## **About Nikko AM SGD Investment Grade Corporate Bond ETF**

The Nikko AM SGD Investment Grade Corporate Bond ETF (the “Fund”) is a collective investment scheme authorised under Section 286 of the Securities and Futures Act and is established under the terms of a trust deed dated 13 July 2018 made between Nikko Asset Management Asia Limited as manager, and DBS Trustee Limited as trustee, of the Fund.

The investment objective of the Fund is to provide investors with investment returns that correspond closely to the total return of the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index (the “Index”), or upon the Manager giving three (3) months’ prior written notice to the Trustee and the Holders, such other index which tracks the performance of SGD denominated investment grade bonds excluding Singapore Government Securities (“SGD-denominated Investment Grade Bonds”), before fees and expenses. There is no assurance that the Fund will achieve its investment objective or that it will be able to fully track the performance of the Index.

The Fund will seek to achieve its investment objective by adopting a representative sampling strategy or similar strategy. Representative sampling is a strategy of investing in a representative sample of securities in the Index which have a similar investment profile as that of the Index. The Manager may invest in certain securities that are not included in the Index (“non-Index Securities”) but have aggregate characteristics (such as yield and duration) similar to those of the Index. The Fund can invest up to 20% of its total net asset value in such non-Index Securities, that should meet at least one of the following criteria:

- SGD denominated bonds in which the bond or its issuer are rated as investment grade by S&P, Moody’s or Fitch, and have a minimum issuance size of SGD 100 million;
- SGD denominated bonds by prevailing issuers of the Index with a minimum issuance size of SGD 100 million; or
- Singapore Government Securities (SGS).

The Fund will generally not hold all the securities that are included in the Index. The Fund is designed for investors who seek an “index-based” approach to investing in a portfolio of SGD-denominated Investment Grade Bonds in a cost effective and easy to access manner. Units may also be used as an asset allocation tool or as a trading instrument.

With effect from 22 April 2020, the Fund is included under the Central Provident Fund (“CPF”) Investment Scheme (“CPFIS”) – Ordinary Account (the “CPF Ordinary Account”) for subscription by members of the public using their CPF monies and is classified under the category of Low to Medium Risk – Narrowly Focused – Country – Singapore.

**Note: Investors are advised to refer to the Fund’s prospectus for more details on the Fund.**

---

This document is purely for informational purposes only with no consideration given to the specific investment objective, financial situation and particular needs of any specific person. It should not be relied upon as financial advice. Any securities mentioned herein are for illustration purposes only and should not be construed as a recommendation for investment. **You should seek advice from a financial adviser before making any investment. In the event that you choose not to do so, you should consider whether the investment selected is suitable for you.** Investments in funds are not deposits in, obligations of, or guaranteed or insured by Nikko Asset Management Asia Limited (“Nikko AM Asia”).

**Past performance or any prediction, projection or forecast is not indicative of future performance.** The Fund or any underlying fund may use or invest in financial derivative instruments. The value of units and income from them may fall or rise. **Investments in the Fund are subject to investment risks, including the possible loss of principal amount invested.** You should read the relevant prospectus (including the risk warnings) and product highlights sheet of the Fund, which are available and may be obtained from appointed distributors of Nikko AM Asia or our website ([www.nikkoam.com.sg](http://www.nikkoam.com.sg)) before deciding whether to invest in the Fund.

The information contained herein may not be copied, reproduced or redistributed without the express consent of Nikko AM Asia. While reasonable care has been taken to ensure the accuracy of the information as at the date of publication, Nikko AM Asia does not give any warranty or representation, either express or implied, and expressly disclaims liability for any errors or omissions. Information may be subject to change without notice. Nikko AM Asia accepts no liability for any loss, indirect or consequential damages, arising from any use of or reliance on this document.

The performance of the ETF's price on the Singapore Exchange Securities Trading Limited (“SGX-ST”) may be different from the net asset value per unit of the ETF. The ETF may also be suspended or delisted from the SGX-ST. Listing of the units does not guarantee a liquid market for the units. Investors should note that the ETF differs from a typical unit trust and units may only be created or redeemed directly by a participating dealer in large creation or redemption units.

