Registration No. 200403817G

7. Net asset value (for the issuer and group) per ordinary share based on the total number of issued shares excluding treasury shares of the issuer at the end of the (a) current financial period reported on; and (b) immediately preceding financial year.

	THE G	ROUP	THE COMPANY		
	As at 31 Dec 2017 US cents	As at 30 Jun 2017 US cents	As at 31 Dec 2017 US cents	As at 30 Jun 2017 US cents	
Net asset value ("NAV") per ordinary share based on issued share capital excluding treasury					
shares as at end of the period reported on Notes:	14.89	16.16	(13.30)	(12.46)	

The Group's and the Company's NAV (represented as equity attributable to owners of the Company) per ordinary share as at 31 December 2017 and 30 June 2017 have been computed based on the number of 806,631,475 shares issued excluding treasury shares respectively.

- 8. A review of the performance of the group, to the extent necessary for a reasonable understanding of the group's business. It must include a discussion of the following:-
- (a) any significant factors that affected the turnover, costs, and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors; and
- (b) any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

6M 2018 vs 6M 2017

The Group recorded a US\$31.84 million or 55.3% decrease in revenue from US\$57.61 million for the six months ended 31 December 2016 ("6M 2017") to US\$25.77 million for the six months ended 31 December 2017 ("6M 2018"). The decrease is made up of:

- (a) Oilfield Services Division decreased by US\$23.75 million due to lower volume of works in 6M 2018.
- (b) Marine Division's revenue decreased by US\$8.91 million due to lower deployment rate of vessels and decrease in charter rates.

As a result of the decrease in revenue, the Group's average gross profit margin reduced from 14.5% to 5.9% in 6M 2018.

Other operating income decreased by US\$5.90 million from US\$7.18 million in 6M 2017 to US\$1.28 million in 6M 2018 mainly due to the unrealized exchange gain recognized in 6M 2017.

Administrative expenses decreased by US\$0.79 million from US\$11.82 million in 6M 2017 to US\$11.03 million in 6M 2018 mainly due to the Group's continued effort in cost reduction.

The share of profit from associates and joint ventures increased by US\$0.59 million in 6M 2018 due to higher profit from joint ventures.

With the mentioned factors above, the Group generated a loss before tax of approximately US\$11.69 million in 6M 2018.

2Q 2018 vs 2Q 2017

The Group recorded a US\$10.78 million or 47.3% decrease in revenue from US\$22.79 million for the three months ended 31 December 2016 ("2Q 2017") to US\$12.01 million for three months ended 31 December 2017 ("2Q 2018"). The decrease was mainly attributable to the decline in revenue of the Marine and Oilfield Services Division.

As a result of the low deployment rate of vessels and drop in charter rates as well as the low volume of works, the Group recorded a gross loss in 2Q 2018.

Other operating income decreased by US\$4.77 million from US\$5.40 million in 2Q 2017 to US\$0.63 million in 2Q 2018 due primarily to the unrealized exchanged gain recognized in 2Q 2017.

Administrative expenses decreased by US\$3.49 million from US\$8.91 million in 2Q 2017 to US\$5.42 million in 2Q 2018 mainly due to the Group's continued effort in cost reduction.

The share of profit from associates and joint ventures decreased from US\$0.52 million in 2Q 2017 to US\$0.40 million in 2Q 2018 mainly due to the decrease in the contribution by the associates in 2Q 2018.

Registration No. 200403817G

With the mentioned factors above, the Group generated a loss before income tax of approximately US\$7.58 million in 2Q 2018.

Statement of financial position and Statement of cash flow:

Current assets decreased by US\$1.38 million from US\$112.38 million as at 30 June 2017 to US\$111.00 million as at 31 December 2017. The decrease was mainly attributed to the increase in cash and bank balances as well as trade and other receivables and which was partially offset by the decrease in inventories and non-current asset held for sale.

Non-current assets decreased by approximately US\$12.24 million from US\$348.33 million as at 30 June 2017 to US\$336.09 million as at 31 December 2017. The decrease was due mainly to the decrease in property, plant and equipment resulted from routine depreciation.

Current liabilities decreased by US\$34.12 million from US\$228.50 million as at 30 June 2017 to US\$194.38 million as at 31 December 2017. The decrease was due mainly to the reclassification of Notes payables where the Group has on 15 September 2017 obtained the approval and consent of the Noteholders to extend the maturity date of the notes for three years till 19 September 2020. The increase in other payables of US\$6.83 million was mainly due to advances from related parties of US\$2.50 million.

Non-current liabilities increased by US\$32.16 million from US\$43.29 million as at 30 June 2017 to US\$75.45 million as at 31 December 2017 was primarily due to the reason stated in current liabilities reduction.

The Group generated a net cash flow of approximately US\$2.97 million from operating activities. Net cash flow generated from investing activities amounting to US\$5.19 million was primarily from the proceeds on disposal of property, plant and equipment. Net cash flow used in financing activities of US\$4.47 million was mainly for the repayment of existing loans and interest and advances from related parties under other payables after setting off against the draw-down of others bank facilities.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

For the 12 months ahead, the operating environment for the offshore support vessels and oilfield services business will continue to be challenging despite early indications of improvement in crude oil prices. It will take time for the market to rebalance and work out the excess supply and low rates in the Offshore Support Vessels (OSV) and oilfield services markets.

The Group will continue to exercise financial prudence to ensure that it stays resilient while the market works out its imbalances. The Group will implement measures to maximise the operational efficiency of its fleet and increase the utilisation rate. Business development activities will be focused on geographical areas and niches in the OSV and oilfield services markets which have shown increased activities.

- 11. Dividend
- (a) Current financial period reported on
