Dear Sir/Madam,

THE PROPOSED RENEWAL OF THE 2023 IPT MANDATE

1. INTRODUCTION

The Directors of the Company propose to table the following resolutions for the consideration and approval of the Shareholders at the forthcoming AGM to be held on 26 April 2024 at 2.00 p.m. at Hotel Fort Canning, Lavender Ballroom, 11 Canning Walk, Singapore 178881:

Resolution No.	Resolution
Ordinary Resolution	The Proposed Renewal of the 2023 IPT Mandate

The purpose of this Appendix is to provide Shareholders with information relating to, and to seek Shareholders' approval for, the Proposed Resolutions. Shareholders' approval will be sought at the 2024 AGM, notice of which has been circulated with this Appendix.

No legal advisers were engaged in respect of the Proposed Renewal of the 2023 IPT Mandate.

2. THE PROPOSED RENEWAL OF THE 2023 IPT MANDATE

2.1 Introduction

The IPT Mandate was first adopted at the Company's EGM held on 22 November 2010, and renewed each year since then. The 2023 IPT Mandate was proposed and adopted at the last AGM held on 28 April 2023, and would take effect until the conclusion of the Company's next AGM.

The Company proposes to renew its IPT Mandate on substantively the same terms as the 2023 IPT Mandate, with editorial amendments and updates made in respect of the relevant dates, defined terms and factual circumstances. The particulars of the Interested Person Transactions in respect of which the 2023 IPT Mandate is sought to be renewed, including the

rationale for the renewal and the review procedures implemented by the Company to ensure that the Interested Person Transactions with the Interested Persons covered by the 2024 IPT Mandate are transacted on normal commercial terms (or, in the absence of other similar comparable transactions, fair and reasonable) and are not prejudicial to the interests of the Company and its minority Shareholders are set out in this Appendix.

2.2 Scope of the 2024 IPT Mandate

2.2.1 The Proposed Renewal of the 2023 IPT Mandate

The Group has an extensive trading relationship with the Wilmar Group, and intends to continue entering into trading transactions in the ordinary course of business with the Wilmar Group. These transactions will occur frequently in the ordinary course of the Group's business and could arise at any time. To facilitate these transactions, the Company proposes to obtain the approval of the Shareholders at the 2024 AGM to renew the 2023 IPT Mandate, which will authorise the Group to enter into the Interested Person Transactions as set out in Section 2.2.2 below.

General information relating to Chapter 9 of the Listing Manual, including terms such as "interested person", "associate", "associated company" and "controlling shareholder", are set out in Section 3 of this Appendix.

2.2.2 The Nature of the Interested Person Transactions

(a) Transactions entered into with the Wilmar Group and its associates

Transactions with the Wilmar Group to be covered by the Proposed Renewal of the 2023 IPT Mandate include transactions such as buying and selling of crude palm oil, crude palm kernel oil and other items between the Group and the Interested Persons, whether pursuant to existing contracts and/or arrangements or otherwise.

The Group typically enters into such trading transactions with the Wilmar Group from time to time for better logistical efficiency, as well as to hedge against market volatility in the prices of various products, commodities and services. For example, the Group may purchase crude palm oil from the Wilmar Group to match the Group's sales to customers to minimise shipment costs where customers are located closer to the Wilmar Group's plantations. The Group may also sell the Wilmar Group fresh fruit bunch where the Group has no processing plants located close to certain of the Group's plantations. This applies similarly to transportation services, where the Group may engage the services of vessels belonging to the Wilmar Group for expediency.

(i) *Sale and Purchase of Crude Palm Oil, Refined Bleached Deodorized Palm Olein, Fresh Fruit Bunch, Palm Kernel, Palm Kernel Cake and Crude Palm Kernel Oil*

The Group buys and sells crude palm oil, refined bleached deodorized palm olein, fresh fruit bunch, palm kernel, palm kernel cake and crude palm kernel oil to and from the Wilmar Group pursuant to sale and purchase agreements entered into periodically.

Under the sale and purchase agreements, the Group agrees to sell or purchase (as the case may be) crude palm oil, refined bleached deodorized palm olein, fresh fruit bunch, palm kernel, palm kernel cake and crude palm kernel oil to or from the Wilmar Group on the

terms and subject to the conditions of such agreements. Typically, prices established online are quoted up to three (3) to five (5) months forward. The Group enters into long term contracts to manage the price risk of its physical inventory and to hedge against fluctuations in commodity prices, which are subject to factors such as the weather, government policy, level of demand and supply in the market, the global economic environment and global production of similar and competitive crops.

