### AUDIT PARTNER-IN-CHARGE

Andrew Tan Chwee Peng (appointed since financial year ended 31 December 2016)

### CHAIRMAN'S STATEMENT

For years, we have kept abreast of prevailing industry trends to identify growth opportunities in an ever-changing market.

Coupled with enhanced operational efficiency and our improved cost management, we achieved a net profit of S\$54.5 million for FY2016, an impressive performance given the macroeconomic circumstances.

#### **Dear Shareholders**,

The global economy in 2016 presented unique challenges in an economic environment that remained subdued. In both the U.S. and Europe, the rise of protectionism created volatility in the world's financial markets as global trade became uncertain. Closer to home, China continued to grapple with rebalancing its economy towards more sustainable growth while rising labour costs in the region added additional pressure to our business operations. Against this backdrop, we strove hard to drive operational efficiency and strengthen our business model and we managed to mitigate the effects of an uncertain business landscape.

#### **Strengthening Our Position**

Since the beginning of 2016, our goal was to adopt a leaner business model to cope with the uncertainty we would face over the course of the year. In line with this approach, we channelled our efforts into tightening cost controls across all facets of our operations. This relentless pursuit in adopting a leaner business model bore fruit as we reduced our overall spending and improved our profit margins. While navigating uncertain economic conditions, we focused on improving our fundamentals and set out to strengthen our balance sheet. Backed by robust core business operations which generated S\$267.8 million in positive operating cash flow, we turned a net debt position of S\$190.1 million as at 31 December 2015 to a net cash position of S\$25.1 million as at 31 December 2016.

#### **Steering the Turnaround**

In spite of a global economy characterised by subdued global growth and an increasingly competitive landscape, the persistent efforts of our business development teams ensured that our revenue remained stable at S\$1.3 billion for FY2016. Coupled with enhanced operational efficiency and our improved cost management, we achieved a net profit of S\$54.5 million for FY2016, an impressive performance given the macroeconomic circumstances.

As we returned to profitability, we would like to update that we have concluded the arbitration proceedings with Yota Devices Limited.

#### Sharpening Our Competitive Edge

For years, we have kept abreast of prevailing industry trends to identify growth opportunities in an everchanging market. In this light, we are constantly investing heavily in sharpening our competitive edge to ensure that we provide our customers with best in class capabilities across the value chain. For example, in our metal Computer Numeric Control ("CNC") processes segment, we continue to garner momentum as we refined our capabilities and boosted productivity levels. Despite our early struggles in ramping up this segment, we are now well-positioned to capture business opportunities with existing and new customers.

### CHAIRMAN'S STATEMENT

As an Original Design Manufacturer ("ODM") with extensive research and development ("R&D") experience, we are constantly adapting to our customers' needs in areas such as consumer electronics where we value-add with our expertise. As many multinational corporations have begun to utilise their own R&D centres and electronics manufacturing services, the landscape has become increasingly competitive. In view of overall market demand, we have reviewed our position and decided to reduce the scale of our wireless R&D business. Nevertheless, we strive in building partnerships where our customers benefit from our unique competitive edge.

#### Outlook

In the year ahead, our overarching growth strategy is to intensify business development efforts so as to diversify our customer base. While our business development team strives to grow our topline, stiff industry competition along with business headwinds such as subdued global growth will be challenging. Nevertheless, we are cautiously optimistic on our long-term prospects through our leaner and effective organisation, efficient cost management and improved financial position. Going forward, we will also look to optimise capacity utilisation across all our manufacturing locations.

Despite the uncertainty, we believe we are serving the right product mix as both the Internet of Things ("IoT") and smartphone industries look set to continue their growth trajectory. According to the International Data Centre ("IDC"), global IoT spending will experience a compound annual growth rate of 15.6% over the 2015-2020 forecast period, reaching \$1.29 trillion in 2020<sup>1</sup>. In a separate study, coming off the smartphone market's lowest year-over-year growth of 2.5% in 2016, a new forecast by the IDC shows worldwide smartphone shipments rebounding in 2017 and beyond. While growth is expected to remain in the low single digits, IDC predicts shipment volumes to grow 4.2% in 2017 with a compound annual growth rate of 3.8% over the 2016-2021 forecast. Globally, smartphone shipments are forecasted to reach 1.53 billion units in 2017 and grow to 1.77 billion in 2021<sup>2</sup>.

#### **Appreciation & Dividend**

As a mark of confidence in our business operations and to reward shareholders for their loyal support, I am pleased to announce a recommendation of a final dividend of 0.4 Sing cents, subject to shareholders' approval at our upcoming Annual General Meeting. This will increase total dividends for FY2016 to 0.8 Sing cents.

I would also like to take this opportunity to extend my gratitude to all of our customers, suppliers, business associates and staff for their unwavering support in helping us on our journey to attain our vision.

> **Mr. Yao Hsiao Tung** Executive Chairman and Chief Executive Officer Hi-P International Limited 30 March 2017

<sup>&</sup>lt;sup>1</sup> IDC, Internet of Things Spending Forecast to Grow 17.9% in 2016 Led by Manufacturing, Transportation, and Utilities Investments, 4 January 2017

<sup>&</sup>lt;sup>2</sup> IDC, Smartphone Volumes Expected to Rebound in 2017 with a Five-Year Growth Rate of 3.8%, Driving Annual Shipments to 1.53 Billion by 2021, 1 March 2017

### OPERATIONS AND FINANCIAL REVIEW

**Our robust operating cash flow** generation of S\$267.8 million reverses a net debt position of S\$190.1 million as at 31 December 2015 to a net cash position of S\$25.1 million as at 31 December 2016.

Amid uncertain economic conditions, the Group's revenue dipped 4.2% year-on-year ("yoy") to S\$1.3 billion for FY2016. Despite the decline in revenue, the Group recorded a 119.9% yoy increase in gross profit to S\$155.8 million.

Correspondingly, gross profit margin increased from 5.2% for FY2015 to 11.9% for FY2016. This improvement was attributed to (i) lower inventory provision in relation to project prepared for Yota Devices Limited, (ii) reduced labour costs driven by the Group's ability to enhance operational efficiency, (iii) lower depreciation arising mainly from a change in the estimated useful lives of certain machinery and equipment, (iv) lower rework and scrap expenses, (v) lower equipment rental, and (vi) lower new product introduction costs.

On 13 April 2016, the Group announced the disposal of an investment in a startup company which led to a pre-tax gain of S\$10.5 million. As a result, the Group's other income increased 56.8% yoy to S\$18.2 million for FY2016.

The Group's total selling, distribution and administrative expenses declined 6.7% yoy to S\$90.0 million. The decrease was mainly due to the Group's commitment to enhancing cost controls and lower marketing expenses, partially offset by higher bad debt written off / doubtful debt provision.

Similarly, other expenses decreased 42.6% yoy to S\$9.8 million for FY2016. This was attributed to a lower allowance on non-cancellable purchase

commitments coupled with lower property, plant and equipment written off. This was partially offset by a higher net loss arising from net foreign exchange differences and fair value loss on derivatives.

For FY2016, the Group recorded an income tax expense amounting to S\$16.7 million, representing an effective tax rate of 23.4%.

Coupled with enhanced operational efficiency and improved cost management, the Group recorded a net profit of \$\$54.5 million for FY2016.

The Group's net cash flows generated from operating activities amounted to S\$267.8 million for FY2016 as compared to net cash flows used in operating activities amounting to S\$21.7 million for FY2015.

Net cash used in financing activities amounted to S\$243.5 million for FY2016. Conversely, the Group generated S\$72.8 million from financing activities for FY2015.

The Group's net cash flows used in investing activities declined to \$\$35.8 million for FY2016 as compared to \$\$137.5 million for FY2015.

The Group's current and non-current loans decreased 69.8% yoy to S\$95.6 million as at 31 December 2016. The decrease was mainly due to the net repayment of loans and borrowings contributed by positive operating cash flows generated from operating activities. Consequently, the Group's balance sheet improved to a net cash position of S\$25.1 million as at 31 December 2016 (31 December 2015: Net debt S\$190.1 million).

As at 31 December 2016, the Group's net asset value per share stood at 71.62 Sing cents, a 5.0% increase from the previous year's figure of 68.19 Sing cents per share.

# BOARD OF DIRECTORS

#### **MR YAO HSIAO TUNG**

MR YAO HSIAO TUNG is the *Executive Chairman* and *Chief Executive Officer* of the Group. He was appointed to the Board in May 1983. Mr Yao is responsible for formulating the strategic directions of the Group as well as the overall management of the Group's operations. Mr Yao has more than 40 years of experience in the precision tooling and plastic injection molding industry. He was a technical service manager with Du Pont Singapore Electronics Pte. Ltd. before joining the Group. Mr Yao was conferred an Honorary Doctorate by his Alma Mater, National Kaohsiung University of Applied Sciences, on 25 October 2009.

#### MADAM WONG HUEY FANG

MADAM WONG HUEY FANG is an *Executive Director* and the *Chief Administrative Officer* of the Group. She was appointed to the Board in January 1988. Her key responsibilities include managing the Group's administrative and public relations functions. Prior to joining the Group in 1985, Madam Wong was a purchaser with Taiwan-based Aven Electronics Co., Ltd.

#### **MR YEO TIONG ENG**

MR YEO TIONG ENG is an Executive Director of the Company. He was appointed to the Board in April 1987 and re-designated to Executive Director with effect from 14 November 2016. Mr Yeo graduated with a Bachelor's Degree in Accountancy from Nanyang University. He also holds a Master of Business Administration (Business Law) from Nanyang Technological University. Mr Yeo was formerly Vice-President Finance of Molex Far East South Management Pte Ltd overseeing Molex Global Commercial Products Division and is a member of the Institute of Singapore Chartered Accountants. He also served as a board member to Nanyang Business School Undergraduate Advisory Board from 2006 to 2014, and has been appointed as a member of the board of directors of Industrial & Services Cooperative Society Ltd in August 2016.

#### MRS JENNIFER YEO (MADAM LEONG LAI PENG)

MRS JENNIFER YEO (MADAM LEONG LAI PENG) is an *Independent Director* of the Company. She was appointed to the Board in November 2006. Madam Leong chairs the board of directors of Yeo-Leong &

Peh LLC, the successor of the partnership and before that the sole proprietorship which she set up in 1987. She graduated from the National University of Singapore in 1981 with LL.B (Honours) and from Boston University in 1985 with LL.M in Banking Law Studies. She was admitted to the Singapore Bar in 1982 and is also a Solicitor of England and Wales since 1999. She is a fellow of the Singapore Institute of Arbitrators and the Chartered Institute of Arbitrators. Madam Leong is the Chairman of Viva Foundation for Children with Cancer, which she founded in 2006 in Singapore and is a charity with the status of Institution of Public Character. She is also the founder Chairman of Viva China Children's Cancer Foundation Limited incorporated in Hong Kong in December 2014 as a Hong Kong charity with the mission to raise the cure rate of children with cancer in China and Hong Kong.

#### **MR CHESTER LIN CHIEN**

MR CHESTER LIN CHIEN is an *Independent Director* of the Company. He was appointed to the Board in August 2004. Mr Lin was previously the Executive Vice President and President of Solectron's Asia Pacific region. Prior to joining Solectron, he was the Chief Executive Officer of NatSteel Electronics from 1993 to 2001. Previously, Mr Lin also worked with SCI Systems, General Electric and General Instruments (Taiwan). Mr Lin holds a Bachelor's degree in Electrical Engineering from the Taipei Institute of Technology.

#### **MR GERALD LIM THIEN SU**

MR GERALD LIM THIEN SU, BBM, is an Independent Director of the Company. He was appointed to the Board in November 2010. Mr Lim is Chairman of Phillip Insurance Investments, the President of the Singapore Insurance Brokers Association, and Honorary Consul of the Republic of Slovenia. He also serves as Chairman of Tampines Central Citizens Consultative Committee, and member of the Council of Education of the Methodist Church in Singapore. Mr Lim also sits on the Boards of Ju Eng Home for Senior Citizens, Methodist Girls' School, St. Andrew's School, and St. Francis Methodist School. Mr Lim did his undergraduate studies at National University of Singapore, obtained an M.A. in Education from George Washington University, and attended executive development programmes at Insead (France) and Kellogg (Chicago).

# MANAGEMENT TEAM

YAO HSIAO TUNG\* Executive Chairman & Chief Executive Officer

**WONG HUEY FANG\*** Executive Director & Chief Administrative Officer

**YEO TIONG ENG\*** Executive Director

#### SAMUEL YUEN CHUNG SANG

**Chief Financial Officer** 

SAMUEL YUEN CHUNG SANG is the Chief Financial Officer of the Group and is responsible for the Group overall financial operations and management. Prior to joining the Group on 26 June 2006, Mr Yuen was the Executive Director and Chief Financial Officer of SGX-listed Fu Yu Corporation Limited, a precision plastic injection molding and mold-making company. Prior to that, he had worked extensively in China and Hong Kong. His previous experience included finance and general management experience in various industries such as freight forwarding, hotel and property investment and trading. Mr Yuen holds a Bachelor of Business Administration degree (major in Accounting) from the Chinese University of Hong Kong and a Master of Business Administration degree (major in Finance) from Dalhousie University, Canada. Mr Yuen is a member of the Singapore Institute of Directors.

Hi-P International Limited ("**Company**") is committed to achieving a high standard of corporate governance within the Company and its subsidiaries (collectively, the "**Group**"). The Company continues to evaluate and put in place effective self-regulatory corporate practices to protect its shareholders' interests and enhance long-term shareholders' value. The board of directors of the Company ("**Board**") is pleased to report on the Company's corporate governance processes and activities as required by the revised Code of Corporate Governance issued by the Monetary Authority of Singapore on 2 May 2012 ("**Code**"). For easy reference, sections of the Code under discussion are specifically identified. However, this Report should be read as a whole as other sections of this Report may also have an impact on the specific disclosures.

### **Board Matters**

#### Principle 1: The Board's Conduct of Affairs

The Board comprises of the following members:

Executive Directors Mr. Yao Hsiao Tung Madam Wong Huey Fang Mr. Yeo Tiong Eng

Independent Directors Mr. Gerald Lim Thien Su Madam Leong Lai Peng Mr. Chester Lin Chien

Apart from its statutory duties and responsibilities, the Board performs the following functions:-

- (a) providing entrepreneurial leadership, setting strategic aims, and ensuring that the necessary financial and human resources are in place for the Group to meet its objectives;
- (b) establishing a framework of prudent and effective controls which enables risk to be assessed and managed, including safeguarding of shareholders' interests and the Group's assets;
- (c) reviewing management performance;
- (d) setting the Group's values and standards, and ensuring that obligations to shareholders and other stakeholders are understood and met;
- (e) nominating directors to the Board;
- (f) appointing key personnel;
- (g) reviewing the financial performance of the Group and implementing policies relating to financial matters, which include risk management and internal control and compliance;
- (h) assuming responsibility for corporate governance; and
- (i) considering sustainability issues, such as environmental and social factors, as part of its strategic formulation.

To assist in the execution of its responsibilities, the Board has formed three committees, namely, Audit Committee ("AC"), Remuneration Committee ("RC") and Nominating Committee ("NC"). These committees function within written terms of reference and operating procedures to ensure good corporate governance in the Company and within the Group. Each committee reports to the Board with their recommendations. The ultimate responsibility for final decision on all matters lies with the Board.

Matters which are specifically reserved to the full Board for decision are those involving a conflict of interest for a substantial shareholder or a director, material acquisition and disposal of assets, corporate or financial restructuring, share issuance, dividends, financial results and corporate strategies.

The directors of the Company ("**Directors**") objectively discharge their duties and responsibilities at all times as fiduciaries in the interest of the Group. The Company has in place a financial authority matrix which requires transactions exceeding certain threshold limits to be approved by the Board.

The Board and its committees met regularly based on schedules planned one year ahead so as to ensure maximum attendance by all participants. Formal Board meetings are held at least once every quarter to oversee the business affairs of the Group, and to approve, if applicable, any financial or business objectives and strategies. Ad-hoc meetings are convened when circumstances require. The Company's Constitution allows a Board meeting to be conducted by way of tele-conference and video-conference. On occasions when Directors were unable to attend meetings in person, tele-conference and web-conference were used.

Name	Board		Audit Committee		Nominating Committee		Remuneration Committee		General Meetings <sup>(3)</sup>
	No. of Meetings Held	No. of Meetings Attended	Attended						
Mr. Yao Hsiao Tung	7	7	-	-	-	-	-	-	2
Madam Wong Huey Fang	7	7	-	-	-	-	-	-	2
Mr. Yeo Tiong Eng (1)	7	7	4	4	1	1	-	-	2
Mr. Chester Lin Chien (2)	7	6	-	-	1	1	1	1	2
Madam Leong Lai Peng	7	7	4	3	1	1	1	1	2
Mr. Gerald Lim Thien Su	7	7	4	4	-	-	1	1	2

During the year under review, the Board held seven meetings and the attendance of each Director at meeting is set out below:-

#### Notes:

(1) Mr. Yeo Tiong Eng ceased to be a member of the Audit Committee with effect from 14 November 2016.

