COMPANY PROFILE

Based in Danyang City, Jiangsu Province, PRC, World Precision Machinery Limited ("World Precision", and together with its subsidiaries, the "Group") is a leading manufacturer of stamping machines and related metal components. The Group manufactures both standard and customised stamping machines to suit the needs of a myriad of industries including automotive, home appliances, electronics, and etc.

With vertically integrated facilities, customers are assured of quality products and timely reaction to changes in their demand. The Group has established its sales network and service centres in large and medium sized cities across the PRC and its products are even exported to Southeast Asia, Europe, South America and South Africa.

The Group currently manufactures more than 300 models of stamping machines which are classified into more than 30 product series. Its stamping machines are marketed under the "World" trademark, divided into conventional, high-performance and high-tonnage stamping machines. Its latest range of products includes bending, cutting and Computer Numeric Control ("CNC") punching machines.

The Group has very strong in-house Research and Development ("R&D") capabilities with a team of around 200 R&D and technical staff. It is one of the few Chinese manufacturers to utilise high-precision machining equipments from PAMA Group of Italy. In 2010, it has entered into a technological alliance with Aida

Engineering Ltd. ("Aida"), a global leader in capital goods from Japan, and together, the Group aims to consistently develop better and more sophisticated stamping machines for its clients.

The Group and its products have been widely recognised and have been awarded numerous awards. In particular, the Group's wholly-owned subsidiary, World Precise Machinery (China) Co., Ltd. ("WPM (China)"), is accredited as "High Technology Enterprise" so as to enjoy three-year preferential tax rate of 15.0% instead of the standard tax rate of 25.0% from 2017-2019. Its products were recognised as "Jiangsu Renowned Products" since 2006. The Group has been accredited with ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007 for its quality management, environmental management and occupational health safety management efforts since 2003.

ABOUT US

OUR BUSINESS: KEY SEGMENTS

During the year, there was a gradual trend towards highend stamping machines in the Group's product mix, which was in line with the Group's strategy to move up the technology ladder and raise its market share in the premium segment

I o o o

AUTOMOTIVE PARTS

According to China Association of Automobile Manufacturers (CAAM), China's automobile production and sales grew by 14.7% and 13.8% in 2016 year-on-year to 28.1 million units and 28.0

million units respectively.¹ The landscape of the China auto market is changing due to consumption upgrade trend amid the rise of the middle class as Chinese consumers go for high-end models and brands.

For FY2016, the Group's revenue from automotive sector was RMB289.2 million and accounted for 40.0% of the Group's overall sales.

HOME APPLIANCES

Home appliances in China is projected to continue to record steady volume growth over the next five years, which will be fuelled by consumers looking to upgrade to smarter, more premium, energy-

efficient and health-oriented consumer appliances. This is in line with growing consumer sophistication and the pursuit of personal well-being, alongside rising purchasing power. ²

For FY2016, the Group's revenue from home appliances sector was RMB115.7 million and accounted for 16.0% of the Group's overall sales.

ELECTRONICS

Despite a slowdown in the economy in 2016, consumer electronics market in China continued to grow, especially in the new categories of wearable electronics and OLED TVs due to innovation and smart

functions. Domestic manufacturers are accounting for an increasing share of consumer electronics due to improved technology and growing brand reputation.³

The Group's revenue from this sector was RMB137.4 million and accounted for 19.0% of the Group's overall sales for FY2016.

OTHERS

Others include railways industry, aeroplane industry, hardware industry, machinery industry and etc.

In February 2017, China's State Council issued detailed plans on methods it

plans to improve the country's transportation infrastructure and is slated to invest RMB3.5 trillion for railways during the 13th Five-Year Plan between 2016 and 2020. According to the plan, a total of RMB800.0 billion will be earmarked for railways in 2017. 4

For FY2016, the Group's revenue from this sector was RMB180.8 million and accounted for 25.0% of the Group's overall sales.

MESSAGE FROM CHAIRMAN AND CEO

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present to you the annual report of World Precision Machinery Limited ("World Precision" and together with its subsidiaries, the "Group") (沃得精机有限公司) for the financial year ended 31 December 2016 ("FY2016").

FY2016 AT A GLANCE

Global oil price plunged below US\$30.0 per barrel in early 2016, the lowest point since 2003, before recovering to the current level of above US\$50.0 per barrel. Despite efforts by from OPEC member countries and Russia to reduce oil production output, the oil price continues to remain subdued and global economy suffered anaemic growth due to the slump in the global oil and gas sector. Moreover, major political events such as the Brexit and the US Presidential election have contributed more uncertainties and volatility to the global economy.

China's gross domestic product ("GDP") expanded at a rate of 6.7% in 2016, the slowest pace of GDP growth in 26 years. China's attempt to rebalance the economy towards domestic consumption has led to major challenges for large manufacturing sectors, especially in heavily staffed state-run sectors such as the steel industry. According to the National Bureau of Statistics, China's industrial output expanded 6.0% year-on-year (yoy) in 2016 largely due to strong performance in the high-tech industry. Nonetheless, the world's second-largest economy continues to face increased uncertainties from a cooling housing market and the government's bid to push through painful structural reforms.

Despite the challenging economic condition, the Group managed to turn in higher sales for FY2016 due to the increase in high performance and high tonnage stamping machines sales volume and higher average selling price of stamping machines. The Group's net profit attributable to equity holders increased by 38.7% yoy to RMB30.1 million for FY2016, which translated into basic earnings per ordinary share of 8 Renminbi cents for our shareholders.

LOOKING AHEAD

The global economy outlook for 2017 is clouded by looming European elections and Brexit while China's economy faces ambiguity surrounding US policies under the new presidency. In addition, we expect continuing challenges in the coming year as China's economy rebalances away from exports and towards consumption and investments. During the recent National People's Congress, government officials warned that China's economy faces downward pressure and many difficulties, citing financial risks and excess industrial capacity as key challenges.

Nonetheless, we believe that certain sectors, such as the domestic automobile and smart home appliance markets, will remain robust. With the rise in affluence in China due to growing real per capita disposable income, consumerism in China is entering a new growth phase in pursuit of personal well-being. The landscape of the China auto market is changing due to consumption upgrade trend amid the rise of the middle class as Chinese consumers go for high-end models and brands. Similarly, Chinese consumers are looking to upgrade to smarter, more premium, energy-efficient and health-oriented consumer appliances.

Despite a slowdown in the economy in 2016, consumer electronics market in China continued to grow, especially in the new categories of wearable electronics and OLED TVs due to innovation and smart functions. Domestic manufacturers are accounting for an increasing share of consumer electronics due to improved technology and growing brand reputation. On the other hand, China's State Council issued detailed plans in February 2017 to improve the country's transportation infrastructure and is slated to invest RMB3.5 trillion for railways during the 13th Five-Year Plan ("13FYP") between 2016 and 2020. According to the plan, a total of RMB800.0 billion will be earmarked for railways in 2017. These developments augur well for the Group as they are set to stimulate investment in capital goods.

The Group is mindful of the increasing cost pressure going forward due to increasing labour and raw material costs. In line with China's aim to double per-capita income of both urban and rural residents by 2020 in the 13FYP, minimum wages in China has been on the rise. Since the implementation of China's 2004 Regulation on Minimum Wages, the monthly minimum wages from 2006 till 2016 more than tripled from RMB690.0 to RMB2,190.0. Steel prices in China rose 60.0% to RMB3,557.0 per ton in December 2016, the highest level in 2.5 years¹. Thanks to the government's stimulus measures, China's appetite for steel will continue to increase and the rally in the steelmaking raw materials may gain further momentum in 2017. In view of the rising trend of labour and raw material costs, the Group attempts to control its costs via automation and proactive inventory management.

Another channel to alleviate cost burden and increase profitability is via the launch of new high-tech products. This will only be feasible with the ability to continuously innovate and develop better technology, hence research and development ("R&D") is our pillar to drive sustainable growth and profitability. Over the years, the Group has been committed to maintain a strong R&D team with around 200 technical staff and invest approximately 3.5% of annual sales in R&D. Currently, one of the Group's subsidiaries is accredited as "High/New Technology Enterprise" ("HNTE") by Jiangsu Ministry of Science and Technology Department. This subsidiary stands to enjoy a preferential tax rate of 15.0% instead of a standard tax rate of 25.0%. This is a testament to the Group's relentless focus in upholding product quality and standard.

A WORD OF APPRECIATION

First and foremost, we would like to thank our customers for their unwavering support in our products for the past one year.

Next, we would like to express our heartfelt gratitude to Mr Wu Yufang, who stepped down as Executive Director on 28 April 2016 and Chief Executive Officer on 12 August 2016. Mr Wu remains as the Group Vice President. The Board would like to express its heartfelt appreciation to Mr Wu for his contributions to the Board and look forward to his continuing contributions to the Group as key management personnel.

Last but not least, we would like to extend our utmost appreciation to our management and staff, shareholders and business partners for their dedication and outstanding contribution. Without the relentless efforts and continued cooperation from them, the Group would not be able to achieve what it has done so far.

Thank you.

Mr. Shao Jianjun Executive Chairman **Mr. Ge Minglei**Chief Executive Officer

执行董事和行政总裁致词

亲爱的股东,

我们,谨代表董事会,很荣幸为您介绍沃得精机有限公司("World Precision",连同其附属公司统称"本集团")截至2016年12月31日(2016财年)的年度报告。

2016财年回顾

国际原油价格于2016年处下滑至每桶30.0美元以下的水平,自2003年最低的价位,之后恢复到目前每桶50.0美元以上的水平。尽管石油输出国组织和俄罗斯承诺减少石油生产产量,石油价格仍继续保持疲软。因为全球石油和天然气产业的衰退,全球经济的增长也相对疲软。此外,诸如脱欧和美国总统大选等重大政治事件也为全球经济带来了更多的不确定性和波动性。

中国的国内生产总值("GDP")在2016年以6.7%的速度增长,是26年GDP增长最慢的一年。中国试图将经济重新平衡为国内消费,这对大型制造业带来了重大挑战,特别是在钢铁业等人员众多的国有制造企业。据国家统计局统计,2016年中国工业产值同比增长6.0%,主要是由于高科技产业的强劲表现。尽管如此,世界第二大经济体仍然面临来自不断冷却的住房市场和政府的推动结构性改革的不确定性。

尽管面临挑战性的经济状况,本集团在2016财年由于高性能和高吨位冲压机销售量的增加以及冲压机的平均销售价格的提高实现了较高的销售额。本集团归属于权益持有人的净利润同比增长38.7%至人民币3,007.9万元,相等于普通股每股收益0.08元人民币。

展望未来

2017年的全球经济前景受到即将到来的欧洲选举和脱欧的影响,而中国经济在美国新总统任期内面临美国政策的不确定性。此外,随着中国经济从出口转向消费和投资,我们预计未来一年将面临持续的挑战。在最近的全国人民代表大会上,政府官员也警告说,中国经济面临下行压力和许多困难,金融风险和过剩产能是主要挑战。

尽管如此,我们相信某些行业,如国内汽车和智能家电市场,将保持强劲增长。随着中国人民实际人均可支配收入的增加,中国的消费主义正在进入追求个人幸福感的新的增长阶段。中国汽车市场的格局正随着中产阶级兴起的消费升级,中国消费者崇尚高端车型和品牌的趋势而改变。同样的,中国消费者正在寻求升级到更智能,更高档,节能和健康的消费电器。

尽管2016年经济放缓,中国消费电子市场持续增长,特别是在新型可穿戴电子产品和OLED电视等有创新和智能功能的产品。由于技术的改进和品牌声誉的提高,国内制造商占消费电子产品的市场比例越来越大。另一方面,中国国务院于2017年2月发布了详细计划,以改善该国的交通基础设施,并计划在2016年至2020年 "十三五"期间投资3.5万亿元用于铁路。

根据该计划2017年将用于铁路的投资额达8,000.0亿元人民币。这些发展对本集团而言是正面的,因为它们将刺激资本货物的投资。

本集团注意到由于劳动力和原材料成本的增加,成本压力不断增加。根据中国十三五规划的目标,要在2020年实现城乡居民人均收入比2010年翻一番,导致中国的最低工资水平一直在上升。自中国实施"2004年最低工资条例"以来,从2006年至2016年,每月最低工资从690.0元提升到2,190.0元¹,增幅超过三倍。2016年12月中国钢铁价格上涨60.0%至每吨3,557.0元,是2.5年来的最高水平。由于政府的刺激措施,中国对钢铁的需求将继续增加,炼钢原材料的反弹在2017年可能进一步增长。鉴于劳动力和原材料成本的上升趋势,本集团将通过自动化和库存管理等方式控制成本。

另一个减轻成本负担和提高盈利能力的渠道是通过推出新的高科技产品。只有持续创新和开发更好技术的能力才能实现这一点,因此研发("R&D")是集团推动可持续增长和盈利的支柱。多年来,本集团一直致力于保持一支由大约200名技术人员组成的强大的研发团队,并投入约3.5%的年销售额用于研发。目前,本集团一家子公司被江苏省科技厅认定为"高新技术企业"(简称"HNTE")。这子公司享有15.0%的优惠税率,而不是25.0%的标准税率。这是本集团坚持产品质量和标准的一种认可及鼓励。

致谢词

首先,我们要感谢客户在过去一年对于我们产品的坚 定支持。

吴玉芳先生于2016年4月28日起卸任为集团的执行董事及于2016年8月12日起卸任为集团总裁。吴先生将继续担任集团副主席。董事会谨此向吴先生致以衷心之感谢,感谢他在董事局所作出的贡献,并期待他作为主要管理人员继续为本集团作出贡献。

最后,我们希望借此机会对我们的董事、管理团队、 员工、股东及业务伙伴这么多年来的支持表示衷心的 感谢。没有他们不懈的努力和合作,本集团将无法实 现今天的成就。

谢谢。

邵建军 执行主席 **葛明磊** 行政总裁

OPERATIONS REVIEW

EARNINGS

The Group's revenue recorded a year-on-year ("yoy") increase of 29.3% to RMB723.1 million for the fiscal year ended 31 December 2016 ("FY2016") from RMB559.1 million for the fiscal year ended 31 December 2015 ("FY2015"). The Group's overall sales increased largely due to the increase in sales volume of high performance and high tonnage ("HPHT") stamping machines which was partially offset by a decrease in sales volume of conventional stamping machines and upward revision in the average selling prices ("ASP") of the stamping machines.

