Proposed Restructuring Exercise

With reference to the Company's various previous announcements, the Company had announced the appointment of RSM Corporate Advisory Pte. Ltd. ("RSM") as financial consultant in June 2021, to, inter alia, undertake a review of the Group's businesses and assist to formulate restructuring plans to improve the financial position and/or performance of the Group. Following the completion of RSM's review and their proposed restructuring plan to the Company, on 7 August 2021, the Company announced that it intends to propose a scheme of arrangement between the Company and its creditors. The Company has accordingly filed an application in the General Division of the High Court of the Republic of Singapore for a moratorium under Section 64 of the Insolvency, Restructuring and Dissolution Act 2018 (No. 40 of 2018) (the "IRDA") on 6 August 2021 (the "Application"). In addition, the Company's wholly-owned subsidiaries PBT Engineering Pte Ltd ("PBT Engineering"), Trans Equatorial Engineering Pte Ltd ("Trans Equatorial"), TEE Infrastructure Private Limited ("TEE Infra") and TEE E&C (Malaysia) Sdn Bhd ("TEE E&C (M)"), (together with the Company, PBT Engineering, Trans Equatorial and TEE Infra, the "Applicants") have also filed applications under Section 65 of the IRDA on 6 August 2021 respectively in support of the Company's proposed restructuring. The moratorium orders are being sought to preserve the assets of the Group pending the formulation of a holistic restructuring plan.

The Court has, on 29 June 2022, granted orders in terms of the Extension Applications for moratoria relief for the Company and TEE Infra up to 30 September 2022.

PBT Engineering will be undertaking a separate scheme of arrangement with its creditors for, *inter alia*, the restructuring of PBT's debts. In connection with the said scheme, PBT filed an application for moratorium relief under IRDA on 3 August 2022.

On 3 August 2022, the Company had announced that it has entered into a sale and purchase agreement (the "SPA") with Chia Yoke Heng ("Mr Chia") and ADS Builders (1988) Pte. Ltd. ("ADS") (Mr Chia and ADS collectively, the "Purchasers"), to sell to the Purchasers 100% of the issued and paid-up share capital of PBT Engineering for a consideration of S$18,000 (the "Consideration") (the "Disposal"). For more information, please refer to the said announcement made.

Creditors' Voluntary Liquidation of Trans Equatorial

On 26 November 2021, the Court has granted moratoriums for all the Applicants save for Trans Equatorial until 31 March 2022. The Court granted leave for Trans Equatorial to withdraw its application and will likely to undergo a voluntarily liquidation. The Court also ordered that RSM be appointed as Monitoring Accountants to exercise oversight over the entire restructuring process and over the utilisation of the assets and cash as well as to provide a report to the Court and the creditors every 2 months to update on the restructuring process.

On 16 December 2021, the Company has announced that it has commenced the winding-up process of Trans Equatorial by way of creditors' voluntary liquidation (the "CVL") and RSM was appointed as provisional liquidators. On 13 January 2022, the Company further announced that Trans Equatorial has been officially placed in CVL pursuant to a special resolution passed at the Extraordinary General Meeting of Trans Equatorial and confirmation by the creditors of Trans Equatorial at a creditors meeting, both held on 12 January 2022.

The Company wishes to confirm that there has been no other material development in relation to the creditors' voluntary liquidation of Trans Equatorial that may have a significant impact on the Company's financial position.

Winding Up Order in respect of TEE E&C (M)

On 24 June 2022, the Company had announced that the High Court of Penang has made the following orders in relation to TEE E&C on 16 June 2022:

a) TEE E&C (M) is winding up under the provisions of the Companies Act 2016 of Malaysia;
b) The Receiving Officer/Director General of Insolvency is appointed as the Liquidator for TEE E&C (M); and
c) Cost of RM3,000 are paid to Hong Poh Engineering from the assets of TEE E&C (M).

The Company wishes to confirm that there has been no other material development in relation to the winding up process that may have a significant impact on the Company's financial position.

As the proposed restructuring exercise and discussions with creditors are still in progress and the final outcome is uncertain, the actual impact, whether financial or non-financial, is not easily determinable as at the date of this announcement. The condensed interim financial statements in this announcement, explanatory notes and other information have not been audited or reviewed by the Company's auditors.

Shareholders and potential investors of the Company are accordingly advised to read this announcement in full and any other prior and further announcements made by the Company carefully. Shareholders and potential investors of the Company should consult their stockbrokers, bank managers, solicitors or other professional advisers if they have any doubt.

E. Notes to the condensed interim consolidated financial Statements

1. Corporate information

TEE International Limited (the "Company") (Registration No. 200007107D) is incorporated in Singapore with its principal place of business and registered office at 25 Bukit Batok Street 22, TEE Building, Singapore 659591. The Company is listed on the Singapore Exchange Securities Trading Limited.

The Company's immediate and ultimate holding company is Tramore Global Limited, a company incorporated in British Virgin Islands.

These condensed interim consolidated financial statements as at and for the financial period ended 30 June 2022 comprise the Company and its subsidiaries (collectively, the "Group").

The principal activities of the Company are investment holding and property investment and development. The principal activities of its associates, joint venture and subsidiaries are those of engineering and infrastructure business.

Proposed Restructuring Exercise

On 15 July 2021, the Company announced the appointment of RSM Corporate Advisory Pte. Ltd. ("RSM") as financial consultant in June 2021, to, inter alia, undertake a review of the Group's businesses and assist to formulate restructuring plans to improve the financial position and/or performance of the Group.

