Vin's Embraces Digital Payments: Now Accepting Cryptocurrency and Stablecoins

Singapore, 14 October 2025 — Vin's Holdings Ltd (“**Vin's**”, the “**Company**” and together with its subsidiaries, the “**Group**”), an integrated automotive solutions provider in Singapore, announced today the launch of a new digital payment initiative that enables customers to transact using major cryptocurrencies and stablecoins for all products and services offered across our business units.

This strategic move underscores the Group's commitment to embracing financial innovation and enhancing customer experience through secure, flexible, and forward-looking payment solutions.

To support our transition into digital commerce, the Group has partnered with a global leader in digital asset infrastructure and payment gateway services, who is also registered as a Major Payment Institution licensed by the Monetary Authority of Singapore to provide digital payment token services.

This collaboration ensures the secure processing and conversion of digital payments, while maintaining full compliance with prevailing financial regulations. It reflects our commitment to innovation, customer convenience, and responsible financial practices as we embrace the future of digital finance.

“This marks a pivotal moment in the Group’s digital transformation journey,” said Mr Galvin Khong, Executive Director and Chief Executive Officer of Vin’s. “By embracing blockchain-based payment solutions, we are not only enhancing customer convenience but also positioning ourselves at the forefront of financial innovation.”

Key Features of the initiative:

- Acceptance of major cryptocurrencies and stablecoins.
- Secure conversion of digital assets via a secured infrastructure.
- Full adherence to regulatory standards and financial integrity.

Vin’s adoption of major cryptocurrencies and stablecoins as a payment method reflects its broader strategy to integrate emerging technologies that drive operational efficiency and customer satisfaction.

Vin’s – Innovating for Tomorrow
