# MESSAGE TO SHAREHOLDERS

## DEAR SHAREHOLDERS,

On behalf of the Board of Directors of Starland Holdings Limited (the "Group"), I am pleased to present to you the Annual Report of the Group for the 9-month ended 30 June 2016 ("FP2016").

The Group had a major change of ownership in January 2016, with the sale of 82.91% of the issued and paid-up ordinary shares in the share capital of the Company, to GRP Chongqing Land Pte Ltd, a wholly owned indirect subsidiary of GRP Limited, on 15 January 2016.

As at 30 June 2016, GRP Chongqing Land Pte Ltd owns 99.56% interest in the Group. GRP Limited is listed in the Mainboard of Singapore Exchange Securities Trading Limited. With this ownership change, there is also a change in the key management of the Group.

The Group had launched all blocks of residential units of Singapore Garden Project as at 30 June 2016. The government of the People's Republic of China ("PRC") had been introducing incentives to encourage home ownership, such as lower interest rates and lower down-payment for first time buyers in the recent years. These are positive news for our property business in Chongqing, PRC.

## REVIEW OF OPERATIONS

For the period under review, revenue was RMB34.2 million and this is RMB302.9 million lower than revenue of RMB337.1 million for financial year ended 31 September 2015 ("FY2015"). The lower

revenue in FP2016 is a result of lesser units sold in current period as compared to FY2015. The following table is a comparison of the units sold in FP2016 vis-à-vis FY2015:

	FP2016	FY2015
Singapore Garden project:		
– Residential units	45	695
– Carpark lots	20	–
University Town project:		
– Commercial units	9	3
– Carpark lots	9	15

With the sales in FP2016, the Group has following remaining unsold units:

	Residential unit	Commercial unit	Carpark lot
Singapore Garden project	291	28	231
University Town project	–	11	47
Total	291	39	278

In FP2016 the Group achieved a net loss of RMB21.4 million, whereas the Group reported a net profit of RMB65.6 million in FY2015. The weaker performance in FP2016 is mainly due to the lower revenue in FY2016, impairment loss provision on development properties amounted to RMB8.3 million and additional buyer's stamp duty of RMB6.2 million for the Singapore development property, provided in FP2016.

As at 30 June 2016, the Group had net cash and bank balances, after deducting bank loans, of RMB50.9 million, properties held for sale amounting to RMB149.6 million and total development properties of RMB38 million. The properties held for sale are unsold

# MESSAGE TO SHAREHOLDERS

units for Singapore Garden project and University Town project. Development properties pertained to 2 pieces of development properties in Chongqing PRC and Singapore.

The Group's loss per share for FP2016 was RMB14.77 cents compared with earnings per share of RMB45.34 cents for FY2015. Our net asset value per share for FP2016 was RMB1.10 (FY2015: RMB1.26). The decrease is due mainly to the weaker result in FP2016.

## LOOKING AHEAD

The Group will continue to sell the remaining units for both Singapore Garden project and University Town project.

### ayondo

The Company had announced on 20 June 2016 that it had entered into a conditional sale and purchase agreement ("Agreement") with the holders of equity interest in ayondo Holding AG ("ayondo") to acquire their equity interest in ayondo ("Proposed Acquisition"). The Proposed Acquisition, if undertaken and completed, is expected to result in a Reverse Take-over ("RTO") of the Company. Under the Agreement, the Company shall enter into a binding sale and purchase agreement to dispose all its assets to its holding company, GRP Limited, at such price to be agreed between them. In addition, under the Agreement, the Company shall carry out a placement of such number of new shares ("Placement Share") at an issue price of S\$0.1408 per Placement Share to raise total gross placement proceeds of S\$19 million; of this GRP Limited will be subscribing for shares of value of S\$12 million. The subscribers of the Placement Shares shall be entitled to an option to subscribe for up to 101,225,359 new shares at an exercise price of \$0.1877 for each new share, and expiring on the date falling two years from the date on which they were granted.

Licensed and regulated by the Financial Conduct Authority (FCA) in the United Kingdom ("UK") and the Federal Financial Supervisory Authority (BaFin)

in Germany, ayondo is a financial technology ("FinTech") group that is a global leading provider of social trading services and brokerage services for both business-to-consumer (B2C) and business-to-business (B2B) for Contracts for Differences ("CFDs").

Through its platform, users can trade CFDs (self-directed) and/or engage in social trading. ayondo's Next Generation Social Trading technology allows everyone to "create their own dream team" by replicating the performances of top traders onto their own portfolios automatically and in real time, with a few taps on their electronic devices. Anyone can also become a top trader and earn from trading as well as from having followers. The system is transparent and followers are able to view top traders' track records on the platform (for more information, please visit ayondo's website at <http://www.ayondo.com>).

In a span of two years, ayondo has grown significantly and has been the recipient of numerous awards. ayondo was awarded the Best Social Trading Platform for two consecutive years in 2015 and 2016 by ADVFN, a leading UK financial market site listed on London's Alternative Investment Market. ayondo was also recognised as the second best CFD brokerage in Germany by BrokerWahl. Most recently, ayondo announced a partnership with KGI Fraser Securities Singapore, thus demonstrating ayondo's status as a trusted provider of CFD services.

## IN APPRECIATION

On behalf of the Board of Directors of Starland Holdings Limited, I would like to take this opportunity to thank all our customers, suppliers, business associates and shareholders for their continued support. In addition, I wish to acknowledge our appreciation to the management team and all our employees for their hard work and dedication.

