To: The Shareholders of GP Industries Limited

Dear Sir/Madam

1. INTRODUCTION

The Company has issued a notice of AGM to be held on 11 September 2020 (the “**2020 AGM**”).

Item 7 appearing under the heading “Special Business” in the notice of AGM dated 20 August 2020 (the “**Notice of AGM**”) is an Ordinary Resolution (“**Resolution 10**”) for the renewal of a general and unconditional mandate to be given for purchase or acquisition by the Company of its issued Shares (the “**Share Purchase Mandate**”).

Item 8 appearing under the heading “Special Business” in the Notice of AGM is an Ordinary Resolution (“**Resolution 11**”) for the renewal of a general mandate for interested person transactions (the “**IP Mandate**”).

The purpose of this Letter is to provide Shareholders with information relating to, and to seek their approval for, Resolutions 10 and 11 at the 2020 AGM.

If you are in any doubt as to the course of action you should take, you should consult your stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

The SGX-ST assumes no responsibility for the correctness of any statements made, opinions expressed or reports contained in this Letter.

2. THE PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

Any purchase or acquisition of its Shares by the Company has to be made in accordance with, and in the manner prescribed by, the Companies Act, the Listing Manual, the Constitution and such other laws and regulations as may for the time being be applicable.

At an EGM held on 19 November 1999, Shareholders had granted a general and unconditional mandate to the Directors to exercise all powers of the Company to purchase or otherwise acquire its issued Shares, on the terms of that mandate (the “**1999 Mandate**”). The authority contained in the 1999 Mandate was last renewed at the previous AGM held on 30 July 2019 (the “**2019 Mandate**”). The 2019 Mandate will expire on 11 September 2020, being the date of the 2020 AGM. It is proposed that such authority be renewed.

Accordingly, Resolution 10 is to seek Shareholders’ approval at the 2020 AGM for a renewed general and unconditional mandate to be given to the Directors to exercise all powers of the Company to purchase or otherwise acquire its Shares on the terms of such mandate. If approved at the 2020 AGM, the authority conferred by the Share Purchase Mandate will continue in force until the date the next AGM is held or is required by law to be held, whichever is earlier (whereupon it will lapse, unless renewed at such meeting) or until it is varied or revoked by the Company in general meeting (if so varied or revoked prior to the date the next AGM is held or is required by law to be held, whichever is earlier).

As at the Latest Practicable Date, the Company had not made any purchases or acquisitions of its Shares pursuant to the 2019 Mandate.

The rationale for the proposed renewal of the Share Purchase Mandate is set out in paragraph 3 of Appendix 1 to this Letter. Further details of the Share Purchase Mandate are set out in Appendix 1 to this Letter.

3. THE PROPOSED RENEWAL OF THE GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

The Company had, at an EGM held on 27 August 2003, sought and obtained the approval of Shareholders for a general mandate to enable the Company, its subsidiaries and associated companies, or any of them, to enter into certain types of recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations with the specified classes of persons who are considered to be “interested persons” for the purposes of Chapter 9 of the Listing Manual. The IPT Mandate is subject to annual renewal. The IPT Mandate was last renewed at the previous AGM held on 30 July 2019 and its validity period will expire at the 2020 AGM. It is proposed that the IPT Mandate be tabled to Shareholders for renewal and approval at the 2020 AGM.

The rationale for the proposed renewal of the IPT Mandate is set out in paragraph 1 of Appendix 2 to this Letter.

Further details of the IPT Mandate, such as the review procedures implemented by the Company, its subsidiaries and associated companies to ensure that the mandated transactions with the specified classes of interested persons of the Company that are covered by the IPT Mandate are undertaken with such Interested Persons on an arm’s length basis and on normal commercial terms, are set out in Appendix 2 to this Letter.

The rationale of the IPT Mandate, the scope of the IPT Mandate, the benefit to Shareholders, the classes of Interested Persons, the particulars of the Interested Person Transactions and the review procedures for Interested Person Transactions in respect of which the IPT Mandate is sought to be renewed remain unchanged since the IPT Mandate was last renewed at the previous AGM held on 30 July 2019.

Appendix 1

The Proposed Share Purchase Mandate

1. SHARE CAPITAL OF THE COMPANY

The share capital of the Company comprises one class of shares, namely, ordinary shares.