Based on the audited financial statements of the Group for the FY2023, the value of the crude palm oil sales between the Group and the Wilmar Group was US\$18,147,326 while the value of the crude palm kernel oil was US\$74,557. The Group did not trade in refined bleach deodorized palm olein, fresh fruit bunch and palm kernel cake with the Wilmar Group in the financial year ended 31 December 2023. However, the Group anticipates that it may, in the ordinary course of business, trade in such products with the Wilmar Group in future.

(ii) *Purchases of fertiliser*

The Group periodically purchases fertiliser from the Wilmar Group. The Group enters into purchase contracts to manage the price risk of the fertiliser, which are volatile and subject to factors such as the oil prices, government policy, level of demand and supply in the market and the global economic environment.

Under the purchase agreements, the Group agrees to purchase fertiliser from the Wilmar Group on the terms and subject to the conditions of such agreements. The Group enters into purchase contracts to manage the price risk of the fertiliser, which are volatile and subject to factors such as the oil prices, government policy, level of demand and supply in the market and the global economic environment.

Based on the audited financial statements of the Group for the FY2023, the Group did not trade fertilizer with Wilmar Group. However, the Group anticipates that it may, in the ordinary course of business trade in such products with the Wilmar Group in future.

(iii) *Sale and Purchase of Other Items*

The Group buys and sells various other palm products to and from the Wilmar Group pursuant to sale and purchase agreements entered into periodically.

Under the sale and purchase agreements, the Group agrees to buy and sell (as the case may be) various other palm products from and to the Wilmar Group. The Group enters into long term contracts to manage the price risk of its physical inventory and to hedge against fluctuations in commodity prices, which are subject to factors such as the weather, government policy, level of demand and supply in the market, the global economic environment and global production of similar and competitive crops.

Based on the audited financial statements of the Group for the FY2023, the Group did not trade in other palm products with the Wilmar Group. However, the Group anticipates that it may, in the ordinary course of business trade in such products with the Wilmar Group in future.

(iv) *Provision and engagement of services*

The Group may provide processing, storage and transportation services to the Wilmar Group for the processing, storage and transportation of crude palm oil, crude palm kernel oil and other palm products. *Vice versa*, the Wilmar Group may also provide such services to our Group. The Group enters into service agreements to manage its operations and provide such services to the Wilmar Group to optimise its utilisation capacity in the areas of processing, storage and transportation.

Based on the audited financial statements of the Group for the FY2023, the Group did not provide nor receive any of these services to or from the Wilmar Group. However, the Group anticipates that it may, in the ordinary course of business, provide or receive such services to or from the Wilmar Group in future.

(b) Transactions not covered by the Proposed Renewal of the 2023 IPT Mandate

Transactions with the Interested Persons which do not fall within the ambit of the Proposed Renewal of the 2023 IPT Mandate shall be subject to the relevant provisions of Chapter 9 of the Listing Manual and/or other applicable provisions of the Listing Manual.

The Proposed Renewal of the 2023 IPT Mandate will not cover any transaction by the Group with Interested Persons below S\$100,000 in value as the threshold and aggregation requirements of Chapter 9 of the Listing Manual would not apply to such transactions. In addition, the Proposed Renewal of the 2023 IPT Mandate will not include transactions for the purchase or sale of assets, undertakings or businesses.

2.3 The Interested Persons

Under the Proposed Renewal of the 2023 IPT Mandate, the Interested Persons will comprise the Wilmar Group which is deemed to be Interested Persons that the Group will be transacting with.

About Wilmar

Wilmar International Limited, founded in 1991 and headquartered in Singapore, is currently Asia's leading agribusiness group. Wilmar is ranked amongst the largest listed companies by market capitalisation on the Singapore Exchange.

Wilmar's business activities include oil palm cultivation, oilseed crushing, edible oils refining, sugar milling and refining, manufacturing of consumer products, specialty fats, oleochemicals, biodiesel and fertilisers as well as flour and rice milling. At the core of Wilmar's strategy is an integrated agribusiness model that encompasses the entire value chain of the agricultural commodity business, from cultivation, processing, merchandising to manufacturing of a wide range of agricultural products. It has over 1,000 manufacturing plants and an extensive distribution network covering China, India, Indonesia and some 50 other countries and regions. Through scale, integration and the logistical advantages of its business model, Wilmar is able to extract margins at every step of the value chain, thereby reaping operational synergies and cost efficiencies. The Group has a multinational workforce of about 100,000 people.