The Central Provident Fund (“CPF”) Ordinary Account (“OA”) interest rate is the legislated minimum 2.5% per annum, or the 3-month average of major local banks’ interest rates, whichever is higher, reviewed quarterly. The interest rate for Special Account (“SA”) is currently 4% per annum or the 12-month average yield of 10-year Singapore Government Securities plus 1%, whichever is higher, reviewed quarterly. Only monies in excess of \$20,000 in OA and \$40,000 in SA can be invested under the CPF Investment Scheme (“CPFIS”). Please refer to the website of the CPF Board for further information. Investors should note that the applicable interest rates for the CPF accounts and the terms of CPFIS may be varied by the CPF Board from time to time.

## **NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF**

*(Constituted under a Trust Deed registered in the Republic of Singapore)*

### **REPORT OF THE TRUSTEE**

*For the financial year ended 30 June 2022*

---

The Trustee is under a duty to take into custody and hold the assets of Nikko AM SGD Investment Grade Corporate Bond ETF (the "Fund") in trust for the unitholders. In accordance with the Securities and Futures Act 2001, its subsidiary legislation and the Code on Collective Investment Schemes, the Trustee shall monitor the activities of the Manager for compliance with the limitations imposed on the investment and borrowing powers as set out in the Trust Deed in each annual accounting year and report thereon to unitholders in an annual report.

To the best knowledge of the Trustee, the Manager has, in all material respects, managed the Fund during the financial year covered by these financial statements, set out on pages 10 to 30, in accordance with the limitations imposed on the investment and borrowing powers set out in the Trust Deed.

## **NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF**

*(Constituted under a Trust Deed registered in the Republic of Singapore)*

### **STATEMENT BY THE MANAGER**

*For the financial year ended 30 June 2022*

---

In the opinion of Nikko Asset Management Asia Limited, the accompanying financial statements set out on pages 10 to 30, comprising the Statement of Total Return, Statement of Financial Position, Statement of Movements of Unitholders' Funds, Statement of Portfolio and Notes to the Financial Statements are drawn up so as to present fairly, in all material respects, the financial position and the portfolio holdings of Nikko AM SGD Investment Grade Corporate Bond ETF (the "Fund") as at 30 June 2022, and the financial performance and movements in unitholders' funds for the financial year ended 30 June 2022 in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants. At the date of this statement, there are reasonable grounds to believe that the Fund will be able to meet its financial obligations as and when they materialise.

# **INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF**

*(Constituted under a Trust Deed registered in the Republic of Singapore)*

## **Our Opinion**

In our opinion, the accompanying financial statements of Nikko AM SGD Investment Grade Corporate Bond ETF (the "Fund") are properly drawn up in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants, so as to present fairly, in all material respects, the financial position and portfolio holdings of the Fund as at 30 June 2022, and the financial performance and movements of unitholders' funds for the financial year ended on that date.

### *What we have audited*

The financial statements of the Fund comprise:

- the Statement of Total Return for the financial year ended 30 June 2022;
- the Statement of Financial Position as at 30 June 2022;
- the Statement of Movements of Unitholders' Funds for the financial year ended 30 June 2022;
- the Statement of Portfolio as at 30 June 2022; and
- the notes to the financial statements, including a summary of significant accounting policies.

## **Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Independence*

We are independent of the Fund in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

## **Our Audit Approach**

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

## **Key Audit Matters**

We have determined that there are no key audit matters to communicate in our report.

# **INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF**

*(Constituted under a Trust Deed registered in the Republic of Singapore)*

## **Other Information**

The Fund's Manager (the "Manager") is responsible for the other information. The other information comprises all the sections of the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of the Manager for the Financial Statements**

The Manager is responsible for the preparation and fair presentation of these financial statements in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants and for such internal control as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to terminate the Fund or to cease the Fund's operations, or has no realistic alternative but to do so.

The Manager's responsibilities include overseeing the Fund's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.

**INDEPENDENT AUDITOR'S REPORT  
TO THE UNITHOLDERS OF NIKKO AM SGD INVESTMENT GRADE CORPORATE  
BOND ETF**

*(Constituted under a Trust Deed registered in the Republic of Singapore)*

- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Manager, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lim Kheng Wah.