As at the Latest Practicable Date:

- (i) the Company had 521,358,482 fully-paid Shares in issue, of which 37,311,800 Shares were held by the Company as treasury shares;
- (ii) there were no subsidiary holdings;
- (iii) there was no outstanding (unexercised) rights to subscribe for any Shares; and
- (iv) no Shares was reserved for issue for any purpose.

2. THE RENEWAL OF THE SHARE PURCHASE MANDATE

2.1 Terms of the Share Purchase Mandate

The terms of the Share Purchase Mandate are summarised below:

Maximum number of Shares

The total number of Shares that may be purchased or acquired under the Share Purchase Mandate shall not exceed 10% of the issued Shares of the Company as at 11 September 2020, the date of the 2020 AGM at which the Share Purchase Mandate is approved. Any Shares which are held as treasury shares and subsidiary holdings as at 11 September 2020 will be disregarded for purposes of computing the 10% limit.

Purely for illustrative purposes only, based on 484,046,682 issued Shares (excluding treasury shares and subsidiary holdings) as at the Latest Practicable Date and assuming that no further Shares are issued and no further Shares are purchased or acquired on or prior to the date of the 2020 AGM, not more than 48,404,668 Shares (representing 10% of the issued Shares (excluding treasury shares and subsidiary holdings) as at that date) may be purchased or acquired by the Company pursuant to the renewed Share Purchase Mandate.

Duration of authority

The authority to purchase or acquire Shares under the Share Purchase Mandate shall continue up to the earlier of (i) the date on which the next AGM is held or is required by law to be held; (ii) the date it is varied or revoked by the Company in general meeting (if so varied or revoked prior to the date on which the next AGM is held or is required by law to be held, whichever is earlier); or (iii) the date on which the Share Purchase Mandate is carried out to the full extent mandated.

Manner of purchase or acquisition

Shares may be purchased or acquired under the Share Purchase Mandate either:

- (i) by way of on-market purchases transacted on the SGX-ST or on another stock exchange on which the Company's equity securities are listed ("**Market Purchases**"); or
- (ii) by way of an off-market acquisition in accordance with an equal access scheme as defined in Section 76C of the Companies Act ("**Off-Market Purchases**").

Off-Market Purchases may be made on such terms and conditions not inconsistent with the Share Purchase Mandate, the Listing Manual and the Companies Act as the Directors consider fit in the interests of the Company.

The Companies Act requires an equal access scheme to satisfy all the following conditions:

- (i) offers under an equal access scheme must be made to every person who holds Shares to purchase or acquire the same percentage of their Shares;
- (ii) all of those persons must have a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers must be the same except that there shall be disregarded, where applicable, (a) differences in consideration attributable to the fact that the offers relate to Shares with different accrued dividend entitlements; (b) differences in consideration attributable to the fact that the offers relate to Shares with different amounts remaining unpaid; and (c) differences in the offers introduced solely to ensure that each Shareholder is left with a whole number of Shares.

Additionally, the Listing Manual provides that, for Off-Market Purchases, the Company must issue an offer document to all Shareholders. The offer document must contain at least the following information:

- (i) the terms and conditions of the offer;
- (ii) the period and procedures for acceptances;
- (iii) the reasons for the proposed share purchases;
- (iv) the consequences, if any, of share purchases by the Company that will arise under the Singapore Code on Take-overs and Mergers (the “**Take-over Code**”) or any other applicable take-over rules;
- (v) whether the share purchases, if made, could affect the listing of the Company’s equity securities on the SGX-ST;
- (vi) details of any share purchases made by the Company in the previous 12 months whether through Market Purchases or Off-Market Purchases, giving the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for such purchases, where relevant, and the total consideration paid for such purchases; and
- (vii) whether the shares purchased by the Company will be cancelled or kept as treasury shares.

Maximum purchase or acquisition price

The price to be paid for Shares purchased or acquired pursuant to the Share Purchase Mandate excluding related expenses of the purchase or acquisition (the “**Maximum Price**”) will be determined by the Directors in accordance with the following:

- (i) for a Market Purchase, the price must not be more than 5% above the Average Closing Price (as defined below); and
- (ii) for an Off-Market Purchase, the price must not be more than 10% above the Average Closing Price (as defined below).

