ABOUT THIS REPORT

This is PropNex Limited's ("PropNex") third annual Sustainability Report ("Report").

The Report summarises PropNex's policies, practices, targets and performance for our material environmental, social and governance ("ESG") factors in the financial year ended 31 December 2021 ("FY2021"). The scope of the Report encompasses our real estate brokerage business in Singapore, namely PropNex Limited and PropNex Realty Pte Ltd.

This Report has been prepared in line with the sustainability reporting requirements of the SGX-ST Listing Manual (Rules 711A and 711B), and with reference to the 2016 Global Reporting Initiative ("GRI") Standards. We have included disclosures covering energy, emissions and environmental compliance. Please see the GRI index on Page 21 for more details.

All monetary and financial figures stated are in Singapore dollars.

All information is disclosed in good faith and to the best of our knowledge. Your feedback is important to us in our sustainability journey; we look forward to receiving comments on our sustainability practices and reporting at corpcomms@propnex.com.

BOARD STATEMENT

Since 2000, PropNex has been involved in various charity events and championed numerous meaningful causes. Our Corporate Social Responsibility ("CSR") Philosophy, "Empowering Future Generations through Education", has guided the Group's CSR initiatives over the years. We review current initiatives and plan for future CSR direction and initiatives during strategic meetings, which are led by the management team.

At PropNex, we are firm believers of contributing back to the communities around us. We believe that we can only truly help our communities when the culture of contributing is instilled in each and every one of our employees and salespersons. We have thus established programmes and mechanisms to enable the Group's employees and salespersons to easily be involved with and contribute to all CSR initiatives.

PropNex has adopted Community Chest as its main charity beneficiary since 2013. Through Community Chest's work, we support an umbrella of social service programmes that assists over 300,000 people in need in Singapore. Additionally, we have also put an emphasis on adopting schools and centres that cater to children with special needs and disabilities as beneficiaries to further align our contribution with our CSR philosophy. In 2021, the Group had contributed a record amount of over \$2 million to charity.

\$872,398 was contributed Community Chest during our 2021 Mid-Year Virtual Convention witnessed by Minister for Manpower and Second Minister for Trade & Industry Mr Tan See Leng. We were heartened to see that another \$250,000 was also donated to Chen Su Lan Children's Methodist Home while Executive Chairman and CEO Mr Ismail Gafoor made a personal donation of \$1 million to MENDAKI Singapore benefitting over 700 students for scholarships and bursaries for their education. A cornerstone of our success is our focus on sustainability, which is fundamental to achieving our long-term vision of success. We have incorporated considerations for social and governance factors in the way we grow our business, cultivate our people and serve our communities. This is based on the belief that PropNex will thrive when our people are motivated, committed and empowered to continuously improve themselves and give back to society.

With support of the Sustainability Steering Committee ("SSC"), comprising our management team, we have considered sustainability issues as part of our strategic formulation, determined the material ESG factors, overseen the management and monitoring of the ESG factors. The SSC will continue to assist the Board in integrating ESG considerations into our strategic formulation, as well as monitor, manage and report on our ESG performance.

Our commitment to service excellence has enabled us to become Singapore's largest home-grown listed real estate agency and we will continue to drive our business for years to come. We take pride in our motto "Service You Trust" and together with our core values, our business decisions are made with the aim of taking pole position in the market.

We are pleased to share with you PropNex's approach to sustainability and efforts taken to be a sustainable business in the Group's Sustainability Report.

PropNex Limited

CHAIRMAN'S MESSAGE

We soared as Singapore's largest listed real estate agency and continued to grow our salesforce as we recorded a total of 11,312 salespersons as at 11 April 2022. PropNex has proven to be the preferred agency of choice by clients and salespersons and we are on track in realising our vision of having 12,000 PropNex salespersons by 2023. A cornerstone of our success is our focus on sustainability which is fundamental to achieving our long-term vision of success. In future-proofing our business, we had incorporated considerations for social and governance factors in the way we expand, cultivate our people and serve our communities. This is based on the belief that PropNex will thrive when our people are motivated, committed and empowered to continuously improve themselves and give back to society.

Aside from delivering a commendable set of financial results in 2021, we stayed true to our continued focus on corporate citizenry as well. Since 2013, PropNex has targeted for an annual contribution of \$500,000 and to date, we accumulated over \$4 million, benefitting underprivileged children and the less fortunate appointed beneficiaries of Community Chest.

In 2021, we donated \$872,398 to Community Chest during our Mid-Year Virtual Convention witnessed by Minister for Manpower and Second Minister for Trade & Industry Mr Tan See Leng. We were heartened to see that another \$250,000 went towards helping the Chen Su Lan Children's Methodist Home, while I made a personal donation of \$1 million to MENDAKI Singapore, benefitting over 700 students for scholarships and bursaries for their education.

On the client front, the Group continued our efforts in engagement programmes of Property Xpo, Consumer Seminars, PropNex Friends and various collaborations with large organisations in reaching out to potential clients and empowering them with property insights and education.

The achievements we have accomplished today are made possible by our very own salespersons, managers, leaders and also all our PropNex staff who have continued to trust in the PropNex brand. It is through their belief and efforts that have made us number one in the industry.

We will continue to fly the PropNex flag high, backed by their trust and support, as well as that of our clients, developers and partners.

With Service You Trust,

INNOVATING ON THE DIGITAL FRONT

Technology in the real estate realm has disrupted and transformed how business is conducted, and will continue to play a pivotal role in the way corporations conduct their business.

One of our key strategies is the empowerment of our people by enhancing our technological capabilities. We are committed to improving our salespersons' productivity by providing relevant and reliable technological support. This in turn helps them to provide better customer service to their clients.

Our Information Technology (IT) Working Committee has developed the PropNex IT Roadmap to guide our future investments in technological and digital innovation. In consultation with our salespersons, we identified their needs and challenges. These were then translated into modules and focal points in our IT Roadmap. We continuously evaluate our IT needs and calibrate our IT Roadmap accordingly throughout the year.

LONG TERM TARGET

We aim to achieve the following through the implementation of our IT Roadmap:

- Digitalise manual procedures and processes;
- Reduce redundancies in procedures and processes;
- Facilitate the collaboration and sharing of resources amongst salespersons; and
- Enable consumers to access relevant property information more easily.

As of 2021, we have developed several technological solutions that aim to assist our salespersons, as summarised below.

REVAMPED WEBSITE

We took the opportunity to update our PropNex website and offer comprehensive bilingual content to consumers and salespersons. This is a full-fledged Chinese real estate website and the first in the real estate agency in Singapore that provides property listings and insights of the local property market in Chinese.

ENVIRONMENT

Rampant use of energy from non-renewable sources can cause global warming and through the resultant melting of the polar ice caps, subsequent sea level rise. As a small island state of which a third is below five metres above mean sea level, climate change can adversely impact Singapore and the main business of PropNex: real estate.

We have logged our electrical consumption captured at various corporate premises at HDB Hub Levels 10, 11 and 18, Branch Office and General Magnetic Building. Tabulations were based on utility bills from the electricity supplier.

All electricity is purchased from the national grid and is produced almost entirely by the combustion of natural gas, which is classified as Scope 2 emissions.

A total 490,251kWh of electricity was used, which translates to 104.74 CO₂e.

No incident of non-compliance with environmental laws and regulations were identified within the reporting year.
