FOR IMMEDIATE RELEASE

Trek 2000 to supply Flucard for SHOFU's latest smart digital dental camera

- **Trek 2000 to supply its latest Gen 3 patented Flucard, a WIFI-enabled wireless SD card, to power SHOFU's latest Eye Special C-IV Smart Digital Dental Camera**
- **Flucard not only offers high data storage capacity but enables secured and seamless transmission of images and videos in real-time to a WIFI-enabled device in the dental clinic**
- **Group will work alongside SHOFU to optimise the compatibility of Flucard with the Eye Special C-IV Smart Digital Dental Camera for its use in a clinical setting**

SHOFU Inc's Eye Special C-IV Smart Digital Dental Camera (pictured, left) will incorporate Trek 2000's latest Gen 3 patented Flucard, a WIFI-enabled wireless SD card (pictured, right)

Singapore, 21 January 2021 – TREK 2000 INTERNATIONAL LTD. (“Trek”, together with its subsidiaries, “the Group”) is pleased to announce that it has entered into an exclusive collaboration with SHOFU DENTAL ASIA-PACIFIC PTE. LTD. (“SHOFU”) to supply the Group’s proprietary Flucard to be incorporated into SHOFU’s latest Eye Special C-IV Smart Digital Dental Camera (“Eye Special C-IV”). Headquartered in Japan, TSE-listed SHOFU is one of world’s leading manufacturers of clinical and laboratory products in the field of dentistry and produces a wide range of dental materials, equipment and instruments. SHOFU was the first dental company to be listed on the National Stock Exchange in 1989 before its listing on the Tokyo Stock Exchange in 2007.

The Eye Special C-IV Smart Digital Dental Camera is SHOFU’s latest dental camera which would be incorporating Trek’s Flucard, a WIFI-enabled wireless Secure Digital (“SD”) card used primarily with digital cameras. The Flucard will be incorporated into Eye Special C-IV’s SD card slot to enable pictures or videos to be transmitted wirelessly onto a secure WIFI-enabled device in the dental clinic. Additionally, the images can be viewed remotely via a secure gateway through the internet.

Powered by the Flucard, dental practitioners utilising the Eye Special C-IV will be able to seamlessly and securely transfer digital files wirelessly and in real-time, saving valuable time and eliminating the need to manually transfer files, thereby enhancing dentists' daily workflow.

The Flucard has a memory capacity ranging from 16GB to 64GB. Trek's product engineers will also work closely with SHOFU to optimise the compatibility of Flucard with the Eye Special C-IV for use in a clinical setting.

"We are proud to collaborate with Singapore renowned company, Trek 2000 International Ltd., on the latest Flucard technology. We look forward to future business and technology collaboration."

- Mr Patrick Loke, Managing Director of Shofu Dental Asia-Pacific Pte. Ltd.

"We are pleased that our latest generation of patented Flucard is being incorporated into Shofu's state-of-the-art digital dental camera. We look forward to work with Shofu on future engineering and technology collaboration."

- Mr Wayne Tan, President and Executive Director of Trek 2000 International Ltd.

- End -

About Trek 2000 International Ltd

Trek 2000 International Ltd. ("Trek"), an industry leader, innovator, original inventor and patent owner of the ThumbDrive® offers state-of-the-art design solutions ranging from Interactive Consumer Solutions, Wireless, Antipiracy, Compression and Encryption to sophisticated Enterprise Solutions all catering to the fast changing digital industry. Trek with its library of granted patents is represented all over the world and has offices in the U.S., Malaysia, Thailand, India, Hong Kong, Singapore, the Netherlands, China, the Philippines, Vietnam, Indonesia and Japan to serve the rapidly expanding markets across all regions.

Trek sets itself apart as the key differentiator in the digital industry through its creativity, innovativeness and ingenuity.