For the purposes of determining the Maximum Price:

“**Average Closing Price**” means the average of the closing market prices of the Shares over the last 5 market days, on which transactions in the Shares were recorded before the date of Market Purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted, in accordance with the Listing Manual, for any corporate action that occurs during the relevant 5-day period and the date of the Market Purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase; and

“**date of the making of the offer**” means the date on which the Company announces its intention to make an offer for the purchase or acquisition of the Shares from holders of Shares, stating the purchase price (which shall not be more than the Maximum Price determined on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.2 Status of Purchased Shares

Shares purchased or acquired by the Company shall be deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Shares will expire on cancellation) unless such Shares are held by the Company as treasury shares. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company which are cancelled and are not held as treasury shares.

2.3 Treasury Shares

Under the Companies Act, the Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarised below:

Maximum holdings

The number of Shares held as treasury shares cannot at any time exceed 10% of the total number of issued Shares.

Voting and other rights

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of treasury shares. However, the allotment of Shares as fully paid bonus Shares in respect of treasury shares is allowed. A subdivision or consolidation of any treasury share into treasury shares of a smaller amount is also allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before.

Disposal and cancellation

Where Shares purchased or acquired by the Company are held as treasury shares, the Company may at any time:

- (i) sell the treasury shares for cash;
- (ii) transfer the treasury shares for the purposes of or pursuant to an employees' share scheme;
- (iii) transfer the treasury shares as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (iv) cancel the treasury shares; or
- (v) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance.

2.4 Source of Funds

In purchasing or acquiring Shares, the Company may only apply funds legally available for such purchase or acquisition in accordance with its Constitution and applicable laws in Singapore. The Companies Act provides that purchases or acquisitions of Shares by the Company may be made out of capital, as well as from profits, so long as the Company is solvent (as defined in Section 76F(4) of the Companies Act).

The Company will use internal resources or external borrowings or a combination of both to fund purchases or acquisitions of Shares pursuant to the Share Purchase Mandate. In purchasing or acquiring Shares pursuant to the Share Purchase Mandate, the Directors will principally consider the availability of internal resources. In addition, the Directors will also consider the availability of external financing. However, in considering the option of external financing, the Directors will consider particularly the prevailing gearing level of the Group. The amount of financing required for the Company to purchase or acquire its Shares cannot be ascertained as at the Latest Practicable Date as this will depend on, among others, the number of Shares purchased or acquired and the price at which such Shares are purchased or acquired. The Directors will only make purchases or acquisitions pursuant to the Share Purchase Mandate in circumstances under which they believe will not result in any material adverse effect to the financial position of the Group or the Company.

2.5 Financial Effects

The financial effects arising from purchases or acquisitions of Shares which may be made pursuant to the Share Purchase Mandate will depend on, *inter alia*, whether the Shares are purchased or acquired out of capital or profits of the Company, the aggregate number of Shares purchased or acquired and the consideration paid at the relevant time.

Purchase or acquisition out of capital or profits

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's profits and/or capital so long as the Company is solvent.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration will correspondingly reduce the amount available for the distribution of cash dividends by the Company.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for the distribution of cash dividends by the Company will not be reduced.

Maximum Price paid for Shares purchased or acquired

Based on 484,046,682 Shares in issue (excluding treasury shares and subsidiary holdings) as at the Latest Practicable Date, the exercise in full of the Share Purchase Mandate will result in the purchase or acquisition of 48,404,668 Shares, representing 10% of the issued Shares (excluding treasury shares and subsidiary holdings).

Assuming that the Company purchases or acquires the 48,404,668 Shares on the Latest Practicable Date, at the Maximum Price, the maximum amount of funds required is:

- (i) in the case of Market Purchases, S\$25,896,497 based on S\$0.535 for each Share (being the highest price of not more than 5% above the Average Closing Price); and
- (ii) in the case of an Off-Market Purchase, S\$27,106,614 based on S\$0.560 for each Share (being the highest price of not more than 10% above the Average Closing Price).

Illustrative financial effects

It is not possible for the Company to realistically calculate or quantify the financial effects of Share purchases or acquisitions that may be made pursuant to the Share Purchase Mandate as the resultant effect would depend on factors such as the aggregate number of Shares purchased or acquired, the purchase price paid at the relevant time, and the manner in which the purchase or acquisition is funded.

However, purely for illustrative purposes only, based on the audited accounts of the Group and the Company for the financial year ended 31 March 2020, the assumptions stated above and assuming the purchases or acquisitions were funded solely by the Group's cash and cash equivalents, the effects of such purchases or acquisitions on the financial position of the Group and the Company is set out below:

Shareholders should note that the financial effects set out above, based on the respective afore-mentioned assumptions, are for illustrative purposes only. In particular, it is important to note that the above illustration is based on historical numbers for the financial year ended and as at 31 March 2020 and is not necessarily representative of future financial performance.