## **NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF**

*(Constituted under a Trust Deed registered in the Republic of Singapore)*

### **NOTES TO THE FINANCIAL STATEMENTS**

*For the financial year ended 30 June 2022*

---

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

#### **1. General**

Nikko AM SGD Investment Grade Corporate Bond ETF (the “Fund”) is a Singapore domiciled fund constituted under a Trust Deed dated 13 July 2018 (referred to as the “Deed”). The Deed is governed by the laws of the Republic of Singapore. The Trustee of the Fund is DBS Trustee Limited (the “Trustee”). The Manager of the Fund is Nikko Asset Management Asia Limited (the “Manager”).

#### **2. Significant accounting policies**

The principal accounting policies applied in the preparation of these financial statements are set out below.

##### (a) Basis of preparation

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss, and in accordance with the recommendations of Statement of Recommended Accounting Practice 7 “Reporting Framework for Investment Funds” (“RAP 7”) issued by the Institute of Singapore Chartered Accountants.

##### (b) Recognition of income

Interest income is recognised on a time-proportion basis using the effective interest rate method.

##### (c) Foreign currency translation

###### (i) Functional and presentation currency

The Fund qualifies as an authorised scheme under the Securities and Futures Act 2001 (“SFA”) of Singapore and is offered to retail investors in Singapore. The Fund’s activities are substantially based in Singapore, with subscriptions and redemptions of the units of the Fund being denominated in Singapore Dollar (“SGD”).

The performance of the Fund is measured and reported to the investors in Singapore Dollar. The Manager considers the Singapore Dollar as the currency which most faithfully represents the economic effects of the underlying transactions, events and conditions. The financial statements are expressed in Singapore Dollar, which is the Fund’s functional and presentation currency.

## NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF

(Constituted under a Trust Deed registered in the Republic of Singapore)

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

---

#### 2. Significant accounting policies (continued)

##### (c) Foreign currency translation (continued)

###### (ii) Transactions and balances

Foreign currency monetary assets and liabilities are translated into Singapore Dollar at the rates of exchange prevailing at the date of the Statement of Financial Position. The net unrealised gain or loss is taken to the Statement of total Return. Transactions during the year are recorded in Singapore Dollar at the rates of exchange ruling on transaction dates. All realised gains or losses are recognised in the Statement of Total Return.

##### (d) Distributions

The Manager has the absolute discretion to determine whether a distribution is to be made. In such an event, an appropriate amount will be transferred to a distribution account to be paid on the distribution date. The amount shall not be treated as part of the property of the Fund. Distributions are accrued for at the point in time when the necessary approvals have been obtained and a legal or constructive obligation has been created.

##### (e) Investments

Investments are classified as financial assets at fair value through profit or loss.

###### (i) Initial recognition

Purchases of investments are recognised on the trade date. Investments are recorded at fair value on initial recognition.

###### (ii) Subsequent measurement

Investments are subsequently carried at fair value. Net change in fair value on investments are included in the Statement of Total Return in the year in which they arise.

###### (iii) Derecognition

Investments are derecognised on the trade date of disposal. The resultant realised gains or losses on the sales of investments are computed on the basis of the difference between the weighted average cost and selling price gross of transaction costs and are taken up in the Statement of Total Return.

##### (f) Basis of valuation of investments

The fair value of financial assets and liabilities traded in active markets is based on quoted market prices at the close of trading on the reporting date. The quoted market price for these investments held by the Fund is the current market quoted bid price furnished by the index provider, a pricing service approved by the Manager and the Trustee. Accrued interest or discount or premium on fixed income securities at financial year end date is included in the fair value of fixed income securities. Interest income on fixed income securities is presented within "Net gains on investments" in the Statement of Total Return.

## NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF

(Constituted under a Trust Deed registered in the Republic of Singapore)

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

---

#### 2. Significant accounting policies (continued)

##### (g) Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Receivables are initially recognised at their fair value and subsequently carried at amortised cost using the effective interest method, less accumulated impairment losses.

##### (h) Sales and purchases awaiting settlement

Sales and purchases awaiting settlement represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. These amounts are recognised initially at fair value and subsequently measured at amortised cost.

##### (i) Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and on hand which are subject to an insignificant risk of changes in value.

##### (j) Payables

Accrued expenses are recognised initially at fair value and subsequently stated at amortised cost using the effective interest method.

#### 3. Income tax

The Fund has been approved by the Monetary Authority of Singapore ("MAS") under the Enhanced Tier Fund Scheme (section 13U\* of the Income Tax Act and the relevant Regulations). Subject to certain conditions being met on an annual basis, the Fund may enjoy Singapore corporate income tax exemption on "specified income" derived from "designated investments" for the life of the Fund. The tax exemption does not apply in the year when the relevant conditions are not met. Losses from "designated investments" are correspondingly disregarded. The terms "specified income" and "designated investments" are defined in the relevant income tax regulations. The Manager and the Trustee of the Fund will ensure that the Fund fulfills its reporting obligations under the ETF Scheme.

\* The Singapore Attorney General issued the Revised Edition of Acts 2020 effective 31 December 2021 which streamlined and renumbered various Acts, including for the Income Tax Act. The ETF Scheme previously provided under section 13X of the Income Tax Act is now provided under section 13U of the Income Tax Act 1947.

There is no income tax for the financial year ended 30 June 2022 and 2021.

#### 4. Receivables

	2022 S\$	2021 S\$

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

---

#### 8. Financial risk management

The Fund's activities expose it to a variety of risk, including but not limited to market risk (including price risk, interest rate risk and currency risk), liquidity risk and credit risk. The Manager is responsible for the implementation of the overall risk management programme, which seeks to minimise potential adverse effects on the Fund's financial performance. Specific guidelines on exposures to individual securities and certain industries and/or countries are in place as part of the overall financial risk management to reduce the Fund's risk exposures to these risks.

The Fund's primary objective is to provide investors with investment returns that correspond closely to the total return of the iBoxx SGD Non-Sovereigns Large Cap Investment Grade Index (the "Index") before fees and expenses.

The financial instruments are held in accordance with the published investment policies of the Fund and managed accordingly to achieve the investment objectives.

During the financial year 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organisation. The situation is dynamic with various cities and countries around the world responding in different ways to address the outbreak. As a result of the COVID-19 outbreak, global financial markets have experienced significant volatility. Given the extent of the crisis, it is difficult to estimate the duration of the volatility and its impact on the portfolio of the Fund. The Manager is closely monitoring the development of the COVID-19 outbreak and its related impact.

##### (a) Market risk – Price risk

Price risk is the risk that arises from uncertainties about future prices of financial instruments.

The Fund's investment is substantially dependent on the changes of market prices. The Fund's overall market positions are monitored regularly so as to assess changes in fundamentals and valuation. However, events beyond reasonable control of the Manager could affect the prices of the underlying investments and hence the net asset value of the Fund.

The Fund's market price risk is managed through diversification of the investment portfolio across various industries.

The market prices of financial assets held by the Fund are primarily dependent on prevailing market interest rates, as the Fund invests primarily in listed sovereign and quasi sovereign bonds. Hence, no separate price risk sensitivity analysis is prepared as it is covered as part of interest rate risk sensitivity analysis.

##### (b) Market risk – Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates (fair value risk).

The Manager will regularly assess the economic condition, monitor changes in interest rates outlook and take appropriate measures accordingly to control the impact of interest rate risk. The Fund's overall market positions are monitored frequently and are reviewed formally on a quarterly basis by the Manager.

