VISION

Natural Cool, the preferred choice in building solutions

MISSION

Enhancing the strength and trust in our Brand Name through: Safe, Superior, Reliable Products and Services, and Strategic Planning

OUR VALUES

OUR NAME, OUR BRAND | We fulfil promises to shareholders, customers and employees

CUSTOMER FOCUS | Customer satisfaction is our ultimate duty and responsibility

PEOPLE DEVELOPMENT | We identify and drive every staff to their fullest potential

TEAMWORK & UNITY | We win and grow through teamwork and unity

CREATIVITY | Our innovation sets us apart from the rest

SAFETY | Above all, we value lives and assets

LETTER TO SHAREHOLDERS

Dear Shareholders,

After more than one year, Covid-19 continues to have a profound impact on our businesses. Despite the admirable efforts of the Singapore government in announcing expansionary budgets in 2020 and 2021, demand remains uncertain while international borders remain closed, and the free movement of labour capital is restricted.

However, we are happy to report that all this have not been in vain. Covid-19 became a clarion call for the Group's leadership to rally together and deal with the effects of this global pandemic. With the financial support of the Singapore government, and through our own efforts, we are pleased that 2020 turned out to be a little better than we expected. And for this, we would like to extend a special note of appreciation to our employees for responding to the challenges brought on by this pandemic.

Due to the combined effects of Singapore's Circuit Breaker, Malaysia's Movement Control Order and the pandemic safe management measures implemented in our main markets, revenues at our Aircon Division contracted by 18% in 2020 compared with the previous year. All business units in this division recorded declines in revenues ranging from 12% to 36% compared to their performance the year before. Thankfully, stringent expense management and the government's budget support measures kept this division profitable. In addition, added scrutiny on customer credit and trade receivables helped keep this division's financial position healthy.

Our Paint Division was also not spared the impact of government-imposed measures to control Covid-19, recording a 31% decline in revenues in 2020. Malaysia's continued imposition of various forms of movement control orders had an impact on the business operations of the division's manufacturing facility in Johor Bahru. Despite these challenges, the division has managed admirably to contain its costs and, at the same time, ensure the continued operation of its supply chain.

Our Group's Investment Division was largely unaffected by measures to control the pandemic due to the long-term nature of its tenancy agreements, and the various Singapore government budget measures to support landlords and tenants.

As for our corporate investments in HMK Energy Pte. Ltd. and SPHomes Pte. Ltd., we continue to monitor their business development with a view of unlocking longer term returns.

One bright spark was the performance of our Food Division, which saw its revenue increased by more than three-fold, and narrowing its losses in 2020. As the pandemic progressed in Singapore, we moved our sales online and saw good response. We also continued our Chinese New Year Pen Cai offering which saw sales almost double in 2021. Buoyed by this success, the division has plans to roll out promotions for other festive seasons, and also to launch a number of new brands in the future.

On the corporate front, no M&A activities were conducted in 2020, but we have identified a number of investment targets which the Group is working on as we remain focussed on growing our businesses for the long-term. In addition, we are looking to grow our capabilities in our human resources, increase our digitalization efforts and focus on new product development.

Moving forward, the outlook is still uncertain. Although Covid-19 vaccinations are being given at unprecedented rates globally, many countries are experiencing second or third waves and have gone back to lock downs. As an open economy, Singapore cannot expect to be unscathed by these events. Already, we are seeing the combined effects of closed borders and global supply chain disruptions increasing labour and raw material costs across all our business divisions.

Notwithstanding all these uncertainties, and given the credible performance of the Group in 2020, we are pleased to propose a first and final dividend of 0.15 Singapore cents per share as a token of appreciation to our shareholders.

No man is an island. We are grateful to our employees, bankers, suppliers, customers and shareholders for their unwavering support this last one year. Please continue to do so as we strive to move forward amidst the headwinds facing us.

CORPORATE STRUCTURE

BUSINESS PROFILE

AIRCON DIVISION

Natural Cool's Aircon Division is the cornerstone of the Group's business and a recognised leader in the air-conditioning and mechanical ventilation (ACMV) market in Singapore. We are proud of our high service standards as we constantly upgrade the skills of our repair and servicing staff, to proactively respond to all types of ACMV service requests and situations.

Natural Cool also has in place a team of in-house ACMV specialists to handle more complex repair and servicing requests in commercial and industrial spaces. These include public institutions such as schools, hospitals, warehouses, commercial buildings like offices, shopping malls, retail and food and beverage establishments. Typically, commercial and industrial services in such non-standard buildings are subject to a tendering process as specialised knowledge is required to handle more sophisticated engineering demands.

In addition, our Commercial Service Team is specially trained to provide facilities management (FM) services such as space planning, asset management and preventive maintenance of ACMV systems for smooth and uninterrupted operation.

Natural Cool's Aircon Division consists of our Commercial Installation Department, Trading Department and Mechanical & Electrical Department.

COMMERCIAL INSTALLATION DEPARTMENT

Natural Cool's Commercial Installation Department provides ACMV system installation services for commercial projects. Our commercial projects may relate to those in the public sector such as school campuses, bus depots, power substations and nursing homes, as well as private sector projects that include factories, offices, shopping malls, condominiums and residential landed properties.

Our commercial projects may be won via public tenders or by private invitations. For some projects, we provide only installation services, whereas for others, we provide turnkey services, including the procurement of ACMV systems.

Apart from the direct expansion system installation, our Commercial Installation Department has also installed chilled water systems and cooling tower systems for shopping malls such as Canberra Plaza and commercial buildings such as Punggol Town Hub.

TRADING DEPARTMENT

Our One-Stop ACMV Equipment and ACMV Installation Materials Distribution Hubs are located at Defu Lane 10 and Bukit Batok Street 23. We add value to our contractor customers enabling them to compete effectively in Singapore by best sourcing ACMV equipment and ACMV installation materials and accessories.

To do this, we represent all types of ACMV brands catering to the entire industrial, commercial and residential divisions, such as Mitsubishi Electric, Daikin, Panasonic, LG, Midea, York, Carrier, Toshiba and many more.

We also supply ACMV spare parts and accessories including installation materials such as brackets, refrigerant gas, copper coil, wire, insulation, trunking, drain pipe, and all other types of pipes and ducts, as well as industrial tools and equipment like refrigerant recovery machines, electrical drills, vacuum pumps, drain pumps, screws, bolts and nuts, fasteners, and silicon applicators. Customers such as ACMV contractors find it useful and convenient as these items are housed under one roof and strategically located at our outlets.

This capability makes our Trading Department the renowned ACMV Distribution Hub to the ACMV industry.

BUSINESS PROFILE

MECHANICAL & ELECTRICAL DEPARTMENT

Over the years, Natural Cool's Mechanical & Electrical Department (M&E) has trained a group of specialised people to provide a full range of solutions to become a one-stop building management service provider to prepare ourselves for a role in commercial and industrial estates.

This department provides fire protection system design, installation and maintenance, data centre fit-out works, and ACMV system maintenance and repair services to various customers including hotels, schools, corporate buildings, data centres and banks. These ACMV system maintenance services are also extended to the service support of both commercial heating, ventilation, and air-conditioning (HVAC) systems and residential air-conditioners. All these are provided by our Commercial Services Team, Fire Protection Team and Residential Services Team.

Our service support team has extensive experience and sound technical knowledge to ensure proper corrective and preventive actions are taken to address any equipment breakdown at client premises. Our teams are equipped with proper diagnostics and repairs tools coupled with a comprehensive maintenance checklist outlining thorough equipment condition upon servicing. We have sufficient vehicles to serve all our commercial and residential clients promptly with high mobility and island-wide coverage.

We constantly upgrade ourselves to be more efficient and productive. Digitalization is our current priority so that we can transform ourselves to meet the latest market demand in the Digital Era. We will be launching a Digital Operation Workflow Management System very soon to accommodate the modern asset services scenario. Created for fast customers acquisition, a unified, custom-build Operation Workflow Management will be our integrated approach to internal and external workflow management that goes beyond just simple tracking system which will benefit our clients and our streamline our backend operations.

PAINT DIVISION

Natural Cool's Paint Division has over 20 years of history supporting the construction and marine industry through our flagship "Cougar" brand. The division manufactures a complete range of cost-effective products including enamel coatings, epoxy coatings, PU coatings and solvents.

Through the years the company has transformed from a backyard manufacturer to becoming a leading supplier of coatings and solvents.

INVESTMENT DIVISION

Natural Cool's Investment Division was established to hold the non-core business activities of the Group, and holds the master tenancy to our corporate headquarters at 29 Tai Seng Avenue.

REGIONAL BUSINESS DIVISION

Natural Cool Asia Pte. Ltd. (NCA) was formed to spearhead and expand the Group interests into the regional markets for HVAC related products and services.

NCA was appointed as Authorised Distributor by Panasonic for its full range of commercial Aircon products for the regional markets including Bangladesh, Myanmar, Cambodia, Maldives and Nepal.

FOOD AND BEVERAGE DIVISION

SFB Holdings Pte. Ltd. (SFB) and Yummy (S) Pte. Ltd. (Yummy) are two established food and beverage subsidiaries in 2019 that allow our Group to foray into the food and beverage business as a means to build a new source of revenue and profits.

SFB is engaged in the business of manufacturing, distribution and retail of soy bean beverages through our Halal certified "Tobo" brand. SFB also operates a dine-in restaurant "Abang Recipes" located at Sembawang Shopping Centre.

Yummy is engaged in the business of manufacturing, distribution and retail of cooked-food snack preparations, including dim sum products, pumpkin cakes, and traditional Chinese dumplings. Yummy conducts its business through our retail outlets "Dao Xiang" located at Bendemeer and Tampines, as well as direct wholesale from its factory in Woodlands.

OPERATIONS REVIEW

COMMERCIAL INSTALLATION DEPARTMENT

2020 was a difficult year for us at Commercial Installation Department as it was adversely affected by the Covid-19 pandemic. The pandemic has resulted in a slowdown in Singapore's economy and also caused the department performance to decline. However, despite this situation, our Commercial Installation Department still managed to secure new public and private sector projects, some of them are as mentioned below.

Punggol Town Hub @ Punggol Drive

Worth about S\$11.6 million in project value, we are involved in the additions and alterations works for a 6-storey building at the Punggol Town Hub, where we installed the Aircon and Mechanical Ventilation Chilled Water Systems and Integrated Building Management System (IBMS) for the entire project.

For this project, there are 3 water cooled chiller systems, 5 cooling towers, 2 condensate water collection systems being installed.

This project will be completed in February 2022.

National University of Singapore Staffs Housing @ Kent Vale

Worth about S\$3.4 million in project value, we are involved in the multiple buildings' additions and alterations works, where we installed the multiple split ACMV system for the entire project.

There will be about 3,000 units of fan coil, 1,000 units of condensing unit and 10 units of mechanical ventilation fan being installed for this project.

This project will be completed in February 2024.

OPERATIONS REVIEW

TRADING DEPARTMENT

2020 was a very challenging year due to the Covid-19 pandemic that affected the global economy. The continued trade tension between the US and China has not abated, further resulting in prolonged uncertainty for our market and significantly affecting business sentiments and growth in Singapore.

Many ACMV wholesalers and contractors in Singapore face strong headwinds of a Covid-19 slowed-down in 2020 with air-conditioning sales figures in the doldrums, a likely similar scenario for 2021. In 2020, our Trading Department managed to persevere through the difficult year with creative promotions and marketing initiatives after the Circuit Breaker period to attract sales from our customers in this very competitive market.

Environmental Sustainability

Covid-19 and Singapore's Circuit Breaker has adversely affected the Built Environment sector and ACMV industry in 2020. BTO projects were delayed which caused a sharp decline in new ACMV installation works. Many customers held a very conservative view on expenditure during the economic downturn. For the financial year ended 31 December 2020, demand for our 5-tick air-conditioners saw a sharp decline.

Training was also curtailed to a large extent due to Covid-19 Safe Management Measures. Only online training was conducted, but we faced a slow take-up rate by contractor customers using platforms like ZOOM and Microsoft Team. Only a few online trainings were conducted in 2020. This is because customers chose to forego attending training and concentrate on performing air-conditioning servicing jobs to stay afloat and sustain their businesses in a very difficult Covid-19 environment.

In 2020, we engaged a National Environment Agency licensed vendor to collect used refrigerant gas cylinders and dispose them in a safe environment. Such disposal of used refrigerants recycling and reclamation is part of the Group's effort to tackle the rising of climate change and ozone depletion.

MECHANICAL & ELECTRICAL DEPARTMENT

The Mechanical & Electrical Department continues to build and position itself to compete with its peers. Despite being hard hit by the Covid-19 pandemic, we still managed to pick up our revenue in the last quarter of 2020. Our Commercial Service Team has developed a full spectrum of skill sets required in our industry and is ready to respond to a more sophisticated market. Our Fire Protection Team had since made some major advancements. We now have experience in dealing with the following fire protection systems:

1. FM 200 System
2. VESDA System
3. Novac 123 System
4. Addressable Fire Alarm System
5. Dry Pendent
6. Pre Action System
7. Deluge System
8. Automatic Sprinkler System
9. Hosereel System
10. Transfer System

We are also appointed as Base Main Contractor for a large telecommunications company to support their data centre projects. Works include builder's work, and mechanical and electrical work till 2021. Our Fire Protection Team had in 2020 secured approximately S\$5.7 million worth of projects from this client.

In spite of the economic headwinds brought on by the Covid-19 pandemic, the Fire Protection Team continue to grow stronger not only in traditional fire protection scope and we successfully added Line Plug Ballooning to our list of services. This service replaces the traditional freezing of water pipe technique, saves system downtime and protects the integrity of the water pipes used in ACMV or other systems. The Line Plug Ballooning technique provide significant savings for our clients.

In the data centre arena, we continue to advance steadily in 2020 for data centre fit-out and fire protection maintenances.

Maintenance in progress (Residential)

OPERATIONS REVIEW

In addition, our Commercial Services Team is specially trained to provide FM services such as space planning, asset management and preventive maintenance for M&E assets. Under our FM services, our in-house specialists can handle more complex diagnosis and repair of M&E systems.

Although 2020 has been a very challenging year, we are able to implement the pandemic requirement of staggered shifts work and safe distancing among our team. We organised separate teams to ensure that we can continue in the event of infections. None of the government's requirements on these Covid-19 safe regulations were compromised. We are also very mindful that things can change very quickly if we do not adhere to these safe work place practices and we also keep our work place clean by the usage of SDST antimicrobial.

Furthermore, we will continue to remodel ourselves toward the digital wagon. For us to reach out and engage the new and existing residential customer digitally, we have invested in social media marketing platforms like Facebook, Youtube, Linkedin and Google. Do visit us by using keyword "Naturalcool" in all search engines and you will find us there.

During this pandemic period, we introduced disinfection services and marketed them on Facebook. We also engaged local influencers to do Facebook Live streaming promoting our residential air-conditioning services. This helps to educate and make awareness to viewers on the importance of routine air-conditioning servicing with the demo of bacteria counts pre and post service. Steam cleaning and disinfectant sprays were also introduced during the Facebook Live sessions. We will continue to embrace digital platforms to reach out to the new and existing customers.

Maintenance in progress (Commercial)

PAINT DIVISION

The Paint Division had looked forward to building on the momentum gathered in 2019. However, the global Covid-19 outbreak and the subsequent nation-wide Circuit Breaker measure resulted in much slower growth.

Amidst the unprecedented time, the division's ability to provide tailored solutions was rewarded with the award to do work at Aztech Global's manufacturing facility in Setia Business Park, Johor Bahru, Malaysia.

The Paint Division has also embarked on the exciting journey of providing unique solutions to customers through potential partnerships with like-minded firms worldwide. Though at its infancy, this step has begun influencing the direction of the division.

With the expected contraction of the construction sector, the Paint Division will take a prudent approach to not just navigate the business but more importantly to take care of our people, asset and stakeholders in a sustainable manner.

Paint and color book

OPERATIONS REVIEW

REGIONAL BUSINESS DIVISION

NCA, the regional sales division, sales performance in 2020 has been affected by the Covid-19 pandemic. Sales has declined about 24% as compared to previous year's sales result, achieving only S\$6.8 million. Fortunately, NCA strived to meet breakeven in profitability in 2020.

Our regional markets were badly hit and some of the projects that we are supporting were delayed or temporarily suspended. However, NCA still has substantial outstanding confirmed orders for active projects carrying over to next year. Together with the new sales strategies introduced, we are quite optimistic that NCA will perform better in the upcoming new financial year.

The picture below shows one of the projects that we supplied in Cambodia – Teacher Education Colleges in Phnom Penh.

Perspective for Phnom Penh Teacher Education College

FOOD AND BEVERAGE DIVISION

The Group's food business recorded revenue of S\$3.2 million in 2020, a significant improvement as compared to 2019. This is also in line with the ongoing efforts in expanding this segment. Notwithstanding the precautionary safe distancing measures implemented during the year had an adverse impact on the nation's food retail industry, and it also cause our expansion plans to put on hold, the division was still able to grow healthily.

During the Circuit Breaker, our restaurant "Abang Recipes" kept pace with market trends to make its debut appearance on online ordering platforms like GrabFood and Foodpanda, and these sales made up about 14% of the restaurant's revenue.

The Group continues to keep an eye on the opportunity in the halal food industry and for festive seasons/ceremonial purposes like Pen Cai and dumplings as part of its strategic business review. We will also continue reviewing the performance of the division's central kitchen to maximise the capacity of all equipment to enhance profitability while continuing to expand the network of distribution channels.

FINANCIAL REVIEW

REVIEW OF INCOME STATEMENT

The Group's businesses have been heavily affected by the global pandemic, the Covid-19 outbreak. With this outbreak, Singapore entered into the mandatory "Circuit Breaker" period from 7 April 2020 to 1 June 2020. During the Circuit Breaker period, many of our Group's business activities had been slowed down and caused the Group's revenue to drop significantly.

The Group generated a revenue of S\$120.2 million for the financial year ended 31 December 2020 (FY2020), a decrease of S\$23.5 million, or 16.3% as compared to S\$143.7 million in the last financial year ended 31 December 2019 (FY2019).

Our Aircon Division reported a decrease in revenue of S\$24.4 million, or 18.2% as compared to FY2019. The decreases were mainly due to decrease in revenue from the Trading Department of S\$11.3 million, M&E Department of S\$7.3 million, Commercial Installation Department of S\$2.1 million, and our regional sales unit of S\$2.1 million. Our Paint Division also recorded a decrease in revenue of S\$1.4 million, or 30.5% compared to FY2019. Our Food Division recorded revenue of S\$3.2 million representing the division's maiden full-year contribution to the Group's revenue as the investment was just completed in July 2019 and contributed only S\$0.9 million in the 6 months in FY2019.

Gross profit margins were 15.3% in FY2020, 0.2 percentage points higher than FY2019. Gross profit margins improved at our Aircon Division's M&E Department and Commercial Installation Department, Investment Division, Paint Division, and our Food Division. However, the increase was offset by the decline in gross profit margin in our Aircon Division's Trading Department.

Other income increased by S\$2.7 million in FY2020 mainly contributed from the government grants received, such as Job Support Scheme, property tax rebates, cash grant related to rental relief, and foreign worker levy rebates as part of Singapore's budget measures to help companies deal with the Covid-19 pandemic.

Distribution expenses decreased by S\$0.7 million or 27.5% in FY2020 mainly due to lower entertainment and traveling expenses incurred as a result of our cost saving measures implemented starting from the second half of FY2019, and fewer travelling expenses in FY2020 as a result of the Group wide travel restriction due to Covid-19 pandemic.

Administrative expenses decreased by S\$3.3 million or 17.2% in FY2020 mainly due to lower payroll expenses of S\$2.6 million as a result of the cost saving measures adopted in order to ease the Covid-19 pandemic impact. Furthermore, the lower rental expenses and professional fees have also saved us another S\$0.6 million.

FINANCIAL REVIEW

The impairment loss of S\$0.7 million is related to the unrecoverable debts.

Finance costs decreased by S\$0.4 million or 24.9% in FY2020 mainly due to lower interest expenses after refinancing the bank loans on some of our properties earlier in the year amounted to S\$0.3 million. Furthermore, we also incurred lower interest charge of S\$0.1 million on our lease liabilities for the property located at 29 Tai Seng Avenue.

Arising from the above, the Group reported a profit after tax of S\$1.1 million in FY2020 including the losses attributable to non-controlling interests of S\$0.2 million.

REVIEW OF STATEMENTS OF FINANCIAL POSITION

Property, plant and equipment decreased by S\$5.1 million in FY2020 mainly due to the S\$6.5 million depreciation charge for the year. Furthermore, we purchased motor vehicle for S\$0.3 million, machineries for S\$0.3 million, incurred buildings renovation works for S\$0.2 million, and others for S\$0.2 million. We also recognised the right-of-use assets of S\$0.5 million for the lease contracts on stores operated by our Food Division. On the other hand, we recorded disposal of motor vehicles of S\$0.1 million in FY2020.

Inventories decreased by S\$2.7 million due to better inventory management in reducing the stocks on hand.

Contract assets decreased by S\$0.8 million as the level of contract activities were lower in FY2020 and some projects were completed during the year.

Trade and other receivables (current and non-current) decreased by S\$6.4 million because of lower project billings in the later months of FY2020 compared to FY2019. Non-current receivables comprise a keyman insurance policy of S\$0.8 million and the security deposits paid for the new master lease agreement (29 Tai Seng Avenue) of S\$1.2 million.

Loans and borrowings (current and non-current) decreased by S\$8.4 million as a result of the repayments of loan liabilities and lease liabilities of S\$1.5 million and S\$6.8 million, respectively. This was offset by the drawdown of the new loan facilities amounted to S\$6.0 million and new lease liabilities recognised relating to the lease contracts of S\$0.5 million. Furthermore, we have also fully paid off the bills payable of S\$6.6 million.

Trade and other payables decreased by S\$4.0 million in FY2020 mainly as a result of the repayment of liabilities related to the projects under our Aircon Division where we have collected monies from customers. Furthermore, we also made lower purchases in the later months of FY2020 as compared to FY2019.

REVIEW OF STATEMENT OF CASH FLOWS

In FY2020, we recorded a net cash inflow of S\$8.7 million before changes in working capital.

We recorded working capital inflows of S\$6.0 million mainly attributed to the decrease in trade and other receivables of S\$6.4 million, inventories of S\$2.7 million, contract assets of S\$0.8 million, and trade and other payables of S\$4.0 million, but these were offset by an increase in contract liabilities of S\$0.1 million.

The decreases in trade and other receivables and trade and other payables are generally due to the collections from project billings and payments to the suppliers.

We have also made tax payments to Inland Revenue of Singapore amounted to S\$0.4 million.