2.6 Taxation

Shareholders who are in doubt as to their respective tax positions or the tax implications of Share purchases or acquisitions by the Company, or, who may be subject to tax whether in or outside Singapore, should consult their own professional advisers.

2.7 Listing Manual

The Listing Manual provides that the price for the purchase of Shares by way of Market Purchases must not be more than 5% above the Average Closing Price as stated in paragraph 2.1 of this Appendix 1.

The Listing Manual also specifies that the Company must report all purchases of its Shares to the SGX-ST not later than 9:00 a.m. (1) in the case of a Market Purchase, on the market day following the day of purchase of any of its Shares; and (2) in the case of an Off-Market Purchase, on the second market day after the close of acceptances of the offer. The announcement must include details of the total number of Shares purchased or acquired, and the purchase price per Share or the highest and lowest prices paid for such Shares, as applicable.

The Listing Manual does not expressly prohibit any purchase or acquisition by a listed company of its shares during any particular time or times. However, the Company will not purchase or acquire its Shares at a time when it is in possession of material price sensitive information which has not been publicly announced. The Company will also observe Rule 1207(19) of the Listing Manual on dealings in securities which, among other things, states that a listed company should not deal in its securities during the period commencing two weeks before the announcement of its financial statements for each of the first three quarters of its financial year and one month before the announcement of its full year financial statements (if the listed company announces its quarterly financial statements, whether required by SGX-ST or otherwise), or one month before the announcement of its half year and full year financial statements (if the listed company does not announce quarterly financial statements).

Under the Listing Manual, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares. Such announcement must include details such as the date of the sale, transfer, cancellation and/or use of such treasury shares, the purpose of such sale, transfer, cancellation and/or use of such treasury shares, the number of treasury shares which have been sold, transferred, cancelled and/or used, the number of treasury shares before and after such sale, transfer, cancellation and/or use, the percentage of the number of treasury shares against the total number of issued shares (of the same class as the treasury shares) which are listed on the SGX-ST before and after such sale, transfer, cancellation and/or use, and the value of the treasury shares if they are used for a sale or transfer, or cancelled.

The Listing Manual provides that the Company must ensure that at least 10% of a class of its listed securities is at all times held by the public. Under the Listing Manual, if the percentage of such securities held in public hands falls below 10%, the Company must, as soon as practicable, announce that fact, and the SGX-ST may suspend trading of the class, or all the securities of the Company. The Listing Manual also provides that the SGX-ST may allow the Company a period of three months, or such longer period as the SGX-ST may agree, to raise the percentage of securities in public hands to at least 10%. The Company may be removed from the list of issuers maintained by the SGX-ST in relation to the Main Board of the Singapore Exchange Limited if it fails to restore the percentage of securities in public hands to at least 10% after the period. As at the Latest Practicable Date, the percentage of issued Shares (excluding treasury shares and subsidiary holdings) held in public hands is approximately 13.56%. A full 10% purchase of the issued Shares held by the public will therefore result in the percentage of issued Shares (excluding treasury shares and subsidiary holdings) held in public hands falling to approximately 3.95%. Hence the Company will be cautious in making purchases of its Shares pursuant to the Share Purchase Mandate to ensure that the percentage of securities held in public hands does not fall below 10% and that the listing status of the Shares on the SGX-ST is not adversely affected, and that the number of Shares remaining in public hands does not fall to such a level as to cause market liquidity or affect orderly trading. As at the Latest Practicable Date, the Company had approximately 1,500 Shareholders.

2.8 Obligation to Make a Take-over Offer

If as a result of any purchase or acquisition by the Company of its Shares, a Shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purposes of the Take-over Code. If such increase results in a Shareholder or group of Shareholders acting in concert obtaining or consolidating effective control (as defined in the Take-over Code), it may in certain circumstances give rise to an obligation on the part of such Shareholders to make a take-over offer under Rule 14 of the Take-over Code ("**Rule 14**").

The circumstances under which Shareholders, including Directors and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 after a purchase or acquisition of Shares by the Company are set out in Appendix 2 to the Take-over Code.

