ACROMEC Wins 2016 Enterprise 50 Awards

SINGAPORE, 17 November 2016 - ACROMEC Limited (“ACROMEC”, or the “Company” and together with its subsidiary, the “Group”), an established specialist engineering service provider in the field of controlled environments serving mainly the healthcare, biomedical, research and academia sectors today announced that it is one of the winners of the 2016 Enterprise 50 (“E50”) Awards.

Mr Lim Say Chin, the Executive Chairman and Managing Director of ACROMEC, commented, “We are very delighted to garner such a prestigious award. This award is even more gratifying as it follows very closely on our successful listing on the Catalist Board of the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) in April this year. Acromec will continue to strive to be a productivity driven organisation engrained with an innovation mindset. We will continue to focus on our hallmark of quality and build trust and long-term relationships with our customers and other stakeholders.”

Acromec hopes that with its listing on the Catalist Board of SGX-ST and the E50 platform, it would continue its growth momentum. “We believe the future holds many opportunities for us and winning this award is a testament that we are ready to seize these opportunities and strengthen our presence in the marketplace, both in Singapore and the region.” added Mr Lim

The E50 Awards, first established in 1995, recognises local, privately-held companies that have contributed to the economic development in Singapore and abroad. It is jointly organised by The Business Times and KPMG, and supported by the International Enterprise Singapore, Singapore Business Federation, Singapore Exchange and SPRING Singapore. The E50 Awards is sponsored by OCBC Bank.
