LOGISTICS FOR 28TH SEA GAMES NOTCHES UP A GEAR WITH OFFICIAL OPENING OF SINGSOC LOGISTICS CENTRE

CWT Limited to provide logistics and operations support for the Games

Singapore, 7 April 2015 – Singapore Southeast Asian Games Organising Committee (SINGSOC) today announced the official opening of the SINGSOC Logistics Centre (SLC), which will be the key warehousing and logistics support venue for the 28th Southeast Asian (SEA) Games.

The SLC will provide a monthly warehouse space of 17,000 square feet, and storage space for 11,000 pallets over a 12-month period. CWT will also be handling up to 53,000kg of air freight and 1,350 m³ of sea freight. Some of the items that are housed at the SLC include sporting equipment such as Olympic bicycle racks, table tennis tables, and the balls and mats for our combat sports. The SLC also houses supplies like 31,000 packets of snacks and 2 million litres of beverages. The Equipment Factory, which is located on the same site, is where the configuration and testing of 3,000 laptops and devices are conducted before it is distributed to the competition venues. All in, the items will take 3,000 truck trips to transport.

The SLC is located on the premises of Singapore's largest home-grown logistics provider, CWT Limited, which has been appointed as the Logistics Service Provider for the Games. CWT will be providing full supply chain management and supporting logistical services inclusive of manpower and transportation. In addition, it will provide logistics resources and operations support at all the competition and training venues; handle the athletes' sports equipment and luggage upon arrival and departure; and help equip volunteers at the uniform distribution and accreditation centre.

"The SINGSOC Logistics Centre is the backbone of the Games' operations. All in all, the Centre will store, manage and move 1,642 tonnes of sports equipment, fittings and general supplies. With CWT's expertise and track record in the logistics, we are assured of efficient and secure supply chain management. This partnership is fundamental to delivering a successful Games," said SINGSOC Exco Chairman, Mr Lim Teck Yin.

Added BRIG-GEN(NS) Ishak Ismail, CWT Defence Services CEO, "CWT is proud to handle logistics for the SEA Games on home soil while promoting sports and community spirit. As a leading provider of integrated logistics solutions, we will be able to tap on our domain knowledge, resources and network to ensure that logistics challenges under demanding timeframes are met."

Since coming on board in September 2014, CWT, together with the SINGSOC Logistics team have been working towards a lean and agile supply chain to maximise space to house the fixture and equipment required for the Games.

About the 28th SEA Games

The 28th SEA Games will be held from 5 -16 June 2015, with Singapore Sports Hub as the main venue for the Games. Organised by the Singapore Southeast Asian Games Organising Committee (SINGSOC), the Games is held in conjunction with Singapore's 50th anniversary and will host more than 7,000 athletes and officials from 36 sports. Adopting the theme of **Celebrate the Extraordinary**, the Games will celebrate triumph of human spirit - be it in sports or daily lives; in success or in the grit to try again and again; in winning or in merely being at the start line. The 28th SEA Games will show the people of the Southeast Asia that success ultimately comes to ordinary people with extraordinary dreams. It's not about having a champion, but inspiring the champion that is inside each of us.
