# NOTES TO THE UNAUDITED CONDENSED FINANCIAL INFORMATION FOR THE PERIOD ENDED 30 SEPTEMBER 2016

### 1. Basis of preparation and accounting policies

### 1.1 Reporting entity

Inch Kenneth Kajang Rubber Public Limited Company ("the Company") is a company incorporated in Scotland with its registered office at 7 Castle Street, Edinburgh EH2 3AP, Scotland. The principal operating office is at 26<sup>th</sup> Floor Menara Promet (KH), Jalan Sultan Ismail, 50250 Kuala Lumpur, Malaysia. All of the operations of the Company and its subsidiaries are located in Malaysia and Thailand.

The consolidated unaudited financial information of the Company as at 30 September 2016 includes the Company, its subsidiaries and its interest in an associated undertaking (together referred to as the "Group").

### 1.2 Basis of preparation

The unaudited financial information has been prepared on a going concern basis and in accordance with IAS34 Interim Financial Reporting. The financial information has been prepared under the historical cost convention except for the fair value measurement of available-for-sale investments and freehold estate lands. The financial information is also presented to comply in all material respects of the requirement of the Malaysian FRS 134 Interim Financial Reporting and Chapter 9 of the Bursa Malaysia Listing Requirements.

The unaudited quarterly consolidated financial information to 30 September 2016 included in this Announcement has been prepared by applying accounting policies consistent with those used in the preparation of the most recent audited financial statements of the Group, being for the year ended 31 December 2015. The consolidated financial statements of the Group for the year ended 31 December 2015 are available at Company website, Bursa Malaysia website, the Company's registered office in Scotland and its operating office in Malaysia.

#### 1.3 Changes in accounting policies

On 19 November 2011, the Malaysian Accounting Standards Board ("MASB") issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS Framework"). The MFRS Framework is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 "Agriculture" and/or IC Interpretation 15 "Agreements for Construction of Real Estate", including their parent, significant investor and venturer (herein called "Transitioning Entities").

Based on the MASB announcement on 2 September 2014, adoption of the MFRS Framework by Transitioning Entities will only be mandatory for annual periods beginning on or after 1 January 2017.

The subsidiaries within the Group fall within the scope definition of Transitioning Entities and have opted to defer adoption of the new MFRS Framework. However the Group financial statements will continue to be prepared using the IFRS Framework for the financial statements for the year ending 31 December 2017. The subsidiaries expect to be in a position to fully comply with these requirements for the financial year ending 31 December 2017.

The Group foresees that there will be no material impact on the financial statements as the real estate business would only be operational after 2016 and the current oil palm plantation has already exceeded its normal economic lifespan.

### 1. Basis of preparation and accounting policies (continued)

#### 1.4 Non-statutory accounts

The financial information contained in this report does not constitute full statutory accounts within the meaning of Section 434 of the United Kingdom's Companies Act 2006.

### 1.5 Independent auditors' report of preceding financial year ended 31 December 2015

There was no qualification made on the preceding audited financial statements for the year ended 31 December 2015, further it did not contain a statement under section 498(2) or 498(3) of the Companies Act 2006 and did not include reference to any matters to which the auditor drew attention by way of emphasis.

### 1.6 Approval by Board of Directors

This consolidated interim financial information was approved by the Board of Directors on 22 November 2016.

#### 2. Review of performance

The Group's turnover was RM9.568 million for the third quarter ended 30 September 2016 as compared to RM9.447 million for the corresponding third quarter in the preceding year. Due to the lower market price of CV (constant viscosity) rubber blocks produced by the subsidiary in Thailand incurred lower sales of RM0.9 million. The tourism division however improved their revenue by RM1.5 million during this financial period under review.

The revenue of the associate company, Concrete Engineering Products Berhad ("CEPCO") for the 9 months ended 30 September 2016 reduced to RM136.7 million (IKKR's share: RM30.63 million) compared to RM181.3 million (IKKR's share: RM40.62 million) in the preceding year, a decrease of RM10.0 million in respect of IKKR's share. The decreased sales volume is mainly due to lower deliveries arising from the deferment of certain projects.

The Group's loss before tax for the third quarter ended 30 September 2016 was RM0.765 million as compared to a loss of RM1.565 million for the corresponding third quarter ended 30 September 2015. The lower loss incurred was mainly due to increase in revenue from the tourism division and the share of profit from Cepco.

### 3. Comparison with preceding quarter

The Group recorded a pre-tax profit of RM6.28 million for the current quarter under review compared to a pre-tax loss of RM2.55 million in the preceding quarter ended 30 June 2016. The loss incurred in the 2nd quarter ended 30 June 2016 was mainly due to the loss incurred at the manufacturing division as there was only minimal sales done due to the economic uncertainty in Europe prior to Brexit.

# NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE PERIOD ENDED 30 JUNE 2016

#### 4. Commentary on prospects

To ensure that the property development project at our Kajang land will become a success for the Group, we have undertaken a very thorough planning process. It is currently pending the approval of the road and highway authorities, and we will then submit the Planning Approval to Majlis Perbandaran Kajang by 1<sup>st</sup> Quarter next year.

After the refurbishment at our resort, revenue from our tourism sector has increased, and we expect that our manufacturing sector will at least be at a breakeven level. Our associate company, CEPCO, is expected to be about the same as last year. As compared to last year, the Board anticipates a better performance by the Group for this financial year.

### 5. Comparison with profit forecasts

As the Group does not issue profit forecasts, no comparison can be made.

### 6. Changes in composition of the Group

There were no changes in the composition of the Group during the financial period under review.