(2) Mr. Chester Lin Chien was appointed as a member of the Audit Committee with effect from 14 November 2016.

(3) Comprising the Annual General Meeting and the Extraordinary General Meeting of the Company held on 28 April 2016.

The Directors are provided with regular updates on relevant new laws, regulations and changing commercial risks from time to time, to enable them to make well-informed decisions and to ensure that the Directors are competent in carrying out their expected roles and responsibilities.

Management would conduct briefings and orientation programmes to familiarise newly appointed Directors with the various businesses, operations and processes of the Group. During the year under review, the Directors received briefings covering, *inter alia*, accounting and regulatory updates as well as changes to listing rules of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"). Upon appointment of each director, a formal letter of appointment containing *inter alia*, the role and responsibilities of directors, will be provided to every new director. No new director has been appointed to the Board during the year under review.

Site visits are organised as appropriate for Directors to have an intimate understanding of the Group's key business operations and to familiarise and interact with the executives of the Group. During the year under the review, the Directors conducted a site visit to the Group's plants in Shanghai.

#### Principle 2: Board Composition and Guidance

Currently, the Board comprises six Directors of whom three are Independent Directors. Details of the Board composition are as follows:-

Name of Directors	Board Membership	Date of First Appointment	Date of Last Re-election/ Re-appointment	Audit Committee	Nominating Committee	Remuneration Committee
Mr. Yao Hsiao Tung	Executive Chairman and Chief Executive Officer	21 May 1983	28 April 2016	-	-	-
Mr. Yeo Tiong Eng	Non-Executive Director Independent Director Executive Director	1 April 1987 Re-designated w.e.f. 30 January 2015 Re-designated w.e.f. 14 November 2016	28 April 2015	Member (ceased w.e.f. 14 November 2016)	Member	-
Madam Wong Huey Fang	Executive Director and Chief Administrative Officer	21 January 1988	28 April 2016	-	-	-
Mr. Chester Lin Chien	Independent Director	4 August 2004	28 April 2016	Member (appointed w.e.f. 14 November 2016)	Chairman	Member
Madam Leong Lai Peng	Independent Director	9 November 2006	28 April 2016	Member	Member	Chairman
Mr. Gerald Lim Thien Su	Independent Director	1 November 2010	28 April 2015	Chairman	-	Member

The independence of each Director is reviewed annually by the NC. The NC adopts the Code's definition of what constitutes an Independent Director in its review.

Although the Executive Chairman and Chief Executive Officer is the same person, there is an independent element on the Board in view that half of the Board comprises of Independent Directors. The Board considers an "independent" Director as one who has no relationship with the Group, its 10% shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment with a view to the best interest of the Company and the Group. Independent Non-Executive Directors form half of the Board and that promotes an appropriate balance of power and authority in keeping with the spirit of good corporate governance. The AC, NC and RC are also chaired by Independent

Non-Executive Directors. This ensures adequate accountability, safeguards and internal controls are in place to facilitate independent decision-making. In view thereof, the Board is able to exercise independent judgment on corporate affairs and provide Management with a diverse and objective perspective on various issues. No individual or small group of individuals dominates the Board's decision-making process. The proportion of Independent Directors on the Board complies with the Code.

The Board will constantly examine its size and, with a view to determining the impact of the number upon effectiveness, decide on what it considers an appropriate size for the Board, which facilitates effective decision-making. The composition of the Board will be reviewed on an annual basis by the NC to ensure that the Board has the appropriate balance and diversity of skill, experience, gender and knowledge. The NC's policy in such review and the making of any recommendation to the Board take into account a candidate's track record, age, gender, experience, capabilities and other relevant factors. Each Director has been appointed on the strength of his/her calibre, experience and stature and is expected to bring his/her experience and expertise to contribute to the development of the Group's strategy and the performance of its business.

The Board, taking into account the scope and nature of the Company's operations and the requirements of the business, considers its current size to be adequate for effective decision-making. The current Board has a good mix of core competencies in the areas of industry knowledge, accounting and finance, legal, business and management experience. The Executive Directors possess good industry knowledge while the Non-Executive Directors, who are professionals and experts in their own fields, are able to take a broader view of the Group's activities, contribute their valuable experiences and provide independent judgement during Board deliberations. The Board currently has two female directors, namely Madam Wong Huey Fang and Madam Leong Lai Peng, in recognition of the importance and value of gender diversity. Female directors of the Company make up one third of the Board.

Non-Executive Directors constructively challenge and help develop proposals on strategy and review the performance of Management in meeting agreed goals and objectives and monitor the reporting of performance. Non-Executive Directors communicate with each other without the presence of Management as and when the need arises. The Non-Executive Directors met on an ad hoc basis with the Chief Executive Officer and senior management team to discuss challenges faced by the Group. The Company also benefited from the Management's ready access to its Directors for guidance and exchange of views both within and outside the formal environment of the Board and Board committees meetings.

The Board recognises that Independent Directors may over time develop significant insights in the Group's business and operations, and can continue to provide significant and valuable contribution objectively to the Board as a whole.

Mr. Chester Lin Chien and Madam Leong Lai Peng were appointed as Directors on 4 August 2004 and 9 November 2006 respectively and have served the Board for more than nine years. The NC had reviewed the independence of both Mr. Chester Lin Chien and Madam Leong Lai Peng and was of the view that both Mr. Chester Lin Chien and Madam Leong Lai Peng had demonstrated strong independent character and judgment in discharging their duties and responsibilities as Independent Directors over the years. They had expressed their views, debated issues, constructively challenged Management and sought clarification where deemed necessary. There is also no relationship which is likely to affect or could appear to affect their judgment.

Mr. Chester Lin Chien and Madam Leong Lai Peng had each abstained from the discussion and taking a decision in respect of their own independence.

Taking into account the above, the Board concurred with the NC's view that Mr. Chester Lin Chien and Madam Leong Lai Peng continue to be considered as independent notwithstanding that they have served on the Board for more than nine years.

Mr. Yeo Tiong Eng was appointed as a Non-Executive Director on 1 April 1987 and has served the Board for more than nine years since his first appointment to the Board in 1987. He was re-designated to Independent Director of the Company with effect from 30 January 2015 and subsequently re-designated to Executive Director of the Company with effect from 14 November 2016. Accordingly, he has ceased to be an Independent Director of the Company.

Key information regarding the Directors is set out on page 5 of this Report.

#### **Principle 6: Access to Information**

Management has an obligation to supply the Board with complete and adequate information in a timely manner. To assist the Board in fulfilling its responsibilities, the Board is provided with information required to support the decision-making process, which includes board papers and related materials, background or explanatory information relating to matters to be brought before the Board, copies of disclosure documents, budgets, forecasts, and management accounts of the Group's performance, position and prospects on a quarterly basis. The Management will continue to improve its process in providing complete, adequate and timely information to the Board prior to each Board meeting.

The Board has separate and independent access to senior management and the Company Secretary at all times through electronic mail, telephone and face-to-face meetings. The Company Secretary attends all meetings of the Board and Board committees, and ensures that all Board procedures are followed and that information flows well between the Board and the Board committees and between Management and Non-Executive Directors. The Company Secretary advises the Board on all governance matters, assisting with professional development as required and ensures that the Company complies with the requirements of the Companies Act and the SGX-ST. The appointment and removal of the Company Secretary is a matter for the Board as a whole.

If any of the Directors require independent professional advice either individually or as a Board in the furtherance of their duties, the cost of such professional advice will be borne by the Company.

#### **Principle 3: Chairman and Chief Executive Officer**

The Board recognizes the Code's recommendation that the Chairman and the Chief Executive Officer should be separate persons for an appropriate balance of power and authority. However, the Board is also of the view that adopting a single leadership structure, i.e. where the Chief Executive Officer and the Chairman of the Board are the same person, would effectively improve the efficiency in decision-making and execution process of the Group. Furthermore, half of the Board members are Independent Directors and all the Board committees are chaired by the Independent Directors. The Board believes that there is still a good balance of power and authority within the Board and no individual or small group can dominate the Board's decisionmaking process. In view thereof, the Board has not appointed a Lead Independent Director to date.

Mr. Yao Hsiao Tung is the Executive Chairman of the Board and Chief Executive Officer of the Company who is responsible for providing guidance on the corporate and business direction of the Group, scheduling, setting agenda and chairing of Board meetings, monitoring the quality, quantity and timeliness of information flow between the Board and the Management, managing the day-to-day operations of the Group with the help of senior management and promoting high standards of corporate governance. Mr. Yao is the founder of the Group and has played a key role in developing the Group's business. Through the Group's business development in the last few years, Mr. Yao has demonstrated his vision, strong leadership and enthusiasm in the Group's business.

The Board is of the view that there are sufficient safeguards and checks to ensure that the process of decision-making by the Board is independent and based on collective decisions without any individual exercising any considerable concentration of power or influence.

**Board Committees** 

**Nominating Committee** 

Principle 4: Board Membership Principle 5: Board Performance

The current NC comprises the following three members, the majority of whom, including its Chairman, are Independent Non-Executive Directors:

- (a) Mr. Chester Lin Chien (Chairman) Independent Non-Executive Director
- (b) Mr. Yeo Tiong Eng Executive Director
- (c) Madam Leong Lai Peng Independent Non-Executive Director

The Board has approved the written terms of reference of the NC. Its functions are inter alia, as follows:-

- (a) reviewing and recommending candidates for appointment to the Board;
- (b) reviewing candidates nominated for appointment as senior management staff;
- (c) reviewing and recommending to the Board plans for succession, in particular, of the Chairman, Chief Executive Officer and the key executives of the Company;
- (d) evaluating the performance of the Board, the Board committees and the Directors;
- (e) reviewing and recommending to the Board on an annual basis, the Board structure, size and composition, taking into account the balance between Executive and Non-Executive, Independent and Non-Independent Directors and having regard at all times to the principles of corporate governance and the Code;
- (f) procuring that at least half of the Board shall comprise Independent Directors in view that the Chairman and Chief Executive Officer is the same person;
- (g) making recommendations to the Board on continuation of service of any Director who has reached the age of 70;
- (h) identifying and making recommendations to the Board as to the Directors who are to retire by rotation and to be put forward for re-election at each annual general meeting ("**AGM**") of the Company, having regard to the Directors' contribution and performance, including Independent Directors;
- (i) determining whether a Director is independent (taking into account the circumstances set out in the Code and other salient factors);
- (j) proposing a set of objective performance criteria to the Board for approval and implementation, to evaluate the effectiveness of the Board as a whole and the contribution of each Director to the effectiveness of the Board; and
- (k) reviewing the adequacy of the Board's training and professional development programs.

Where a vacancy arises under any circumstances, or where it is considered that the Board would benefit from the services of a new director with particular skills, the NC, in consultation with the Board, determines the selection criteria and selects candidates with the appropriate expertise and experience for the position. The NC may recourse to both internal sources as well as external sources to draw up a list of potential candidates. Shortlisted candidates would be required to furnish their curriculum vitae stating in detail their qualification, working experience and employment history. In addition, they may be required to complete certain prescribed forms to enable the NC to assess the candidate's independence, if applicable. No new director has been appointed to the Board during the year under review.

The NC has adopted a formal process for the evaluation of the performance of the Board as a whole. In 2004, the Group implemented the Board-approved evaluation process and performance criteria to assess the performance of the Board as a whole. The performance criteria includes an evaluation of the size and composition of the Board, the Board's access to information, accountability, Board processes and Board performance in relation to discharging its principal responsibilities in terms of the financial indicators as set out in the Code. The Board assessment also takes into consideration both qualitative and quantitative criteria, such as return on equity, success of the strategic and long-term objectives set by the Board.

The assessment process involves and includes input from the Board members, applying the performance criteria recommended by the NC and approved by the Board. The Directors' input is reviewed by the NC. Areas where the Board's performance and effectiveness could be enhanced and recommendations for improvement are then submitted to the Board for discussion and for implementation.

The evaluation of effectiveness and performance of each Board committee as a whole was carried out for the year under review on self-evaluation basis by each Board committee. Each Board committee reports the evaluation results to the Board thereafter. The assessment criteria include but are not limited to the composition of the Board committees and the procedures and accountability of each Board committee.

No external facilitator has been engaged by the Company for the purpose of evaluation of the Board and Board committees during the year under review.

The NC is of the view that the Directors will not be evaluated individually as each member of the Board contributes in different areas to the success of the Company, and accordingly, it would be more appropriate to assess the Board as a whole and each Board committee.

Mr. Chester Lin Chien is currently a director of Europtronic Group Ltd., a public company listed on the mainboard of the SGX-ST. Mr. Gerald Lim Thien Su is currently a director of Blackgold Natural Resources Limited, a public company listed on the Catalist of the SGX-ST. Mr. Gerald Lim was a director of International Healthway Corporation Limited from 27 April 2016 until 23 January 2017. Save and except for the foregoing directorships of Mr. Chester Lin Chien and Mr. Gerald Lim Thien Su, none of the other Directors currently holds, or had in the preceding three years from the date of this Report, held any directorship in any other listed company, other than their directorships in the Company.

Taking into consideration the Directors' board representations and other principal commitments, the NC is satisfied that sufficient time and attention has been given by the Directors to the Group. The Board has experienced minimal competing time commitments among its Board members as Board and Board committee meetings are planned and scheduled in advance. The NC believes that putting a maximum limit on the number of directorship in listed company a Director can hold is arbitrary, given that time requirements for each vary, and thus should not be prescriptive.

The Company does not have alternate directors.

With regard to the responsibility of determining annually, and as and when circumstances require, if a Director is independent, each NC member will not take part in determining his/her own re-nomination or independence. Each Director is required to submit a return of independence to the Company Secretary as to his/her independence, who will submit the returns to the NC. The NC shall review the returns and determine the independence of each of the Directors and recommend the same to the Board. An Independent Director shall notify the NC immediately, if as a result of a change in circumstances, he/she no longer meets the criteria for independence. The NC shall review the change in circumstances and make its recommendations to the Board. During the year under review, the NC has reviewed and determined that Mr. Chester Lin Chien, Madam Leong Lai Peng and Mr. Gerald Lim Thien Su are independent.

All Directors are subject to the provisions of the Company's Constitution whereby one-third of the Directors are required to retire and subject themselves to re-election by shareholders at every AGM.

Mr. Yeo Tiong Eng and Mr. Gerald Lim Thien Su are subject to retirement pursuant to the Company's Constitution at the forthcoming AGM. The NC recommended that Mr. Yeo Tiong Eng and Mr. Gerald Lim Thien Su be nominated for re-election at the forthcoming AGM. Mr. Yeo Tiong Eng (as a member of the NC) had abstained from the discussion and taking a decision in respect of his re-election at the forthcoming AGM.

Mr. Yao Hsiao Tung and Mr. Chester Lin Chien are over the age of 70. In the AGM held on 28 April 2016, both of them were re-appointed as Directors with effect from 28 April 2016 and to hold office subject to retirement by rotation in accordance with the Company's Constitution.

Save for Mr. Yao Hsiao Tung and Madam Wong Huey Fang, who are husband and wife, none of the Directors has any family relationship with the other Directors or major shareholders of the Company.

In making the recommendation, the NC had considered the Directors' overall contribution and performance with reference to their attendance and participation at meetings of the Board and Board committees. Key information regarding the Directors' academic and professional qualifications and other information is set out on page 5 of this Report.

#### **Remuneration Committee**

#### Principle 7: Procedures for Developing Remuneration Policies Principle 8: Level and Mix of Remuneration Principle 9: Disclosure on Remuneration

The current RC comprises the following three members, all of whom (including its Chairman) are Independent Non-Executive Directors:

- (a) Madam Leong Lai Peng (Chairman) Independent Non-Executive Director
- (b) Mr. Chester Lin Chien

(c)

- Independent Non-Executive Director
- Mr. Gerald Lim Thien Su Independent Non-Executive Director

The Board has approved the written terms of reference of the RC. Its functions are inter alia, as follows:-

(a) recommending to the Board a framework of remuneration for the Board and key executives of the Group (as required by law and/or the Code) which shall include the disclosure of details of the Company's remuneration policy, level and mix of remuneration, procedure for setting remuneration and details of the specific remuneration packages for each Director such as Director's fees, salaries, allowances, bonuses, options, share-based incentives, awards and benefits-in-kind;

- (b) proposing to the Board appropriate and meaningful measures for assessing the Executive Directors' performance;
- (c) determine the specific remuneration package for each Director and the Chief Executive Officer of the Company (or other executives of similar rank) if he is not an Executive Director;
- (d) consider the appropriate compensation the Directors' contracts of service, if any, would entail in the event of early termination; and
- (e) considering the eligibility of Directors and key executives for benefits under long-term incentive schemes.

In carrying out the above, the RC may obtain independent external legal and other professional advice as it deems necessary. The expenses of such advice shall be borne by the Company.

The RC reviews the Company's obligations arising in the event of termination of executive Directors and key executives' contracts of service to ensure such contracts of service contain fair and reasonable termination clauses.

