PROFIT WARNING ANNOUNCEMENT

The Board of Directors of the Company (together with its subsidiaries, the "**Group**") wishes to announce that, following a preliminary review of the unaudited financial results of the Group for the financial year ended 30 June 2026 ("**FY2026**"), the Group's financial performance is expected to reflect a decline compared to the financial year ended 30 June 2025, resulting in a net loss.

In the unaudited financial results of the Group for the half year ended 31 December 2025, it was stated at Note 10 thereof that the Group continues to operate in a challenging industry environment characterised by subdued demand, heightened competition and ongoing macroeconomic and geopolitical uncertainties, which are expected to persist over the coming months. These challenges have continued to adversely affect the Group's revenue and profitability for FY2026.

Despite these challenges, the Group's financial position remains strong, supported by a robust balance sheet and adequate liquidity that enables the Group to meet all its contractual obligations. The Group remains focused on pursuing sustainable growth and long-term value creation for shareholders, with the support of its new strategic shareholder and refreshed leadership structure.

Further details of the Group's financial performance will be provided when the Company announces its unaudited financial results for FY2026.

Shareholders and investors are advised to exercise caution when dealing in the shares of the Company. In case of any doubt, shareholders should seek advice from their stockbroker, bank manager, solicitor, accountant, or other professional advisers.
