Dear Holders:

We write in relation to the 2024 Notes and the 2025 Notes. Unless otherwise defined, capitalized terms used in this letter shall have the meaning given to them in our previous notices.

PKPU Composition Plan

We are pleased to announce that PT Sri Rejeki Isman Tbk and its subsidiaries in Indonesia have today circulated a composition plan for voting at the PKPU Proceeding (the "**PKPU Composition Plan**"). The PKPU Composition Plan along with the consent solicitation memorandum in relation to the PKPU Composition Plan have been circulated through the clearing systems and are available to download from the website in respect of the PKPU Composition Plan (<https://bonds.morrowsodali.com/sritex>).

Voting arrangements for holders of the 2024 Notes and the 2025 Notes

As previously announced, holders of the 2024 Notes and/or the 2025 Notes may participate and vote on the PKPU Composition Plan in the PKPU Proceeding. **The period during which voting instructions can be accepted is to commence on 17 November 2021 and will end at 5:00 pm on 30 November 2021 (New York City time).**

Further details of the voting procedure which applies to the holders of the 2024 Notes and the 2025 Notes may be found in the consent solicitation memorandum that has been circulated along with the PKPU Composition Plan.

Holders of the 2024 Notes and/or the 2025 Notes are encouraged to contact their brokers, dealers, commercial banks, trust companies or other nominee for assistance concerning voting on the PKPU Composition Plan as soon as possible.

Comparison between returns under the PKPU Composition Plan and liquidation

In order for the PKPU Composition Plan to be effective, it must be (among others) approved by a majority in number representing at least $66\frac{2}{3}$ in value of each class of creditors casting their votes in the PKPU Proceeding (the “**Voting Threshold**”).

Set out below is: (i) **Option A which assumes that the vote for the PKPU Composition Plan is successful and holders of the Notes will receive (among others) new secured notes** on a dollar-for-dollar basis (the “**Exchange Offer**”); and (ii) Option B which outlines the expected return in a liquidation which may be imminent in the event the PKPU Composition Plan is unsuccessful.

If you consider the Exchange Offer contemplated under the PKPU Composition Plan to be your preferred option (i.e. Option A), **you are strongly urged to vote**. If the Voting Threshold is not met, PT Sri Rejeki Isman Tbk and its subsidiaries in Indonesia may be forced into liquidation (i.e. Option B). **Please do not assume that Option A will be approved in the PKPU Proceeding without your vote.**

- **OPTION A: Return to Noteholders in PKPU Composition Plan**

The PKPU Composition Plan contemplates an exchange offer in which **holders of the 2024 Notes and the 2025 Notes will receive (among others) new secured notes on a dollar-for-dollar basis**. For example, a holder of US\$10,000 in principal amount of the Notes will receive US\$5,000 of the Tranche A Secured Notes and US\$5,000 of the Tranche B Convertible Notes (which may be further exchanged for Tranche B Long Term Notes on a dollar-for-dollar basis).