Following the completion of RSM's review and their proposed restructuring plan to the Company, on 7 August 2021, the Company announced that it intends to propose a scheme of arrangement between the Company and its creditors. The Company has accordingly filed an application in the General Division of the High Court of the Republic of Singapore for a moratorium under Section 64 of the Insolvency, Restructuring and Dissolution Act 2018 (No. 40 of 2018) (the "IRDA") on 6 August 2021 (the "Application"). Please see the announcement on 7 August 2021 for more information. In addition, the Company's wholly-owned subsidiaries PBT Engineering Pte Ltd ("PBT Engineering"), Trans Equatorial Engineering Pte Ltd ("Trans Equatorial"), TEE Infrastructure Private Limited ("TEE Infra") and TEE E&C (Malaysia) Sdn Bhd ("TEE E&C (M)"), (together with the Company, PBT Engineering, Trans Equatorial and TEE Infra, the "Applicants") have also filed applications under Section 65 of the IRDA on 6 August 2021 respectively in support of the Company's proposed restructuring. The moratorium orders are being sought to preserve the assets of the Group pending the formulation of a holistic restructuring plan. Please also see further announcements on material developments in this regard made on 17 August 2021, 7 September 2021, 8 September 2021, 19 October 2021, 1 November 2021, 29 November 2021, 23 March 2022 and 31 March 2022 (the "Previous Announcements").

On 20 June 2022, the Company announced that, together with TEE Infra, an extension of the Moratoria under Section 64(7) and/or 65(5) of the IRDA (the "Extension Applications") were filed. Further on 29 June 2022, the Court has granted orders in terms of the Extension Applications for moratoria relief for the Company and TEE Infra up to 30 September 2022.

PBT Engineering will be undertaking a separate scheme of arrangement with its creditors for, *inter alia*, the restructuring of PBT's debts. In connection with the said scheme, PBT filed an application for moratorium relief under IRDA on 3 August 2022. Please refer to Note 24 for details.

Creditors' Voluntary Liquidation of Trans Equatorial

On 26 November 2021, the Court has granted leave for Trans Equatorial to withdraw its application and the Court also ordered that RSM to be appointed as Monitoring Accountants to perform the following functions:

a) To exercise oversight over the entire restructuring process;
b) To exercise oversight over the utilisation of the assets and cash; and
c) To provide a report to the Court and the creditors every 2 months to update on the restructuring process.

On 16 December 2021, the Company has announced that the Group has commenced the winding-up process of Trans Equatorial by way of creditors' voluntary liquidation (the "CVL") and appointed Ms. Oon Su Sun and Mr. Lin Yueh Hung of RSM Corporate Advisory Pte. Ltd. as provisional liquidators. On 13 January 2022, the Company further announced that Trans Equatorial has been officially placed in CVL pursuant to a special resolution passed at the Extraordinary General Meeting of Trans Equatorial and confirmation by the creditors of Trans Equatorial at a creditors meeting, both held on 12 January 2022.

Winding Up Order in respect of TEE E&C (M)

On 24 June 2022, the Company had announced that the High Court of Penang has made the following orders in relation to TEE E&C (M) on 16 June 2022:

a) TEE E&C (M) is winding up under the provisions of the Companies Act 2016 of Malaysia;
b) The Receiving Officer/Director General of Insolvency is appointed as the Liquidator for TEE E&C (M); and
c) Cost of RM3,000 are paid to Hong Poh Engineering from the assets of TEE E&C (M).

The Company wishes to confirm that there has been no other material development in relation to the winding up process that may have a significant impact on the Company's financial position.

The Company will continue to work with RSM and its legal advisors on the restructuring plan which includes restructuring of the debts under the Company and PBT Engineering, and Trans Equatorial's voluntary liquidation.

E. Notes to the condensed interim consolidated financial statements (cont'd)

2. Basis of Preparation

The condensed interim financial statements for the second quarter and half year ended 31 March 2022 have been prepared in accordance with SFRS(I) 1-34 *Interim Financial Reporting* issued by the Accounting Standards Council Singapore. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last audited financial statements for the period ended 30 September 2021.

The accounting policies adopted are consistent with those of the previous financial period which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards as set out in Note 2.1.

The condensed interim financial statements are presented in Singapore dollar which is the Company's functional currency and all values in the tables are rounded to the nearest thousand (S$'000), except when otherwise indicated.

Basis of consolidation

The condensed interim consolidated financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the interim condensed consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Change in the Group's ownership interests in existing subsidiaries

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable SFRS(I)s. The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9, or when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

De-recognition of subsidiaries upon loss of control

i) Trans Equatorial and its subsidiaries

As disclosed in Note 1, Trans Equatorial was placed into creditors' voluntary liquidation (the "CVL") on 12 January 2022.

Ms. Oon Su Sun and Mr. Lin Yueh Hung of RSM Corporate Advisory Pte. Ltd. were appointed as the liquidators for the purposes of the CVL. Hence, the Company no longer has control over Trans Equatorial and its subsidiaries i.e. PBT Engineering Sdn Bhd (Brunei), PBT Engineering Sdn Bhd (Malaysia), TEE Philippines, Inc., Trans Equatorial Indochina Co., Ltd, Oscar Estate Management Co., Ltd and Oscar Design & Decoration Co., Ltd (collectively, the "Trans Group").

ii) TEE E&C (M)

As disclosed in Note 1, TEE E&C (M) is winding up under the provisions of the Companies Act 2016 of Malaysia and the Receiving Officer/Director General of Insolvency is appointed as the liquidator to TEE E&C (M).

Accordingly, consolidation of Trans Group and TEE E&C (M) ceased when the Company ceased to control Trans Group and TEE E&C (M). Detailed information is disclosed in Note 21. For clarification purpose, the prior period comparative results are inclusive of the consolidation of Trans Group and TEE E&C (M).