The Company sets remuneration packages which:

- (a) link rewards to corporate and individual performance and is aligned with the interests of shareholders and promote the long-term success of the Company; and
- (b) are competitive and sufficient taking into consideration the remuneration and employment conditions within the same industry and in comparable companies to attract, retain and motivate Directors and key executives with adequate experience and expertise to manage the business and the operations of the Group.

The framework for Directors' fees (which remains unchanged from that in the preceding financial year, i.e. the financial year ended 31 December 2015 ("**FY2015**")) is set out below:

Role	Member	Chairman
Board	S\$40,000 per annum	S\$70,000 per annum
Audit Committee	S\$10,000 per annum	S\$20,000 per annum
Nominating Committee	S\$6,000 per annum	S\$12,000 per annum
Remuneration Committee	S\$6,000 per annum	S\$12,000 per annum

Shareholders' approval will be sought at the forthcoming AGM of the Company to be held on 26 April 2017, for the payment of Directors' fees proposed for the financial year ended 31 December 2016 ("**FY2016**") amounting to \$\$358,000 (FY2015: \$\$358,000).

#### The remunerations paid and payable to Directors during FY2016 are as follows:-

Names of Directors			Share-based					
	Salary %	Bonus %	Director's fee %	Others <sup>(1)</sup> %	Total %	Total Amount (S\$'000)	Number of options granted	Number of share awards granted
Mr. Yao Hsiao Tung <sup>(3)</sup>	85	7	6	2(2)	100	1,198	_	_
Madam Wong Huey Fang	79	7	12	2	100	320	-	_
Mr. Yeo Tiong Eng	37	3	57	3	100	97	-	_
Mr. Chester Lin Chien	-	-	100	-	100	58	-	_
Madam Leong Lai Peng	-	-	100	-	100	68	-	_
Mr. Gerald Lim Thien Su	-	-	100	-	100	66	-	-

#### Notes:

- (1) Include contribution to central provident fund and car related benefits.
- (2) Mr. Yao Hsiao Tung is entitled to a special retirement benefit in acknowledgement of his contribution to the Company as the Board may in its absolute and sole discretion deem appropriate. The said benefit is not ascertainable until his retirement.
- (3) Mr. Yao Hsiao Tung is also the Chief Executive Officer of the Company.

The remunerations paid to key executives who are not Directors or the Chief Executive Officer of the Company during FY2016 are as follows:

Names of Officers		Cash-based					Share-based	
	Salary %	Bonus %	Others <sup>(1)</sup> %	Total %	Total Amount (S\$'000)	Number of options granted	Number of share awards granted	
Mr. Tay Ewee Liang <sup>(2)</sup>	89	-	11	100	363	-	-	
Mr. Gary Ho Hock Yong <sup>(3)</sup>	28	-	72	100	416	-	-	
Mr. Samuel Yuen Chung Sang	82	14	4	100	507	-	-	

Notes:

- (1) Include contribution to central provident fund, transportation and other allowances.
- (2) Mr. Tay Ewee Liang has resigned as Deputy Chief Executive Officer with effect from 30 June 2016. Please see the Company's SGXNet announcement dated 8 June 2016 for more details.
- (3) Mr. Gary Ho Hock Yong has resigned as Chief Operating Officer (Greater China Business Unit) with effect from 31 March 2016. Please see the Company's SGXNet announcement dated 15 March 2016 for more details.

Due to competitive factors, confidentiality and/or sensitivity of remuneration matters, the names of the top five key executives (other than those disclosed above), their respective remuneration bands and aggregate remuneration paid in FY2016 are not disclosed.

No Director is involved in determining his own remuneration. The remuneration of Independent Directors is in the form of a fixed fee.

The Executive Directors have service agreements with the Company. Their compensation consists of salary, fixed fee, other benefits-in-kind and bonus (which may include performance bonus that comprises cash and/ or options/awards granted pursuant to the 2003 ESOS (as defined below), the ESAS (as defined below) and/or the 2014 ESOS (as defined below), that is dependent on the Group's performance).

The Directors' fees, as a lump sum, will be subject to approval by shareholders of the Company at the forthcoming AGM.

For key management personnel, in addition to their monthly salary, they also receive bonus (which may include performance bonus that comprises cash and/or options/awards granted pursuant to the 2003 ESOS, the ESAS and/or the 2014 ESOS). The performance bonus is dependent on individual performance as measured by their respective key performance indicators, as well as the performance of the Group as a whole.

Save as disclosed in this Report, there are no termination, retirement and post-employment benefits (other than CPF contributions) granted to Directors, the Chief Executive Officer or the key management personnel.

Separately, the Board is of the view that as the Group pays an annual incentive bonus based on the performance of the Group/Company (and not possible future results) and results that have actually been delivered by its Executive Directors and key management, "claw back" provisions in the service contracts may not be relevant or appropriate.

The brother of Mr. Yao Hsiao Tung is Mr. Yao Hsiao Kuang and his remuneration in FY2016 was in the band of between \$\$250,000 to \$\$300,000.

Other than the brother of Mr. Yao Hsiao Tung, there were no employees of the Group who are immediate family members of a Director or Chief Executive Officer, whose remuneration exceeded S\$50,000 during FY2016.

The Company has a share option scheme known as Hi-P Employee Share Option Scheme ("**2003 ESOS**") and a share award scheme known as Hi-P Employee Share Award Scheme ("**ESAS**") which were approved by shareholders of the Company on 7 October 2003 and 23 April 2009 respectively. The 2003 ESOS expired on 6 October 2013, and the Company had adopted a new Hi-P Employee Share Option Scheme 2014 on 29 April 2014 ("**2014 ESOS**"). Notwithstanding the expiry of the 2003 ESOS, any outstanding and unexercised options held by option holders prior to such expiry will continue to remain valid. The 2003 ESOS, the ESAS and the 2014 ESOS comply with the relevant rules as set out in Chapter 8 of the Listing Manual of the SGX-ST. Further information on the 2003 ESOS, the ESAS and the 2014 ESOS can be found on pages 28 to 32 of this Report.

The 2003 ESOS, the ESAS and the 2014 ESOS provide and will provide eligible participants with an opportunity to participate in the equity of the Company and to motivate them towards better performance through increased dedication and loyalty. The schemes are administered by the RC.

#### **Audit Committee**

#### **Principle 12: Audit Committee**

The current AC comprises of the following three members, all of whom (including its Chairman) are Independent Non-Executive Directors:

- (a) Mr. Gerald Lim Thien Su (Chairman) Independent Non-Executive Director
- (b) Mr. Chester Lin Chien Independent Non-Executive Director
- (c) Madam Leong Lai Peng Independent Non-Executive Director

Mr. Chester Lin Chien replaced Mr. Yeo Tiong Eng as a member of the AC with effect from 14 November 2016. No former partner or director of the Company's existing auditing firm or auditing corporation is a member of the AC.

The Board has approved the written terms of reference of the AC. Its functions are inter alia, as follows:-

- (a) reviewing and evaluating financial and operating results and accounting policies;
- (b) reviewing audit plan of external auditors, their evaluation of the system of internal accounting controls and their audit report;
- (c) reviewing significant financial reporting issues and judgments so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Group's financial performance before submission to the Board for approval;
- (d) reviewing and reporting to the Board at least annually the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls and risk management systems which review can be carried out internally or with the assistance of any competent third parties and ensure co-ordination between internal and external auditors and Management;
- (e) reviewing the assistance given by the Management to external auditors;
- (f) considering the appointment/re-appointment of external auditors;
- (g) reviewing interested person transactions;
- (h) reviewing the effectiveness of the Group's internal audit function; and
- (i) other functions as required by law or the Code.

The AC meets regularly and also holds informal meetings and discussions with the Management from time to time. The AC has full discretion to invite any Director or key executive to attend its meetings.

The AC has been given full access to and is provided with the cooperation of the Company's Management. In addition, the AC has independent access to the external auditors. The AC meets with the external auditors and internal auditors without the presence of Management to review matters that might be raised privately. The AC has reasonable resources to enable it to discharge its functions properly.

The AC is kept abreast by Management and the external auditors of changes to accounting standards, the Listing Manual of the SGX-ST and other regulations which could have an impact on the Group's business and financial statements.

During the year under review, the AC reviewed the interested person transactions (if any) and on a quarterly basis, the AC reviewed the financial results announcements of the Company before their submission to the Board for approval.

The AC also considered the report from the external auditors, including their findings on the key areas of audit focus. Significant matters that were discussed with Management and the external auditors have been included as key audit matters ("KAMs") in the audit report for FY2016 (please refer to pages 34 - 35 of this Report).

In assessing each KAM, the AC took into consideration the approach and methodology applied in the valuation of assets, as well as the reasonableness of the estimates and key assumptions used. The AC concluded that Management's accounting treatment and estimates in each of the KAMs were appropriate.

The AC has reviewed the non-audit services to the Group by the external auditors as part of the AC's assessment of the external auditors' independence. A breakdown of the fees paid to the external auditors for audit and non-audit services can be found in the notes to the financial statements in this Report and as disclosed in the table below:

External Auditor Fees for FY2016	S\$'000	% of Total Fees
Total Audit Fees	724	74
Total Non-Audit Fees	259	26
Total Fees Paid	983	100

The AC is of the view that the nature and extent of the non-audit services will not prejudice the independence and objectivity of the external auditors, and is pleased to recommend their re-appointment. The AC is satisfied that the Group has complied with Rule 712 and Rule 715 of the Listing Manual of the SGX-ST in relation to the appointment of auditing firms. Accordingly, the Company has complied with the Rule 1207(6) of the Listing Manual of the SGX-ST.

#### Whistle-blowing Policy

The AC has established and put in place a whistle-blowing policy and procedures to provide employees and external parties with well-defined and accessible channels within the Group for reporting suspected fraud, corruption, dishonest practices or other similar matters or raise serious concerns about possible incorrect financial reporting or other matters that could have an adverse impact on the Company. The aim of this policy is to encourage the reporting of such matters in good faith, with the confidence that employees making such reports will be treated fairly and, to the extent possible, be protected from reprisal. In promoting and creating awareness, the whistle-blowing policy and procedures are posted on the Company's intranet and a summarized version thereof on the Company's website so that employees as well as external parties can have access at all times to the information in the policy.

The AC oversees the administration of the policy while the Whistle-Blowing Committee administers the policy. Quarterly reports will be submitted to the AC stating the number and nature of complaints received, the results of the investigation, follow up actions and any unresolved complaints.

#### **Principle 11: Risk Management and Internal Controls**

#### **Risk Management**

The AC examines the effectiveness of the Group's internal control systems. The number of assurance mechanisms currently operating is supplemented by the Company's internal auditors' annual reviews of the effectiveness of the Company's material internal controls, including financial, operational, compliance and information technology controls and risk management systems. The external auditors review the effectiveness of the Group's internal financial controls and report to the AC on matters relating to internal financial controls which came to its attention during the course of its normal audit. Any material non-compliance or failures in internal controls and recommendations for improvements are reported to the AC. The AC reviews the effectiveness of the actions taken by the Management on the recommendations made by the internal and external auditors in this respect.

During the year under review, in addition to the work carried out by the external auditors, the Board also engaged Messrs PricewaterhouseCoopers LLP to review the risk matrices documented by the Company which assists Management to address the financial, operational and compliance risks of the key operating units of the Group. The process involved the identification of the major financial, operational and compliance risks in the various business units as well as the countermeasures in place or required to mitigate such risks. These are summarized and documented using a risk management matrix of key risks, for review by the Board. The summary of risk management matrix provides an overview of the Group's key risks, how they are managed, the key personnel responsible for each identified risk type and the various assurance mechanisms in place.

The Board has received assurance from the Chief Executive Officer and Chief Financial Officer that (a) the financial records have been properly maintained and the financial statements of the Company give a true and fair view of the Company's and Group's operations and finances, and (b) an effective risk management and internal control systems have been put in place.

During the year under review, the AC reviewed the effectiveness of the Company's internal control procedures and was satisfied that the Company's processes and internal controls are adequate to meet the needs of the Company in its current business environment.

#### **Internal Controls**

The Group's internal controls and systems are designed to provide reasonable, but not absolute assurance to the integrity and reliability of the financial information and to safeguard and maintain the accountability of the assets.

The Board, assisted by the AC, has oversight of the internal controls and risk management system in the Group.

In recent years, the Company's rapid growth had added new challenges to its control systems. However, strong commitment from the Board and senior management has led to improvements in the overall internal control and thus strengthened the Group's execution foundation. The focus on embedding quality management systems, assurance processes, training and performance monitoring has seen tangible improvements in the maturity and standardization of policies, systems, processes and procedures throughout the Group.

The Board and AC have reviewed the adequacy of the Group's internal controls, including financial, operational and compliance controls. Based on the internal controls established and maintained by the Group, the internal and external auditors' reports, reviews performed by the Management, and the assurance from the Chief Executive Officer and the Chief Financial Officer, the Board, with the concurrence of the AC, are of the opinion that a system of internal controls are in place and adequate as at 31 December 2016 and effective in addressing the financial, operational, compliance and information technology controls, and risk management systems of the Group in the current business environment.

The Board notes that while the system of internal controls and risk management provide reasonable assurance, no system of internal controls and risks management could provide absolute assurance that the Company or Group will not be affected by any event that could be reasonably foreseen in the course of its businesses and that no system can provide absolute assurance against the occurrence of material errors, poor judgment in decision-making, fraud or irregularities.

#### **Principle 13: Internal Audit**

The internal audit function of the Group has been outsourced to PricewaterhouseCoopers Risk Services Pte. Ltd. ("**PwC**"). PwC is a corporate member of the Institute of Internal Auditors of Singapore, and staffed with professionals with relevant qualifications and experience. PwC carried out their function in accordance with their Global Internal Audit Services Methodology, which is aligned to the Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors. The Group's internal audit function is further supported by its In-house Internal Control Team. Members of the In-house Internal Control Team are qualified and experienced personnel..

The internal auditors report directly to the AC on audit matters and to the Executive Chairman on administrative matters. The internal auditors have unfettered access to all the Company's documents, records, properties and personnel, including access to the AC.

The objective of the internal auditors is to provide an independent review of the effectiveness of the Group's internal controls and provide guidance to the AC and the Management with a view to ensuring that the Group's risk management, controls and governance processes are adequate and effective.

The AC has reviewed with the internal auditors, at least annually, their audit plans, their evaluation of the system of internal controls, their audit findings and Management's responses to those findings, as well as the effectiveness of material internal controls. The AC is satisfied that the internal audit is adequately resourced and has appropriate standing within the Group.

#### **Communication with Shareholders**

#### **Principle 10: Accountability**

The Board's primary role is to protect and enhance long-term value and returns for shareholders and is mindful of its obligation to provide timely and fair disclosure of material information to shareholders, investors and the public. In discharging its duties to shareholders, the Board, when reporting the Group's financial performance via announcements on the SGXNET and annual report, has a responsibility to present a fair assessment of the Group's financial performance, position and prospects, which responsibility extends to interim and other price sensitive public reports and reports to regulators (if required). Management currently provides the Board with detailed management accounts of the Group's performance, position and prospects on a quarterly basis as the Directors have access to Management at all times.

#### Principle 14: Shareholder Rights Principle 15: Communication with Shareholders Principle 16: Conduct of Shareholder Meetings

The Board is accountable to the shareholders and is mindful of its obligation to provide timely and fair disclosure of material information to shareholders, investors and the public. The Board treats all shareholders fairly and equitably and seeks to protect and facilitate exercise of shareholder's rights.

The Company recognises that effective communication can highlight transparency and enhance accountability to its shareholders. The Company provides information to its shareholders via SGXNET announcements, news releases and the Company's website. Price-sensitive information is publicly released on an immediate basis where required under the Listing Manual. Where an immediate announcement is not possible, the announcement is made as soon as possible to ensure that shareholders and the public have fair access to the information.

General meetings have been and are still the principal forum for dialogue and interaction with all shareholders. All shareholders will receive the annual report and the notice of general meetings of the Company. At the general meetings, shareholders will be given opportunity to voice their views and to direct questions regarding the Group to the Directors including the chairpersons of each of the Board committees. The external auditors are also present to assist the Directors in addressing any relevant queries from the shareholders. Shareholders are encouraged to attend the general meetings of the Company to ensure a high level of accountability and to stay informed of the Company's strategy and goals. At these meetings, shareholders are able to engage the Board and the Management on the Group's business activities, financial performance and other business-related matters. The Company also gathers views or inputs and addresses shareholders' concern at general meetings.

The Board allows all shareholders to exercise its voting rights by participating and voting at general meetings. For the year under review, all resolutions at general meetings of the Company were voted by poll as required by Rule 730A(2) of the Listing Manual. The procedures of the voting by poll were clearly explained at such general meetings. The results showing the number of votes cast for and against each resolution tabled were announced at the meetings and in an announcement released after the meeting via SGXNet.

The Company's annual report to shareholders, together with the notice of general meetings, letter to shareholders, if applicable, are disseminated through the SGXNet and are delivered to all shareholders within the mandatory period, providing shareholders with adequate time to review the documents thoroughly. The Company also publishes the notice of general meetings in a major local news publication. Full copies of the said notices are also lodged with the SGX-ST.