Sales of conventional stamping machines decreased by 9.3% from 4,102 units for FY2015 to 3,719 units for FY2016 while its ASP decreased by 2.4% to RMB21,749 per unit for FY2016. Sales of HPHT stamping machines increased by 31.5% from 3,089 units for FY2015 to 4,061 units for FY2016 while its ASP increased by 3.3% to RMB140,519 per unit for FY2016. In terms of change in sales mix, sales of HPHT stamping machines over the total Group's revenue increased by 3.8 percentage points to 78.9% this year. Of the remaining sales, 11.2% came from conventional stamping machines.

The Group's gross profit for FY2016 decreased by 7.9% yoy to RMB160.5 million from RMB174.2 million for FY2015. The Group's gross profit margin decreased by 9.0 percentage points to 22.2% for FY2016 mainly due to an increase in raw material and manufacturing overhead costs, which was partially offset by higher ASP. In terms of breakdown, gross profit margin for conventional stamping machines decreased by 7.5 percentage points to 17.6% while gross profit margin for HPHT stamping machines decreased by 6.3 percentage points to 24.6% for FY2016.

The Group's distribution and selling expenses increased by 8.7% to RMB60.1 million for FY2016 from RMB55.3 million for FY2015. This increase was mainly due to an increase in sales commission payable to the sales personnel in tandem with an increase in turnover, warranty services expenses, transport expenses and travelling expenses, which was partially offset by a decrease in publicity and exhibition expenses, repair and maintenance expenses, entertainment expenses and consultation services fees.

The Group's administrative and other expenses decreased by 12.5% to RMB67.2 million for FY2016 compared to RMB76.8 million for FY2015. The decrease was mainly due to a decrease in allowance for doubtful debts (trade and non-trade) and research and development costs for stamping machines, which was partially offset by an increase in staff related costs and depreciation charge.

For FY2016, the Group's finance expenses recorded a decrease of 49.7% to RMB7.5 million from RMB14.9 million for FY2015, which was mainly due to a gradual decrease in interest expenses in line with a gradual decrease in bank loans.

As a result of the above, the Group's net profit for FY2016 increased by 38.7% to RMB30.1 million from RMB21.7 million for FY2015. The Group's earnings per ordinary share increased 60.0% yoy to RMB0.08 for FY2016 from RMB0.05 for FY2015, on a consistent basis of 400,000,000 outstanding shares.

FINANCIAL POSITION

Total assets were RMB1,515.6 million as at 31 December 2016, down RMB10.8 million yoy from the previous fiscal year. The Group's non-current assets decreased by approximately RMB6.5 million, mainly due to the depreciation and amortisation charges net of the acquisition of property, plant and equipment and intangible assets in respect of its subsidiaries. The Group's total current assets decreased by approximately RMB4.3 million from RMB643.7 million as at 31 December 2015 to RMB639.4 million as at 31 December 2016. This was attributable to a decrease in inventories, other receivables and cash and cash equivalents which were offset by an increase in trade receivables and amounts due from related parties.

Total liabilities stood at RMB490.9 million as at 31 December 2016, representing a yoy increase of 1.5%. The Group's non-current liabilities decreased by RMB60.0 million, mainly due to the reclassification of RMB60.0 million long-term bank loans due within a year to current bank loans. The Group's total current liabilities increased by approximately RMB67.2 million from RMB420.4 million as at 31 December 2015 to RMB487.6 million as at 31 December 2016. This was attributable to an increase in trade payables, other payables and accruals, short term bank loans and tax payables. Such increase was partially offset by a decrease in bills payables and amounts due to related parties.

The Group recorded a net current assets of RMB151.8 million as at 31 December 2016. Net assets value per ordinary share decreased by RMB0.05 from RMB2.61 per share as at 31 December 2015 to RMB2.56 per share as at 31 December 2016.

CASH FLOW

Cash and cash equivalents were RMB9.6 million as at 31 December 2016, compared with RMB8.6 million in the previous fiscal year.

Net cash generated from operating activities was RMB150.8 million for FY2016. The reasons were discussed in the above Earnings and Financial Position.

Net cash used in investing activities was RMB38.7 million for FY2016. This was mainly due to the acquisition of property, plant and equipment and capitalisation of research and development costs partially offset by the proceeds from disposal of property, plant and equipment.

Net cash used in financing activities was RMB111.2 million for FY2016. This was mainly due to net repayment of bank loans and bills payables, interest paid and dividend paid partially offset by cash deposits released from pledge.

BOARD OF DIRECTORS

Mr. Shao Jianjun Executive Chairman

Mr. Shao Jianjun was appointed as a director of the Company on 28 July 2004 and appointed as the Executive Chairman of the Company on 26 April 2013. He was last re-elected on 28 April 2015.

Mr. Shao is currently Executive Chairman of World Precise Machinery (China) Co., Ltd. ("WPM (China)"). Prior to that, he was the Chief Executive Officer ("CEO") of WPM (China) and was in charge of the overall operations of WPM (China).

Mr. Shao joined Jiangsu Danyang Stamping Machine Factory ("DSMF") as a production line worker in April 1974. He had an illustrious career in DSMF and was promoted to the position of Technical Section Leader in 1979 and further promoted to the position of Deputy General Manager in 1984. He was subsequently transferred to JWMT when JWMT acquired the assets and business of DSMF relating to the manufacturing of stamping machines. On 18 June 1999, he was appointed as the General Manager of JWMT and continued to hold this position until he was transferred to WPM (China) in June 2004. He was subsequently appointed as the CEO of WPM (China).

Mr. Shao studied in the Danyang Picheng Secondary School (High School) from 1971 to 1973 and was certified as a Senior Machinery Engineer by the Science and Technology Committee in 1995. He also participated in the Senior Executive Programme conducted by the China Europe International Business School ("CEIBS") from September 2006 to February 2007 and obtained an Executive Master of Business Administration from CEIBS in February 2007.

Mr. Wang Weiyao Non-Executive and Non-Independent Director

Mr. Wang Weiyao was appointed as a director of the Company on 28 July 2004 and was last re-elected on 28 April 2016. He relinquished his position as the Non-Executive Chairman on 26 April 2013 and remains as a Non-Executive and Non-Independent Director of the Company.

Mr. Wang is currently the Chairman of Jiangsu World Machinery and Electronics Group Co., Ltd ("JWMEG") and Jiangsu World Machine Tool Co., Ltd ("JWMT"). During 1986 to 2000, Mr. Wang founded and served as the Chairman for Danyang Weaving Machine Accessories Factory, Danyang Fuhao Crankshaft Factory and Danyang Filter Equipment Factory. In each of the above mentioned companies which he had served or is serving as the Chairman, he is responsible for determining the overall strategic development direction, examining and approving the development plans of each functional department and assessing and implementing the important matters and major policies of the respective companies.

Mr. Wang is also a notable member of his community as evidenced by the awards which he has received, namely Danyang Top Ten Outstanding Youths, Jiangsu Top Ten Outstanding Youth Village and Town Entrepreneur as well as Zhenjiang Village and Town Entrepreneur in 2000, the 4th China Entrepreneur in 2001, Jiangsu Outstanding Youth Entrepreneur in 2004 and Zhenjiang Citizen Award in 2011. The Board of Directors ("Board") of World Precision Machinery Limited (the "Company") recognises that sound corporate governance practices are important to the proper functioning of the Company and its subsidiaries (the "Group") and enhances the interest of all shareholders.

This report sets out the corporate governance practices that have been adopted by the Company with specific reference to the principles of the Code of Corporate Governance 2012 (the "Code") which is effective in respect of the Company's Annual Report for the financial year ended 31 December 2016 ("FY2016"). Any deviations from the guidelines of the Code or areas of non-compliance have been explained accordingly. Save for the deviations disclosed below, the Board confirms that the Company has adhered to the principles and guidelines of the Code (where they are applicable, relevant and practicable to the Group).

BOARD MATTERS

BOARD'S CONDUCT OF ITS AFFAIRS

PRINCIPLE 1: EVERY COMPANY SHOULD BE HEADED BY AN EFFECTIVE BOARD TO LEAD AND CONTROL THE COMPANY. THE BOARD IS COLLECTIVELY RESPONSIBLE FOR THE LONG-TERM SUCCESS OF THE COMPANY. THE BOARD WORKS WITH MANAGEMENT TO ACHIEVE THIS OBJECTIVE AND MANAGEMENT REMAINS ACCOUNTABLE TO THE BOARD.

The Board, in addition to its statutory responsibilities, has the duty to protect and enhance long-term shareholders' value. It sets the overall strategy for the Group, oversees the management of the Company ("Management") to ensure proper conduct of the business, performance and affairs of the Group, and sets the values and standards (including ethical standards) to ensure that obligations to shareholders and other stakeholders are understood and met. Board members are expected to act in good faith and exercise independent judgement in the best interests of the Group. To fulfill this role, the Board's responsibilities include:

- 1. Providing entrepreneurial leadership, guiding and setting strategic objectives and directions to ensure that the necessary financial and human resources are in place for the Group to achieve its objectives;
- 2. Approving annual budgets, key operational matters, major funding proposals, investment and divestment proposals, corporate or financial restructuring, material acquisitions and disposal of assets and interested person transactions of a material nature, dividend payment (if any) and convening of shareholders' meetings;
- 3. Reviewing the processes relating to risk management systems and adequacy and effectiveness of internal controls, including financial, operational, compliance and information technology controls, identified by the Audit Committee ("AC") that are required to be strengthened for assessment and its recommendations on actions to be taken to address and monitor the areas of concern;
- 4. Reviewing the performance of Management and the Group towards achieving adequate shareholders' values, including but not limited to approving announcements relating to financial results of the Group and the audited financial statements, and timely announcements of material transactions;
- 5. Identifying key stakeholder groups and recognise that their perceptions affect the Group's reputation;
- 6. Advising Management on major policy initiatives and significant issues and approving board policies, strategies and financial objectives of the Company;
- 7. Evaluating the performance and reviewing the compensation of directors and key management personnel;
- 8. Approving all Board appointments/re-appointments and appointments of key management personnel; and
- 9. Overseeing the proper conduct of the Company's business, setting the Group's values and standards (including ethical standards), and ensuring that obligations to shareholders and other stakeholders are understood and met and assuming responsibility for corporate governance.

The Board will consider sustainability issues such as environmental and social factors as part of its strategic formulation in line with the guidelines of the Code. To assist the Board in the execution of its responsibilities and to enhance the Group's corporate governance framework, the Board delegates specific authority to three Board Committees which comprise the AC, the Nominating Committee ("NC") and the Remuneration Committee ("RC"). All Board Committees are chaired by an Independent Director and a majority of the members are Independent Directors. These Board Committees function within clearly defined terms of reference and operating procedures which are reviewed on a regular basis to ensure their continued relevance. The effectiveness of each committee is also constantly monitored. The Board accepts that while these Board Committees with the delegated power to make decisions, execute actions or make recommendations in their specific areas respectively and will report back to the Board with their decisions and/or recommendations, the ultimate responsibility for the decisions and actions rests with the Board.

The Board had adopted a Corporate Disclosure Policy on 11 August 2011 ("Corporate Disclosure Policy") which covers disclosure to the investment community, the press, industry consultants and other audiences (collectively, the "Public"). The Corporate Disclosure Policy forms part of the Company's internal rules and regulations, and is applicable to all of its employees and officers. The purpose of this policy is to govern the disclosure of material, non-public information in a manner designed to provide broad, non-exclusionary distribution of information so that the Public has equal access to the information and to ensure that the Company complies with applicable laws and regulations in Singapore, including, but not limited to, the listing rules of the Singapore Exchange Securities Trading Limited ("SGX-ST") governing disclosure of material, non-public information to the Public.

Only authorised spokespersons may discuss material information with the institutional and individual investment community. All meetings with members of the investment community are attended by the Chief Executive Officer ("CEO"), and/or the Chief Financial Officer ("CFO"), and/or the Lead Independent Director and/or if applicable, the Investor Relations ("IR") Manager or representative of the IR company that the Company may engage from time to time. Exceptions to the Corporate Disclosure Policy must be authorised by the Board and/or any one of the authorised spokespersons.

Examples of the types of material transactions that require Board's approval pursuant to the Corporate Disclosure Policy include, but are not limited to, the following:

- Quarterly, Half year and Full year results or projections;
- Long term strategic and financial plan;
- ¹Joint venture, merger, acquisition, divestment, liquidation or other changes in the Company's assets;
- Management changes or changes in effective control of the Company;
- Declaration or omission of dividends or determination of earnings;
- Firm evidence of significant improvement or deterioration in near term earnings prospects;
- Subdivision of shares or stock dividends:
- Acquisition or loss of significant contract;
- Material orders that are above a certain threshold limit of RMB10 million or less than and equal to 3 accumulated orders above RMB10 million;
- Significant new product or discovery;
- Public or private sale of significant amount of additional securities of the Company;
- Changes in chief executive officer, directors and substantial shareholdings' interests this includes becoming a substantial shareholder and cessation and during the appointment of chief executive officer and director;
- Share Buyback;
- Share Option or share schemes;
- Scrip Dividend Scheme;
- Interested Person Transactions:
- Call of securities for redemption;
- Borrowing of a significant amount of funds;
- Occurrence of an event of default under debt or other securities or financing or sale agreements;

- Significant litigation;
- Significant change in capital investment plans, e.g. building of factories, increasing plant and machinery and increasing production lines;
- Significant dispute/s with sub-contractors, customers or suppliers, or with any parties;
- Material financial loss/damage caused by disaster and/or loss of credibility arising from corporate scandals and other fraudulent activities pursuant to any reports received under the Whistle Blowing Policy adopted by the Company;
- Tender offer for another company's securities; and
- Valuation of the real assets of the Group that has a significant impact on the Group's financial position and/ or performance. A copy of the valuation report must be made available for inspection at the Company's registered office during normal business hours for 3 months from the date of announcement.
 - The Company has adopted an Investment Policy wherein an Investment Committee would be formed to look into any investment/divestment to be undertaken by the Company, carry out all activities of the acquisition/divestment and submit its recommendation to the Board for approval.
 - The Company has adopted a Policy for Announcement of Changes in Shareholdings to receive, track and announce information in a timely manner.
 - The Company has adopted a Written Policies and Procedures for Interested Person Transaction to ensure that all transactions with an interested person are on arms' length and on terms generally available to an unaffiliated third party under the same or similar circumstances.

References are also made to Practice Note 7.1 Continuing Disclosure of the SGX-ST Listing Manual for the Board's guidance on particular situations and issues.

The Investment Policy, Policy for Announcement of Changes in Shareholdings and Written Policies and Procedures for Interested Person Transaction are also in line with the Code. The Corporate Disclosure Policy is in line with applicable laws and regulations.

