

The following notification dated 28th July 2022 in respect of Hongkong Land Holdings Limited was lodged with the Financial Conduct Authority in the United Kingdom today:

**"HONGKONG LAND HOLDINGS LIMITED
SHARE BUYBACK PROGRAMME**

Hongkong Land Holdings Limited (the 'Company') today announces its intention to invest up to an additional US\$500 million in the share buyback programme announced on 6th September 2021 (the 'Programme'), extending until 31st December 2023. The Company's ordinary shares will be repurchased by the Company in accordance with powers under the Bermuda Companies Act and the constitution of the Company. In accordance with the Company's current practice, details of any repurchases made by the Company will be provided to the market via regulatory announcements and published on the Company's website. The purpose of the Programme is to reduce the capital of the Company. As the holding of treasury shares is not provided for in the Company's constitution, any shares which the Company repurchases will be cancelled.

The buyback is in line with Hongkong Land's long-standing capital allocation practice, which is to prioritise:

1. investment in new assets to drive long-term growth and shareholder value;
2. continued payment of steady and, over time, increasing dividends; and
3. investment in existing assets on an opportunistic basis, including through share buybacks.

The Group has and remains committed to retaining a strong balance sheet which provides financial resilience through the market cycles.