Every quarter, the Company holds a briefing session after the release of its quarterly financial results. Key management of the Company presides over the briefing session and offer a review of the Group's performance. The financial and investment community have access to the briefing sessions. The financial statements, press release and presentation slide which the Company has disseminated through the SGXNet will be shared with all participants.

The Company ensures that there are separate resolutions at general meetings on each distinct issue. The Company Secretary prepares minutes of general meetings, which incorporate substantial comments or queries from shareholders relating to the agenda of the meetings, and response from the Board and Management. The minutes are available to shareholders upon request.

The Company's Constitution allows a member of the Company to appoint one or two proxies to attend and vote at its general meetings.

#### Dividend

The Company does not have any formal dividend policy. The form, frequency and amount of future dividends on shares in the capital of the Company will depend on the Group's operating results, financial condition such as cash position and retained earnings, other cash requirements including capital expenditure, the terms of borrowing arrangements (if any), and other factors deemed relevant by the Board. Past dividend payments by the Company should not be taken as an indication of dividends to be paid by the Company in the future.

The Board has recommended a final tax exempt one-tier dividend of 0.4 cents per ordinary share for FY2016. The Company will be seeking the approval of shareholders at the AGM to be held on 26 April 2017 for the declaration of the said proposed final dividend.

### Securities Transactions (Listing Manual Rule 1207(19))

The Group has adopted the SGX-ST's best practices with respect to dealings in securities by the Directors and its executive officers. Directors, Management and officers of the Group who have access to price-sensitive, financial or confidential information are not permitted to deal in the Company's shares during the periods commencing two weeks before the announcement of the Company's financial statements for each of the first three quarters of its financial year, or one month before the announcement of the Company's financial statements of the relevant results, or when they are in possession of unpublished price-sensitive information on the Group. They are also discouraged from dealing in the Company's shares, the Company has adopted a code of conduct on transactions in the Company's shares.

#### Material Contracts (Listing Manual Rule 1207(8))

The Company has entered into a service agreement with Mr. Yeo Tiong Eng on 14 November 2016 in respect of Mr. Yeo's appointment as the Executive Director of the Company. Save for the foregoing, the service agreements of Mr. Yao Hsiao Tung and Madam Wong Huey Fang with the Company, and the interested person transactions disclosed in this Report, there were no material contracts of the Company or its subsidiaries involving the interest of the Chief Executive Officer, each Director or controlling shareholder, which were either subsisting at the end of FY2016 or if not then subsisting, entered into since the end of the previous financial year.

#### Interested Person Transactions (Listing Manual Rule 907)

The aggregate value of interested person transactions entered into during the financial year under review is as follows:

Name of interested person	person transactions during the financial year under review	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than \$100,000)
VSN Mobil, Inc. (f.k.a. VSN Technologies, Inc.)		
- Transaction for sale of fixed asset	S\$770,473 #	N.A.

# Selling price was based on the net book value of fixed assets which was denominated originally in USD547,444.

46	Notes to the Financial Statements

The directors are pleased to present their statement to the members together with the audited consolidated financial statements of Hi-P International Limited (the "Company") and its subsidiaries (collectively, the "Group") and the balance sheet of the Company for the financial year ended 31 December 2016.

### **1.** Opinion of the directors

In the opinion of the directors,

- (a) the consolidated financial statements of the Group and the balance sheet of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2016 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

### 2. Directors

The directors of the Company in office at the date of this statement are:

Yao Hsiao Tung Wong Huey Fang Yeo Tiong Eng Chester Lin Chien Leong Lai Peng Gerald Lim Thien Su

### 3. Arrangements to enable directors to acquire shares and debentures

Except as described in paragraph 5 below, neither at the end of nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

### 4. Directors' interests in shares and debentures

The following directors, who held office at the end of the financial year, had, according to the register of directors' shareholdings required to be kept under Section 164 of the Singapore Companies Act, Chapter 50, an interest in shares, share options and share awards of the Company as stated below:

	Direct	interest	Deemed	interest	
Name of director	At the beginning of financial year	At the end of financial year	At the beginning of financial year	At the end of financial year	
Ordinary shares of the Company					
Yao Hsiao Tung	492,679,966	492,728,124	6,940,540 <sup>(1)</sup>	6,892,382 <sup>(2)</sup>	
Wong Huey Fang	1,372,495	1,382,735	873,303 <sup>(3)</sup>	863,063 <sup>(4)</sup>	
Yeo Tiong Eng	500,000	500,000	-	-	
Chester Lin Chien	2,000,000	2,000,000	-	-	
Leong Lai Peng	300,000	300,000	-	-	

Notes:

(1) Mr. Yao Hsiao Tung's deemed interest arises by virtue of the options to subscribe for an aggregate of 6,892,382 shares and awards of 48,158 shares held by him.

(2) Mr. Yao Hsiao Tung's deemed interest arises by virtue of the options to subscribe for an aggregate of 6,892,382 shares held by him.

(3) Madam Wong Huey Fang's deemed interest arises by virtue of the options to subscribe for an aggregate of 858,816 shares and awards of 14,487 shares held by her.

(4) Madam Wong Huey Fang's deemed interest arises by virtue of the options to subscribe for an aggregate of 858,816 shares and awards of 4,247 shares held by her.

There was no change in any of the above-mentioned interests in the Company between the end of the financial year and 21 January 2017.

By virtue of Section 7 of the Singapore Companies Act, Chapter 50, Mr. Yao Hsiao Tung is deemed to be interested in the shares held by the Company in its subsidiaries.

Except as disclosed in this report, no director who held office at the end of the financial year had interests in shares, share options, share awards, warrants or debentures of the Company, or of related corporations, either at the beginning or at the end of the financial year.

### 5. Share options and share awards

#### Share options

The Hi-P Employee Share Option Scheme 2003 (the "2003 ESOS") was approved and adopted at the Company's Extraordinary General Meeting held on 7 October 2003. The 2003 ESOS expired on 6 October 2013. Options granted under the 2003 ESOS however remain exercisable in accordance with the rules of the 2003 ESOS. At an Extraordinary General Meeting held on 29 April 2014, shareholders approved and adopted the Employee Share Option Scheme 2014 (the "2014 ESOS"). The 2003 ESOS and the 2014 ESOS are referred to collectively as the "Option Schemes". Both Option Schemes apply to executive directors, employees of the Group, controlling shareholders and their associates while the 2014 ESOS additionally applies to non-executive directors. The Option Schemes are administered by the Remuneration Committee, comprising Madam Leong Lai Peng (Chairman), Mr. Chester Lin Chien and Mr. Gerald Lim Thien Su.

Other information regarding the Option Schemes are set out below:

- (i) The exercise price of an option is determined at a price equal to the Market Price or a price which is set at a discount to the Market Price (subject to a maximum discount of 20%). Market Price in relation to an option is determined based on the average of the last dealt prices for the Company's shares on the Singapore Exchange Securities Trading Limited ("SGX-ST") for the five consecutive trading days immediately preceding the date of grant of that option.
- (ii) For options granted with an exercise price fixed at the Market Price ("Market Price Options"), 50% of the Market Price Options may be exercised after the 1st anniversary of the date of grant of such Market Price Options and the remaining 50% may be exercised after the 2nd anniversary of the date of grant of such Market Price Options. For options granted with an exercise price which is set at a discount to the Market Price ("Incentive Options"), 50% of the Incentive Options may be exercised after the 2nd anniversary from the date of grant of such Incentive Options and the remaining 50% may be exercised after the 3rd anniversary from the date of grant of such Incentive Options. The exercise period might vary, subject to any other conditions as may be introduced by the Committee from time to time.
- (iii) Options granted will expire 10 years after the grant date except for options granted to nonexecutive directors under the 2014 ESOS, which will expire 5 years after the grant date, unless they have been cancelled or have lapsed prior to that date.

### 5. Share options and share awards (cont'd)

#### Share options (cont'd)

40,654,435 options were granted to directors and employees of the Company and its subsidiaries since the commencement of the Option Schemes to the end of the financial year under review.

Details of all options to acquire ordinary shares of the Company granted pursuant to the Option Schemes as at 31 December 2016 are as follows:

Date of grant of options	Exercise price per share	Options outstanding as at 1 January 2016	Options granted during the year	Options exercised during the year	Options cancelled/ lapsed/ expired during the year	Options outstanding as at 31 December 2016	Exercise period

### 5. Share options and share awards (cont'd)

#### Share options (cont'd)

During the financial year, nil (2015: 96,737) options were granted by the Company under the 2014 ESOS to its employee (other than to participants who are directors, controlling shareholder of the Company and associates of the controlling shareholder).

Details of options granted by the Company under the Option Schemes to participants who are directors, controlling shareholder of the Company and associates of the controlling shareholder are as follows:

	Options granted during financial year ended 31 December 2016	Aggregate options granted since commencement of scheme to 31 December 2016	Aggregate options exercised since commencement of scheme to 31 December 2016	Aggregate options expired since commencement of scheme to 31 December 2016	Aggregate options outstanding as at 31 December 2016
Yao Hsiao Tung (Director and Controlling Shareholder)	-	8,192,382	-	(1,300,000)	6,892,382
Wong Huey Fang (Director and Associate of Mr. Yao Hsiao Tung)	-	1,509,816	(351,000)	(300,000)	858,816
Yao Hsiao Kuang (Associate of Mr. Yao Hsiao Tung)	-	262,622	-	-	262,622
Total	_	9,964,820	(351,000)	(1,600,000)	8,013,820

Since the commencement of the Option Schemes till the end of the financial year:

- Other than Mr. Yao Hsiao Tung, Madam Wong Huey Fang and Mr. Yao Hsiao Kuang, no other directors or controlling shareholder of the Company or their associates are participants of the Option Schemes.
- Other than Mr. Yao Hsiao Tung, no participant of the Option Schemes has received 5% or more of the total number of options available under the Option Schemes.
- No options have been granted at a discount.

### 5. Share options and share awards (cont'd)

#### Share awards

The Hi-P Employee Share Award Scheme (the "Award Scheme") was approved and adopted at the Company's Extraordinary General Meeting held on 23 April 2009. The Award Scheme applies to executive directors, employees of the Group who have attained the age of 21 years and are of level 6 and above (or such other employees as the Remuneration Committee may determine) and controlling shareholders and their associates. At the Extraordinary General Meeting held on 23 April 2009, shareholders also approved the participation of Mr. Yao Hsiao Tung and Madam Wong Huey Fang in the Award Scheme. At the Extraordinary General Meeting held on 23 April 2013, shareholders approved the participation of Mr. Yao Hsiao Tung in the Award Scheme. The Award Scheme is administered by the Remuneration Committee, comprising Madam Leong Lai Peng (Chairman), Mr. Chester Lin Chien and Mr. Gerald Lim Thien Su.

Other information relating to the Award Scheme is set out below:

- (i) Awards are granted at the discretion of the Remuneration Committee. The selection of a participant, the approved proportion of shares comprising the award which shall not exceed 50% of the annual bonus of the participant, and other conditions of the award shall be determined at the absolute discretion of the Remuneration Committee.
- (ii) No minimum vesting periods are prescribed under the Award Scheme and the length of the vesting period(s) is determined on a case-by-case basis by the Remuneration Committee.
- (iii) The Award Scheme shall continue to be in force at the discretion of the Remuneration Committee, subject to a maximum period of ten (10) years from the date of adoption of the Award Scheme.

627,104 share awards were granted to the directors and employees of the Company and its subsidiaries since the commencement of the Award Scheme till the end of the financial year.

Details of all share awards of the Company granted pursuant to the Award Scheme as at 31 December 2016 are as follows:

Date of grant of share awards	Share awards outstanding as at 1 January 2016	Share awards granted during the year	Share awards vested during the year	Share awards cancelled/ lapsed during the year	Share awards outstanding as at 31 December 2016
7/05/2014	99,334	-	(89,565)	(9,769)	-
12/05/2015	169,253	-	(74,083)	(32,396)	62,774
	268,587	_	(163,648)	(42,165)	62,774

50% of the share awards granted will vest on the 1st anniversary of the date of grant and the balance 50% will vest on the 2nd anniversary of the date of grant.

### 5. Share options and share awards (cont'd)

#### Share awards (cont'd)

During the financial year, nil (2015: 161,403) share awards were granted by the Company to its employees (other than to participants who are directors, controlling shareholder of the Company and associates of the controlling shareholder).

Details of share awards granted to participants of the Award Scheme who are directors, controlling shareholder of the Company and associates of the controlling shareholder, pursuant to the Award Scheme are as follows:

	Share awards granted during financial year ended 31 December 2016	Aggregate share awards granted since commencement of scheme to 31 December 2016	Aggregate share awards vested since commencement of scheme to 31 December 2016	Aggregate share awards outstanding as at 31 December 2016
Yao Hsiao Tung (Director and Controlling Shareholder)	-	207,644	(207,644)	-
Wong Huey Fang (Director and Associate of Mr. Yao Hsiao Tung)	-	35,982	(31,735)	4,247
Yao Hsiao Kuang (Associate of Mr. Yao Hsiao Tung)	-	10,603	(8,474)	2,129
Total		254,229	(247,853)	6,376

Since the commencement of the Award Scheme till the end of the financial year:

- Other than Mr. Yao Hsiao Tung, Madam Wong Huey Fang and Mr. Yao Hsiao Kuang, no other directors or controlling shareholder of the Company or their associates are participants of the Award Scheme.
- No participant of the Award Scheme has received 5% or more of the total number of awards available under the Award Scheme.
- The total number of award shares which may be issued or issuable pursuant to awards granted under the Award Scheme when added to the aggregate number of shares that are issued or issuable pursuant to the exercise of options granted under the Option Schemes, shall not exceed 15% of the total number of issued shares of the Company on the day preceding the date of grant of any award.

The total number of share options and share awards granted as at 31 December 2016 do not exceed 15% of the total number of issued shares of the Company.

### 6. Audit committee

The Audit Committee carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act, Chapter 50. The functions performed are disclosed in the Report on Corporate Governance.

### 7. Auditor

Ernst & Young LLP has expressed their willingness to accept reappointment as auditor.

On behalf of the board of directors:

**Yao Hsiao Tung** Executive Chairman Chief Executive Officer

Yeo Tiong Eng Executive Director

30 March 2017

# INDEPENDENT AUDITOR'S REPORT

for the financial year ended 31 December 2016 Independent Auditor's Report to the Members of Hi-P International Limited

### **Report on the audit of the financial statements**

We have audited the financial statements of Hi-P International Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2016, the statements of changes in equity of the Group and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

#### Opinion

In our opinion, the accompanying consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the Act) and Financial Reporting Standards in Singapore (FRSs) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2016 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and for the year ended on that date.

#### **Basis for opinion**

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key audit matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have fulfilled our responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

# INDEPENDENT AUDITOR'S REPORT

## for the financial year ended 31 December 2016 Independent Auditor's Report to the Members of Hi-P International Limited

## Key audit matters (cont'd)

### Recoverability of deferred tax assets

As at 31 December 2016, the Group recognised deferred tax assets of \$22 million. The Group operates in various countries (Singapore, People's Republic of China, Thailand and Poland) which are subject to their respective local tax regulations. The valuation of the deferred income tax is significant to our audit because of the related complexity of the valuation process which involved significant management judgement given that it is based on assumptions such as the likely timing and level of future taxable profits which are affected by expected future market or economic conditions. Our audit procedures included, amongst others:

- In assessing the recoverability of deferred tax assets, we compared the consistency of management's profit forecasts with those included in the budget approved by the Board of Directors. We evaluated management's assumptions on the projected profit forecasts, discount and terminal yield rates by comparing them against recent profit trends and externally available information. We also assessed the historical accuracy of management's assumptions and estimation process by comparing the actual financials against previously forecasted financials.
- We tested the completeness and accuracy of the amounts recognised as deferred tax assets, including the review of correspondences with the tax authorities and other uncertain tax positions. Our internal tax specialists supported us in the review of deferred taxation.
- We assessed the adequacy of the Group's disclosures on deferred tax positions and assumptions used. The Group's disclosures concerning the deferred tax are included in Note 29 to the consolidated financial statements.

#### Impairment of investment in subsidiaries in the Company's balance sheet

As at 31 December 2016, the Company has investment in subsidiaries of \$360 million which represents 81% of the Company's total non-current assets and 83% of the Company's total equity. The impairment assessment on investment in subsidiaries was significant to our audit because the assessment process involved significant management judgement, and is based on assumptions that are affected by expected future market and economic conditions. As disclosed in Note 17, the management reversed an impairment in subsidiaries amounting to \$7 million, as the assessed impairment loss required as at 31 December 2016 is lower than 2015. Our audit procedures included, amongst others:

- We reviewed management's process in the assessment of whether there is an indication that an investment may be impaired. If any indication exists, or when an annual impairment testing is requirement, we assessed management's estimation of the recoverable amount.
- In assessing the recoverable amount of the Company's investment in subsidiaries, we compared the consistency of management's profit forecasts with those included in the budget approved by the Board of Directors. We evaluated management's assumptions on the projected cash flows, discount and terminal yield rates by comparing them against expected revenue growth and market conditions, as well as externally available information. We also assessed the historical accuracy of management's assumptions and estimation process by comparing the actual financials against previously forecasted financials.
- We assessed the adequacy of the Company's disclosures on the reversal of impairment made. The Company's disclosures concerning the impairment of investment in subsidiaries are included in Note 17 to the consolidated financial statements.