The Board meets on a quarterly basis and ad-hoc Board meetings will be convened when they are deemed necessary. These meetings are scheduled in advance to facilitate the individual Director's planning in view of their ongoing commitments. In place of physical meetings, the Board and Board Committees also circulate written resolutions, when necessary, for approval by the relevant members of the Board and Board Committees. The Company's Constitution allow a Board meeting to be conducted by way of teleconference, video conference, audio visual, or other similar means of communications.

Directors may request further explanations, briefing or discussion on any aspect of the Group's operations or business from Management. When circumstances require, Board members exchange views outside the formal environment of Board meetings. The Board conducts an annual review of its processes to ensure that it is able to carry out its functions in the most effective manner.

The approval of the Board is required for any matters which are likely to have a material impact on the Group's operating units and/or financial positions as well as matters other than in the ordinary course of business as outlined above. The Board believes that when making decisions, all Directors of the Board discharge their duties and responsibilities at all times as fiduciaries and act objectively in the interests of the Company.

DIRECTORS' MEETINGS HELD IN 2016

The number of Board and Board Committees' meetings held for FY2016 and the details of Directors' attendance at those meetings are summarised in the table below:

DIRECTORS' ATTENDANCE AT BOARD AND BOARD COMMITTEES' MEETINGS

| Meeting(s) of | Board | AC | NC | RC |
|-------------------------------|-------|------|------|------|
| Total meetings held in FY2016 | 4 | 4 | 1 | 1 |
| Names of Directors | | | | |
| Shao Jianjun | 4 | N.A. | N.A. | N.A. |
| Wang Weiyao | 1 | 1 | 0 | 0 |
| Phang Kin Seng (Lawrence) | 4 | 4 | 1 | 1 |
| Lim Yoke Hean | 4 | 4 | 1 | 1 |

BOARD COMPOSITION AND BALANCE

PRINCIPLE 2: THERE SHOULD BE A STRONG AND INDEPENDENT ELEMENT ON THE BOARD, WHICH IS ABLE TO EXERCISE OBJECTIVE JUDGEMENT ON CORPORATE AFFAIRS INDEPENDENTLY, IN PARTICULAR, FROM MANAGEMENT AND 10% SHAREHOLDERS. NO INDIVIDUAL OR SMALL GROUP OF INDIVIDUALS SHOULD BE ALLOWED TO DOMINATE THE BOARD'S DECISION MAKING.

The composition of the Directors in the Board and Board Committees is as follows:

| Name of Director | AC | RC | NC |
|--|----|----|----|
| Shao Jianjun (Executive Chairman) | _ | _ | _ |
| Wang Weiyao (Non-Executive and Non-Independent Director) | M | M | M |
| Phang Kin Seng (Lawrence) (Lead Independent Director) | C | M | M |
| Lim Yoke Hean (Independent Director) | M | C | C |

C – Chairman

M – Member

Presently, the Board comprises one Executive Director (i.e. the Executive Chairman) and three Non-Executive Directors, two of whom are independent. Pursuant to Guideline 2.2 of the Code, at least half of the Board is made up of Independent Directors where *inter alia* the Chairman is part of Management team and the Chairman is not an Independent Director. Accordingly, the Board complies with Guidelines 2.1 and 2.2 of the Code.

None of the Independent Directors have served on the Board for a period exceeding nine years from the date of his first appointment.

The size and composition of the Board is reviewed annually by the NC to ensure that the size of the Board is appropriate so as to facilitate effective decision making. The review will ensure that there is an appropriate mix of expertise and experience, which the Group may tap on for assistance in furthering its business objectives and shaping its business strategies. The NC, with the concurrence of the Board, is of the view that the current Board size of four members is adequate, taking into account the nature and scope of the Group's operations, the requirements of the business and the need to avoid undue disruptions from changes to the composition of the Board and Board Committees.

Together, the Board and Board Committees comprise Directors who as a group provide an appropriate balance and diversity of skills, experience and knowledge of the Company. They also provide core competencies such as accounting and finance, business experience, industry knowledge, strategic planning experience and customer-based experience and knowledge. The diversity of the Directors' background allows for the useful exchange of ideas and views.

Whilst the current Board does not have gender diversity, this is an important aspect of the NC's consideration, should there be any proposed new appointment(s) of member(s) to the Board. New Directors, if any, will continue to be selected based on objective criteria set as part of the process for appointment of new Directors.

Non-Executive Directors contribute to the Board process by monitoring and reviewing Management's performance against goals and objectives. Their views and opinions provide alternative perspectives to the Group's business. When challenging Management's proposals or decisions, they bring independent judgement to bear on business activities and transactions involving conflicts of interest and other complexities.

The Non-Executive Directors met up periodically without the presence of Management, or communicate via emails or telephone discussion on issues concerning the Company and will provide feedback to the Chairman, where necessary, after such meetings or communications.

Key information regarding the Directors is set out on pages 12 and 13 in the "Board of Directors" section of the Annual Report.

ROLES OF CHAIRMAN AND CHIEF EXECUTIVE OFFICER

PRINCIPLE 3: THERE SHOULD BE A CLEAR DIVISION OF RESPONSIBILITIES BETWEEN THE LEADERSHIP OF THE BOARD AND THE EXECUTIVES RESPONSIBLE FOR MANAGING THE COMPANY'S BUSINESS. NO ONE INDIVIDUAL SHOULD REPRESENT A CONSIDERABLE CONCENTRATION OF POWER.

Different individuals assume the roles of the Chairman of the Board and the CEO respectively. The separation of the roles of the Chairman and CEO ensures an appropriate balance of power and authority such that no one individual represents a considerable concentration of power. Mr. Shao Jianjun has been appointed as Executive Chairman since 26 April 2013 and Mr. Ge Minglei, has been promoted to CEO with effect from 12 August 2016 while Mr. Wu Yufang had been re-designated as the Group Vice President.

Mr. Shao and Mr. Ge are not related to each other.

As Chairman, Mr. Shao leads the Board and bears responsibility for the effectiveness of the Board. He is responsible for, amongst others, setting agenda, in particular, strategic issues and ensures that adequate time is available for discussion of all agenda items and ensuring that the Directors receive complete and adequate, timely and clear information. In addition to making sure that effective communication is achieved with the shareholders, he acts as facilitator to Non-Executive Directors for them to effectively contribute to the Group. He is also responsible for encouraging constructive relations within the Board and between Management and the Board. The Company Secretary and/or his representative(s) assist(s) the Chairman in scheduling the Board and Board Committees' meetings with the CFO.

Mr. Shao is also responsible for promoting high standards of corporate governance.

As the Group's CEO, Mr. Ge is responsible for the day-to-day operations of the Group and the execution of the strategic plans set out by the Board and ensures that the Directors are kept updated and informed of the Group's business.

The above is not an exhaustive description of the current or future roles of the Chairman and CEO. The roles of the Chairman and the CEO may change in line with any developments that affect the Group, and any change is required to be agreed by the Board.

As the Chairman is part of the Management team and not an Independent Director, pursuant to the guidelines of the Code, Mr. Phang Kin Seng (Lawrence), an Independent Director and the Chairman of the Audit Committee, was appointed as the Lead Independent Director on 26 April 2013. Mr. Phang, being one of the key contacts listed in the Group's Whistle Blowing Policy, is available to shareholders and any other persons where they have concerns and for which contact through the normal channels of the Chairman, the CEO or the CFO has failed to resolve or is inappropriate.

The Independent Directors are in frequent contact with one another outside the Board and Board Committees' meetings and hold constant informal discussions amongst themselves. For FY2016, the Independent Directors have met periodically without the presence of other Directors and the Lead Independent Director had at each Board meeting, provided feedback of such meetings to the Chairman, if any, so as to facilitate effective discussion with the Chairman and between the Board, on strategic issues and any other issues that may arise.

BOARD MEMBERSHIP

PRINCIPLE 4: THERE SHOULD BE A FORMAL AND TRANSPARENT PROCESS FOR THE APPOINTMENT AND REAPPOINTMENT OF DIRECTORS TO THE BOARD.

NOMINATING COMMITTEE ("NC")

The terms of reference of the NC provide that the NC shall comprise at least three Directors, the majority of whom, including the NC Chairman, shall be independent, and the Lead Independent Director, shall be a member. The composition of the NC of the Company is as follows:-

Mr. Lim Yoke Hean (Independent Director) – NC Chairman
Mr. Phang Kin Seng (Lawrence) (Lead Independent Director) – NC Member
Mr. Wang Weiyao (Non-Executive and Non-Independent Director) – NC Member

The NC is regulated by a set of written terms of reference, which are in line with the guidelines of the Code. The NC is responsible for, including but not limited to, the following key terms of reference:

- (a) to make recommendations to the Board on all Board appointments and re-appointments (including Alternate Directors, if applicable), or re-elections, having regard to the directors' competencies, commitment, contribution and performance;
- (b) to regularly review the Board structure, size and composition and make recommendations to the Board with regard to any adjustments that are deemed necessary;
- (c) to determine annually, on a discretionary basis, whether or not a director is independent, bearing in mind the circumstances set forth in the Code and any other salient factors;
- (d) in respect of a director who has multiple board representations on various companies, to decide whether or not such director is able to and has been adequately carrying out his/her duties as a director, having regard to the competing time commitments that are faced when serving on multiple boards of listed companies and other principal commitments and to recommend to the Board guidelines to address competing time commitments faced by Directors, if any, who serve on multiple boards;
- (e) to determine the process for search, nomination, selection and appointment of new Board members and assess nominees or candidates for appointment or election to the Board, determining whether or not such nominee has the requisite qualifications and whether or not he is independent, including disclosure on the search and nomination process;
- (f) to review Board succession plans for Directors, in particular, the Chairman and CEO and progressive renewal of the Board by considering each Director's competencies, commitment, contribution and performance (e.g. attendance, preparedness, participation and candour) including, if applicable, as an Independent Director;
- (g) to determine how the Board's performance may be evaluated and propose objective performance criteria, as approved by the Board, that allows comparison with its industry peers, and address how the Board has enhanced long term shareholders' value;

- (h) to assess the effectiveness of the Board as a whole and its Board Committees and to assess the contribution by the Chairman and each individual Director to the effectiveness of the Board; and
- (i) to review training and professional development programs for the Board.

The Company has in place a Process for Selection and Appointment of New Directors which provides the procedure for identification of potential candidates, evaluation of candidates' skills, knowledge and experience and assessment of candidates' suitability.

The NC in consultation with Management and the Board as appropriate, determines the qualification, skill set, competency and expertise required or expected of a new Board member taking into account the size, structure and composition of the Board. Recommendations from Board members, business associates, advisors, professional bodies and other industry players are reviewed by the NC. The criteria for assessing the suitability of any nominee or candidate are determined by the NC.

The NC would review the curriculum vitae and other particulars/information of the nominee or candidate. The NC, in evaluating the suitability of the nominee or candidate, will take into account his qualifications, business and related experience and ability to contribute effectively to the Board process. The NC will also determine if the nominee or candidate would be able to commit time to his appointment having regard to his other Board appointments, and if he/she is independent. The evaluation process would involve an interview or meeting with the nominee or candidate. Appropriate background and confidential searches would also be made.

Recommendations of the NC are then put to the Board for consideration. The Board will review the recommendation and approve the appointment as appropriate. Any appointments to Board Committees would be reviewed and approved at the same time. The appointments would be formalized by a Board resolution and the requisite announcement and notification to the authorities.

Where and when required, the Company may also appoint professional search firms and recruitment consultants to assist in the selection and evaluation process if the appointment involves specific skill sets or industry specialisation.

Newly appointed Directors are provided with background information about the history, Group's structure, business operations, vision and values, strategic direction, policies and governance practices. They will also have the opportunity to visit the Group's operational facilities and to meet with Management so as to gain a better understanding of the Group's business operations. Directors who do not have prior experience or are not familiar with the duties and obligations required of a Director of a listed company in Singapore, will undergo the necessary trainings and briefings.

The Board is updated on any amendments and requirements of the SGX-ST and other statutory and regulatory requirements, from time to time, or during Board meetings by the Company Secretary and/or his representative(s). Directors may also attend relevant courses, conferences, seminars, workshops or training programs at the Company's expense to enable them to effectively discharge their duties as a Director, if required, from time to time.

The Company will provide a formal letter of appointment to newly appointed Non-Executive Directors, setting out the Director's duties and obligations and terms of appointment whereas Executive Directors will be provided with Service Agreements setting out their terms of office and terms and conditions of appointment.

The NC, which is responsible for reviewing the independence of each Director on an annual basis, has adopted the Code's definition of what constitutes an Independent Director and guidelines as to relationships which would deem a Director not to be independent. In addition, the NC requires each Non-Executive Director to assess his own independence by completing a Confirmation of Independence form which is drawn up in accordance with the guidelines of the Code and state whether he considers himself independent despite having any of the relationships identified in the Code which would deem him not to be independent, if any.

The NC had reviewed the independence of Board members with reference to the guidelines set out in the Code. Mr. Wang Weiyao, who is the controlling shareholder of the Company, is considered not independent of the Company's Management as contemplated by the Code. Both the NC and the Board had noted Mr. Wang's declaration and concluded that he is to be considered a Non-Executive and Non-Independent Director.

Save as disclosed, none of the other Non-Executive Directors are related and do not have any relationship with the Company, its related corporations, its substantial shareholder with a shareholding of 10% or more, or its officers or are in any circumstances that could interfere or be reasonably perceived to interfere, with the exercise of their independent business judgement with a view to the best interests of the Company.

The Board, with the concurrence of the NC, having considered the Confirmation of Independence forms for FY2016 submitted by Messrs. Phang Kin Seng (Lawrence) and Lim Yoke Hean, concluded that they are independent and free from any relationships outlined in the Code.

Pursuant to its terms of reference, the NC is required to determine if a Director has been adequately carrying out his duties as a Director of the Company, particularly if he has multiple Board representations in listed companies and other principal commitments. In view of this, the NC, having considered the confirmations received from Messrs. Phang Kin Seng (Lawrence) and Lim Yoke Hean, concluded that such multiple Board representations (where applicable) do not hinder each Director from carrying out his duties as Director of the Company. The NC is satisfied that sufficient time and attention have been accorded by these Directors to the affairs of the Company. The Board concurred with the NC's views.

In determining whether each Director is able to devote sufficient time to discharge his duty, the NC has taken cognizance of the Code requirement, but is of the view that its assessment should not be restricted to the number of board representations of each Director and his respective principal commitments per se. The contributions by Directors to and during meetings of the Board and Board Committees as well as their attendance at such meetings, in addition to each of their principal commitments, should also be taken into account. As such, no maximum number of listed company board representations was fixed. The NC and the Board will review the number of listed company board representations of the Directors on an annual basis or from time to time when the need arises.

