Update on Unaudited Financial Performance and Financial Position

For the second quarter and for the six months ended 30 June 2018, the Group’s revenue increased by approximately 1.0% and 0.6% respectively, as compared to the corresponding periods in 2017.

In line with the higher overall revenue contribution, the Group’s profit attributable to the owners of the Company increased by approximately \$0.1 million and \$0.1 million for the second quarter and for the six months ended 30 June 2018 respectively, as compared to the corresponding periods in 2017, with considerable improvement in profit margins generated from the Group’s core businesses. The positive contribution from the Group’s new aquaculture business in the Hainan Province, has also lifted the revenue and profitability registered by its ornamental fish business in the current financial year.

For more details on the results and financial position of the Group and of the Company, please refer to the unaudited financial statements announcement for the second quarter and half year ended 30 June 2018 released via SGXNET on 16 July 2018.

Update on Future Direction

The Board has reviewed the options available to the Company to meet the MTP exit criteria, taking into consideration the various factors, including current tepid market conditions and uncertainty in the global economy. The Board is of the view that it is not the appropriate time to make a decision as to which option will best serve the interests of the shareholders of the Company at this point in time.

The Board is monitoring the situation closely and will continue to explore all options to seek an exit from the MTP Watch-list within 36 months from 5 June 2017. The Company will keep the shareholders informed of the outcome of the Board’s review.