# INDEPENDENT AUDITOR'S REPORT

## for the financial year ended 31 December 2016 Independent Auditor's Report to the Members of Hi-P International Limited

## Other information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

# INDEPENDENT AUDITOR'S REPORT

## for the financial year ended 31 December 2016 Independent Auditor's Report to the Members of Hi-P International Limited

## Auditor's responsibilities for the audit of the financial statements (cont'd)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Andrew Tan Chwee Peng.

Ernst & Young LLP Public Accountants and Chartered Accountants Singapore

# CONSOLIDATED CASH FLOW STATEMENT

# for the financial year ended 31 December 2016

	Note	<b>2016</b> \$'000	<b>2015</b> \$'000
Cash flows from investing activities			
Dividend received from an associated company		150	-
Proceeds from capital grants		2,805	3,903
Consultancy fee paid for capital grant application		-	(392)
Interest received		894	2,944
Proceeds from disposal of property, plant and equipment		3,371	1,290
Purchase of property, plant and equipment	а	(53,930)	(144,647)
Acquisition of intangible assets	а	-	(99)
Proceeds from disposal of investment securities	13	10,925	-
Acquisition of investment securities			(486)
Net cash flows used in investing activities		(35,785)	(137,487)
Cash flows from financing activities			
(Increase)/ decrease in restricted bank deposits		(9,734)	4,958
Dividends paid on ordinary shares	34	(5,696)	(10,623)
Purchase of treasury shares	31(b)	(4,308)	(622)
Interest paid	7	(4,142)	(4,494)
Net (repayment of)/ proceeds from loans and borrowings		(211,080)	91,633
Repayments of obligations under finance lease		(8,515)	(8,068)
Net cash flows (used in)/ generated from financing activities		(243,475)	72,784
Net decrease in cash and cash equivalents		(11,459)	(86,406)
Effect of exchange rate changes on cash and cash equivalents		(3,770)	4,416
Cash and cash equivalents at beginning of year		126,156	208,146
Cash and cash equivalents at end of year	24	110,927	126,156

## Note to the Consolidated Cash Flow Statement

## (a) Purchase of property, plant and equipment and intangible assets

	Note	<b>2016</b> \$'000	<b>2015</b> \$'000
Current year additions	14, 15	23,127	167,495
Less: Payable to creditors		(6,327)	(34,183)
Acquired by means of finance leases		-	(12,942)
		16,800	120,370
Payments for prior years purchases		37,130	24,376
Net cash outflow for purchase		53,930	144,746

for the financial year ended 31 December 2016

# **1.** Corporate information

Hi-P International Limited (the "Company") is a limited liability company, which is incorporated and domiciled in Singapore and publicly traded on the Singapore Exchange Securities Trading Limited ("SGX-ST").

The registered office and principal place of business of the Company is located at 11 International Business Park, Jurong East, Singapore 609926.

The principal activities of the Company are design and fabrication of mold ("MDF"), precision plastic injection molding ("PPIM"), assembly and provision of ancillary value-added services (mainly surface finishing services). The principal activities of the subsidiaries are disclosed in Note 17 to the financial statements.

# 2. Summary of significant accounting policies

## 2.1 Basis of preparation

The consolidated financial statements of the Group and balance sheet of the Company have been prepared in accordance with Singapore Financial Reporting Standards ("FRS").

The financial statements have been prepared on a historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars ("\$" or "SGD") and are rounded to the nearest thousand ("\$'000"), except when otherwise indicated.

The Accounting Standards Council announced on 29 May 2014 that Singapore incorporated companies listed on the Singapore Exchange will apply a new financial reporting framework identical to the International Financial Reporting Standards. The Group will adopt the new financial reporting framework on 1 January 2018.

### 2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 January 2016. The adoption of these standards did not have any effect on the financial performance or position of the Group and the Company.

for the financial year ended 31 December 2016

## 2. Summary of significant accounting policies (cont'd)

#### 2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendments to FRS 7 Disclosure Initiative	1 January 2017
Amendments to FRS 12 Recognition of Deferred Tax Assets for Unrealised Losses	1 January 2017
FRS 115 Revenue from Contracts with Customers	1 January 2018
FRS 109 Financial Instruments	1 January 2018
FRS 116 Leases	1 January 2019

Except for FRS 109, FRS 115 and FRS 116, the directors expect that the adoption of other standards above will have no material impact on the financial statements in the period of initial application. The nature and the impending changes in accounting policy on adoption of FRS 109, FRS 115 and FRS 116 are described below.

## FRS 115 Revenue from Contracts with Customers

FRS 115 establishes a five-step model that will apply to revenue arising from contracts with customers. Under FRS 115, revenue is recognised at an amount that reflects the consideration which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under FRS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1 January 2018. Early adoption is permitted.

During 2016, the Group performed a preliminary assessment of FRS 115 which is subject to changes arising from a more detailed ongoing analysis. The Group expects that there will be no significant impact upon adoption of FRS 115.

#### FRS 109 Financial Instruments

FRS 109 introduces new requirements for classification and measurement of financial assets, impairment of financial assets and hedge accounting. Financial assets are classified according to their contractual cash flow characteristics and the business model under which they are held. The impairment requirements in FRS 109 are based on an expected credit loss model and replace the FRS 39 incurred loss model.

#### Impairment

FRS 109 requires the Group to record expected credit losses on loans and trade receivables, either on a 12-month or lifetime basis. The Group expects to apply the simplified approach and record lifetime expected losses on all trade receivables. Upon application of the expected credit loss model, the Group does not expect a significant impact on its equity. The Group will need to continuously perform a detailed analysis which considers all reasonable and supportable information, including forward-looking elements to determine the extent of impact.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.3 Standards issued but not yet effective (cont'd)

### FRS 116 Leases

FRS 116 requires lessees to recognise most leases on balance sheets to reflect the rights to use the leased assets and the associated obligations for lease payments as well as the corresponding interest expense and depreciation charges. The standard includes two recognition exemptions for lessees – leases of 'low value' assets and short term leases. The new standard is effective for annual periods beginning on or after 1 January 2019.

The Group is currently assessing the impact of the new standard and plans to adopt the new standard on the required effective date. The Group expects the adoption of the new standard will result in increase in total assets and total liabilities, EBITDA and gearing ratio.

### 2.4 Basis of consolidation and business combinations

### (a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- De-recognises the carrying amount of any non-controlling interest;
- De-recognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss;
- Re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

### 2.4 Basis of consolidation and business combinations (cont'd)

### (b) Business combinations

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another FRS.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

#### 2.5 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

## (a) Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.5 Foreign currency (cont'd)

## (a) Transactions and balances (cont'd)

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss. Exchange differences arising on monetary items that form part of the Group's net investment in foreign operations are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

### (b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

#### 2.6 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less any impairment losses.

## 2.7 Transactions with non-controlling interests

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

## 2.8 Joint arrangement

A joint arrangement is a contractual arrangement whereby two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

A joint arrangement is classified either as joint operation or joint venture, based on the rights and obligations of the parties to the arrangement.

for the financial year ended 31 December 2016

## 2. Summary of significant accounting policies (cont'd)

### 2.8 Joint arrangement (cont'd)

To the extent the joint arrangement provides the Group with rights to the assets and obligations for the liabilities relating to the arrangement, the arrangement is a joint operation. To the extent the joint arrangement provides the Group with rights to the net assets of the arrangement, the arrangement is a joint venture.

#### a) Joint operations

The Group recognises in relation to its interest in a joint operation,

- (i) Its assets, including its share of any assets held jointly;
- (ii) Its liabilities, including its share of any liabilities incurred jointly;
- (iii) Its revenue from the sale of its share of the output arising from the joint operation;
- (iv) Its share of the revenue from the sale of the output by the joint operation; and
- (v) Its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the accounting policies applicable to the particular assets, liabilities, revenues and expenses.

b) Joint ventures

The Group recognises its interest in a joint venture as an investment and accounts for the investment using the equity method. The accounting policy for investment in joint venture is set out in Note 2.9.

#### 2.9 Joint ventures and associates

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group account for its investments in associates and joint ventures using the equity method from the date on which it becomes an associate or joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities is accounted as goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of investment is included as income in the determination of the Group's share of the associate or joint venture's profit or loss in the period in which the investment is acquired.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.9 Joint ventures and associates (cont'd)

Under the equity method, the investment in associates or joint ventures are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associates or joint ventures. The profit or loss reflects the share of results of the operations of the associates or joint ventures. Distributions received from associates or joint ventures reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associates or joint ventures, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associates or joint ventures.

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in its associates or joint ventures. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the associates or joint ventures are prepared as of the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

Upon loss of significant influence or joint control over the associate or joint venture, the Group measures the retained interest at fair value. Any difference between the fair value of the aggregate of the retained interest and proceeds from disposal and the carrying amount of the investment at the date the equity method was discontinued is recognised in profit or loss.

### 2.10 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Long term factory building	57 years
Medium term factory buildings and leasehold improvements	10 - 20 years
Renovation	3 - 10 years
Plant and machinery	1 - 10 years
Motor vehicles	5 - 6 years
Office equipment, furniture and fittings	3 - 10 years

Construction-in-progress are not depreciated as these assets are not yet available for use.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

#### 2.10 Property, plant and equipment (cont'd)

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is de-recognised.

### 2.11 Intangible asset

Intangible assets acquired separately are measured initially at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is de-recognised.

#### (a) Club membership

Club membership was acquired separately and is amortised on a straight line basis over its finite useful life of 10 years.

### (b) Licensed rights

Licensed rights were acquired separately and are amortised on a straight line basis over their finite useful lives ranging from 3 to 5 years.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

### 2.12 Land use rights

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation. The land use rights are amortised on a straight-line basis over the lease term of 50 years.

## 2.13 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

## 2.14 Financial instruments

(a) Financial assets

#### Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value plus in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.14 Financial instruments (cont'd)

(a) Financial assets (cont'd)

### Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

(i) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by FRS 39. Derivatives, including separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial assets are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss include exchange differences, interest and dividend income.

Derivatives embedded in host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not measured at fair value with changes in fair value recognised in profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required.

(ii) Loan and receivables

Non-derivative financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are de-recognised or impaired, and through the amortisation process.

#### **De-recognition**

A financial asset is de-recognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.14 Financial instruments (cont'd)

(a) Financial assets (cont'd)

## Regular way purchase or sale of a financial asset

All regular way purchases and sales of financial assets are recognised or de-recognised on the trade date i.e., the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned.

#### (b) Financial liabilities

#### Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of other financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

#### Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

(i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

#### (ii) Financial liabilities at amortised cost

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised, and through the amortisation process.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

### 2.14 Financial instruments (cont'd)

## (b) Financial liabilities (cont'd)

#### **De-recognition**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

## 2.15 Impairment of financial assets

The Group assesses at each reporting date whether there is any objective evidence that a financial asset is impaired.

#### (a) Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The impairment loss is recognised in profit or loss.

When the asset becomes uncollectible, the carrying amount of impaired financial assets is reduced directly or if an amount was charged to the allowance account, the amounts charged to the allowance account are written off against the carrying value of the financial asset.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.15 Impairment of financial assets (cont'd)

## (b) Financial assets carried at cost

If there is objective evidence (such as significant adverse changes in the business environment where the issuer operates, probability of insolvency or significant financial difficulties of the issuer) that an impairment loss on financial assets carried at cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses are not reversed in subsequent periods.

## 2.16 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and conditions are accounted as follows:

- Raw materials purchase costs on a weighted average basis;
- Work-in-progress and finished goods costs of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. These costs are assigned on a first-in first-out basis.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

#### 2.17 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term fixed deposits, less restricted bank deposits, that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

#### 2.18 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are recognised as income in profit or loss over the period of the guarantee. If it is probable that the liability will be higher than the amount initially recognised less amortisation, the liability is recorded at the higher amount with the difference charged to profit or loss.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

#### 2.19 Provisions

## General

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

#### Warranty Provision

Provisions for warranty-related costs are recognised when the product is sold or service provided. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

## 2.20 Employee benefits

#### (a) Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund ("CPF") scheme in Singapore, a defined contribution pension scheme. The subsidiaries incorporated and operating in the People's Republic of China ("PRC") are required to provide certain staff pension benefits to their employees under existing PRC regulations.

Pension contributions are provided at rates stipulated by PRC regulations and are contributed to a pension fund managed by government agencies, which are responsible for administering these amounts for the subsidiaries' employees.

Contributions to national pension schemes are recognised as an expense in the period in which the related services are performed.

#### (b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The estimated liability for annual leave is recognised for services rendered by employees up to the end of the reporting period.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.20 Employee benefits (cont'd)

## (c) Employee share option schemes

Employees of the Group receive remuneration in the form of share options as consideration for services rendered. The cost of these equity-settled share based payment transactions with employees is measured by reference to the fair value of the options at the date on which the options are granted which takes into account market conditions and non-vesting conditions. This cost is recognised in profit or loss, with a corresponding increase in the employee share option reserve, over the vesting period. The cumulative expense recognised at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of options that will ultimately vest. The charge or credit to profit or loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in equity compensation expense.

When the options are exercised, the employee share option reserve is transferred to share capital if new shares are issued, or to treasury shares if the options are satisfied by the reissuance of treasury shares.

#### (d) Employee share award schemes

The share awards of the Group are accounted for as equity-settled share based payments. The cost of these equity-settled share based payment transactions with employees is measured by reference to the fair value of the awards at the date on which the awards are granted. Share award expense is amortised and recognised in the profit or loss on a straight-line basis over the vesting period. The cumulative expense recognised at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of awards that will ultimately vest. The charge or credit to profit or loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in equity compensation expense.

### 2.21 Leases

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date: whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

#### (a) Finance lease

Finance leases which transfer to the Group substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

### 2.21 Leases (cont'd)

### (b) Operating lease

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

#### 2.22 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding sales taxes or duty.

#### (a) Sale of goods

Revenue from sale of goods is recognised upon the transfer of significant risks and rewards of ownership of the goods to the customer, usually on delivery of goods. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(b) Service income

Service income from trial runs conducted for customers is recognised when the services are rendered and the right to receive payment is established.

(c) Interest income

Interest income is recognised using the effective interest method.

(d) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

#### 2.23 Taxes

## (a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.23 Taxes (cont'd)

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries and associates, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries and associates, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

### 2.23 Taxes (cont'd)

(c) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

### 2.24 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

## 2.25 Treasury shares

The Group's own equity instruments, which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount of treasury shares and the consideration received if re-issued, is recognised directly in equity. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them respectively.

#### 2.26 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
  - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

for the financial year ended 31 December 2016

# 2. Summary of significant accounting policies (cont'd)

## 2.27 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the balance sheet and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

Government grant is recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Grants related to income may be presented as a credit in profit or loss, under the header "Other income".

## 3. Significant accounting judgements and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

#### 3.1 Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgement, apart from those involving estimations, which has the most significant effect on the amounts recognised in the consolidated financial statements:

(a) Income taxes

The Group has exposure to income taxes in numerous jurisdictions. Significant judgement is involved in determining the group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amount of the Group's tax payables and net deferred tax assets as at 31 December 2016 were \$11,872,000 (2015: \$12,906,000) and \$17,189,000 (2015: \$22,276,000) respectively.

### (b) Deferred tax assets

Deferred tax assets are recognised for all temporary differences to the extent that it is probable that taxable profit will be available against which the temporary differences can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. The carrying value of recognised temporary differences at 31 December 2016 was \$94,653,000 (2015: \$139,190,000) and the unrecognised tax losses as at 31 December 2016 was \$213,256,000 (2015: \$205,771,000).

for the financial year ended 31 December 2016

# 3. Significant accounting judgements and estimates (cont'd)

### 3.1 Judgements made in applying accounting policies (cont'd)

### (c) Impairment of investment in subsidiaries

The Group assesses whether there are any indicators of impairment on the investment in subsidiaries on an annual basis. In making this assessment, the Group evaluates, among other factors, the duration and extent to which the fair value of an investment is less than its cost and the financial health of and near-term business outlook for the investee, including factors such as industry and sector performance, changes in technology and operational and financing cash flow.

When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

The carrying value of the investment in subsidiaries for the Company as at the end of reporting period was \$359,594,000 (2015: \$352,183,000) (Note 17).

#### (d) Determination of functional currency

The Group measures foreign currency transactions in the respective functional currencies of the Company and its subsidiaries. In determining the functional currencies of the entities in the Group, judgement is required to determine the currency that mainly influences sales prices for goods and services and of the country whose competitive forces and regulations mainly determines the sales prices of its goods and services. The functional currencies of the entities in the Group are determined based on management's assessment of the economic environment in which the entities operate and the entities' process of determining sales prices.

