#### 2. Distribution Policy

The distributable income of CLINT is substantially based on the cash flow generated from the operations undertaken by the Venture Capital Undertakings (“**VCUs**”) in India, being mainly the letting of completed properties and the provision of property-related services.

- At the VCU level, the consolidated net profit from operations is arrived at after deducting all expenses incurred from the consolidated net property income.
- At CLINT and Singapore Special Purpose Vehicle (“SPV”) levels, the distributable income is derived after deducting all expenses incurred and adding any income earned at CLINT and Singapore SPV levels. Non-cash items (e.g. payment of Trustee-Manager’s fees in units, unrealised gains or losses on foreign exchange or on fair value of investment properties and derivatives) are also adjusted.
- For full details on the calculation of the distributable income, please refer to item 1(a)(i) of the announcement of results for the period, which is available on [www.sgx.com](http://www.sgx.com) and [www.clint.com.sg](http://www.clint.com.sg).

CLINT is committed to distribute at least 90% of its distributable income, with the actual level of distribution to be determined at the Trustee-Manager’s discretion. Distributions, when paid, will be in Singapore dollars.

### **3. Directors’ Responsibility Statement**

The Board of Directors of CLINTMPL is satisfied on reasonable grounds that, immediately after making the distribution, the Trustee-Manager will be able to fulfill, from the Trust Property (as defined in the Business Trusts Act) of CLINT, the liabilities of CLINT as these liabilities fall due.