We recorded net cash used in investing activities of S\$1.1 million mainly due to the purchase of plant and equipment and intangible assets (computer software) of S\$1.0 million and S\$0.2 million, respectively. These were offset by the proceeds received from the disposal of plant and equipment of S\$0.1 million.

We recorded net cash used in financing activities of S\$9.9 million mainly due to the payment of lease liabilities, interest, loan repayments, and bills payable. These were offset by the drawdown of the new loan facilities amounted to S\$6.0 million.

As a result, our cash and cash equivalents increased by S\$3.3 million in FY2020.

BOARD OF DIRECTORS

MR GOH TECK SIA

INDEPENDENT NON-EXECUTIVE DIRECTOR AND CHAIRMAN OF THE BOARD

Mr Goh was appointed as an Independent Non-Executive Director of the Company on 8 February 2017 (Date of last re-appointment as Director: 28 April 2020). He is the Chairman of the Board, Chairman of our Remuneration Committee and a member of the Company's Audit and Risk Committee and Nominating Committee.

Mr Goh was a career police officer and he retired from the Singapore Police Force (SPF) in end January 2017 after serving for about 50 years.

During his long and illustrious career, he served in senior positions in units including Police Academy, Special Operations Command (Police Task Force), Police Operations Department and Criminal Investigation Department. Mr Goh also served in a number of Police Land Divisions such as Central Police Division, Beach Road Police Division and Tanglin Police Division.

Prior to his retirement, Mr Goh was the Head, Support & Technical cum Head Discipline at Tanglin Police Division holding the rank of Deputy Superintendent of Police.

Mr Goh received the Long Service Medal in 1995, and the Commendation Medal in 2005. He also received the Appreciation Certificate in 2010 from the President of Singapore and Congratulatory Note from the Permanent Secretary, Ministry of Home Affairs in 2016 for his services and contributions to the nation.

On 23 March 2019, Mr Goh was appointed as the Vice-President of the Singapore Police Retirees Association (SPRA).

KEY MANAGEMENT

MR NEO HAN CHENG

DIRECTOR AND CHIEF OPERATING OFFICER, NATURAL COOL AIRCONDITIONING & ENGINEERING PTE LTD

Mr Neo was appointed to his current position on 19 July 2007 and is primarily responsible for the overall management, business planning and daily operations of Natural Cool Airconditioning & Engineering's Commercial Installation Department.

Mr Neo joined our Group in 1997 and was promoted to an Assistant General Manager in 2005 where he was responsible for the implementation and evaluation of marketing strategies for Natural Cool Airconditioning & Engineering. Prior to his appointment as Assistant General Manager, Mr Neo was a Project Manager of Natural Cool Airconditioning & Engineering for seven years. From 1994 to 1997, he worked as a Technical Officer in the Port of Singapore Authority, where he was responsible for the supervision of the maintenance and servicing of mechanical and electrical building services. Mr Neo graduated with a Diploma in Manufacture Engineering from Singapore Polytechnic in 1990.

MR TAN KIAN YONG

DIRECTOR, NATURAL COOL AIRCONDITIONING & ENGINEERING PTE LTD

Mr Tan was appointed as a Director of Natural Cool Airconditioning & Engineering on 15 February 2017. He is primarily responsible for the Mechanical & Electrical Department, including the Retail and Commercial Service Teams and Fire Protection Teams.

Mr Tan joined our Group as a Service Manager in 2002 and was promoted to an Assistant General Manager in year 2005 and seconded to the Group's Shanghai office from April 2006 to December 2008, responsible for business development, planning for both M&E installation projects and service and maintenance projects and was responsible for its daily operations. Mr Tan is also a Director of NC (Singapore) Pte. Ltd., a subsidiary of Natural Cool Airconditioning & Engineering Pte Ltd since January 2009, where he is responsible for the overall management, business planning and strategic execution of its operations.

MR LEE WAN KAH

DIRECTOR, NATURAL COOL AIRCONDITIONING & ENGINEERING PTE LTD

Mr Lee joined the Group in 15 April 2006 as a Manager in one of the Group's former subsidiaries. In early 2009, he was transferred to Natural Cool Investments Pte. Ltd. to be Personal Assistant to Director (Special Project), and left the Group at the end of 2009 to pursue his own interests.

Mr Lee returned to the Group in 2012 as a Director of our Trading Department and was appointed as a Director of Natural Cool Airconditioning & Engineering on 15 February 2017. He is primarily responsible for the performance of our Trading Department at both our Defu Lane and Bukit Batok outlets, including overall management, business planning and daily operations. Mr Lee's business experience and astuteness lead Trading Department's sales to improve year-on-year since 2012, increasing our industry market share in Singapore. He spearheaded the expansion of Natural Cool's brand name into Malaysia, and set up outlets in Johor Bahru and Kuala Lumpur in 2015. He is also responsible for the implementation of business and evaluation of marketing strategies to capture local market share and improve sales in Malaysia.

MS TENG GEK CHUI

FINANCIAL CONTROLLER

Ms Teng joined the Group in February 2008 and was promoted to the position of Financial Controller in May 2019. As a Financial Controller, she is responsible for reporting, compliance matters, budgeting and overseeing full spectrum of financial activities of the Group.

Prior to joining the Group, she was an auditor at BDO Raffles and Ernst & Young, where she was involved in the statutory audit of companies. Ms Teng is a Chartered Accountant of the Institute of Singapore Chartered Accountants.

SUSTAINABILITY REPORT

STATEMENT FROM THE BOARD

This report provides readers insights into the Group's wide-ranging efforts across key environmental, social and governance (ESG) issues in our overall business, how we manage the impact, risks and opportunities towards sustainability, governance, health and safety, training and development and the local communities amid the global Covid-19 outbreak over the period from 1 January 2020 to 31 December 2020.

The Covid-19 pandemic has been disruptive on societies and economies since the beginning of the year. Businesses have been forced to rethink, re-imagine and re-adjust their plans and strategies to navigate the new normal. At Natural Cool, we have been reviewing our operations to ensure business continuity and the safety of our employees.

We reaffirm the importance of ensuring long-term growth and creating shareholder value. This report showcases our efforts to build relationships with our key stakeholders. We consider sustainability issues in formulating strategies and strive to align our efforts with the United Nations Sustainable Development Goals (SDGs). In our past reports,

we highlighted several initiatives to promote sustainability in our business operations. We are pleased to report that we have continued to make progress in our performance.

The 2030 agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future.

Moving forward, we will continue to create positive impact aligned with the SDGs and to meet expectations of various stakeholders from employees, customers and shareholder to suppliers and local communities through our businesses.

2020 Sustainability Performance At A Glance

ESG FACTO	2018	2019	2020

SUSTAINABILITY REPORT

SUSTAINABILITY MANAGEMENT

OUR APPROACH

Our Sustainability Reporting Committee (the "SR Committee") headed by the Group Chief Executive Officer (CEO), Group Chief Operating Officer (COO) and all senior management across different business functions, guides our sustainability strategy as part of the Group's overall business strategy and provides direction in determining material ESG factors as well as in the preparation of the Sustainability Report. The SR Committee is responsible for the management and monitoring of our ESG factors, ensuring they are integrated into our day-to-day operations, to meet our company's mission, vision and values.

We focus on managing the economic, environmental and social impact of our business to create long-term value for all stakeholders. We use internationally recognised certifications to benchmark our commitment and initiatives i.e. OHSAS 18001:2007, ISO 45001:2018 and BizSAFE STAR certifications to safeguard our people and ISO 9001:2015 to ensure the quality of our products and services. We have policies and procedures in place to control our significant risks and maximise the opportunities available to us. We use the GRI Standards to assess material economic, environmental and social impact, risks and opportunities emerging from our business operations to strengthen our sustainability strategy further.

We closely monitor our ESG performance against established targets. ESG impact and performance will be evaluated periodically to tighten our engagement with stakeholders to understand their expectations and concerns. Shortfalls are investigated and efforts are made to achieve the targets. A description of our performance is provided throughout this report in the relevant chapters.

Covid-19 has highlighted the importance of sustainable development, especially the social aspects relating to our stakeholders and the community. Amid the uncertainty, we have taken precautionary measures beyond those prescribed by the Government to ensure that all our stakeholders remain safe during the pandemic. We are working on improving our continuity plan to minimise negative social and environmental impacts of our operations.

MATERIALITY ASSESSMENT

The materiality assessment forms part of our dialogue with our stakeholders. By communicating with them about key topics, we gain a better understanding of their different views and perspectives. This in turn enables us to actively address important issues and challenges and to report on them transparently.

Hence, the Group is committed to undertaking a materiality assessment regularly. We believe doing so will help us identify new trends, evolve our strategy accordingly and tailor our reporting to align it to the interests and needs of our business and our stakeholders.

OUR MATERIALITY PROCESS

Natural Cool relies on its internal process to assist in the identification and prioritisation of issues that are most relevant and significant to the Group and its stakeholders. These issues are mostly linked to the Group's overall strategy and other major areas of business sustainability.

A discussion was then facilitated with the SR Committee members and thereafter, they evaluated each ESG factor based on the influence on stakeholder decisions and significance of environmental and social impact.

SUSTAINABILITY REPORT

STAKEHOLDER ENGAGEMENT

While we work on our sustainability efforts, we also aim to align our business interests with that of our stakeholders, which comprise those who are impacted by our businesses and operations. By assessing the significance and impact of their interest on the Group's business, we have singled out six key stakeholder groups:

Stakeholders	Impact and Significance	How We Listen	How We Respond
Employees 	Part of our human capital whose competencies and well-being are fundamental to the Group's operational effectiveness	- Regular staff dialogue sessions - Mobile chat groups - Training programs and courses - Safety briefings and courses - Safety drills and site inspections - Annual appreciation events and festival celebrations - Volunteering and charitable events - Whistleblowing policy	- Talent retention and attraction - Employee safety and well-being - Training and development opportunities - Efforts to promote work-life balance - Remuneration and benefits - Employee welfare and well-being - Employee volunteerism
Customers 	- Maximise customer satisfaction, understand customers' needs and expectations - Provide quality products and services - Build long lasting relationships with customers	- Annual appreciation events - Company website - Social media platforms, e.g. Facebook - Feedback handling through emails/phone calls - Whistleblowing policy	- Design and workmanship - Customer satisfaction and experience - Quality products and services - Environmental conservation - Communication
Investors 	- Maximise shareholder returns - Practice good corporate governance, transparency and disclosures - Strive for sustainability and long-term growth - Accurate and timely updates company's business progress, financial report	- Half-yearly financial results announcements - Annual Reports - Annual General Meeting (AGM) - Extraordinary General Meeting (EGM) - Regular business updates - Whistleblowing policy	- Financial stability - Long-term growth plans - Market diversification - Geographical expansion - Risk management - Corporate governance - Sustainability efforts
Business Partner 	Promote collaborative partnership and opportunity with our partners, including suppliers and subcontractors, to nurture and expand the business	- Supplier's Code of Conduct - Regular supplier visits/meetings - Annual performance evaluation - Safety briefings and courses - PDPA compliance clauses specified in contracts - Whistleblowing policy	- Quality assurance - Certifications - Supply chain management - Occupational health - Safety practices - Personal Data Protection Act (PDPA) Compliance
Community 	To be a responsible corporate citizen who cares the society, environment and the people around us	- Volunteering and participation in charitable events - Annual Corporate Social Responsibility Programmes - Whistleblowing policy	Raising awareness through sustainable business practices and high-quality products
Government 	Provides regulatory oversight, ensuring that ethical practices, and legal concerns are being handled responsibly	- Obtain up-to-date information about change in regulations - Review policies and procedures regularly to ensure compliance	Comply with regulations and avoid disputes and prosecutions

SUSTAINABILITY REPORT

IDENTIFYING MATERIAL ESG FACTORS

Surrounding these material issues, we have identified the following material ESG factors for year 2020. As we strive to improve our level of transparency and timely communication to all our stakeholders, we will be reviewing the significance of, and reporting other ESG factors in the following years.

Focus	Impact to Stakeholders	2020 Performance	2021 Commitments & Targets
Environmental			
Climate Change   	- Air conditioning represents one of the most challenging cause of climate change, and one of the most difficult technological problems to fix - Non-compliance with regulatory requirement will result in fines and bad reputation - Refrigerant cylinder contains materials that are harmful. Proper handling and disposal can prevent accidents, injuries and penalties	- Full compliance with The National Environmental Agency (NEA)'s requirement - Did not meet targeted 5% increase in sale of energy efficient air conditioning units set in 2019 due to delays in project execution in 2020 due to Covid-19 restrictions - Collected 4,211 recyclable used refrigerants cylinders	- No incident of non-compliance with environmental regulations - Air-conditioner models with energy efficiency rating of 5 ticks to account for at least 70% of Aircon's total sales revenue - Continue the recycling project to record at least 5% increase in the collection
Social			
Our People, Our Society   	Fair and merit-based employment practices are important to our employees, investors, regulators, and community as they affect our ability to attract, retain, and develop local talents	- Turnover rate was 30% (2019: 23%), deteriorated amidst of the Covid-19 pandemic as many foreign employees were stranded outside of Singapore, or left to go home without suitable replacements being able to enter the country - Retention of local employees largely being supported by government grant - Team building retreat organised for Corporate Services group to build stronger rapport - Fostering work-life balance by promoting flexible work arrangement - Zero discrimination cases	- Same as last year, target turnover rate not exceeding 25% - More team building events to be organised across the departments to tighten teamwork - Fostering work-life balance by continuing flexible work arrangement - No tolerance to workplace discrimination
Employee Health, Safety and Well-Being 	- Business continuity - Severe injury and human loss are immeasurable and intolerable, such loss or injuries can employ major loss to a family	- Maintained international recognised standard for safety management - No accident resulting in fatality or serious injury reported (2019: nil) - Regular briefings and training courses on employee health and safety amidst pandemic - Enhance the use of telecommuting to minimise the risk of infection and manage office occupancy limit 3 confirmed Covid-19 cases for the Group	- Maintained international recognised standard for safety management - Zero fatalities and workplace accidents across all business operations - Regular briefings and training courses on employee health and safety post-pandemic - Continue to recommend telecommuting as default work means wherever possible

SUSTAINABILITY REPORT

Focus	Impact to Stakeholders	2020 Performance	2021 Commitments & Targets
Training and Development 	Training is important to provide good opportunity for employees to grow their knowledge base and improve job skills to become more effective in the workplace. Despite the cost of training for employees, the return on investment is immense	- Training courses and programs sponsored by the Group 117 (2019: 135) employees attended skills and safety training, despite safe management measures being implemented	Continue to provide our employees opportunities to learn and grow in the forthcoming year to offer internal and external training courses relevant to their job scopes
Community Betterment 	To give back to the community, take part in philanthropic causes, and build positive social value in the Group	2 corporate social responsibility (CSR) activities are organised to help at least 20 families	Try our best to step up CSR efforts post-pandemic
Economic			
Supply Chain Management 	- Provide quality and sustainable products and services – this a critical factor in the long-term success of a business - Reduce the operating costs connected to supply chain, which contributes to a greater profit ultimately - Contributes to the speed of product flows to customers	- Zero significant non-conformances raised against our products or services - Halal compliance in our F&B supply chain	- Zero significant non-conformances raised against our products or services - Halal compliance in our F&B supply chain
Sustainable Business Performance 	- Quickly adapt to disruptions while maintaining continuous business operations and safeguarding people, and assets - Improve brand value and reputation	- Quick response to pandemic to protect the safety of employees, so that we are able to recover steadily after Circuit Breaker is lifted - Putting IT systems in place to enable efficient telecommuting - First join online food ordering platforms which makes up 14% of the restaurant's revenue throughout the year	- Adhere to strict safety management measures at workplace - Continue to recommend telecommuting as default work means wherever possible - Continuing existence in food ordering platforms meanwhile looking for new opportunity in halal food industry and for festive seasons / ceremonial purposes
Governance			
Anti-Corruption 	- Applies across the Group's business operations - Compliance with legislation as well as national and international standards of corporate governance in anti-corruption and anti-competitive behavior	- No incident of corruption and fraud - No legal actions pending or completed during the reporting period regarding anti-competitive behavior and violations of anti-trust and monopoly legislation - One incident of whistleblowing which was dealt with by the Audit and Risk Committee - Sound risk management and internal control system put in place by the Management	- Zero-incident on corruption, monopoly and fraud - Continuous strengthening of the enterprise risk management and internal control system - Continuously maintain its high standard of corporate governance and ensure compliance with legislative and regulatory requirements in Singapore - Audit and Risk Committee is responsible for reviewing findings of internal investigations into suspected fraud, irregularity or infringement of any relevant laws, rules and regulations within the organisation that is likely to have a material impact on the Group's performance
Business Ethics 			

SUSTAINABILITY REPORT

ENVIRONMENTAL

RESPONSE TO CLIMATE CHANGE

Increasing the penetration rate of air-conditioners will have a growing impact on global warming caused by consequential increase in electricity use. To deal with this, we spread positively conscious products using energy-efficient inverter technology such as recommending R-32, a refrigerant with low environmental impact, to our customers.

Over the recent years, Natural Cool has been stepping up its efforts to advocate and increase customers' awareness on Energy Efficient Initiative led by NEA to reduce its greenhouse gas emissions by using less carbon-intensive fuels, and by improving energy efficiency. Natural Cool makes expeditious efforts to promote more 5-tick air-conditioners to customers as part of our continued commitment to become an environment-friendly organisation. However, the outbreak of Covid-19 pandemic forced Singapore entered into Circuit Breaker period since 4 April 2020, which has adversely affected the construction sector and the aircon industry. Build-To-Order (BTO) projects were delayed which caused a sharp decline in new aircon installation works. Based on feedback, customers held a very conservative view on expenditure during the economic downturn. In 2020, our 5-tick air-conditioners showed a sharp decline in volume compared to the past 2 years.

Despite the disruption in business operations, our progress towards greener environment is continued. We have in 2020 engaged a NEA licensed vendor to collect used refrigerant gas cylinders and dispose them in a safe environment. We are pleased that total 4,211 cylinders were collected. Such disposal of used refrigerants recycling and reclamation is part of our efforts to tackle the rising risk of climate change and ozone depletion, we will continue this exercise to show our determination to build a better environment.

Physical trainings were curtailed to a large extent due to Covid-19 safe management measures. We therefore accelerated the number of technical training sessions for our contractor customers supported by our air-conditioner brands via online means. In 2020, we organised more than 10 such workshops that ranged from productive and efficient installation practices to important insights into latest green technology innovations.

Key Topics of Trainings:

- Introduction of Multi V S, equipped with low Global Warming Potential (GWP) R32 refrigerant, reducing the refrigerant charge – supported by LG
- Introduction of Multi V 5, an integrated solution that combines advanced technologies for high rise buildings which provides maximum energy efficiency – supported by LG
- Introduction of Healthy Buildings Program, provides an expanded suite of advanced solutions to help deliver healthier, safer, more efficient and productive indoor air quality – supported by Toshiba

SUSTAINABILITY REPORT

SOCIAL

OUR PEOPLE, OUR COMMUNITY

We recruit and promote suitable candidates according to their abilities and competencies relevant to the position. At the end of 2020, with 68 new hires in the year, we now have a total of 387 (2019: 143 new hires and 442 total staff strength) employees across the Group.

With a growing portfolio of businesses and investments, we review our workforce-mix to cope with the constantly-changing business needs. New positions are created to support our business expansion plans, while maintaining high quality standards. We value new hires who can provide fresh views and new ideas to our business and processes.

We aim to develop our talent pool and to ensure sustainable operations management by enhancing the following measures in phases:

- To empower employees through skills-based training and career development opportunities;
- To engage employees by conducting dialogue sessions between employees and management;
- To review employee remuneration and benefits annually by benchmarking with industry average; and
- To enhance employee welfare, such as promoting flexible work arrangements by utilising Work-Life Grant by Singapore government.

In 2020, the Covid-19 pandemic has impacted attrition rates whereas employee retention has been difficult. Foreign employees who travel back to hometown before the start of Circuit Breaker, were unable to return to work after an unexpected extension is announced on 14 April 2020. On the other hand, for those who chose to remain in Singapore, the separation from their loved ones due to the Covid-19 border controls could cause some anxiety. The logistical issues associated with the social isolation between Singapore and their home country prevent them from meeting their family and friends. As a result of this, some employees decide to resign and return to their home country. These reasons have led to the increase in turnover rate from 23% to 30%.

Meanwhile, existing projects are being put on hold, business plans has been suspended. Due to economic downturn we experienced a 50% decrease in demand for fresh blood. New hires are mainly for staff turnover replacement.

FOSTERING WORK-LIFE BALANCE

We build a workplace culture that promotes work-life balance and a healthy well-being. By placing importance on the well-being of our employees, we are confident that employee satisfaction and engagement will increase and lead to higher productivity and greater organisational performance.

SUSTAINABILITY REPORT

Whereas working styles were mostly routine prior to Covid-19, with employees coming to the workplace, we have now shifted to a flexible working style that is less dependent on specific times and locations. That being said, we need to focus on reducing long working hours and work flexibly, both to boost work productivity and to enhance the quality of our employees' life with their family. We recognise the need to consider these matters from a medium to long-term perspective.

EMPLOYEE RIGHTS AND BENEFITS

At Natural Cool, we value and recognise our people's contributions to our success. We constantly review our employment policies and remuneration practices to ensure compliance with the updated employment laws, in order to keep up with the best industry practices and provide an optimal working conditions for our people. Protection of human rights are strictly observed in our operations.

PARENTAL LEAVE

We support the Singapore government's pro-family legislation and adopt welfare practices to enhance this pro-family environment at the workplace. Eligible working mothers and fathers whose new-born child is a Singapore

citizen are entitled to 16 weeks of maternity leave and 2 weeks of paternity leave respectively as well as 6 days of paid childcare leave annually. In 2020, we have 1 female employee and 1 male employee (2019: 3 female and 2 male employees) who utilised their parental leave and resumed work thereafter, and who have remained as employees for the next 12 months. We will continually enhance these pro-family practices and work towards building a conducive workplace for our working parents.

EQUAL & NON-DISCRIMINATORY WORKPLACE

Embracing diversity is crucial to developing a 21st century competent and resilient workforce, we recruit people from all age groups and genders.

There were no incidents of discrimination reported in 2020. Male employees' number more than female employees as the construction and servicing teams are mainly staffed by male employees due to the work nature while other functions have a balance of male and female employees. We highly value equal opportunities, respect human rights and have zero tolerance for discrimination or harassment of any kind. Jobs of new mothers are reserved while they are on maternity leave, and all of them return to the same job position.

SUSTAINABILITY REPORT

HEALTHY, SAFE AND CONDUCIVE WORKPLACE

Workplace safety is a top priority for Natural Cool. We take pride in ensuring that all our employees and contractors are competent and equipped to work safely. As an industry leader, we take responsibility in setting “industry” best practices and have been consistently enhancing and refining our health and work safety measures. We have now achieved and maintain our OHSAS 18001 and ISO 45001 certifications which aims to improve employee safety, reduce workplace risks and create better, safer working conditions. We have also completed and attained the highest level in the bizSAFE, a five-step programme offered by the Workplace Safety and Health (WSH) Council that assists companies in building their WSH capacity and capabilities.

When performance on the ground does not match the expectations of our management or stakeholders, we commit to resolve the issue in an open and transparent way. Our safety management system is embedded across the board. We view WSH Act record as an intrinsic component of our business success, ensure our workers stay safe for their families back home.

No accidents were reported in 2020 (2019: 1). For any injuries reported, our safety officer will prepare an investigation report, consisting of mainly the details of accidents and a corrective action plan which is presented at our management meetings to raise their awareness and minimise the likelihood of similar accidents occurring again. There was no work-related fatalities in 2020 (2019: nil).

COVID-19 PANDEMIC

To protect the health of our employees, we have notified all employees about efforts to prevent and contain infection:

- We regularly highlight the preventive efforts and provide instructions for how to respond if feeling ill or if infected or in close contact with those who are infected;
- We apply consistent rules to employees when working at all sites, such as social distancing at business sites and offices, temperature checks and Safe Entry check-in;
- We imposed calibrated Group-wide travel restrictions on its employees including mandatory stay at home requirements on returning staff since the mid-Feb 2020; and

- Of the Group's foreign workforce living in Singapore, a large majority were being housed in our own dormitories, permanent or temporary living quarters, and no longer in commercial workers' accommodations. This was reported in “Lian He Zao Bao” on 16 April 2020. With the reduction of the number of Covid-19 clusters in the dormitories and the enhanced monitoring and control measures implemented in these premises, we are gradually returning our foreign workforce to commercial workers' accommodations.

As at the date of this report, there were three (3) confirmed Covid-19 cases amongst employees in the Group. The infected employees were sent for medical treatment immediately and have since returned to work upon recovery.

We enhanced our telecommuting system during Circuit Breaker and made telecommuting the default option of work. We continue to recommend teleworking even after the government announced the country is ready to enter Phase 3 of Circuit Breaker. Taking transmitted cases into consideration and in response to the safety measurement implemented by Government, we managed the ratio of people commuting to the workplace at the minimum level.

SUSTAINABILITY REPORT

Key Initiatives

TRAINING AND DEVELOPMENT

POST-INCIDENT REVIEW AND ENHANCING SAFETY PRECAUTIONS

We learn from past mistakes and strive to prevent similar incidents from repeating itself. As part of our skills-training programme, we consistently schedule workplace health and safety briefings to review our safety practices with workers. For near-miss incidents, we promptly hold review briefing dedicated to analyse the situation and to remind our workers of the relevant safety measures and precautions, as well as the safety protocols.

We also ensure each worker is well protected before the start of each assignment, by ensuring that Personal Protective Equipment (PPE) is issued and the issuance is recorded to ensure that each worker is sufficiently equipped with protective gears for their related job-scope. We have also developed a list of protocols and precautions for workers dealing with toxic chemicals, to ensure their safety.

HOLISTIC SKILLS DEVELOPMENT TRAINING

In-line with equipping our workers with safety knowledge and skills, we have developed a rigorous skills-training programme to ensure that each worker is capable of performing safely and optimally at the sites. A total of 117 (2019: 135) employees attended skills and safety training in 2020, despite safe management measures being implemented.

We keep ample documentation of training courses attended by each employee to track their skills-development progress and level of competency. Being a service provider providing a wide array of services, we have developed a comprehensive syllabus for each department, ensuring that each worker is extensively equipped with the safety awareness and skills.

OPERATIONAL	107	5	112
TOTAL	110	7	117

SUSTAINABILITY REPORT

TEAM BUILDING THE MOST IMPORTANT INVESTMENT

Natural Cool understands building a team of employees that operates without mistake is impossible, building a team of employees who openly communicate, feel positive about their jobs, are motivated and creative, and yield higher results, is a necessity. We realise how much added value happy employees are and how it helps our business to succeed in the long-term. A 1-day team building retreat was organised for the Corporate Services group to improve the team alignment and to develop stronger teamwork. Team building is recognised as an important investment a company can make for its employees. It builds trust, mitigates conflict, encourages communication, and increases collaboration. Effective team building means more engaged employees, which is good for company culture and boosting the bottom line. This is included as one of our annual to-do tasks.

PROMOTING COMMUNITY BETTERMENT

A charitable donation is something a company should persist in doing especially during the difficult times, and we are particularly concerned about our seniors citizens and the needy amidst this Covid-19 pandemic. Despite safe management measures having a negative impact by generally reducing CSR activities, we still manage to organise two (2) events in 2020, with the support of social workers from non-profit organisations. Despite the challenges to our businesses during the Covid-19 outbreak, we will try our best to step up CSR efforts post-pandemic. The Company currently does not have a CSR policies. Nonetheless, the Company has referred to the Exchange's sustainability reporting guidelines for its CSR practices.

CHEE HOON KOG

6 units of brand-new stand fans were donated to the Moral Seniors Activity Centre at Kaki Bukit branch to bring comfort to the elderly.

THYE HUA KWAN (THK)

Our 2nd year collaboration with THK Moral Charities recorded a historical success – granting wishes to 20 families who needs assistance from the public.

SUSTAINABILITY REPORT

ECONOMIC

SUPPLY CHAIN MANAGEMENT

Natural Cool applies the Quality-and-Cost based method for its sourcing activity. Based on this methodology, price is considered on par with other qualifications-based criteria, including relevant certification requirements, amongst other best practices.

We manage our supply chain across the project life cycle from its initiation and design development stages to subsequent construction and operation stages. This allows us to effectively control the progress of sub-contractors, as well as qualities of diverse services, materials and equipment required to deliver large-scale projects in a complex supply chain environment. A standard supplier evaluation framework is used for existing and potential suppliers. A wide range of well-known international leading brands are carried, including Mitsubishi Electric, Daikin, Panasonic, LG, Midea, Fujitsu, Toshiba, etc., with Mitsubishi Electric, Daikin and Panasonic accounting for more than 90% (2019: 90%) of the total purchases.

Selecting a contractor is one of the most difficult aspects of project management. In selection of sub-contractors for our projects, other than pricing, our project team pays attention to their methodology, team capability and past track record, as well as financial strength, to ensure they suit the requirements of our projects. All sub-contractors are evaluated stringently periodically by our project management team, including their commitments towards high quality, health and safety standards.

Natural Cool sets clear guidelines and specifications on the procurement of materials to specify the use sustainable, non-toxic, non-GMO materials in our parts, paints and, foods and beverages manufacturing to produce environment-friendly and consumer-friendly products which leads to better health and well-being of our employees, customers and the community.

FOOD & BEVERAGE

We aim to offer products which can play an important role in keeping people healthy. Our product development team responded to consumer demands for healthy and diet care products with the launch of zero and low-sugar beverages.

Our factory and restaurant is halal certified by JAKIM. The management is responsible for halal compliance in our supply chain (from materials selection and purchasing, to the storage, warehousing, and transportation of our products).

In 2020, we maintained our health and safety standards with no significant incidents of non-compliance with regulations resulting in a fine, penalty or warning.

SUSTAINABILITY REPORT

SUSTAINABLE BUSINESS PERFORMANCE

Natural Cool has been affected by the Covid-19 pandemic in a variety of ways. Under these circumstances, we have given top most priority to business continuity and the health of our employees as we introduced safety measurement through a structure cutting across the organisation.

Covid-19 Important Events

In mid-April 2020, Natural Cool established the Covid-19 task force to facilitate the timely sharing of information and swift decision-making. The task force, led by Group CEO, Group COO, and division leaders gather up-to-date information from individual department and reported on and discussed matters across the organisation, such as the impact of the pandemic on production, procurement and sales and measures being taken to protect the safety of employees. The task force expedited decisions on business plans, responses to employees and other policies.

Putting IT systems in place to enable efficient teleworking. In response to the rapid increase in the number of employees teleworking, we increase the number of Virtual Private Network (VPN) accounts, which allow employees to access the corporate systems from their homes, and rapidly boosted the speed of network connections to accommodate this demand growth. We subscribed for cloud-based web conferencing platforms like Zoom, Microsoft Teams, Google Meet, etc., to make online meetings more pleasant and convenient, leading to more efficient remote working.

Thanks to the quick reaction of the Covid-19 task force, when Malaysia first announces its Movement Control Order in March 2020, we were able to retain and rehouse 17 employees who commute daily from Malaysia for work purposes in Singapore. This amounts to about 76% of the total of such employees belonging to this group. This at least ensures that our servicing department can resume operation immediate after the Circuit Breaker is lifted.

During the Circuit Breaker, all restaurants were ordered to stop its dine-in services. Our restaurant "Abang Recipes" kept pace with the market trend and made its debut appearance on online ordering platform like GrabFood, Foodpanda, etc., which made up 14% of the restaurant's revenue throughout the year.

SUSTAINABILITY REPORT

GOVERNANCE

STRENGTHENING OUR ANTI-CORRUPTION PRACTICE

Natural Cool prohibits bribery and kickbacks of any kind. Our employees are not allowed to offer or accept from anyone, anything of value that is, or could be viewed as a bribe or kickback or an attempt to influence that person's or company's relationship with Natural Cool. All new employees of the Group are required to read through and acknowledge the staff handbook, which consists of code of conduct and business ethics during the conduct of business.

Amongst these practices to uphold business integrity, the Group has established a whistleblowing policy which has been reviewed and endorsed by the Audit and Risk Committee and approved by the Board. To raise awareness and affirm our Group's strong stance and actions against corruption, the Group's Whistleblowing Policy and related procedures are published on <http://natcool.com/whistleblowing-policy/> and applies to any employees, vendors, contractors, sub-contractors, customers and any other parties whom the Group has a business relationship with.

Under the whistleblowing policy, employees and external parties are able to, in confidence, raise concerns about issues and misconduct requiring special investigation. A dedicated and secure e-mail address (report.nch@natcool.com) provides individuals anonymity in raising issues of contention to the Audit and Risk Committee directly.

We are periodically reviewing and enhancing our anti-corruption practices to uphold the best business practices in line with our values. There was one whistleblowing report from an anonymous source in 2020 which was fully investigated by the Audit and Risk Committee and internal auditor. Internal auditor indicated that they have not observed any significant lapses in our internal controls. We have taken into consideration the improvements proposed by the internal auditor to further strengthen these controls. As at the date of this Annual Report, Audit and Risk Committee is of the view that no further action is required to be taken in respect of the whistleblowing report.

WE COMPETE AND WIN BUSINESS ETHICALLY

Competition law, also known as anti-monopoly, antitrust, or fair-trade laws are intended to prevent interference with the functioning of a competitive market system and exist in all countries where we do business. Our policy prohibits conduct such as colluding with others to fix prices or divide territories, illegally monopolising an industry and unlawfully abusing a dominant position. All employees are given clear instruction to take extra care while contacting competitors, to avoid discussion of or collaboration on confidential information, including pricing, terms, costs, etc. as such discussion may be considered illegal.

We sell our products and services on our merits. We compete vigorously for business but always ethically and in compliance with rules and regulations, no matter how competitive the environment. We avoid making false or misleading statements about the Group, our products and services or other companies, including competitors and their products and services. We uphold our values of always being accurate, complete and honest.

In 2020, the Group did not have any case of legal actions pending or completed regarding anti-competitive behavior and violations of anti-trust or anti-monopoly legislation in which the organisation has been identified as a participant.

ABOUT THIS REPORT

This Report is set out on a "comply or explain" basis in accordance with Rule 711B and Practice Note 7F of the Listing Manual (Section B: Rules of Catalyst) of the Singapore Exchange Securities Trading Limited (SGX-ST) and has been prepared in accordance with the Global Reporting Initiative (GRI) Standards: Core option.

GRI provides a globally recognised framework for companies to assess and communicate their impact on critical issues such as climate change, human rights, governance and social well-being. This enables real action to create social, environmental and economic benefits for everyone. The GRI Sustainability Reporting Standards are developed with true multi-stakeholder contributions and rooted in the public interest. Please refer to pages 30 to 32 of this report for GRI Content Index.

REPORTING SCOPE AND PERIOD

This report, will be published no later than 31 May on an annual basis, provides an overview of Natural Cool's sustainability performance as well as its strategies and practices, while highlighting the economic, environmental, and social impact of the Company's activities and developments in 2020. Further information on corporate governance, which is part of our sustainability, can be found under the section of "Corporate Governance" on this Annual Report.

REPORTING PROCESS

Natural Cool has not commissioned any third-party assurance on this report. In each reporting cycle, our SR Committee reviews the contents to determine its relevance to our business as well as to ensure the current and emerging material topics of significance pertaining to sustainability and the interests of our stakeholders are addressed.

FEEDBACK

We value feedback from our stakeholders as it allows us to continually improve our sustainability policies, processes and performance. Kindly address all feedback to the SR Committee at report.sr@natcool.com. Your feedback is important to us so that we can improve on our future reporting.

CORPORATE GOVERNANCE REPORT

BOARD MATTERS

The Board of Directors (the "Board") of Natural Cool Holdings Limited (the "Company" and together with its subsidiaries, the "Group") is committed to maintaining high standards of corporate governance. The Company's corporate governance processes and systems ensure greater accountability, transparency and sustainability, in an effort to boost investors' confidence and achieve long-term sustainable business performance.

This report outlines the Company's corporate governance practices that were in place during the financial year ended 31 December 2020 (FY2020), with specific reference made to the principles of the Code of Corporate Governance 2018 (the "Code 2018") issued on 6 August 2018.

The Board is pleased to confirm that the Company has generally adhered to the framework as outlined in the Code 2018 and deviations from any provision of the Code 2018 and/or the provision are explained in this report.

Principle 1: The Board's Conduct of Affairs

The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the Company.

Provision 1.1: Directors are fiduciaries who act objectively in the best interests of the Company

In FY2020, and as at the date of this Annual Report, the Board comprises five (5) Directors, three (3) of whom are independent. The Board is entrusted to lead and oversee the Company, with the fundamental principle to act in the best interests of the Company and hold management account for the performance.

The Board and Management are committed to conducting business with integrity and business ethics, in compliance with all applicable laws and regulatory requirements. The Company has established corporate policies to provide a communicable and understandable framework for employees to observe the Company's principles on honesty, integrity, responsibility and accountability at all levels of the Group.

The Board adopted a Code of Conduct for the Group which establishes the fundamental principles of professional and ethical conduct expected of the Group in the performance of their duties. It includes guidelines on matters relating to conflicts of interest. When an actual, potential or perceived conflict of interest arises, the concerned employee/Director must recuse himself or herself from discussions and decisions involving the matter and abstain from voting on resolutions regarding the matter.

As at the date of this Annual Report, the Board comprises the following members:

Name of Director		Designation
1	Goh Teck Sia	Independent Non-Executive Chairman
2	Tsng Joo Peng	Executive Director and Group Chief Executive Officer
3	Lau Lee Hua	Independent Non-Executive Director
4	Mahtani Bhagwandas ⁽¹⁾	Independent Non-Executive Director
5	Choy Bing Choong ⁽²⁾	Executive Director and Group Chief Operating Officer

Notes:-

(1) Mr Mahtani Bhagwandas will retire as Independent Director of the Company on 28 April 2021 at the conclusion of the AGM.

(2) Mr Choy Bing Choong was appointed as Executive Director and Group Chief Operating Officer with effect from 1 March 2020.

CORPORATE GOVERNANCE REPORT

Provision 1.2: Directors' duties, induction, training and development

The primary functions of the Board, apart from its statutory duties, include:

- (a) protect and enhance long-term shareholder value;
- (b) review Management's performance;
- (c) identify key stakeholder groups and recognise that their perceptions affect the Company's reputation;
- (d) set the Company's values and standards and ensure that obligations to shareholders and other stakeholders are understood and met;
- (e) develops the overall strategy for the Group and supervises its Management; and
- (f) providing leadership, developing its strategic direction, establishing risk policy and goals for the Management as well as monitoring the achievement of these goals.

Directors understand the Company's business as well as their directorship duties, and have appropriate experience and expertise to manage the Group's business.

All newly appointed directors will undergo an orientation programme where the director would be briefed on the Group's structure, business and governance policies as well as the expected duties of a director of a listed company. To get a better understanding of the Group's business, the director will also be given the opportunity to visit the Group's operational facilities and meet with key management personnel.

Every newly-appointed director will be furnished a formal letter setting out the roles, duties, obligations and responsibilities as a member of the Board. A copy of the respective terms of reference will also be provided to directors who are appointed to the Board Committees.

Briefings, updates and trainings for the directors in FY2020 and up to the date of Annual Report include:

- The external auditors had briefed the Audit and Risk Committee (ARC) on changes or amendments to the financial reporting standards during ARC meetings;
- The company secretary had briefed the Board on updates on relevant regulations issued by the SGX-ST and the Accounting and Corporate Regulatory Authority (ACRA);
- The Group Chief Executive Officer (CEO) updated the Board at each board meeting on business and strategic developments of the Group; and
- The Company's lawyer had briefed the Board on directors' roles, duties and responsibilities in January 2021.

The Company is also responsible for arranging and funding the trainings of directors. During FY2020, the Board has received appropriate trainings to discharge their duties. All directors are encouraged to constantly keep abreast of the developments in regulatory, legal and accounting frameworks that are of relevance to the Group through the extension of opportunities for participation in the relevant training courses, seminars and workshop.

CORPORATE GOVERNANCE REPORT

Provision 1.3: Matters requiring the Board's approval

The Board exercises due diligence and independent judgement in dealing with the business affairs of the Group, and are obliged to act in good faith and to make objective decisions in the interests of the Group.

Management is fully apprised in writing of such matters which require the approval of the Board or the Committees. Specifically, matters that require the Board's approval include, amongst others, the following:

- approval of the Group's strategic objectives;
- approval of the annual operating and capital expenditure budgets and any material changes to it;
- changes relating to the Group's capital structure including reduction of capital, share issuance and share buybacks;
- major changes to the Group's corporate structure, including but not limited to acquisitions and disposals;
- changes to the Group's Management and control structure;
- approval of the half-yearly/full-year's results announcements; Annual Reports and accounts, including the corporate governance report;
- approval of the dividend policy, declaration of the interim dividend and recommendation of the final dividend;
- approval of any significant changes in accounting policies or practices;
- approval of major capital projects;
- contracts regarding acquisitions or disposals of fixed assets (including intangible assets such as intellectual property) and substantial bank borrowings;
- approval of resolutions and corresponding documentation to be put forward to shareholders at a general meeting including approval of all circulars, prospectuses;
- approval of press releases concerning matters decided by the Board;
- approval of policies, including code of conduct, share dealing code, whistleblowing policy, environment and sustainability policy, and corporate social responsibility policy; and
- any decision likely to have a material impact on the Group from any perspective, including, but not limited to, financial, operational, strategic or reputational.

CORPORATE GOVERNANCE REPORT

Provision 1.4: Board Committees

Board Committees, namely the Audit and Risk Committee (the "ARC"), the Remuneration Committee (the "RC") and the Nominating Committee (the "NC") have been established to assist the Board. Each Board Committee has its own term of reference setting out the composition, authorities and duties, which are approved by the Board. All Board Committees are chaired by an Independent Director. While these Board Committees are delegated with certain responsibilities, the responsibilities for decisions relating to matters under the purview of the Board Committees, ultimately lie with the entire Board. The terms of reference of the respective Board Committees, as well as other relevant information on the Board Committees, can be found in the subsequent sections of this Annual Report.

As at the date of this Annual Report, the compositions of the Board Committees are as follows:

	ARC ⁽¹⁾	NC ⁽²⁾	RC ⁽³⁾
Chairman	Lau Lee Hua	Mahtani Bhagwandas	Goh Teck Sia
Member	Goh Teck Sia	Goh Teck Sia	Lau Lee Hua
Member	Mahtani Bhagwandas	Lau Lee Hua	Mahtani Bhagwandas

Notes:-

(1) The ARC comprises 3 members, all of whom, including the Chairman, are independent.

(2) The NC comprises 3 members, all of whom, including the Chairman, are independent.

(3) The RC comprises 3 members, all of whom, including the Chairman, are independent.

Provision 1.5: Attendance and participation in Board and Board Committee meetings

The Board meets on a half-yearly basis and as and when circumstances require. Directors with multiple Board representations ensure that sufficient time and attention are given to the affairs of each company. The number of the Board and Board Committee meetings held and the attendance of each new Board member in FY2020 are as follows:

	Board	ARC	NC	RC
Number of Meetings Held	2	2	1	1
Name of Director	Number of Meetings Attended			
Goh Teck Sia	2	2	1	1
Tsng Joo Peng	2	2*	1*	1*
Lau Lee Hua	2	2	1	1
Mahtani Bhagwandas ⁽¹⁾	2	2	1	1
Choy Bing Choong ⁽²⁾	2	2*	1*	1*

Notes:-

* By Invitation

(1) Mr Mahtani Bhagwandas will retire as Independent Director of the Company on 28 April 2021 at the conclusion of the AGM.

(2) Mr Choy Bing Choong was appointed as Executive Director and Group Chief Operating Officer with effect from 1 March 2020.

CORPORATE GOVERNANCE REPORT

The Company's Constitution allows for meetings to be held through audio visual communication equipment. When a physical meeting is not possible, timely communication with members of the Board can be achieved through electronic means. The Board and Board Committees may also make decisions by way of passing resolutions in writing in accordance with the Company's Constitution.

Provision 1.6: Complete, adequate and timely information to make informed decisions

It is the aim of the Board to provide shareholders with a balanced and understandable assessment of the Company's performance, position and prospects.

The Management supports the Board and Board Committees by providing complete and adequate information of the Group, including but not limited to operational and financial performance of the Group, which aids the directors in identifying challenges and opportunities for the Group.

The Management recognises the importance of circulating information on a timely basis to ensure that the Board and Board Committees have adequate time to review the meeting materials to facilitate constructive and effective discussions during the scheduled meetings.

The Management further endeavours to circulate information for the Board and/or Board Committee meetings at least five days prior to these meetings to allow sufficient time for the directors' review.

Key management personnel will also provide any additional material(s) or information that are requested by directors or that is necessary to enable the Board and/or Board Committees to make a balanced and informed assessment of the Group's performance, position and prospects.

The types of information which are provided by Management to the Directors are set out in the table below:

	Information	Frequency
1.	Board papers (with background or explanatory information relating to the matters brought before the Board, where necessary)	Half-yearly
2.	Updates to the Group's operations and the markets in which the Group operates in	Half-yearly
3.	Management accounts (with financial ratios analysis)	Half-yearly
4.	Reports on on-going or planned corporate actions	Ad-hoc
5.	Enterprise risk framework and assessment	Yearly
6.	Financial results announcements	Half-yearly
7.	Shareholding statistics	Yearly

Provision 1.7: Separate independent access to Management, company secretary and external advisers; Appointment and removal of the company secretary

The Board has separate and independent access to the Management team, the company secretary and external advisers (where necessary) at all times through email, telephone and face-to-face meetings. In FY2020, the company secretary attended all meetings of the Board and Board Committees and the minutes of such meetings were promptly circulated to all Board and Board Committees as appropriate.

CORPORATE GOVERNANCE REPORT

The Group practices open communication where the Board and Board Committees have access to independent professional advice as and when required, at the expenses of the Company.

The key roles of the company secretary are as follows:

- assist the Chairman and the Chairman of each Board Committee in the development of the agendas for the various Board and Board Committee meetings;
- administers and attends all Board and Board Committee meetings of the Company and prepares minutes of meetings;
- ensuring that Board procedures are observed and that relevant rules and regulations, including requirements of the Company's Constitution, Companies Act, Securities and Futures Act (Chapter 289) of Singapore and the SGX-ST Listing Manual Section B: Rules of Catalist (Chapter 50) of Singapore (the "Catalist Rules") are complied with; and
- advising the Board on all governance matters as well as facilitating orientation and assisting with professional developments as directed by the Chairman.

The appointment and removal of the company secretary is subject to the approval of the Board.

Principle 2: Board Composition and Guidance

The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

Provision 2.1: Directors' independence

As at the date of this Report, the Company is in compliance with Provision 2.1 of Code 2018.

The Board comprises five (5) members, out of which two (2) are Executive Directors and three (3) are Independent Non-Executive Directors.

The Chairman of the Board is an Independent Director and not part of the Management team. The Chairman and the Group CEO are also not immediate family members.

The Board assesses the independence of each Director in accordance with the guidance provided in Code 2018 as well as Rule 406(3)(d) of the Catalist Rules. An Independent Director is one who is independent in conduct, character and judgement and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of his/her independent business judgement in the best interests of the Company.

On an annual basis, each Independent Director is required to complete a "Confirmation of Independence" form to confirm his/her independence. The said form was drawn up based on the definitions and provisions set forth in the Code 2018. The Directors are required to disclose to the Board any such relationship as and when it arises and the Board will state the reasons if it determines that a director is independent notwithstanding the existence of a relationship or circumstances which may appear relevant to the Board's determination.

CORPORATE GOVERNANCE REPORT

The NC also examined the different relationships identified by Code 2018 that might impair each Independent Director's independence and objectivity, and concluded that all the Independent Directors are able to exercise independent business judgement in the best interests of the Company and its shareholders.

The Independent Directors have confirmed their independence in accordance with the Code 2018 and Rule 406(3)(d) of the Catalyst Rules and noted that none of the Independent Directors has any relationship with the Company, its related corporations, substantial shareholders or officer, which could interfere or be perceived to interfere with the Director's independent judgement.

There is currently no Independent Director who has served on the Board for more than nine years.

Provisions 2.2 and 2.3: Independent Directors make up a majority of the Board where the Chairman is not Independent and Non-Executive Directors make up majority of the Board

Provisions 2.2 and 2.3 of the Code 2018 are met as the Independent Non-Executive Directors (including the Chairman) make up 3/5 of the Board.

The Chairman of the Board is an Independent Director and all Non-Executive Directors are independent.

The Board believes there is a strong element of independence and that no individual or small group of individuals dominates the Board's decision making. The Board exercises independent judgment on corporate affairs and provides Management with a diverse, professional and objective perspective on issues.

Non-Executive Directors, whom currently are all independent, constructively challenge and help develop the Group's proposals on business strategies. Management's progress in implementing the agreed business strategies are monitored by the Non-Executive Directors through regular updates by the Management via emails as well as at the Board and Board Committee meetings.

Provision 2.4: Size and composition of the Board and Board Committee; Board diversity policy

The Board is of the opinion that it would be most effective to draw on the wealth of experience from the longer serving directors while concurrently taking progressive steps to review and consider opportunities to refresh the Board as and when deemed required.

The Board would conduct regular reviews on its existing Board members' competencies, which includes considering factors such as the expertise, skills and experience, so as to ensure that the Board dynamics remain optimal to meet ongoing challenges in the industry and in key countries such as Singapore and Malaysia which the Group operates in.

The Board's policy in identifying director nominees is primarily to have an appropriate mix of members with complementary skills, gender, core competencies and experience for the Group.

CORPORATE GOVERNANCE REPORT

The following table shows the diversity of skills, experience and knowledge possessed by the current Board members:

	Number of Directors	Proportion of Board (%)
Core Competencies		
Accounting or finance	2	40
Business management	4	80
Legal or corporate governance	4	80
Relevant industry knowledge or experience	2	40
Strategic planning experience	5	100
Customer based experience or knowledge	2	40

The Board has taken the following steps to maintain or enhance its balance and diversity:

- Annual review by the NC to assess if the existing attributes and core competencies of the Board are complementary and to enhance the efficacy of the Board; and
- Annual evaluation of the skill sets of each director, with a view to understand the type of expertise which is lacking by the Board.

The NC will consider the results of these reviews in its recommendation for appointment of new directors, re-election and/or the re-appointment of incumbent directors.

The key information of the Directors, including academic and professional qualifications, appointment dates and present directorships, are set out on pages 12 to 13 of this Annual Report.

Under the Board Diversity Policy, the NC is responsible for reviewing and assessing the composition of the Board and making recommendations to the Board on the appointment of new directors. To achieve an optimum balanced composition of the Board, the NC will consider candidates based on merit, Board diversity (in terms of gender, age and ethnicity), and the nature and scope of the Company's operation and business requirements.

The current Board composition reflects the Company's commitment to Board diversity, especially in terms of female representation (20%), diverse age range (53 to 70 years old). The NC will continue to review the Board Diversity Policy, as appropriate, to ensure its effectiveness, and will recommend appropriate revisions to the Board for consideration and approval. Any updates or progress made towards implementing the Board Diversity Policy will be disclosed in the Corporate Governance Report, as appropriate.

Provision 2.5: Independent Directors meet regularly without the presence of the Management

The Independent Directors have met up informally at least once in the absence of other Directors and the Management in FY2020. The Independent Directors discuss matters of significance and will provide feedback to the Board and Chairman after such meetings as appropriate.

CORPORATE GOVERNANCE REPORT

Principle 3: Chairman and CEO

There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision making.

Provision 3.1: Chairman and CEO are separate persons

Provision 3.2: Division of responsibilities between Chairman and CEO

The roles of the Independent Non-Executive Chairman and Group CEO are separate to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making. As Independent Non-Executive Chairman of the Board, Mr Goh Teck Sia (Mr Goh) bears responsibility for the function of the Board. Mr Tsng Joo Peng (Mr Tsng), as Group CEO, bears the responsibilities for running the daily operations of the Group's business. There is no familial relationship between the Independent Non-Executive Chairman, Mr Goh, and the Group CEO, Mr Tsng.

Mr Choy Bing Choong (Mr Choy) works with the Group CEO, Mr Tsng to oversee financial, administrative, human resource, investor relations, regulatory, compliance and investment functions and is responsible for the execution of the Group's business strategies and plans.

The Independent Non-Executive Chairman, leads the Board to ensure effectiveness on all aspects of its role. With assistance from the company secretary who co-ordinates with Management and the Group CEO, the Independent Non-Executive Chairman sets the meeting agenda and ensures that the Directors are provided with complete, adequate and timely information. Board papers are sent to the Directors at least five (5) days in advance in order for Directors to be adequately prepared for the meetings. The Independent Non-Executive Chairman ensures effective communication with shareholders and encourages constructive relations within the Board and between the Board and Management by promoting a culture of transparency and openness. Key personnel who can provide additional insights into matters to be discussed at the Board and/or Board Committee meetings are invited to carry out presentations or attend the Board and/or Board Committee meetings at the relevant time. The Independent Non-Executive Chairman also facilitates the effective contribution of Non-Executive Directors and promotes high standards of corporate governance within the Group.

The Group CEO works with the Board to determine the strategy for the Group and is responsible for the Group's business performance. The Group CEO also work with the Management of the Group to ensure that the Group operates in accordance with its strategic and operational objectives.

Provision 3.3: Lead Independent Director

Mr Goh is an Independent Non-Executive Director who is also the Chairman of the Board. Hence, the Board is of the view that there is no need to appoint a lead independent director for the time being.

Principle 4: Board Membership

The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

CORPORATE GOVERNANCE REPORT

Provision 4.1: NC to make recommendations to the Board on relevant matters**Provision 4.2: Composition of NC**

The NC comprises three (3) Independent Directors (including the Chairman of the Board), namely Mr Mahtani Bhagwandas, Ms Lau Lee Hua and Mr Goh Teck Sia. The Chairman of the NC is Mr Mahtani Bhagwandas.

The responsibilities of the NC include making recommendations to the Board on succession planning; the process and criteria for evaluation of the performance of the Board, its board committees and directors; training and professional development programmes for the Board and its directors; and all appointments, re-election and/or re-appointments of directors.

The NC is guided by key terms of reference as follows:

- (a) evaluate and review nominations for appointment and re-appointment to the Board and the various Board Committees;
- (b) nominate director(s) for re-election at the Annual General Meeting (AGM), having regard to the directors' contribution and performance, taking into consideration the composition of the Board and progressive renewal of the Board, how the director fits into the overall competency matrix of the Board, as well as the directors' contribution and performance at Board and/or Board Committee meetings, including attendance, preparedness and participation at the Board and/or Board Committee meetings;
- (c) determine annually whether or not a director is independent as set out in the Code 2018;
- (d) recommend to the Board the process of evaluating the performance of the Board, the Board Committees and individual directors and propose objective performance criteria to assess the effectiveness of the Board as a whole and the contribution of each director and annual assessment of the effectiveness of the Board;
- (e) decide whether a director who has multiple board representations is able to and has been adequately carrying out his/her duties as a director of the Company;
- (f) review and make recommendations to the Board on relevant matters relating to the succession plans of the Board (in particular, the Non-Executive Chairman/Group CEO) and senior management personnel;
- (g) review of training and professional development programmes for the Board;
- (h) implement and monitor the Board Diversity Policy and review and make recommendations to the Board on the diversity of skills, gender, core competences, experiences, size and composition of the Board.

CORPORATE GOVERNANCE REPORT

Provision 4.3: Process for the selection, appointment and re-appointment of Directors

The Board assesses and evaluates whether new and/or retiring Directors to be re-appointed are properly qualified for appointment by virtue of their skills, experience and contributions, in line with the following process:

Process for the Selection and Appointment of New Directors		
1.	Determination of selection criteria	The NC, in consultation with the Board, would identify the current needs of the Board in terms of skills, experience and knowledge to complement and strengthen the Board.
2.	Search for suitable candidates	The NC would consider candidates proposed by the directors, key management personnel or substantial shareholders, and may engage external search consultants where necessary.
3.	Assessment of shortlisted candidates	The NC would meet and interview the shortlisted candidates to assess their suitability.
4.	Appointment of Director	The NC would recommend the selected candidate to the Board for consideration and approval.
Process for the Re-electing Incumbent Directors		
1.	Assessment of Director	The NC reviews and ensures that the director to be re-nominated or appointed is able to contribute to the on-going effectiveness of the Board, has the ability to exercise sound business judgment, and has demonstrated leadership experience, high levels of professional skills and appropriate personal qualities.
2.	Re-appointment of Director	Subject to the NC's satisfactory assessment, the NC would recommend the proposed re-appointment of the Director to the Board for its consideration and approval. Each NC member shall abstain from voting on any resolutions in respect of his/her re-nomination and re-election. The directors to be re-elected and re-appointed at the forthcoming AGM has been listed hereunder.

Pursuant to Regulation 90 of the Company's Constitution, at least one-third of the directors for the time being (or if their number is not multiple of three, the number nearest to one-third) with a minimum of one, shall retire from office by rotation at each AGM of the Company and all directors shall retire from office once every three years. The Company's Constitution further states that a retiring director shall be eligible for re-election at the AGM of the Company.

The NC has reviewed and considered the directors' integrity, independence, character, contribution and performance (such as attendance, participation, preparedness and candour) and any other factors determined by the NC. The NC has recommended the re-nomination and re-election of Mr Mahtani Bhagwandas and Mr Tsng Joo Peng who will be retiring as Directors at the forthcoming AGM pursuant to Regulations 90. Mr Tsng Joo Peng has offered himself for re-election. Mr Mahtani Bhagwandas has decided to retire after the conclusion of the AGM. The Board has accepted the recommendation of the NC.

Upon his retirement, Mr Mahtani Bhagwandas will cease to be the Chairman of the NC and the member of the ARC and the RC. The Company will consult the NC to appoint an Independent Director within three months, from Mr Mahtani Bhagwandas' cessation, in compliance to the Code 2018 and Catalist Rules. The Company is currently identifying and evaluating a potential new director.

Mr Tsng Joo Peng will upon re-election as a Director of the Company, remain as an Executive Director and Group Chief Executive Officer.

CORPORATE GOVERNANCE REPORT

The information as required under Rule 720(5) of the Catalist Rules relating to Mr Tsng Joo Peng who will be retiring at the forthcoming AGM have been listed under pages 61 to 64 of this Annual Report.

Alternate directors will be appointed as and when the Board deems necessary. Circumstances which warrant such appointments may include health, age related concerns as well as Management's succession plans.

As of the date of this Annual Report, the Company does not have any alternate directors.

Provision 4.4: Circumstances affecting Director's independence

As described under Principle 2 of this report, the Company has put in place a process to ensure the continuous monitoring of the independence of the Directors. Each Independent Director is required annually to complete a checklist to confirm his independence. Further, an Independent Director shall immediately disclose to the NC any relationships or circumstances that could interfere, or be reasonably perceived to interfere, with the exercise of his or her independent business judgement in the best interests of the Company. The NC is of the view that the Independent Directors are independent. As at the date of this report, there is no relationship or circumstance set forth in Provision 2.1 of the Code 2018 and Rule 406(3)(d) of the Catalist Rules which put the independence of the Independent Directors in question.

Provision 4.5: Multiple listed company directorships and other principal commitments

The NC ensure that new directors are aware of their duties and obligations. The Company discloses in its Annual Report the listed company directorships and principal commitments of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties. The NC is of the view that Directors who serve on multiple boards are able to devote sufficient time and attention to the Company's affairs in light of other commitments held by them, and that the maximum number of listed company board representations which any non-executive director may hold be not more than six. A director who holds more than six board representations should be rigorously assessed by the Board to ensure that sufficient time and attention is given to the affairs of each company and he/she is able to and has been adequately carrying his/her duties as a director of the Company.

In particular, the NC reviewed the Directors' time commitments in FY2020, and the NC and the Board noted that, notwithstanding the number of other non-listed directorships that Mr Mahtani Bhagwandas holds, he has been able to attend all Board meetings and has contributed to the discussions at such meetings. The NC and the Board noted that he has also assisted the Management, in addition to Board meetings, on strategic discussions. Please refer to the section - Disclosure of key information regarding Directors in FY2020 Annual Report for information of the listed company directorships and principal commitments of each director.

The considerations in assessing the adequacy of the directors' commitments include the following:

- Expected and/or competing time commitments of directors;
- Geographical location of directors;
- Size and composition of the Board; and
- Nature and scope of the Group's operations and size.

CORPORATE GOVERNANCE REPORT

The measurement and evaluation tools put in place to assess the performance time commitments of the directors include the following:

- Declarations by individual directors of board directorships and principal commitments in other company(ies);
- Annual confirmations by each director on his/her ability to devote sufficient time and attention to the Company's affairs, having regard to his/her other commitments; and
- Assessment of the individual directors' performance based on the criteria as set out in page 45 of this Annual Report.

The NC has reviewed and is of the view that each of the directors have given sufficient time and attention to the Company's affairs and is satisfied that all directors have discharged their duties adequately in FY2020.

Principle 5: Board Performance

The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its Board Committees and individual directors.

Provision 5.1: Performance criteria and process for evaluation of the effectiveness of the Board

Provision 5.2: Disclosure on the conduct of assessment of the Board, Board Committees and each Director

The following table sets out the performance assessment criteria as recommended by the NC and approved by the Board, to be relied upon on an annual basis to assess the effectiveness of the Board as a whole and of each board committee separately, as well as the contribution by the Chairman and each Director to the Board effectiveness.

Each Director completes a board assessment questionnaire and the responses are presented to the NC for review, following which the NC will recommend to the Board key areas for improvement and follow-up actions.

Performance Criteria	Board and Board Committees	Individual Directors
Qualitative	1. Size and composition 2. Board processes and conduct of meetings 3. Access to information 4. Board processes 5. Group CEO and succession planning 6. Board accountability 7. Risk management and internal control 8. Remuneration 9. Financial Reporting 10. Communication with shareholders 11. Standard of conduct	1. Commitment of time 2. Knowledge and abilities 3. Teamwork 4. Independence 5. Overall effectiveness
Quantitative	Measuring and monitoring performance	Attendance at Board and Board Committee meetings

CORPORATE GOVERNANCE REPORT

The NC would review the criteria on a periodic basis to ensure that the criteria is able to provide an accurate and effective performance assessment taking into consideration industry standards and the economic climate with the objective to enhance long-term shareholders' value and thereafter, to propose amendments, if any, to the Board for approval.

For FY2020, the NC is of the view that the Board and Board Committees have fared well against the performance criteria and the NC is satisfied with the performance of the Board and Board Committees. In addition, the NC is also satisfied that sufficient time and attention has been given by the Directors to the affairs of the Company, notwithstanding that some of the Directors have multiple board representations. No external facilitator was used in the evaluation process for FY2020.

The review of the performance of each director is conducted annually in accordance with the performance criteria as set out in the table under Provision 5.2 and the results have been presented to the NC for discussion. The performance of each director will be taken into account during re-nomination and re-election.

For FY2020, the NC is of the view that the performance of each individual Director is satisfactory.

In line with the Company's values to develop its staff to their fullest potential, the Group is rolling out/has rolled out a leadership development scheme under the NatCool Academy branding. NatCool Academy will groom future leaders who can help the Group to identify and capitalise on global opportunities. Under the NatCool Academy, employees will have a chance to develop skills that are relevant for middle management and senior management roles. Some of the training programmes include leadership, digital transformation, sales and marketing.

The NC has full authority to engage external facilitators to assist the NC to carry out the evaluation process, if the need arises.

Principle 6: Procedures for Developing Remuneration Policies

The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Provision 6.1: RC to recommend remuneration framework and packages

Provision 6.2: Composition of RC

The RC comprises three (3) Independent Directors (including the Chairman of the Board), namely Mr Goh Teck Sia, Ms Lau Lee Hua and Mr Mahtani Bhagwandas. The Chairman of the RC is Mr Goh Teck Sia.

The RC's primary function is to develop a formal and transparent policies for remuneration of the Board, key management personnel and employees who are related to the controlling shareholders, directors and Group CEO. The RC also reviews and ensures that the Company's remuneration system is appropriate to attract, retain and motivate the required talent to run the Company successfully. The overriding principle is that no directors should be involved in deciding his/her own remuneration.

The RC is guided by key terms of reference as follows:

- (a) reviews and recommends to the Board a framework of remuneration for Board members and key management personnel, and the specific remuneration packages for each director (executive and independent) as well as for the key management personnel;

CORPORATE GOVERNANCE REPORT

- (b) ensuring that a formal and transparent procedure is in place for developing policy on executive remuneration and for determining the remuneration packages of individual directors and key management personnel; and
- (c) reviews the performance of the Group's key management personnel taking into consideration the Group CEO's assessment and recommending for remuneration and bonus.

Provision 6.3: RC to consider and ensure all aspects of remuneration are fair

The remuneration received by the Executive Directors and key management personnel takes into consideration his/her individual performance and contribution towards the overall performance of the Group for FY2020. Their remuneration is made up of fixed and variable compensations. The fixed compensation consists of an annual base salary, fixed allowance and annual wage supplement. The variable compensation is determined based on the level of achievement of corporate and individual performance objectives.

The following performance evaluation criteria are set for the Group to remain competitive and to motivate the Executive Directors and key management personnel to work in alignment with the goals of all stakeholders:

Performance Conditions	Short-term Incentives (such as performance bonus)	Long-term Incentives (such as the ESOS)
Qualitative	- Leadership - People development - Commitment - Teamwork - Current market and industry practices - Macro-economic factors	- Leadership - People development - Commitment - Teamwork - Current market and industry practices - Macro-economic factors
Quantitative	PBT* of at least S\$3.5m	Relative financial performance of the Group over a 5 years period to its industry peers.

* PBT means the Group's audited consolidated profit before tax before payment of any bonus. This criteria is pursuant to the service agreements signed between the Executive Directors and the Company and excluding any gains earned from extraordinary and exceptional items.

The RC has reviewed and is satisfied that, save for the quantitative performance condition for PBT of at least S\$3.5 million, the performance evaluation criteria were met by the Executive Directors and key management personnel for FY2020.

The RC ensures that a formal and transparent procedure is in place for fixing the remuneration packages of individual directors and key management personnel. All respects of the remuneration framework, including but not limited to directors' fees, salaries, allowances, bonuses, the awards to be granted under the performance share plan, options to be issued under the employee share option scheme, termination terms as well as other benefits-in-kinds are reviewed by the RC and ensure they are fair. The recommendations of the RC are recommended to the Board for approval. The procedure is reviewed periodically to ensure they remain competitive and relevant.

The remuneration of employees who have any familial relationships with the directors, key management personnel, Group CEO and controlling shareholders, will also be reviewed annually by the RC to ensure that their remuneration packages are in line with the employees' remuneration guidelines and commensurate with their respective job scopes and level of responsibilities. Any bonuses, pay increments and/or promotions for these related employees will also be subject to the review and approval of the RC. In the event that a member of the RC is related to the employee(s) under review, he/she will abstain from participating in the review, discussion and approval.

CORPORATE GOVERNANCE REPORT

The framework for Non-Executive Directors and Board Committees' fees (per annum basis unless otherwise indicated) are as follows:

Role	Member	Chairman
Board of Directors	S\$25,000	Additional S\$10,000
Audit and Risk Committee	S\$10,000	Additional S\$10,000
Remuneration Committee	S\$5,000	Additional S\$5,000
Nominating Committee	S\$5,000	Additional S\$5,000

The Executive Directors and key management personnel each have an employment contract with the Company which can be terminated by the Company without prejudice to and in addition to any other remedy by giving not less than three (3) months' notice of termination and vice versa. The appointments of Executive Directors do not have onerous removal clauses contained in their respective employment contracts and will be reviewed to reflect their strategic importance to the Group.