The only transactions covered under the 2024 IPT Mandate are the Group's transactions with the Wilmar Group.

2.4 Rationale

The Proposed Renewal of the 2023 IPT Mandate is intended to facilitate transactions in the ordinary course of business of the Group which are recurrent in nature and may be transacted from time to time with the Interested Persons provided that they are carried out on normal commercial terms (or, in the absence of other similar comparable transactions, fair and reasonable) and are not prejudicial to the interests of the Company and its minority Shareholders.

The Group has an extensive trading relationship with the Wilmar Group. It is thus impractical for the Company to announce and/or convene separate general meetings on each occasion to seek the Shareholders' approval for the entry by the Group into such transactions. The Proposed Renewal of the 2023 IPT Mandate is intended to enable the Group to conduct its ordinary business of trading in crude palm oil and other items with the Wilmar Group, which are time-sensitive and recurring in nature.

The Proposed Renewal of the 2023 IPT Mandate will also substantially reduce administrative time and expenses associated with the making of such announcements or the convening of general meetings from time to time, and allow manpower resources to be focused towards other corporate and business opportunities.

2.5 Benefits of the Transactions with the Wilmar Group

Wilmar is currently Asia's leading agribusiness group and the largest purchaser of crude palm oil and crude palm kernel oil in the region, the primary products of the Group.

It is critical to the continued growth and development of the Group that trading transactions in the ordinary course of business between the Group and the Wilmar Group remain unfettered.

2.6 Review Procedures for the Interested Person Transactions

To ensure that the Interested Person Transactions are conducted on normal commercial terms (or, in the absence of other similar comparable transactions, fair and reasonable) and are not prejudicial to the interests of the Company and its minority Shareholders, as a general rule the Group will only enter into transactions with the Interested Persons if the terms offered by or extended to the Interested Persons are no less or more favourable than the terms that may be obtainable from or extended to unrelated third parties.

2.6.1 Review Procedures

To ensure that the Interested Person Transactions are conducted on an arm's length basis, and on normal commercial terms (or, in the absence of other similar comparable transactions, fair and reasonable) and are not prejudicial to the interests of the Company and its minority Shareholders, consistent with the Group's usual business practices and on terms which are generally not more favourable than the usual commercial terms extended to unrelated third parties, the Company has adopted and/or will adopt the following procedures for the review and approval of Interested Person Transactions under the 2024 IPT Mandate:

- (a) All sale and purchase agreements with an external reference quoted price entered into with Interested Persons are to be carried out based on the prevailing market reference price available on established exchanges and/or established market references which are acceptable to the Audit and Risk Management Committee and is calculated by reference to any fair pricing basis to be determined and agreed by at least two (2) Senior Executives of the Company and reviewed quarterly by the Audit and Risk Management Committee.
- (b) Any other sale and purchase contracts without external reference quoted prices or rates and all service agreements entered into with an Interested Person are to be carried out with reference to at least two (2) non- Interested Person price, rate or independent quotation of a similar nature. In determining the most competitive price and/or attractive terms to the Group, non-price factors, including but not limited to quality, delivery time, vessel condition, vessel location and track record will be taken into account. Similar to (a), all such transactions are reviewed quarterly by the Audit and Risk Management Committee.

All other terms and conditions of the sale and purchase contracts under the Proposed Renewal of the 2023 IPT Mandate will remain substantially the same as if the Wilmar Group was not an Interested Person. The Audit and Risk Management Committee has approved the template contracts to be used under the 2024 IPT Mandate. Any deviation of material terms and conditions from the template contracts will require the approval of the Audit and Risk Management Committee before it can be adopted.

2.6.2 Threshold limits

In addition to the review procedures, the Group supplements its internal systems by setting threshold limits to its transactions, to ensure that all categories of Interested Person Transactions are undertaken with Interested Persons on an arm's length basis, and on normal commercial terms (or, in the absence of other similar comparable transactions, fair and reasonable) and are not prejudicial to the interests of the Company and its minority Shareholders, as follows:

- (a) a Category 1 transaction is one where in relation to:
 - (i) the sale and purchase contracts with external reference quoted price, the transaction with an Interested Person is below or equal to US\$4,000,000;

- (ii) any other sale and purchase contracts without external reference quoted price or rate and service agreements, the transaction with an Interested Person is below or equal to US\$400,000;
- (b) a Category 2 transaction is one where in relation to:
 - (iii) the sale and purchase contracts with external reference quoted price, the transaction with an Interested Person is in excess of US\$4,000,000;
 - (iv) any other sale and purchase contracts without external reference quoted price or rate and service agreements, the transaction with an Interested Person is in excess of US\$400,000.

