- *Operational performance remains encouraging with core business of distribution of operator products meeting all KPIs set by Indonesian operators*

Singapore, May 2, 2016 – S i2i Limited (“S i2i”, and together with its subsidiaries, collectively, the “Group”), is pleased to announce that shareholders have expressed support for the capital reduction exercise (“Capital Reduction”) at the Group’s Extraordinary General Meeting (“EGM”) held on 29 April 2016. The Group also provided an update on its turnaround progress and operational progress.

Cash Distribution

As announced by the Group on February 29, 2016 and April 6, 2016, the Capital Reduction exercise will translate into a cash distribution of approximately S\$10 million (or 72.9 Singapore cents per share) to shareholders, which is expected to be paid out on or about June 30, 2016. The Capital Reduction will not result in any cancellation of shares or a change in the number of shares held by shareholders.

Operational Update

The Group continues to focus on its operational and financial performance, following a turnaround from a net loss of S\$ (55.9) million for the financial year ended December 31, 2014 (“FY2014”) to a net profit after tax of S\$1.1 million for the financial year ended December 31, 2015 (“FY2015”). S i2i had also successfully completed the disposal of three non-core business units in December 2015. The Group’s core business in the distribution of operator products and services in Indonesia is on track and continues to achieve operational Key Performance Indicators (KPIs) instituted by the local operators.

Dr. B K Modi (Dr. M), S i2i’s Non-Executive Chairman, said, “We are thankful for the support of our shareholders for our value-unlocking initiatives. Moving forward, the Board and Management will continue to work incessantly to implement all actions needed to create value for shareholders who have supported the company all these years and to also exit the Watch-list administered by the SGX.”