E. Notes to the condensed interim consolidated financial statements (cont'd)

2. Basis of Preparation (cont'd)

2.1. New and amended standards adopted by the Group

A number of amendments to Standards have become applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting those standards.

2.2. Use of judgements and estimates

In preparing the condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the audited consolidated financial statements as at and for the period ended 30 September 2021.

Estimates and judgments are continually evaluated and are based on historical experience and on other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the condensed interim financial statements is included in the following notes:

(a) Going concern assumption

As at 30 June 2022, the Group and the Company's current liabilities exceeded their current assets by S$158,582,000 (30 September 2021 - S$200,352,000) and S$147,004,000 (30 September 2021 - S$120,654,000) respectively.

At the Company level, the net current liabilities are due mainly to inter-company payables to certain subsidiaries and provision for corporate guarantees issued to counterparties for performance bonds and claims made against certain subsidiaries. These factors give rise to material uncertainties on the ability of the Group and the Company to continue as going concerns.

Notwithstanding the proposed restructuring exercise as explained in Note 1 above, the condensed interim financial statements for 3QFY2022 have been prepared on the assumption that the Company and its subsidiaries is able to continue as a going concern. As the discussions with creditors and proposed restructuring exercise is still in progress and the final outcome is uncertain, the actual impact, whether financial or non-financial, is not easily determinable as at the date of this announcement. The condensed interim financial statements in this announcement, explanatory notes and other information have not been audited or reviewed by the Company's auditors.

Accordingly, depending on the eventual outcome of the aforementioned, the Company and/or its subsidiaries may have to make material adjustments to its financial performance and financial position for 3QFY2022 as contained herein. In this regard, the Company will make the appropriate announcements accordingly when more information is available.

E. Notes to the condensed interim consolidated financial statements (cont'd)

2. Basis of Preparation (cont'd)

2.2. Use of judgements and estimates (cont'd)

(b) Determination of lease terms

When estimating the lease term of the respective lease arrangement, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not to exercise a termination option, including any expected changes in facts and circumstances from the commencement date until the exercise date of the option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

(c) Deferred taxation on investment properties

For the purpose of measuring deferred tax liabilities or assets arising from investment properties that are measured using the fair value model, management has reviewed the Group's investment property portfolio and concluded that they are not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time, rather than through sale. Therefore, in determining the Group's deferred taxation on investment properties, management has determined that the presumption that investment properties measured using the fair value model are recovered through sale is not rebutted.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amount of assets and liabilities within the next interim period are included in the following notes:

(a) Revenue recognition

The Group recognises revenue from the following major sources:

- Construction engineering contracts
- Sale of goods
- Revenue from services rendered
- Interest income
- Rental income

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Group recognises revenue when it transfers control of a product or service to a customer.

Construction engineering contracts

The Group undertakes large-scale and complex engineering projects as well as infrastructure-related projects. The Group provides engineering services including, electrical, air conditioning and mechanical ventilation, fire protection, sub structure, civil and architecture and interior decoration. These projects can range from short term of a few months to long term of a few years.

Such contracts are entered into before provision of the engineering services begins. Under the terms of the contracts, the Group is contractually restricted from redirecting the services to another customer and has an enforceable right to payment for work done.

Revenue from construction engineering contracts is therefore recognised over time on a cost-to-cost method. i.e. based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs. Management considers that this input method is an appropriate measure of the progress towards complete satisfaction of these performance obligations under SFRS(I) 15.

Short-term construction engineering services, as represented by the contract value of the services to be rendered, are recognised at a point in time when performance obligations have been satisfied.

A contract asset is recognised for the cumulative revenue recognised but not yet invoiced whilst a contract liability is recognised for advance payments from customers which the Group needs to perform work to satisfy the performance obligations.

E. Notes to the condensed interim consolidated financial statements (cont'd)

2. Basis of Preparation (cont'd)

2.2. Use of judgements and estimates (cont'd)

(a) Revenue recognition (cont'd)

Sale of goods

Revenue is recognised when control of the goods has been transferred, being when the goods have been shipped to the customer's specific location (delivery). A receivable is recognised by the Group when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Rendering of services

The Group provides waste and recycling management services. Such services are recognised as a performance obligation satisfied over time, when controls of services are transferred to customers. This generally occurs when the wastes are collected and processed.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Rental and related services income

The Group's policy for recognition of rental income arises from operating leases as described above.

Rental related service income is recognised as a performance obligation satisfied over time, when the relevant services are provided over the lease period.

(b) Calculation of loss allowances

When measuring ECL, the Group uses reasonable and supportable forward-looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other.

Loss given default is an estimate of the loss arising from default. It is based on the difference between the contractual cash flows due and those that the Group would expect to receive.

Probability of default constitutes a key input in measuring ECL. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes reference to historical data, assumptions and expectations of future conditions.

The carrying amounts of the Group and the Company's trade, other and loans receivables are disclosed in the respective notes to the financial statements.

(c) Contract assets arising from construction engineering contracts

The Group recognises contract revenue to the extent of contract costs incurred where it is probable those costs will be recoverable and recognised over time on a cost-to-cost method i.e. based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs.

Significant assumptions are required in determining the over-time revenue recognition on cost-to-cost method. The estimated total contract revenue and estimated total construction costs include estimation for variation works and any other claims from contractors. In making these estimates, the Group relies on past experience and the work of external specialists.

Management has performed the cost studies, taking into account the costs to date and costs to complete on each contract. Management has also reviewed the status of such contracts and is satisfied that the cost estimates to complete, the total contract costs and the expected profitability are realistic.

Additional claims and variation orders, whether billed or unbilled, is recognised when negotiations have reached an advanced stage such that it is probable that the customer will accept the claims or approve the variation orders, and the amount that it is probable will be accepted by the customer can be measured reliably.