Category 1 transactions do not require the prior review and approval of the Audit and Risk Management Committee before the transaction is entered into but shall be reviewed on a quarterly basis by the Audit and Risk Management Committee. Category 2 transactions must be reviewed and approved by the Audit and Risk Management Committee prior to being contracted.

The thresholds of US\$4,000,000 and US\$400,000 are set as limits based on expected and past sale and purchases volume of the Group. It also balances the requirement of commercial efficiency and the requirements of oversight by the Audit and Risk Management Committee. Having considered the current market prices, the prevailing market conditions and the expected sale and purchase volumes, the Board is of the opinion that the threshold limits of US\$4,000,000 and US\$400,000 reflect a risk control level that is acceptable to the Company.

In the event that a member of the Audit and Risk Management Committee (where applicable) is interested in any Interested Person Transaction, he will abstain from reviewing that particular transaction to ensure that the Interested Person Transaction will be carried out on normal commercial terms (or, in the absence of other similar comparable transactions, fair and reasonable) and will not be prejudicial to the interests of the Company and its minority Shareholders. Approval of that transaction will accordingly be undertaken by the remaining members of the Audit and Risk Management Committee.

2.6.3 Other review procedures

In addition to the review procedures set out above, the following have been/will also be implemented:

- (a) The Group shall, on a quarterly basis, report to the Audit and Risk Management Committee on all Interested Person Transactions and the basis on which such transactions were entered into with the Interested Persons during the preceding quarter. The Group's internal auditors will review all of such Interested Person Transactions on a quarterly basis and come up with a quarterly internal audit report. The Audit and Risk Management Committee shall review such internal audit report on the Interested Person Transactions at its quarterly meetings except where any Interested Person Transactions requires the approval of the Audit and Risk Management Committee prior to the transaction.

- (b) The Group's annual internal audit plan shall also include a review of the established review procedures for the monitoring of such Interested Person Transactions entered into during the current financial year. As part of the Group's annual audit process, external auditors will also review all Interested Person Transactions with an Interested Person on an annual basis. The Internal Auditors shall report directly to the Audit and Risk Management Committee. The external auditors will review and confirm the Interested Person Transactions under the notes to the financial statements.
- (c) For the purpose of the above review and approval process, any Director who has an interest in the Interested Person Transaction under review and is not considered to be independent, will abstain from voting on any resolution relating to the Interested Person Transaction and/or abstain from participating in the Audit and Risk Management Committee's decision during its review of the established review procedures for the Interested Person Transaction or during its review or approval of any Interested Person Transaction.

2.7 Register of Interested Person Transactions

The Company will maintain a register of all transactions carried out with the Interested Persons pursuant to the 2024 IPT Mandate and shall include all information pertinent to the evaluation of the Interested Person Transactions such as, but not limited to the amount of the Interested Person Transactions, the basis for determining the transaction prices and supporting evidence and quotations obtained to support such basis.

The register of Interested Person Transactions shall be prepared, maintained and monitored by personnel of the Group (who shall not be interested in any of the Interested Person Transactions) who are duly delegated to do so by the Audit and Risk Management Committee and reviewed by internal auditors on a quarterly basis and by external auditors on an annual basis.

2.8 Review by Audit and Risk Management Committee

As mentioned in Section 2.6.3 of this Appendix, the Audit and Risk Management Committee shall review the quarterly internal audit reports on the Interested Person Transactions to ascertain that the established review procedures for monitoring the Interested Person Transactions have been complied with.

If during these quarterly reviews, the Audit and Risk Management Committee is of the view that the review procedures as stated above have become inappropriate or insufficient in view of changes to the nature of, or the manner in which, the business activities of the Group are conducted, the Company will seek Shareholders' approval for a new IPT Mandate with new guidelines, thresholds and procedures for transactions with the Interested Persons to ensure that future Interested Person Transactions will be on an arm's length basis, and on normal commercial terms (or, in the absence of other similar comparable transactions, fair and reasonable) and will not be prejudicial to the interests of the Company and its minority Shareholders. During the period prior to obtaining a fresh mandate from the Shareholders, all Interested Person Transactions will be subject to prior review and approval by the Audit and Risk Management Committee.

