

PEC wins three Fire Safety Excellence Awards

- ◆ Awards are for an all-new NFEC industrial premises category
- ◆ Testifies to PEC's vigilance in maintaining high fire safety standards

SINGAPORE ◆ 27 NOVEMBER 2017

For immediate release

PEC Ltd. (PEC, and together with its subsidiaries and associated companies, the Group) has added to its already extensive track record for workplace safety and health by securing three awards for excellence from the National Fire and Civil Emergency Preparedness Council (NFEC).

The biennial NFEC Fire Safety Awards for industrial premises were included for the first time to recognise organisations for their commitment in maintaining a high standard of fire safety in their premises or buildings, and inculcating a greater awareness of keeping buildings fire-safe.

Of the five Fire Safety Excellence Awards conferred under this new category, three were clinched by PEC. This testifies to the exacting standards PEC has upheld at its 21 Shipyard Road headquarters as well as its premises at 20 Benoi Lane and 19 Tuas Avenue 8.

Mr Robert Dompeling, PEC's Group Chief Executive Officer, said: "Making Singapore fire-safe is everyone's duty. Through our continuous efforts to build an enduring safety culture across the Group, our staff now work hand in hand to boost safeguards at our premises. Their vigilance and determination in maintaining a high fire safety standard have been key in PEC winning these awards."

ABOUT THE COMPANY

www.peceng.com ◆ SGX mainboard listing: August 2009

Established in 1982, PEC Ltd. (PEC or the Group) has rapidly expanded its capabilities and geographic reach to Asia and the Middle East. Today, it provides integrated project and maintenance solutions to the oil & gas, petrochemical, terminal and pharmaceutical industries.

PEC LTD.

21 Shipyard Road
Singapore 628144

Tel: +65 6268 9788
Fax: +65 6268 9488

PEC's core segments are project works and maintenance services, of which the latter offers a steady recurring income stream. The Group is one of the largest providers of maintenance services in Singapore.

With its established processes and methodologies, PEC aims to distinguish itself as an engineering specialist of choice for its global customers. One of its key strengths is its strong working relationship with clients and partners built over the years.

PEC has one of the best safety records in the industry. Backed by an experienced, knowledgeable and loyal workforce as well as a large fleet of engineering equipment, the Group has the flexibility to cross-deploy its resources as well as compete effectively for projects.