In relation to Directors and persons acting in concert with them, Rule 14 provides that unless exempted (or if exempted, such exemption is subsequently invalidated), Directors and persons acting in concert with them will incur an obligation to make a take-over offer if, as a result of a purchase or acquisition of Shares by the Company:

- (i) the percentage of voting rights held by such Directors and their concert parties in the Company increases to 30% or more; or
- (ii) if they together hold between 30% and 50% of the Company's voting rights, their voting rights are increased by more than 1% in any period of 6 months.

Under Appendix 2 to the Take-over Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder would increase to 30% or more, or, if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of 6 months. Such Shareholder need not abstain from voting in respect of the resolution authorising the Share Purchase Mandate.

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal) co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of that company. Unless the contrary is established, the following persons (*inter alia*) will be presumed to be acting in concert with each other:

- (i) a company with any of its directors, together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts; and
- (ii) a company, its parent, subsidiaries and fellow subsidiaries, and their associated companies, companies of which such companies are associated companies and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above for the purchase of voting rights, all with each other. For this purpose, ownership or control of at least 20% but not more than 50% of the voting rights of a company will be regarded as the test of associated company status.

The interests of the Directors and the Substantial Shareholders as at the Latest Practicable Date are set out in paragraph 4 of this Letter.

The Company is a subsidiary of Gold Peak. Certain Directors, namely Messrs Victor Lo Chung Wing, Brian Li Yiu Cheung, Lam Hin Lap, Leung Pak Chuen and Timothy Tong Wai Cheung are also directors of Gold Peak (the "**Gold Peak Directors**"). As at the Latest Practicable Date, the collective interests of all the Directors in the issued Shares (excluding treasury shares and subsidiary holdings), excluding Mr Victor Lo Chung Wing's deemed interest in the Company by virtue of his interest in Gold Peak, is approximately 0.78%.

Under the Take-over Code, unless the contrary is established, the Directors who are also Gold Peak Directors would be presumed to be persons acting in concert with Gold Peak. As Gold Peak and the Directors presumed to be acting in concert with it collectively already hold more than 50% of the issued Shares, purchases or acquisitions of Shares by the Company pursuant to the Share Purchase Mandate will not result in the Directors (or any of them) and/or Gold Peak incurring an obligation to make a mandatory take-over offer under Rule 14 read with Appendix 2 of the Take-over Code.

Except as disclosed above, the Directors are not aware of any facts or factors which suggest or imply that any particular person(s) and/or Shareholder(s) are, or may be regarded as, parties acting in concert such that their respective interests in voting Shares in the capital of the Company should or ought to be consolidated, and consequences under the Take-over Code would ensue as a result of a purchase or acquisition of Shares by the Company pursuant to the Share Purchase Mandate.

Shareholders who are in doubt as to whether they would incur any obligation to make a take-over offer as a result of any purchase or acquisition of Shares by the Company pursuant to the Share Purchase Mandate are advised to consult their professional advisers and/or the Securities Industry Council before they purchase or acquire any Shares in the Company during the period when the Share Purchase Mandate is in force.

3. RATIONALE FOR THE SHARE PURCHASE MANDATE

- (i) The Share Purchase Mandate will give the Directors the flexibility to purchase or acquire the Shares of the Company if and when circumstances permit. Share purchases or acquisitions provide the Company and its Directors with an easy mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements, in an expedient and cost-efficient manner. Share purchases or acquisitions also allow the Directors to exercise control over the Company's share capital structure with a view to enhance the earnings per Share and/or net asset value per Share. The proposed Share Purchase Mandate will also give the Company the opportunity to purchase or acquire Shares when such Shares are undervalued.
- (ii) The purchase or acquisition of Shares may, depending on market conditions and funding arrangements at the time, lead to an enhancement of the earnings per Share and/or net tangible asset value per Share.
- (iii) If and when circumstances permit, the Directors will decide whether to effect the Share purchases or acquisitions via Market Purchases or Off-Market Purchases, after taking into account, among others, the amount of surplus cash available, the then prevailing market conditions and the most cost effective and efficient approach.
- (iv) The Directors will only make purchases or acquisitions of Shares pursuant to the Share Purchase Mandate where they consider it to be in the best interests of the Company and in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or the Group, or result in the Company being delisted from the SGX-ST.