#### 3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

## a) Impairment of property, plant and equipment

The Group determines whether property, plant and equipment are impaired at least on an annual basis. When impairment indicator exists, the computation of impairment requires an estimation of the value in use of the cash-generating units which required the Group to make an estimate of the expected cash flows from the cash-generating unit and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of the Group's property, plant and equipment as at 31 December 2016 was \$359,598,000 (2015: \$450,599,000). More details are given in Note 14.

for the financial year ended 31 December 2016

# 3. Significant accounting judgements and estimates (cont'd)

## 3.2 Key sources of estimation uncertainty (cont'd)

## b) Impairment of loans and receivables

The Group assesses at end of each reporting period whether there is any objective evidence that a financial asset is impaired. Factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments are objective evidence of impairment. In determining whether there is objective evidence of impairment, the Group considers whether there is observable data indicating that there have been significant changes in the debtor's payment ability or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which debtor operates in.

Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. The carrying amount of the Group's trade and other receivables as at 31 December 2016 was \$361,845,000 (2015: \$480,163,000). More details are given in Note 21. If the present value of estimated future cash flows varies by 1% from management's estimates, the Group's allowance for impairment will increase by \$3,618,000 (2015: \$4,802,000).

#### c) Inventory provision

The Group reviews periodically for any excess stocks and decline in net realisable value below cost. An allowance is recorded against the stocks balance for such declines. These reviews require the Group to consider the future saleability of the stocks.

In determining the amount of allowance or write down, the Group considers factors including the aging analysis and the consumption patterns. Such an evaluation process requires judgement and affects the carrying amount of stocks at the end of the reporting year. Possible changes in these estimates could result in revisions to the stated value of the stocks. The carrying amount of the Group's inventories as at 31 December 2016 was \$142,918,000 (2015: \$242,802,000). More details are given in Note 20. If the net realisable value varies by 1% from management's estimates, the Group's provision will increase by \$1,429,000 (2015: \$2,428,000).

#### *d*) Useful lives of plant and machinery

The cost of plant and machinery is depreciated on a straight-line basis over their estimated useful lives. Management estimates the useful lives of these assets to be within 1 to 10 (2015: 1 to 10) years. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised. If the expected useful lives of these assets increase by 10% from management's estimates, the Group's profit before tax for the year ended 31 December 2016 will increase by 8% (2015: Group's loss before tax will decrease by 22%).

The carrying amount of the Group's plant and equipment at the end of each reporting period is disclosed in Note 14 to the financial statements.

for the financial year ended 31 December 2016

## 4. Revenue

Revenue represents sale of goods to customers net of discounts and returns. Intra-group transactions have been excluded from Group revenue.

The total personnel expenses include executive directors' remuneration, other personnel expenses and equity compensation expense.

Equity compensation benefits are disclosed in Note 33.

# **11.** Income tax expense

## (a) Major components of income tax expense

The major components of income tax expense for the years ended 31 December 2016 and 2015 are:

	Group	
	2016	2015
	\$'000	\$'000
Current income tax		
- Current income taxation	12,868	11,189
- Over provision in respect of previous years	(243)	(471)
	12,625	10,718
Deferred tax		
- Origination and reversal of temporary differences	8,151	3,846
- Effect of changes in tax rates	(1,436)	-
- Under recognition of deferred tax assets in respect of		
previous years	(2,680)	(1,930)
	4,035	1,916
Income tax expense recognised in profit or loss	16,660	12,634

for the financial year ended 31 December 2016

### **11.** Income tax expense (cont'd)

### (b) Relationship between tax expense and accounting profit/ (loss)

The reconciliation between the tax expense and the product of accounting profit/ (loss) multiplied by the applicable corporate tax rate for the years ended 31 December 2016 and 2015 are as follows:

	Gr	oup
	2016	2015
	\$'000	\$'000
Accounting profit/ (loss) before tax	71,180	(32,789)
Income tax expense at tax rate of 17% (2015: 17%)	12,101	(5,574)
Tax effect of different tax rates of overseas operations	4,028	(6,781)
Tax effect of exempt income and rebate	(1,501)	(2,534)
Tax effect of non-deductible expenses	2,606	4,729
Tax effect of income not subject to taxation	(461)	(2)
Deferred tax assets not recognized	7,468	25,281
Utilisation of deferred tax assets not recognised in prior years	(4,787)	(959)
Under recognition of deferred tax assets/ over provision of income		
tax in respect of previous years	(2,923)	(2,401)
Withholding tax	1,601	898
Effect of changes in tax rates <sup>1</sup>	(1,436)	-
Others	(36)	(23)
Income tax expense recognised in profit or loss	16,660	12,634

1 The tax rate for one of the subsidiaries in Shanghai has resumed to 25% from the previous concessionary tax rate of 15%.

for the financial year ended 31 December 2016

### **12.** Earnings/ (loss) per share

Basic earnings/ (loss) per share are calculated by dividing profit/ (loss), net of tax, attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

Diluted earnings/ (loss) per share are calculated by dividing profit/ (loss), net of tax, attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

The following table reflects the profit/ (loss) and share data used in the computation of basic and diluted earnings/ (loss) per share for the years ended 31 December.

	G	iroup
	2016	2015
Profit/ (loss) for the year attributable to owners of the Company (\$'000)	54,525	(45,427)
Weighted average number of ordinary shares for basic earnings per share computation ('000)	814,616	816,657
Effects of dilution of share awards ('000)	63	269
Weighted average number of ordinary shares for the effect of dilution ('000)	814,679	816,926
Basic earnings/ (loss) per share (cents)	6.69	(5.56)
Diluted earnings/ (loss) per share (cents)	6.69	(5.56)

There were 13,319,775 (2015: 19,063,316) options granted to the directors and employees of the Company and its subsidiaries since the commencement of the Option Schemes which have not been included in the calculation of diluted earnings per share as the stock option exercise prices are above the market price.

Since the end of the financial year, senior executives have not exercised any options to acquire ordinary shares. There have been no other significant transactions involving ordinary shares or potential ordinary shares since the reporting date and before the completion of these financial statements.

### **13.** Investment securities

	Gr	oup
	2016	2015
	\$'000	\$'000
Non-current:		
Available-for-sale financial assets		
- Equity securities (unquoted)	-	477

During the year, the Group has disposed its investment securities in a startup company for an aggregate consideration of \$10,925,000. Gain on disposal of its investment securities amounted to \$10,470,000 after considering cost of investment of \$477,000 and considering exchange loss of \$22,000 from aforementioned amount of \$10,925,000.

# 14. Property, plant and equipment (cont'd)

for the financial year ended 31 December 2016

### 14. Property, plant and equipment (cont'd)

### Assets held under finance leases

During the current financial year, the Group has not acquired any asset by means of finance lease. In 2015, the Group had acquired machineries with cost of \$18,488,000 by means of finance lease.

The carrying amount of leasehold improvements, motor vehicle and machineries held by the Group under finance leases at the end of the reporting period were \$69,000 (2015: \$508,000), \$300,000 (2015: \$416,000) and \$17,124,000 (2015: \$20,999,000) respectively.

Leased assets are pledged as security for the related finance lease liabilities.

### Impairment of assets

During the financial year, the Group recognised a net impairment loss of \$3,973,000 (2015: \$2,423,000) in the "Other expenses" (Note 8) line item in profit or loss.

The impairment loss recognised during the financial year was mainly in relation to the plant and machinery which were obsolete or damaged beyond repair in some subsidiaries of the Group, where their recoverable amounts were estimated to be \$Nil, with minimal scrap value in view of the plant and machinery impaired were mainly custom made and project specific and no active market was available for these plant and machinery.

### Change in estimates

The Group reviews the estimated useful lives of its fixed assets on an ongoing basis in accordance with its policy. During the financial year, the review indicated that the actual lives of certain machinery and equipment at its manufacturing plants were longer than the estimated useful lives used for depreciation purposes in the Group's financial statements. To better reflect the estimated periods during which these assets will remain in service, the estimated useful lives of certain machinery and equipment that were previously recorded at 5 years were increased to 8 years with effect from 1 January 2016. The effect of the above revision on depreciation charge in current and future periods, as a result of the longer useful life, are as follows:

	2016	2017	2018	2019	2020	Later
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000

### **15.** Intangible assets (cont'd)

### Licensed rights

Licensed rights relate to the rights acquired that are essential to telecommunication standards, such as the third generation cellular ("3G") and 4G standards. The useful lives of the licenses range from 3 to 5 years (2015: range from 3 to 5 years) and the remaining amortisation period is less than 2 years (2015: ranges from 1 to 3 years).

One of the licensed rights with cost of \$5,021,000 has been de-recognised during the current financial year as the Group is no longer obligated to pay for it due to a change in contract terms. The corresponding amortisation has also been adjusted accordingly.

### Club membership

There is no amortisation expense for club membership as the amount is assessed to be insignificant.

### Amortisation expense

The amortisation of licensed rights is included in the "Cost of sales" line item in profit or loss.

### 16. Land use rights

-Later than five years	10,385	11,036

The Group has land use rights over two plots of state-owned land in People's Republic of China ("PRC") where the Group's manufacturing and storage facilities reside. The land use rights have a useful life of 50 years and a remaining tenure of 41 years and 46 years (2015: 42 years and 47 years) respectively.

for the financial year ended 31 December 2016

### **17.** Investment in subsidiaries

	Со	mpany
	2016	2015
	\$'000	\$'000
Shares, at cost	378,503	378,503
Amount due from a subsidiary	25,556	25,556
	404,059	404,059
Impairment losses	(44,465)	(51,876)
	359,594	352,183
Movement in impairment losses:		
At 1 January	51,876	51,876
Reversal	(7,411)	
At 31 December	44,465	51,876

During the financial year, the Company performed an impairment assessment for the investment in subsidiaries where there is an indication that the investment may be impaired. A reversal of impairment of \$7,411,000 (2015: \$Nil) was recognised following the assessment. The assessed impairment loss represents the write-down of the carrying amount of the investment to its recoverable amount.

The recoverable amounts of investments in these subsidiaries have been determined based on a valuein-use calculated using cash flow projections from financial budgets approved by management covering a five-year period. The pre-tax discount rate applied to the cash flow projection and the forecasted growth rate used to extrapolate cash flow projections were 7% (2015: 8%) and 0% (2015: 0%) respectively.

The amount due from a subsidiary is unsecured, non-interest bearing and not expected to be repayable within the next 12 months from balance sheet date. Accordingly, the fair value of this amount is not determinable as the timing of the future cash flow arising from this amount cannot be estimated reliably.

Details of subsidiaries are as follows:

Total	437,086	539,348	157,323	168,159

### Trade and other receivables

Trade and other receivables are non-interest bearing and are generally on 30 to 120 days' terms. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

Trade receivables not denominated in the functional currencies of the Company and the respective subsidiaries at 31 December are as follows:

	Group		Con	npany
	2016 2015		2016	2015
	\$'000	\$'000	\$'000	\$'000
United States Dollar	272,674	337,681	15,474	13,848
Euro	3,897	5,199		

for the financial year ended 31 December 2016

### 21. Trade and other receivables (cont'd)

### Loans to subsidiaries

Loans to subsidiaries are unsecured and bear interest at 2% (2015: 1% to 2%) per annum. The loans are repayable within 1 year to 4 years (2015: 1 year to 5 years) and to be settled in cash.

The Company has waived USD10 million loan to Hi-P (Suzhou) Electronics Technology Co., Ltd. in June 2016.

The Company has also impaired the USD7.5 million loan to Hi-P (Suzhou) Electronics Co., Ltd. in December 2016 as Hi-P (Suzhou) Electronics Co., Ltd. has reported a net liability as at 31 December 2016.

### Related party balances

- Amounts due from subsidiaries are mainly non-trade in nature, unsecured, non-interest bearing and repayable on demand in cash.
- Amounts due from related companies are trade in nature, unsecured, non-interest bearing and mainly on 60 days' term, except for a balance of \$3,009,000 (2015: \$3,493,000), which is secured by a corporate guarantee as disclosed in Note 37. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

### Trade receivables that are past due but not impaired

The Group has trade receivables (including trade receivables from related companies) amounting to \$89,394,000 (2015: \$129,218,000) that are past due at the end of the reporting period but not impaired. These receivables are unsecured and the analysis of their aging at the end of the reporting period is as follows:

	G	Group		
	2016	2015		
	\$'000	\$'000		
Trade receivables past due :				
Lesser than 30 days	60,958	84,410		
30 to 60 days	3,669	9,976		
61 to 90 days	1,004	210		
More than 90 days	*23,763	34,622		
	89,394	129,218		

\* Includes USD15,000,000 (equivalent to \$21,689,000) due from Yota Devices Limited which was fully settled in January 2017.

for the financial year ended 31 December 2016

### 21. Trade and other receivables (cont'd)

### Trade receivables that are impaired

The Group's trade receivables (including trade receivables from related companies) that are impaired at the end of the reporting period and the movement of the allowance accounts used to record the impairment are as follows:

	Group Individually impaired		
	<b>2016</b> \$'000	<b>2015</b> \$'000	
Trade receivables – nominal amounts	7,400	8,985	
Less: Allowance for impairment	(7,400)	(8,985)	
		-	
Movement in allowance accounts for trade receivables:			
At 1 January	8,985	188	
Impairment for the year	6,546	8,793	
Written off	(8,141)	-	
Exchange differences	10	4	
At 31 December	7,400	8,985	

Trade receivables that are individually determined to be impaired at the end of the reporting period relate to debtors that are in significant financial difficulties and have defaulted on payments. These receivables are not secured by any collateral or credit enhancements.

### Amounts due from related companies

At the end of the reporting period, the Group has provided an allowance of \$Nil (2015: \$18,000) for impairment of the unsecured amounts due from related companies with a net amount of \$817,000 (2015: \$859,000). The remaining balance of \$3,009,000 (2015: \$3,493,000) that was past due at the end of the reporting period but not impaired is secured by a corporate guarantee as disclosed in Note 37.

for the financial year ended 31 December 2016

### 22. Derivatives

		2016			2015	
Group	Contract/ Notional Amount USD'000	Assets \$'000	Liabilities \$'000	Contract/ Notional Amount USD'000	Assets \$'000	Liabilities \$'000
Group	030 000			030 000		
Forward currency contracts	15,000	-	(254)	30,000	-	(860)
Total financial liabilities at fair value through profit or loss classified as held for trading		_	(254)		_	(860)

Forward currency contracts are used to hedge foreign currency risk arising from the Group's sales and purchases denominated in USD for which firm commitments existed at the end of the reporting period (Note 38(b)).

### 23. Other long term asset

Other long term asset relates to prepayment by subsidiaries of the Group for upgrading the electric capacity of factories in Shanghai. The prepayments made are amortised over a period of 5 years. The remaining amortisation period is less than 1 year (2015: 2 years).

### 24. Cash and cash equivalents and restricted bank deposits

	Group		Group Comp	
	2016	2015	2016	2015
	\$'000	\$'000	\$'000	\$'000
Cash at banks and on hand	102,968	110,107	6,458	7,925
Short term fixed deposits	17,693	16,049	-	-
Cash and short term deposits	120,661	126,156	6,458	7,925
Less: Restricted bank deposits (current)	(9,251)	-	-	-
Less: Restricted bank deposits (non-current)	(483)	-	-	
Cash and cash equivalents	110,927	126,156	6,458	7,925

Cash at banks earn interest at floating rates based on daily bank deposit rates. Short term deposits are made for varying periods of between 1 day and 1 year depending on the immediate cash requirements of the Group, and earned interest at the respective short term fixed deposit rates. The average effective interest rates for the year ended 31 December 2016 for the Group and the Company were 0.49% (2015: 0.80%) and 0.13% (2015: 0.08%) respectively.

Restricted bank deposits were mainly held for the purposes of custom clearance, issuance of notes payable, bank guarantees and letters of credit.

for the financial year ended 31 December 2016

### 24. Cash and cash equivalents and restricted bank deposits (cont'd)

Cash and cash equivalents and restricted bank deposits not denominated in the functional currencies of the Company and the respective subsidiaries at 31 December are as follows:

### Other payables

Other payables include amounts due to creditors in relation to the purchase of property, plant and equipment. These balances are non-interest bearing and have an average term of 30 to 120 days.

### Amounts due to subsidiaries

These amounts are mainly non-trade, unsecured, non-interest bearing and repayable on demand in cash, except for the amount classified under non-current, which is not expected to be repayable within the next 12 months from balance sheet date. The fair value of this amount is not determinable as the timing of the future cash flow arising from this amount cannot be estimated reliably.

### 26. Notes payable

The notes payable of \$2,909,000 (2015: \$Nil) are secured by bank deposits and corporate guarantee, non-interest bearing and are payable within six months from the balance sheet date.

for the financial year ended 31 December 2016

### 27. Provisions

	Group		
	2016 2015		
	\$'000	\$'000	
At 1 January	179	-	
(Reversal)/ arose during the financial year	(147)	169

### Short term loans

The Group and the Company have drawn down short term loans at fixed rates of interest for general working capital and capital expenditure purposes. The weighted average interest rate for the loans outstanding as at 31 December 2016 for the Group and the Company were 1.51% (2015: 1.50%) and 1.55% (2015: 1.61%) per annum respectively. The loans are repayable in 2017. Short term loan amounting to \$31,231,000, which was drawn down by one of the subsidiaries, is secured by a corporate guarantee issued by the Company.