Directorships or chairmanships held by the Company's Directors in other listed companies are as follows:

| Name of Director(1) | Date of first appointment / last re-election | Directorships in other listed companies | |
|---|--|---|------------------------|
| | | Current | Past 3 Years |
| Mr. Shao Jianjun (Executive Chairman) | 28 July 2004 / 28 April 2015 | Nil | Nil |
| Mr. Wang Weiyao (Non-Executive and Non-Independent Director) | 28 July 2004 / 28 April 2016 | Nil | Nil |
| Mr. Phang Kin Seng (Lawrence) (Lead Independent Director) | 28 April 2010 / 28 April 2015 | Nil | Nil |
| Mr. Lim Yoke Hean (Independent Director) | 2 July 2010 / 29 April 2014 | Nil | China Fibretech Ltd |

(1) The principal commitment of the Directors, if any, is set out in the "Board of Directors" section in this Annual Report

Currently, there is no alternate Director appointed on the Board.

All the Directors submit themselves for re-election at regular intervals of at least once every three years. Article 89 of the Company's Constitution requires one-third of the Board (other than the Managing Director) to retire by rotation at every Annual General Meeting. Article 88 of the Company's Constitution requires any person appointed as a Director of the Company to hold office only until the next Annual General Meeting following their appointment. The retiring Directors are eligible to offer themselves for re-election.

The NC, having considered the attendance and participation of the following Directors at Board and Board Committees' meetings, in particular, their contributions to the business and operations of the Company as well as Board processes, had recommended to the Board the re-election of Mr. Shao Jianjun and Mr. Lim Yoke Hean who will be retiring by rotation pursuant to Article 89 of the Company's Constitution at the forthcoming Annual General Meeting.

Mr. Shao Jianjun and Mr. Lim Yoke Hean have consented to continue in office and the Board had accepted the recommendation of the NC and accordingly, Mr. Shao Jianjun and Mr. Lim Yoke Hean will be offering themselves for re-election at the forthcoming Annual General Meeting.

Each member of the NC had abstained from voting on any resolution and making any recommendation and/or participate in respect of his re-election, if any, as Director.

BOARD PERFORMANCE

PRINCIPLE 5: THERE SHOULD BE A FORMAL ANNUAL ASSESSMENT OF THE EFFECTIVENESS OF THE BOARD AS A WHOLE AND ITS BOARD COMMITTEES AND THE CONTRIBUTION BY EACH DIRECTOR TO THE EFFECTIVENESS OF THE BOARD.

The Company acknowledges the importance of a formal assessment of Board performance and has adopted a formal system of evaluating Board performance as a whole.

Currently, the Board does not assess the performance of each Director or at the Board Committees' level. The Board is of the view that given the Board's size, cohesiveness of Board members and attendance of Directors at Board Committees' meetings, there is no value-add in having assessments of Board Committees and individual Board members. To-date, no external facilitator has been used.

An evaluation of Board performance is conducted annually by the NC as a form of good Board management practice.

Each Director is required to complete a questionnaire approved by the Board, the contents of which are as follows:

- Size and composition of the Board:
- Information to the Board;
- Board procedures;
- Board accountability;
- Matters concerning the CEO/Management; and
- Standard of conduct.

During the year, an evaluation of the Board performance had been conducted. The evaluation exercise provided feedback from each Director, his views on the Board process and procedures as well as the effectiveness of the Board as a whole. The results of the Board performance evaluation were collated and presented to the NC for discussion with comparatives from the previous year's results.

The NC was generally satisfied with the results of the Board performance evaluation for FY2016, which indicated areas of strengths and those that could be improved further. No significant problems were identified. The NC had discussed the results with Board members who agreed to work on those areas that could be improved further. The NC would continue to evaluate the process for such review and its effectiveness from time to time.

ACCESS TO INFORMATION

PRINCIPLE 6: IN ORDER TO FULFILL THEIR RESPONSIBILITIES, DIRECTORS SHOULD BE PROVIDED WITH COMPLETE, ADEQUATE AND TIMELY INFORMATION PRIOR TO BOARD MEETINGS AND ON AN ON-GOING BASIS SO AS TO ENABLE THEM TO MAKE INFORMED DECISIONS TO DISCHARGE THEIR DUTIES AND RESPONSIBILITIES.

Management is required to provide complete, adequate and timely information to the Board on Board affairs and issues that require the Board's decision. Information provided included background or explanations relating to matters to be brought before the Board and copies of disclosure documents, budgets, forecasts and internal financial statements. In respect of budgets, any material variance between the projection and actual results were also disclosed and explained.

The CEO keeps Board members abreast of key developments affecting the Group as well as material transactions in order that the Board is fully aware of the affairs of the Group. Management provides reports and financial statements to the Board on a regular basis. Board and Board Committees' papers are sent to Directors at least three working days before such meeting so that the Directors may have a better understanding of the matters prior to the meeting and discussions may be focused on questions that the Directors have on these matters. Financial highlights of the Group's performance and developments are presented on a quarterly basis at Board meetings. The CEO and Management are present at these presentations to address any queries which the Board may have. All Directors have separate and independent access to Management and Company Secretary and/or his representative(s) at all times. Directors are entitled to request from Management and be provided with additional timely information as needed in order for them to make informed decisions.

The Company Secretary and/or his representative(s) attend(s) all Board and Board Committees' meetings and assist the Board and Board Committees in ensuring that Board and Board Committees' procedures and all other rules and regulations applicable to the Company are complied with. The Company Secretary also follow the direction of the Chairman to ensure that there is sufficient/pertinent information flow within the Board and its Board Committees and between Management and Non-Executive Directors, as well as to facilitate orientation and assist with professional development when required to do so. The appointment and removal of the Company Secretary are subject to approval by the Board.

The Company has in place a procedure to enable the Directors, whether as a group or individually, to obtain independent professional advice as and when necessary in furtherance of their duties at the Company's expense. The appointment of such independent professional advisor, if required, is subject to approval by the Board.

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

PRINCIPLE 7: THERE SHOULD BE A FORMAL AND TRANSPARENT PROCEDURE FOR DEVELOPING POLICY ON EXECUTIVE REMUNERATION AND FOR FIXING THE REMUNERATION PACKAGES OF INDIVIDUAL DIRECTORS. NO DIRECTOR SHOULD BE INVOLVED IN DECIDING HIS OWN REMUNERATION.

REMUNERATION COMMITTEE ("RC")

The RC ensures the appropriateness, transparency and accountability to shareholders on issues of remuneration of the Directors and Management.

The terms of reference of the RC provide that the RC shall comprise at least three Directors, the majority of whom, including the RC Chairman, shall be independent. The composition of the RC of the Company is as follows:-

Mr. Lim Yoke Hean (Independent Director) – RC Chairman
Mr. Phang Kin Seng (Lawrence) (Lead Independent Director) – RC Member
Mr. Wang Weiyao (Non-Executive and Non-Independent Director) – RC Member

The RC is regulated by a set of written terms of reference, which are in line with the guidelines of the Code. The RC is responsible for, including but not limited to, the following key terms of reference:

- (a) to review and recommend to the Board a general framework of remuneration for the Board and key management personnel;
- (b) to review and recommend to the Board the specific remuneration packages and terms of employment for each Executive Director and key management personnel of the Group and employees related to the Directors or, controlling shareholders of the Group.

Such remuneration package for the Executive Director and key management personnel of the Group should be aligned with the long-term interest and risk policies of the Company and should be appropriate to attract, retain and motivate the Directors to provide good stewardship of the Company and key management personnel to successfully manage the Company. It should also be performance-related and aligned with the interests of shareholders and promote the long-term success of the Company, symmetric with risk outcomes and be sensitive to the time horizon of risks, comparable within the industry and with comparable companies and appropriate and meaningful as measures of assessing the performance of Executive Directors and key management personnel. A significant and appropriate proportion of the remuneration of Executive Directors and key management personnel should be structured so as to link rewards to corporate and individual performance.

The remuneration package of employees related to Directors or controlling shareholders of the Group should be in line with the Group's staff remuneration guidelines and commensurates with their respective job scopes and levels of responsibility;

The service contracts of the Executive Directors and key management personnel should contain the following contractual provisions:

- (i) to allow the Group to reclaim incentive components of remuneration from the Executive Directors and key management personnel in exceptional circumstances of misstatements of financial results or of misconduct resulting in financial loss of the Group; and
- (ii) to consider what compensation commitments the Executive Directors and key management personnel's contracts of service, if any, would entail in the event of termination with a view to be fair and reasonable, not overly generous and avoid rewarding poor performance.
- (c) to recommend the appropriate remuneration of the Non-Executive Directors to the level of their contribution, taking into account factors such as effort and time spent, and their responsibilities and that they should not be overly compensated to the extent that their independence may be compromised;
 - The RC may consider implementing schemes to encourage Non-Executive Directors to hold shares in the Company so as to better align their interests with the interests of the shareholders;
- (d) to review whether the Executive Directors and key management personnel should be eligible for benefits under any long-term incentive schemes which may be set up from time to time and to do all acts necessary in connection therewith; and
- (e) to administer the performance based Bonus scheme and any other share option scheme or share plan established from time to time for the Directors and key management personnel.

The recommendation of the RC for the remuneration of Directors would be submitted for endorsement by the Board and should cover all aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards, and benefits in kind. No Director or member of the RC is involved in deciding his own remuneration.

The Company did not appoint any remuneration consultant. If required, the RC will seek expert advice inside and/or outside the Company on remuneration of all Directors and key management personnel.

LEVEL AND MIX OF REMUNERATION

PRINCIPLE 8: THE LEVEL AND STRUCTURE OF REMUNERATION SHOULD BE ALIGNED WITH THE LONG-TERM INTEREST AND RISK POLICIES OF THE COMPANY, AND SHOULD BE APPROPRIATE TO ATTRACT, RETAIN AND MOTIVATE (A) THE DIRECTORS TO PROVIDE GOOD STEWARDSHIP OF THE COMPANY, AND (B) KEY MANAGEMENT PERSONNEL TO SUCCESSFULLY MANAGE THE COMPANY. HOWEVER, COMPANIES SHOULD AVOID PAYING MORE THAN IS NECESSARY FOR THIS PURPOSE.

The remuneration packages are set such that the Directors are adequately but not excessively remunerated compared to other comparable companies in the industry in view of present market conditions. The remuneration policy adopted takes into account the individual's and the Company's performance.

Mr. Shao Jianjun, Executive Chairman, had entered into a service agreement with the Company which is subject to review and renewal upon expiry unless terminated during such term either as provided in the service agreements or by either party giving to the other not less than three months' written notice.

Mr. Ge Minglei, CEO, had entered into a service agreement with the Company for a period of three years commencing 12 August 2016, which is subject to review and renewal upon expiry unless terminated during such term either as provided in the service agreement or by either party giving to the other not less than three months' written notice.

Ms. Jiang Hongdi and Mr. Wu Yufang, key management personnel of the Company, had each entered into a service agreement with the Company which is subject to review and renewal upon expiry unless terminated during such term either as provided in the service agreements or by either party giving to the other not less than three months' written notice. Their service agreements had been subsequently supplemented on 26 February 2017 with no changes in terms and conditions, save for their re-designations from Executive Directors to Key Officers.

There are no onerous compensation commitments on the part of the Company or its subsidiary in the event of an early termination of the service of an Executive Director. The RC would review the Company's obligations arising in the event of termination of the Executive Directors' and key management personnel's contracts of service. The RC aims to be fair and avoid rewarding poor performance.

Although there is no contractual provisions in the service agreements of the Executive Director and key management personnel to allow the Company to reclaim incentive components of remuneration where there have been exceptional circumstances of misconduct or misstatement of financial results in loss to the Company, the Company retains half of their bonus in the Company for a period of one year, which would be forfeited in the event of such breach of their duties.

The RC will carry out an annual review of the Executive Director and key management personnel's remuneration packages to ensure that their remuneration commensurate with their performance, giving due regard to the financial health and business needs of the Group. For FY2016, the RC is satisfied with the Executive Director and key management personnel's remuneration packages and recommended the same for Board approval. The Board had approved the RC's recommendation accordingly.

The RC, with the concurrence of the Board, is of the view that the current remuneration of the Non-Executive Directors is appropriate to the level of contribution, taking into account factors such as effort and time spent, and responsibilities of the Directors. They are not over-compensated to the extent that their independence may be compromised. Other than Directors' fees, which have to be approved by shareholders at every Annual General Meeting, the Independent Directors do not receive any other forms of remuneration from the Company.

Directors' fees amounting to S\$180,000 for the financial year ending 31 December 2017 have been proposed for payment in arrears on a quarterly basis. This recommendation has been endorsed by the Board and will be tabled at the forthcoming Annual General Meeting for shareholders' approval.

No Director is involved in deciding his or her own remuneration.

Presently, the Company does not have any share option or long term incentive scheme in place.

DISCLOSURE ON REMUNERATION

PRINCIPLE 9: EVERY COMPANY SHOULD PROVIDE CLEAR DISCLOSURE OF ITS REMUNERATION POLICIES, LEVEL AND MIX OF REMUNERATION, AND THE PROCEDURE FOR SETTING REMUNERATION, IN THE COMPANY'S ANNUAL REPORT. IT SHOULD PROVIDE DISCLOSURE IN RELATION TO ITS REMUNERATION POLICIES TO ENABLE INVESTORS TO UNDERSTAND THE LINK BETWEEN REMUNERATION PAID TO DIRECTORS AND KEY MANAGEMENT PERSONNEL, AND PERFORMANCE.

Directors

A breakdown of the level and mix of the remuneration of the Directors and CEO for FY2016 is as follows:

| | Salary % | Variable/ Performance-related Income/Bonus % | Benefits in Kind % | Fees % | Total % |
|---------------------------|-------------|---|-----------------------------|-----------|------------|
| Below S\$250,000: | | | | | |
| Directors | | | | | |
| Shao Jianjun | 100 | _ | - | _ | 100 |
| Wang Weiyao | - | _ | _ | 100 | 100 |
| Phang Kin Seng (Lawrence) | - | _ | _ | 100 | 100 |
| Lim Yoke Hean | - | _ | _ | 100 | 100 |
| CEO | | | | | |
| Ge Minglei | 21 | 79 | - | _ | 100 |

Key management personnel

The top five key management personnel of the Group (in terms of remuneration) for FY2016 are Messrs. Jiang Hongdi, Ng Keong Khoon (Samuell), Shu Jianfei, Bao Guojun and Ge Baoping.

