Advisory and consultancy fees		446	787	(43%)	1,289	1,740	(26%)

- (i) REIT management fees increased to S\$37.3 million in 1H2014 from S\$31.4 million in 1H2013, mainly due to higher fees arising from better asset performance post the asset enhancement initiatives undertaken, which resulted in higher valuations achieved for the property portfolios of the REITs under management. Cache Logistics Trust's ("Cache") acquisition of 15 Gul Way ("Precise Two") in April 2013, Fortune REIT's acquisition of Fortune Kingswood ("Kingswood") in October 2013 and Prosperity REIT's acquisition of 9 Chong Yip Street in January 2014 also contributed to the higher REIT management fees.
- (ii) Portfolio management and service fees decreased to S\$12.2 million in 1H2014 from S\$13.2 million in 1H2013 mainly due to lower management fees from the ARA Asia Dragon Fund ("ADF") which has entered into its divestment phase since 2012. This decrease was partially offset by higher management fees arising from (i) the launch of a new separate account platform, Morningside Investment Partners, LLC ("MIP") in November 2013; (ii) higher fees received from the ARA China Investment Partners, LLC ("CIP") subsequent to the acquisition of its first property in July 2013 and (iii) higher valuation of the property in the ARA Harmony Fund following the completion of asset enhancement works at Suntec Singapore Convention and Exhibition Centre ("Suntec Singapore").
- (iii) Real estate management fees declined marginally in 1H2014 to S\$11.4 million from S\$11.6 million in 1H2013, mainly due to lower leasing commission recognised by the APM Group of companies. This was partially offset by higher property management fees and convention and exhibition services fees received by the Group following the completion of Phase 1 and 2 asset enhancement works at the Suntec City Mall and Suntec Singapore.
- (iv) Acquisition, divestment and performance fees increased to \$\$3.2 million from \$\$2.3 million in 1H2013, mainly due to acquisition fees received in relation to Prosperity REIT's acquisition of 9 Chong Yip Street in January 2014 and Suntec REIT's year-to-date progress payments arising from its acquisition of 177 Pacific Highway. Included in 1H2013 was acquisition fees received in relation to Cache's acquisition of Precise Two in April 2013. Advisory and consultancy fees of \$\$1.3 million for 1H2014 (1H2013: \$\$1.7 million) were mainly in relation to project management services provided by APM and its related corporations to the properties it manages in Singapore, China and Malaysia.

(b) Finance income

Finance income comprises mainly distribution income, interest income, net gain on fair valuation / disposal of financial assets, as well as net foreign exchange gain. Finance income increased to \$\$12.2 million in 1H2014 from \$\$5.6 million in 1H2013 mainly due to (i) a net gain on fair valuation / disposal of financial assets of \$\$4.8 million in 1H2014 (1H2013 recorded a net loss on fair valuation / disposal of financial assets of \$\$1.6 million under finance costs), and (ii) higher distribution income of \$\$7.3 million in 1H2014 as compared to \$\$5.6 million received in 1H2013, which was mainly attributable to a higher distribution of profits by the ADF in 1H2014 subsequent to the divestment of properties under its portfolio.

(c) Other income

Other income comprises mainly negative goodwill arising from the acquisition of ARA Korea Limited amounting to S\$2.1 million (1H2013: Nil).

(d) Administrative expenses

Administrative expenses comprise primarily of staff-related expenses and advisory fees. Administrative expenses increased to S\$25.1 million in 1H2014 from S\$20.4 million in 1H2013, mainly due to (i) an increase in headcount and staff-related expenses in line with the Group's continuing business expansion and (ii) higher performance based bonus accrued in relation to the higher acquisition fees received in 1H2014 from the REITs under management compared to 1H2013. Excluded from administrative expense was staff-related expenses of S\$6.8 million (1H2013: S\$5.2 million) for Suntec Singapore International Convention & Exhibition Services Pte. Ltd. which was fully reimbursed from the ARA Harmony Fund.

(e) Operating lease expenses

Operating lease expenses increased to S\$1.9 million in 1H2014 from S\$1.8 million in 1H2013, in line with the Group's continuing business expansion.

