### QUARTERLY UPDATE PURSUANT TO RULE 1313(2) OF THE LISTING MANUAL

---

*China Gaoxian Fibre Fabric Holdings Ltd. (the “Company”) was placed on the watch-list under financial entry criteria pursuant to Rule 1311(1) of the Listing Manual of the Singapore Exchange Securities Trading Limited (“SGX-ST”) with effect from 3 March 2016. The Company was placed on the watch-list under minimum trading price entry criteria pursuant to Rule 1311(2) of the Listing Manual of the SGX-ST with effect from 5 June 2017.*

Pursuant to Rule 1313(2) of the Listing Manual of the SGX-ST, the Board of Directors (the “Board”) of the Company wishes to provide the following updates:

#### **Update on the Group’s financial situation**

The Group’s continued operation including the company, Huagang, and Guangda which are currently inactive. Therefore, there is no revenue and corresponding cost of sales.

The Group reported a net loss of RMB 7.64 million.

As at 30 September 2018, the cash and cash equivalents was RMB 0.22 million.

For more details on the financial position of the Company, please refer to the 3QFY2018 Results Announcement.

#### **Update on Future Direction**

From a macro perspective, the Company believes that the market conditions in the PRC remain challenging for the next twelve months in view of the looming trade disputes between the PRC and the United States of America and the impending global tightening monetary policy. The Company expects that the PRC’s economy will remain sluggish in the foreseeable future.

The AC and the Board have considered various options to revive the Company. On 27 July 2018, the Company announced that the Company’s wholly owned subsidiary, Zhejiang Huagang Polyester Industrial Co., Ltd. (“Zhejiang Huagang”) plans to upgrade its existing production facilities and ancillary machinery and equipment for the production and sales of new Fully Drawn Yarn (“FDY”) products and new Partially Oriented Yarn (“POY”) products, which include Fire-Retardant POY, Nylon Filament POY, Black Yarn FDY, High shrinkage FDY and Regenerated FDY (the “Project Huagang”) in response to the increased demand in the People’s Republic of China and technology readiness for the production of new FDY and POY products.

In contrast with the Huaxiang Project, the Huagang Project requires relatively lesser capital to upgrade its existing production plant and machinery for its production based on the projections made by Management. The products to be produced from the Huagang Project are mainly sold to fabric manufacturers who produce: (i) environmental friendly fabric, and (ii) fire resistant fabric, pursuant to the increased demand in the PRC and technology readiness. This is a niche market where the Management believes the Company can generate a stable income.

In addition, the Group is in the midst of finalising the lease agreement to rent out the unutilised factor space for rental income. The Group expects to receive an annual rental income of approximately RMB 5-6 million and will release announcement when the lease agreement is finalised.

Save for the above and as previously announced, there are no other material developments that may have a significant impact on the financial position of the Company or on its future direction.

The Board wishes to inform shareholders that it is still determining the most appropriate and best course of corporate action to take in order to meet the minimum trading price exit criterion set out under Rule

1314(2) of the SGX-ST Listing Manual. The Board will update shareholders on any material developments in due course and the Company will make further announcements as and when there are any subsequent developments.

BY ORDER OF THE BOARD

Tham Wan Loong, Jerome  
Executive Director