# OPERATING AND FINANCIAL REVIEW

## FINANCIAL HIGHLIGHTS

For the financial period ended 30 June 2016 ("FP2016"), the Group recorded revenue of RMB34.17 million, a decrease as compared to the financial year ended 30 September 2015 ("FY2015"). Revenue was mainly derived from the sale of commercial units and residential units of the University Town project and Singapore Garden project respectively, which accounted for 94.42% of the Group's total revenue in FP2016. The decrease in revenue was mainly attributable to recognition of 45 residential units and 20 carpark spaces of the Singapore Garden Project and 9 commercial units and 9 carpark spaces for University Town project in FP2016 as compared to 695 residential units of the Singapore Garden Project and sales of 3 commercial units in the University Town project in FY2015. As at 30 June 2016, 291 residential units, 28 commercial units and 231 carpark spaces of the Singapore Garden Project and 11 commercial units and 47 carpark spaces of the University Town project remains unsold. All unsold commercial units of the University Town project had been leased out.

Rental income derived from the rental of the unsold commercial units under the University Town project amounted to RMB0.99 million or 2.90% of the total revenue in FP2016 as compared to RMB1.23 million for FY2015.

The Group recorded operating loss before tax of RMB10.92 million in FP2016 as compared to operating profit of RMB91.84 million in FY2015. The operating loss was attributable to increase in other operating expenses by RMB14.89 million in FP2016 from RMB0.7 million in FY2015 to RMB15.59 million in FP2016. This is mainly due to an impairment loss amounting to RMB8.3 million, Additional Buyer's Stamp Duty ("ABSD") amounting to RMB6.18 million for the Jalan Nipah property development project.

# OPERATING AND FINANCIAL REVIEW

Income tax expenses amounted to RMB10.46 million and RMB26.23 million for FP2016 and FY2015 respectively. The Group posted a loss after tax amounting RMB21.38 for FP2016 as compared to a profit after tax of RMB65.62 million for FY2015.

On a per share basis, basic and diluted loss per share of RMB14.77 cents in FP2016 as compared to earnings per share of RMB45.34 cents in FY2015. Net asset value per share as at financial period ended 30 June 2016 amounted to RMB1.10, a decrease as compared to RMB1.26 as at the end of 30 September 2015.

## BUSINESS SEGMENT

The Group derives its revenue mainly from sale of properties, rental income and other income such as management fees. For FP2016 the percentage contribution to revenue from these segments was 94.42%, 2.90% and 2.68% respectively (FY2015: 99.56%, 0.36% and 0.08% respectively).

1.5	What are the types of material transactions which require approval from the Board?	<p>Matters that require the Board's approval include, amongst others, the following:</p> <ul style="list-style-type: none"> <li>• strategic direction of the Group;</li> <li>• business practices and risk management of the Group;</li> <li>• annual budgets, major funding proposals, investment and divestment of proposals;</li> <li>• the Group's internal control, financial performance, compliance practices and resources allocation;</li> <li>• material acquisitions and disposal of assets;</li> <li>• convening of shareholders' meetings;</li> <li>• corporate or financial restructuring;</li> <li>• share issuance, dividends and other returns to shareholders; and</li> <li>• interested person transaction.</li> </ul>
1.6	(a) Are new Directors given formal training? If not, please explain why.	<p>The Company ensures that incoming new Directors are given guidance and orientation program to get them familiarised with the Group's businesses, organisation structure, corporate strategies and policies and corporate governance practices upon their appointment and to facilitate the effective discharge of their duties.</p> <p>For new Directors who do not have prior experience as a director of a public listed company in Singapore, they will have to undergo training programme, particularly courses conducted by the Singapore Institute of Directors, to develop the requisite individual skills, such as knowledge on the Companies Act (Chapter 50) of Singapore and the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited.</p> <p>They will be given training appropriate to the level of their previous experience and were provided with extensive background information about the Group's history and core values, its strategic direction and corporate governance practices as well as industry-specific knowledge. The Directors will also have the opportunity to visit the Group's operational facilities and meet with the Management to gain a better understanding of the Group's business operations.</p>

	(b) What are the types of information and training provided to (i) new Directors and (ii) existing Directors to keep them up-to-date?	All Directors are updated regularly on key accounting and regulatory changes. Where necessary, the Company will arrange for presentations by external professionals, consultants and advisers on topics that would have an impact on the regulations, accounting standards and the implications of certain regulatory changes that may affect the Group and responsibilities of the Directors.
1.7	Upon appointment of each director, has the company provide a formal letter to the director, setting out the director's duties and obligations?	A formal letter of appointment is provided to every new Director, setting out his duties and obligations.
<b>Board Composition and Guidance</b>		
2.1 2.2 3.3	Does the Company comply with the guideline on the proportion of Independent Directors on the Board? If not, please state the reasons for the deviation and the remedial action taken by the Company.	Guideline 2.1 of the Code is met as the Independent Directors make up at least half of the Board.  The Board believes there is a strong element of independence in the Board as the Independent Directors constituted at least half of the Board, and that no individual or small group of individuals dominates the Board's decision making process. The Board exercises independent judgment on corporate affairs and provides Management with a diverse, professional and objective perspective on issues.
2.3 4.3	Has the independence of the Independent Directors been reviewed in the last financial year?	The independence of each director is assessed and reviewed annually by the NC.  The Independent Directors, Foong Daw Ching, Low Wai Cheong and Tan Chade Phang had confirmed their independence on their appointment on 19 August 2016.