Appendix 2

The Proposed General Mandate For Interested Person Transactions

1. RATIONALE FOR THE PROPOSED RENEWAL OF THE IPT MANDATE

It is envisaged that the Company, its subsidiaries and associated companies (other than (a) subsidiaries or associated companies which are themselves listed on the SGX-ST or an approved stock exchange, or (b) associated companies over which the Company and its subsidiaries and/or its interested person(s) have no control) which are considered to be “entities at risk” within the meaning of Chapter 9 of the Listing Manual (together, the “**EAR Group**”), or any of them, will, in the ordinary course of their businesses, continue to enter into Interested Person Transactions with Interested Persons (the details of which are set out in paragraph 4 of this Appendix 2) for mutual benefit. Such transactions are likely to occur with some degree of frequency, and could arise at any time.

Given that the Interested Person Transactions are expected to be recurrent transactions and may occur at any time, and to allow the EAR Group to undertake such transactions in a more expeditious manner, the Directors are seeking Shareholders’ approval for the renewal of the IPT Mandate for the purposes of Chapter 9 of the Listing Manual and for the EAR Group to enter into the specified categories of transactions with certain classes of Interested Persons at the 2020 AGM.

2. SCOPE OF THE IPT MANDATE

The IPT Mandate will cover a range of transactions arising in the normal course of business operations of the EAR Group, in particular, those relating to its principal business of manufacturing and marketing electronic and acoustic products, wire harness and cables.

The IPT Mandate will not cover any transaction by a company in the EAR Group with an Interested Person that is below S\$100,000 in value, as Chapter 9 of the Listing Manual provides that any such transaction is to be excluded.

Transactions by the EAR Group with the Interested Persons that do not fall within the ambit of the IPT Mandate will be subject to the relevant provisions of Chapter 9 and/or other applicable provisions of the Listing Manual.

3. BENEFITS TO SHAREHOLDERS OF THE PROPOSED RENEWAL OF THE IPT MANDATE

The IPT Mandate is intended to facilitate specified categories of Interested Person Transactions in the normal course of business of the EAR Group which are transacted, from time to time, with the specified classes of Interested Persons, provided that they are carried out on the EAR Group’s normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders.

Where the Interested Person Transactions relate to the purchase of products and receipt of services from the Interested Persons, the EAR Group will benefit from having access, where applicable, to competitive quotes from its Interested Persons, and may also derive savings in terms of cost efficiencies and greater economies of scale in its transactions with the Interested Persons. The sale of products and provision of services to the Interested Persons are also an additional source of revenue for the EAR Group, provided that such products and services are provided on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders.

The IPT Mandate will eliminate the need to convene separate general meetings from time to time to seek Shareholders’ approval as and when the need to enter a specified category of Interested Person Transaction with an Interested Person arises, thereby substantially reducing the administrative time and expenses in convening such meetings, without compromising the corporate objectives and adversely affecting the business opportunities available to the EAR Group.

4. THE GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

4.1 Classes of Interested Persons

The IPT Mandate will apply to the Interested Person Transactions (as described in paragraph 4.2 of this Appendix 2) with the following classes of Interested Persons, namely:

- (i) Gold Peak and its associates; and
- (ii) Mr Victor Lo Chung Wing and his associates, including his brother, Mr Paul Lo Chung Wai.

4.2 Categories of Interested Person Transactions

The Interested Person Transactions entered into by the EAR Group with the Interested Persons (as described in paragraph 4.1 of this Appendix 2) which will be covered by the IPT Mandate and which will not include transactions in respect of the purchase or sale of assets, undertakings or business and the payment of licence fee for the use of intellectual properties, are as follows:

- (i) the sale or supply and/or purchase of raw materials, sub-assemblies, semi-finished products, components and other products (such as, but are not limited to, speakers, home theatre systems and video panel frames) in connection with the EAR Group's principal business of manufacturing and marketing electronic and acoustic products, wire harness and cables; and
- (ii) the provision and/or obtaining of distribution, subcontracting, tooling and engineering services.

4.3 Review Procedures for Interested Person Transactions

4.3.1 In general, the EAR Group has internal control procedures to ensure that all Interested Person Transactions (including transactions which are below S\$100,000 in value) are undertaken on normal commercial terms, are not prejudicial to the interests of the Company and its minority Shareholders, and consistent with the EAR Group's usual business practices and policies, which (in relation to products or services to be provided to an Interested Person) are no more favourable to the Interested Person than those extended to unrelated third parties, or (in relation to products or services to be obtained from an Interested Person) are no less favourable than those extended to the EAR Group by unrelated third parties.