(f) Other expenses

Other expenses comprise primarily other staff-related expenses (such as travelling expenses), telecommunications expenses, legal & professional fees (including auditors' remuneration, company secretarial and share registrar fees), agency commission, insurance, amortisation and depreciation, continuing listing expenses, board meeting expenses and other miscellaneous expenses. Other expenses in 1H2014 were S\$5.8 million compared to S\$3.5 million in 1H2013. The increase was mainly due to higher professional fees incurred in relation to the acquisition of ARA Korea Limited in April 2014 and higher agency commission incurred by APM in relation to new leases secured for Suntec City.

(g) Finance costs

Finance costs comprise net loss on fair valuation / disposal of financial assets, net foreign exchange loss and interest expense. Finance costs in 1H2014 decreased to \$\$0.9 million from \$\$1.8 million in 1H2013. Included in 1H2013 was a net loss on fair valuation / disposal of financial assets of \$\$1.6 million (1H2014 recorded a \$\$4.8 million net gain on fair valuation / disposal of financial assets under finance income). A \$\$0.6 million net foreign exchange loss primarily due to the weakening of the USD relative to the SGD was included in 1H2014.

(h) Share of profit of associates (net of tax)

Share of profit of associates (net of tax) was primarily due to the recognition of ARA's share of profits arising from the Group's (i) 30% effective interest in Am ARA REIT Managers Sdn. Bhd., the manager of AmFIRST REIT, (ii) 40% effective interest in Cache Property Management Pte. Ltd., the property manager of Cache, and (iii) 30% effective interest in Hui Xian Asset Management Limited, the manager of Hui Xian REIT.

Footnotes:

- (a) Cash flows from operating activities increased to \$\$53.8 million in 1H2014 from \$\$11.5 million in 1H2013 primarily due to higher proceeds received from the sale of certain REIT units received by the Group as part payment for REIT management and acquisition fees.
- (b) Net cash outflow for investing activities decreased from S\$74.5 million in 1H2013 to S\$14.3 million in 1H2014. The lower net cash outflow for investing activities in 1H2014 was primarily due to lower seed capital contributions to the private real estate funds, which are classified as available-for-sale securities.
- (c) Net cash outflow for financing activities was \$\$27.8 million in 1H2014 compared to \$\$5.9 million in 1H2013. The increase was mainly due to the repayment of \$\$4.6 million during 1H2014 for the revolving credit facility taken up to finance the subscription of a 3-for-5 rights issue by AmFIRST REIT. In 1H2013, the Group had drawn down \$\$18.0 million from its revolving credit facility for general working capital purposes.

2. Whether the figures have been audited, or reviewed and in accordance with which standard (e.g. the Singapore Standard on Review Engagements 2400 (Engagements to Review Financial Statements), or an equivalent standard)

The figures for the six-month period ended 30 June 2014 have not been audited but have been reviewed by the auditors in accordance with Singapore Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity".

3. Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of matter)

Please refer to attached review report.

4. Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied

The Group has applied the same accounting policies and methods of computation in the financial statements for the current reporting period as that of the audited financial statements for the year ended 31 December 2013, except for the adoption of accounting standards (including its consequential amendments) and interpretations applicable for the financial period beginning 1 January 2014.

Financial Reporting Standards ("FRS") which became effective for the Group's financial period beginning 1 January 2014 are:

FRS 110 Consolidated Financial Statements;

FRS 112 Disclosures of Interests in Other Entities

FRS 110 Consolidated Financial Statements

FRS 110 establishes a single control model as the basis for determining the entities that will be consolidated. It also requires management to exercise significant judgement to determine which investees are controlled, and therefore are required to be consolidated by the Group.

The Group has re-evaluated its involvement with investees under the new control model. Based on its assessment, the Group is not required under FRS 110 to consolidate its investees.

FRS 112 Disclosures of Interests in Other Entities

FRS 112 sets out the disclosures required to be made in respect of all forms of an entity's interests in other entities, including subsidiaries, joint arrangements, associates and unconsolidated structured entities. The adoption of this standard would result in more extensive disclosures being made in the Group's financial statements in respect of its interests in other entities.