	<p>(a) Is there any Director who is deemed to be independent by the Board, notwithstanding the existence of a relationship as stated in the Code that would otherwise deem him not to be independent? If so, please identify the Director and specify the nature of such relationship.</p> <p>(b) What are the Board's reasons for considering him independent? Please provide a detailed explanation.</p>	<p>The Independent Directors do not have any relationship as stated in the Code that would otherwise deem him not to be independent.</p>
2.4	<p>Has any Independent Director served on the Board for more than nine years since the date of his first appointment? If so, please identify the Director and set out the Board's reasons for considering him independent.</p>	<p>None of the Independent Directors on the Board serves for a period exceeding nine years from the date of his first appointment.</p>
2.5	<p>Has the Board examine its size and decide on what it considers an appropriate size for the Board, which facilitates effective decision making?</p>	<p>Taking into account the nature and scope of the Group's business and the number of board committees, in concurrence with the NC, the Board believes that the current size and composition provide sufficient diversity without interfering with efficient decision making.</p>
2.6	<p>(a) What is the Board's policy with regard to diversity in identifying director nominees?</p>	<p>The Board's policy in identifying director nominees is primarily to have an appropriate mix of members with core competencies such as accounting or finance, business or management experience, industry knowledge, strategic planning experience, customer-based experience or knowledge.</p>

2.7	<p>How have the non-executive directors:</p> <p>(a) constructively challenge and help develop proposals on strategy; and</p> <p>(b) review the performance of Management in meeting agreed goals and objectives and monitor the reporting of performance?</p>	<p>The Board, particularly the independent directors, which are non-executive directors, are kept well informed of the Group's business and are knowledgeable about the industry the Group operates in. To ensure that the independent directors are well supported by accurate, complete and timely information, they have unrestricted access to Management, and have sufficient time and resources to discharge their oversight functions effectively.</p>
2.8 3.4	<p>Have the Non-Executive Directors/Independent Directors met in the absence of key management personnel in the last financial year?</p>	<p>The independent directors do discuss and/or meet on a need-basis without the presence of the Management to discuss matters such as the Group's financial performance, corporate governance initiatives, board processes, succession planning as well as leadership development and the remuneration of the Executive Directors.</p> <p>The Independent Directors have met at least once without the presence of management in FP2016.</p>
<b>Chairman and Chief Executive Officer</b>		
3.1 3.2	<p>Are the duties between Chairman and CEO segregated?</p>	<p>The Board recognises the Code's recommendation that the Chairman and the Chief Executive Officer ("CEO") should be separate persons to ensure that there is an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making.</p> <p>The Non-Executive Independent Chairman of the Company is Mr Foong Daw Ching and bears the responsibility for the effective conduct of the Board.</p> <p>Though the Company does not have a CEO in place, the responsibilities of the Group's business are undertaken by a collaborative effort between the Executive Director, Ms Peng Peck Yen and Management.</p>

The Board will also implement a process to be proposed by the NC for assessing the effectiveness of the Board (if applicable).</p>
4.4	(a) What is the maximum number of listed company board representations that the Company has prescribed for its directors? What are the reasons for this number?	The NC has fixed a maximum limit of five (5) on the number of directorships a Director can hold in publicly listed companies.
	(b) If a maximum has not been determined, what are the reasons?	Not Applicable.
	(c) What are the specific considerations in deciding on the capacity of directors?	<p>The considerations in assessing the capacity of Directors include the following:</p> <ul style="list-style-type: none"> <li>• Expected and/or competing time commitments of Directors;</li> <li>• Geographical location of Directors;</li> <li>• Size and composition of the Board; and</li> <li>• Nature and scope of the Group's operations and size.</li> </ul>
	(d) Have the Directors adequately discharged their duties?	The NC has reviewed the time spent and attention given by each of the Directors to the Company's affairs, and is satisfied that all Directors have discharged their duties adequately for FP2016.
4.5	Are there alternate Directors?	The Company does not have any alternate directors.

		<p>(f) to review and consider whether Executive Director and key management personnel should be eligible for benefits under long-term incentive schemes. The costs and benefits of long-term incentive schemes should be carefully evaluated. In normal circumstances, offers of shares or grants of options or other forms of deferred remuneration should vest over a period of time. The use of vesting schedules, whereby only a portion of the benefits can be exercised each year, is also strongly encouraged. Executive Director and key management personnel should be encouraged to hold their shares beyond the vesting period, subject to the need to finance any cost of acquiring the shares and associated tax liability;</p> <p>(g) the RC's recommendations should be submitted for endorsement by the entire Board; and</p> <p>(h) to oversee the administration of Starland PSP (or such other similar share plans as may be implemented by the Company from time to time) upon the terms of reference as defined in the said plan.</p>
7.3	Were remuneration consultants engaged in the last financial year?	The Board has not engaged any external remuneration consultant to advice on remuneration matters.
<b><u>Level and Mix of Remuneration</u></b>		
8.1	What are the measures for assessing the performance of executive directors and key management personnel?	<p>In determining the level of remuneration, the RC shall ensure that performance-related remuneration system was implemented to ensure that the interests of the shareholders are aligned with the Board and Management in order to promote the long-term success of the Company;</p> <p>The Company has a staff remuneration policy which comprises a fixed component and a variable component. The fixed and variable components are in the form of as base salary and variable bonus that is linked to the performance of the Company and individual.</p>

8.2	Are there long-term incentive schemes for Executive Directors and key management personnel?	<p>The Company has adopted the Performance Share Plan known as the Starland Performance Share Plan (the "Starland PSP") which has been approved at the extraordinary general meeting held on 11 April 2012. The details of the Plan can be found in the offer document of the Company dated 19 April 2012.</p> <p>The objectives of Starland PSP are to:</p> <ul style="list-style-type: none"> <li>(a) foster a culture of ownership within the Group which aligns the interests of employees and Directors with the interests of the shareholders;</li> <li>(b) motivate participants of the Plan to achieve key financial and operational goals of the Group and/or their respective business units and encourage greater dedication and loyalty to the Group; and</li> <li>(c) make total employee remuneration sufficiently competitive to recruit new employees and/or retain existing employees whose contributions are important to the long term growth and profitability of our Group.</li> </ul> <p>The Starland PSP is administered by the Remuneration Committee comprising 3 directors, Mr Tan Chade Phang, Mr Foong Daw Ching and Mr Low Wai Cheong. The Chairman of the Remuneration Committee is Mr Tan Chade Phang.</p> <p>Since the commencement of the Starland PSP up to the date of this report, no shares were awarded under the Starland PSP to Directors and/or key management personnel.</p>
8.3	How is the remuneration for non-executive directors determined?	<p>The Board concurred with the RC that the proposed directors' fees are appropriate and that the independent directors receive directors' fees in accordance with their level of contributions, taking into account factors such as effort and time spent for serving on the Board and Board Committees, as well as the responsibilities and obligations of the directors. The Company recognises the need to pay competitive fees to attract, motivate and retain directors without being excessive to the extent that their independence might be compromised.</p> <p>Directors' fees are recommended by the Board for approval by the shareholders at the AGM of the Company.</p>

