PROFIT WARNING

The Board of Directors (the “**Board**”) of Abundance International Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) wishes to inform shareholders and potential investors of the Company that the Group expects to report a net loss for the financial year ended 31 December 2025 (“**FY2025**”).

Based on the preliminary review of the Group’s draft unaudited consolidated financial results for FY2025, the expected net loss is mainly attributable to lower revenue arising from an unexpected decline in the average selling prices of certain chemical products.

Losses incurred in the first half of FY2025 were further exacerbated in the second half, resulting in a significant full-year loss. The weaker performance in FY2025 was largely driven by softer global economic conditions, which led to oversupply, reduced customer demand and lower average selling prices of certain chemical products as compared to the previous financial year. In addition, to manage inventory levels and cashflow requirements, a portion of the Group’s inventory was sold at a gross loss in the second half of FY2025.

The Group is currently in the process of finalising its condensed interim financial statements for the reporting period. The financial results announcement for FY2025 is expected to be released on or before 28 February 2026.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company. Persons who are in doubt as to the action they should take should consult their stockbrokers, bank managers, solicitors, accountants, or other professional advisers.