E. Notes to the condensed interim consolidated financial statements (cont'd)

2. Basis of Preparation (cont'd)

2.2. Use of judgements and estimates (cont'd)

(d) Impairment of investment in associates, joint venture and subsidiaries

Management exercises their judgement in estimating recoverable amounts of its investment in associates and joint venture of the Group and Company and subsidiaries of the Company.

The recoverable amounts of the investments are reviewed at the end of each reporting period to determine whether there is any indication that those investments have suffered an impairment loss. If any such indication exists, the recoverable amount is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is the higher of fair value less cost to sell and value in use. In assessing value in use, management needs to estimate the future cash flows expected from the cash-generating units and an appropriate discount rate in order to calculate the present value of the future cash flows.

(e) Valuation of investment properties

Investment properties are stated at fair value based on independent professional external appraisers. In determining the fair value, the appraisers have used valuation techniques which involve certain estimates and significant unobservable inputs. The key assumptions used to determine the fair value include market-corroborated capitalisation yield, discount rate and comparable prices.

The appraisers have considered valuation techniques (including income capitalisation method, discounted cash flow method and direct comparison method) in arriving at the open market value as at the end of the reporting period. The direct comparison method involves the analysis of comparable sales of similar properties and adjusting prices to those reflective of the investment properties. Income capitalisation method involves assessment of the income earning capacity and capitalised it at the adopted capitalisation rate to derive a core value. Discounted cash flow method recognises the time value of money by estimating the net present value of future cash flows.

In relying on valuation reports, the management has exercised its judgement and is satisfied that the valuation methods and estimates are reflective of current market conditions.

(f) Estimation of incremental borrowing rate

The Group and the Company cannot readily determine the interest rate implicit in the lease. Therefore, it uses the IBR to measure lease liabilities. The IBR is defined as the rate of the interest that the lessee would have to pay to borrow over a similar security the funds necessary to obtain an asset of a similar value to the ROU asset in a similar economic environment.

The Group and the Company estimates the IBR relevant to each lease by using observable inputs such as market interest rate and asset yield where available, and then making certain lessee specific adjustments such as Group entity's credit rating.

(g) Estimation of provisions made on various claims

In conjunction with the proposed restructuring exercises as disclosed in Note 1, the Group and the Company continue to assess the adequacy of the various provision for liabilities made from the claims received. The carrying amount and details of the Group and the Company's various provisions are disclosed in Note 18.

3. Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

E. Notes to the condensed interim consolidated financial statements (cont'd)

4. Segment and revenue information

For management purposes, the Group is organised into three major business segments/operating divisions based on their services as follows:

i. Segment 1: Engineering and Construction – involves providing mechanical and electrical engineering services, and asset enhancement initiative relating to the expansion and improvement of infrastructure, constructing new buildings and converting existing buildings and facilities for new uses and offering turnkey approaches to the construction of infrastructure as well as in system development from system definition, system development and system deployment

ii. Segment 2: Infrastructure – infrastructure business offers infrastructure solutions in the areas of water and energy related projects and commercial and industrial real estate management. This includes comprehensive sustainable solutions to meet demands for integrated infrastructure, utilities and environmental services

iii. Segment 3: Corporate & Others – involves a range of activities from corporate exercises and include income and expenses not attributable to other operating segments

The Group Chief Executive and Managing Director monitors the operating results of its operating segments for the purpose of making decisions about resource allocation and performance assessment.

Information regarding the results of each reportable segment is included in the following table. Performance is measured based on segment profit/(loss) before taxation. Segment profit/(loss) is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

E. Notes to the condensed interim consolidated financial statements (cont'd)

There are no material related party transactions apart from those disclosed elsewhere in the financial statements.

E. Notes to the condensed interim consolidated financial statements (cont'd)

7. Taxation

The Group calculates the period income tax expense using the tax rate that would be applicable to the expected total annual earnings. The major components of income tax expense in the condensed interim consolidated statement of profit or loss are:

Group	Continuing operations		Discontinue operations		Total	
	Nine Months Ended		Nine Months Ended		Nine Months Ended	
	30 June 2022 Unaudited S$'000	30 June 2021 Unaudited S$'000	30 June 2022 Unaudited S$'000	30 June 2021 Unaudited S$'000	30 June 2022 Unaudited S$'000	30 June 2021 Unaudited S$'000

	Note	S$'000	S$'000	%
Operating losses of TEE HK	(a)	-	(719)	NM
		-	(719)	

(a) Discontinued operations for the 9 months ended 30 June 2021 relate to the disposal of all the shares in TEE Hong Kong Limited ("TEE HK"). As announced on 12 May 2021, the Company had entered into a conditional sale and purchase agreement with Yeung Kwok Ching for the sale of its entire 100% stake in TEE HK. The sale was completed on 1 June 2021, and the Company accounted for the results of TEE HK up to 31 May 2021.

9. Dividend

No dividend has been declared or recommended by the board of directors of the Company ("Board" or "Directors") for the current financial period as the Company is in an accumulated loss making position and the Group's priority is to manage its cash flow prudently and responsibly to meet its financial commitments in the current highly volatile and uncertain global operating environment.

10. Net Asset Value

- Reclassified from long term deposit	307	307
	2,473	**2,572**

On 8 March 2021, the Company entered into a Memorandum of Understanding with a third party (the "Purchaser") to formalise an exclusive negotiation period of 6 months by which both parties shall negotiate and finalise the necessary definitive agreements to effect and undertake a sale and purchase of the investment properties located at 33 Changi North Crescent, Singapore (the "33CNC Property").