<b>ACCOUNTABILITY AND AUDIT</b>		
<b><u>Accountability</u></b>		
10.1 10.2	The Board should present a balanced and understandable assessment of the Company's performance, position and prospects.	<p>The Board is accountable to shareholders and ensures that all material information is fully disclosed in a timely manner to shareholders in compliance with statutory and regulatory requirements. The Board strives to provide its shareholders a balanced and understandable assessment of the Group's performance, position and prospects.</p> <p>The Board takes steps to ensure compliance with legislative and regulatory requirements, including requirements under the Catalist Rules, where appropriate. The Independent Directors in consultation with management will request for management's consideration for the establishment of written policies for any particular matter that is deemed to be essential to form part of management control.</p> <p>Management provides appropriately detailed management accounts of the Group's performance on a half-yearly basis to the Board to enable the Board to make a balanced and informed assessment of the Group's performance, position and prospects. As and when circumstances arise, the Board can request management to provide any necessary explanation and/or information on the management accounts of the Group.</p>
<b><u>Risk Management and Internal Controls</u></b>		
11.1	The Board should determine the company's levels of risk tolerance and risk policies, and oversee Management in the design, implementation and monitoring of the risk management and internal control systems.	The Board is responsible for the governance of risk and sets the tone and direction for the Group in the way risks are managed in the Group's businesses. The Board has ultimate responsibility for approving the strategy of the Group in a manner which addresses stakeholders' expectations and does not expose the Group to an unacceptable level of operational, financial and compliance risks. The Board approves the key management policies and ensures a sound system of risk management and internal controls. In addition to determining the approach to risk governance, the Board sets and instils the right risk-focused culture throughout the Group for effective risk governance.

		<p>Management highlights and discusses (if any) salient risk management matters to the Board on a half-yearly basis. The Company's risk management framework and internal control system covers financial, operational, compliance and information technology risks and internal controls. Internal audit is outsourced to a third party professional firm.</p>
11.2 11.4	<p>The Board should, at least annually, review the adequacy and effectiveness of the company's risk management and internal control systems, including financial, operational, compliance and information technology controls. Such review can be carried out internally or with the assistance of any competent third parties.</p>	<p>The Audit Committee evaluates the findings of the external and internal auditors on the Group's internal controls annually.</p> <p>Although the Board acknowledges that it is responsible for the overall internal control framework, it also recognises that no cost effective internal control system will preclude all errors and irregularities. A system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.</p> <p>The Board has received assurance from the Executive Director and Financial Controller ("FC") that the financial records have been properly maintained and the financial statements for the financial period under review give a true and fair view of the Company's operations and finances and the Company's risk management and internal control systems are effective.</p>

# INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF STARLAND HOLDINGS LIMITED

## Report on the Financial Statements

We have audited the accompanying financial statements of Starland Holdings Limited (the "Company") and its subsidiaries (collectively, the "Group") set out on pages 64 to 117, which comprise the balance sheets of the Group and the Company as at 30 June 2016, the statements of changes in equity of the Group and the Company and the consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the financial period from 1 October 2015 to 30 June 2016, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 2.1. Fundamental accounting concept

As at 30 June 2016, the Company’s current liabilities exceeded its current assets by RMB19,989,000 (2015:RMB13,422,000) and total liabilities exceeded its total assets by RMB10,197,000 (2015:RMB3,593,000). These factors indicate the existence of a material uncertainty which may cast significant doubt about the Company’s ability to continue as going concern.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 2.1. Fundamental accounting concept (Continued)

The directors are of the view that it is appropriate to prepare the Company's financial statements on the going concern basis after considering the following factors:

- Its subsidiary, Chongqing Tianhu Land Co., Ltd. has given an undertaking not to recall for repayment of the amount due from the Company amounting to RMB19,668,000.
- The dividends amounting to RMB97,256,000 from its subsidiaries, Chongqing Tianhu Land Co., Ltd. and Chongqing Gangyuan Property Development Co., Ltd. can be distributed to the Company.

In view of the above, management is confident that there is no issue of going concern and the financial statements of the Company have been prepared on a going concern basis.

### 2.2 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards ("FRS").

The financial statements have been prepared on a historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Renminbi ("RMB") and all values in the tables are rounded to the nearest thousand (RMB'000) as indicated.