<b>Liabilities</b>						
Purchases awaiting settlement	-	-	-	-	6,040,305	6,040,305
Payables	-	-	-	-	297,509	297,509
Distributions payable	-	-	-	-	7,941,154	7,941,154
<b>Total liabilities</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>14,278,968</b>	<b>14,278,968</b>

As at 30 June 2021

	<u>Floating rate</u>	←	<u>Fixed rate</u>	→	<u>Non-interest bearing</u>	Total
	S\$	Up to 1 year	1-5 years	Over 5 years	S\$	S\$
		S\$	S\$	S\$		
<b>Assets</b>						
Portfolio of investments	238,881,839	-	160,243,043	202,226,522	5,153,332	606,504,736
Sales awaiting settlement	-	-	-	-	5,020,209	5,020,209
Cash and cash equivalents	5,414,243	-	-	-	-	5,414,243
Receivables	-	-	-	-	841,885	841,885
Prepayments	-	-	-	-	920	920
<b>Total assets</b>	<b>244,296,082</b>	<b>-</b>	<b>160,243,043</b>	<b>202,226,522</b>	<b>11,016,346</b>	<b>617,781,993</b>
<b>Liabilities</b>						
Purchases awaiting settlement	-	-	-	-	3,016,221	3,016,221
Payables	-	-	-	-	323,629	323,629
Distributions payable	-	-	-	-	8,465,951	8,465,951
<b>Total liabilities</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>11,805,801</b>	<b>11,805,801</b>

As at 30 June 2022, an increase/decrease of interest rates by 1% (2021: 1%), with all other variables remaining constant, would result in a decrease/ increase of the net assets attributable to unit holders by approximately 6% (2021: 4%). Changes in interest rates are revised annually depending on the Manager's current view of market volatility and other factors.

(Constituted under a Trust Deed registered in the Republic of Singapore)

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

---

#### 8. Financial risk management (continued)

##### (c) Market risk – Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates.

To minimise currency risk, the Fund mainly holds its excess cash in its functional currency. For hedging purposes, the Fund may also enter into forward foreign exchange contracts.

The Manager does not consider currency risk to be significant as all of the financial assets and financial liabilities of the Fund are denominated in Singapore Dollar, which is the functional currency of the Fund.

##### (d) Liquidity risk

Liquidity risk is the risk of loss arising from the inability of the Fund to meet its obligations as and when they fall due without incurring unacceptable cost or losses.

The Fund is exposed to daily cash redemptions from unit holders. However, in accordance with the Fund's prospectus, minimum redemption size is set.

To manage the liquidity risk, a cash buffer is maintained in the Fund and monitored for minimum cash balances to prevent any extensive disposition of assets which may occur at lower prices and overdraft situations to meet trade settlements and obligations.

The Fund's financial liabilities are analysed using contractual undiscounted cash flows for maturity groupings based on the remaining period at the Statement of Financial Position date to the contractual maturity date. As at 30 June 2022 and 2021, all liabilities are either payable upon demand or due in less than 3 months. The impact of discounting is not significant.

	<u>Less than 3 months</u>	
	As at 30 June 2022 S\$	As at 30 June 2021 S\$
Purchases awaiting settlement	6,040,305	3,016,221
Payables	297,509	323,629
Distributions payable	7,941,154	8,465,951
<b>Contractual cash out flows</b>	<b>14,278,968</b>	<b>11,805,801</b>

(Constituted under a Trust Deed registered in the Republic of Singapore)

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

#### 8. Financial risk management (continued)

##### (e) Credit risk

Credit risk is the risk that a counterparty will be unable to fulfil its obligation to the Fund in part or in full as and when they fall due.

Concentrations of credit risk are minimised primarily by:

- ensuring counterparties as well as the respective credit limits are approved;
- ensuring there are controls in place to identify and assess the creditworthiness of counterparties and review such controls on a semi-annual basis; and
- ensuring that transactions are undertaken with a large number of counterparties.

The Fund is also exposed to counterparty credit risk on its financial assets held at amortised cost. As at 30 June 2022 and 2021, the Fund's financial assets held at amortised cost as disclosed in the Statement of Financial Position are realisable within three months. The Manager considers the probability of default to be insignificant as the counterparties generally have a strong capacity to meet their contractual obligations in the near term. Hence, no loss allowance has been recognised based on the 12-month expected credit losses as any such impairment would be insignificant to the Fund.

The Fund invests in financial assets, which have an investment grade as rated by Standard & Poor's. The credit ratings are reviewed regularly.

