**RESPONSES TO SUBSTANTIAL AND RELEVANT QUESTIONS FROM SHAREHOLDERS
AT THE TWENTY SEVENTH ANNUAL GENERAL MEETING HELD ON 27 APRIL 2026**

Ordinary Resolution 1: Directors’ Statement and Audited Financial Statements for FY2025	
Question 1 (Shareholder #1)	Could the Board explain the key reasons for the improvement in profit margins and provide an outlook on the Group’s performance for the coming year?
Answer (Chairman)	The improvement in profit margin was mainly due to a significant shortage and increase in chip prices, as well as Management’s focus on selected design-in projects, particularly in the area of avionics AI cards, which positively impacted FY2025 performance. Despite ongoing macroeconomic challenges and external uncertainties, Management will continue to focus on sustaining growth and strengthening the Company’s fundamentals, while adopting a prudent approach to capital management to preserve shareholder value and support operations and future opportunities.
Question 2 (Shareholder #1)	Will the Company consider declaring dividends, including an interim dividend, given its current cash position?
Answer (Chairman)	While dividends are welcomed, the Board remains cautious amid global and geopolitical uncertainties. Currently, the Company is prioritising funds for research and development and growth initiatives. Dividend declarations will be reviewed at an appropriate time, taking into account business conditions, capital requirements, and shareholders’ interests as a whole. For the time being, the Board is of the view that preserving cash is in the best interest of the Company and its shareholders.
Ordinary Resolution 5: Directors’ Fees for FY2025	
Question 3 (Shareholder #1)	Could the Board clarify the proposed directors’ fees of S\$80,000?
Answer (Management)	The proposed directors’ fees of S\$80,000 for FY2025 apply only to the Independent Non-Executive Directors. The Executive Director does not receive directors’ fees. The amount reflects the responsibilities undertaken and the time commitment required of the Non-Executive Directors during the financial year. Shareholders were directed to refer to page 30 for the breakdown of the directors’ fees for FY2025.

Ordinary Resolution 8: Authority to Allot and Issue Shares under the Trek 2000 ESOS 2023	
Question 4 (Shareholder #1)	Could the Board explain the rationale behind the Trek 2000 ESOS 2023?
Answer (Chairman)	The Trek 2000 ESOS 2024 extends beyond the Executive Director and controlling shareholders to include members of the Group Executive Management who contributes to the Company's growth. Share options are granted as a privilege to individuals who add value to the Company, with the aim of rewarding and retaining talent. The Board and Management regard employees as a key asset, and the scheme aligns employees' interests with those of shareholders and supports the Company's long-term growth objectives.
Ordinary Resolution 9: Proposed Grant of Option to Mr. Tan Joon Young, Wayne, a Controlling Shareholder, under the Trek 2000 ESOS 2023	
Question 5 (Shareholder #1)	Why is the Executive Director, who is also the controlling shareholder, being granted options under the Trek 2000 ESOS 2023, and what safeguards are in place to protect minority shareholders?
Answer (Lead ID)	Details of the proposed grant, including the number of options and vesting conditions, were fully disclosed in the Circular, and the Executive Director abstained from voting on the resolution. The grant recognises the Executive Director's continued contributions and aligns Management's interests with the Company's long-term performance. The Board has considered the potential impact on minority shareholders and is of the view that the proposed grant is reasonable, appropriately structured, and in line with prevailing market practices.
Ordinary Resolution 10: Proposed Renewal of Share Buy-Back Mandate	
Question 6 (Shareholder #1)	How does the Company's cash conservation approach align with the proposed renewal of the share buy-back mandate?
Answer (Chairman)	The proposed renewal of share buy-back mandate forms part of the Company's broader capital management strategy. While the Company remains focused on conserving cash amid uncertainties, the Board is also committed to protecting shareholder value. Based on the Company's financial position and prevailing market conditions, Management considers that the shares may be undervalued, and a share buy-back is one of the tools available to enhance shareholder value. The mandate provides flexibility to act when appropriate, without committing the Company to immediate purchases. Any share buy-back will be undertaken prudently and will not compromise the Company's operational requirements or growth plans. The Board is of the view that this approach strikes an appropriate balance between cash preservation and shareholder value protection.
