Trendlines Updates on Israel Situation

Misgav, Israel, 2 March 2026 – The Trendlines Group Ltd. (the **"Company"** and together with its subsidiaries, **"Trendlines"** or the **"Group"**), updates on the situation in Israel and its impact on our operations.

Following the strikes by Israel and the United States on Iran on Saturday 28 February 2026, Israel has since suffered multiple barrages of ballistic missile attacks, and in accordance with Home Front Command directives here in Israel, we have been put on high alert and are following the directives to ensure our safety.

Our team and the portfolio company teams have once again smoothly transitioned to remote work, which we've done effectively and without disruption several times since Covid. Our resilience in adapting swiftly to challenging situations continues to serve us well.

We are grateful to report that none of our team members or those of our portfolio companies have been harmed, and there has been no damage to any of our facilities. We send our sincere condolences to the families of all the victims.

We are extremely appreciative of the messages of support we've received, and we remain hopeful for a swift return to calm and stability.

We will continue to update on the situation as necessary.

Haim Brosh,
Executive Director and Chief Executive Officer
On behalf of The Trendlines Group