If any member of the Audit and Risk Management Committee has an interest in a transaction, he shall abstain from participating in the review and approval process in relation to that transaction.

2.9 Validity Period of the 2024 IPT Mandate

The 2024 IPT Mandate will take effect from its approval as an ordinary resolution and will continue in force until the next AGM of the Company, unless revoked or varied by the Company in general meeting. Approval from the Shareholders will be sought for subsequent renewals at each successive AGM or EGM (as applicable) of the Company, subject to satisfactory review by the Audit and Risk Management Committee of its continued application to the transactions with the Interested Persons.

2.10 Disclosure of Interested Person Transactions pursuant to the 2024 IPT Mandate

The Company will announce the aggregate value of transactions conducted with the Interested Persons pursuant to the 2024 IPT Mandate for the relevant financial periods which the Company is required to report on pursuant to the Listing Manual and within the time required for the announcement of such reports.

Disclosure will also be made in the Company's annual report of the aggregate value of transactions conducted with the Interested Persons pursuant to the 2024 IPT Mandate during the financial year, and in the annual reports for subsequent financial years that the IPT Mandate continues in force, in accordance with the requirements of Chapter 9 of the Listing Manual.

2.11 Statement of the Audit and Risk Management Committee

Pursuant to Rule 920(1)(c) of the Listing Manual, having considered, *inter alia*, the terms, the rationale for and the benefits of the Proposed Renewal of the 2023 IPT Mandate, the Audit and Risk Management Committee is satisfied and confirms that:

- (a) the methods or procedures for determining the transaction prices have not changed since the 2023 IPT Mandate was last approved by Shareholders at the AGM held on 28 April 2023; and
- (b) the methods or procedures referred to in sub-paragraph (a) above are sufficient to ensure that the Interested Person Transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

3. GENERAL INFORMATION RELATING TO CHAPTER 9 OF THE LISTING MANUAL

3.1 Scope

Chapter 9 of the Listing Manual applies to transactions which an entity at risk proposes to enter into with a counterparty who is an interested person of the entity at risk.

3.2 Definitions

An "entity at risk" means the issuer, any of its subsidiaries (other than subsidiaries that are listed on Singapore stock exchange or an approved stock exchange) or any of its associated companies (other than associated companies that are listed on the Singapore stock exchange or an approved stock exchange) provided that the listed group, or the listed group and its interested person(s), has control over the associated company.

An “interested person” means a director, chief executive officer or controlling shareholder of the listed company or an associate of such director, chief executive officer or controlling shareholder.

An “associate” includes an immediate family member (that is, the spouse, child, adopted child, stepchild, sibling or parent) of such director, chief executive officer or controlling shareholder, and any company in which such director, chief executive officer or controlling shareholder and his immediate family has an aggregate interest (directly or indirectly) of 30% or more, and, where a controlling shareholder is a corporation, its subsidiary or holding company or fellow subsidiary or a company in which it and/or they have (directly or indirectly) an interest of 30% or more.

An “associated company” means a company in which at least 20% but not more than 50% of its shares are held by the listed company or group.

A “controlling shareholder” means a person who holds (directly or indirectly) 15% or more of the voting shares in the listed company or one who in fact exercises control over the listed company.

A “transaction” includes (a) the provision or receipt of financial assistance, (b) the acquisition, disposal or leasing of assets, (c) the provision or receipt of goods or services, (d) the issuance or subscription of securities, (e) the granting of or being granted options, and (f) the establishment of joint ventures or joint investments, whether or not in the ordinary course of business, and whether or not entered into directly or indirectly (for example, through one or more interposed entities).

3.3 General Requirements

Except for transactions which are excluded from the ambit of Chapter 9, immediate announcement, or immediate announcement and shareholders’ approval are required in respect of transactions with interested persons if certain financial thresholds are met or exceeded. In particular, shareholders’ approval is required where:

- (a) the value of such transaction when aggregated with the values of all other transactions previously entered into with the same interested person in the same financial year of the listed company is equal to or exceeds 5% of the latest audited consolidated net tangible assets of the listed company; or
- (b) the value of such transaction is equal to or exceeds 5% of the latest audited consolidated net tangible assets of the listed company.

3.4 General Mandate

A listed company may seek a general mandate from its shareholders for recurrent transactions with interested persons of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials, but not in respect of the purchase or sale of assets, undertakings or businesses. A general mandate is subject to annual renewal.

4. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS
