For the 12 months and quarter ended 31 December 2018

Revenue

Revenue for 4QFY2018 declined by 46.6% Y-o-Y, to RMB181.5 million (4QFY2017: RMB339.9 million). The decline was due to a decrease in sales of properties by RMB162.2 million, mainly attributable to fewer residential units at Lion City Garden, commercial units at Ying Li International Electrical and Hardware Centre (“Ying Li IEC”) and other previously completed commercial properties handed-over in the quarter. Rental income increased by 7.5% Y-o-Y or RMB3.8 million to RMB54.6 million (4QFY2017: RMB50.8 million), mainly due to gradual increase in occupancy rates at the rented properties.

For the full year 2018, revenue of the Group decreased by 25.4% Y-o-Y, to RMB821.1 million (FY2017: RMB1,100.2 million). Revenue from the Sale of Properties decreased by 31.4% Y-o-Y, to RMB612.4 million (FY2017: RMB893.0 million). The decline was mainly due to fewer residential units at Lion City Garden, and commercial units at Ying Li International Electrical and Hardware Centre (“Ying Li IEC”) sold, partially offset by higher sales from other previously completed commercial properties in the year. Rental income increased marginally by 0.7% Y-o-Y to RMB208.7 million in FY2018 (FY2017: RMB207.2 million).

The decrease was mainly attributable to the lower gross profit contribution from Sales of Properties segment which decreased by RMB23.2 million, offset by a 3.4% Y-o-Y increase in Rental Income segment’s gross profit.

Gross profit for the full year decreased marginally by 0.9% Y-o-Y or RMB2.7 million, to RMB299.3 million (FY2017: RMB302.0 million). The decrease was due to the decrease in revenue, partially offset by the higher gross profit from mix of properties that were handed over in FY2018.

Finance costs

For 4QFY2018, the finance costs decreased by RMB 10.5 million, to RMB50.8 million (4QFY2017: RMB61.3 million), is mainly due to the decrease in outstanding loan principal.

Outlook

The Group currently has two projects under-development, Lion City Garden and Ying Li International Hardware and Electrical Centre (IEC). The Lion City Garden is at the final phase of development, Phase 2D, and the bespoke development IEC project is at Phase 2B. Substantial of Phase 1A and Phase 2A IEC buyers had renovated their shops and are progressively conducting businesses at the centre, with about 50% of the shops in IEC commencing businesses at the end of 2018.

On office rental segment front, the Group continues to optimize its IFC office rental, focusing on retaining existing quality tenants and attracting new tenants. On the retail rental segment front, the Group continues to optimize and/or sharpen its focuses on targeted consumers at both Ying Li IMIX Park Jiefangbei mall and Ying Li IMIX Park Daping mall. Firstly, with the increase in domestic tourists flowing into Chongqing, especially during the China holiday periods, the Group will sharpen its IFC mall's retail focuses and target to capture a share of the tourist spending. Secondly, with the high occupancy rates in excess of 90%, both malls will continue to undergo space optimization process to increase the leasable areas. Thirdly, Ying Li IMIX Park Daping mall further strengthens its focus as a local community mall with higher proportion of spaces allocated to products and services needed by the nearby residences. These include enrichment/education centres, popular book and stationery store and baby/children-centric stores.

The Group's investment in New Everbright Centre project remains healthy amidst the purchase restrictions meant to rein in rising home prices in Beijing Tongzhou. Phase 1 construction, consisting of 4 SOHO towers has been fully completed. Phase 2 construction, which consist mainly two office towers and part of retail podium, had reached level 6 and level 21 of the two office towers as of end Dec 2018. Phase 3 construction, which consist one premium office tower and remaining part of the retail podium, was at piling stage as of end Dec 2018.

Looking ahead, the on-going trade dispute negotiations and issues related to economic rivalry between United States and PRC contribute to global economic uncertainties. The PRC economy is also undergoing economic restructuring and reformation, which negates further market sentiments. In view of the above, the Group will remain watchful on the macro uncertainties and will cautiously scout for new developments and investment opportunities in Tier 1 and fast-growing lower tier cities to build pipelines for future growth.
