relating to the Nikkei 225 Index**

Introduction

Macquarie Bank Limited (the “**Issuer**”) wishes to announce the launch of the proposed issuance of 10,000,000 European Style Index Put Warrants (the “**Warrants**”) relating to the Nikkei 225 Index (the “**Index**”). Macquarie Capital Securities (Singapore) Pte. Limited has been appointed as the designated market-maker (the “**Designated Market Maker**”) and the warrant agent (the “**Warrant Agent**”) for the Warrants.

The Warrants are cash-settled warrants which entitle a warrantholder to be paid a cash settlement amount (if positive) (the “**Cash Settlement Amount**”) in accordance with the terms and conditions of the Warrants.

Further details of the Warrants are set out below.

Entitlement/Exercise of the Warrants

The issue price of each Warrant is SGD 0.204. Every 80 Warrants will initially relate to 1 index unit.

The Warrants have a strike level of 24,000.000 (“**Strike Level**”) and may only be exercised on 11 March 2022 (the “**Expiry Date**”).

Cash Settlement Amount

Warrantholders shall not be required to deliver an exercise notice. Exercise of Warrants shall be determined by whether the Cash Settlement Amount (less any Exercise Expenses) is positive. If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Warrants shall be deemed to have been automatically exercised at 12:00 noon (Singapore time) on the Expiry Date (or if the Valuation Date falls after the Expiry Date, the Expiry Date shall be the Business Day following the Valuation Date). The Cash Settlement Amount less the Exercise Expenses in respect of the Warrants shall be paid in the manner set out in the terms and conditions of the Warrants. In the event the Cash Settlement Amount (less any Exercise Expenses) is zero or negative, all Warrants shall be deemed to have expired at 12:00 noon (Singapore time) on the Expiry Date (or if the Valuation Date falls after the Expiry Date, the Expiry Date shall be the Business Day following the Valuation Date) and warrantholders shall not be entitled to receive any payment from the Issuer in respect of the Warrants.

The Cash Settlement Amount for every Warrant exercised is calculated as follows:

$[(\text{Strike Level} - \text{Closing Level}) \times \text{Conversion Ratio}] \times \text{Exchange Rate}$

Where

Closing Level : The final settlement price for settling the SGX Nikkei 225 Index March 2022 Futures Contract on the Singapore Exchange Derivatives Trading Limited (the "SGX-DT").

Exchange Rate : The prevailing rate of exchange of Japanese Yen to Singapore dollar as at 5:00 p. m. (Singapore time) on the Valuation Date as shown on Reuters provided that if the Reuters service ceases to display such information, such page as displays such information on such other services as may be selected by the Issuer.

Valuation Date : 11 March 2022 or if such day is not the day on which the final settlement price for settling the SGX Nikkei 225 Index March 2022 Futures Contract traded on the SGX-DT is published, the day on which such final settlement price is published.

The Conversion Ratio (expressed as the number of index units to which one Warrant relates) is 0.012500. The Strike Level is based on the reference level of 28,700.000 used for the pricing of the Warrants. The Warrants carry a premium of 23.8% and a gearing of 21.6 times.

Listing and Trading of the Warrants

An application will be made to the Singapore Exchange Securities Trading Limited (the "**SGX-ST**") for the listing of and quotation for the Warrants. The Warrants, when issued, will be represented by a global warrant certificate to be deposited with The Central Depository (Pte) Limited ("**CDP**"). The Warrants will be traded on the SGX-ST through the book-entry scripless settlement system of CDP. It is expected that dealings in the Warrants will commence on or about 02 December 2021 on the SGX-ST. The Warrants will be traded in Singapore dollars on the SGX-ST.

The Designated Market Maker

The Designated Market Maker will provide competitive buy and sell quotes ("**Quotations**") for the Warrants continuously during the trading hours of the SGX-ST (with the spread between the buy and sell quotes not exceeding 10 times the minimum permitted price movement in the Warrants in accordance with the rules of the SGX-ST or SGD 0.20, whichever is the greater). The minimum quantity of Warrants to which the Quotations will apply is 10,000 Warrants.

- (f) where the Issuer or the Designated Market Maker faces technical problems affecting the ability of the Designated Market Maker to provide bids and offer quotations;
- (g) where the ability of the Issuer to source a hedge or unwind an existing hedge, as determined by the Issuer in good faith, is materially affected by the prevailing market conditions, and the Issuer informs the SGX-ST of its inability to do so as soon as practicable;

Risk Factors

In respect of the Warrants, investors should note that they are subject to an exchange rate risk as the Cash Settlement Amount is converted from Japanese Yen into Singapore dollars. The value of the Warrants may therefore be affected by, amongst other factors, the relative exchange rates of the Singapore dollar and the Japanese Yen. Exchange rates between currencies are determined by forces of supply and demand in the foreign exchange markets. These forces are, in turn, affected by factors such as international balances of payments and other economic and financial conditions, government intervention in currency markets and currency trading speculation. Fluctuations in foreign exchange rates, foreign political and economic developments, and the imposition of exchange controls or other foreign governmental laws or restrictions applicable to such investments may affect the foreign currency market price and the exchange rate-adjusted equivalent price of the Warrants. Fluctuations in the exchange rate of any one currency may be offset by fluctuations in the exchange rate of other relevant currencies.