Nevertheless, on 26 November 2021, the Court granted leave to the bank to take all the necessary steps to enforce its security over the 33CNC Property, notwithstanding the moratorium granted in relation to the Company as disclosed in Note 1. As such, the 33CNC Property is classified as "Non-current assets held for sale" and the related lease liabilities of the ROU asset are classified as "Liabilities associated with non-current assets held for sale".

The sale of 33CNC Property was completed on 18 July 2022.

E. Notes to the condensed interim consolidated financial statements (cont'd)

14. Property, plant and equipment

Right-of-use assets ("ROU") acquired under leasing arrangements are part of property, plant and equipment.

During the 9-month period ended 30 June 2022, the Group acquired assets amounting to S$1.1 million (30 June 2021: S$0.3 million) and disposed of assets with net book value amounting to S$0.3 million (30 June 2021: S$0.4 million).

15. Investment properties

The Group's investment properties consist of both commercial and industrial properties, held for long-term rental yields and/or capital appreciation and are not substantially occupied by the Group. They are mainly leased to third parties under operating leases.

20. Financial Guarantee Liabilities

Financial guarantee liabilities pertain to the effects of fair value of corporate guarantee on initial recognition provided by the Group and Company on behalf of associates and subsidiaries to obtain banking facilities, less amortisation, and corporate guarantee issued to counterparties for performance bonds and claims made against certain subsidiaries.

As at 30 June 2022, the Group and the Company recognised financial guarantee liabilities of $105.9 million (FY2021: NIL) and $105.9 million (FY2021: $75.9 million), respectively. The liabilities made are mainly resulted from the insolvency of Trans Equatorial and it was placed in a creditors' voluntary liquidation since 12 January 2022 as disclosed in Note 1. The liabilities were principally arising in view of the project stoppage and termination, novation of projects and various claims / disputes with contract counterparties.

The Group continues to assess the adequacy of the provisions.

21. De-recognition of subsidiaries upon loss of control

As disclosed in Note 1 and Note 2, the Company no longer has control over Trans Equatorial and its subsidiaries when Trans Equatorial was placed into CVL on 12 January 2022; and TEE E&C (M) when it was under winding up order on 16 June 2022. Accordingly, consolidation of Trans Group and TEE E&C (M) ceased when the Company ceased to control these entities. The fair value of identifiable assets and liabilities were as follows:

Trans Group	**As at 12 Jan 2022 $'000**
Effects on de-recognition	
Cash and cash equivalents	1,765
Trade receivables and other receivables	27,303
Contract assets	778
Property, plant and equipment (inclusive of Right-of-use assets)	225
Investment properties	8,626
Deferred tax assets	76
Bank loans and overdraft	(14,155)
Trade payables and other payables	(132,527)
Contract liabilities	(897)
Provisions	(52,065)
Long-term borrowings	(5,000)
Income tax payable	(2,959)
Lease liabilities	(9,198)
Net identifiable liabilities de-recognised	(178,028)
Non-controlling interest	871
Foreign currency translation	(631)
Liabilities assumed pursuant to financial guarantees (Note 20)	105,868
Net	(71,920)
Gain on de-recognition	71,920
	-
Cash and cash equivalents disposed of	(1,765)
Net cash outflow from the de-recognition upon loss of control	(1,765)

TEE E&C (M)	**As at 16 Jun 2022 $'000**
Effects on de-recognition	
Cash and cash equivalents	2
Trade receivables and other receivables	17
Trade payables and other payables	(10,962)
Net identifiable liabilities de-recognised	(10,943)
Non-controlling interest	327
Foreign currency translation	(446)
Net	(11,062)
Gain on de-recognition	11,062
	-
Cash and cash equivalents disposed of	(2)
Net cash outflow from the de-recognition upon loss of control	(2)

Total gain on de-recognition of subsidiaries upon loss of control amounted to S$82,982,000 for third quarter ended 30 June 2022.

E. Notes to the condensed interim consolidated financial statements (cont'd)

22. Share Capital

There were no changes in the Company's share capital since 15 February 2019.

There are 1,270,400 treasury shares as at the end of the current financial period reported on and as at the end of the corresponding period of the immediately preceding financial year. The total number of issued shares as at 30 June 2022 is 648,152,876 (30 September 2021: 648,152,876).

The Company's subsidiaries do not hold any shares in the Company as at the end of the current financial period reported on and as at the end of the corresponding period of the immediately preceding financial year.

23. Contingent liabilities

Various claims have been made against the Company and the Group in the Engineering and Construction segment for liquidated damages, defects, and/or under guarantees for the performance of the contracts. The Company released the latest announcement on 8 August 2022 to provide an update in relation to claims against the Company and the Group.

As at the date of this announcement, there are 3 claims against the Company amounting to about S$13.7 million. Furthermore, there are 64 claims and 1 claim against PBT Engineering and Arrow Waste Management Pte Ltd ("AWM") amounting to about S$14.9 million and S$2.5 million, respectively.

Trans Equatorial and TEE E&C (M) are under liquidation and liquidators have been appointed for these entities. The liquidators have control over these entities and the Company has not received any updates from the liquidators in relation to any further claims made against these entities since the last update regarding claims received by these entities announced by the Company on 25 July 2022.

In view of the restructuring process, the management is still assessing and estimating the potential exposure on liabilities and contingent liabilities. Accordingly, the Group has made adequate provision for liabilities in connection with the claims in these condensed interim financial statements based on current best estimates and available information. The outcome of certain claims, and counterclaims, cannot be determined with reasonable certainty as of the date of this announcement. Together with the financial consultant, the management is in active discussions and negotiations with various parties to reach amicable conclusions.

24. Subsequent events

Completion of Disposal of 33CNC Property

The Company had defaulted on loan repayment to a bank which was due on 19 February 2021. On 9 September 2021, the bank gave notice, via their solicitors, to the Company that they will be exercising their rights to take possession of the mortgaged property situated at 33 Changi North Crescent, Singapore 499640 (the "33CNC Property").

