

PRESS RELEASE
FOR IMMEDIATE RELEASE

Sarine Technologies Continues Enforcement of Its Intellectual Property

Hod Hasharon, (Israel), 2 February 2020 – Singapore Exchange Mainboard-listed Sarine Technologies Ltd ("**Sarine**" or "**the Company**" and together with its subsidiaries "**the Group**") (U77:SI), a worldwide leader in the development, manufacture and sale of precision technology products for the evaluation, planning, processing, finishing, grading and trading of diamonds and gems, wishes to update its investing public as to the Group's latest activities in protecting its intellectual property.

Sarine and its subsidiary, Galatea Ltd., have filed additional lawsuits in India for patent and copyright infringement against manufacturers of IP-infringing Galaxy machines. As part of such lawsuits, court-appointed commissioners yesterday conducted surprise inspections of various locations in the diamond manufacturing centre of Surat where such systems are allegedly being manufactured and/or utilised in violation of Sarine's patents and copyrights.

David Block, CEO of Sarine, states that, "It is encouraging to see the drop in the response time of the Indian authorities to the problem of piracy in the market. In only a matter of days, the commissioners were appointed and sites inspected with police assistance so that our cases can proceed through the courts."

About Sarine Technologies:

Established in 1988, Sarine Technologies Ltd. is a worldwide leader in the development and manufacturing of advanced evaluation, planning, processing, and finishing systems for diamond and gemstone production. Sarine products include the Galaxy® family of inclusion mapping systems, rough diamond planning optimisation systems, laser cutting and shaping systems, laser-marking and inscription machines and polished diamond Clarity, Colour, Cut and light performance grading tools and

visualisation systems. Sarine systems have become standard tools in every modern manufacturing plant, properly equipped gemmology lab and diamond appraisal business, and are essential aids for diamond polishers, dealers and retailers. For more information about Sarine and its products and services, visit <http://www.sarine.com>.
