NOTES TO THE UNAUDITED CONDENSED FINANCIAL INFORMATION FOR THE PERIOD ENDED 31 MARCH 2022

1. Basis of preparation and accounting policies

1.1 Reporting entity

Inch Kenneth Kajang Rubber Public Limited Company ("the Company") is a company incorporated in Scotland with its registered office at 7 Castle Street, Edinburgh EH2 3AP, Scotland. The principal operating office is at 26th Floor Menara Promet (KH), Jalan Sultan Ismail, 50250 Kuala Lumpur, Malaysia. All of the operations of the Company and its subsidiaries are located in Malaysia and Thailand.

The consolidated unaudited financial information of the Company as at 31 March 2022 includes the Company, its subsidiaries and its interest in an associated undertaking (together referred to as the "Group").

1.2 Basis of preparation

The unaudited financial information has been prepared on a going concern basis and in accordance with IAS34 Interim Financial Reporting. The financial information has been prepared under the historical cost convention except for the fair value measurement of available-for-sale investments and freehold estate lands. The financial information is also presented to comply in all material respects of the requirement of the Malaysian FRS 134 Interim Financial Reporting and Chapter 9 of the Bursa Malaysia Listing Requirements.

The unaudited quarterly consolidated financial information to 31 March 2022 included in this Announcement has been prepared by applying accounting policies consistent with those used in the preparation of the most recent audited financial statements of the Group, being for the year ended 31 December 2021. The consolidated financial statements of the Group for the year ended 31 December 2021 are available at Bursa Malaysia website, the Company's registered office in Scotland and its operating office in Malaysia.

1.3 Changes in accounting policies

On 19 November 2011, the Malaysian Accounting Standards Board ("MASB") issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS Framework"). The MFRS Framework is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 "Agriculture" and/or IC Interpretation 15 "Agreements for Construction of Real Estate", including their parent, significant investor and venturer (herein called "Transitioning Entities").

Based on the MASB announcement on 2 September 2014, adoption of the MFRS Framework by Transitioning Entities will only be mandatory for annual periods beginning on or after 1 January 2017.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE PERIOD ENDED 31 MARCH 2022

1. Basis of preparation and accounting policies (continued)

The subsidiaries within the Group fall within the scope definition of Transitioning Entities and have opted to defer adoption of the new MFRS Framework. However the Group financial statements will continue to be prepared using the IFRS Framework for the financial statements for the year ending 31 December 2021. The subsidiaries have fully complied with these requirements for the financial year ending 31 December 2021.

The Group foresees that there will be no material impact on the financial statements as the real estate business would only be operational after 2022 and the current oil palm plantation has already exceeded its normal economic lifespan.

1.4 Non-statutory accounts

The financial information contained in this report does not constitute full statutory accounts within the meaning of Section 434 of the United Kingdom's Companies Act 2006.

1.5 Independent auditors' report of preceding financial year ended 31 December 2021

There was no qualification made on the preceding audited financial statements for the year ended 31 December 2021, further it did not contain a statement under section 498(2) or 498(3) of the Companies Act 2006 and did not include reference to any matters to which the auditor drew attention by way of emphasis.

1.6 Approval by Board of Directors

This consolidated interim financial information was approved by the Board of Directors on 25 May 2022.

2. **Review of performance**

The Group's turnover was RM7.756 million for the cumulative quarter ended 31 March 2022 as compared to RM4.848 million for the corresponding cumulative quarter in the preceding year. The increase by RM2.908 million was mainly due to higher demand for the rubber blocks.

The revenue of the associate company, Concrete Engineering Products Berhad ("CEPCO") for the 3 months ended 31 March 2022 increased to RM39.118 million (IKKR's share: RM8.763 million) compared to RM20.137 million (IKKR's share: RM4.511 million) in the preceding year, an increase of RM18.981 million in respect of IKKR's share. The increase of sales volume in Cepco is mainly due to the opening up of the construction industry after the MCO.

The Group's loss after tax for the cumulative quarter ended 31 March 2022 was RM4.028 million as compared to a loss of RM4.486 million for the corresponding cumulative quarter ended 31 March 2021.

3. Comparison with preceding quarter

The Group recorded a pre-tax loss of RM4.028 million for the current quarter under review compared to a pre-tax loss of RM1.764 million in the 4th Quarter 2021. The loss incurred in this quarter was mainly due to the higher material cost at the manufacturing division.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE PERIOD ENDED 31 MARCH 2022

4. Commentary on prospects

Our plans to diversify into the property sector are in the final stages. At the present moment, only a few technical matters to be finalized by 1 agency before deliberation by Majlis Perbandaran Kajang Planning Council, and thereafter to be presented to the State Planning Committee.

Tourist related activities have started to gain some momentum. We therefore hope that both of our hotels, especially at Pulau Perhentian, will have a better year. As for the associate company, Cepco, their result is expected to be better as more infrastructure contracts have started.

5. Comparison with profit forecasts

As the Group does not issue profit forecasts, no comparison can be made.

6. Changes in composition of the Group

There were no changes in the composition of the Group during the financial period under review.

7. Status of corporate proposals

There are no corporate proposals that have been announced but not completed as at the date of this announcement.

8. Realised and Unrealised Profits

The effective tax rate on the Group's loss is higher than the statutory tax rate substantially due to the non-taxability of losses due to impairment in investments and stocks.

14. Loss per share

The basic and diluted loss per share for the current quarter and cumulative year to-date have been computed based on Group's loss for the financial current quarter/cumulative year to-date divided by the weighted average number of ordinary shares of £0.10 each in issue after adjusting for movements in treasury shares during the financial current quarter/cumulative year to-date. The Company does not have any outstanding share options or other potentially dilutive financial instruments currently in issue.