Notwithstanding the moratorium granted to the Company, the Court granted leave to the said bank to take all necessary steps to enforce its security over 33CNC Property. The Property is classified as "Non-current Assets held for sale" and the related lease liabilities of the ROU asset are classified as "Liabilities associated to non-current assets held for sale" and presented separately in the consolidated statement of financial position as management has assessed that the sale is highly probable.

The sale of 33CNC Property was completed on 18 July 2022. DBS shall apply the proceeds of the sale of the 33CNC Property in satisfaction of the outstanding amounts owing by the Company to DBS and other creditors who have a security over the sale proceeds of the 33CNC Property, as well as transaction expenses incurred.

Proposed Disposal of PBT Engineering

On 3 August 2022, the Company had announced that it has entered into a sale and purchase agreement (the "SPA") with Chia Yoke Heng ("Mr Chia") and ADS Builders (1988) Pte. Ltd. ("ADS") (Mr Chia and ADS collectively, the "Purchasers"), to sell to the Purchasers 100% of the issued and paid-up share capital of PBT Engineering for a consideration of S$18,000 (the "Consideration") (the "Disposal").

The obligations of the Company and the Purchasers to complete the Disposal are subject to the condition precedents stated in the SPA and the target completion of the disposal shall take place on the fourteenth day following confirmation by the Parties of the fulfilment (or waiver) of the conditions precedent and, in any event, no later than 31 December 2022, unless otherwise mutually agreed upon in writing between the parties.

The Company will make further announcement should there be material development in relation to the Disposal.

F. OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2

1. Review

The condensed consolidated statement of financial position of TEE International Limited and its subsidiaries as at 30 June 2022 and the related condensed consolidated statement of comprehensive income for the period from 1 October 2021 to 30 June 2022, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the period from 1 October 2021 to 30 June 2022 and certain explanatory notes have not been audited or reviewed.

Where the latest financial statements are subject to an adverse opinion, qualified opinion or disclaimer of opinion:

(a) Updates on the efforts taken to resolve each outstanding audit issue.

Please refer to the Company's Annual Report released on 13 January 2022 and announcement made on 13 January 2022 and 14 May 2022 for the follow-up actions taken by the Company.

(i) On-going CAD investigations on Unauthorised Remittances - no further development.

(ii) Revision of FY2020 financial statements (the "**revised FY2020 FS**") in respect certain non-compliance with accounting standards under Section 201(5) of the Companies Act as identified by the Accounting and Corporate Regulatory Authority contained in the financial statements for the financial year ended 31 May 2019 – the Company is pleased to informed that an announcement was made on 27 April 2022, that the revised FY2020 FS has been finalised as required and, a copy of the revised FY2020 FS together with supporting working documents were presented to ACRA on 27 April 2022. The revised FY2020 FS was approved and adopted by shareholders at an extraordinary general meeting held on 13 May 2022.

(iii) Contingent liabilities - please refer to Note 23 to the condensed interim financial statements for updates.

(iv) Appropriateness of going concern assumption – please refer to Note 1 to the condensed interim financial statements for updates.

(v) Insufficient information to complete of the audit of the consolidated financial statements of Group – this refers to a subsidiary, Trans Equatorial. Trans Equatorial was not audited as the said subsidiary is insolvent and has been placed in liquidation as announced on 16 December 2021 and 13 January 2022. No further material development as of the date of this report

(b) Confirmation from the Board that the impact of all outstanding audit issues on the financial statements have been adequately disclosed.

To its best knowledge, the Board of Directors confirms that the impact of all outstanding audit issues on the financial statements have been adequately disclosed.

2. Review of performance of the Group

Financial performance review

Since last financial year, the Group has announced that it has commenced a strategic review of the Group's business with the appointment of RSM as financial consultant in June 2021 to assist to formulate restructuring plans to improve the financial position and/or performance of the Group.

On 12 January 2022, the Group has commenced the winding up process of Trans Equatorial by way of creditors' voluntary liquidation and subsequently on 16 June 2022, TEE E&C (M) was winding up under the provisions of the Companies Act 2016 of Malaysia. As such, the Group loses control of both wholly owned subsidiaries. Accordingly, Trans Equatorial and its subsidiaries as well as TEE E&C (M) are de-consolidated from the Group in third quarter ended 30 June 2022.

F. OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2 (CONT'D)

2. Review of performance of the Group (cont'd)

Financial performance review (cont'd)

Third Quarter Ended 31 March 2022 ("Q3FY2022") against 3-month comparative period from 1 April 2021 to 30 June 2021 ("3MFY2021") (cont'd)

Revenue recognised in 3MFY2021 was significantly lower by S$12.8 million mainly due to substantial completion of a major project and slowdown of project progression due to COVID-19 during 3MFY2021. On top of that, there was a reversal of revenue in 3MFY2021 upon project budget revision, mainly attributable by cost overruns resulted in foreseeable losses for certain on-going projects of Trans Equatorial.

Cost of sales on the other hand, was higher at S$84.8 million in 3MFY2021 as compared to Q3FY2022 of S$14.4 million. The Group's engineering and construction segment was adversely affected by the COVID-19 pandemic whereby projects were negatively impacted due to labour shortages, accelerated project timelines, stringent safe management measures and supply chain disruptions, resulted in much higher costs to complete the projects.

The Group recorded a gross profit of S$2.5 million is mainly contributed by the Group's environmental business and rental income from its investment properties. Both remain stable and have positive contribution to the Group.

Other operating income decreased by S$2.0 million mainly due to less government grant received during the financial period. There was a gain of S$11.1 million arising from the de-recognition of TEE E&C (M).