Provision 6.4: Engagement of Remuneration experts

The Company has not engaged any remuneration consultants to seek advice on remuneration matters during FY2020. Moving forward, the RC will consider the need to engage such external remuneration consultants and where applicable, it will review the independence of the external firm before engaging them.

Principle 7: Level and Mix of Remuneration

The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

Provisions 7.1 and 7.3: Remuneration of Executive Directors and key management personnel are appropriately structured to encourage good stewardship and promote long-term success of the Company

The Company's remuneration structure for its Executive Directors and key management personnel comprises both fixed and variable components. The variable component is performance related and is linked to the Company's performance as well as individual performance. It is designed to align remuneration with the shareholders' interest and to link rewards with corporate and individual performance to promote long-term success of the Group.

For the purpose of assessing the performance of the Executive Directors and key management personnel, specific performance indicators are agreed for each financial year and such indicators comprise both quantitative and qualitative factors.

Executive Directors and key management personnel do not receive directors' fees from the Company or its subsidiaries/ associated companies if they are appointed to the Board as stipulated in the Group's remuneration policy.

CORPORATE GOVERNANCE REPORT

Contractual Provision to Reclaim Incentive Components of Remuneration

The Company currently does not have any contractual provisions which allows it to reclaim incentives from the Executive Directors and key management personnel in certain circumstances. The Board is of the view that as the Group pays performance bonuses based on the actual performance of the Group and/or Company (and not on forward-looking results) as well as the actual results of its Executive Directors and key management, "claw-back" provisions in the service agreements may not be relevant or appropriate.

Long-term Incentive Scheme

The Company has adopted a performance share option plan known as the "Natural Cool Employee Share Option Scheme" (NCH ESOS) and a performance share plan (NCH PSP). The NCH ESOS and NCH PSP provide an opportunity for employees and directors who have contributed significantly to the growth and performance of the Group to participate in the equity of the Company to motivate them to greater dedication, loyalty and higher standards of performance and to give recognition for past contributions and services.

As at the date of this Annual Report, no options have been granted under the NCH ESOS, nor any shares under the NCH PSP.

Provision 7.2: Remuneration of Non-Executive Directors dependent on contribution, effort, time spent and responsibilities

The RC and the Board are of the view that the remuneration of the Non-Executive Directors is appropriate, without compromising their independence, in accordance with the market condition and taking into account factors such as effort and time spent and the increasingly onerous responsibilities of the directors.

Principle 8: Disclosure on Remuneration

The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provisions 8.1 and 8.3: Remuneration disclosures of Directors and key management personnel and details of employee share schemes

The Management has confirmed that the Group's remuneration policy has been set to align remuneration with the interests of shareholders and link rewards with corporate and individual performance to promote the long-term sustainability of the Group.

The breakdown for the remuneration of the Directors for FY2020 is as follows:

Breakdown of Remuneration in Percentage (%)						
Name	Remuneration Band	Salary (%)	Bonus (%)	Benefits-in-kind (%)	Directors Fees (%) ⁽¹⁾	Total (%)
Tsng Joo Peng	S\$500,000 to S\$749,999	75	19	6	–	100
Choy Bing Choong ⁽²⁾	S\$500,000 to S\$749,999	77	19	4	–	100
Goh Teck Sia	Below S\$250,000	–	–	–	100	100
Lau Lee Hua	Below S\$250,000	–	–	–	100	100
Mahtani Bhagwandas	Below S\$250,000	–	–	–	100	100

Notes:–

(1) The Director's fees for FY2020 have been approved by shareholders at the AGM held on 28 April 2020.

(2) Mr Choy Bing Choong was appointed as Executive Director and Group Chief Operating Officer with effect from 1 March 2020. He was the Chief Investment Officer of the Company prior to his appointment as Executive Director and Group Chief Operating Officer.

CORPORATE GOVERNANCE REPORT

After reviewing the industry practice and analysing the advantages and disadvantages in relation to the disclosure of specific remuneration of each director and key management personnel, the Company is of the view that such disclosure would be prejudicial to its business interest given the highly competitive environment, commercial sensitivity and confidential nature of remuneration matters.

The Management has confirmed that there is no termination, retirement, or post-employment benefits that may be granted to the Directors, Group CEO and key management personnel.

Remuneration of Key Management Personnel (Other than Directors)

Management has confirmed the breakdown for the remuneration of the Company's key management personnel (who are not Directors/Group CEO) for FY2020 is as follows:

Breakdown of Remuneration in Percentage (%)				
Name	Salary (%)	Bonus (%)	Benefits-in-kind (%)	Total (%)
S\$250,000 to S\$499,999				
Neo Han Cheng	82	14	4	100
Tan Kian Yong	84	14	2	100
Lee Wan Kah	85	13	2	100
Below S\$250,000				
Teng Gek Chui	90	8	2	100

The Company has four (4) key management personnel in FY2020. The total remuneration paid to the top four (4) key management personnel for FY2020 was S\$1,157,526.

Employee Share Option Scheme and Performance Share Plan

For FY2020, no options and shares have been granted under NCH ESOS and NCH PSP. Please refer to Provision 7.1 for details.

Provision 8.2: Remuneration disclosure of related employee

Save for the Executive Directors in FY2020, there are no employees who were substantial shareholders of the Company during this period.

The Group does not have any employee who is an immediate family member of a Director/Group CEO of the Company and whose remuneration exceeds S\$100,000 during FY2020.

CORPORATE GOVERNANCE REPORT

ACCOUNTABILITY AND AUDIT

Principle 9: Risk Management and Internal Controls

The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

Provision 9.1: Board determines the nature and extent of significant risks

The Board is responsible for the management of the Group's significant risks and is assisted by the ARC in the oversight of the risk management and internal control systems of the Group.

A summary of the Company's risk management and internal controls system is appended below:

The Group recognises risk management as a collective effort beginning with each business units followed by the operating segments and ultimately the Management and the Board, working as a team. The Group CEO and Management of the Company assume responsibilities of the risk management function where they regularly assess and review the Group's business and operational environments to identify areas of significant financial, operational, compliance and information technology risks.

The Board has approved the Enterprise Risk Management (ERM) framework for the identification of key risks of the Group. Key risks of the Group are tabled to the Board for review and undertaking of the necessary actions.

The ARC is responsible for reviewing the audit reports from the internal auditors and external auditors and assists the Board in overseeing the Management in the formulation, updating and maintenance of an adequate and effective risk management framework and internal controls. The Board, with the assistance of the ARC, is responsible for the governance of risk by ensuring the adequacy and effectiveness of the system of risk management and internal controls.

The Group has implemented policies and procedures to enhance the Group's internal control function in areas such as finance, operations, compliance and information technology. The internal control measures aim to ensure that the Group's assets are safeguarded, proper accounting records are maintained, financial information are used within the business and information to be published are reliable.

The ARC, with the assistance of the internal and external auditors, annually reviews the adequacy and effectiveness of the Group's risk management and internal control systems, including financial, operational, compliance and information technology controls.

The internal auditor, Mazars LLP, has carried out internal audit on the system of internal controls and reported the findings to ARC. The external auditor, KPMG LLP, has also, in the course of their statutory audit, gained an understanding of the key financial controls assessed to be relevant to the statutory audit.

The Company's internal auditors conduct an annual review of the effectiveness of the Company's material internal controls, including financial, operational, compliance and information technology controls, and a risk assessment at least annually to ensure the adequacy thereof. The findings of the review conducted by the internal auditors together with the review undertaken by the external auditors as part of their statutory audit are presented in their findings to the ARC. Any material non-compliance or failures in internal controls and recommendations for improvements are reported to the ARC. The ARC also reviews the effectiveness of the actions taken by the Management on the recommendations made by the internal auditors and external auditors in this respect.

CORPORATE GOVERNANCE REPORT

Provision 9.2: Assurance from CEO, Chief Financial Officer and other key management personnel

The Group CEO and Financial Controller (FC) of the Company have provided a written assurance to the ARC and the Board that the integrity of the Company's financial records have been properly maintained and the financial statements give a true and fair view of the Company's operation and finances.

The Group CEO and other key management personnel have provided a written assurance to the ARC and the Board on the Company's risk management and internal control systems are adequate and effective.

Based on the ERM framework and internal controls established and maintained by the Group, work performed by the internal auditors, statutory audit performed by the external auditors and the written representation from the Management, the Board, with the concurrence of the ARC, is of the view that, the Group's risk management and internal control systems (including the financial, operational, compliance and information technology controls) were adequate and effective as at 31 December 2020.

The internal controls and risk management systems established by the Group provides reasonable but not absolute assurance that the Group will not be adversely affected by any event that can reasonably be foreseen as it strives to achieve its business objectives. However, the Board also notes that no system of internal controls and risk management can provide absolute assurance against the occurrence of material errors, poor judgement in decision making, human errors, losses, fraud or other irregularities. As such, the Group's risk management and internal control systems are regularly evaluated and improved to ensure its relevance and adequacy in relation to the Group's operations.

Principle 10: Audit and Risk Committee

The Board has an Audit and Risk Committee which discharges its duties objectively.

Provision 10.1: Duties of ARC

Provision 10.2: Composition of ARC

Provision 10.3: ARC does not comprise former partners or directors of the Company's auditing firm

All members of the ARC are Independent Non-Executive Directors who do not have any management and significant business relationships with the Company or any substantial shareholders of the Company. None of the ARC members were previous partners or directors of the Company's external audit firm within the last 2 years and none of the ARC members hold any financial interest in the Company's external audit firm.

The ARC Chairman has necessary accounting and related financial management experience and expertise. On top of that, one of the ARC members also serves as an ARC of another SGX listed company. Therefore, the Board considers that the ARC members are appropriately qualified to discharge their responsibilities.

The ARC's responsibilities, as set out in its terms of reference, include the following:

- (i) Review with the external and internal auditors:–
 - (a) their audit plan, including the nature and scope of the audit before the audit commences;
 - (b) ensure Quality Assurance Review is independently conducted at least once every five years;
 - (c) discuss Key Audit Matters with external auditors and ascertain if there are any follow up actions which should be taken to reduce the extent of the uncertainty and corresponding need for judgement for future periods;

CORPORATE GOVERNANCE REPORT

- (d) their evaluation of the system of internal controls including financial, operational, compliance and information technology controls and risk management system;
 - (e) their audit report; and
 - (f) their management letter and management response;
- (ii) Review internal control procedures, its scope and results to ensure co-ordination between the internal/external auditors and the Management, including assistance given by our Management to the internal/external auditors and discuss problems and concerns, if any, arising from the interim and final audit;
- (iii) Review the adequacy, effectiveness, independence, scope and results of the external audit and internal audit function;
- (iv) Review half-year and annual financial statements to ensure integrity of the financial statements before submission to the Board for approval, focusing in particular, on:
- (a) significant financial reporting issues and judgements;
 - (b) changes in accounting policies and practices;
 - (c) major risk areas;
 - (d) significant adjustments resulting from the audit;
 - (e) the going concern statement;
 - (f) compliance with accounting standards;
 - (g) compliance with stock exchange and statutory or regulatory requirement; and
 - (h) any announcement relating to the Company's financial performance;
- (v) Review and report to Board at least annually on the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls and risk management system;
- (vi) Review and discuss with the external auditors, any suspected fraud or irregularity, or suspected infringement of any law, rules or regulations, which has or is likely to have material impact on the Company's operating results or financial position and Management's response;
- (vii) Meet with external auditors and with the internal auditors without the presence of Management, at least annually;
- (viii) Review interested person transactions (if any) falling within the scope of Chapter 9 of SGX-ST;
- (ix) Make recommendations to the Board on proposals to shareholders relating to the appointment, re-appointment and removal of the external auditors, and approve the remuneration and terms of engagement of the external auditors;
- (x) Review the adequacy, effectiveness, independence, scope and results of the external audit and the Group's internal audit function;
- (xi) Review the assurance from the Group CEO and the FC on the financial records and financial statements;

CORPORATE GOVERNANCE REPORT

- (xii) Report to the Board its findings from time to time on matters arising and require the attention of the ARC;
- (xiii) Undertake such other reviews and projects as may be requested by the Board;
- (xiv) Provide arrangements whereby concerns on possible financial improprieties or, other matters raised by whistleblowers are investigated independently and appropriate follow-up action taken;
- (xv) Undertake such other functions and duties as may be required by statute or Catalist Rules, and by such amendments made thereto from time to time; and
- (xvi) Investigate any matters within its terms of reference, with full access to and the co-operation of Management and full discretion to invite any director or executive officer to attend its meeting, and reasonable resources to enable it to discharge its functions properly.

The Group has complied with Rules 712 and 716 of the Catalist Rules in relation to the appointment of its external auditor. The ARC has reviewed the non-audit services provided by the external auditors and is satisfied that the nature and extent of such services would not prejudice the independence of the external auditors and has recommended the re-appointment of the external auditor at the forthcoming AGM.

Fees Paid/Payable to the External Auditors for FY2020		
	S\$'000	% of total
Audit fees		
– Auditor of the Company	188	74
– Other auditors (for certain subsidiaries)	42	16
Non-audit fees		
– Auditor of the Company	26	10
Total	256	100

The ARC reviews the independence of the external auditors annually. The ARC has conducted an annual review of the volume of non-audit services provided by the external auditors to ensure that the nature and extent of such services will not prejudice the independence of the external auditors. The ARC is satisfied with the external auditors' confirmation of their independence and is of the view that the non-audit services rendered in FY2020 in relation to tax compliance were not substantial.

Whistleblowing Policy

The Company has put in place a whistleblowing policy which has been reviewed, endorsed by the ARC and approved by the Board. Under the whistleblowing policy, employees and external parties can, in confidence, raise concerns about improper conduct for investigation.

The procedures for whistleblowing policy are made known on the Group's corporate website at the URL <http://naturalcool.listedcompany.com>, not just to the employees of the Group but also external parties. Whistleblowers are given an option to anonymously report any misconducts to the ARC Chairman via a dedicated secured e-mail address (report.nch@natcool.com).

CORPORATE GOVERNANCE REPORT

Follow-ups will be made to assist with the investigations or to disclose the outcomes of the investigations in the event that whistleblowers choose to provide their contact details.

To date, there is one matter was raised through the Group's whistleblowing channels. The whistleblower complaint was reviewed by the ARC at its annual meetings to ensure independent and thorough investigation and adequate follow-up.

Provision 10.4: Primary reporting line of the internal audit function is to ARC; Internal audit function has unfettered access to Company's documents, records, properties and personnel

The ARC oversees the Group's internal controls and risk management and its responsibilities are complemented by the work of the internal auditors.

The Group's internal audit function is outsourced to Messrs Mazars LLP that reports directly to the ARC Chairman and administratively to the FC. The ARC reviews and approves the internal audit plan to ensure the adequacy of the scope of audit and is responsible for the hiring, removal, evaluation and compensation of the accounting or auditing firm or corporation which the internal audit function of the Group is outsourced to.

The Group's internal audit function is independent of the activities it audits. The internal auditor has unrestricted access to the Company's documents, records, properties and personnel. The Group's engagement with the internal auditors stipulates that its work shall be guided by the International Standards for the Professional Practice of Internal Auditing (IIA Standards) issued by the Institute of Internal Auditors. As of the date of this Annual Report, the internal auditor is staffed with professionals with relevant experience and qualifications such as the Certified Internal Auditor qualification with the Institute of Internal Auditors.

At the beginning of each year, an annual Internal Audit plan which entails the review of the selected functions or business units of the Group is developed and agreed by the ARC. The ARC is satisfied that the Company's internal audit function is adequately resourced to perform the work for the Group.

The ARC is satisfied that internal auditors are independent, effective, and adequately resourced and qualified (given, inter alia, its adherence to standards set by internationally recognised professional bodies) and has the appropriate standing in the Company to discharge its duties effectively.

Provision 10.5: ARC meets with the auditors without the presence of Management annually

The ARC has met up with the internal and external auditors at least once in absence of key management personnel so that any concern and/or issue can be raised directly and privately in FY2020.

Significant Accounting Matters

In the review of the financial statements for FY2020, the ARC had discussed with the Management and the external auditors on changes to accounting standards and significant issues and assumptions that impact the financial statements. The most significant matters had also been included in the Independent Auditor's Report to the members of the Company under "Key Audit Matter". Following the review, the ARC is satisfied that this matter had been properly dealt with. The Board had approved the financial statements.

CORPORATE GOVERNANCE REPORT

Key audit matter	How the matter was addressed by the ARC
Impairment assessment of valuation of non-financial assets (Refer to Notes 4 and 5 to the financial statements)	The ARC considered the Management's approach and methodology applied to the valuation model in assessing the valuation of cash generating units (CGU) and took into account the observations and findings presented by external auditor with reference to: i) Management's assumptions including, revenue growth, gross profit margin, operating expenses, discount rates used and discussed such assumptions and assessment with Management; and ii) the qualifications, objectivity and competency of external valuer, and also the appropriateness of the key assumptions applied in the valuation. The above procedures provided the ARC with the assurance and the ARC was satisfied with the approach and methodology applied to the valuation model and Management's assumptions and estimates used in the impairment assessment.

SHAREHOLDERS' RIGHTS AND ENGAGEMENT

Principle 11: Shareholder rights and conduct of general meetings

The Company treat all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Provision 11.1: Company provides shareholders with the opportunity to participate effectively and vote at general meetings

The Company believes in providing sufficient and regular information to its shareholders. In this respect, the Board adopts a comprehensive policy to provide clear, timely and fair disclosure of information about the Company's business developments and financial performance to aid the shareholders in their investment decisions.

The Company also releases timely disclosures of any new material information, where applicable, to the shareholders on SGXNet.

The Company's principal form of dialogue with the shareholders takes place at general meetings. Notices of general meetings are released to shareholders, together with the Annual Report and/or circulars within the time notice period as prescribed by the relevant regulations. Where necessary, additional explanatory notes will be provided for relevant resolutions to be tabled at general meetings to enable shareholders to exercise their vote on an informed basis. At general meetings, shareholders will be given the opportunity to voice their views and direct their questions to the Board regarding the Company.

Shareholders are entitled to attend the general meetings of the Company and are afforded the opportunity to participate effectively in and vote at general meetings. An independent polling agent is appointed by the Company who will explain the rules, including the voting procedures, that governs the general meetings of the Company to be held.

CORPORATE GOVERNANCE REPORT

In line with the Catalist Rules, resolutions tabled at general meetings of the Company will be passed through a process of voting by poll which procedures will be clearly explained by an independent scrutineers at the Company's general meetings. For greater transparency and fairness in the voting process, voting at shareholders' meetings will be conducted by poll. This allows all shareholders present or represented at the meetings to vote on a one-share-one-vote basis. Results are announced in detail, showing the number of votes cast for and against each resolution and the respective percentages and the name of the independent scrutineer will be announced via SGXNet immediately after each general meeting. Electronic polling is not used due to the small turnout at AGM.

Pursuant to Covid-19 advisories issued by the relevant authorities in Singapore and the related safe distancing measures in Singapore, the general meetings of the Company in FY2020 were held by way of electronic means and shareholders were not able to attend the general meetings in person. To enable shareholders to participate in and vote effectively at general meetings held by way of electronic means, the Company set out detailed information on the arrangements relating to attendance at the general meetings, submission of questions in advance of the general meetings, addressing of substantial and relevant questions prior to or at the general meetings, and voting procedures for the general meetings. In view of the continuing Covid-19 situation, the Company will be conducting the forthcoming AGM in similar manner.

Provision 11.2: Separate resolution on each substantial separate issue

The Board notes that the best practice is to have separate resolutions on each substantially separate issue at general meetings. The Company shall avoid 'bundling' resolutions unless the resolutions are interdependent and linked so as to form one significant proposal. In situation where resolutions are inter-conditional, the Company will provide clear explanations. These meetings provide excellent opportunities to build shareholders' understanding of the Group's businesses, and obtain shareholders' feedbacks on value creation.

Provision 11.3: All Directors attend general meetings

The Company requires all Directors (including the respective Chairman of the Board Committees) to be present at all general meetings of the Company, except in cases of exigencies. The external auditors are also invited to be present at the AGM to address shareholders' queries about the conduct of audit and the preparation and content of the independent auditor's report. Relevant key management personnel will also be present at the general meetings of the Company to respond, if necessary, to operational questions from shareholders.

All Directors (including the respective Chairman of the Board Committees) and the external auditors attended the 2020 AGM.

Provision 11.4: Company's Constitution allow for absentia voting of shareholders

The Company's Constitution allows all shareholders to appoint not more than two (2) proxies to attend and vote on their behalf and also provides that a proxy need not be a shareholder of the Company. Registered shareholders who are unable to attend the general meetings are entitled to appoint up to two (2) proxies, unless the shareholder is a relevant intermediary (as defined in Section 181 of the Companies Act). A relevant intermediary may appoint more than two (2) proxies to participate in shareholders' meeting, but each proxy must be appointed to exercise rights attached to a different share or shares held by such shareholder. Relevant intermediary includes corporations holding licenses in providing nominee and custodial services and Central Provident Fund (CPF) Board which purchase shares on behalf of CPF investors. Voting in absentia and by electronic mail may only be possible following careful study to ensure that the integrity of the information and authentication of the identity of shareholder via the internet is not compromised.

CORPORATE GOVERNANCE REPORT

Provision 11.5: Minutes of general meetings are published on the Company's corporate website as soon as practicable

The minutes of general meetings, which include substantial comments or queries from shareholders and responses from the Board will be made available to shareholders on the Group's corporate website at the URL <http://naturalcool.listedcompany.com> and SGXNet within a month from the general meeting.

Provision 11.6: Dividend Policy

The Company does not have a fixed dividend policy. Nonetheless, Management will review, inter alia, the Group's performance in the relevant financial period, projected capital needs and working capital requirements and make appropriate recommendations to the Board on dividend declaration.

The Board is recommending 0.15 Singapore cent per ordinary share for FY2020 as the first and final one-tier tax exempt dividend payable to shareholders, subject to the approval of shareholders at the forthcoming AGM. The total dividend payable amounted to S\$0.37 million for FY2020.

Principle 12: Engagement with shareholders

The Company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

Provision 12.1: Company provides avenues for communication between the Board and shareholders and discloses steps taken to solicit and understand the views of shareholders

The Company does not practice selective disclosure of information. In line with the Company's continuous disclosure obligations pursuant to the Catalist Rules and the Companies Act, the Board adopts the policy that all shareholders should be equally and timely informed of all major developments that impact the Group.

Information will first be disseminated to the shareholders through SGXNet and where relevant, followed by press release(s) and the uploading to the Company's website. The Company will also make announcements from time to time to update investors and shareholders on developments that are of interest to them. The Company strives to supply shareholders with reliable and timely information to strengthen the relationship with its shareholders based on trust and accessibility.