### 2.3 Change in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except in the current financial period, the Group has adopted all the new and revised standards which are effective for annual periods beginning on or after 1 October 2015. The adoption of these standards did not have any effect on the financial performance or position of the Group and the Company.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.4 Standards issued but not yet effective

The Group has not adopted the following standards and interpretations that have been issued but are not yet effective:

<b>Description</b>	<b>Effective for annual periods beginning on or after</b>
FRS 114 <i>Regulatory Deferral Accounts</i>	1 January 2016
Amendments to FRS 27 <i>Equity Method in Separate Financial Statements</i>	1 January 2016
Amendments to FRS 16 and FRS 38 <i>Clarification of Acceptable Methods of Depreciation and Amortisation</i>	1 January 2016
Amendments to FRS 16 and FRS 41 <i>Agriculture: Bearer Plants</i>	1 January 2016
Amendments to FRS 111 <i>Accounting for Acquisition of Interests in Joint Operations</i>	1 January 2016
Amendments to FRS 110 and FRS 28 <i>Sale for Contribution of Assets between an Investor and its Associate or Joint Venture</i>	1 January 2016
Improvements to FRSs (November 2014)	
(a) Amendments to FRS 105 <i>Non-current Assets Held for Sale and Discontinued Operations</i>	1 January 2016
(b) Amendments to FRS 107 <i>Financial Instruments: Disclosures</i>	1 January 2016
(c) Amendment to FRS 19 <i>Employee Benefits</i>	1 January 2016
(d) Amendment to FRS 34 <i>Interim Financial Reporting</i>	1 January 2016
Amendments to FRS 1 <i>Disclosure Initiative</i>	1 January 2016
Amendments to FRS 110, FRS 112 and FRS 28 <i>Investment Entity: Applying the Consolidation Exception</i>	1 January 2016
FRS 115 <i>Revenue from Contracts with Customers</i>	1 January 2018
FRS 109 <i>Financial Instruments</i>	1 January 2018
FRS 116 <i>Leases</i>	1 January 2019

Except for FRS 115, FRS 109 and FRS 116, the directors expect that the adoption of the standards above will have no material impact on the financial statements in the period of initial application. The nature of the impending changes in accounting policy on adoption of FRS 115, FRS 109 and FRS 116 are described below.

#### FRS 115 Revenue from Contracts with Customers

FRS 115 was issued in November 2014 and establishes a new five-step model that will apply to revenue arising from contracts with customers. Under FRS 115 revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in FRS 115 provide a more structured approach to measuring and recognising revenue. The new revenue standard is applicable to all entities and will supersede all current revenue recognition requirements under FRS. Either a full or modified retrospective application is required for annual periods beginning on or after 1 January 2018 with early adoption permitted. The Group is currently assessing the impact of FRS 115 and plans to adopt the new standard on the required effective date.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.4 Standards issued but not yet effective (Continued)

#### FRS 109 Financial Instruments

In December 2014, the ASC issued the final version of FRS 109 Financial Instruments which reflects all phases of the financial instruments project and replaces FRS 39 Financial Instruments: Recognition and Measurement. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. FRS 109 is effective for annual periods beginning on or after 1 January 2018, with early adoption permitted. Retrospective application is required, but comparative information is not compulsory in the year of adoption. The adoption of FRS 109 will have an effect on the classification and measurement of the Group's financial assets, but no impact on the classification and measurement of the Group's financial liabilities.

#### FRS 116 Leases

FRS 116 requires lessees to recognise for most leases, a liability to pay rentals with a corresponding asset, and recognise interest expense and depreciation separately. The new standard is effective for annual periods beginning on or after 1 January 2019. The Group will assess the impact of the new standard and plans to adopt the new standard on the required effective date.

### 2.5 Basis of consolidation and business combinations

#### (a) **Basis of consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.5 Basis of consolidation and business combinations (Continued)

#### (a) *Basis of consolidation (Continued)*

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when controls is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss;
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

#### (b) *Business combinations*

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in accordance with FRS 39 either in profit or loss or as a change to other comprehensive income. If the contingent consideration is classified as equity, it is not remeasured until it is finally settled within equity.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.5 Basis of consolidation and business combinations (Continued)

#### (b) *Business combinations (Continued)*

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another FRS.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

#### Business combinations involving entities under common control

Business combinations involving entities under common control are accounted for by applying the pooling of interest method which involves the following:

- The assets and liabilities of the combining entities are reflected at their carrying amounts reported in the consolidated financial statements of the controlling holding company.
- No adjustments are made to reflect the fair values on the date of combination, or recognise any new assets or liabilities.
- No additional goodwill is recognised as a result of the combination.
- Any difference between the consideration paid/transferred and the equity 'acquired' is reflected within the equity as merger reserve.
- The statement of comprehensive income reflects the results of the combining entities for the full year, irrespective of when the combination took place.

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.5 Basis of consolidation and business combinations (Continued)

#### (b) *Business combinations (Continued)*

Business combinations involving entities under common control (Continued)

- Comparatives are restated to reflect the combination as if it had occurred from the beginning of the earliest period presented in the financial statements or from the date the entities had come under common control, if later.

### 2.6 Foreign currency

Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The functional currency of the Company is Singapore Dollars (“S\$”). The financial statements are presented in Renminbi as the Group’s operations are mainly in the People’s Republic of China (“PRC”).

#### (a) *Transactions and balances*

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss except for exchange differences arising on monetary items that form part of the Group’s net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

#### (b) *Consolidated financial statements*

For consolidation purpose, the assets and liabilities of entities whose functional currency differs from the presentation currency are translated into Renminbi at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.6 Foreign currency (Continued)

#### (b) Consolidated financial statements (Continued)

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are re-attributed to non-controlling interest and are not recognised in profit or loss.

### 2.7 Equipment

All items of equipment are initially recorded at cost. Subsequent to recognition, equipment is measured at cost less accumulated depreciation and any accumulated impairment losses. The cost includes the cost of replacing part of the equipment and borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying equipment. The cost of an item of equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

When significant parts of equipment are required to be replaced in intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Motor vehicles	–	3 to 4 years
Furniture, fixtures and equipment	–	5 years

The carrying values of equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in profit or loss in the period the asset is derecognised.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.8 Development properties

Development properties are properties acquired or being constructed for sale in the ordinary course of business, rather than to be held for the Group's own use, rental or capital appreciation.

Development properties are held as inventories and are measured at the lower of cost and net realisable value.

Non-refundable commissions paid to sales or marketing agents on the sale of real estate units are expensed when incurred.

Net realisable value takes into account the price ultimately expected to be realised and the anticipated costs to completion. Cost of development properties comprises land cost, development costs and borrowing costs capitalised during the development period. When completed, the units held for sale are classified as completed properties held for sale.

The costs of development properties recognised in profit or loss on disposal are determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs based on the relative size of the property sold.

### 2.9 Properties held for sale

Completed properties held for sale are stated at lower of cost or net realisable value. Cost is determined by apportionment of the total land cost, development costs and borrowing costs capitalised to the unsold properties with such apportionment based on floor area.

Net realisable value is determined by reference to sale proceeds of properties sold in the ordinary course of business less all estimated selling expenses; or estimated by management in the absence of comparable transactions taking into consideration prevailing market conditions.

### 2.10 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.10 Impairment of non-financial assets (Continued)

Impairment losses of continuing operations are recognised in profit or loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or cash-generating unit's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

### 2.11 Subsidiaries

A subsidiary is an entity over which the Group has the power to govern the financial and operating policies so as to obtain benefits from its activities.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

### 2.12 Financial instruments

#### (a) *Financial assets*

##### *Initial recognition and measurement*

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

##### *Subsequent measurement*

The subsequent measurement of financial assets depends on their classification.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.12 Financial instruments (Continued)

#### (a) *Financial assets (Continued)*

##### *Loans and receivables*

Non-derivative financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

##### *Derecognition*

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

##### *Regular way of purchase or sale of a financial asset*

All regular way purchases and sales of financial assets are recognised or derecognised on the trade date i.e., the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned.

#### (b) *Financial liabilities*

##### *Initial recognition and measurement*

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value and in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

##### *Subsequent measurement*

The measurement of financial liabilities depends on their classification.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.12 Financial instruments (Continued)

#### (b) *Financial liabilities (Continued)*

##### *Financial liabilities at amortised cost*

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

##### *De-recognition*

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

#### (c) *Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is presented in the statements of financial position, when and only when, there is a currently enforceable legal right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 2.13 Impairment of financial assets

The Group assesses at each reporting date whether there is any objective evidence that a financial asset is impaired.

#### *Financial assets carried at amortised cost*

For financial assets carried at amortised cost, the Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognised are not included in a collective assessment of impairment.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.13 Impairment of financial assets (Continued)

#### *Financial assets carried at amortised cost (Continued)*

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The impairment loss is recognised in profit or loss.

When the asset becomes uncollectible, the carrying amount of impaired financial asset is reduced directly or if an amount was charged to the allowance account, the amounts charged to the allowance account are written off against the carrying value of the financial asset.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

### 2.14 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand.

### 2.15 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.16 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are recognised as income in profit or loss over the period of the guarantee. If it is probable that the liability will be higher than the amount initially recognised less amortisation, the liability is recorded at the higher amount with the difference charged to profit or loss.

### 2.17 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### 2.18 Employee benefits

#### (a) *Defined contribution plans*

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

Pursuant to the relevant regulations of the PRC government, the PRC Subsidiaries of the Group ("PRC Subsidiaries") have participated in central pension schemes ("the Schemes") operated by local municipal governments whereby the PRC Subsidiaries are required to contribute a certain percentage of the basic salaries of their employees to the Schemes to fund their retirement benefits. The local municipal governments undertake to assume the retirement benefit obligations of all existing and future retired employees of the PRC Subsidiaries. The only obligation of the PRC Subsidiaries with respect to the Schemes is to pay the ongoing required contributions under the Schemes mentioned above. Contributions under the Schemes are charged as an expense when incurred.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.18 Employee benefits (Continued)

#### (b) *Employee leave entitlement*

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The estimated liability for leave is recognised for services rendered by employees up to the end of the reporting period.

### 2.19 Leases

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date: whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

#### (a) *As lessee*

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

#### (b) *As lessor*

Leases where the Group retains substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note 2.21(d). Contingent rents are recognised as revenue in the period in which they are earned.

### 2.20 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the group of executive directors and the chief executive officer who make strategic decisions.

### 2.21 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment excluding taxes or duty.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.21 Revenue (Continued)

#### (a) *Sale of development properties*

Revenue from properties developed for sale is recognised when the risks and rewards of ownership of units have been transferred to the buyer either upon the issue of completion certificate or handing over of keys to the buyers, whichever is later. Payments received from buyers prior to this stage are recorded as advances from customers for sales of properties.

#### (b) *Rendering of services*

Property management fee income and service income are recognised over the period when services are rendered.

#### (c) *Interest income*

Interest income is recognised using the effective interest method.

#### (d) *Rental income*

Rental income arising from properties held for sale is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

### 2.22 Taxes

#### (a) *Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.22 Taxes (Continued)

#### (b) *Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.22 Taxes (Continued)

#### (b) *Deferred tax (Continued)*

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### (c) *Sales tax*

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheets.

### 2.23 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

### 2.24 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.24 Contingencies (Continued)

- (b) a present obligation that arises from past events but is not recognised because:
  - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the statement of financial position of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

### 2.25 Related parties

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Group and Company if that person:
  - (i) Has control or joint control over the Company;
  - (ii) Has significant influence over the Company; or
  - (iii) Is a member of the key management personnel of the Group or Company or of a parent of the Company.
- (b) An entity is related to the Group and the Company if any of the following conditions applies:
  - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - (iii) Both entities are joint ventures of the same third party.
  - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.25 Related parties (Continued)

- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company;
- (vi) The entity is controlled or jointly controlled by a person identified in (a);
- (vii) A person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

### 3.1 Judgments made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognised in the consolidated financial statements:

#### Determination of functional currency

FRS 21 The Effects of Changes in Foreign Exchange Rates requires the Company and the entities in the Group to determine its functional currency in preparing the financial statements. When determining its functional currency, the Company and the entities in the Group consider the primary economic environment in which it operates i.e. the one in which it primarily generates and expends cash. The Company and the entities in the Group may also consider the funds from financing activities are generated. Management applied its judgment and determined that the functional currency of the Company is Singapore Dollars on the basis that its funding is denominated in Singapore Dollars and its transactions are mainly in Singapore Dollars.

#### **(a) Estimation of net realisable value of development properties**

Development properties are stated at the lower of cost and estimated net realisable value (NRV) in accordance with the accounting policy in Note 2.8.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

### 3.1 Judgments made in applying accounting policies (Continued)

#### *Determination of functional currency (Continued)*

#### **(a) Estimation of net realisable value of development properties (Continued)**

Development properties are tested for impairment when there are indicators that the carrying amounts may not be recoverable. The carrying amount of the development property stated at net realisable value as at 30 June 2016 was RMB37,982,000 (2015: RMB43,425,000).

#### **(b) Taxes**

Uncertainties exist with respect to the interpretation of complex tax regulations and the amount and timing of future taxable income. Given the wide range of international business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax provisions already recorded. The Group establishes provisions, based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it operates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the relevant tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective Group company's domicile.

Deferred tax assets are recognised for all unused tax losses and land appreciation tax to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits.

# NOTES TO THE FINANCIAL STATEMENTS

## 4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL RISKS MANAGEMENT

### (a) Categories of financial instruments

The following table sets out the financial instruments as at the end of the reporting period:

	Group		Company	
	30 June 2016 RMB'000	30 September 2015 RMB'000	30 June 2016 RMB'000	30 September 2015 RMB'000
<b>Financial assets</b>				
Loans and receivables (including cash and bank balances)	90,492	81,122	4,385	4,089
<b>Financial liabilities</b>				
Financial liabilities carried at amortised cost	54,734	58,282	24,374	17,511

### (b) Financial risk management policies and objectives

Management of the Group monitors and manages the financial risks relating to the operations of the Group to ensure appropriate measures are implemented in a timely and effective manner. These risks include market risk (foreign exchange risk and interest rate risk), credit risk and liquidity risk.

The Group does not hold or issue derivative financial instruments for speculative purposes.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risk.

#### (i) Foreign currency risk

The Group's transactions are largely denominated in Renminbi. The Group does not enter into derivative foreign exchange contracts and foreign currency borrowings to hedge its foreign exchange risk.

## 4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL RISKS MANAGEMENT (CONTINUED)

### (b) Financial risk management policies and objectives (Continued)

#### (i) Foreign currency risk (Continued)

At the end of the reporting period, the carrying amounts of monetary assets and monetary liabilities denominated in currencies other than the company's functional currency are as follows:

	Assets		Liabilities	
	30 June 2016 RMB'000	30 September 2015 RMB'000	30 June 2016 RMB'000	30 September 2015 RMB'000
<b>Group</b>				
United States				
Dollars (USD)	371	371	–	–
<b>Company</b>				
Renminbi (RMB)	–	–	2,227	2,227

The sensitivity rate used when reporting foreign currency risk to key management personnel is 10%, which is the change in foreign exchange rate that management deems reasonably possible which will affect outstanding foreign currency denominated monetary items at period end.

If USD were to appreciate/depreciate by 10% against the RMB, the loss after tax for the period of the Group will decrease/increase by approximately RMB37,100 (2015: the profit after tax for the year will increase/decrease by RMB37,100).

No sensitivity analysis is presented for other foreign currencies as the impact of changes in these currencies is not expected to be material.

#### (ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises primarily from their loans and borrowings and bank deposits.

The Group monitors its interest cost regularly and may prepay its interest-bearing loans or source for other loans and borrowings with lower interest rates.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL RISKS MANAGEMENT (CONTINUED)

### (b) Financial risk management policies and objectives (Continued)

#### (ii) Interest rate risk (Continued)

An increase in 100 basis point in interest rate at the reporting date would decrease the Group's loss before tax by approximately RMB50,675 (2015: an increase in 100 basis point in interest rate at the reporting date would increase the Group's profit before tax by approximately RMB124,000).

#### (iii) Credit risk

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in financial loss to the Group. The Group's exposure to credit risk arises primarily from deposits. The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. For sales of properties, sales proceeds are fully settled concurrent with delivery of properties.

The Group does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

The Group's maximum exposure to credit risk comprises the sum of the carrying amounts of financial assets recorded in the financial statements.

#### Financial assets that are neither past due nor impaired

Other receivables that are neither past due nor impaired are with creditworthy debtors. Cash and bank balances are placed with reputable financial institutions.

#### Financial assets that are either past due or impaired

The Group has no financial assets that are past due or impaired.

#### (iv) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

## 4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL RISKS MANAGEMENT (CONTINUED)

### (b) Financial risk management policies and objectives (Continued)

#### (iv) Liquidity risk (Continued)

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows, and having adequate amounts of committed credit facilities.

At 30 June 2016, the Group has committed borrowing facilities of S\$10,266,000 (approximately RMB50,547,000) (2015: S\$13,321,000, approximately RMB59,200,000) to finance the Group's operations and to mitigate the effects of fluctuations in cash flows. Approximately 100% (2015: 47%) of the Group's loans and borrowings will mature in less than one year based on the carrying amount reflected in the financial statement. 100% of the Company's loans and borrowings has matured during the financial period (2015: 100% of the Company's loans and borrowings will mature in less than one year).

The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. Access to sources of funding is available.

### (c) Capital management

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, loans and borrowings, trade and other payables, advances from a director, less cash and cash equivalents. Capital includes equity attributable to owners of the Company less the above-mentioned restricted statutory reserve fund.

