Press Release

MIT SECURES NEW ORDERS TOTALLING S\$14.2M

Singapore, 2 January 2018 - The Board of Directors of Manufacturing Integration Technology Ltd ("the Group") is pleased to announce that the Group has recently secured new orders totaling S\$14.2m for its semiconductor equipment and contract equipment manufacturing services.

The Group continues to receive new enquiries and will be working to close more orders in the coming months to build up its order book for 2018.

Most of these confirmed orders are expected to be fulfilled by 1H2018 and will contribute positively to the financial performance of the Group for the first half period ending 30 June 2018.

None of the Directors or controlling shareholders has any direct or indirect interest in these transactions.

About Manufacturing Integration Technology Ltd ("MIT")

Incorporated in 1992 and listed on the Singapore Exchange's Mainboard since 1999, MIT is a leading provider of integrated automation solutions to the semiconductor industry worldwide. Its range of high-end equipment include wafer level die marking, sorting and inspection systems. It has also entered into the renewable energy market by producing its proprietary range of solar panel manufacturing equipment for the PV market. The Group has furthermore diversified its business to provide contract equipment manufacturing and precision machining services to the broader markets. Its manufacturing footprint spans Singapore and in Shanghai, China. Please visit our website at www.mit.com.sg.