In particular, the following review procedures have been established:

(a) Purchase of Products or Obtaining of Services

It is the EAR Group's established procedure that for each purchase, the purchasing department will obtain at least two quotations from unrelated vendors or suppliers for the same or substantially similar type of product or service as bases for comparison. A committee comprising the general manager, material manager and engineering manager of the relevant company of the EAR Group (all of whom have no interest, directly or indirectly, in the transaction) (the "**Purchasing Committee**") will compare these quotations with that provided by the Interested Person. In comparing the quotations, the Purchasing Committee will consider, where applicable, factors such as price (including any preferential rates, rebates or discounts accorded for bulk purchases or long-term contracts as well as the credit terms offered), quality of the product or service and the terms of delivery. Where it is impractical or not possible for unrelated third party quotations to be obtained (for instance, if there are no unrelated third party vendors or suppliers of similar products or services, or if the product or service is proprietary), the Purchase Committee will ensure that the price and terms of purchase are in accordance with industry norms, and/or will take into account, where relevant, factors such as, but are not limited to, track record, skill and specification compliance.

(b) Sale of Products or Provision of Services

- (i) It is the EAR Group's established procedure that for every sales transaction which involves either a new product or service, a new customer or a revision of terms and conditions, a price proposal form is to be jointly prepared by the engineering, material, marketing and finance departments of the relevant company of the EAR Group (the "**Sales Committee**"). The price proposal form includes information such as proposed sales price, projected costs and profit margin for the transaction. In determining the transaction price, the Sales Committee will refer to internal and external quotations for comparable products or services as reference for prevailing market rates or prices. The Sales Committee will take into account various factors including, where applicable, the type and volume of the product to be sold, the type and complexity of the service to be provided, the credit worthiness of the customers, the duration of the contract, the strategic purposes of the transaction, and the then prevailing business conditions. Where the prevailing market rates or prices are not available due to the nature of the product to be sold or the service to be provided (for instance, if there are no other purchasers or customers for similar products or services, or if the product or service is proprietary), the terms of supply will (where applicable) be in accordance with the EAR Group's usual business practices and pricing policies, consistent with the usual margin of the EAR Group for the same or substantially similar type of transaction. The price proposal form is then submitted for review and approval by the financial controller and general manager of the relevant business division of the EAR Group (both of whom have no interest, directly or indirectly, in the transaction).
- (ii) Every sales transaction which does not involve a new product or service, a new customer or a revision of terms and conditions will be priced based on the approved price proposal form for the same product or service. However, a revised price proposal form will be prepared if there are known significant changes in market conditions or internal cost structures. The internal cost structures are reviewed regularly or when the raw materials costs change materially. The general manager of the relevant business division of the EAR Group (who has no interest, directly or indirectly, in the transaction) will review and approve the sales transaction which does not involve a new product or service, a new customer or a revision of terms and conditions. During the review and approval process, he will also determine if there is a need for the preparation of a revised price proposal form.

4.3.2 In addition to the review procedures set out in paragraph 4.3.1, the following additional review and approval procedures for Interested Person Transactions will be applied to ensure that significant Interested Person Transactions are undertaken on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders:

- (a) Interested Person Transactions, other than those with Gold Peak or its associates, equal to or exceeding S\$500,000 but less than S\$5,000,000 in value will be reviewed and approved by Mr Brian Li Yiu Cheung, an Executive Director, or in his absence, Mr Lam Hin Lap, an Executive Director (Mr Brian Li Yiu Cheung and Mr Lam Hin Lap have no material interest in the transaction);
- (b) Interested Person Transactions with Gold Peak or its associates equal to or exceeding S\$500,000 but less than S\$5,000,000 in value will be reviewed and approved by Mr Allan Choy Kam Wing, a Non-Executive Independent Director, or in his absence, any other Non-Executive Independent Director (Mr Allan Choy Kam Wing and such approving Non-Executive Independent Director have no material interest in the transaction); and
- (c) Interested Person Transactions equal to or exceeding S\$5,000,000 in value will be reviewed and approved by the Audit and Risk Committee.

Interested Person Transactions which need not have the prior approval of the Audit and Risk Committee will be reviewed on a quarterly basis by the Audit and Risk Committee.

- 4.3.3** The EAR Group records all Interested Person Transactions (and the basis on which they are entered into), including transactions which are below S\$100,000 in value, and reports to management of the Company on a monthly basis.

