
- (c) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Articles of Association for the time being of the Company; and
- (d) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.
- [Explanatory Note (4)]** **(Resolution 6)**

7. SHAREHOLDERS' MANDATE FOR INTERESTED PERSON TRANSACTIONS

THAT approval be and is hereby given:

- (1) for the purpose of Chapter 9 of the Listing Manual of the Singapore Exchange Securities Trading Limited (Section B: Rules of Catalyst) (the "**Listing Manual**"), for the Company and any of its subsidiaries and associated companies that are deemed an entity at risk as defined in Chapter 9 of the Listing Manual, to enter into any of the transactions falling within the types of Interested Person Transactions, as set out in the Appendix to the Annual Report for the financial year ended 31 December 2015 (the "**Appendix**") with any party who is of the class of the Interested Persons described in the Appendix provided that such transactions are carried out in the ordinary course of business, on normal commercial terms and in accordance with the guidelines and review procedures for Interested Person Transactions as set out in the Appendix (the "**Shareholders' Mandate**");
- (2) the Shareholders' Mandate shall, unless revoked or varied by the Company in General Meeting, continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by laws to be held, whichever is the earlier; and
- (3) the Directors of the Company be and are hereby authorized to complete and do all such acts and things (including without limitation, executing all such documents as may be required) as they may consider expedient or necessary or in the interests of the Company to give effect to the Shareholders' Mandate and/or this Resolution. **[Explanatory Note (5)]** **(Resolution 7)**

8. To transact any other ordinary business that may properly be transacted at an Annual General Meeting.

By Order of the Board

Yap Lian Seng
Company Secretary

Singapore, 7 April 2016

Notice of the Annual General Meeting

Explanatory Notes:

- (1) **Resolution 2** — Mr Tee Tuan Sem, if re-elected, will remain as the Company's Executive Director and Vice-Chairman.
- (2) **Resolution 3** — Mr Anthony Ng Koon Leng, if re-elected, will remain as the Independent Director of the Company and the chairman of the Remuneration Committee.
- (3) **Resolution 4** — Is to facilitate payment of Directors' fees during the financial year in which the fees are incurred. The Directors' fees will be paid half-yearly in arrears. The aggregate amount of Directors' fees provided in the Resolution is calculated on the assumption that all the present Directors will hold office for the whole of the financial year ending 31 December 2016 ("FY2016"). Should any Director hold office for only part of FY2016 and not the whole of FY2016, the Director's fee payable to him will be appropriately pro-rated.
- (4) **Resolution 6** — Is to empower the Directors to issue shares and/or Instruments (as defined above) in the capital of the Company. The aggregate number of shares to be issued pursuant to Resolution 6 (including shares to be issued in pursuance of Instruments made or granted) shall not exceed 100% of the total number of issued shares (excluding treasury shares) in the capital of the Company with a sub-limit of 50% for shares issued other than on a pro-rata basis to shareholders (including shares to be issued in pursuance of Instruments made or granted pursuant to the said Resolution). For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued share capital will be calculated based on the total number of issued shares (excluding treasury shares) at the time of the passing of Resolution 6, after adjusting for (i) new shares arising from the conversion or exercise of the Instruments; (ii) new shares arising from exercising share options or vesting share awards outstanding or subsisting at the time of passing of this Resolution provided the share options or share awards (as the case may be) were granted in compliance with Part VIII of Chapter 8 of the Listing Manual; and (iii) any subsequent bonus issue, consolidation or subdivision of shares.
- (5) **Resolution 7** — For further details, please refer to the Appendix.

Notes:

- (a) A member (who is not a relevant intermediary) of the Company entitled to attend and vote at the Annual General Meeting of the Company is entitled to appoint one (1) or two (2) proxies to attend, speak and vote in his stead. Where a member appoints two (2) proxies, the appointments shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
 - (b) A member (who is a relevant intermediary) of the Company entitled to attend and vote at the Annual General Meeting of the Company is entitled to appoint more than two (2) proxies to attend, speak and vote in his stead, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.
- "Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50.
2. A proxy need not be a member of the Company.
 3. Where a member appoints more than one (1) proxy, the member must specify the proportion of shareholdings (expressed as a percentage of the whole) to be represented by each proxy.
 4. If the instrument appointing a proxy is returned without any indication as to how the proxy shall vote, the proxy will vote or abstain as he deems fit.
 5. If the instrument appointing a proxy is returned without the name of the proxy indicated, the instrument appointing a proxy shall be invalid.
 6. If the appointor is an individual, the instrument appointing a proxy shall be signed by the appointor or his attorney.
 7. If the appointor is a corporation, the instrument appointing a proxy shall be either given under its common seal or signed on its behalf by an attorney or a duly authorised officer of the corporation. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the meeting, in accordance with Section 179 of the Companies Act (Chapter 50).
 8. The signature on the instrument appointing a proxy need not be witnessed. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument appointing a proxy, failing which the instrument may be treated as invalid.
 9. The instrument appointing a proxy must be deposited at the office of the Share Registrar of the Company, Boardroom Corporate & Advisory Services Pte. Ltd. at 50 Raffles Place #32-01, Singapore Land Tower, Singapore 048623 not less than 48 hours before the time appointed for holding the Annual General Meeting or adjourned meeting or (in the case of a poll taken otherwise than at or on the same day as the meeting or adjourned meeting) for the taking of the poll at which it is to be used.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Annual General Meeting or adjourned meeting, as certified by The Central Depository (Pte) Limited to the Company.

IMPORTANT: PLEASE READ THE NOTES OVERLEAF

NOTES :

1. Please insert the total number of Shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Cap. 289), you should insert that number of shares. If you have shares registered in your name in the Register of Members of the Company, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by you.
2.
 - (a) A member (who is not a relevant intermediary) of the Company entitled to attend and vote at the Annual General Meeting of the Company is entitled to appoint one (1) or two (2) proxies to attend, speak and vote in his stead. Where a member appoints two (2) proxies, the appointments shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
 - (b) A member (who is a relevant intermediary) of the Company entitled to attend and vote at the Annual General Meeting of the Company is entitled to appoint more than two (2) proxies to attend, speak and vote in his stead, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50.
3. A proxy need not be a member of the Company.
4. Where a member appoints more than one (1) proxy, the member must specify the proportion of shareholdings (expressed as a percentage of the whole) to be represented by each proxy.
5. If the instrument appointing a proxy is returned without any indication as to how the proxy shall vote, the proxy shall vote or abstain as he thinks fit.
6. If the instrument appointing a proxy is returned without the name of the proxy indicated, the instrument appointing a proxy shall be invalid.
7. If the appointor is an individual, the instrument appointing a proxy shall be signed by the appointor or his attorney.
8. If the appointor is a corporation, the instrument appointing a proxy shall be either given under its common seal or signed on its behalf by an attorney or a duly authorised officer of the corporation. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the meeting, in accordance with Section 179 of the Companies Act, Cap. 50.
9. The signature on the instrument appointing a proxy need not be witnessed. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument appointing a proxy, failing which the instrument may be treated as invalid.
10. The instrument appointing a proxy must be deposited at the office of the Share Registrar of the Company, Boardroom Corporate & Advisory Services Pte. Ltd. at 50 Raffles Place #32-01, Singapore Land Tower, Singapore 048623, not less than 48 hours before the time appointed for holding of the Annual General Meeting or adjourned meeting or (in the case of a poll taken otherwise than at or on the same day as the meeting or adjourned meeting) for the taking of the poll at which it is to be used.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Annual General Meeting, as certified by The Central Depository (Pte) Limited to the Company.