## 16. OTHER RESERVES

### Capital reserve

Arising from the restructuring exercise in financial year 2012, advances from ex-shareholders amounted to RMB132,036,000 less tax of RMB33,009,000 that were waived by the ex-shareholders are included as capital reserve.

### Merger reserve

Arising from the restructuring exercise in financial year 2012, the merger reserve is the difference between the nominal amount of the share capital of the subsidiaries at the date on which the subsidiaries were acquired by the Company and the nominal amount of the share capital issued as consideration for the acquisition.

### Statutory reserve

In accordance with the Foreign Enterprise Law applicable to the subsidiary in the PRC, the subsidiary is required to make appropriation to a Statutory Reserve Fund (SRF). At least 10% of the statutory profits after tax as determined in accordance with the applicable PRC accounting standards and regulations must be allocated to the SRF until the cumulative total of the SRF reaches 50% of the subsidiary's registered capital. Subject to approval from the relevant PRC authorities, the SRF may be used to offset any accumulated losses or increase the registered capital of the subsidiary. The SRF is not available for dividend distribution to shareholders.

### Translation reserve

The translation reserve represents exchange differences arising from the translation of the financial statements of entities whose functional currencies are different from that of the Group's presentation currency.

## 21. INCOME TAX EXPENSE (CONTINUED)

The Group is subject to income tax on an entity basis on profits from the jurisdictions in which members of the Group are domiciled and operate.

Singapore income tax is calculated at 17% (2015: 17%) of the estimated assessable profit for the year. No provision for Singapore income tax has been made as the Group did not derive any taxable income in Singapore during the financial period.

On 16 March 2007, the PRC promulgated the Law of the PRC on Enterprise Income Tax ("New Law") by Order No.63 of the President of the PRC, with an effective date of 1 January 2008. On 28 December 2007, the State Council of the PRC issued Implementation Regulations of the New Law. Due to the New Law and Implementation Regulations, the PRC subsidiaries will be subject to 25% Enterprise Income Tax, commencing 1 January 2008. Accordingly, taxation arising in the PRC is calculated at the prevailing rate of 25% (2015: 25%) for subsidiaries in the PRC.

The Group is subject to Land Appreciation Tax ("LAT") in the PRC which has been included in the income tax expense of the Group. The PRC LAT is levied at progressive rates ranging on the appreciation of land value, being the proceeds of sales of properties less deductible expenditures including sales charges, borrowing costs and all property development expenditures in accordance with the PRC tax laws and regulations.

### Relationship between tax expense and accounting profit

A reconciliation between tax expense and the product of accounting profit multiplied by the applicable corporate tax rate for the period ended 30 June 2016 and year ended 30 September 2015 is as follows:

	<b>Group</b>	
	<b>Period from 1 October 2015 to 30 June 2016 RMB'000</b>	<b>Year ended 30 September 2015 RMB'000</b>

# NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 1 October 2015 to 30 June 2016

## 22. (LOSS)/EARNINGS PER SHARE

Loss per share for 30 June 2016 was calculated by dividing loss for the period attributable to owners of the Company of RMB21,377,000 by the weighted average number of ordinary shares outstanding during the period of 144,733,000 shares.

Earnings per share for 30 September 2015 was calculated by dividing profit for the year attributable to owners of the Company of RMB65,616,000 by the weighted average number of ordinary shares outstanding during the year of 144,733,000 shares.

Basic and diluted earnings per share are the same as there is no dilutive potential ordinary share outstanding during the period/year.

IMPORTANT**

1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 130A of the Companies Act, Chapter 50 of Singapore (the "Act")), you should insert that number of shares. If you have shares registered in your name in the Register of Members of the Company, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by you.
2. (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy. If no proportion of shareholdings is specified, the proxy whose name appears first shall be deemed to carry one hundred per cent (100%) of the shareholdings of his/its appointor and the proxy whose name appears after shall be deemed to be appointed in the alternate.  
  
(b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.  
  
"Relevant intermediary" has the meaning ascribed to it in Section 181(6) of the Act.
2. Each of the resolutions to be put to the vote of members at the AGM (and at any adjournment thereof) will be voted on by way of a poll.
3. A proxy need not be a member of the Company.
4. Where a member appoints two proxies, the member must specify the proportion of shareholdings (expressed as a percentage of the whole) to be represented by each proxy. If no proportion of shareholdings is specified, the proxy whose name appears first shall be deemed to carry 100 per cent of the shareholdings of his/its appointor and the proxy whose name appears after shall be deemed to be appointed in the alternate.
5. The instrument appointing a proxy or proxies must be deposited at the office of the Company's Share Registrar, Tricor Barbinder Share Registration Services, either by hand at 80 Robinson Road, #11-02, Singapore 068898 or by post at 80 Robinson Road, #02-00, Singapore 068898 not less than 48 hours before the time set for the general meeting.
6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised.
7. Where an instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the power of attorney (or other authority) or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Annual General Meeting, in accordance with Section 179 of the Act.
9. Completion and return of this instrument appointing a proxy or proxies shall not preclude a member from attending and voting at the meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy, to the meeting.
10. The Company shall be entitled to reject an instrument appointing a proxy or proxies which is incomplete, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument (including any related attachment). In addition, in the case a member whose shares are entered in the Depository Register, the Company may reject an instrument appointing a proxy or proxies if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the meeting, as certified by The Central Depository (Pte) Limited to the Company.
11. An investor who buys shares using SRS monies ("SRS Investor") (as may be applicable) may attend and cast his vote(s) at the AGM in person. SRS Investors who are unable to attend the AGM but would like to vote, may inform their SRS Approved Nominees to appoint the Chairman of the AGM to act as their proxy, in which case, the SRS Investors shall be precluded from attending the AGM.

**General:**

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 48 hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

**Personal data privacy:**

By submitting a proxy form appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.
