

Advancing Partnership & Innovation

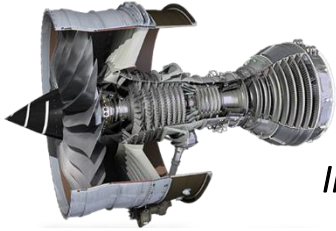

SIAEC AGM
20 July 2017

MRO Landscape

1. Technological Advancements in New-Generation fleets

Longer check intervals and lighter work content

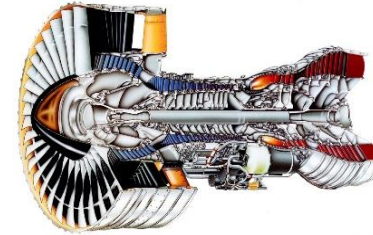

Improved reliability of engines

2. Continued Phasing Out of Old Aircraft and Engines

Boeing 747

Pratt & Whitney PW4000 Engine

3. Increased Hangar Capacity in the Region

4. OEM Competition in the Aftermarket

Aircraft

Engine

Component

Continues to invest in strategic partnerships
and advancing innovations ...

Additive Manufacturing

Accelerate adoption of 3D printed production parts for commercial aviation

Signed on 5 April 2017

Digitalisation

Digitalised work processes, executed on connected mobile devices to provide real time status for optimisation of operations

Automation & Robotics

Deployment of equipment to improve turn time and maximise productivity

Data Analytics

CASEBANK®
TECHNOLOGIES INC.

Resource optimisation through data analytics and improved aircraft reliability through engineering data analytics solutions

Strategic Partnerships

Training Services

Provide maintenance training on
current and new generation
Boeing aircraft

Signed on 21 June 2017

Regional Jets

Appointed Authorised Service
Centre for Embraer E-Jets

Signed on 29 June 2017

Engine Overhaul Services

EAGLE SERVICES ASIA

Designated Overhaul Facility
for PW1100G-JM GTF engines for
Airbus A320neo

Signed on 19 June 2017

Airframe Services

Centre of Excellence
for A380 & A350
Heavy Maintenance in Asia

Incorporated on 28 October 2016

Engine Overhaul Services

Brilliant Factory to perform engine MRO services for GE90 and GE9X engines

Binding Term Sheet Signed on 20 June 2017

Thank You
