RATIONALE

In the last couple of years, re-development has increased in the Paya Lebar area where our retail unit 12 Haig Road #01-323 Singapore is located. New malls like the "One KM" and "Paya Lebar Square" have increased the supply of retail space in this area. The Malay population, which predominantly visits this area for Halal food now has many more options and as a result the footfall in the area where our unit is located has been decreasing. Further, there is one more upcoming "Mega Project" in the Paya Lebar area which will further increase the supply of retail space in the vicinity. Also, there were newspaper reports about the gloomy outlook for the retail sector in this area. In fact, many tenants in the newly opened malls are struggling to get good business and meet their targets.

All of the above will tend to have downward pressure on the rental income and have negative impact on our unit.

Therefore, when the Company received an unsolicited offer to sell the property, the management was of the view that it was a good opportunity as well as a prudent business decision for the company to sell off its property and utilize the proceeds to reduce the debts of the Group.

The Sale Price of S\$10,000,000 is S\$600,000 above the valuation performed by Jones Lang Lasalle on 31 August 2016.

THE SALE PRICE

The sale price of S\$10,000,000 of the Property was determined at arm's length and on a willing buyer-willing seller basis. Upon exercise of the Option on 4 July 2017, a deposit of S\$400,000 and the balance amount of S\$9,500,000 will be paid on completion.

The completion of the Proposed Disposal is expected to be on 26 September 2017 (subject to HDB/SSSD final approval).