A breakdown of the level and mix of the remuneration of each of the key management personnel for FY2016 is as follows:-

| | Salary % | Variable/ Performance-related Income/Bonus % | Benefits in Kind % | Total % |
|--------------------------|-------------|--|-----------------------------|------------|
| Below \$\$250,000: | | | | |
| Jiang Hongdi | 21 | 79 | - | 100 |
| Ng Keong Khoon (Samuell) | 100 | _ | - | 100 |
| Shu Jianfei | 41 | 59 | - | 100 |
| Bao Guojun | 27 | 73 | - | 100 |
| Ge Baoping | 36 | 64 | - | 100 |

The aggregate remuneration paid to the top five key management personnel (who is not Directors or the CEO) is approximately RMB2.19 million.

There are no termination, retirement and post-employment benefits that may be granted to Directors, the CEO and the top five key management personnel (who is not Directors or the CEO) for FY2016. Due to the confidentiality and commercial sensitivity attached to remuneration matters, in particular those of our top five key management personnel, given the highly competitive environment the Group operates in, the Company does not fully disclose the remuneration of each individual Director and the key management personnel. Instead, the disclosures had been provided in applicable bands of \$\$250,000 as above, with a breakdown in percentage of the remuneration earned through fees, variable or performance-related income/bonus and/or benefits in kind.

The immediate family members of the CEO and/or the Executive Director are:

| Name | Immediate family member of: | Designation |
|--------------|-------------------------------------|--|
| Li Wenjuan | Daughter-in-law of Mr. Shao Jianjun | Finance Manager of World Precision Machinery Limited. |
| Jiang Hongdi | Wife of Mr. Ge Minglei | Group Finance Director of World Precision Machinery Limited. |

Save as disclosed below, none of the remuneration of the employee (who is an immediate family member of a Director or the CEO of the Company) exceeded \$\$50,000 for FY2016

| Name | Relationship with Director or the CEO |
|---|--|
| Above S\$100,000 and below S\$150,000 | |
| Jiang Hongdi (Group Finance Director of World Precision Machinery Limited) | Wife of Mr. Ge Minglei |
| Between S\$50,000 to S\$100,000 | |
| Li Wenjuan (Finance Manager of World Precision Machinery Limited) | Daughter-in-law of Mr. Shao Jianjun |

ACCOUNTABILITY AND AUDIT

ACCOUNTABILITY

PRINCIPLE 10: THE BOARD SHOULD PRESENT A BALANCED AND UNDERSTANDABLE ASSESSMENT OF THE COMPANY'S PERFORMANCE, POSITION AND PROSPECTS.

In presenting the annual financial statements and quarterly announcements to shareholders, it is the aim of the Board to provide the shareholders with a balanced and understandable assessment of the Group's financial performance, position and prospects, with detailed analysis and explanations.

In line with the requirements of the SGX-ST, negative assurance statements were issued by the Board to accompany the Group's quarterly financial results announcements, confirming to the best of the Board's knowledge that nothing had come to the Board's attention which could render the Company's results announcements to be false and misleading. The Company is not required to issue negative assurance statements for its full year results announcement.

The Company has also procured undertakings from all its Directors and Executive Officers in compliance with Rule 720(1) of the SGX-ST Listing Manual.

RISK MANAGEMENT AND INTERNAL CONTROLS

PRINCIPLE 11: THE BOARD IS RESPONSIBLE FOR THE GOVERNANCE OF RISK. THE BOARD SHOULD ENSURE THAT MANAGEMENT MAINTAINS A SOUND SYSTEM OF RISK MANAGEMENT AND INTERNAL CONTROLS TO SAFEGUARD SHAREHOLDERS' INTERESTS AND THE COMPANY'S ASSETS, AND SHOULD DETERMINE THE NATURE AND EXTENT OF THE SIGNIFICANT RISKS WHICH THE BOARD IS WILLING TO TAKE IN ACHIEVING ITS STRATEGIC OBJECTIVES.

The Board acknowledges that it is responsible for the overall internal control framework and maintains a sound system of risk management and internal controls to safeguard the shareholders' interests and the Company's assets.

Management regularly reviews the Company's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. Management reviews all significant control policies and procedures and highlights all significant matters to the Directors and AC. To assist the Board in carrying out its responsibility of overseeing the Group's risk management framework, processes and policies, it has delegated the authority to the AC for overseeing the Risk Management Committee ("RMC") established by Management with effect from FY2015. For the purpose of the RMC, the head of Finance has been appointed as the Risk Compliance Officer. He will work with Nexia TS Risk Advisory Pte. Ltd. ("Nexia TS Risk Advisory") on their findings and report any risk matters to the CEO. The RMC comprises the CEO, the CFO and the Risk Compliance Officer.

For FY2016, the RMC, had reported to the AC on a quarterly basis, and the AC had in turn reported its finding(s) and/or recommendation(s) to the Board for its information and/or approval, if required. No known significant deficiencies or lapses in risk management and internal controls systems were noted in FY2016.

The Company has outsourced its internal audit function to Nexia TS Risk Advisory. In addition, Nexia TS Risk Advisory has also been commissioned to assist Management in the Group's Enterprise Risk Management ("ERM") to complement the Group's existing internal audit plan and thereafter to follow up with an annual Control Self Assessment ("CSA") based on the risks identified from the ERM exercise. The objectives of the ERM and CSA services are to identify and manage strategic, operational, compliance and financial risks related to the achievement of the Group's objectives and to better respond to the changing business environment. The process encourages increased risk awareness and enhanced risk understanding among both the participants and the recipients of the assessment. A report which documents the Group's risk management profile summarising the material risks faced by the Group and the countermeasures in place to manage or mitigate those risks is submitted to the RMC and AC on an annual basis.

The AC, with the assistance of the Internal and External Auditors, reviews the adequacy and effectiveness of the Group's internal financial controls, operational, information technology and compliance controls, and risk management policies and internal controls systems established by Management on an annual basis.

The Internal and External Auditors have, during the course of their audits, carried out a review of the effectiveness of key internal controls within the scope of their audits. Any material non-compliance and internal control weaknesses noted during their respective audits and their recommendations are reported to the AC. The AC has reviewed the CSA report and Internal and External Auditors' comments to ensure that there are adequate internal controls in the Group and follow up actions from the last audit reviews have been implemented. The AC will ensure that recommendations by the CSA report and Internal and External Auditors, arising from the FY2016 audits be followed up and implemented by Management at the next audit reviews or within the timeline stipulated in the respect audit reports for FY2017.

In line with the Code, the AC, with the concurrence of the Board, had adopted a Management Assurance Confirmation Statement ("Management Assurance Statement") in May 2013. For FY2016, the CEO and the CFO had provided a Management Assurance Statement confirming that:

- (i) Management is aware of their responsibilities for establishing, maintaining and evaluating the effectiveness of the risk management and internal control systems of the Group;
- (ii) the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances;
- (iii) to the best of their knowledge, nothing has come to their attention as Management, which would render the interim financial statements to be false or misleading in any material aspect; and
- (iv) Management has updated the AC that there are no known significant deficiencies or lapses in risk management and internal controls systems relating to the Group's financial, operational, compliance and information technology controls which could adversely affect the Group's ability to record, process, summarise or report financial data, or any fraud, whether material or not that involves Management or other employees who have a significant role in the Group's internal controls.

The Board recognises that no internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss. The review of the Group's internal control system is a concerted and continuing process.

As recommended by the SGX-ST, an opinion of the Board with the concurrence of the AC on the adequacy and effectiveness of the internal controls, addressing financial, operational, compliance and information technology risks, and risk management policies is set out in the Directors' Statement under page 45 of the Annual Report.

The Group's financial risk management is disclosed under Note 32(b) of the Notes to the Financial Statements on pages 86 to 88 of this Annual Report.

AUDIT COMMITTEE ("AC")

PRINCIPLE 12: THE BOARD SHOULD ESTABLISH AN AUDIT COMMITTEE ("AC") WITH WRITTEN TERMS OF REFERENCE WHICH CLEARLY SET OUT ITS AUTHORITY AND DUTIES.

The AC is regulated by a set of written terms of reference, which are in line with the guidelines of the Code.

The terms of reference of the AC provide that the AC shall comprise at least three members, all of whom shall be Non-Executive Directors and a majority of whom, including the AC Chairman, shall be independent. The composition of the AC of the Company is as follows:-

Mr. Phang Kin Seng (Lawrence) (Lead Independent Director) – AC Chairman
Mr. Lim Yoke Hean (Independent Director) – AC Member
Mr. Wang Weiyao (Non-Executive and Non-Independent Director) – AC Member

The Board is of the view that the members of the AC are appropriately qualified, having the necessary recent and relevant accounting and/or related financial management expertise or experience as the Board interprets such qualification in its business judgement, to discharge their responsibilities. None of the AC members were former partners or Directors of the Company's External Auditors firm, Messrs. Baker Tilly TFW LLP, within the last twelve months or hold any financial interest in the External Auditors firm.

The AC meets at least four times a year to discuss and review the following where applicable, on the following key terms of reference:

- (a) with the Internal and External Auditors the audit plans, their evaluation of the system of internal controls, audit reports, letters to Management and Management's response respectively;
- (b) the quarterly and annual financial statements and balance sheet and profit and loss accounts before submission to the Board for approval so as to ensure the integrity of the Company's financial statements, focusing in particular, on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement ,compliance with accounting standards as well as compliance with any stock exchange and statutory/regulatory requirements;
- (c) annually the adequacy and effectiveness of the Group's internal controls, including financial, operational, compliance and information technology controls and risk management policies;
- (d) where deficiencies in internal controls have been identified, to ensure that appropriate and prompt remedial attention is taken by Management;
- (e) the internal controls and procedures to ensure co-ordination between the Internal and External Auditors and co-operation from Management and assistance given to facilitate their audit and problems and concerns, if any, arising from the interim and final audits, and any matters which the auditors may wish to discuss (in the absence of Management where necessary);

- (f) with the External Auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and Management's response;
- (g) the scope and results of the internal audit programme/procedures and review at least annually the adequacy of effectiveness of the Group's internal audit function including ensuring it is staffed with persons with the relevant qualifications and experience and has appropriate standing within the Group;
- (h) annually the scope and results of the audit and its cost effectiveness as well as independence and objective of the External Auditors;
- (i) co-ordination between the Internal and External Auditors;
- (j) the appointment or re-appointment of the Internal and External Auditors and matters relating to resignation or dismissal of the auditors:
- (k) arrangements by which staff of the Group and any other persons may in confidence, raise concerns about possible improprieties in financial reporting or, other matters;
- (l) interested person transactions falling within the scope of Chapter 9 of the SGX-ST Listing Manual on a quarterly basis;
- (m) potential conflicts of interests, if any; and
- (n) such other reviews and projects as may be requested by the Board and will report to the Board its findings from time to time on matters arising and requiring the attention of the AC and generally undertake such other functions and duties as may be required by statute or the Listing Manual, and by such amendments made thereto from time to time.

The AC has the explicit powers to conduct or authorise investigations into any of the abovementioned matters. The AC has full access to and co-operation by Management and also full discretion to invite any Director or executive officer to attend its meetings as well as reasonable resources to enable it to discharge its function properly.

The AC meets with the Group's Internal and External Auditors and Management to review accounting, auditing and financial reporting matters so as to ensure that an effective system of control is maintained in the Group. For FY2016, the AC has met four times and:

- (i) met up with the Internal and External Auditors, without the presence of Management, to discuss their findings set out in their respective reports to the AC. Both the Internal and External Auditors had confirmed that they had received the full co-operation of Management and no restrictions were placed on the scope of the respective audits;
- (ii) conducted a review of the non-audit services provided by the External Auditors to satisfy itself that the nature and extent of such services will not prejudice the independence and objectivity of the External Auditors as well as the cost effectiveness of the audit before confirming their re-nomination. The following fees amounting to S\$121,800 were approved:

Audit fees \$\$120,000 Non-Audit fees \$\$1,800

The External Auditors had also confirmed their independence in this respect;

(iii) confirmed that Company had complied with Rule 712 of the SGX-ST Listing Manual in relation to the appointment of a suitable auditing firm to meet its audit obligations. Messrs. Baker Tilly TFW LLP, the appointed auditors of the Group, is registered with the Accounting and Corporate Regulatory Authority in Singapore.

Together with the audit engagement partner and his team assigned to the audit of the Group, the AC was satisfied that the resources and experience of Messrs. Baker Tilly TFW LLP, the Audit Engagement Partner and his team assigned to the audit were adequate to meet their audit obligations, given the size, nature, operations and complexity of the Group;

(iv) confirmed that the Company had complied with Rule 715 of the SGX-ST Listing Manual in relation to the appointment of the same auditing firm based in Singapore to audit its accounts, and its foreign-incorporated subsidiaries. The Group's subsidiaries are disclosed under Note 12 of the Notes to the Financial Statements on pages 74 and 75 of this Annual Report.

The AC, with the concurrence of the Board, had recommended the re-appointment of Messrs. Baker Tilly TFW LLP as External Auditors for FY2017 at the forthcoming Annual General Meeting, based on their performance and quality of their audit.

The External Auditors and/or the CFO will update the AC on the changes to accounting standards and issues which have a direct impact on financial statements from time to time. In addition, the AC is entitled to seek clarification from Management, the External Auditor and/or the Internal Auditor or independent professional advice, or attend relevant seminars, informative talks at the Company's expense from time to time to apprise themselves of accounting standards/financial updates.

The Company has put in place a Whistle Blowing Policy which provides well-defined and accessible channels in the Group through which staff may in confidence, raise their concerns about possible improprieties, fraudulent activities, malpractices within the Group in a responsible and effective manner in matters of financial reporting or other matters. The Whistle Blowing Policy was updated in line with the Code to extend the policy to "any other persons" in addition to the Group's employees. The objective of the policy is to ensure that arrangements are in place for the independent investigation of such matters and for appropriate follow-up action. No reports on whistle-blowing incidents were received in FY2016.

INTERNAL AUDIT

PRINCIPLE 13: THE BOARD SHOULD ESTABLISH AN EFFECTIVE INTERNAL AUDIT FUNCTION THAT IS ADEQUATELY RESOURCED AND INDEPENDENT OF THE ACTIVITIES IT AUDITS.

The Group has also outsourced its internal audit function to Nexia TS Risk Advisory as its Internal Auditors. The Internal Auditors, staffed with persons of relevant qualifications and experience, carry out its audit taking guidance from the International Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors and they report directly to the AC on internal audit matters and to the CEO on administrative matters.

The role of the Internal Auditors is to support the AC in ensuring that the Group maintains a sound system of risk management and internal controls by monitoring and assessing the adequacy and effectiveness of key controls and procedures, conducting in-depth audits of high risk areas and undertaking investigations as directed by the AC.

The AC will review the adequacy and effectiveness of the internal audit function annually to ensure that the internal audit function is sufficiently resourced and is able to perform its function effectively and objectively. For FY2016, the AC is satisfied that Nexia TS Risk Advisory has adequate resources and experience to meet its internal audit obligations.

SHAREHOLDER RIGHTS AND COMMUNICATION WITH SHAREHOLDERS

PRINCIPLE 14: COMPANIES SHOULD TREAT ALL SHAREHOLDERS FAIRLY AND EQUITABLY, AND SHOULD RECOGNISE, PROTECT AND FACILITATE THE EXERCISE OF SHAREHOLDERS' RIGHTS, AND CONTINUALLY REVIEW AND UPDATE SUCH GOVERNANCE ARRANGEMENTS.

PRINCIPLE 15: COMPANIES SHOULD ACTIVELY ENGAGE THEIR SHAREHOLDERS AND PUT IN PLACE AN INVESTOR RELATIONS POLICY TO PROMOE REGULAR, EFFECTIVE AND FAIR COMMUNICATION WITH SHAREHOLDERS.

PRICIPLE 16: COMPANIES SHOULD ENCOURAGE GREATER SHAREHOLDER PARTICIPATION AT GENERAL MEETINGS OF SHAREHOLDERS, AND ALLOW SHAREHOLDERS THE OPPORTUNITY TO COMMUNICATE THEIR VIEWS ON VARIOUS MATTERS AFFECTING THE COMPANY.

In line with continuous disclosure obligations of the Company and pursuant to the SGX-ST Listing Manual, the Board's policy is that shareholders are informed of all major developments that impact the Group. The Company is mindful of the need for regular and proactive communication with its shareholders. In conjunction with this purpose, the Board has adopted a Corporate Disclosure Policy as mentioned in Principle 1 of this Corporate Governance Report.

Information is communicated to shareholders on a timely basis. Communication is made through annual reports or circulars that are prepared and issued to all shareholders as well as quarterly and full year announcements, containing a summary of the financial information and affairs of the Group for the period, notices and explanatory notes of Annual General Meetings and Extraordinary General Meetings, other announcements and press releases that are issued via SGXNET. Shareholders can also access the Group's website at www.wpmlimited.com for the aforementioned information on the Group.

The notice of the Annual General Meeting is despatched to shareholders, together with explanatory notes or a circular on items of special business, at least fourteen days before the meeting for ordinary resolutions and twenty-one days before the meeting for special resolutions.

There are separate resolutions on each distinct issue at the general meetings.

The Board has also taken steps to solicit and understand the views of the shareholders through results briefings from time to time. In addition, shareholders are invited and encouraged to attend the general meetings of shareholders to have the opportunity to participate effectively in and vote, to ensure a high level of accountability and to stay informed of the Group's strategy and goals. Shareholders may vote in person or in absentia by way of proxy forms deposited, in person or by mail, at the registered address of the Company at least 48 hours before the meetings.

Currently, the Board has not implemented any voting methods to allow shareholders to vote by way of electronic mail or facsimile. However, pursuant to Article 73 of the Constitution of the Company, the Directors may, at their sole discretion, approve and implement, subject to such security measures as may be deemed necessary or expedient, such voting methods to allow shareholders who are unable to vote in person at any general meeting the option to vote in absentia, including but not limited to voting by electronic mail or facsimile. A member, who is not a relevant intermediary (the meaning ascribed to it in Section 181 of the Companies Act, Cap. 50.), is entitled to appoint one or two proxies to attend and vote at the Annual General Meeting. A member who is a relevant intermediary is entitled to appoint more than two proxies to attend and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member.

The Company would conduct its votings in general meetings by poll where shareholders are accorded rights proportionate to the shareholding and all votes are counted. The Board believes that this will enhance transparency of the voting process and encourage greater shareholder participation.

The Annual General Meeting is the principal forum for dialogue with shareholders. The Board welcomes questions from shareholders who have an opportunity to raise issues or seek clarifications either informally or formally before or at the Annual General Meeting. The minutes of every Annual General Meeting included substantial and relevant queries from shareholders relating to the agenda of the meeting and responses from the Board will be made available to the shareholders upon their request.

The Chairmen of the AC, NC and RC will normally be available at the shareholders' meetings to attend the queries by shareholders relating to the work of these committees. The External Auditors of the Company will also normally be present to address shareholders' queries about the conduct of audit and the preparation and content of the auditor's report.

Other than communicating with shareholders at Annual General Meetings, the shareholders may contact the Company's CFO on any investor relations matters at saisamuelng@hotmail.com.

The Company does not have a policy on payments of dividends. The form, frequency and amount of dividends declared each year will take into consideration the group's profit growth, cash position, positive cash generated from operations, projected capital requirements for business growth and other factors as the Board may deem appropriate. The Company endeavours to pay dividend and where dividends are not paid, the Company will disclose its reason(s) accordingly.

For FY2016, the Board did not recommend payment of dividends as the Group has to be prudent with its cash flow requirements for its business operations and future developments.

SECURITIES TRANSACTIONS

The Group has adopted a set of Code of Best Practices on Securities Transactions to provide guidance to its officers regarding dealings in the Company's securities, in compliance with Rule 1207(19) of the SGX-ST Listing Manual. In accordance with the said rule, the officers of the Company shall not deal in the Company's securities during the periods commencing two weeks before the release of the Company's quarterly results and one month before the release of the Company's full year results and ending on the date of announcement of the relevant results. In addition, the officers of the Company are discouraged from dealing in the Company's securities on short-term considerations and when they are in possession of any unpublished material price-sensitive information of the Group. The Directors are required to notify the Company of any dealings in the Company's securities (outside the applicable closed window period mentioned above) within two business days of the transactions.

INTERESTED PERSON TRANSACTIONS

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that the transactions within threshold levels and had been conducted on an arm's length basis and in accordance with prescribed procedures. When a potential conflict of interest arises, the Director concern does not participate in discussions and refrains from exercising any influence over other members of the Board.

The AC and the Board had reviewed the proposed renewal of mandate for IPTs to be tabled for shareholders' approval at the forthcoming Annual General Meeting. Details of the proposed renewal of IPT mandate are enumerated in the Circular accompanying the Notice of Annual General Meeting.

Save as disclosed below, there are no interested persons transactions between the Company or its subsidiaries and any of its interested persons during the financial year under review:

To the Members of World Precision Machinery Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of World Precision Machinery Limited (the "Company") and its subsidiaries (the "Group") as set out on pages 51 to 90, which comprise the statements of financial position of the Group and the Company as at 31 December 2016, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2016 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and of the changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters

1. Valuation of inventories

As disclosed in Note 15 to the financial statements, the Group has inventories of RMB353,545,000 (2015: RMB382,856,000), which accounted for more than 23% (2015: 25%) of the Group's total assets as at 31 December 2016.

As disclosed in Note 2(p) to the financial statements, inventories are stated at the lower of cost and net realisable value. The cost of finished goods, work-in-progress and component parts comprise allocations of staff costs and production overheads which involves significant management's estimation in determining the proportion of staff costs and production overheads to be included as part of the cost of inventories based on normal operating capacity. The assessment of the Group's ability to sell the inventories above costs and the net realisable value of inventories also involves significant estimations and require assumptions to be applied based on analyses of sales trend and current economic trends as disclosed in Note 3 to the financial statements.

Valuation of inventories is considered a key audit matter due to the significance of the inventories to the Group's consolidated financial position, and also the estimations involved in the determination of the cost and net realisable value of the inventories.

To the Members of World Precision Machinery Limited

Report on the Audit of the Financial Statements (cont'd)

Key Audit Matters (cont'd)

Valuation of inventories (cont'd)

Our procedures to address the key audit matter

We have obtained an understanding and evaluated the management's significant estimation and assumptions used in their assessment of the valuation of inventories. We have assessed the management's estimation in determining the proportion of staff costs and production overheads to be included as part of the cost of inventories based on normal operating capacity. We have test checked the allocation of staff costs and production overheads to ascertain whether they are properly included in the cost of finished goods, work-in-progress and component parts in accordance to the Group's accounting policy.

We have also evaluated the Group's inventory obsolescence policy, and the analysis made by the management with respect to the carrying value of obsolete and slow moving inventories. In addition, we analysed the inventory turnover, and compared that to management's assumptions and estimations of obsolete and slow moving inventories.

We have also assessed the adequacy and appropriateness of the disclosures made in the financial statements.

2. Allowance for impairment of trade receivables

As disclosed in Note 16 to the financial statements, the net carrying amount of the Group's trade receivables is stated at RMB250,866,000 (2015: RMB220,086,000), after deducting allowance for doubtful receivables of RMB17,613,000 (2015: RMB11,823,000) as at 31 December 2016.

The allowance for impairment of trade receivables is considered a key audit matter, as it requires the application of judgement and use of assumptions by management as disclosed in Note 3 to the financial statements. Management monitors and assesses the Group's credit risk, and make significant judgement regarding the debtors' creditworthiness and their ability to pay.

There is a risk that the Group's trade receivables which are past due but not impaired may not be recoverable and allowance for doubtful receivables may not be adequate or reasonable.

Our procedures to address the key audit matter

We have evaluated management's assessment of the recoverability of the Group's trade receivables which are past due but not impaired at the end of the reporting period, including the assessment of any allowance to be made by the Group in respect of the overdue debts.

We have corroborated the reasons for the delay in payments on certain aged trade receivables and the adequacy of any allowance for doubtful receivables to be made, by considering amongst others, factors such as subsequent cash receipts, past payment practices, the ongoing business relationship with the debtors or where relevant, repayment schedule as agreed with the debtors.

We have also assessed the adequacy and appropriateness of the disclosures made in the financial statements.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report 2016, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

To the Members of World Precision Machinery Limited

Report on the Audit of the Financial Statements (cont'd)

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Lim Kok Heng.

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. Corporate information

World Precision Machinery Limited (the "Company") (Co. Reg. No. 200409453N) is domiciled and incorporated in Singapore and listed on the Main Board of the Singapore Exchange Securities Trading Limited.

The principal place of business of the Group is at Picheng Town, Danyang City, Jiangsu Province, the People's Republic of China ("PRC") and the registered address of the Company is at 50 Raffles Place #32-01, Singapore Land Tower, Singapore 048623.

The immediate and ultimate holding company of the Company is World Sharehold Limited, incorporated in the British Virgin Islands. The ultimate controlling party of the Group is Mr. Wang Weiyao.

The principal activity of the Company is that of investment holding. The principal activities of its subsidiaries are disclosed in Note 12.

2. Summary of significant accounting policies

(a) Basis of preparation

The financial statements have been prepared in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs"). The financial statements have been prepared under the historical cost convention except as disclosed in the accounting policies below.

The financial statements are presented in Chinese Renminbi ("RMB") and all financial information presented in RMB are rounded to the nearest thousand (RMB'000) except when otherwise indicated.

The preparation of financial statements in conformity with FRSs requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions and historical experiences and various other factors that are believed to be reasonable under the circumstances, actual results may ultimately differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The areas involving a higher degree of judgement in applying accounting policies, or areas where assumptions and estimates have a significant risk of resulting in material adjustment within the next financial year are disclosed in Note 3.

The carrying amounts of cash and cash equivalents, trade and other current receivables and payables approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

In the current financial year, the Group and the Company have adopted all the new and revised FRSs and Interpretations of FRSs ("INT FRSs") that are relevant to their operations and effective for the current financial year. The adoption of these new and revised FRSs and INT FRSs did not have any material effect on the financial performance or position of the Group and the Company.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(a) Basis of preparation (cont'd)

New standards, amendments to standards and interpretations that have been issued at the end of the reporting period but are not yet effective for the financial year ended 31 December 2016 have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Group and the Company except as disclosed below:

FRS 115 Revenue from Contracts with Customers

FRS 115 replaces FRS 18 'Revenue', FRS 11 'Construction contracts' and other revenue-related interpretations. It applies to all contracts with customers, except for leases, financial instruments, insurance contracts and certain guarantee contracts and non-monetary exchange contracts. FRS 115 provides a single, principle-based model to be applied to all contracts with customers. An entity recognises revenue in accordance with the core principle in FRS 115 by applying a 5-step approach.

Under FRS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

The standard is effective for annual periods beginning on or after 1 January 2018, with early adoption permitted. FRS 115 includes disclosure requirements that will result in disclosure of comprehensive information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. Management is currently assessing the impact of applying the new standard on the Group's financial statements and in particular, potential impact on revenue where certain of the Group's sales contracts contain more than one performance obligations and significant financing components. At this stage, the Group has not completed its assessment at the impact. The Group plans to adapt the standard when it becomes effective in financial year ending 31 December 2018.

FRS 109 Financial Instruments

FRS 109 which replaces FRS 39, includes guidance on (i) the classification and measurement of financial assets and financial liabilities; (ii) impairment requirements for financial assets; and (iii) general hedge accounting. Financial assets are classified according to their contractual cash flow characteristics and the business model under which they are held. The impairment requirements in FRS 109 are based on an expected credit loss model and replace FRS 39 incurred loss model.

(a) Classification and measurement

While the Group has yet to undertake a detailed assessment of the classification and measurement of its financial assets, the Group does not expect a significant change to the measurement basis arising from adopting the new classification and measurement model under FRS 109. Loans and receivables that are currently accounted for at amortised cost will continue to be accounted using amortised cost model under FRS 109.

(b) Impairment

FRS 109 requires the Group to record expected credit losses on all of its loans and trade receivables, either on a 12-month or lifetime basis. The Group expects to apply the simplified approach and record lifetime expected losses on all trade receivables. The Group has not undertaken a detailed assessment of the impact of the impairment provisions under FRS 109 but the Group expects that the new expected loss model may result in an earlier recognition of credit losses.

The Group plans to adopt the standard when it becomes effective in financial year ending 31 December 2018.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(a) Basis of preparation (cont'd)

FRS 116 Leases

FRS 116 replaces the existing FRS 17: Leases. It reforms lessee accounting by introducing a single lessee accounting model. Lessees are required to recognise all leases on their statements of financial position to reflect their rights to use leased assets (a "right-of-use" asset) and the associated obligations for lease payments (a lease liability), with limited exemptions for short term leases (less than 12 months) and leases of low value items. The accounting for lessors will not change significantly.

The standard is effective for annual periods beginning on or after 1 January 2019. The Group will assess the potential impact of FRS 116 and plans to adopt the standard on the required effective date.

