## AWARD OF S\$16.879 MILLION CONTRACT BY LAND TRANSPORT AUTHORITY FOR PROVISION OF INSTRUMENTATION AND MONITORING WORKS

The Board of Directors ("Directors") of Tritech Group Limited (the "Company" and together with its subsidiaries, the "Group") wishes to announce that its indirect wholly-owned subsidiary, Tritech Engineering & Testing (Singapore) Pte. Ltd., had on 17 May 2019, been awarded a S\$16.879 million contract, "Contract N1022 - Instrumentation and Monitoring for North-South Corridor Contract N102" (the "Contract") by Public Utilities Board.

The scope of the Contract includes, *inter alia*, the provision of instrumentation and monitoring works for the North-South Corridor Contract N102 (the "**Services**") and the key terms of the Contract are as follows:-

- Collection, verification and compilation of instrumentation proposals and drawings specified by the relevant supervising qualified officer and/or relevant professional engineer/architect, and reproduced and submit a master instrumentation plan for the Contract.
- Procurement of all necessary instrumentation, hardware, accessories and software and supply manpower and services for the installation and removal if monitoring instruments.
- Procure, install and maintain the system (including all necessary software and hardware) necessary for collection and transmission of real-time monitoring instrumentation data.
- The supply of manpower, read-out units, equipment and services as necessary for the collection of monitoring data from instruments installed under this Contract or by others,
- Collection, authentication, compilation and submission of monitoring data.
- To compile and submit daily, weekly and monthly monitoring reports.
- To summarise and present monitoring data in tables, graphs, contours, etc. for specific structures or zones of excavation in combination with relevant construction activity as and when requested by the relevant superintending officer.
- To protect, maintain and replace damaged, missing or malfunctioning instruments to ensure the continuity of monitoring data at all times throughout the relevant contract period.
- Obtain all permits and calibration certificates necessary to carry out the works.
- Cary out inspection, testing and other incidentals necessary for the proper execution of the work.

The commencement date for the Services is 17 May 2019 and the completion date is estimated to be 31 December 2026. The defects liability period is 12 months from the date of substantial completion of the relevant works.

None of the Directors (other than in their respective capacities as a director and/or shareholder of the Company) or substantial shareholders of the Company (in so far as the Directors of the Company are aware) or their respective associates, have any interest, direct or indirect, in the Contract.

The Contract is not expected to have a material impact on the consolidated earnings per share and net tangible assets per share of the Group for the current financial year ending 31 March 2020.

BY ORDER OF THE BOARD

Dr Wang Xiaoning Managing Director
