The results of the Offers will be announced as soon as reasonably practicable on or after the Pricing Date, which is expected to be on or around 5 September 2024 (the “Results Announcement Date”).

The Offeror currently intends to issue further U.S.\$-denominated Senior Perpetual Capital Securities (the “**Additional New Securities Issuance**” and such securities, the “**Additional New Securities**”) with the same terms and conditions as, and are fungible with, the Exchanged New Securities (the Exchanged New Securities, together with the Additional New Securities, the “**New Securities**”). The issue of such Additional New Securities Issuance remains at the sole discretion of the Offeror. Such concurrent transaction is not part of the Offers and will be conducted pursuant to a separate offering circular.

Rationale for the Tender Offers

The Offers are being undertaken by the Offeror as part of a proactive approach to the strategic management of its capital structure.

Any Existing Securities accepted for exchange pursuant to the Exchange Offers or purchased pursuant to the Tender Offers will be cancelled.

Summary of the Offers

Exchange Offers

Subject to terms and subject to the conditions set out in the Offer Memorandum, the Exchange Offers are being made in respect of any and all of the Existing Securities. If the Offeror accepts valid offers of Existing Securities for exchange pursuant to the Exchange Offers, it will accept all such offers that have been made.

There is no limit on the amount of Existing Securities that may be offered for exchange pursuant to the Exchange Offers. Therefore, no pro-rata factor will be applied to the acceptance of Existing Securities of a holder validly offered and accepted for exchange. Existing Securities that are not successfully offered for exchange pursuant to the Exchange Offers will remain outstanding.

Each Securityholder whose Existing Securities are accepted for exchange pursuant to the Exchange Offers will receive, on the Settlement Date, an aggregate principal amount of Exchanged New Securities equal to 100 per cent. of the aggregate principal amount of the Existing Securities accepted for exchange from such holder.

The Offeror will also pay in cash to each Securityholder whose Existing Securities are accepted for exchange pursuant to the Exchange Offers, on the Settlement Date, an Accrued Distribution Amount.

If the Offeror accepts valid offers of Existing Securities for exchange pursuant to the Exchange Offers, the Exchanged New Securities will be issued in denominations of US\$200,000 and integral multiples of US\$1,000 thereafter. Accordingly, to participate in an Exchange Offer, Securityholders must validly offer for exchange sufficient Existing Securities of the relevant Series to be eligible to receive, in accordance with the terms of the relevant Exchange Offer, a nominal amount of Exchanged New Securities at least equal to the minimum denomination of US\$200,000 and integral multiples of US\$1,000 thereafter.

The Minimum New Issue Initial Distribution Rate will be announced by the Offeror on the Minimum New Issue Initial Distribution Rate Fixing Date (as defined herein).

The following pricing terms of the New Securities will be determined on the Pricing Date and announced by the Offeror as soon as reasonably practicable on or after the Pricing Date:

- (a) the New Issue Initial Rate of Distribution; and
- (b) the New Issue Initial Credit Spread.

Tender Offers

The Offeror intends to accept valid tenders of Existing Securities for purchase pursuant to the Tender Offers in an aggregate nominal amount which shall be determined at the sole discretion of the Offeror following the pricing of the New Securities, not to exceed the net proceeds from the Additional New Securities Issuance (the “**Maximum Acceptance Amount**”), and which the Offeror will announce as soon as reasonably practicable on or after the Pricing Date.

The Offeror reserves the right, in its sole and absolute discretion, and for any reason, not to purchase any Existing Securities or not to purchase any Existing Securities of a particular Series, subject to applicable law.

If the Offeror decides to accept any Existing Securities for purchase pursuant to the relevant Tender Offer(s), the Offeror proposes to accept Existing Securities validly tendered for purchase pursuant to the relevant Tender Offer(s) in the order of the related Priority Level set forth above (each a “**Priority Level**”), beginning with the Existing Securities with Priority Level of 1 being the highest Priority Level. Subject to the satisfaction (or waiver) of the New Issue Condition and the other conditions described in the Offer Memorandum, validly tendered Existing Securities with a higher Priority Level will be accepted before any validly tendered Existing Securities with a lower Priority Level.

The Offeror does not intend to accept any valid tenders of Existing Securities with a Priority Level of 2 unless it has accepted all valid tenders of Existing Securities with a Priority Level of 1 in full, with no pro rata scaling in the event that the aggregate principal amount of Existing Securities with a Priority Level of 1 accepted by the Offeror does not exceed the Maximum Acceptance Amount.

In the event that the principal amount accepted by the Offeror at a Priority Level causes the aggregate principal amount accepted by the Offeror to exceed the Maximum Acceptance Amount, the Existing Securities validly offered for purchase at that Priority Level may be subject to pro-rata in the manner described in the Offer

Memorandum such that the aggregate principal amount accepted by the Offeror does not exceed the Maximum Acceptance Amount.

New Issue Condition

Whether the Offeror will accept for exchange any Existing Securities validly offered for exchange in the Exchange Offers or accept for purchase any Existing Securities validly tendered for purchase in the Tender Offers is subject to the pricing and successful completion (in the sole determination of the Offeror) of the issue of the New Securities (the “**New Issue Condition**”).

Even if the New Issue Condition is satisfied (or waived), the Offeror is under no obligation to accept, and shall have no liability to any person for any non-acceptance of, any offer of Existing Securities for exchange pursuant to the Exchange Offers or any tender of Existing Securities for purchase pursuant to the Tender Offers. Offers of Existing Securities for exchange and tenders of Existing Securities for purchase may be rejected in the sole discretion of the Offeror for any reason and the Offeror is under no obligation to Securityholders to furnish any reason or justification for refusing to accept an offer of Existing Securities for exchange or a tender of Existing Securities for purchase.
