

A-SONIC AEROSPACE LIMITED  
Regn. No. 200301838G

**EXTENDING A-SONIC GROUP'S EXISTING  
E-FULFILMENT GATEWAYS TO INCLUDE UNITED KINGDOM**

The Board of Directors is pleased to announce that A-Sonic Aerospace Limited (the "**Company**"), through one of its subsidiaries, has acquired 51% equity interest in an existing logistics company in the United Kingdom ("**UK**") (the "**Acquisition**").

The Acquisition will serve as an important gateway for our e-fulfilment logistics business to Europe and UK. The Acquisition positions the Company and its logistics subsidiaries ("**A-Sonic Logistics**") to have two international city-gateways in London (UK) and Amsterdam (Europe) for:

- (i) the direct injection ("**B2C**") shipments, ex-factories in The People's Republic of China and anywhere in Asia, to end-consumers in Europe and UK; and
- (ii) the e-fulfilment hub ("**B2B4C**") of e-commerce enterprises, and the redistribution to their end-consumers in Europe and UK.

The Acquisition allows A-Sonic Logistics to replicate its existing Trans-Pacific e-fulfilment business, to Europe and the UK.

The Acquisition entails the subscription of 69,470 new shares ("**New Shares**") of £1 each in an existing logistics company incorporated in The United Kingdom. The New Shares comprise 51% of the enlarged issued share capital of the existing logistics company. The joint venture company in the United Kingdom will subsequently be re-named "A-Sonic Logistics (UK) Limited".

The Acquisition is not material, relative to the consolidated net tangible assets of the Company and its subsidiaries.

The Directors has no, direct or indirect interest, in the Acquisition.

ISSUED ON BEHALF OF  
THE BOARD OF DIRECTORS

Quek Ying Chui  
Joint Company Secretary