Convergence with International Financial Reporting Standards (IFRS)

The Accounting Standards Council ("ASC") announced on 29 May 2014 that Singapore incorporated companies listed on the Singapore Exchange Securities Trading Limited will be required to apply a new financial reporting framework identical to the International Financial Reporting Standards (full IFRS convergence) in 2018. The Group will adopt the new financial reporting framework on 1 January 2018.

(b) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at end of the reporting period. Subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

The financial statements of the subsidiaries are prepared for the same reporting date as the parent company. Consistent accounting policies are applied for like transactions and events in similar circumstances.

Intragroup balances and transactions, including income, expenses and dividends, are eliminated in full. Profits and losses resulting from intragroup transactions that are recognised in assets, such as inventory and property, plant and equipment, are eliminated in full.

Business combinations are accounted for using the acquisition method. The consideration transferred for the acquisition comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary. Acquisition-related costs are recognised as expenses as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

Any excess of the fair value of the consideration transferred in the business combination, the amount of any non-controlling interest in the acquiree (if any) and the fair value of the Group's previously held equity interest in the acquiree (if any), over the fair value of the net identifiable assets acquired is recorded as goodwill. In instances where the latter amount exceeds the former and the measurement of all amounts has been reviewed, the excess is recognised as gain on bargain purchase in profit or loss on the date of acquisition.

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(c) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

In the Company's statement of financial position, investments in subsidiaries are accounted for at cost less impairment losses, if any. On disposal of the investment, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

(d) Revenue

Revenue comprises the fair value of the consideration received or receivable for the sales of goods and rendering of services, net of sales related taxes, rebates and discounts, and after eliminating sales within the Group. Revenue is recognised to the extent that it is probable that the economic benefits associated with the transaction will flow to the Group, and the amount of revenue and related cost can be reliably measured.

Sales of goods

Revenue from sales of goods is recognised when a Group entity has delivered the products to the customer and significant risks and rewards of ownership of the goods have been passed to the customer.

Rendering of services

Revenue from services is recognised during the financial year in which the services are rendered.

Interest income

Interest income is recognised on a time proportion basis using the effective interest method.

Rental income

Rental income from operating leases are recognised on a straight-line basis over the lease term.

Dividend income

Dividend income is recognised when the right to receive payment is established.

(e) Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the statement of financial position and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

When the grant relates to an expense item, it is recognised in profit or loss over the period necessary to match them on a systematic basis to the costs that it is intended to compensate.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(f) Borrowing costs

Borrowing costs, which comprise interest and other costs incurred in connection with the borrowing of funds, are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are recognised in profit or loss using the effective interest method.

(g) Operating leases

Leases where a significant portion of the risks and rewards incidental to ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are taken to profit or loss on a straight-line basis over the period of the lease. Contingent rents, if any, are charged as expenses in the period in which they are incurred.

When an operating lease is terminated before the lease period expires, any payment required to be made to the lessor by way of penalty is recognised as an expense in the period in which termination takes place.

(h) Employee benefits

Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities, and will have no legal or constructive obligation to pay further contributions once the contributions have been paid. The Group participates in the national pension scheme as defined by the laws of the countries in which it has operations. Contributions to defined contribution plans are recognised as an expense in the period in which the related service is performed.

Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

(i) Income taxes

Income tax on the profit or loss for the year comprises current and deferred tax. Current and deferred tax are recognised in profit or loss except to the extent that they relate to items recognised outside profit or loss, either in other comprehensive income or directly in equity in which the tax is also recognised outside profit or loss (either in other comprehensive income or directly in equity respectively).

Current tax is the expected tax payable or recoverable on the taxable income for the current year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable or recoverable in respect of previous years.

Deferred income tax is provided using the liability method, on all temporary differences at the end of the reporting period arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except where the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination, and at the time of the transaction, affects neither the accounting nor taxable profit or loss.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(i) Income taxes (cont'd)

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference can be controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on currently enacted or substantively enacted tax rates at the end of the reporting period.

Deferred income tax is measured based on the tax consequence that will follow the manner in which the Group expects, at the end of the reporting period to recover or settle the carrying amounts of its assets and liabilities.

(j) Property, plant and equipment

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and any impairment in value. The cost of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset.

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised.

On disposal of a property, plant and equipment, the difference between the net disposal proceeds and its carrying amount is taken to profit or loss.

Depreciation is calculated on a straight-line basis to write off the depreciable amount of the property, plant and equipment less any estimated residual value over their expected useful lives. The estimated useful lives as follows:

| | Number of years |
|---------------------|-----------------|
| Leasehold buildings | 20 - 25 |
| Plant and machinery | 10 - 20 |
| Electrical fittings | 3 - 5 |
| Tools and equipment | 5 |
| Motor vehicles | 5 |
| | |

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at the end of each reporting period. The effects of any revision are recognised in profit or loss when the changes arise.

Fully depreciated assets are retained in the financial statements until they are no longer in use.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(j) Property, plant and equipment (cont'd)

Construction work-in-progress represents assets in the course of construction for production, or administrative purposes, or for purposes not yet determined, are carried at cost, less any recognised impairment loss until construction or development is completed. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policies. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

(k) Intangible assets

Research and development costs

Research and development costs are expensed as incurred, except for development costs which relate to the design and testing of new or improved materials, products or processes which are recognised as an asset to the extent that it is expected that such assets will generate future economic benefits.

Deferred development costs are amortised from the date of commercial production of the product or from the date the process is put into use. Such costs are currently being amortised on a straight-line basis over their useful lives, not exceeding 5 years.

(I) Land use rights

Leases of land under which the lessor has not transferred all the risks and rewards incidental to ownership are classified as operating leases. Lease prepayment for land use rights are initially measured at cost and subsequently carried at cost less accumulated amortisation and any impairment in value. The land use rights are amortised over its lease term of 50 years.

(m) Impairment of non-financial assets

At the end of each reporting period, the Group assesses the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A previously recognised impairment loss for an asset other than goodwill is only reversed if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. A reversal of an impairment loss is recognised immediately in profit or loss.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(n) Financial assets

Classification

The Group's only financial assets are loans and receivables. The classification depends on the nature of the assets and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except those maturing later than 12 months after the end of the reporting period which are classified as non-current assets. Loans and receivables are presented as "trade receivables", "other receivables" (excluding prepayments, advance payments and tax recoverable), "due from subsidiaries (non-trade)" and "cash and cash equivalents" on the statements of financial position.

Recognition and derecognition

Regular purchases and sales of financial assets are recognised on trade-date - the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a financial asset, the difference between the net sale proceeds and its carrying amount is recognised in profit or loss.

Initial measurement

Loans and receivables are initially recognised at fair value plus transaction costs.

Subsequent measurement

Loans and receivables are carried at amortised cost using the effective interest method, less impairment.

Impairment

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the receivable is impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account, and the amount of the loss is recognised in profit or loss. The allowance amount is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

If in subsequent periods, the impairment loss decreases, and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the assets does not exceed the amortised cost at the reversal date.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(o) Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and exclude pledged deposits.

(p) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on a weighted average basis. The cost of finished goods, work-in-progress and component parts comprises raw materials, direct labour, other direct costs and related production overheads based on normal operating capacity but excluded borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less the cost of completion and selling expenses.

(q) Financial liabilities

Financial liabilities includes trade payables, bills payables, other payables (excluding advances payments from customers), due to related parties and a subsidiary and borrowings.

Financial liabilities are recognised on the statement of financial position when, and only when, the Group becomes a party to the contractual provisions of the financial instruments.

Financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities other than derivatives, directly attributable transaction costs.

Subsequent to initial recognition, derivatives are measured at fair value. Other financial liabilities (except for the financial guarantees) are measured at amortised cost using the effective interest method.

For financial liabilities other than derivatives, gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process. Any gains or losses arising from changes in fair value of derivatives are recognised in profit or loss. Net gains or losses on derivatives include exchange differences. A financial liability is derecognised when the obligation under the liability is extinguished.

(r) Financial guarantees

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due.

Financial guarantee contracts are initially recognised at their fair values plus transaction costs. Financial guarantees are classified as financial liabilities.

Subsequent to initial measurement, the financial guarantees are stated at the higher of the initial fair value less cumulative amortisation and the expected amount payable to the holder. Financial guarantees contracts are amortised in profit or loss over the period of the guarantee.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(s) Provisions for other liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle that obligation and the amount can be estimated reliably. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the end of the reporting period. Where the effect of the time value of money is material, the amount of the provision shall be discounted to present value using a pre-tax discount rate that reflects the current market assessment of the time value of money and risks specific to the obligation.

When discounting is used, the increase in the provision due to passage of time is recognised as a finance cost in profit or loss.

(t) Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

(u) Foreign currencies

Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The functional currency of the Company is Singapore dollar. The consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are presented in RMB, which is the functional currency of the principal entities in the PRC.

Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Currency translation gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss, except for currency translation differences on net investment in foreign operations and borrowings and other currency instruments qualifying as net investment hedges for foreign operations, which are recognised in other comprehensive income and accumulated in currency translation reserve within equity in the consolidated financial statements. The currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the Group's presentation currency are translated into the presentation currency as follows:

- (i) Assets and liabilities are translated at the closing rates at the end of the reporting period;
- (ii) Income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the date of the transactions); and
- (iii) All resulting exchange differences are recognised in other comprehensive income and accumulated in currency translation reserve within equity.

For the financial year ended 31 December 2016

2. Summary of significant accounting policies (cont'd)

(u) Foreign currencies (cont'd)

Translation of Group entities' financial statements (cont'd)

On consolidation, exchange differences arising from the translation of the net investment in foreign operations (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are recognised in other comprehensive income and accumulated in currency translation reserve.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

On disposal of a foreign group entity, the cumulative amount of the currency translation reserve relating to that particular foreign entity is reclassified from equity and recognised in profit or loss when the gain or loss on disposal is recognised.

(v) Dividends

Interim dividends are recorded during the financial year in which they are declared payable.

Final dividends are recorded in the financial statements in the period in which they are approved by the Company's shareholders.

(w) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incurs expenses, including revenues and expenses that relate to transactions with other components of the Group. Operating segments are reported in a manner consistent with the internal reporting provided to the Group's chief operating decision maker for making decisions about allocating resources and assessing performance of the operating segments.

3. Critical accounting judgements and key sources of estimation uncertainty

Estimates, assumptions concerning the future and judgements are made in the preparation of the financial statements. They affect the application of the Group's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical judgements made in applying the Group's accounting policies

In the process of applying the Group's accounting policies, which are described in Note 2, management has made the following judgement that has the most significant effect on the amounts recognised in the financial statements (apart from those involving estimations):

Functional currency

The Group measures foreign currency transactions in the respective functional currencies of the Company and its subsidiaries. In determining the functional currencies of the entities in the Group, judgement is required by management to determine the primary economic environment in which the entities operate, the entities' process of determining sales prices and the currency of the country whose competitive forces and regulations mainly influences the prices of its goods and services. Management has assessed that prices are mainly denominated and settled in the respective local currency of the entities of the Group. In addition, most of the entities' cost base is mainly denominated in their respective local currency. Therefore, management concluded that the functional currency of the entities of the Group is their respective local currency.

For the financial year ended 31 December 2016

3. Critical accounting judgements and key sources of estimation uncertainty (cont'd)

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

Valuation of inventories

As disclosed in Note 2(p), inventories are stated at the lower of cost and net realisable value. The cost of finished goods, work-in-progress and component parts comprise allocations of staff costs and production overheads which involves significant management's estimation in determining the proportion of staff costs and production overheads to be included as part of cost of inventories based on normal operating capacity. In making these estimates, the management has relied on their past experience and knowledge of the production managers.

The Group writes down its obsolete or slow moving inventories based on assessment of their estimated net selling price and cost of completion and selling expenses. Inventories are written down when events or changes in circumstances indicates that the carrying amounts may not be recoverable. The management analyses sales trend and current economic trends when in evaluating the adequacy of the write down for obsolete and slow moving inventories. When expectations differ from the original estimates, the differences will impact the carrying amount of inventories.

A write down of inventories of RMB1,098,000 (2015: NIL) is recognised in profit or loss during the financial year. The carrying amounts of the Group's inventories at the end of the reporting period are disclosed in Note 15.

Impairment of loans and receivables

Management reviews its loans and receivables for objective evidence of impairment at the end of each reporting period. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired.

Significant management's judgement is involved in the determination as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management assesses as to whether an impairment loss should be recorded as an expense in profit or loss. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimated loss and actual loss experience.

The carrying amounts of the Group's and the Company's loans and receivables at the end of the reporting period are disclosed in Note 32. If the present value of estimated future cash flows differ from management's estimates, the allowance for impairment for loans and receivables and the loans and receivables balance at the end of the reporting period will be affected accordingly.

For the financial year ended 31 December 2016

3. Critical accounting judgements and key sources of estimation uncertainty (cont'd)

Key sources of estimation uncertainty (cont'd)

Property, plant and equipment

The Group reviews the useful lives and residual values of property, plant and equipment at the end of each reporting period in accordance with accounting policies in Note 2(j). The estimation of useful lives and residual values involves assumptions concerning the future and estimations of the assets common life expectancies and expected level of usage. Any changes in the expected useful lives of these assets would affect the net carrying value of property, plant and equipment, and the depreciation charge for the financial year. The net carrying value of the Group's property, plant and equipment at the end of the reporting period and the depreciation charge for the financial year are disclosed in Note 11.

Provision for product warranties

The Group generally provides one-year warranties to its customers on certain of its products, under which faulty products are repaired and replaced. Currently, warranty expenses is recognised based on actual costs incurred and no provision for product warranties has been recognised as the estimated financial impact is not significant to the financial statements taken as a whole.

Income taxes

The Group has exposure to income taxes in Singapore and the PRC. Uncertainties exist with respect to the interpretation of complex tax regulations, the amount and timing of future taxable income and deductibility of certain expenditure. Accordingly, there are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is concluded and different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amounts of the Group's income tax payables and deferred tax liabilities at the end of the reporting period is RMB1,035,000 (2015: RMB429,000) and RMB3,300,000 (2015: RMB3,300,000) respectively.

4. Revenue

Revenue comprises the sales of stamping, cutting and bending machines and metal parts.

The above tax reconciliation is prepared by aggregating separate reconciliation for each national jurisdiction.

The Company

The Company has no taxable income during the financial year. The statutory income tax rate applicable to the Company is 17% (2015: 17%).

The PRC subsidiaries

World Precise Machinery (China) Co., Ltd. ("WPM (China)")

WPM (China) enjoys preferential income tax rate of 15% (2015: 15%) as it has been regarded as high-tech enterprise.

