GENERAL ANNOUNCEMENT

MEWAH'S DEPUTY CHAIRPERSON, EXECUTIVE DIRECTOR AND CEO MS MICHELLE CHEO HUI NING RECOGNISED ON FORTUNE MOST POWERFUL WOMEN ASIA 2025 LIST

The Board of Directors of Mewah International Inc. (the "**Company**", and together with its subsidiaries, the "**Group**") is pleased to announce that our Deputy Chairperson, Chief Executive Officer and Executive Director, Ms Michelle Cheo Hui Ning ("**Ms Cheo**") has once again been recognised on the Fortune 100 Most Powerful Women (MPW) Asia 2025 list. She is one of fourteen leaders from Singapore to be featured this year, and among six who serve as CEO, Chairman and other C- Suites leaders of Fortune Southeast Asia 500 firms. These dual recognitions in Fortune, both for the Group earlier this year and now for its leader, reaffirms Ms Cheo standing among the region's most influential business leaders and highlights Mewah's growing presence in the regional and global business landscape.

This recognition reflects Ms Cheo's unwavering leadership and her role in guiding the Group through evolving challenges and opportunities. It builds on the Group's recent achievements and sustained regional impact, while also marking Ms Cheo's third major accolade within five years, having previously been honoured as the Outstanding Chief Executive at 2020/21 Singapore Business Awards.

Upon receiving the recognition, Ms Cheo shared the following remarks: "Recognition of this nature is never about one individual. It is the result of the collective commitment, resilience, and belief shared by everyone connected to Mewah — our Board of Directors, Joint Venture Partners, colleagues across the globe, and their families. I am deeply thankful for your contribution. Together, we prove that when guided by a shared purpose, our collective impact extends well beyond what any of us could achieve on our own."

The Fortune 100 MPW Asia 2025 list is the definitive rankings of the top 100 female business leaders based in 14 markets, including mainland China, Singapore, Hong Kong SAR, India, Thailand, Japan, Australia, South Korea, Philippine, Vietnam, Malaysia, Taiwan, Indonesia and Macau SAR. In compiling the list, Fortune's editors evaluated company scale and health; career momentum; influence; innovation; and efforts to drive social impact.