Provisions 12.2 and 12.3: Company has in place an investor relations policy; Investor relations policy sets out mechanism of communication between the shareholders and the Company

The Company has an internal investor relations function to facilitate the communications with the stakeholders on a regular basis, attend to their queries or concerns as well as to keep the investors apprised of the Group's corporate developments and financial performance.

To enable the stakeholders to contact the Company easily, the contact details of the investor relations function have been set out at the last page of this Annual Report as well as on the Company's website. The Company have put in place procedures to respond to investors' queries.

CORPORATE GOVERNANCE REPORT

The Company has in place an investor relations policy which outlines the processes and practices that the Company adopts to ensure effective communication of information to shareholders and the investment community, in a timely manner. All disclosures of materials information are submitted to SGX-ST through SGXNet, and are made available on the Company's corporate website at the URL <http://naturalcool.listedcompany.com>.

The policy is subject to regular review by the senior management and the Board to ensure its effectiveness. Updates and amendments (as appropriate) will be made to reflect current best practices in our communication with shareholders and the investment community.

Principle 13: Managing stakeholders relationships and engagement with stakeholders

The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibilities to ensure that the best interests of the Company are served.

Provisions 13.1 and 13.2: Engagement with material stakeholder groups and its strategy and key areas of focus in relation to the management of stakeholder relationships during the reporting period

Since 2017, the Company has established a sustainability framework to outline how its contribution to global sustainability challenges will drive its future success. Our engagement with material stakeholder groups, including key areas of focus and engagement channels, are disclosed in the "Sustainability Report" section of the Annual Report. The Group's Sustainability Report is prepared in accordance to the Global Reporting Initiative Standards, Core Option and is in line with the requirements of the Catalist Rules on sustainability reporting. The Sustainability Report highlights the environment compliance, employment, occupational health and safety, anti-corruption and etc. The Company delivers long-term value to its stakeholders through sustainable business practices and corporate social responsibility.

Through the materiality assessment process, the Company identifies their key stakeholders who have direct influence on the business and operations. Our engagement with material stakeholder groups, including key issues and engagement platforms, are disclosed in its Annual Report 2020.

The Company sizes opportunities to engage our stakeholders and welcomes feedback on our Sustainability Report. The Sustainability Reporting Committee can be contacted via email at report.sr@natcool.com.

Provision 13.3: Corporate website to engage stakeholders

Stakeholders who wish to know more about the Group and our business, governance practices can visit our website at the URL <http://naturalcool.listedcompany.com>. Our website includes an investor relations section containing the Company's financial highlights, Annual Report, corporate announcements, data protection policy and whistleblowing policy.

OTHER CORPORATE GOVERNANCE MATTERS

Appointment of Auditors (Rules 712 and 716 of the Catalist Rules)

The Company confirms its compliance with Rules 712 and 716 of the Catalist Rules. As required by Rule 716 of the Catalist Rules, the ARC and the Board has satisfied themselves that the appointment of different auditors for its subsidiaries would not compromise the standard and effectiveness of the audit of the Group.

CORPORATE GOVERNANCE REPORT

Dealing in Securities (Rule 1204(19) of the Catalist Rules)

The Company has adopted an internal policy which prohibits the directors and officers of the Company from dealing in the securities of the Company while in possession of price-sensitive information.

The Company, its directors and officers are also discouraged from dealing in the Company's securities on short term considerations and are prohibited from dealing in the Company's securities during the period beginning one month before the announcement of the Company's half-year and full-year financial statements respectively, and ending on the date of the announcements of the financial results via SGXNet. They are also advised to be mindful of the laws on insider-trading at all times.

Interested Person Transactions (IPT) (Rule 1204(17) of the Catalist Rules)

The Company has established procedures to ensure that all transactions with interested party(ies) are reported on a timely manner to the ARC and Board and the transactions are carried out on normal commercial terms and will not be prejudicial to the interest of the Company and its minority shareholders.

All interested person transactions, if any, are reported to and monitored by the finance department, and reviewed by the ARC. Each Director must promptly disclose conflicts of interest, whether direct or indirect, in relation to any transaction or proposed transaction with the Company as soon as is practicable after the relevant facts have come to his/her knowledge, and recuse himself/herself when the conflict-related matter is discussed unless the Board is of the opinion that his/her presence and participation is necessary to enhance the efficacy of such discussions, and abstain from voting in relation to conflict-related matters. On an annual basis, each Director and key management personnel are also required to submit details of his/her associates for the purpose of monitoring interested persons transactions.

The Company confirms that there are no IPTs of S\$100,000 or more entered into for FY2020.

Material Contracts (Rule 1204(8) of the Catalist Rules)

There were no material contracts entered into by the Group involving the interest of the Group CEO, Directors or controlling shareholder(s), which are either still subsisting at the end of FY2020, if not then subsisting, entered into since the end of the previous financial year.

Non-Sponsor Fees (Rule 1204(21) of the Catalist Rules)

No non-sponsor fees were paid/payable to the Company's sponsor, PrimePartners Corporate Finance Pte. Ltd. for FY2020.

Additional information on Director seeking re-election pursuant to Rule 720(5) of the Catalist Rules

DIRECTORS' STATEMENT

We are pleased to submit this Annual Report to the members of the Company together with the audited financial statements for the financial year ended 31 December 2020.

In our opinion:

- (a) the financial statements set out on pages 72 to 137 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2020 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date in accordance with the provisions of the Singapore Companies Act, Chapter 50, Singapore Financial Reporting Standards (International) and International Financial Reporting Standards; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

Directors

The directors in office at the date of this statement are as follows:

Goh Teck Sia	Independent Non-Executive Chairman
Tsng Joo Peng	Executive Director and Group Chief Executive Officer
Choy Bing Choong	Executive Director and Group Chief Operating Officer
Lau Lee Hua	Independent Director
Mahtani Bhagwandas	Independent Director

Directors' interests

According to the register kept by the Company for the purposes of Section 164 of the Companies Act, Chapter 50 (the Act), particulars of interests of directors who held office at the end of the financial year (including those held by their spouses and children) in shares, debentures, warrants or share options in the Company and in related corporations (other than wholly-owned subsidiaries) are as follows:

Name of director and corporation in which interests are held	Holdings at beginning of the year	Holdings at end of the year
The Company		
<u>Ordinary shares</u>		
Tsng Joo Peng		
– interest held	16,300,000	16,300,000
– deemed interest	1,048,426	1,048,426

DIRECTORS' STATEMENT

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, debentures, warrants or share options of the Company, or of related corporations, either at the beginning of the financial year or at the end of the financial year.

There were no changes in any of the above mentioned interests in the Company between the end of the financial year and 21 January 2021.

Neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Share options

During the financial year, there were:

- (i) no options granted by the Company or its subsidiaries to any person to take up unissued shares in the Company or its subsidiaries; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company or its subsidiaries.

As at the end of the financial year, there were no unissued shares of the Company or its subsidiaries under option.

Audit and Risk Committee

The members of the Audit and Risk Committee during the year and at the date of this statement are:

- Lau Lee Hua (Chairman), Independent Director
- Goh Teck Sia, Independent Director
- Mahtani Bhagwandas, Independent Director

The Audit and Risk Committee performs the functions specified in Section 201B of the Act, the SGX-ST Listing Manual Section B: Rules of Catalist (SGX Listing Manual) and the Code of Corporate Governance.

The Audit and Risk Committee has held two meetings since the last directors' statement. In performing its functions, the Audit and Risk Committee met with the Company's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company's internal accounting control system.

DIRECTORS' STATEMENT

The Audit and Risk Committee also reviewed the following:

- assistance provided by the Company's officers to the internal and external auditors;
- half-yearly financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the SGX Listing Manual).

The Audit and Risk Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit and Risk Committee also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

The Audit and Risk Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, KPMG LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

In appointing our auditors for the Company and subsidiaries, we have complied with Rules 712 and 716 of the SGX Listing Manual.

Auditors

The auditors, KPMG LLP, have indicated their willingness to accept re-appointment.

On behalf of the Board of Directors

Tsng Joo Peng

Director

Choy Bing Choong

Director

INDEPENDENT AUDITOR'S REPORT

MEMBERS OF THE COMPANY
NATURAL COOL HOLDINGS LIMITED

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Natural Cool Holdings Limited (the Company) and its subsidiaries (the Group), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2020, the consolidated income statement, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 72 to 137.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards (International) (SFRS(I)s) and International Financial Reporting Standards (IFRSs) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the '*Auditors' responsibilities for the audit of the financial statements*' section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

MEMBERS OF THE COMPANY
NATURAL COOL HOLDINGS LIMITED

Valuation of non-financial assets (Refer to Notes 4 and 5 to the financial statements)	
<i>The key audit matter</i>	<i>How the matter was addressed in our audit</i>
As at 31 December 2020, the Group's market capitalisation was below its net assets. This is an indication that the Group's non-financial assets may be impaired. The Group performed an impairment assessment of its non-financial assets by estimating the recoverable amounts of its cash generating units (CGUs). The recoverable amounts of the CGUs have been derived based on their values in use from the respective cash flow forecasts or based on its fair value less costs to sell. Forecasting future cash flows is a judgemental process which involves making assumptions relating to estimates on revenue growth, gross profit margin, operating expenses and the discount rates. Fair value less costs to sell determined by independent external valuer using the market comparison approach is sensitive to the key assumptions applied.	Our key procedures include the below, amongst others: • Discussed with management and evaluated their determination of CGUs. • Reviewed the key assumptions including, revenue growth, gross profit margin and operating expenses by comparing them to historical results, market data and industry forecasts. This includes making enquiries with management about their business strategies and plan on revenue growth and profitability. • Assessed the discount rates used by reference to comparable companies' weighted average cost of capital. • Evaluated the qualifications, objectivity and competency of the external valuer, and also the appropriateness of the key assumptions applied, taking into consideration recent transactions adjusted for comparability. • Considered the disclosures in describing the key assumptions applied and estimation uncertainty.

Other information

Management is responsible for the other information contained in the Annual Report. Other information is defined as all information in the Annual Report other than the financial statements and our auditor's report thereon.

We have obtained all other information prior to the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT

MEMBERS OF THE COMPANY

NATURAL COOL HOLDINGS LIMITED

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s and IFRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT

MEMBERS OF THE COMPANY
NATURAL COOL HOLDINGS LIMITED

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless the law or regulations preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tan Yek Lee Doreen.

Significant non-cash transactions

The Group acquired plant and equipment amounting to \$1,028,000 (2019: \$3,335,000), of which \$nil (2019: \$1,603,000) was acquired under finance leases.

The accompanying notes form an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 31 March 2021.

1 Domicile and activities

Natural Cool Holdings Limited (the "Company") is a company incorporated in Singapore. The address of the Company's registered office is 29 Tai Seng Avenue, #07-01 Natural Cool Lifestyle Hub, Singapore 534119.

The principal activity of the Company is that of an investment holding company. The principal activities of the subsidiaries are as follows:

- Air-conditioning: trading of air-conditioning units and spare parts, installation services for commercial air-conditioning systems and mechanical ventilation, and maintenance services;
- Investment: property investment holding;
- Paint: manufacturing, and trading of paint and basic chemicals; and
- Food and beverages (F&B): operator of restaurants, manufacture and wholesale of F&B products.

The financial statements of the Group as at and for the year ended 31 December 2020 comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities").

2 Basis of preparation

2.1 Statement of compliance

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) (SFRS(I)) and International Financial Reporting Standards (IFRSs). The changes to significant accounting policies are described in Note 2.5.

All references to SFRS(I)s and IFRSs are subsequently referred to as SFRS(I)s in these financial statements unless otherwise specified.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as otherwise described in accounting policies below.

2.3 Functional and presentation currency

These financial statements are presented in Singapore dollars, which is the Company's functional currency. All financial information presented in Singapore dollars have been rounded to the nearest thousand, unless otherwise stated.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2 Basis of preparation (Continued)

2.4 Use of estimates and judgements

The preparation of the financial statements in conformity with SFRS(I) requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year are included in the following notes:

- Notes 4 and 5 – impairment assessment of property, plant and equipment, intangible assets and goodwill: key assumptions underlying the recoverable amounts;
- Note 6 – measurement of recoverable amounts of interests in subsidiaries;
- Note 17 – measurement of expected credit loss (ECL) allowance for trade receivables and contract assets: key assumptions in determining the weighted-average loss rate; and
- Note 19 – revenue recognition: estimate of expected returns and total contract costs to complete.

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. Management has overall responsibility for all significant fair value measurement, including Level 2 and Level 3 fair values, and reports directly to the Board of Directors.

Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then management assesses and documents the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of SFRS(I), including the level in the fair value hierarchy in which such valuations should be classified. Significant valuation issues are reported to the Board of Directors and Audit and Risk Committee.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2 Basis of preparation (Continued)

2.4 Use of estimates and judgements (Continued)

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 : inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest).

The Group recognises transfers between levels of fair value hierarchy as of the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 18 – Measurement of fair values.

2.5 Changes in accounting policies

On 1 January 2020, the Group adopted new and amended SFRS(I) and interpretations to SFRS(I) (INT SFRS(I)) that are mandatory for application for the financial year. The adoption of these new or amended SFRS(I) and INT SFRS(I) did not have a material effect on the financial statements.

The Group applied the amendments relating to definition of a business to business combinations whose acquisition dates are on or after 1 January 2020 in assessing whether it had acquired a business or a group of assets. The details of accounting policies are set out in Note 3.1(i).

3 Significant accounting policies

Except as disclosed in Note 2.5 above, the accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by Group entities.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.1 Basis of consolidation

(i) *Business combinations*

The Group accounts for business combinations using the acquisition method when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group (see Note ii). In determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs.

The Group has an option to apply a 'concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

The Group measures goodwill at the date of acquisition as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests (NCI) in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree,

over the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed. Any goodwill that arises is tested annually for impairment.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration payable is recognised at fair value at the date of acquisition and included in the consideration transferred. If the contingent consideration that meets the definition of a financial instrument is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

NCI that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation are measured either at fair value or at the NCI's proportionate share of the recognised amounts of the acquiree's identifiable net assets, at the date of acquisition. The measurement basis taken is elected on a transaction-by-transaction basis. All other NCI are measured at acquisition-date fair value, unless another measurement basis is required by SFRS(I)s.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.1 Basis of consolidation (Continued)

(i) **Business combinations** (Continued)

Costs related to the acquisition, other than those associated with the issue of debt or equity investments, that the Group incurs in connection with a business combination are expensed as incurred.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

(ii) **Subsidiaries**

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group. Losses applicable to the NCI in a subsidiary are allocated to the NCI even if doing so causes the NCI to have a deficit balance.

(iii) **Acquisitions from entities under common control**

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative year presented or, if later, at the date that common control was established; for this purpose comparatives are restated. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the consolidated financial statements of the Group's controlling shareholder. The components of equity of the acquired entities are added to the same components within Group equity and any gain/loss arising is recognised directly in equity.

(iv) **Loss of control**

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

(v) **Transactions eliminated on consolidation**

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

(vi) **Subsidiaries in the separate financial statements**

Investments in subsidiaries are stated in the Company's statement of financial position at cost less accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.2 Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognised in profit or loss.

(ii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated to Singapore dollars at exchange rates at the reporting date. The income and expenses of foreign operations are translated to Singapore dollars at exchange rates at the dates of the transactions.

Foreign currency differences are recognised in other comprehensive income (OCI), and presented in the foreign currency translation reserve (translation reserve) in equity. However, if the foreign operation is a non-wholly-owned subsidiary, then the relevant proportionate share of the translation difference is allocated to the NCI. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to NCI. When the Group disposes of only part of its investment in an associate or joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item that are considered to form part of a net investment in a foreign operation are recognised in OCI, and are presented in the translation reserve in equity.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.3 Financial instruments

(i) *Recognition and initial measurement*

Non-derivative financial assets and financial liabilities

Trade and other receivables (excluding prepayments) and debt instruments are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) *Classification and subsequent measurement*

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income (FVOCI) – debt investment; FVOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at FVTPL

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.3 Financial instruments (Continued)

(ii) *Classification and subsequent measurement* (Continued)

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Financial assets that are held-for-trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.3 Financial instruments (Continued)

(ii) *Classification and subsequent measurement* (Continued)

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest (Continued)

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Non-derivative financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Directly attributable transaction costs are recognised in profit or loss as incurred.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.3 Financial instruments (Continued)

(ii) *Classification and subsequent measurement* (Continued)

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses (Continued)

Other financial liabilities are initially measured at fair value less directly attributable transaction costs. They are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss.

(iii) *Derecognition*

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Transferred assets are not derecognised when the Group enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) *Offsetting*

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.3 Financial instruments (Continued)

(v) *Cash and cash equivalents*

Cash and cash equivalents comprise cash balances and short-term deposits with maturities of three months or less from the acquisition date that are subject to an insignificant risk of changes in their fair value, and are used by the Group in the management of its short-term commitments. For the purpose of the consolidated statement of cash flows, bank overdrafts that are repayable on demand and that form an integral part of the Group's cash management are included in cash and cash equivalents.

(vi) *Share capital*

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity.

(vii) *Intra-group financial guarantees in the separate financial statements*

Financial guarantees are financial instruments issued by the Company that require the issuer to make specified payments to reimburse the holder for the loss it incurs because a specified debtor fails to meet payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at the higher of the loss allowance determined in accordance with SFRS(I) 9 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15.

3.4 Property, plant and equipment

(i) *Recognition and measurement*

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing cost, less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes:

- the cost of materials and direct labour;
- any other costs directly attributable to bringing the asset to a working condition for its intended use;
- when the Group has an obligation to remove the asset or restore the site, an estimate of the cost of dismantling and removing the items and restoring the site on which they are located; and
- capitalised borrowing costs.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.4 Property, plant and equipment (Continued)

(i) **Recognition and measurement** (Continued)

If significant parts of an items of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

(ii) **Subsequent costs**

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

(iii) **Depreciation**

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment, unless it is included in the carrying amount of another asset. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term.

Depreciation is recognised from the date that the property, plant and equipment are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

The estimated useful lives for the current and comparative years are as follows:

• Leasehold properties	37 years
• Computers	3 years
• Furniture, fittings and office equipment	5 years
• Motor vehicles	5 – 10 years
• Tools and machineries	5 – 10 years
• Renovation	5 – 10 years

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.5 Intangible assets and goodwill

(i) Goodwill

Goodwill that arises upon the acquisition of subsidiaries is included in intangible assets. For the measurement of goodwill at initial recognition, see Note 3.1(i).

Subsequent measurement

Goodwill is measured at cost less accumulated impairment losses.

(ii) Customer relationships and trademark

Customer relationships and trademark that are acquired in a business combination by the Group and have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful life of 20 years.

(iii) Computer software

Computer software licenses are initially recognised at cost which includes the purchase price (net of any discounts and rebates) and other costs directly attributable to bringing the assets to a working condition for their intended use. Direct expenditure, which enhances or extends the performance of computer software beyond its specifications and which can be reliably measured, is recognised as a capital improvement and added to the original cost of the software. Costs associated with maintaining the computer software are recognised as an expense as incurred.

Computer software licenses are subsequently measured at cost less accumulated amortisation and impairment losses.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of 3 years from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the assets.

(iv) Order backlogs

Order backlogs are sales contracts that are acquired in a business combination by the Group. They are measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful life of one year.

(v) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill, is recognised in profit or loss as incurred.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.5 Intangible assets and goodwill (Continued)

(vi) *Amortisation*

Amortisation is calculated based on the cost of the asset, less its residual value.

Amortisation methods, useful lives and residual values are reviewed at each reporting period and adjusted if appropriate.

3.6 Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(i) *As a lessee*

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the lessee's incremental borrowing rate. Generally, the Group uses the lessee's incremental borrowing rate as the discount rate.

The Group determines the lessee's incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.6 Leases (Continued)

(i) **As a lessee** (Continued)

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments; and
- the exercise price under a renewal option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group presents right-of-use assets in 'property, plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(ii) **As a lessor**

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.6 Leases (Continued)

(ii) *As a lessor* (Continued)

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, then the Group applies SFRS(I) 15 to allocate the consideration in the contract.

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'rental income'.

3.7 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in first-out principle, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of manufactured inventories, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated costs necessary to make the sales.

3.8 Impairment

(i) *Non-derivative financial assets and contract assets*

The Group recognises loss allowances for ECLs on:

- financial assets measured at amortised costs; and
- contract assets.

Loss allowances of the Group are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument or contract asset.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.8 Impairment (Continued)

(i) *Non-derivative financial assets and contract assets* (Continued)

Simplified approach

The Group applies the simplified approach to provide for ECLs for all trade receivables and contract assets. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

General approach

The Group applies the general approach to provide for ECLs on all other financial instruments. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and includes forward-looking information.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Group considers a financial asset to be in default when:

- the debtor is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

The Group considers a contract asset to be in default when the customer is unlikely to pay its contractual obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.8 Impairment (Continued)

(i) *Non-derivative financial assets and contract assets* (Continued)

Measurement of ECLs

ECLs are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost and contract assets are deducted from the gross carrying amount of these assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.8 Impairment (Continued)

(ii) **Non-financial assets**

The carrying amounts of the Group's non-financial assets, other than inventories and contract assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill, and intangible assets that have indefinite useful lives or that are not yet available for use, the recoverable amount is estimated each year at the same time. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Subject to an operating segment ceiling test, for the purposes of goodwill impairment testing, CGUs to which goodwill has been allocated are aggregated so that the level at which impairment testing is performed reflects the lowest level at which goodwill is monitored for internal reporting purposes. Goodwill acquired in a business combination is allocated to groups of CGUs that are expected to benefit from the synergies of the combination.

The Group's corporate assets do not generate separate cash inflows and are utilised by more than one CGU. Corporate assets are allocated to CGUs on a reasonable and consistent basis and tested for impairment as part of the testing of the CGU to which the corporate asset is allocated.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a *pro rata* basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.9 Employee benefits

(i) **Defined contribution plans**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as staff costs in profit or loss in the periods during which related services are rendered by employees.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.9 Employee benefits (Continued)

(ii) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

3.10 Provision

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost.

Restoration

In accordance with a tenancy agreement, a provision for restoration in respect of a building held under operating lease is recognised.

3.11 Revenue

(i) Goods and services sold

Revenue from sale of goods and services in the ordinary course of business is recognised when the Group satisfies a performance obligation (PO) by transferring control of a promised good or service to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied PO.

The transaction price is allocated to each PO in the contract on the basis of the relative stand-alone selling prices of the promised goods or services. The individual stand-alone selling price of a good or service that has not previously been sold on a stand-alone basis, or has a highly variable selling price, is determined based on the residual portion of the transaction price after allocating the transaction price to goods and/or services with observable stand-alone selling prices. A discount or variable consideration is allocated to one or more, but not all, of the performance obligations if it relates specifically to those performance obligations.