As FRS 112 is primarily a disclosure standard, there is no financial impact on the results and financial position of the Group and the Company from the adoption of this standard.

5. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change

Please refer to item 4 above.

2Q2014 vs 2Q2013

The Group's recurrent management fees increased to \$\$31.3 million in 2Q2014 from \$\$29.5 million in 2Q2013. This was mainly due to (i) higher REIT management fees from better asset performance post the asset enhancement initiatives undertaken, which resulted in higher valuations achieved for the property portfolios of the REITs under management, (ii) fee contribution from Cache's acquisition of Precise Two in April 2013, Fortune REIT's acquisition of Kingswood in October 2013 and Prosperity REIT's acquisition of 9 Chong Yip Street in January 2014 and (iii) higher portfolio management fees arising from the launch of MIP in November 2013, CIP's acquisition of its first property in July 2013 and the higher valuation of Suntec Singapore for the ARA Harmony Fund following the completion of asset enhancement works in the second half of 2013. These were partially offset by reduced management fees received from the ADF which has entered into its divestment phase since 2012.

Acquisition, divestment and performance fees for 2Q2014 were S\$0.6 million compared to S\$1.3 million in 2Q2013. The Group had received acquisition fees arising from Cache's acquisition of Precise Two in April 2013. In addition, the advisory and consultancy fees of S\$0.4 million for 2Q2014 (2Q2013: S\$0.8 million) were mainly in relation to project management services provided by APM and its related corporations to the properties it manages in Singapore, China and Malaysia.

Finance income increased to \$\$6.4 million in 2Q2014 from \$\$3.8 million in 2Q2013, mainly due to a net gain on fair valuation / disposal of financial assets of \$\$4.1 million in 2Q2014 (2Q2013 recorded a net loss on fair valuation / disposal of financial assets of \$\$4.3 million under finance costs). This was partially offset by lower distribution income of \$\$2.2 million in 2Q2014 as compared to \$\$3.8 million received in 2Q2013. Included in the distribution income of 2Q2013 was the distribution of profits by the ADF arising from the divestment of properties under its portfolio during the quarter, while no dividends were paid out in 2Q2014.

Other income comprises mainly negative goodwill arising from the acquisition of ARA Korea Limited amounting to S\$2.1 million (2Q2013: Nil).

Operating expenses in 2Q2014 was S\$16.3 million compared to S\$17.2 million in 2Q2013. The decrease was mainly due to a net loss on fair valuation / disposal of financial assets of S\$4.3 million recorded in 2Q2013 (2Q2014 recorded a net gain on fair valuation / disposal of financial assets of S\$4.1 million under finance income). This was partially offset by (i) higher staff-related expenses, in line with the Group's continuing business expansion, (ii) higher professional fees incurred in relation to the acquisition of ARA Korea Limited and (iii) higher agency commission incurred by APM in relation to new leases secured for Suntec City.

Net profit for the quarter was therefore up 36% to \$\$20.8 million from \$\$15.3 million in 2Q2013.

1H2014 vs 1H2013

The Group's recurrent management fee income increased to \$\$61.0 million in 1H2014 from \$\$56.2 million in 1H2013. This was mainly due to (i) higher REIT management fees from better asset performance post the asset enhancement initiatives undertaken, which resulted in higher valuations achieved for the property portfolios of the REITs under management, (ii) fee contribution from Cache's acquisition of Precise Two in April 2013, Fortune REIT's acquisition of Kingswood in October 2013 and Prosperity REIT's acquisition of 9 Chong Yip Street in January 2014 and (iii) higher portfolio management fees arising from the launch of MIP in November 2013, CIP's acquisition of its first property in July 2013 and the higher valuation of Suntec Singapore for the ARA Harmony Fund following the completion of asset enhancement works in the second half of 2013. These were partially offset by reduced management fees received from the ADF which has entered into its divestment phase since 2012.

Acquisition, divestment and performance fees in 1H2014 increased to \$\$3.2 million from \$\$2.3 million in 1H2013. This was mainly due to acquisition fees received in relation to Prosperity REIT's acquisition of 9 Chong Yip Street in January 2014 and Suntec REIT's year-to-date progress payments arising from its acquisition of 177 Pacific Highway. In addition, the advisory and consultancy fees of \$\$1.3 million for 1H2014 (1H2013: \$\$1.7 million) were mainly in relation to project management services provided by APM and its related corporations to the properties it manages in Singapore, China and Malaysia.

