**Profit Warning for Third Quarter and Nine Months Financial Year 2018
Unaudited Financial Results Ended 30 September 2018**

The Board of Directors (“Board”) of Trek 2000 International Ltd (“Company”, and together with its subsidiaries, “Group”) wishes to issue a profit warning based on the currently available preliminary assessment of the Group’s unaudited financial results for the third quarter and nine months ended 30 September (“3QFY2018” and “9MFY2018”).

The Group is expected to report a loss for 3QFY2018 and 9MFY2018 due to the falling sales revenue and lower gross profit margin as a result of the following:

- (i) the uncertainty over the global economic landscape since early this year resulting in uncertainty in the market and dampening customers demand; and
- (ii) the strengthening of USD against the regional currencies in FY2018 resulting in lower demand from customers in the region and lower profit achieved

The Group is in the process of finalising its financial results for 3QFY2018 and 9MFY2018. Further details of the Group’s financial results will be disclosed when the Company announces its unaudited financial results on or before 7 November 2018.

In the meantime, shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company. Persons who are in doubt as to the action they should take should consult their stockbrokers, bank managers, solicitors, accountants or other professional advisers.