### Obligations under finance lease

These obligations are secured by a charge over the leased assets (Note 14). The effective interest rate on the finance lease ranges from 4.48% to 9.00% (2015: 4.48% to 9.00%) per annum. These obligations are mainly denominated in the functional currency of the relevant entity in the Group.

for the financial year ended 31 December 2016

### 28. Loans and borrowings (cont'd)

### Obligations under finance lease (cont'd)

The Group has finance leases for certain items of machineries, leasehold improvements and a motor vehicle (Note 14). The leasehold improvements lease has terms of renewal but no purchase options and escalation clauses. There are no restrictions placed upon the Group by entering into these leases. Renewals are at the option of the specific entity that holds the lease. The leases of motor vehicle and machineries transfer ownership of the assets to the specific entities that hold the lease by the end of the lease term.

Future minimum lease payments under finance leases together with the present value of the net minimum lease payments are as follows:

2016	Group		Company	
	Total minimum lease payments \$'000	Present value of payments \$'000	Total minimum lease payments \$'000	Present value of payments \$'000
Within one year	2,111	2,097	65	58

### Unrecognised tax losses

At the end of the reporting period, the Group has tax losses of approximately \$213,256,000 (2015: \$205,771,000) that are available for offset against future taxable profits of the companies in which the losses arose for which no deferred tax asset is recognised due to uncertainty of its recoverability. The use of these tax losses is subject to the agreement of the tax authorities and compliance with certain provisions of the tax legislation of the respective countries in which the companies operate.

The table below shows the maximum number of years that the unutilised tax losses could be carried forward in respective countries:

Countries	Number of years
People's Republic of China	5
Thailand	5
Poland	5

The unabsorbed tax losses with expiry date, for which no deferred tax asset is recognised due to uncertainty of its recoverability, are as follows:

Year incurred	Expiry date	Unabsorbed tax losses		
		\$'000		
2012	31 December 2017	7,415		
2013	31 December 2018	9,282		
2014	31 December 2019	39,105		
2015	31 December 2020	59,911		
2016	31 December 2021	97,543		

The unabsorbed tax losses which expired in current year was \$9,841,000 (2015: \$4,960,000).

Unrecognised temporary differences relating to investments in subsidiaries

At the end of the reporting period, the Group has recognised withholding tax liabilities of \$6,540,000 (2015: \$5,521,000) that would be payable on the undistributed earnings of certain of the Group's subsidiaries, on the following basis:

The Group has determined that 50% (2015: 50%) of the earnings of its subsidiaries will be distributed in the foreseeable future based on historical trend.

Temporary differences on the remaining earnings for which no withholding tax liability has been recognised, aggregate to \$130,795,000 (2015: \$110,420,000). Such withholding tax liability is estimated to be \$6,540,000 (2015: \$5,521,000).

### Tax consequences of proposed dividends

There are no income tax consequences (2015: Nil) attached to the dividends to the shareholders proposed by the Company but not recognised as a liability in the financial statements (Note 34).

for the financial year ended 31 December 2016

### **30. Deferred capital grants**

	Group	
	2016	2015
	\$'000	\$'000
Cost:		
At 1 January	3,526	-
Received during the year	2,805	3,511
Translation differences	(273)	15
At 31 December	6,058	3,526
Accumulated amortisation:		
At 1 January	118	-
Amortisation for the year	437	118
Translation differences	(7)	-
At 31 December	548	118
Net carrying amount:		
Current	478	705
Non-current	5,032	2,703
	5,510	3,408

Deferred capital grants relate to government grants received by two (2015: one) of its subsidiaries in People's Republic of China for: (a) the acquisition of equipment to promote technology advancement and transfer; and (b) the capital investment to promote economic development in Nantong. There are no unfulfilled conditions or contingencies attached to these grants. The capital grants are amortised over a period of 8 years (2015: 5 years) for acquisition of equipment and 47 years (2015: Nil) for the capital investment till October 2023 and November 2062 respectively. The increase in amortisation period for the acquisition of equipment from 5 years to 8 years is in line with the change in useful lives of the equipments acquired, to better reflect the estimated periods during which these assets will remain in service.

for the financial year ended 31 December 2016

for the financial year ended 31 December 2016

### 32. Accumulated profits and other reserves (cont'd)

### Other reserves (cont'd)

### (a) Statutory reserve fund

In accordance with the Foreign Enterprise Law applicable to the subsidiaries in the People's Republic of China ("PRC"), the subsidiaries are required to make appropriation to a Statutory Reserve Fund ("SRF"). At least 10% of the statutory after tax profits as determined in accordance with the applicable PRC accounting standards and regulations must be allocated to the SRF until the cumulative total of the SRF reaches 50% of the subsidiaries' registered capital. Subject to approval from the relevant PRC authorities, the SRF may be used to offset any accumulated losses or increase the registered capital of the subsidiaries. The SRF is not available for dividend distribution to shareholders.

### **33. Equity compensation benefits**

### Share options

The Hi-P Employee Share Option Scheme 2003 (the "2003 ESOS") was approved and adopted at the Company's Extraordinary General Meeting held on 7 October 2003. The 2003 ESOS expired on 6 October 2013. Options granted under the 2003 ESOS however remain exercisable in accordance with the rules of the 2003 ESOS. At an Extraordinary General Meeting held on 29 April 2014, shareholders approved and adopted the Employee Share Option Scheme 2014 (the "2014 ESOS"). The 2003 ESOS and the 2014 ESOS are referred to collectively as the "Option Schemes". Both Option Schemes apply to executive directors, employees of the Group, controlling shareholders and their associates while the 2014 ESOS additionally applies to non-executive directors. The Option Schemes are administered by the Remuneration Committee, comprising Madam Leong Lai Peng (Chairman), Mr. Chester Lin Chien and Mr. Gerald Lim Thien Su.

Other information regarding the Option Schemes are set out below:

(i) The exercise price of an option is determined at a price equal to the Market Price or a price which is set at a discount to the Market Price (subject to a maximum discount of 20%). Market price in relation to an option is determined based on the average of the last dealt prices for the Company's shares on the Singapore Exchange Securities Trading Limited ("SGX-ST") for the five consecutive trading days immediately preceding the date of grant of such option.

for the financial year ended 31 December 2016

### 33. Equity compensation benefits (cont'd)

### Share options (cont'd)

Other information regarding the Option Schemes are set out below (cont'd):

- (ii) 50% of the options granted in each year vest one year after the grant date, and the remaining 50% vest two years after the grant date, with the exception of the options granted in 2012 and 2014 respectively. For options granted in 2012, 33% of which vest one year after the grant date, 33% of which vest two years after the grant date, and the remaining 34% of which vest three years after the grant date, pursuant to the Resolutions in Writing of the Remuneration Committee passed on 11 April 2012. Options granted in 2014, for which 25% of the options granted vest each year over 4 years starting from one year after the grant date, pursuant to the Resolutions in Writing of the Remuneration Committee passed on 5 May 2014, has lapsed in 2016.
- (iii) The options expire 10 years after the grant date except for options granted to non-executive directors under the 2014 ESOS, which will expire 5 years after the grant date, unless they have been cancelled or have lapsed prior to that date.
- (iv) The options are only settled by equity.

The following table illustrates the number ("No.") and weighted average exercise prices ("WAEP") of, and movements in, equity share options during the financial year.

	<b>No.</b> 2016 '000	WAEP 2016 \$	<b>No.</b> 2015 '000	WAEP 2015 \$
Outstanding at 1 January	19,063	0.88	20,268	0.90
<ul> <li>Granted</li> <li>Cancelled or lapsed or expired</li> </ul>	(5,743)	0.78	569 (1,774)	0.57 0.95
Outstanding at 31 December	13,320	0.93	19,063	0.88
Exercisable at 31 December	13,059	0.94	16,271	0.94

The range of exercise prices for options outstanding at the end of the year was \$0.57 to \$1.21 (2015: \$0.57 to \$1.21). The weighted average remaining contractual life for these options is 4.43 years (2015: 5.81 years).

There was no (2015: 568,535) option granted during the financial year ended 31 December 2016.

for the financial year ended 31 December 2016

### 33. Equity compensation benefits (cont'd)

### Share awards

The Hi-P Employee Share Award Scheme (the "Award Scheme") was approved and adopted at the Company's Extraordinary General Meeting held on 23 April 2009. The Award Scheme applies to executive directors, employees of the Group who have attained the age of 21 years and are of level 6 and above (or such other employees as the Remuneration Committee may determine) and controlling shareholders and their associates. At the Extraordinary General Meeting held on 23 April 2009, shareholders also approved the participation of Mr. Yao Hsiao Tung and Madam Wong Huey Fang in the Award Scheme. At the Extraordinary General Meeting held on 23 April 2013, shareholders approved the participation of Mr. Yao Hsiao Tung in the Award Scheme. The Award Scheme is administered by the Remuneration Committee, comprising Madam Leong Lai Peng (Chairman), Mr. Chester Lin Chien and Mr. Gerald Lim Thien Su.

Other information regarding the Award Scheme is set out below:

- (i) Awards are granted at the discretion of the Remuneration Committee. The selection of a participant, the approved proportion of shares comprising the award which shall not exceed 50% of the annual bonus of the participant, and other conditions of the award shall be determined at the absolute discretion of the Remuneration Committee.
- (ii) No minimum vesting periods are prescribed under the Award Scheme and the length of vesting period(s) is determined on a case-by-case basis by the Remuneration Committee.
- (iii) The Award Scheme shall continue to be in force at the discretion of the Remuneration Committee, subject to a maximum period of ten (10) years from the date of adoption of the Award Scheme.

The following table illustrates the number ("No.") of, and movements in, equity share awards during the financial year.

	No. 2016 '000	No. 2015 '000

Later than five years	1,198	2,841	1,030	1,246
	54,339	51,369	2,540	2,689

### 36. Contingencies

### Guarantees

The Company granted corporate guarantees of \$119,000 (2015: \$12,007,000) in favour of third party suppliers for purchases made by subsidiaries as at 31 December 2016.

The Company granted corporate guarantees of \$32,369,000 (2015: \$Nil) in favour of banks for credit facilities provided to subsidiaries as at 31 December 2016.

for the financial year ended 31 December 2016

### **37. Related party transactions**

### (a) Sale and purchase of goods and services

In addition to the related party information disclosed elsewhere in the financial statements, the following significant transactions between the Group and related parties took place on terms agreed between the parties during the financial year:

	Group	
	2016	2015
	\$'000	\$'000
Income		
Sales to a corporate shareholder and companies related to the controlling shareholder	-	3,237
Sales of property, plant and equipment to a company related to the controlling shareholder	823	-
Expenses		
Purchase of materials from a corporate shareholder and companies related to the shareholder	210	486
Service rendered from a company related to a director	3	_

### (b) Provision of corporate guarantee

During the financial year, Eagle Ventures Limited, a firm which a controlling shareholder of the Company is the director, has given a corporate guarantee originally denominated in USD5 million in favour of the Group, in respect of outstanding obligation from a related company, which is also a subsidiary of Eagle Ventures Limited:

	Group		
	2016 2015		
	\$'000	\$'000	
Corporate guarantee received from a company related to the controlling shareholder	7,230	7,069	

for the financial year ended 31 December 2016

### 37. Related party transactions (cont'd)

#### (c) Compensation expenses of key management personnel

	Group	
	2016	2015
	\$'000	\$'000
Directors' fees	166	110
Defined contribution plans	177	195
Wages, salaries, bonus and other short-term employee benefits	6,119	7,647
Equity compensation expense	121	354
Total compensation expenses of key management personnel	6,583	8,306
Comprise amounts for:		
Directors of the Company	1,671	1,648
Other key management personnel	4,912	6,658
	6,583	8,306

The key management personnel mainly includes executive directors, chief officers, operation heads and function heads. The remuneration of key management personnel are determined by the Remuneration Committee taking into consideration the performance of individuals and market trends.

#### Directors' interests in the Hi-P Employee Share Option and Share Award Schemes

During the year ended 31 December 2016, nil (2015: 471,798) options and nil (2015: 8,494) awards were granted to the aforementioned executive directors. No (2015: Nil) options were exercised by the executive directors during the year while 58,398 (2015: 117,566) share awards were vested to the executive directors during the year.

### 38. Financial risk management objectives and policies

The Group and the Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, foreign currency risk and liquidity risk. The board of directors reviews and agrees policies and procedures for the management of these risks. The audit committee provides independent oversight to the effectiveness of the risk management process.

It is, and has been throughout the current and previous financial year, the Group's policy that no derivatives shall be undertaken except for the use as hedging instruments where appropriate and cost-efficient.

The following sections provide details regarding the Group's and the Company's exposure to the abovementioned financial risks and the objectives, policies and processes for the management of these risks.

for the financial year ended 31 December 2016

### 38. Financial risk management objectives and policies (cont'd)

#### (a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and cash equivalents, restricted bank deposits and derivatives), the Group and the Company minimises credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. All credit terms and credit limits are subject to approval in accordance with the Group's policy. Measures such as letters of credit and collateral arrangements are used to mitigate credit risk.

In addition, the credit-worthiness of customers, receivables that are past due and aggregate risks to individual customers are regularly reviewed and monitored by the credit department and key management team (which comprises the CFO, the respective operation and function heads).

#### Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. The Group does not apply hedge accounting.

#### Exposure to credit risk

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk is represented by:

- The carrying amount of each class of financial assets recognised in the balance sheets, including derivatives with positive fair values.

for the financial year ended 31 December 2016

### 38. Financial risk management objectives and policies (cont'd)

### (a) Credit risk (cont'd)

#### Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country and industry sector profile of its trade receivables due from billing customers on an ongoing basis. The credit risk concentration profile of the Group's trade receivables at the end of the reporting period is as follows:

	Group			
	2016			2015
	\$'000	% of total	\$'000	% of total
By country:				
People's Republic of China	179,790	59%	228,047	60%
USA and other parts of American Continent	50,090	16%	61,530	16%
Europe	36,947	12%	56,880	15%
Thailand	8,388	3%	9,603	3%
Singapore	2,907	1%	3,412	1%
Malaysia	1,762	1%	1,405	#
Other countries	24,218	8%	17,624	5%
	304,102	100%	378,501	100%

# - Amount less than 1%

At the end of the reporting period, approximately 68% (2015: 78%) of the Group's trade receivables were due from 5 (2015: 5) major end customers who are mainly multinational conglomerates. The credit risk concentration is considered low in view of the diversified concentration profile by country and by major customer presented above.

#### Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are creditworthy debtors with good payment record with the Group. Cash and cash equivalents and restricted bank deposits and derivatives that are neither past due nor impaired are placed with or entered into with reputable financial institutions with high credit ratings and no history of default.

#### Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 21.

for the financial year ended 31 December 2016

### 38. Financial risk management objectives and policies (cont'd)

#### (b) Foreign currency risk

The Group has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of Group entities, primarily SGD and Renminbi (RMB). The foreign currencies in which these transactions are denominated are mainly United States Dollar (USD). Approximately 94% (2015: 91%) of the Group's sales and 59% (2015: 54%) of the Group's purchases are denominated in USD respectively. The Group's net transactional currency exposure for 2016 is approximately USD585 million (2015: USD550 million).

The Group and the Company also hold cash, short-term deposits and short term loans denominated in a currency other than the respective functional currencies of Group entities for working capital and capital expenditure purposes. At the end of the reporting period, such foreign currency balances are mainly in USD.

The Group manages its foreign exchange exposure risk by matching, as far as possible, receipts and payments in each individual currency. Foreign currency is converted into the relevant functional currency as and when management deems necessary. The unhedged exposure is reviewed and monitored closely on an ongoing basis and management will consider hedging any exposure where appropriate.

### Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group's profit/(loss) net of tax to a reasonably possible change in the USD and RMB exchange rates, with all other variables held constant.

		roup ss) net of tax
	<b>2016</b> \$'000	<b>2015</b> \$'000
USD/ RMB – strengthened 1% (2015: 1%)	+767	-705
– weakened 1% (2015: 1%)	-767	+705
USD/ SGD - strengthened 1% (2015: 1%)	+1,209	+1,111
- weakened 1% (2015: 1%)	-1,209	-1,111
RMB/ SGD – strengthened 1% (2015: 1%)	-41	+437
– weakened 1% (2015: 1%)	+41	-437

for the financial year ended 31 December 2016

### 38. Financial risk management objectives and policies (cont'd)

#### (c) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of standby-credit facilities.

The Group's and the Company's liquidity risk management policy is to manage liquidity risk on a group basis, to maintain sufficient liquid financial assets and stand-by credit facilities with several banks and take up short-term loans for short-term working capital requirements. At the end of the reporting period, the Group has sufficient standby credit facilities with several banks. At 31 December 2016, the Group was at net cash position of \$25 million (2015: net debt position of \$190 million).

The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. By continuing to adhere to the conditions set out in the bank facilities letters, access to sources of funding is sufficiently available and debt maturing within 12 months can be rolled over with existing lenders.

#### Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and the Company's financial assets and liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

for the financial year ended 31 December 2016

### 38. Financial risk management objectives and policies (cont'd)

#### (c) Liquidity risk (cont'd)

The table below shows the contractual expiry by maturity of the Company's contingent liabilities and commitments. The maximum amount of the financial guarantee contracts are allocated to the earliest period in which the guarantee could be called.

Company	<b>1 year</b> or less \$'000	<b>1 to 5</b> years \$'000	<b>Over</b> 5 years \$'000	<b>Total</b> \$'000
2016				
Financial guarantees	32,488	_	_	32,488
2015				
Financial guarantees	5,866	6,141	_	12,007

The financial guarantees are provided by the Company in favour of third party suppliers for purchases made by subsidiaries and in favour of banks for credit facilities provided to subsidiaries, which do not result in contingent liabilities to the Group.

### **39.** Fair value of financial assets and liabilities

#### (a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 Unobservable inputs for the asset or liability.

The Group does not have financial instruments carried at Level 1 and 3 of the fair value hierarchy.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

for the financial year ended 31 December 2016

# **39.** Fair value of financial assets and liabilities (cont'd)

#### (b) Assets and liabilities measured at fair value

The following table shows an analysis of each class of assets and liabilities measured at fair value at the end of the reporting period:

	2016 \$'000 Fair value measurements at the end of the					
			period using	ine		
Group	Quoted prices in active markets for identical instruments (Level 1)	Significant observable inputs other than quoted prices (Level 2)	Significant unobservable inputs (Level 3)	Total		
Recurring fair value measureme		(/	(2000)			
Financial liabilities:	1115

	Quoted prices	Significant				
	in active markets for identical	observable inputs other than quoted	Significant unobservable	Total		
Group	in active markets for identical instruments	observable inputs other than quoted prices	unobservable inputs	Total		
	in active markets for identical instruments (Level 1)	observable inputs other than quoted	unobservable	Total		
	in active markets for identical instruments (Level 1)	observable inputs other than quoted prices	unobservable inputs	Total		
Group Recurring fair value measureme Financial liabilities: Derivatives (Note 22)	in active markets for identical instruments (Level 1)	observable inputs other than quoted prices	unobservable inputs	Total		

for the financial year ended 31 December 2016

## 39. Fair value of financial assets and liabilities (cont'd)

#### (c) Level 2 fair value measurements

The following is a description of the valuation techniques and inputs used in the fair value measurement for assets and liabilities that are categorised within Level 2 of the fair value hierarchy:

#### Determination of fair value

Derivatives (Note 22): Forward currency contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties as well as foreign exchange spot and forward rates.

# (d) Financial assets and liabilities not carried at fair value and whose carrying amounts are reasonable approximation of fair value

Management has determined that the carrying amounts of cash and cash equivalents, current trade and other receivables, current trade and other payables, accrued operating expenses and short term loans, based on their notional amounts, reasonably approximate their fair values because these are mostly short term in nature.

# (e) Fair value of financial assets and liabilities by classes that are not carried at fair value and whose carrying amounts are not a reasonable approximation of fair value

The fair value of financial assets and liabilities by classes that are not carried at fair value and whose carrying amounts are not a reasonable approximation of fair value are as follows:

	Group				
	Carrying	g amount	Fair value		
	2016	2015	2016	2015	
	\$'000	\$'000	\$'000	\$'000	
Financial liabilities:					
Obligations of finance lease (non-current) (Note 28)	82	911	79	860	

for the financial year ended 31 December 2016

### 39. Fair value of financial assets and liabilities (cont'd)

(e) Fair value of financial assets and liabilities by classes that are not carried at fair value and whose carrying amounts are not a reasonable approximation of fair value (cont'd)

	Company				
	Carrying amount		Fair	value	
	2016	2015	2016	2015	
	\$'000	\$'000	\$'000	\$'000	
Financial assets:					
Amount due from a subsidiary (Note 17)	25,556	25,556	*	*	
Loans to subsidiaries (non-current) (Note 21)	67,456	76,338	67,175	76,154	
Financial liabilities:					
Obligations of finance lease (non-current) (Note 28)	82	140	79	127	
(non-current) (note 28)	02	140		127	

#### \* Amount due from a subsidiary (Note 17)

Fair value information has not been disclosed for amount due from a subsidiary that are carried at cost because fair value of this amount is not determinable as the timing of the future cash flow arising from this amount cannot be measured reliably. The Company does not foresee this amount being repaid in the foreseeable future.

### Determination of fair value

Fair value has been determined using discounted estimated cash flows. Where repayment terms are not fixed, future cash flows are projected based on management's best estimates. The discount rates used are the current market incremental lending rates for similar types of lending, borrowing and leasing arrangements.

### 40. Capital management

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustment to it in light of changes in economic conditions. To manage the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders, repurchase shares or issue new shares. For the year ended 31 December 2016, the Group has declared an interim dividend payment of \$3.2 million (2015: \$2.4 million) and proposed a final dividend payment of \$3.2 million (2015: \$2.4 million) respectively to shareholders (as disclosed in Note 34).

No changes were made in the objectives, policies and processes during the years ended 31 December 2016 and 2015.

for the financial year ended 31 December 2016

### 40. Capital management (cont'd)

As disclosed in Note 32(a), some subsidiaries of the Group are required by the Foreign Enterprise Law of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities. This externally imposed capital requirement has been complied with by the above-mentioned subsidiaries for the financial years ended 31 December 2016 and 2015.

To maintain a positive cash position, the Group ensures that it has sufficient cash balances and enters into loans when necessary. In order to achieve positive cash position, the Group focuses on deriving positive cash profits as well as through better working capital management.

As the Group is at net cash position at the end of the year, disclosure of gearing ratio is hence not meaningful.

	Group		
	2016	2015	
	\$'000	\$'000	
Cash and short term deposits (Note 24)	120,661	126,156	
Loans and borrowings (Note 28)	(95,584)	(316,273)	
Net cash/ (debt)	25,077	(190,117)	
Equity attributable to owners of Company	578,236	556,646	

### 41. Segment information

For management purposes, the Group is organised into manufacturing plants based on their products and services, and has 3 reportable operating segments as follows:

- i. Precision plastic injection molding ("PPIM")
- ii. Mold design and fabrication ("MDF")
- iii. Provision of sub-product assembly and full-product assembly services ("Assembly")

Except as indicated above, no operating segments have been aggregated to form the above reportable operating segments.

Management monitors the operating results of its manufacturing plants separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements. Group financing (including finance costs) and income taxes are managed on a group basis and are not allocated to operating segments.

for the financial year ended 31 December 2016

# 41. Segment information (cont'd)

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

2016	<b>PPIM</b> \$'000	<b>MDF</b> \$'000	Assembly \$'000	Eliminations \$'000	Notes	Consolidated \$'000

# NOTICE OF ANNUAL GENERAL MEETING

**NOTICE IS HEREBY GIVEN** that the Annual General Meeting of Hi-P International Limited (the "**Company**") will be held at Violet Room, Level 3, The Chevrons, 48 Boon Lay Way, Singapore 609961 on Wednesday, 26 April 2017 at 2.30 p.m. for the following purposes:

### **ORDINARY BUSINESS**

- 1. To receive and adopt the Directors' Statement and Audited Financial Statements of the Company for the financial year ended 31 December 2016 together with the Auditors' Report thereon. (Resolution 1)
- 2. To declare a final tax exempt one-tier dividend of 0.4 cents per ordinary share for the financial year ended 31 December 2016. [2015: 0.3 cents per ordinary share] (Resolution 2)
- 3. To re-elect Mr. Yeo Tiong Eng retiring pursuant to Article 91 of the Company's Constitution. [See Explanatory Note (i)] (Resolution 3)
- 4. To re-elect Mr. Gerald Lim Thien Su retiring pursuant to Article 91 of the Company's Constitution. [See Explanatory Note (ii)] (Resolution 4)
- 5. To approve the payment of Directors' fees of \$\$358,000.00 for the financial year ended 31 December 2016. (2015: \$\$358,000.00) (Resolution 5)
- 6. To re-appoint Messrs Ernst & Young LLP as the Company's Auditors and to authorise the Directors to fix their remuneration. (Resolution 6)
- 7. To transact any other ordinary business which may properly be transacted at an Annual General Meeting.

### **SPECIAL BUSINESS**

To consider and, if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modifications:

8. Authority to allot and issue shares up to fifty per cent. (50%) of the total number of issued shares excluding treasury shares

"That, pursuant to Section 161 of the Companies Act, Cap. 50 and Rule 806(2) of the Listing Manual of the Singapore Exchange Securities Trading Limited (the "Listing Manual"), authority be and is hereby given to the Directors to:-

- (a) allot and issue shares in the Company; and
- (b) issue convertible securities and any shares in the Company pursuant to convertible securities

(whether by way of rights, bonus or otherwise) at any time and upon such terms and conditions and for such purposes and to such persons as the Directors shall in their absolute discretion deem fit, provided that the aggregate number of shares (including any shares to be issued pursuant to the convertible securities) in the Company to be issued pursuant to such authority shall not exceed fifty per cent. (50%) of the total number of issued shares excluding treasury shares, of which the aggregate number of shares insued other than on a pro-rata basis to the existing shareholders of the Company shall not exceed twenty per cent. (20%) of the total number of issued shares excluding treasury shares. Unless revoked or varied by the Company in general meeting, such authority shall

# **NOTICE OF ANNUAL GENERAL MEETING**

continue in full force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting is required by law to be held, whichever is earlier, except that the Directors shall be authorised to allot and issue new shares pursuant to the convertible securities notwithstanding that such authority has ceased.

For the purposes of this Resolution and Rule 806(3) of the Listing Manual, the total number of issued shares excluding treasury shares is based on the Company's total number of issued shares excluding treasury shares at the time this Resolution is passed after adjusting for:-

- (i) new shares arising from the conversion or exercise of convertible securities;
- (ii) new shares arising from the exercise of share options or vesting of share awards outstanding or subsisting at the time of the passing of this Resolution, provided the options or awards were granted in compliance with the rules of the Listing Manual; and

any subsequent bonus issue, consolidation or subdivision of shares." (iii) [See Explanatory Note (iii)]

(Resolution 7)

#### 9. Authority to grant options and issue shares under the Hi-P Employee Share Option Scheme 2014

"That, pursuant to Section 161 of the Companies Act, Cap. 50, the Directors of the Company be and are hereby authorised to offer and grant options in accordance with the Hi-P Employee Share Option Scheme 2014 (the "**Option Scheme**") and to allot and issue such number of fully paid up shares as may be required to be issued pursuant to the exercise of options granted under the Option Scheme provided always that the aggregate number of shares issued or issuable pursuant to the Option Scheme, which together with the aggregate number of shares issued or issuable pursuant to the Hi-P Employee Share Award Scheme and any other share schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued shares excluding treasury shares of the Company on the day preceding the date of grant of any option." [See Explanatory Note (iv)]

(Resolution 8)

#### Authority to grant awards and issue shares under the Hi-P Employee Share Award Scheme 10.

"That, pursuant to Section 161 of the Companies Act, Cap. 50, the Directors of the Company be and are hereby authorised to offer and grant awards in accordance with the Hi-P Employee Share Award Scheme (the "Award Scheme") and to allot and issue such number of fully paid shares as may be required to be issued pursuant to the vesting of the awards under the Award Scheme provided always that the aggregate number of shares issued or issuable pursuant to the Award Scheme, which together with the aggregate number of shares issued or issuable pursuant to the Hi-P Employee Share Option Scheme 2014 and any other share schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued shares excluding treasury shares of the Company on the day preceding the date of grant of any award."

[See Explanatory Note (v)]

(Resolution 9)

By Order of the Board

Yao Hsiao Tung Executive Chairman and Chief Executive Officer

Singapore, 10 April 2017

# NOTICE OF ANNUAL GENERAL MEETING

#### **Explanatory Notes:**

- (i) If re-elected under Resolution 3, Mr. Yeo Tiong Eng, retiring pursuant to Article 91 of the Company's Constitution, will continue in office as Executive Director and a member of the Nominating Committee.
- (ii) If re-elected under Resolution 4, Mr. Gerald Lim Thien Su, retiring pursuant to Article 91 of the Company's Constitution, will continue in office as Independent Director, Chairman of the Audit Committee and a member of Remuneration Committee, and be considered independent for the purposes of Rule 704(8) of the Listing Manual of the Singapore Exchange Securities Trading Limited.
- (iii) The Ordinary Resolution 7, if passed, will empower the Directors from the date of the above Annual General Meeting until the date of the next Annual General Meeting, to allot and issue shares and convertible securities in the Company. The aggregate number of shares (including any shares issued pursuant to the convertible securities) which the Directors may allot and issue under this Resolution will not exceed fifty per cent. (50%) of the total number of issued shares excluding treasury shares (as defined in Resolution 7) of the Company. For issues of shares and convertible securities other than on a pro-rata basis to all shareholders, the aggregate number of shares to be issued shall not exceed twenty per cent. (20%) of the total number of issued shares excluding treasury shares (as defined in Resolution 7) of the Company. This authority will, unless previously revoked or varied at a general meeting, expire at the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier. However, notwithstanding the cessation of this authority, the Directors are empowered to issue shares pursuant to any convertible securities issued under this authority.
- (iv) The Ordinary Resolution 8, if passed, will empower the Directors of the Company, to grant options and to allot and issue shares pursuant to the exercise of options under the Hi-P Employee Share Option Scheme 2014, which together with the allotment and issue of shares pursuant to the Hi-P Employee Share Award Scheme and any other share schemes of the Company, do not exceed in total fifteen per cent. (15%) of the total number of issued shares excluding treasury shares of the Company on the day preceding the date of grant of any option.
- (v) The Ordinary Resolution 9, if passed, will empower the Directors of the Company, to grant awards and to allot and issue shares pursuant to the vesting of awards under the Hi-P Employee Share Award Scheme, which together with the allotment and issue of shares pursuant to the Hi-P Employee Share Option Scheme 2014 and any other share schemes of the Company, do not exceed in total fifteen per cent. (15%) of the total number of issued shares excluding treasury shares of the Company on the day preceding the date of grant of any award.

#### Notes:

- 1. Detailed information of Mr. Yeo Tiong Eng and Mr. Gerald Lim Thien Su can be found under the section "Board of Directors" in the Company's Annual Report 2016.
- 2. A member entitled to attend and vote at the Meeting is entitled to appoint not more than two proxies to attend and vote instead of him. A proxy need not be a member of the Company.
- 3. If the appointor is a corporation, the proxy must be executed under seal or the hand of its duly authorised officer or attorney.
- 4. The instrument appointing a proxy or proxies must be deposited at the office of the Company's share registrar, Tricor Barbinder Share Registration Services (a division of Tricor Singapore Pte. Ltd.) at 80 Robinson Road, #11-02 Singapore 068898 not less than forty-eight (48) hours before the time for holding the Meeting.

#### **PERSONAL DATA PRIVACY:**

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "**Purposes**"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

#### NOTES

- 1. A member (other than a Relevant Intermediary<sup>\*</sup>) entitled to attend and vote at the Meeting is entitled to appoint not more than two proxies to attend and vote in his stead. A proxy need not be a member of the Company.
- 2. Where a member appoints more than one proxy, the appointments shall be invalid unless he specifies the proportion of his holding (expressed as a percentage of the whole) to be represented by each proxy.
- 3. A member of the Company having a share capital who is a Relevant Intermediary may appoint more than two proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by him (which number and class of shares shall be specified). In such event, the Relevant Intermediary shall submit a list of its proxies together with the information required in this form of proxy including the number and class of shares in relation to which each proxy has been appointed, to the Company's share registrar, Tricor Barbinder Share Registration Services (a division of Tricor Singapore Pte. Ltd.) at its office at 80 Robinson Road, #11-02 Singapore 068898.

"Relevant Intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50 of Singapore.

- 4. A member should insert the total number of shares held. If the member has shares entered against his name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act (Cap. 289) of Singapore), he should insert that number of shares. If the member has shares registered in his name in the Register of Members of the Company, he should insert that number of shares. If the member has shares entered against his name in the Depository Register and registered in his name in the Register of Members, he should insert that aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all shares held by the member.
- 5. The instrument appointing a proxy or proxies must be deposited at the office of the Company's share registrar, Tricor Barbinder Share Registration Services (a division of Tricor Singapore Pte. Ltd.) at 80 Robinson Road, #11-02 Singapore 068898, not less than 48 hours before the time set for the Meeting.
- 6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or a duly authorised officer.
- 7. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
- 8. An investor who holds shares under the Central Provident Fund Investment Scheme ("**CPF Investor**") and/or the Supplementary Retirement Scheme ("**SRS Investor**") (as may be applicable) may attend and cast his vote(s) at the Meeting in person. CPF Investors and SRS Investors who are unable to attend the Meeting but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the Meeting to act as their proxy, in which case, the CPF and SRS Investors shall be precluded from attending the Meeting.

#### **GENERAL:**

The Company shall be entitled to reject a proxy form which is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified on the proxy form. In addition, in the case of shares entered in the Depository Register, the Company may reject a proxy form if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 48 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