Finance income increased to S\$12.2 million in 1H2014 from S\$5.6 million in 1H2013 mainly due to (i) a net gain on fair valuation / disposal of financial assets of S\$4.8 million in 1H2014 (1H2013 recorded a net loss on fair valuation / disposal of financial assets of S\$1.6 million under finance costs) and (ii) due to a higher distribution income of S\$7.3 million in 1H2014 as compared to S\$5.6 million received in 1H2013, which was mainly attributable to a higher distribution of profits by the ADF in 1H2014 subsequent to the divestment of properties under its portfolio.

Other income comprises mainly negative goodwill arising from the acquisition of ARA Korea Limited amounting to S\$2.1 million (1H2013: Nil).

Operating expenses in 1H2014 was S\$33.6 million compared to S\$27.5 million in 1H2013. The increase was mainly due to higher staff-related expenses, in line with the Group's continuing business expansion, higher professional fees incurred in relation to the acquisition of ARA Korea Limited and higher agency commission incurred by APM in relation to new leases secured for Suntec.

Net profit for 1H2014 was therefore up 20% to S\$38.7 million from S\$32.1 million in 1H2013.

As at 30 June 2014, the Group's total assets under management stood at S\$25.8 billion (approximately US\$20.7 billion).

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results

The current results are broadly in line with the Company's commentary made in the Financial Results Announcement for the quarter ended 31 March 2014 under item 10. The Company has not disclosed any financial forecast to the market.

10. A commentary at the date of the announcement of the competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

The global economies remain on track for a gradual recovery, closely monitored by policymakers as policies are further fine-tuned in support of long term growth.

Post the last Federal Open Market Committee meeting held on 18 June 2014, monthly bond purchases were reduced by another \$10 billion starting July 2014. The reduced pace of asset purchases would likely continue at future meetings should labour market conditions continue to improve. The US Federal Funds Rate was maintained at 0.25%, consistent with its approach towards a highly accommodative monetary policy.

China recorded a GDP growth of 7.5% in the second quarter of 2014, a slight uplift from 7.4% in the previous quarter. Notwithstanding the recent round of encouraging economic data underpinning the stable growth achieved in the first half, investors' concerns over the credit and property markets remain.

In Singapore, the advance estimates for the GDP growth in the second quarter of 2014 is estimated at 2.1 per cent, moderating from the 4.7 per cent growth in the first quarter of the year. Notwithstanding the moderation in 2Q2014, the GDP growth forecast for the year is expected at between 2.0% and 4.0%.

REITs

In April 2014, ARA completed the acquisition of Macquarie Real Estate Korea Limited (renamed as ARA Korea Limited), a real estate management company based in Seoul. With this, ARA currently manages two privately-held Korean Real Estate Investment Trusts, namely ARA-NPS Real Estate Investment Company, and ARA-NPS REIT No. 2, invested in office properties with a combined value of approximately S\$750 million as at 30 June 2014. Moving forward, the Group is working towards expanding this platform over time.

In addition, the Group is focused on executing active asset management strategies to add value to the properties managed under the Group's REITs platform. It continues to pursue growth through value-adding acquisitions and opportunities to list new REITs in new markets and jurisdictions.

Private Funds

In May 2014, ARA launched the ARA Summit Development Fund I, L.P., mandated to invest in real estate development projects and projects with value enhancement potential in Australia and South East Asia. With this, ARA has expanded its suite of private real estate funds under ARA Private Funds to range from development-focused products to core investment products, and would extend ARA Private Fund's geographical reach in Asia to include Australia.

ARA Private Funds continues to work on evaluating investment opportunities in the Group's core markets under each private real estate fund's investment mandate to deploy its remaining capital commitments, whilst pursuing its active asset management and asset enhancement initiatives for those private real estate funds that are invested.

Outlook for FY2014

Barring unforeseen circumstances, the Directors expect the Group's performance in FY2014 to be comparable to that achieved in FY2013.