Administrative expenses decreased by S$0.6 million mainly due to lower employee benefits expenses resulted from lower headcount and lower depreciation charge of property, plant and equipment as compared to prior period.

Other operating expenses decreased significantly by S$18.5 million mainly due to allowance for impairment on contract assets and provision of performance bonds/claims from a contract counterparty made in 3MFY2021 resulting from engineering and construction segment.

Finance cost lower by S$0.9 million mainly contributed by lower bank loans and borrowings due to repayment.

Overall, the Group reported a profit after tax of S$5.5 million in 3QFY2022, which is significantly higher than 3MFY2021 of loss after tax of S$107.7 million, mainly contributed by the gain arising from the de-recognition of TEE E&C (M).

Attributable to the owners of the Company was a profit of S$5.2 million in 3QFY2022 as compared to a loss of S$108.6 million in 3MFY2021.

Nine Months Ended 30 June 2022 ("9MFY2022") against 9-month comparative period from 1 October 2020 to 30 June 2021 ("9MFY2021")

Revenue decreased by S$32.9 million mainly due to NIL revenue contribution from Trans Equatorial for the current financial period. Cost of sales dropped drastically by S$121.3 million. High cost of sales in prior period was mainly arising from engineering and construction segment due to costs overrun as explained above. The detailed breakdown of the revenue by segments are shown in Note 4.1 to the condensed interim financial statements. The gross profit of S$6.5 million is mainly contributed by the Group's environmental business and rental income from its investment properties. Both remain stable and have positive contribution to the Group.

Other operating income decreased by S$4.7 million mainly due to less government grant received during the financial period. There was a gain of S$83.0 million arising from the de-recognition of Trans Group and TEE E&C (M).

Administrative expenses decreased by S$3.2 million mainly due to lower employee benefits expenses resulted from lower headcount and lower depreciation charge of property, plant and equipment as compared to prior period.

Other operating expenses in current year mainly comprise of provision of allowance for doubtful other receivables of S$40.1 million, resulted from the de-recognition of subsidiaries as well as S$2 million impairment loss on contract asset.

Finance cost lower by S$0.9 million mainly contributed by lower bank loans and borrowings due to repayment.

Overall, the Group reported profit after tax of S$39.3 million in 9MFY2022. Attributable to the owners of the Company was profit of S$38.8 million in 9MFY2022 as compared to a loss of S$115.5 million in 9MFY2021.

F. OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2 (CONT'D)

2. Review of performance of the Group (cont'd)

Financial position review

Cash and cash equivalents increased by S$1.8 million mainly due collections from customers, offset by repayments of bank borrowings. Fixed deposits decreased by S$1.4 million mainly due to the loss of control of subsidiaries.

Trade receivables decreased by S$6.2 million mainly due to receipt from customers during the financial period and offsetting of receivable and payable balances with a customer who is also a sub-contractor of the Group.

Contract assets decreased by S$9.0 million mainly due to conversion to trade receivables upon billing.

Property, plant and equipment decreased by S$1.4 million mainly due to depreciation charge and amortisation of right-of-use assets.

The Group has de-recognised investment property of Lat Krabang Housing Phase 4 Part 1, Thailand upon the loss of control of subsidiaries.

Bank loans and overdrafts, long-term borrowings and lease liabilities reduced by S$37.3 million in aggregate mainly attributed to the loss of control of subsidiaries as well as due to repayments of bank loans and borrowings, offset by recognition of lease liabilities upon renewal of certain leases.

Trade and other payables decreased by S$80.1 million mainly attributed to the loss of control of subsidiaries, offset by payable balances with Trans Group which is now classified as third party.

Contract liabilities increased by S$1.7 million mainly due to the higher progress billing as compared to the revenue recognised of an on-going engineering and construction project.

Provisions and income tax payable decreased by S$53.5 million and S$2.9 million, respectively, mainly due to deconsolidation of subsidiaries and repayment of income taxes.

Provision of financial guarantee liabilities is explained in Note 21 in the condensed financial statements.

Cash Flow Statement

Nine Months Ended 30 June 2022 ("9MFY2022") against 9-month comparative period from 1 October 2020 to 30 June 2021 ("9MFY2021")

Net cash generated from operating activities of S$13.1 million mainly contributed by improved working capital management.

Net cash used in investing activities was S$1.9 million mainly arising from cash outflow on de-recognition of subsidiaries upon loss of control.

Net cash used in financing activities was S$9.3 million, mainly due to net repayment of bank borrowings of S$8.6 million and relevant interest paid of S$1.3 million, offset by decrease in bank balances pledged by S$1.4 million.

As a result, the Group recorded a net increase in cash and cash equivalents of S$1.9 million.

Net Current Liabilities and Negative Net Equity

As at 30 June 2022, the Group and the Company's current liabilities exceeded its current assets by S$158.6 million and S$147.0 million respectively. At the Company level, the net current liabilities are due mainly to inter-company payables to certain subsidiaries and provision for corporate guarantees issued to counterparties for performance bonds and claims made against certain subsidiaries.

As at 30 June 2022, the Group and the Company's accumulated losses exceeded its share capital, resulting in negative net equity by S$141.8 million and S$135.5 million respectively.

3. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results

There is no forecast or prospect statement which has been previously disclosed.

F. OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2 (CONT'D)

4. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the Group operates and any known factors or events that may affect the Group in the next operating period and the next 12 months

Group

As announced previously, RSM was appointed as financial consultant in June 2021, to, inter alia, undertake a review of the Group's businesses and assist to formulate restructuring plans to improve the financial position and/or performance of the Group. Following the completion of RSM's review and their proposed restructuring plan to the Company, the Company and its subsidiaries intend to propose a scheme of arrangement between the Company and its creditors. The Company and its wholly-owned subsidiaries PBT Engineering, Trans Equatorial, TEE Infra and TEE E&C had accordingly filed an application (the Applications") in the General Division of the High Court of the Republic of Singapore) (the "Court") for a moratorium under Section 64 of the Insolvency, Restructuring and Dissolution Act 2018 (No. 40 of 2018) (the "IRDA") on 6 August 2021. The moratorium orders are being sought to preserve the assets of the Group pending the formulation of a holistic restructuring plan. The Court has, on 29 June 2022, granted orders in terms of the Extension Applications for moratoria relief for the Company and TEE Infra up to 30 September 2022.

Trans Equatorial has been approved to be placed under creditor voluntary liquidation on 12 January 2022 and RSM has been appointed as liquidator. On top of that, TEE E&C (M) was also placed for winding up under the provisions of the Companies Act 2016 of Malaysia on 16 June 2022. The Company wishes to confirm that there has been no other material development in relation to these two processes that may have a significant impact on the Company's financial position.

Separately, PBT Engineering will be undertaking a separate scheme of arrangement with its creditors for, inter alia, the restructuring of PBT's debts. In connection with the said scheme, PBT filed an application for moratorium relief under IRDA on 3 August 2022.

Despite with above challenges, the Group is persistently to form strategic partnership with valued and synergetic partners to secure new projects and be vigilant on cash flow and cost management in order to strive through these challenges. The Company will continue to work with RSM and its legal advisors on the restructuring plan.

Engineering and Construction Business

Engineering and construction business remains challenging by facing headwinds ahead. It continues to be impacted by the on-going COVID-19 pandemic and group restructuring exercises as explained in this announcement.

In view of the current challenging market condition primarily arising from COVID-19 impact and group restructuring exercises, the on-going projects of engineering and construction Business are still impacted in terms of labour crunch, delay of project delivery lead time, supply chain disruption and rising input costs, which will dampen the performance profitability and cash flow liquidity. Nevertheless, the Group is committed and upholds higher standard to complete all projects under asset enhancement cluster as concurred with clients and consultants. The Group will relentlessly take proactive and effective approaches to strive through the challenges faced, including containing the rising input costs and implementing cash conservation exercise diligently.

Following the completion of the liquidation of Trans Group and Proposed Disposal of PBT (as disclosed in Note 24), the Group will have no Engineering and Construction Business.

Infrastructure Business

With the transition of the COVID-19 pandemic to endemic slowly gaining momentum from now on, it is a positive news for the environmental services industry. The environmental business is positioned to capitalise on the higher demand for environment management services resulting from the expected improvement of economic activities.

Nonetheless, stiff market competition poses challenges on securing and renewing high profit margin contracts. On top of that, demand for disinfection services is also expected to be considerably lower. Environmental services industry also impacted from rising operating costs i.e. higher manpower cost due to Progressive Wage Model (PWM) and other direct and indirect costs due to inflationary pressure include diesel, consumables etc. The Group will continue to focus on niche areas with cost advantage and leverage on opportunistic projects to optimise profits.

Overall, the environmental business continues to contribute positive result to the Group. Concurrently, the Group will continue its efforts to divest its investment in overseas infrastructure assets.

F. OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2 (CONT'D)

5. Interested person transactions

No IPT mandate has been obtained for the period under review. However, the Company wishes to disclose the following aggregate value of interested person transactions conducted during the financial period ended 30 June 2022.

Name of Interested Person	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S$100,000)
	S$'000	S$'000
Tramore Global Limited [1]	Nil [2]	Nil

[1] Tramore Global Limited ("TGL") is a controlling shareholder of the Company, holding direct interest of 53.4% of the issued share capital of the Company. As at 31 March 2022, TGL granted unsecured interest-free loans of S$2.9 million in total to the Company and a subsidiary of the Company. The repayment date of the loan is on 31 December 2022, or any dates as may be agreed by TGL and the Company.

[2] Under Rule 909(3) of the Listing Rule, in the case of borrowing of funds from an interested person, the value of transaction is interest payable on the borrowing. The loan granted by TGL to the Company is an unsecured interest-free loan, hence the aggregate value of the transactions is Nil.

6. Confirmation that the issuer has procured undertaking from all its directors and executive officers (in the format set out in Appendix 7.7) under Rule 720(1)

The Company hereby confirms that it has procured undertakings from all its Directors and executive officers in accordance with Rule 720(1) of the Listing Manual.

7. Additional information required pursuant to Rule 706A

Deregistration of Subsidiaries and Associate Company

TEE Tech Pte. Ltd. ("TEE Tech") and TEE Green Pte. Ltd ("TEE Green"), the Company's wholly owned subsidiaries incorporated in Singapore, had been deregistered (the "Deregistration").

The deregistration for subsidiaries has no material impact on the consolidated net tangible assets and earnings per share of the Company and Group for the current financial period ended 30 June 2022.

None of the directors and, as far as the directors are aware, none of the controlling shareholders of the Company has any interest, direct or indirect, in the aforesaid transaction, save for their shareholdings (if any) in the Company.

8. Negative assurance confirmation on the interim financial results pursuant to Rule 705(5)

We, Phua Cher Chuan and Teo Yi-Dar, being two Directors of TEE International Limited (the "Company"), do hereby confirm on behalf of the Directors of the Company that, to the best of our knowledge, nothing has come to the attention of the Board of Directors of the Company which may render the financial results for the third quarter and half year ended 30 June 2022 to be false or misleading in any material aspect.

On behalf of the Board of Directors,

_____
Phua Cher Chuan
Group Chief Executive and Managing Director

Dated: 11 August 2022