The statutory income tax rate applicable to other PRC subsidiaries is 25% (2015: 25%).

For the financial year ended 31 December 2016

9. Tax expense (cont'd)

At the end of the reporting period, the Group has unutilised tax losses of RMB35,200,000 (2015: RMB29,995,000) that are available for carry forward up to five years from the year of loss against future taxable profits/income of the PRC subsidiaries in which the tax losses arose, subject to the agreement of the tax authorities and compliance with certain provisions of the tax legislation in the PRC. No deferred tax asset has been recognised as it is not probable that future taxable profits/income will be sufficient to allow the related tax benefits to be realised. During the year, the Group's unabsorbed tax losses brought forward amounting to RMB1,715,000 (2015: RMB109,000) has expired.

10. Earnings per share

Basic earnings per share is calculated based on the Group's profit for the year attributable to equity holders of the Company divided by the weighted average number of ordinary shares in issue during the financial year.

| | Group | |
|---|------------------|---------|
| | 2016 2015 | |

At the end of the reporting period, the Group endorsed certain bills receivables in the PRC (the "Derecognised Bills") with a carrying amount in aggregate of RMB176,520,000 (2015: RMB137,470,000) to certain of its suppliers in order to settle the trade payables due to such suppliers. The Derecognised Bills have a maturity period of one to twelve months at the end of the reporting period. In accordance with the laws in the PRC, the holders of the Derecognised Bills have a right of recourse against the Group if the PRC banks default. In the opinion of the directors, the Group has transferred substantially all risks and rewards relating to the Derecognised Bills. Accordingly, the Group has derecognised the full carrying amounts of the Derecognised Bills and the associated trade payables. The maximum exposure to loss from the continuing involvement in the Derecognised Bills and the undiscounted cash flows to repurchase these Derecognised Bills equal to their carrying amounts. In the opinion of the directors, the fair values of the Group's continuing involvement in the Derecognised Bills are not significant to the financial statements taken as a whole.

The non-distributable statutory reserves represent amounts set aside in compliance with the local laws in the PRC where the subsidiaries operate. The PRC subsidiaries are considered a foreign investment enterprise and the percentage of appropriation from the net profit after tax to the various reserve funds are determined by the Board of Directors of the subsidiaries.

For the financial year ended 31 December 2016

27. Statutory reserves (cont'd)

a) Statutory reserve fund

In accordance with the Foreign Enterprise Law applicable to the subsidiaries in the PRC, the subsidiaries are required to make appropriation to a Statutory Reserve Fund ("SRF"). At least 10% of the statutory after tax profits as determined in accordance with the applicable PRC accounting standards and regulations should be allocated to the SRF until the cumulative total of SRF reached 50% of the registered capital of the respective subsidiaries.

b) Staff welfare fund

The PRC subsidiaries have in previous years appropriated a portion of its profit after tax to the staff welfare fund on a voluntary basis as allowed by its respective Articles of Association. The staff welfare fund would be used for the collective welfare of the employees.

The total statutory reserves may be used to offset accumulated losses or increase the registered capital of the PRC subsidiaries, subject to approval from relevant PRC authorities and are not available for dividend distribution to the shareholders. PRC enterprises are prohibited from distributing dividends unless the losses (if any) of prior years have been made good.

28. Capital reserve

Capital reserve arose from the amalgamation of certain PRC subsidiaries (Note 12) during the financial year ended 31 December 2015. This reserve is non-distributable.

(b) Financial risk management

The Group's and the Company's overall risk management policy is to ensure adequate financial resources are available for the development of the Group's and the Company's businesses whilst managing its foreign currency, credit, interest rate and liquidity risks. The Group's and the Company's overall risk management is determined and carried out by the Board of Directors. The policies for managing each of these risks are summarised as follows:

Foreign currency risk

The Group's and the Company's currency exposure based on information provided to key management is as follows:

32. Financial instruments (cont'd)

(b) Financial risk management (cont'd)

Foreign currency risk (cont'd)

The following table demonstrates the sensitivity to a reasonably possible change in the RMB exchange rate against the SGD, functional currency of the Company, with all other variables held constant, of the Group's profit after tax:

| | Increase/(decrease) in profit after tax | |
|---|---|------------------|
| | 2016 2015 | |
| | RMB'000 | RMB'000 |
| RMB/SGD - strengthened 3% (2015: 3%) - weakened 3% (2015: 3%) | (52) 52 | 1,457 (1,457) |

A 3% fluctuation in the USD exchange rate against RMB, with all other variables held constant, will not have a significant impact on the Group's profit for the current and previous financial years.

Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposures to credit risk arises primarily from trade and other receivables. For other financial assets including cash and cash equivalents, the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. For customers who wish to trade on credit terms, the Group will take into account the quantity of the customer order, background and creditworthiness of the customer, level of risk involved, payment history of the customer and relationship with the customer. In addition, receivable balances are monitored on an ongoing basis.

At the end of the reporting period, the Group and the Company have no significant concentrations of credit risk.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statement of financial position.

Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are creditworthy receivables with good payment record with the Group. Cash and cash equivalents that are neither past due nor impaired are placed with or entered into with reputable financial institutions with high credit ratings and no history of default.

Financial assets that are either past due and/or impaired

There is no other class of financial assets that is past due and/or impaired except for trade and other receivables. Information regarding financial assets that are either past due and/or impaired is disclosed in Notes 16 and 17.

For the financial year ended 31 December 2016

32. Financial instruments (cont'd)

(b) Financial risk management (cont'd)

Interest rate risk

The Group's and the Company's exposures to the risk of changes in interest rates relate primarily to the Group's and the Company's debt obligations and deposits placed with financial institutions. The Group and the Company mainly maintain its borrowings in variable rate instruments. The Group and the Company manage its interest rate risk on its interest income by placing the surplus funds in fixed deposits of varying maturities and interest rate terms.

The Group's borrowings at variable rates on which effective hedges have not been entered into, are denominated in RMB. If the RMB interest rates increase/decrease by 75 (2015: 75) basis points with all other variables, including tax rate being held constant, the effects arising from the profit net of tax are as follows:

| | | Gro Increase/(d profit at | ecrease) in |
|---|---|---------------------------------|-----------------|
| | | 2016 RMB'000 | 2015 RMB'000 |
| est rate ease by 75 basis points rease by 75 basis points | _ | (580) | (859) |
| | _ | 580 | 859 |

Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group and the Company maintains sufficient cash and bank balances and internally generated cash flows to finance its activities.

The Group and the Company adopt prudent liquidity risk management by maintaining sufficient cash and available funding through an adequate amount of committed credit facilities. Due to the dynamic nature of the underlying businesses, the Group and the Company aim at maintaining flexibility in funding by keeping committed credit lines available.

The table below summarises the maturity profile of the Group's and the Company's financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations:

33. Fair value of assets and liabilities

Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The carrying amounts of these financial assets and financial liabilities recorded in the financial statements of the Group and the Company approximate their respective fair values, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period. The fair value measurement for disclosures purposes is categorised in Level 3 of the fair value hierarchy.

34. Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, obtain new borrowings or reduce borrowings.

As disclosed in Note 27, the Group's PRC subsidiaries are required to contribute to and maintain a non-distributable statutory fund.

The Group manages capital by monitoring the level of net debt and capital. Net debt is calculated as trade payables, bill payables, other payables, amounts due to related parties, borrowings less cash and cash equivalents. Capital includes equity attributable to the equity holders of the Company less the statutory reserves and capital reserve. The Group's overall strategy remains unchanged from 2015.

35. Segment information

The Group is principally engaged in manufacturing and selling of stamping, cutting and bending machines and metal parts. All provisions are of a similar nature and subject to similar risks and returns. Accordingly, the Group's operating activities are mainly attributable to a single reportable operating segment.

Geographical information

The Group's revenue, expenses, results, assets and liabilities and capital expenditures are predominantly attributable to a single geographical region, the PRC, which is the Group's principal place of business and operations. Therefore, no analysis by geographical region is presented.

Information about major customer

No external customer individually contributed 10% or more of the Group's total revenue.

36. Authorisation of financial statements

The consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company for the financial year ended 31 December 2016 were authorised for issue in accordance with a resolution of the directors dated 27 March 2017.

12.00% of the Company's shares are held in the hands of public. Accordingly, the Company has complied with Rule 723 of the Listing Manual of the SGX-ST.

NOTICE IS HEREBY GIVEN that the Annual General Meeting of WORLD PRECISION MACHINERY LIMITED (the "Company") will be held at Suntec Singapore International Convention & Exhibition Centre, Meeting Room 302, Level 3, 1 Raffles Boulevard, Singapore 039593 on Friday, 28 April 2017 at 2.00 p.m. for the following purposes:

AS ORDINARY BUSINESS

1. To receive and adopt the Directors' Statement and the Audited Financial Statements of the Company for the financial year ended 31 December 2016 together with the Auditors' Report thereon.

(Resolution 1)

2. To re-elect the following Directors retiring pursuant to Article 89 of the Company's Constitution.

Mr Shao Jianjun (Resolution 2)
Mr Lim Yoke Hean (Resolution 3)

Mr Lim Yoke Hean will, upon re-election as a Director of the Company, remain Chairman of the Nominating and Remuneration Committees and a member of the Audit Committee, and will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the Singapore Exchange Securities Trading Limited.

- 3. To approve the payment of Directors' fees of S\$180,000 for the financial year ending 31 December 2017, to be paid quarterly in arrears (FY2016: S\$200,000).

 [See Explanatory Note (i)] (Resolution 4)
- 4. To re-appoint Baker Tilly TFW LLP as the Company's Auditors and to authorise the Directors to fix their remuneration. (Resolution 5)
- 5. To transact any other ordinary business which may be transacted at an Annual General Meeting.

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions:

6. Share Issue Mandate

That pursuant to Section 161 of the Companies Act, Cap. 50 and Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited, the Directors of the Company be authorised and empowered to:

- (a) (i) issue shares in the Company ("shares") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

(b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instruments made or granted by the Directors of the Company while this Resolution was in force,

provided that:

- (1) the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed fifty per centum (50%) of the total number of issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to shareholders of the Company shall not exceed twenty per centum (20%) of the total number of issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such calculation as may be prescribed by the Singapore Exchange Securities Trading Limited) for the purpose of determining the aggregate number of shares that may be issued under subparagraph (1) above, the total number of issued shares (excluding treasury shares) shall be based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
 - (a) new shares arising from the conversion or exercise of any convertible securities;
 - (b) new shares arising from exercising share options or vesting of share awards which are outstanding or subsisting at the time of the passing of this Resolution; and
 - (c) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the Singapore Exchange Securities Trading Limited for the time being in force (unless such compliance has been waived by the Singapore Exchange Securities Trading Limited) and the Constitution of the Company; and
- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier.

[See Explanatory Note (ii)] (Resolution 6)

7. Renewal of Shareholders' Mandate for Interested Person Transactions

That for the purposes of Chapter 9 of the Listing Manual of the Singapore Exchange Securities Trading Limited ("Chapter 9"):

- (a) approval be and is hereby given for the renewal of the mandate for the Company, its subsidiaries and associated companies that are considered to be "entities at risk" under Chapter 9, or any of them, to enter into any of the transactions falling within the types of interested person transactions described in Appendix A to the Company's Circular to Shareholders accompanying the Notice of Annual General Meeting dated 13 April 2017 (the "Circular"), with any party who is of the class of interested persons described in Appendix A to the Circular, provided that such transactions are made on normal commercial terms and in accordance with the review procedures for such interested person transactions (the "IPT Mandate");
- (b) the IPT Mandate shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier; and

(c) authority be given to the Directors of the Company to complete and do all such acts and things (including executing all such documents as may be required) as they may consider expedient or necessary or in the interests of the Company to give effect to the IPT Mandate and/or this Resolution.

[See Explanatory Note (iii)] (Resolution 7)

By Order of the Board

Yuen Pei Lur Perry Company Secretary

Singapore, 13 April 2017

Explanatory Notes:

- (i) The decrease in the proposed Director's fees for the financial year ending 31 December 2017 was due to a reduction in the number of Directors.
- (ii) The Ordinary Resolution 6 in item 6 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next Annual General Meeting of the Company, or the date by which the next Annual General Meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant Instruments convertible into shares and to issue shares pursuant to such Instruments, up to a number not exceeding, in total, 50% of the total number of issued shares (excluding treasury shares) in the capital of the Company, of which up to 20% may be issued other than on a pro-rata basis to shareholders.
 - For determining the aggregate number of shares that may be issued, the total number of issued shares (excluding treasury shares) will be calculated based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent bonus issue, consolidation or subdivision of shares.
- (iii) The Ordinary Resolution 7 in item 7 above, if passed, will authorise the Interested Person Transactions as described in the Circular and recurring in the year and will empower the Directors of the Company to do all acts necessary to give effect to the IPT Mandate. This authority will, unless previously revoked or varied by the Company in a general meeting, expire at the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

Notes:

- 1. (a) A member who is not a relevant intermediary, is entitled to appoint one or two proxies to attend and vote at the Annual General Meeting (the "Meeting").
 - (b) A member who is a relevant intermediary, is entitled to appoint more than two proxies to attend and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Cap. 50.

- 2. A proxy need not be a member of the Company.
- 3. The instrument appointing a proxy or proxies must be deposited at the Registered Office of the Company at 50 Raffles Place #32-01, Singapore Land Tower, Singapore 048623 not less than forty-eight (48) hours before the time appointed for holding the Meeting.

Personal data privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

Notes:

- 1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Chapter 289), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
- 2. A member of the Company entitled to attend and vote at a meeting of the Company is entitled to appoint one or two proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
- 3. Where a member appoints two proxies, the appointments shall be invalid unless he/she specifies the proportion of his/her shareholding (expressed as a percentage of the whole) to be represented by each proxy.
- 4. A member who is a relevant intermediary entitled to attend the meeting and vote is entitled to appoint more than two proxies to attend and vote instead of the member, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where such member appoints more than two proxies, the appointments shall be invalid unless the member specifies the number of Shares in relation to which each proxy has been appointed.

"Relevant intermediary" means:

- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
- 5. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.
- 6. The instrument appointing a proxy or proxies must be deposited at the registered office of the Company at 50 Raffles Place #32-01, Singapore Land Tower, Singapore 048623 not less than 48 hours before the time appointed for the Meeting.
- 7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
- 8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Meeting, in accordance with Section 179 of the Companies Act, Chapter 50 of Singapore.

PERSONAL DATA PRIVACY:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 13 April 2017.

GENERAL:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
