2. INFORMATION ON THE PROPERTY

2.1 Wallingford Fair

Wallingford Fair is a 115,223-square foot retail property located in Wallingford, Connecticut. The property is situated in eastern New Haven County, approximately 10 miles north of the New Haven Central Business District. It is positioned within a densely developed and well-traveled commercial corridor that benefits from strong regional connectivity. As of the date of this announcement, the Property is 100% leased to three tenants. 3.1 Valuation and Purchase Consideration

The aggregate purchase consideration ("**Aggregate Purchase Consideration**") payable for the Acquisition is approximately US$21.4 million, which is subject to closing and post-closing adjustments in accordance with the terms and conditions of the Purchase Agreement.

Perpetual (Asia) Limited (in its capacity as trustee of UHREIT) has commissioned an independent valuer, CBRE Valuation & Advisory Services ("**CBRE**" or the "**Independent Valuer**"), to value the Property. CBRE has valued the Property at US$23.3 million as at 25 November 2025 based on the income capitalisation approach and sales comparison approach (the "**Independent Valuation**"). The Aggregate Purchase Consideration was negotiated on a willing-buyer and willing-seller basis taking into account the Independent Valuation, and is approximately at an 8.2% discount to the Independent Valuation.

3.2 Estimated Total Acquisition Cost and Method of Financing

The estimated total cost of the Acquisition (the "**Total Acquisition Cost**") is approximately US$22.1 million, comprising:

(a) the Aggregate Purchase Consideration of approximately US$21.4 million;

(b) the acquisition fee of approximately US$0.2 million payable to the Manager for the Acquisition pursuant to the trust deed dated 18 September 2019 constituting UHREIT. Such acquisition fee is payable to the Manager in the form of cash and/or units in the capital of UHREIT ("**Units**", and each, a "**Unit**"), as the Manager may elect, in such proportions as may be determined by the Manager; and

(c) the estimated professional and other transaction fees and expenses incurred, or to be incurred, by UHREIT of approximately US$0.5 million in connection with the Acquisition.

The Total Acquisition Cost paid on Completion Date (and which remains subject to post-closing adjustments in accordance with the terms and conditions of the Purchase Agreement) was funded with a combination of internal sources of funds (including but not limited to the proceeds from the divestment of the Albany – Supermarket property (the "**Albany Divestment**", and the proceeds from the Albany Divestment, the "**Albany Divestment Proceeds**"), further details of which were

disclosed in the Manager's announcement dated 17 January 2025[1] (as updated on 18 January 2025) (the "**Albany Announcement**")) and external borrowings. The Manager may consider equity capital market issuances in the future to refinance or repay such external borrowings incurred for the Acquisition. Such decision regarding proportion of debt and equity in respect of the Total Acquisition Cost amount will be determined by the Manager at the appropriate time, taking into account accretion, aggregate leverage, prevailing market conditions and interest rate environment, amongst other things.

4. PRINCIPAL TERMS OF THE ACQUISITION

4.1 Conditions Precedent

The full amount of the Aggregate Purchase Consideration was paid by the Purchaser to the Seller on Completion, in accordance with the terms and conditions of the Purchase Agreement.

7. OTHER INFORMATION

7.1 Disclosure under Rule 1006 of the Listing Manual

Chapter 10 of the Listing Manual of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") (the "**Listing Manual**") classifies transactions by an issuer into (a) non-discloseable transactions, (b) discloseable transactions, (c) major transactions and (d) very substantial acquisitions or reverse takeovers, depending on the size of the relative figures computed on, *inter alia,* the following applicable bases of comparison set out in Rules 1006(a) to 1006(d) of the Listing Manual:

(a) the NAV of the assets to be disposed of, compared with UHREIT's and its subsidiaries' (the "**UHREIT Group**") NAV;

(b) the net profits attributable to the assets acquired or disposed of, compared with UHREIT

Group's net profits;

(c) the aggregate value of the consideration given or received, compared with UHREIT's market capitalisation based on the total number of issued Units; and

(d) the number of Units issued by UHREIT as consideration for an acquisition, compared with the number of Units previously in issue.

Rule 1006(a) of the Listing Manual is not applicable to the Acquisition as UHREIT will not be disposing of any assets under the Acquisition. Rule 1006(d) of the Listing Manual is not applicable to the Acquisition as no consideration units are issued in connection with the Acquisition.

The relative figures for the Acquisition using the applicable bases of comparison set out above and in accordance with Rule 1006 of the Listing Manual, are set out in the table below. Under Rule 1010 of the Listing Manual, where any of such relative figures exceeds 5% but does not exceed 20%, the transaction is regarded as being a disclosable transaction and would not be subject to the approval of Unitholders.

Comparison of	**Acquisition (US$'000)**	**UHREIT (US$'000)**	**Relative Figure (%)**
Rule 1006(b) Net property income[(1)] attributable to the assets acquired compared to UHREIT's net property income	1,560	49,812[(3)]	3.1
Rule 1006(c) Aggregate value of consideration[(2)] to be given compared with UHREIT's market capitalisation[(3)]	21,400	321,172[(4)]	6.7

Notes:

(1) In the case of a real estate investment trust, the net property income is a close proxy to the net profits attributable to its assets.
(2) For the purposes of computation under Rule 1006(c), the aggregate consideration given is the Aggregate Purchase Consideration for the Property.
(3) Based on FY2024 audited financial statements.
(4) Market capitalisation is computed based on the weighted average price of a Unit on the SGX-ST of US$0.530, being the market day prior to the date of entry into the Purchase Agreement.

Based on the relative figures above in respect of the Acquisition, the Acquisition is classified as a "discloseable transaction" under Rule 1010(1) of the Listing Manual and would not require the specific approval of Unitholders at an extraordinary general meeting under Chapter 10 of the Listing Manual.
