#### 8. Review of Group performance (Continued)

## (a) Significant factors that affected the turnover, costs, and earnings of the Group (continued)

In 2024, the Group delivered a strong performance across both the gaming and non-gaming sectors. The Group reported revenue exceeding \$2.5 billion for the financial year, marking a 5% growth compared to the previous year. While revenue has surpassed pre-Covid levels, rising costs and inflationary pressure remain significant challenges, contributing to a 6% decline in the Group's adjusted earnings before interest, tax, depreciation and amortisation ("Adjusted EBITDA"), which stood at \$960.1 million.

In the fourth quarter, the Group's Adjusted EBITDA grew 37% quarter-on-quarter on the back of better gaming performance. The gaming revenue grew 26% mainly due to a strong hold rate. Non-gaming revenue declined 15% due to seasonality and the impact of a strong Singapore dollar and elevated travel costs.

# (b) Material factors affecting the cash flow, working capital, assets or liabilities of the Group

Other than the above and as disclosed in the other notes, there have been no material factors that affected the cash flow, working capital, assets or liabilities of the Group for the financial year ended 31 December 2024.

#### 9. Variance from forecast statement

No forecast or prospect statement has been disclosed to shareholders.

# 10. Commentary of the significant trends and competitive conditions of the industry in which the Group operates and any known factors or events that may affect the Group in the next reporting period and the next 12 months

Singapore's tourism recovered strongly in 2024 and demonstrated resilience with notable growth in international arrivals from key visitor source markets. For Resorts World Sentosa ("RWS"), 2024 was a pivotal year of transformative progress. We were integrating marketing efforts, automating and streamlining processes to enhance productivity. Together with these efforts, a significant investment will be made for a technological refresh that will embrace the use of artificial intelligence (AI) to improve efficiency and create personalised experiences. These projects will stretch into 2025/26. With the deployment of these technological advancements, earnings will exhibit good incremental results from the full launch of RWS 1.5 in the third quarter of 2025 ("Q3 2025") onwards. We remain agile, staying ahead of tourism trends by enhancing our existing offerings with innovative events and experiences. These efforts support the resilience of our business.

During the second half of 2024, S.E.A. Aquarium collaborated with respected marine institutions on various outreach initiatives that touched broader audiences while promoting marine conservation. Universal Studios Singapore partnered with Netflix and Team Wang Design to launch Southeast Asia's largest Halloween event. The theme park also expanded its programming by introducing Wicked-themed experiences during the cinematic premier of Wicked.

Another highlight during the period was the Asia premiere of *Harry Potter: Visions of Magic* at RWS in November 2024. The immersive, multi-sensory experience captivated audiences, offering ten magical environments - two of which are exclusive to Singapore. RWS also hosted a series of world-class concerts, featuring iconic bands like Air Supply, Michael Learns to Rock, and Westlife. In addition, we were the venue of choice for numerous prestigious international events, including the 2024 FIDE World Chess Championship, GSTC2024 Global Sustainable Tourism Conference and more. These dynamic initiatives attracted visitors from Singapore, the region and beyond, and showed increase in visitor spending on merchandise.

As we forge ahead, we remain committed to our RWS 2.0 transformative investments to further strengthen our reputation as the region's premier destination, while driving strong sustainable growth for our stakeholders. On 14<sup>th</sup> February, we opened Universal Studios Singapore's new themed zone, Illumination's Minion Land. This will be followed by the opening of a super luxury all-suite hotel and the Singapore Oceanarium in Q3 2025.

In December 2024, part of the re-developed Forum received temporary occupation permit and opened for the Christmas carnival - A Big, Big World of Excitement. The complex will progressively open in 2025 with a completely rejuvenated lifestyle destination for retail and dining options. These trendy offerings feature unique retail spaces and a refreshed culinary landscape catered for affluent travellers and families.

At the heart of RWS 2.0 is a waterfront development where groundbreaking took place in November 2024. Slated for completion by 2030, this development will feature a stunning waterfront promenade, a four-storey world-class retail, entertainment and two new luxury hotels offering 700 keys. Designed by the award-winning architectural firm Benoy, it will also include an immersive and highly experiential mountain trail, and the entire unique exciting destination environment augmented with the sculptural masterpiece created by the internationally renowned design and architecture firm Heatherwick Studio.

At the Group level, we note that the Thai cabinet has given approval-in-principle to a draft Entertainment Complex Business Act on 13 January 2025, which could pave the way for the legalisation of casinos in Thailand. We are closely monitoring the development and will continue to evaluate and explore geographical diversification opportunity.