The transaction price is the amount of consideration in the contract to which the Group expects to be entitled in exchange for transferring the promised goods or services. The transaction price may be fixed or variable and is adjusted for time value of money if the contract includes a significant financing component. Consideration payable to a customer is deducted from the transaction price if the Group does not receive a separate identifiable benefit from the customer. When consideration is variable, the estimated amount is included in the transaction price to the extent that it is highly probable that a significant reversal of the cumulative revenue will not occur when the uncertainty associated with the variable consideration is resolved.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.11 Revenue (Continued)

(i) *Goods and services sold* (Continued)

Revenue may be recognised at a point in time or over time following the timing of satisfaction of the PO. If a PO is satisfied over time, revenue is recognised based on the percentage of completion reflecting the progress towards complete satisfaction of that PO.

(ii) *Rental income*

Rental income is recognised as 'revenue' on a straight-line basis over the term of the lease.

3.12 Government grants

Grants that compensate the Group for expenses incurred are recognised in profit or loss as 'other income' on a systematic basis in the same periods in which the expenses are recognised, unless the conditions for receiving the grant are met after the related expenses have been recognised. In this case, the grant is recognised when it becomes receivable.

3.13 Finance costs

Finance costs comprise interest expense on loans, lease liabilities and unwinding of the discounts on provisions. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in the profit or loss using the effective interest method.

3.14 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.14 Tax (Continued)

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries to the extent that it is probable that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Deferred tax assets are recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

3.15 Earnings per share

The Group presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3 Significant accounting policies (Continued)

3.16 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group Chief Executive Officer (CEO) and Group Chief Operating Officer (COO) to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Group CEO and Group COO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets and tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment, and intangible assets other than goodwill.

3.17 New standards and interpretations not yet adopted

A number of new standards, interpretations and amendments to standards are effective for annual periods beginning after 1 January 2020 and earlier application is permitted; however, the Group has not early adopted the new or amended standards and interpretations in preparing these financial statements.

The following new SFRS(I), interpretations and amendments to SFRS(I)s are not expected to have a significant impact on the Group's consolidated financial statements and the Company's statement of financial position except for SFRS(I) 17 *Insurance Contracts* which management is still assessing the impact.

- SFRS(I) 17 *Insurance Contracts*
- *Classification of Liabilities as Current or Non-current (Amendments to SFRS(I) 1-1)*
- *Covid-19-Related Rent Concessions (Amendment to SFRS(I) 16)*
- *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to SFRS(I) 10 and SFRS(I) 1-28)*
- *Reference to the Conceptual Framework (Amendments to SFRS(I) 3)*
- *Property, Plant and Equipment – Proceeds before Intended Use (Amendments to SFRS(I) 16)*
- *Onerous Contracts – Costs of Fulfilling a Contract (Amendments to SFRS(I) 1-37)*

Depreciation

The depreciation charge of the Group is recognised in the following line items of the statement of profit or loss:

	2020 \$'000	2019 \$'000
Cost of sales	4,212	4,162
Administrative expenses	2,257	2,255
	6,469	6,417

Securities

At 31 December 2020, several leasehold properties are pledged as security to secure bank loans (see Note 13).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

4 Property, plant and equipment (Continued)

Sources of estimation uncertainty

In estimating the recoverable amounts of the CGUs using value in use from the respective cash flow forecasts or based on its fair value less costs to sell, the Group assumed revenue growth rates throughout the cash flow forecast periods, terminal values at the end of the cash flow forecast period and discount rate applied to the cash flow projections. The determination requires judgment. The Group evaluates, amongst other factors, the near-term business outlook, including factors such as industry and sector performance, and changes in technology. The fair value less costs to sell determined by independent external valuer using the market comparison approach is sensitive to the key assumptions applied. These assumptions continue to be subjected to estimation uncertainties that may result in material adjustments on the recoverable amounts in future periods.

At 31 December 2020	104

Amortisation

The amortisation of order backlogs, customer relationships, trademark and computer software are included in 'administrative expenses' in profit or loss.

Impairment assessment for goodwill

The goodwill comprises mainly of \$1,427,000 arising from the acquisition of 51% equity interest in JAD Solutions Pte. Ltd. (JAD) and was allocated to the Aircon CGU.

The recoverable amount of the Aircon CGU is based on its value in use, determined by discounting the pre-tax future cash flows to be generated from the continuing use of the CGU.

The Group prepared a 5-year cash flow forecast derived from the most recent financial budgets approved by the Directors of the Group. Key assumptions used in the estimation of the value in use calculation are as set out below.

- Forecasted revenue growth of 22%, back to pre-Covid-19 level (2019: 1%) in the following financial year and range of 2.5% to 2.6% (2019: 1.6% to 2.5%) annual growth assumed for the subsequent years;
- Pre-tax discount rate of 9.3% (2019: 11.1%) has been applied to the pre-tax cash flow projections; and
- The terminal value was estimated using the cash flow forecast at the fifth year with a perpetual growth rate of 1.8% (2019: 1.9%).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

5 Intangible assets and goodwill (Continued)

Impairment assessment for goodwill (Continued)

The values assigned to the key assumptions, which represent management's assessment of future trends in the industry, are not greater than the industry's long-term growth.

Management believes that any reasonable change in the above key assumptions will not materially cause the recoverable value to be lower than the carrying amount.

Sources of estimation uncertainty

In estimating the recoverable amounts of the CGUs using value in use from the respective cash flow forecasts or based on its fair value less costs to sell, the Group assumed revenue growth rates throughout the cash flow forecast periods, terminal values at the end of the cash flow forecast period and discount rate applied to the cash flow projections. The determination requires judgment. The Group evaluates, amongst other factors, the near-term business outlook, including factors such as industry and sector performance, and changes in technology. The fair value less costs to sell determined by independent external valuer using the market comparison approach is sensitive to the key assumptions applied. These assumptions continue to be subjected to estimation uncertainties that may result in material adjustments on the recoverable amounts in future periods.

6 Subsidiaries

	Company	
	2020 \$'000	2019 \$'000
Unquoted equity investments, at cost	9,242	9,242
Impairment loss	(2,310)	(2,310)
	6,932	6,932
Loan to a subsidiary	1,000	1,000
	7,932	7,932

The loan to a subsidiary is unsecured, interest-free and repayable only at the discretion of the subsidiary.

The change in impairment losses in respect of the investments in subsidiaries during the year is as follows:

	Company	
	2020 \$'000	2019 \$'000
At 1 January	2,310	200
Impairment loss recognised	–	2,110
At 31 December	2,310	2,310

In 2019, the impairment assessment of the investment in a subsidiary was triggered because of the continuing poor financial performance of the subsidiaries. Management assessed the recoverable amounts of the subsidiaries to be \$nil, which are based on the values in use of the subsidiaries. Accordingly, the Company recognised an impairment loss on investments in the subsidiaries of \$2,110,000 in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

6 Subsidiaries (Continued)

Details of significant subsidiaries are as follows:

Name of subsidiaries	Principal activities	Principal place of business/ Country of incorporation	Ownership interest	
			2020	2019
			%	%
Held by the Company				
Natural Cool Airconditioning & Engineering Pte Ltd ¹	Trading of air-conditioning units and spare parts, installation services and maintenance services	Singapore	100	100
Natural Cool Investments Pte. Ltd. ¹	Sub-lease of leased property	Singapore	100	100

(1) KPMG LLP is the auditor of all significant Singapore-incorporated subsidiaries.

Sources of estimation uncertainty

When a subsidiary is in a net liability position and/or has suffered recurring losses, the Company's management will undertake an impairment assessment to determine the estimated recoverable amount of the investment in the subsidiary. This determination requires significant judgement. An estimate is made of the future profitability, the financial health of and near-term business outlook for the subsidiary, including factors such as industry and sector performance, and operating and financing cash flows. The recoverable amount of the subsidiary will change significantly as a result of changes in market conditions and the assumptions used in determining the recoverable amount.

7 Other investments

	Group and Company	
	2020 \$'000	2019 \$'000
Non-current investments		
Unquoted equity investments – at FVTPL	600	600

The Group and the Company also have an equity investment of \$3,750,000 which is accounted for as FVTPL investment and have been fully impaired in the past.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

8 Inventories

	Group	
	2020 \$'000	2019 \$'000
Raw materials	206	258
Finished goods	7,830	10,494
	8,036	10,752

In 2020, inventories of \$78,340,000 (2019: \$93,044,000) were recognised as an expense during the year and included in 'cost of sales'.

9 Trade and other receivables

	Group		Company	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000
Trade receivables:				
– Third parties	14,468	21,109	–	–

Prepayments	998	1,045	35	27
	19,260	25,694	3,954	2,022
Non-current	1,940	762	2,507	830
Current	17,320	24,932	1,447	1,192
	19,260	25,694	3,954	2,022

The Group's non-current receivables include a deposit of \$1,178,000 (2019: \$nil) which was paid to the landlord for its leased property and an insurance payment of \$762,000 (2019: \$762,000) for its executive director.

Non-trade balances due from subsidiaries are unsecured, interest-free and repayable on demand. As \$2,507,000 (2019: \$830,000) of the non-trade amounts due from subsidiaries are not expected to be recalled within the next 12 months, the amounts have been classified as non-current. As at 31 December 2020, the impairment losses on non-trade amounts due from subsidiaries amounting to \$12,299,000 (2019: \$10,999,000).

The Group's and the Company's exposure to credit risk and impairment losses for trade and other receivables are disclosed in Note 17.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

9 Trade and other receivables (Continued)

Sources of estimation uncertainty

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates to be applied for the respective category of the financial assets and contract assets. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation including evaluation of the Group's historical loss rates, existing market conditions as well as forward looking estimates at the end of each reporting period.

10 Cash and cash equivalents

	Group		Company	
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000
Cash at bank and in hand	10,732	7,451	2,602	220
Fixed deposits	12	12	–	–
	10,744	7,463	2,602	220

11 Share capital

	Ordinary shares			
	2020		2019	
	No. of shares		No. of shares	
	'000	\$'000	'000	\$'000
Company				
In issue at 1 January and 31 December	250,448	36,412	250,448	36,412

All issued shares are fully paid, with no par value.

The holders of ordinary shares are entitled to receive dividends as declared from time to time, and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

12 Reserves

	Group		Company	
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000
Capital reserve	(3,078)	(3,078)	300	300
Translation reserve	37	40	–	–
	(3,041)	(3,038)	300	300

The capital reserve arises from a common control transaction accounted for using the 'pooling of interest' method and equity component of convertible loan notes.

The translation reserve comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

14 Deferred tax liabilities

Deferred tax liabilities are attributable to the following:

	2020 \$'000	2019 \$'000
Group		
Property, plant and equipment	266	361

Movement in temporary differences (prior to offsetting of balances) during the year are as follows:

	Balance as at 1 January 2019 \$'000	Recognised in profit or loss (Note 23) \$'000	Balance as at 31 December 2019 \$'000	Recognised in profit or loss (Note 23) \$'000	Balance as at 31 December 2020 \$'000
Group					
Deferred tax liabilities					
Property, plant and equipment	396	(35)	361	(95)	266

Unrecognised deferred tax assets

Deferred tax assets have not been recognised in respect of the following items, because it is not probable that future taxable profit will be available against which the Group can use the benefits therefrom.

	Group		Company	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000
Unabsorbed capital allowances	240	374	–	–
Unutilised tax losses	8,418	8,452	7,141	7,141
	8,658	8,826	7,141	7,141

The tax losses are subject to agreement by the tax authorities and compliance with tax regulations including satisfactory outcomes over changes in shareholders and the shareholding test. The tax losses and unabsorbed capital allowances do not expire under current tax legislation.

17 Financial instruments

Financial risk management

Overview

The Group has exposure to the following risks arising from financial instruments:

- (i) credit risk
- (ii) liquidity risk
- (iii) market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their rules and obligations.

The Audit and Risk Committee oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Audit and Risk Committee is assisted in its oversight role by outsourced Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit and Risk Committee.

(i) **Credit risk**

Credit risk is the risk of financial loss to the Group or the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's and the Company's receivables from customers and the Company's non-trade amounts due from subsidiaries.

The carrying amounts of financial assets and contract assets represent the Group's and the Company's maximum exposure to credit risk, before taking into account any collateral held. The Group and the Company do not hold any collateral in respect of their financial assets.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

17 Financial instruments (Continued)**Risk management framework** (Continued)**(i) Credit risk** (Continued)*Trade receivables and contract assets*

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the demographics of the Group's customer base, including the default risk of the industry and country in which customers operate, as these factors may have an influence on credit risk. Details of concentration of revenue are included in Note 26.

The Group has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information and industry information. Sale limits are established for each customer, which represents the maximum open amount without requiring approval from the Board; these limits are reviewed on an ongoing basis.

Exposure to credit risk

The Group's and Company's exposure to credit risk for trade and other receivables and contract assets is concentrated in Singapore.

The exposure to credit risk for trade and other receivables (excluding prepayments), and contract assets at the reporting date by type of counterparty was as follows:

	2020 \$'000	2019 \$'000
Group		
Commercial	9,040	14,961
Trading	10,188	11,425
	19,228	26,386
Company		
Commercial	3,919	1,995

The carrying amount of the Group's most significant receivable from one customer is \$2,377,000 (2019: \$6,164,000) as at 31 December 2020. The Company has no other significant concentration of customers' credit risk.

Expected credit loss assessment for individual customers

The Group uses an allowance matrix to measure the ECLs of trade receivables and contract assets from individual customers, which comprise a very large number of small balances. As the Group's past default experience does not show significantly different loss patterns for different customer segments, the allowance matrix is not further distinguished between the different customer bases.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

17 Financial instruments (Continued)

Risk management framework (Continued)

(i) Credit risk (Continued)

Expected credit loss assessment for individual customers (Continued)

Loss rates are calculated using a 'roll rate' method based on the probability of a receivable progressing through successive stages of delinquency to write-off.

Loss rates are based on actual credit loss experience over the past five years adjusted for current conditions and the Group's view of economic conditions over the expected lives of the trade receivables only if these factors have a significant impact to the credit loss.

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets for individual customers.

	Group			
	Weighted average loss rate %	Gross carrying amount \$'000	Impairment loss allowance \$'000	Credit impaired
31 December 2020				
Current (not past due)	0.12	9,099	(11)	No
1 – 30 days past due	0.15	4,105	(6)	No
31 – 60 days past due	0.35	1,195	(4)	No
61 – 90 days past due	1.07	422	(5)	No
More than 90 days past due	2.32	1,791	(662)	Yes
		16,612	(688)	
31 December 2019				
Current (not past due)	0.08	15,216	(12)	No
1 – 30 days past due	0.10	4,760	(5)	No
31 – 60 days past due	0.30	1,506	(5)	No
61 – 90 days past due	1.02	719	(7)	No
More than 90 days past due	2.40	1,962	(85)	Yes
		24,163	(114)	

Management believe that there is no indication that any macro-economic factor will have a significant direct and immediate impact on the credit quality of the Group's trade receivables and contract assets.

Loss rates for trade receivables due from the Company's subsidiaries has been measured as an amount equal to lifetime expected losses ECL. The ECL on trade receivables are estimated based on past default experiences of the subsidiaries and an analysis of the subsidiaries' economic conditions. The Company has recognised a loss allowance of 100% against all trade receivables because historical experience has indicated that these receivables are generally not recoverable.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

17 Financial instruments (Continued)**Risk management framework** (Continued)**(i) Credit risk** (Continued)***Movements in allowance for impairment in respect of trade receivables and contract assets***

The movement in the allowance for impairment in respect of trade receivables and contract assets during the year was as follows:

	Group		Company	
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000
Balance at 1 January	114	135	2,035	1,339
Impairment loss recognised	587	6	197	696
Reversal of impairment loss	(5)	(27)	–	–
Write-off	(8)	–	–	–
Balance at 31 December	688	114	2,232	2,035

Sources of estimation uncertainty

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates to be applied for the respective category of the financial assets and contract assets. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation including evaluation of the Group's historical loss rates, existing market conditions as well as forward looking estimates at the end of each reporting period.

Non-trade amounts due from subsidiaries

The Company has recognised a loss allowance of \$14,531,000 (2019: \$13,034,000) on the non-trade amounts due from subsidiaries because historical experience has indicated that these receivables are generally not recoverable.

Other receivables

Impairment on accrued discount receivables, deposits and other receivables has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. Other receivables are considered to have low credit risk as they are not due for payment at the end of reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition. The amount of the allowance on other receivables was negligible.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

17 Financial instruments (Continued)

Risk management framework (Continued)

(i) Credit risk (Continued)

Cash and cash equivalents

The Group and the Company held cash and cash equivalents with bank and financial institution counterparties which are rated A- to AA-, based on rating agency Standard & Poor's ratings.

Impairment on cash and cash equivalents has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties. The amount of the allowance on cash and cash equivalents was negligible.

(ii) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Typically, the Group ensures that it has sufficient cash on demand to meet expected operational expenses, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

At the reporting date, the Group maintains \$9,983,000 (2019: \$9,693,000) of uncommitted credit facilities that can be drawn down to meet short-term financing needs.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

17 Financial instruments (Continued)

Risk management framework (Continued)

(ii) Liquidity risk (Continued)

Exposure to liquidity risk (Continued)

The maturity analysis shows the contractual undiscounted cash flows of the Group's and the Company's financial liabilities on the basis of their earliest possible contractual maturity. Except for the cash flow arising from the intra-group financial guarantees (see Note 28), it is not expected that the cash flows included in the maturity analysis of the Group and the Company could occur significantly earlier, or at significantly different amounts.

(iii) Market risk

Market risk is the risk that changes in market prices, such as foreign currencies and interest rates will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the return.

Foreign currency risk

The Group is exposed to foreign currency risk on sales and purchases, including inter-company sales, purchases and inter-company balances that are denominated in a currency other than the respective functional currencies of the Group entities. The currencies in which these transactions primarily are denominated are the Singapore dollar (SGD).

Exposure to foreign currency risk

The Group and the Company are not significantly exposed to foreign currency risk.

Interest rate risk

Exposure to interest rate risk

At the reporting date, the interest rate profile of the Group's interest-bearing financial instruments, as reported to management, was as follows:

	2020 \$'000	2019 \$'000
Group		
Fixed rate instruments		
Loans and borrowings	(34,475)	(42,398)
Fixed deposits	12	12
	(34,463)	(42,386)
Variable rate instruments		
Loans and borrowings	(18,709)	(19,235)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

17 Financial instruments (Continued)**Risk management framework** (Continued)**(iii) Market risk** (Continued)**Interest rate risk** (Continued)*Fair value sensitivity analysis for fixed rate instruments*

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, in respect of the fixed rate instrument a change in interest rates at the reporting date would not affect profit or loss.

Sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Group	2020		2019	
	Profit or loss			
	100 bp	100 bp	100 bp	100 bp
	increase	decrease	increase	decrease
	\$'000	\$'000	\$'000	\$'000
Profit before tax				
Variable rate instruments	(187)	187	(192)	192

Capital management

The Board's policy is to maintain a sound capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Capital consists of share capital, reserves and accumulated losses of the Group. The Board of Directors monitors the return on capital which the Group defines as net operating income divided by total average shareholders' equity attributable to owners of the Company, as well as the level of dividends to ordinary shareholders.

There were no changes in the Group's approach to capital management during the year.

Neither the Company nor any of its subsidiaries are subject to externally imposed capital requirements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

17 Financial instruments (Continued)**Level 3 fair value**

The following table shows a reconciliation from the opening balance to the ending balance for Level 3 fair value:

	Unquoted equity investments \$'000	Zero-coupon convertible bonds \$'000
Group and Company		
At 1 January 2019	–	688
Fair value loss recognised in profit or loss	–	(688)
At 31 December 2019	–	–
Transfer into Level 3	600	–
At 31 December 2020	600	–

18 Measurement of fair values

A number of Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

Other investments – equity investment at FVTPL

The fair value of financial assets designated at FVTPL is determined based on the latest projected business plans presented by the management. The management believes that the cost of investment is representative of its fair value.

Other non-derivative financial assets and liabilities

The carrying amounts of other non-derivative financial assets and liabilities with a maturity of less than one year (including trade and other receivables, cash and cash equivalents, and trade and other payables) are assumed to approximate their fair values because of the short period to maturity.

19 Revenue

	Group	
	2020 \$'000	2019 \$'000
Revenue from contracts with customers	115,113	138,551

	120,208	143,654

The following tables provide information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payments terms, and the related revenue recognition policies:

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

19 Revenue (Continued)

Trading

Nature of goods or services	The Group sells air-conditioning units, spare parts, paints and F&B products.
When revenue is recognised	Revenue is recognised when goods are delivered to the customer and all criteria for acceptance have been satisfied.
Significant payment terms	For air-conditioning units, spare parts and paint, invoices are issued upon delivery of goods. Payment terms range from cash on delivery to 60 days after invoice date. For F&B restaurant business, payment term is cash. For wholesale business, payment terms ranging from cash on delivery to 60 days after invoice date.
Obligations for warranties	Air-conditioning units sold by the Group come with a standard warranty term ranging from one to five years. The warranty is directly covered by the suppliers. Accordingly, the Group has no warranty obligations relating to the air-conditioning units. There is no warranty for paint products and foods and beverages.

Servicing

Nature of goods or services	The Group provides maintenance services such as inspection and cleaning of air-conditioning and ventilation systems to residential and commercial market.
When revenue is recognised	Revenue is recognised when services are provided to the customer and all criteria for acceptance have been satisfied.
Significant payment terms	Invoices are issued upon completion of services. Residential customers are required to make payments in advance of services rendered or cash on delivery. Commercial customers are given a credit term ranging from 30 to 60 days after invoice date.
Obligations for warranties	There is no warranty.

Installation

Nature of goods or services	The Group provides installation services for commercial air-conditioning systems and mechanical ventilation.
When revenue is recognised	The Group has assessed that these installation services qualify for over time revenue recognition. The Group has the enforceable rights to payment for performance completed till date. The stage of completion is assessed by reference to the contract costs incurred till date in proportion to the total estimated contract costs of each contract.
Significant payment terms	Progress billings to the customer are based on a payment schedule in the contract that is dependent on the achievement of specified construction milestones. If the value of the installation services rendered exceeds payments received from the customer, a contract asset is recognised.
Obligations for warranties	The contracts are covered under defect liability period ranging from one to two years.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

19 Revenue (Continued)

Disaggregation of revenue from contracts with customers

In the following table, revenue from contracts with customers is disaggregated by revenue streams and timing of revenue recognition.

