

[FOR IMMEDIATE RELEASE]

HEALTHWAY MEDICAL OPENS HEALTH SCREENING CENTRE AND DENTAL CLINIC IN ORCHARD ROAD

Increases access to affordable health screening and dental services at premium central locations

Healthway Medical's second health screening centre in Orchard Road opened on 21 July 2021 at The Centrepoint

SINGAPORE, 17 August 2021 - Healthway Medical Corporation Limited ("HMC") announced today the opening of **Healthway Screening @ Centrepoint** and **Healthway Dental at Pacific Plaza**, as part of its commitment to bring accessible, affordable and quality medical services closer to more people in Singapore.

HEALTHWAY SCREENING @ CENTREPOINT

Building upon the success of Healthway Screening @ Downtown at OUE Downtown Gallery, the new centre is anchored on the same concept of providing comprehensive health screening as well as a quality, personalised and private experience.

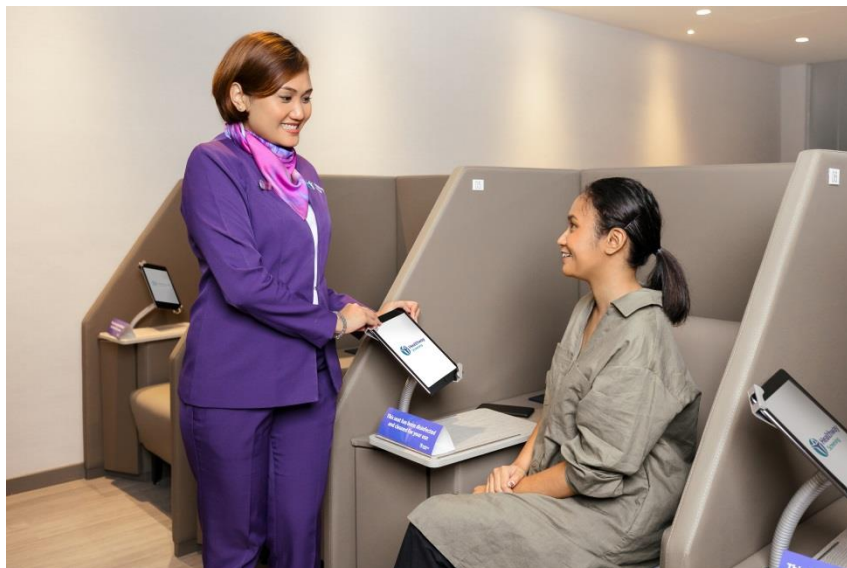

Conveniently located at the heart of Singapore's shopping district, Healthway Screening @ Centrepoint is easily accessible via public transport with Somerset and Dhoby Ghaut MRT stations

within short walking distance. Situated on level 6 - away from shops on lower floors, it provides privacy for all guests. With the opening of this centre, HMC has made it possible for more people in Singapore to access its health screening services from not just one but two convenient locations in town.

The centre houses various health screening facilities that support different types of health screening packages, from basic investigations to in-depth assessment of specific diseases. Apart from baseline clinical assessments such as blood pressure measurement, the centre is capable of conducting wide-ranging tests including thorough blood and urine tests, resting electrocardiogram (ECG) and treadmill ECG, spirometry and tonometry. Equipment including X-rays, mammogram and ultrasounds are also available for radiology examinations.

The Healthway Screening @ Centrepont experience begins with greetings by a guest experience officer at the counter who offers guidance throughout the registration process. Guests can register using iPads from the comfort of their designated health suites – plush pods where specialised healthcare professionals will take turns to visit for preliminary tests. They will then be escorted to clinical examinations and selected tests conducted by experienced doctors and nurses; and rest at their suites in between tests.

The screening centre takes care of every guest's safety throughout the visit by adhering to strict safe management measures such as thorough disinfection of seats and equipment after every guest's visit, enforcement of safe distancing among all visitors and high hygiene standards. In addition, the centre's private health suites minimise movement and contact amongst guests while its efficient service keeps the duration of visits short to reduce transmission risks.

Private health suites at Healthway Screening @ Centrepont provide optimal comfort and hospitality for all guests

HEALTHWAY DENTAL @ PACIFIC PLAZA

HMC has opened its first Healthway Dental in the Orchard Road area, a testament to its dedication to broaden the reach of its quality dental services beyond housing estates to the heart of Singapore. Located at Pacific Plaza, the new dental clinic offers both basic and complex procedures including aesthetic dentistry, restorative dentistry and oral surgery.

“The COVID-19 pandemic has made more people realise the importance of being more proactive about their health. By setting up these centres in premium central locations, HMC hopes to help more people in Singapore benefit from our quality health screening and dental services within their means, thereby supporting them in achieving their goals of taking greater control of their well-being,” said Mr. Abram Suhardiman, Executive Director and Deputy CEO, HMC.

“At ITOCHU Singapore, our employees’ health and well-being are our priority, not just during this pandemic but also in the times moving forward. Healthway Medical’s wide network of clinics has been pivotal in supporting us to take care of our employees’ varied health needs. With more of their health screening and dental services opening up in the city area, we are now able to provide our employees with options that are not only close to the office, but also at highly accessible locations,” said Mr. Ben Liew, HR Manager, ITOCHU Singapore.

Healthway Screening @ Centrepoint is located at 176 Orchard Road #06-03/04 The Centrepoint Singapore 238843 while Healthway Dental @ Pacific Plaza is located at 9 Scotts Road #06-05 Scotts Medical Centre Singapore 228210.
