FOR IMMEDIATE RELEASE

Huationg Global secures civil engineering projects totalling S$28.5 million

SINGAPORE, 3 March 2015 – Huationg Global Limited ("**Huationg Global**" or the "**Company**", and together with its subsidiaries, the "**Group**"), a full-service integrated civil engineering solutions provider, today announced that it has secured additional new contracts since its Initial Public Offering, worth a total of S$28.5 million, raising its order book to approximately S$118.5 million as at 27 February 2015.

Some of these contracts awarded include:

- Infrastructure development of Defu Industrial Estate
- Earthworks for Mass Rapid Transit ("MRT") Station and Tunnels for Thomson Line
- Temporary & external works for Changi Airport Terminal 5 development
- Ancillary works at Tuas Finger One

The above new contracts are expected to be delivered by the Group over the next five years.

Commenting on the contract awards, Mr Patrick Ng (黄健安), Chief Executive Officer and Executive Director of Huationg Global, said, "We are very pleased with our progress as this represents a buoyant start for Huationg Global as a newly listed company and an auspicious kick-off for the Lunar New Year.

The awards reinforce our position as a full-service integrated civil engineering solutions provider and our stellar track record is a testament of our ability to deliver quality work efficiently. We will continue to leverage and capitalize on our competitive

strengths to grow the Group's core business and to ride on the promising outlook for the construction sector demand projected by the Building and Construction Authority ("**BCA**"), particularly in public works and infrastructure development including new MRT Lines."

About Huationg Global

Established in 1983 and listed on the SGX Catalist in 2014 (December), Huationg Global Limited provides a full range of civil engineering services and inland logistics support, and is also involved in the sale of construction materials, including the manufacture and supply of Liquefied Soil Stabiliser (LSS) and the sale of Recycled Concrete Aggregate (RCA). A key player with an established a strong track record in the civil engineering industry, the Group has been involved in such works for numerous large infrastructural construction projects in Singapore over the last 30 years including certain stations of the Downtown Line MRT and Circle Line MRT, the Kallang-Paya Lebar Expressway and the Marina Coastal Expressway. Its key customers in this segment include the Housing and Development Board, Land Transport Authority of Singapore and Daelim Industrial Co. Ltd. among others. The Group is registered with the Building and Construction Authority with a BCA grading of A2 under the category of CW02 for civil engineering and C2 under the category CW01 for General Building.