The table below analyses the Fund's investments by credit ratings:

	Fair value at 30 June 2022		Fair value at 30 June 2021	
	Floating rate securities S\$	Fixed rate securities S\$	Floating rate securities S\$	Fixed rate securities S\$
AAA*	-	183,856,270	-	189,574,197
AA+	-	495,999	-	-

(Constituted under a Trust Deed registered in the Republic of Singapore)

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

---

#### 8. Financial risk management (continued)

##### (e) Credit risk (continued)

Credit risk also arises from cash and cash equivalents and outstanding and committed transactions with brokers. The table below summarises the credit rating of bank and custodian in which the Fund's assets are held as at 30 June 2022 and 2021.

	Credit rating as at 30 June 2022	Credit rating as at 30 June 2021	Source of credit rating
<b>Bank and custodian</b>			
- DBS Bank Limited	AA-	AA-	Standard & Poor's

The credit ratings are based on Long-Term Local Issuer Ratings published by the rating agency.

The maximum exposure to credit risk at the reporting date is the carrying amount of the financial assets.

##### (f) Capital management

The Fund's capital is represented by the net assets attributable to unitholders. The Fund strives to invest the subscriptions of redeemable participating units in investments that meet the Fund's investment objectives while maintaining sufficient liquidity to meet unitholder redemptions.

##### (g) Fair value estimation

The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

## NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF

(Constituted under a Trust Deed registered in the Republic of Singapore)

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

#### 8. Financial risk management (continued)

##### (g) Fair value estimation (continued)

The following table analyses within the fair value hierarchy the Fund's financial assets and liabilities (by class) measured at fair value at 30 June 2022 and 2021:

	Level 1 S\$	Level 2 S\$	Level 3 S\$	Total S\$
<b>As at 30 June 2022</b>				
<b>Assets</b>				
Financial assets designated at fair value through profit or loss at inception:				
- Quoted fixed income securities	-	561,113,313	-	561,113,313

	Level 1 S\$	Level 2 S\$	Level 3 S\$	Total S\$
<b>As at 30 June 2021</b>				
<b>Assets</b>				
Financial assets designated at fair value through profit or loss at inception:				
- Quoted fixed income securities	-	605,504,736	-	606,504,736

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include investment-grade corporate bonds.

Except for cash and cash equivalents which are classified as Level 1, the Fund's assets and liabilities not measured at fair value at 30 June 2022 and 2021 have been classified as Level 2. The carrying amounts of these assets and liabilities approximate their fair values as at the Statement of Financial Position date.

#### 9. Related party transactions

In addition to related party information shown elsewhere in the financial statements, the following significant transactions took place during the financial year between the Fund and a related party at terms agreed between the parties and within the provisions of the Deeds:

	2022 S\$	2021 S\$
Bank balances held with related party of the Trustee	4,505,604	5,414,243

## NIKKO AM SGD INVESTMENT GRADE CORPORATE BOND ETF

### NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2022

---

#### 10. Financial ratios

		2022	2021
<b>Expense ratio</b>			
Total operating expenses	S\$	1,523,567	1,505,448
Average daily net asset value	S\$	590,174,356	594,338,904
<b>Total expense ratio<sup>1</sup></b>	%	<b>0.26</b>	0.25
		2022	2021
<b>Turnover ratio</b>			
Lower of total value of purchases or sales	S\$	227,289,454	206,150,903
Average daily net asset value	S\$	590,174,356	594,338,904
<b>Total turnover ratio<sup>2</sup></b>	%	<b>38.51</b>	34.69

<sup>1</sup> The expense ratio has been computed based on the guidelines laid down by the Investment Management Association of Singapore ("IMAS"). The calculation of the expense ratio at financial year end was based on total operating expenses divided by the average net asset value for the year. The total operating expenses do not include (where applicable) brokerage and other transactions costs, performance fee, interest expense, distribution paid out to unitholders, foreign exchange gains/losses, front or back end loads arising from the purchase or sale of other funds and tax deducted at source or arising out of income received. The Fund does not pay any performance fee. The average net asset value is based on the daily balances.

<sup>2</sup> The portfolio turnover ratio is calculated in accordance with the formula stated in the Code on Collective Investment Schemes. The calculation of the portfolio turnover ratio was based on the lower of the total value of purchases and sales of the underlying investments, divided by the average daily net asset value.
