

Orazul Energy Perú S.A. Announces Expiration of the Early Tender Date and Extension of Early Tender Payment Through the Expiration Date for its Modified Dutch Auction Tender Offer for its 5.625% Senior Notes due 2027

LIMA, PERÚ, July 12, 2021 — Orazul Energy Perú S.A. (f/k/a Orazul Energy Egenor S. en C. por A.) (“**Orazul**”) today announced the expiration of the early tender period, at 5:00 p.m., New York City time, on July 9, 2021 (the “**Early Tender Date**”), of its previously announced cash tender offer (the “**Tender Offer**”) for its 5.625% Senior Notes due 2027 (CUSIP Nos. 68559B AA5; P7372B AA1) (the “**Notes**”). In addition, Orazul announced that it has extended the payment of the Early Tender Payment (as defined below) through the Expiration Date (as defined below) (the “**Extension**”), such that the Total Consideration (as defined below) payable to holders who validly tender (and not validly withdraw) their Notes on or prior to the Expiration Date will include the Early Tender Payment.

On June 25, 2021, Orazul commenced the Tender Offer for up to an amount of its Notes that would not result in the aggregate purchase price exceeding \$150.4 million (the “**Maximum Tender Amount**”), at a purchase price per \$1,000 principal amount of Notes to be determined in accordance with the procedures of a “**Modified Dutch Auction**,” as more fully described in the Offer to Purchase, dated June 25, 2021 (as it may be amended or supplemented from time to time, including pursuant to this press release, the “**Offer to Purchase**”).

Holders who validly tendered their Notes on or prior to the Early Tender Date and do not withdraw such tendered Notes on or prior to the Expiration Date (as defined below), and whose Notes are purchased pursuant to the Tender Offer, will be entitled to receive the “**Total Consideration**” payable under the Tender Offer, which includes an “**Early Tender Payment**” of \$50.00 for each \$1,000 principal amount of Notes. In addition, holders will receive accrued and unpaid interest on all Notes tendered and accepted for payment in the Tender Offer from the last interest payment date up to, but not including, the Settlement Date for the Tender Offer, together with additional amounts thereon.

Holders of Notes who have not already tendered their Notes may do so at any time on or prior to 11:59 p.m., New York City time, on July 26, 2021, unless extended or earlier terminated by Orazul (the “**Expiration Date**”). Pursuant to the Extension described above, any such tender will also be entitled to receive the Early Tender Payment. Payment for the Notes validly tendered (and not validly withdrawn) at or prior to the Expiration Date and that are accepted will be made on the Settlement Date, which is expected to happen on July 27, 2021. Notes tendered may be withdrawn any time prior to 11:59 p.m., New York City time, on July 26, 2021, unless extended by Orazul.

Orazul stated in the Offer to Purchase that if the amount of Notes validly tendered in the Tender Offer is less than the Maximum Tender Amount, Orazul will be permitted to use any remaining Net Cash Proceeds (as defined in the indenture governing the Notes, the “**Indenture**”), for any corporate purposes (including distributions to its shareholders) to the extent not prohibited by and in compliance with the Indenture. **As a result, following the Settlement Date of the Tender Offer, Orazul will distribute to its shareholders any remaining Net Cash Proceeds, to the extent not prohibited by and in compliance with the Indenture, which could result in**

a ratings decline of the Notes or otherwise result in a lower market price for the Notes.

After giving pro forma effect to such distribution, Orazul's total debt to EBITDA ratio for the year ended December 31, 2020, unadjusted for the settlement of the Tender Offer, would have been 6.0x, based upon total debt of \$550 million.

The Tender Offer constitutes an asset sale offer pursuant to the requirements of the Indenture, in connection with Orazul's sale in August 2020 of its indirect ownership in the transmission business companies, Etenorte S.R.L. and Eteselva S.R.L.

The terms and conditions of the Tender Offer are described in the Offer to Purchase and remain unchanged, except for the Extension described above. Subject to applicable law, Orazul may further amend, modify or terminate the Tender Offer at any time in its sole discretion.

Furthermore, on June 25, 2021, Orazul published a press release stating that in the past weeks, the Inkia Group (Nautilus Energy Holdings LLC), through Orazul, received an indication of interest from a third party to acquire Orazul's thermal power generation and hydrocarbon businesses in Peru. In that context, in line with its strategy of generating value through portfolio optimization, the Inkia Group decided to initiate a sale process of Orazul's thermal power generation and hydrocarbon businesses in Peru. The sale process contemplates selling 100% of Orazul's indirect interest in its subsidiaries, Aguaytía Energy del Perú S.R.L. ("Aguaytía") and Termoselva S.R.L. ("Termoselva"). Aguaytía and Termoselva combined represented approximately US\$51 million in revenues and \$27 million in EBITDA for the year ended December 31, 2020, in turn representing approximately 29% of Orazul's total consolidated EBITDA of \$92 million for the year ended December 31, 2020. If the sale process of Aguaytía and Termoselva closes, after giving pro forma effect thereto, Orazul's total debt to EBITDA ratio for the year ended December 31, 2020, unadjusted for the settlement of the Tender Offer, would have been 8.5x, based upon total debt of \$550 million.

The sale process will be subject to customary conditions applicable to transactions of this type, including legal and regulatory approvals. There is no assurance that the sale of Aguaytía and Termoselva will take place.
