SIIC Environment Secures its first WWTP Project in Sichuan Province

This announcement is made by SIIC ENVIRONMENT HOLDINGS LTD. ("**SIIC Environment**" or the "**Company**", together with its subsidiaries, the "**Group**"), a water treatment and environmental protection company listed on the Main Board of the SGX-ST and the Main Board of the Hong Kong Stock Exchange, on voluntary basis to keep shareholders and potential investors of the Company informed of its latest business developments.

The Group is pleased to announce that SIIC Environment Holdings (Wuhan) Co., Ltd. has signed an agreement with the Cangxi Housing and Urban-Rural Development Bureau, regarding the Shijiaba Wastewater Treatment Plant ("**WWTP**") Project in Cangxi County, Guangyuan City, Sichuan Province ("**Cangxi Project**") in the People's Republic of China ("**China**"). The Project has a designed capacity of 37,500 tonnes per day and a discharge standard as Class I Standard A.

The Cangxi Project comprises three projects, among which, the Shijiaba WWTP Project 1st Phase and Jiangnan WWTP Project have already commenced operation, with designed capacities of 19,000 tonnes per day and 7,500 tonnes per day, respectively. The Shijiaba WWTP Project (Expansion) is planned for construction, and has a designed capacity of 11,000 tonnes per day.

Since the introduction of the Yangtze River Protection Law over a year ago, provinces and cities have continued to step up efforts to tackle pollution and promote the protection and remediation of the Yangtze River ecosystem. The Group has also actively responded to the national policy and strengthened its deployment in key provinces, cities and river basins. The above-mentioned Cangxi Project, located near Jialing River, a major tributary of the Yangtze River, not only marks the Group's first foray into the water treatment market of Sichuan Province, but is also of great strategic importance for its active deployment in key river basins. Capitalizing on extensive experience and advantages, the Group strives to develop its first project in Sichuan Province, which is set to help its business expansion in Central China and lay the foundation for rapid and quality development.

The above-mentioned projects are expected to contribute positively to the Group's future performance.