	Paint		Aircon		F&B		Others		Total	
	2020	2019	2020	2019	2020	2019	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
Revenue streams										
Trading	3,138	4,512	74,554	87,801	3,228	932	–	–	80,920	93,245
Installation	–	–	24,094	30,892	–	–	–	–	24,094	30,892
Servicing	–	–	10,099	14,345	–	–	–	69	10,099	14,414
	3,138	4,512	108,747	133,038	3,228	932	–	69	115,113	138,551
Timing of revenue recognition										
Products and services transferred over time	–	–	24,094	30,892	–	–	–	–	24,094	30,892
Products transferred at a point in time	3,138	4,512	84,653	102,146	3,228	932	–	69	91,019	107,659
	3,138	4,512	108,747	133,038	3,228	932	–	69	115,113	138,551

Contract balances

The following table provides information about receivables, contract assets and contract liabilities from contracts with customers.

		Group	
	Note	2020 \$'000	2019 \$'000
Trade receivables	9	13,780	20,995
Contract assets		966	1,737
Contract liabilities		(12,634)	(12,589)

The contract assets primarily relate to the Group's rights to consideration for work completed but not billed at the reporting date on installation of air-conditioning systems and mechanical ventilation. The contract assets are transferred to trade receivables when the rights become unconditional. This usually occurs when the Group invoices the customer.

The contract liabilities primarily relate to consideration received from customers exceeding progress of installations and advance considerations received from customers for maintenance services.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

19 Revenue (Continued)

Contract balances (Continued)

Significant changes in the contract assets and the contract liabilities balances during the year are as follows.

	Group			
	Contract assets		Contract liabilities	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000
Revenue recognised that was included in the contract liability balance at the beginning of the year	–	–	6,249	7,639
Increases due to cash received and progress billings, excluding amounts recognised as revenue during the year	–	–	(6,294)	(7,006)
Transfer from contract assets recognised at the beginning of the year to receivables	(1,121)	(1,527)	–	–
Recognition of revenue, net of recognised in receivables	350	1,232	–	–

Sources of estimation uncertainty

Revenue recognition on installation are dependent on estimating the total completion cost of the construction contract. Actual total costs may be higher or lower than estimated at the reporting date, which would affect the revenue recognised in future years. As at the reporting date, management considered that all costs to complete and revenue can be reliably estimated.

Transaction price allocated to the remaining performance obligations

The following table includes revenue expected to be recognised in the future related to performance obligations that are unsatisfied (or partially satisfied) at the reporting date.

	2021 \$'000	2022 \$'000	2023 \$'000	2024 \$'000	Total \$'000
Group					
Installation	30,737	14,920	8,986	2,012	56,655
Servicing	532	53	–	–	585

Variable consideration that is constrained and therefore not included in the transaction price is excluded in the amount presented above.

The Group applies the practical expedient in paragraph 121 of SFRS(I) 15 and does not disclose information about its remaining performance obligations if:

- the performance obligation is part of a contract that has an original expected duration of one year or less; or
- the Group has a right to invoice a customer an amount that corresponds directly with its performance to date, then it recognises revenue in that amount.

The Group's exposure to impairment losses for contract assets is disclosed in Note 17.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

25 Earnings/(Losses) per share

Basic and diluted earnings/(losses) per share

The calculation of basic and diluted earnings/(losses) per share has been based on profit attributable to ordinary shareholders of \$1,271,000 (2019: loss of \$1,980,000) and weighted average number of ordinary shares outstanding of 250,448,000 (2019: 250,448,000). The calculated weighted average number of ordinary shares is as follows:

	2020 '000	2019 '000
Group		
Issued ordinary shares at 1 January and 31 December, representing weighted average number of ordinary shares during the year	250,448	250,448

The Group does not have any dilutive potential ordinary shares.

26 Operating segments

The Group has four reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Group Chief Executive Officer (CEO) and Group Chief Operating Officer (COO) review internal management reports on at least a quarterly basis. The following summary describes the operations in each Group's reportable segments:

- Air-conditioning : trading of air-conditioning units and spare parts, installation services for commercial air-conditioning systems and mechanical ventilation, and maintenance services such as inspection and cleaning of air-conditioning and ventilation systems.
- Investment : sub-lease of leased property.
- Paint : manufacturing and distribution of paints and chemicals.
- Food and beverages : operator of restaurants, manufacture and wholesale of F&B products.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports review by the Group CEO and Group COO. Segment profit before income tax is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

26 Operating segments (Continued)

Geographical information

The Group operates primarily in Singapore. The reportable revenue is primarily generated from Singapore and the segment assets are based in Singapore.

Major customer

Revenue from one customer of the Group's Aircon segment represents approximately \$6,427,000 (2019: \$8,803,000) of the Group's total revenue.

27 Leases

Leases as lessee (SFRS(I) 16)

The Group leases building, warehouse and equipment. The leases typically run for a period ranging from 1 to 30 years, with an option to renew the lease after that date. Lease payments are renegotiated when the contracts end.

One of the leased properties has been sub-let by the Group. The lease expires in 2025 and the sub-lease expires in within one to three years depending on the contracts with the tenants.

The Group leases equipment with contract terms of one to two years. These leases are short-term and/or leases of low-value items. The Group has elected not to recognise right-of-use assets and lease liabilities for these leases.

Information about leases for which the Group is a lessee is presented below.

Amounts recognised in profit or loss

	Group	
	2020	2019
	\$'000	\$'000
Leases under SFRS(I) 16

	\$'000	\$'000
Total cash outflow for leases	7,283	6,973

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

27 Leases (Continued)

Leases as lessee (SFRS(I) 16) (Continued)

Extension options

Some property leases contain extension options exercisable by the Group up to thirty years before the end of the non-cancellable contract period. Where practicable, the Group seeks to include extension options in new leases to provide operational flexibility. The extension options held are exercisable only by the Group and not by the lessors. The Group assesses at lease commencement date whether it is reasonably certain to exercise the extension options. The Group reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant changes in circumstances within its control.

Leases as lessor

Operating lease

The Group leases out part of its leasehold properties. The Group has classified these leases as operating leases, because they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets.

Rental income recognised by the Group during 2020 was \$5,095,000 (2019: \$5,103,000).

The following table sets out a maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date.

	Group	
	2020 \$'000	2019 \$'000
Operating leases under SFRS(I) 16		
Less than one year	3,655	1,290
One to two years	1,238	1,127
Two to three years	7	385
Total	4,900	2,802

28 Contingencies

	Company	
	2020 \$'000	2019 \$'000
Corporate guarantees		
Banking facilities for subsidiaries	30,623	37,740
Amounts utilised	(20,640)	(28,048)

At the reporting date, the Company has issued guarantees to banks in respect of bank facilities granted to its subsidiaries. These intra-group financial guarantees, as disclosed above, will expire when the loans have been paid and discharged and/or when the banking facilities are no longer available to the subsidiaries, delivery of contracts with customers and suppliers. These financial guarantee contracts are accounted for as insurance contracts.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

28 Contingencies (Continued)

The principal risk to which the Company is exposed is the credit risk in connection with the guarantee contracts it has issued. The credit risk represents the loss that would be recognised upon a default by the subsidiaries to which the guarantees were given on behalf of.

There are no terms and conditions attached to the guarantee contracts that would have a material effect on the amount, timing and uncertainty of the Company's future cash flows.

The intra-group financial guarantees are eliminated in preparing the consolidated financial statements.

Estimates of the Company's obligation arising from the financial guarantee contracts may be affected by future events, which cannot be predicted with certainty. The assumptions made may well vary from actual experience so that the actual liability may vary considerably from the best estimates. As of balance sheet date, there is no provision made in respect of the obligation.

Continuing financial support

The Company has given formal undertakings, which are unsecured, to provide financial support to its subsidiaries. As at 31 December 2020, the net liabilities of these subsidiaries amount to approximately \$18,186,000 (2019: \$16,844,000).

29 Related parties

Key management personnel compensation

Key management personnel of the Group and the Company are those persons having the authority and responsibility for planning, directing and controlling the activities of the entity. The directors and senior management of the Group and the Company are considered as key management personnel.

Key management personnel compensation comprised:

	Group	
	2020 \$'000	2019 \$'000
Short-term employee benefits	2,345	2,887
Post-employment benefits (including CPF)	107	120
	2,452	3,007

Included in the above is the total compensation to directors of the Company which amount to \$1,288,000 (2019: \$1,216,000).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

30 Acquisition of business

In February 2019, the Group acquired a F&B business through newly incorporated subsidiaries, and the Group has 80% share interest in the business.

Acquisition-related costs

The Group incurred acquisition-related costs of \$39,000 on legal fees and due diligence costs in 2019. These costs have been included in 'administrative expenses'.

Identifiable assets acquired and liabilities assumed

The following table summarises the recognised amounts of assets acquired assumed at the date of acquisition.

	\$'000
Plant and equipment	762
Inventories	29
Trade and other receivables	11
Total identifiable net assets	802

Goodwill

Goodwill arising from the acquisition has been recognised as follows:

	\$'000
Total consideration transferred in cash	980
Fair value of identifiable net assets	(802)
Goodwill	178

Goodwill is recognised as of the acquisition date measured as the excess of over the consideration transferred which generally requires acquisition-date fair value. None of the goodwill recognised is expected to be deductible for tax purposes.

31 Subsequent event

On 25 February 2021, the directors proposed first and final dividend of 0.15 Singapore cents per ordinary share (one-tier tax exempt) in respect of financial year ended 31 December 2020. The proposed first and final dividend amounting to \$376,000 has not been recognised as at year end and is subject to shareholders' approval at the forthcoming Annual General Meeting of the Company.

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN that the Annual General Meeting (**AGM**) of the Company will be held by way of electronic means on Wednesday, 28 April 2021 at 9.30 a.m. to transact the following business:

Ordinary Business

1. To receive and adopt the Directors' Statements and Audited Financial Statements for the financial year ended 31 December 2020 and the Independent Auditor's Report thereon. **[Resolution 1]**
2. To declare a first and final tax exempt (one-tier) dividend of 0.15 Singapore cents per ordinary share for the financial year ended 31 December 2020. **[Resolution 2]**
3. To note the retirement of Mr Mahtani Bhagwandas retiring pursuant to Regulation 90 of the Company's Constitution. Mr Mahtani Bhagwandas will not be seeking re-election and will retire as Director of the Company on 28 April 2021 at the conclusion of the AGM.
4. To re-elect Mr Tsng Joo Peng who is retiring by rotation pursuant to Regulation 90 of the Company's Constitution as Director of the Company. **[Resolution 3]**
[See Explanatory Note (a)]
5. To approve Directors' fees of S\$165,000 for the financial year ending 31 December 2021 to be paid quarterly in arrears. (2020: S\$165,000) **[Resolution 4]**
6. To re-appoint Messrs KPMG LLP as Auditors of the Company and to authorise the Directors to fix their remuneration. **[Resolution 5]**
7. To transact any other business that may be transacted at an Annual General Meeting.

Special Business

To consider and, if thought fit, to pass the following as an Ordinary Resolution, with or without modifications:

General mandate to allot and issue new shares

8. "That pursuant to Section 161 of the Companies Act, Chapter 50 (**Act**) and Rule 806 of the Listing Manual (Section B: Rules of Catalist) of the Singapore Exchange Securities Trading Limited (**SGX-ST**) and the Constitution of the Company, authority be and is hereby given to the Directors of the Company to:
 - (A) (i) allot and issue shares in the capital of the Company (**Shares**) (whether by way of rights, bonus or otherwise); and/or
 - (ii) make or grant offers, agreements, or options (collectively, "**Instruments**") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible or exchangeable into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

NOTICE OF ANNUAL GENERAL MEETING

- (B) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 100 per cent of the total number of issued Shares excluding treasury shares and subsidiary holdings (as calculated in accordance with sub-paragraph (2) below), and provided further that where shareholders of the Company are not given the opportunity to participate in the same on a pro-rata basis, then the aggregate number of Shares to be issued under such circumstances (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50 per cent of the total number of issued Shares excluding treasury shares and subsidiary holdings (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation and adjustments as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above:
- (a) the total number of issued Shares excluding treasury shares and subsidiary holdings shall be calculated based on the total number of issued Shares excluding treasury shares and subsidiary holdings at the time of this Resolution is passed, after adjusting for:
- (aa) new Shares arising from the conversion or exercise of convertible securities;
- (bb) new Shares arising from the exercise of share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
- (cc) any subsequent bonus issue, consolidation or subdivision of Shares;
- (b) any adjustments made in accordance with sub-paragraphs (2)(a)(aa) or (2)(a)(bb) above shall only be made in respect of new Shares arising from convertible securities and Instruments which were issued and outstanding and/or subsisting at the time of the passing of this Resolution;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the listing rules of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is the earlier."

[See Explanatory Note (b)]

[Resolution 6]

NOTICE OF ANNUAL GENERAL MEETING

General mandate to issue shares under the Natural Cool Employee Share Option Scheme 2017

9. "That pursuant to Section 161 of the Act, the Directors of the Company be authorised and empowered to grant options in accordance with the provisions of the Natural Cool Employee Share Option Scheme 2017 (**Scheme**) to allot and issue from time to time such number of Shares in the capital of the Company as may be required to be issued pursuant to the exercise of the options granted by the Company under the Scheme, whether granted during the subsistence of this authority or otherwise, provided always that:
- (i) the aggregate number of additional ordinary shares to be allotted and issued pursuant to the Scheme shall not exceed fifteen per cent (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company from time to time; and
 - (ii) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is earlier."
- [See Explanatory Note (c)] **[Resolution 7]**

General mandate to issue shares under the Natural Cool Performance Share Plan 2019

10. "That pursuant to Section 161 of the Act, the Directors of the Company be authorised and empowered to grant awards in accordance with the Natural Cool Performance Share Plan 2019 (Performance Share Plan) and allot and issue from time to time such number of Shares in the capital of the Company to the holders of awards granted by the Company under the Performance Share Plan established by the Company upon the vesting of such share awards in accordance with the terms and conditions of the Performance Share Plan, provided always that the aggregate number of Shares issued and/or issuable pursuant to the Scheme, the Performance Share Plan and any other share based incentive schemes of the Company shall not exceed 15% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company from time to time; and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusions of the next AGM or the date by which the next AGM is required by law to be held, whichever is earlier."
- [See Explanatory Note (d)] **[Resolution 8]**

By Order of the Board

Sharon Yeoh
Company Secretary
13 April 2021

Singapore

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:

- (a) Mr Tsng Joo Peng (Mr Tsng), if re-elected, will remain as the Executive Director of the Company. Pursuant to Rule 720(5) of the Catalyst Rules, further information of Mr Tsng is set out on pages 61 to 64 of the Company's Annual Report.
- (b) The ordinary resolution 6 set out in item 8 above, if passed, will empower the Directors from the date of this annual general meeting until the date of the next annual general meeting or the date by which the next annual general meeting is required by law to be held or such authority is revoked or varied by the Company in general meeting, whichever is earlier, to allot and issue Shares, make or grant instruments convertible into Shares and to issue Shares pursuant to such instruments up to an aggregate number not exceeding 100% of the total number of issued Shares excluding treasury shares and subsidiary holdings in the capital of the Company, with a sub-limit of 50% for issues other than on a pro-rata basis. For determining the aggregate number of Shares that may be issued the total number of issued Shares excluding treasury shares and subsidiary holdings shall be calculated based on the total number of issued Shares excluding treasury shares and subsidiary holdings at the time of this ordinary resolution 6 above is passed after adjusting for new Shares arising from the conversion or exercise of convertible securities, share options or vesting of share awards which are outstanding or subsisting at the time this ordinary resolution 6 above is passed and any subsequent bonus issue, consolidation or subdivision of Shares.
- (c) The ordinary resolution 7 set out in item 9 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue from time to time such number of fully-paid Shares in the capital of the Company as may be required to be issued pursuant to the exercise of options granted or to be granted under the Scheme. The aggregate number of shares which may be issued pursuant to the Scheme shall not exceed fifteen per cent (15%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company from time to time.
- (d) The ordinary resolution 8 set out in item 10 above, if passed, will empower the Directors of the Company, to allot and issue such number of fully-paid Shares upon the vesting of such awards in accordance with the provisions of the Performance Share Plan.

Notes:

1. The Annual General Meeting is being convened, and will be held, by electronic means pursuant to the Covid-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Accordingly, this Notice will be sent to members by electronic means via publication on the Company's website at the URL http://investor.natcool.com/latest_news.html and is also made available on the SGX's website at the URL <https://www.sgx.com/securities/company-announcements>. Printed copies of this Notice will not be sent to members by post.
2. Alternative arrangements relating to (i) attendance at the AGM via electronic means (including arrangements by which the meeting can be electronically accessed via live webcast); (ii) submission of questions in advance of the AGM to the Chairman of the Meeting, addressing of substantial and relevant questions prior to the AGM; and (iii) voting by appointing the Chairman of the Meeting as proxy at the AGM, are set out in the accompanying Company's announcement dated 13 April 2021.
3. Members who wish to observe the AGM proceedings through the live webcast must pre-register with the Company at the URL <https://tinyurl.com/natcoolAGM2021webcast> by 9.30 a.m. on 25 April 2021 to enable the verification of members' status.

Following the verification, authenticated members will receive a confirmation email, which contain details to access the live webcast of the AGM proceedings. Members who do not receive a confirmation email by 9.30 a.m. on 26 April 2021, but have registered by the 25 April 2021 deadline, should contact the Company's Investor Relations team at +65 6593 1100 before 9.30 a.m. on 27 April 2021 for assistance.

4. Members may also submit questions related to the resolutions to be tabled for approval at the AGM, in advance of the AGM, to the Company's Investor Relations team via email at AGM2021@natcool.com by 9.30 a.m. on 21 April 2021. The Company will endeavour to address such substantial and relevant questions submitted prior to the AGM by publishing the responses to such questions on the SGX's and Company's website prior to the AGM.
5. **Due to the current Covid-19 situation and the related elevated safe distancing measures in Singapore, a member will not be able to attend the AGM in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.**

The accompanying proxy form for the AGM may be downloaded from the Company's website at the URL http://investor.natcool.com/latest_news.html, and from the SGX website at the URL <https://www.sgx.com/securities/company-announcements>. **Printed copies of the Annual Report 2020, Notice of AGM and proxy form will not be sent to shareholders.**

6. Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/its must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the proxy form, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.
7. CPF and SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes at least seven (7) working days before the AGM.
8. The Chairman of the Meeting, as proxy, need not be a member of the Company.

NOTICE OF ANNUAL GENERAL MEETING

9. Members must submit the completed proxy form in the following manner:

- (a) if submitted by post, be deposited at the Company's Registered Office at 29 Tai Seng Avenue, #07-01 Natural Cool Lifestyle Hub, Singapore 534119;
- (b) if submitted electronically, be submitted via email to AGM2021@natcool.com.

in each case, by **9.30 a.m.** on **25 April 2021**. Any incomplete proxy forms will be rejected by the Company.

Members who wish to submit the proxy form by post or via email, must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above. **In view of the current Covid-19 situation, members are strongly encouraged to submit completed proxy form electronically via email.**

PERSONAL DATA PRIVACY

Where a member of the Company submits an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the annual general meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the annual general meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the annual general meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

NOTICE OF RECORD DATE AND DIVIDEND PAYMENT DATE

NOTICE IS HEREBY GIVEN that the Register of Transfer and the Register of Members of the Company will be closed on 7 May 2021 for the purpose of determining the entitlement of the Company's shareholders to a first and final tax exempt (one-tier) dividend of 0.15 Singapore cents per ordinary share for the financial year ended 31 December 2020.

Duly completed registrable transfers received by the Company's Share Registrar, B.A.C.S. Private Limited, at 8 Robinson Road #03-00, ASO Building, Singapore 048544, up to 5.00 p.m. on 7 May 2021 will be registered to determine shareholders' entitlements to the said dividend.

Members whose Securities Accounts with The Central Depository (Pte) Ltd are credited with shares at 5.00 p.m. on 7 May 2021 will be entitled to the proposed dividend.

The proposed dividend, if approved by the members at the Company's AGM to be held on 28 April 2021, will be paid on 21 May 2021.

NATURAL COOL HOLDINGS LIMITED

(Company Registration No. 200509967G)
(Incorporated in the Republic of Singapore)

PROXY FORM

IMPORTANT:

1. The Annual General Meeting is being convened, and will be held, by way of electronic means pursuant to the Covid-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. The Notice of Annual General Meeting will accordingly be sent to members by electronic means via publication on the Company's website at the URL http://investor.natcool.com/latest_news.html and on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
2. Alternative arrangements relating to, among others, attendance, submission of questions in advance and/or voting by proxy at the Annual General Meeting are set out in the Company's announcement dated 13 April 2021 entitled "Important Notice to Shareholders Regarding the Company's Annual General Meeting on 28 April 2021" which has been uploaded together with the Notice of Annual General Meeting dated 13 April 2021 on SGXNet on the same day. This announcement may also be accessed at the URL http://investor.natcool.com/latest_news.html.
3. **Due to the current Covid-19 situation in Singapore, a member will not be able to attend the Annual General Meeting in person. If a member (individual or corporate) wishes to exercise his/her/its voting rights at the Annual General Meeting, he/she/it must appoint the Chairman of the Meeting as his/her/its proxy to vote on his/her/its behalf at the Annual General Meeting.** In appointing the Chairman of the Meeting as proxy, a member (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in this proxy form, failing which the appointment will be treated as invalid.
4. CPF and SRS Investors who wish to appoint the Chairman of the Meeting as their proxy should approach their respective CPF and/or SRS Approved Nominees to submit their votes at least seven (7) working days before the Annual General Meeting.
5. By submitting this proxy form, the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 13 April 2021.
6. **Please read the notes overleaf which contain instructions on, *inter alia*, the appointment of the Chairman of the Meeting as a member's proxy to vote on his/her/its behalf at the Annual General Meeting.**

I/We* _____ NRIC/Passport/Co. Registration No.* _____

of _____
being a member/members* of NATURAL COOL HOLDINGS LIMITED (the "Company") hereby appoint the Chairman of the Meeting, as my/our* proxy to vote for me/us* on my/our* behalf at the Annual General Meeting of the Company to be held by way of electronic means on Wednesday, **28 April 2021 at 9.30 a.m.** and at any adjournment thereof.

No.	ORDINARY RESOLUTIONS	For	Against	Abstain
	Ordinary Business:			
1	Adoption of Directors' Statement, Audited Financial Statements and Auditors' Report for the financial year ended 31 December 2020			
2	Declaration of a first and final tax exempt (one-tier) dividend of 0.15 Singapore cents per ordinary share for the financial year ended 31 December 2020			
3	Re-election of Mr Tsng Joo Peng as Director pursuant to Regulation 90 of the Company's Constitution as Director of the Company			
4	Approval of Directors' fees amounting to S\$165,000 for the financial year ending 31 December 2021 to be paid quarterly in arrears			
5	Re-appointment of Messrs KPMG LLP as auditors