The Company shall, on a quarterly basis, report to the Audit and Risk Committee on all Interested Person Transactions (including transactions which are below S\$100,000 in value), and the basis of such transactions, entered into with Interested Persons during the preceding quarter. The Audit and Risk Committee shall review such Interested Person Transactions (including transactions which are below S\$100,000 in value) at its quarterly meetings except where such Interested Person Transactions are required under the review procedures to be approved by the Audit and Risk Committee prior to the entry thereof.

- 4.3.4** The Company's annual internal audit plan shall incorporate a review of all Interested Person Transactions, including the established review procedures for the monitoring of such Interested Person Transactions, entered into during the current financial year pursuant to the IPT Mandate.

The Audit and Risk Committee shall, in conjunction with its review of the Interested Person Transactions and the internal audit report, ascertain whether the established review procedures have been complied with. If, during its reviews, the Audit and Risk Committee is of the view that the review procedures as stated above are not sufficient or have become inappropriate, it will take such actions as it deems appropriate and/or institute additional procedures as necessary to ensure that the Interested Person Transactions will be on normal commercial terms and not prejudicial to the interests of the Company and its minority Shareholders, and the Company will revert to the Shareholders for a fresh IPT Mandate based on new review procedures for the Interested Person Transactions. In such a case, all Interested Person Transactions will be reviewed and approved by the Audit and Risk Committee prior to their entry while the fresh IPT Mandate is being sought from the Shareholders.

- 4.3.5** For the purposes of the above review and approval process, any Director who is not considered independent for purposes of the IPT Mandate and/or any Interested Person Transaction will abstain from voting in relation to any respective resolution, and/or abstain from participating in the Audit and Risk Committee's decision during its review of the established review procedures for the Interested Person Transactions or during its review or approval of any Interested Person Transaction.

5. EXPIRY AND RENEWAL OF THE IPT MANDATE

If approved by Shareholders at the 2020 AGM, the IPT Mandate will take effect from the date of receipt of Shareholders' approval, and will (unless revoked or varied by the Company in a general meeting) continue to be in force until the next AGM or the expiration of the period within which the next AGM is required by law to be held, whichever is the earlier, and will apply to Interested Person Transactions entered into from the date of receipt of Shareholders' approval. Approval from Shareholders will be sought for the renewal of the IPT Mandate at each subsequent AGM, subject to review by the Audit and Risk Committee of its continued application to the Interested Person Transactions.

6. DISCLOSURE

Pursuant to Chapter 9 of the Listing Manual, the Company will disclose in its annual report the aggregate value of the Interested Person Transactions conducted under the IPT Mandate during the financial year, and in the annual reports for the subsequent financial years during which the IPT Mandate is in force. In addition, the Company will announce the aggregate value of the Interested Person Transactions conducted pursuant to the IPT Mandate for the financial periods which it is required to report on (in accordance with Rule 705 of the Listing Manual) within the time required for the announcement of such report. These disclosures will be in the form set out in Rule 907 of the Listing Manual.

7. DEFINITIONS OF TERMS USED IN CHAPTER 9 OF THE LISTING MANUAL

"Entity at Risk"

The term "entity at risk" is defined to mean (a) the listed company, (b) a subsidiary of the listed company that is not listed on the SGX-ST or an approved exchange or (c) an associated company of the listed company that is not listed on the SGX-ST or an approved exchange, provided that the listed group, or the listed group and its interested person(s), has control over the associated company.

“Interested Person”

The term “interested person” is defined to mean, in the case of a company, a director, chief executive officer or controlling shareholder of the listed company, or an associate of any such director, chief executive officer or controlling shareholder. In relation to a substantial shareholder or controlling shareholder (being a company), an “associate” is defined to be any other company which is its subsidiary or holding company or is a subsidiary of such holding company or one in the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of 30% or more.

“Associated Company”

A listed company’s “associated company” is defined as a company in which at least 20% but not more than 50% of its shares are held by the listed company or group.

“Controlling Shareholder”

A “controlling shareholder” of a listed company is a person who holds directly or indirectly 15% or more of the total number of issued shares excluding treasury shares and subsidiary holdings in the listed company, or a person who in fact exercises control over the listed company.

“Approved Exchange”

An “approved exchange” means a stock exchange that has rules which safeguard the interests of shareholders against interested person transactions according to similar principles to Chapter 9 of the Listing Manual.

“Chief Executive Officer”
