FOR IMMEDIATE RELEASE

AZTECH GLOBAL NAMED AMONGST SINGAPORE'S FASTEST GROWING COMPANIES FOR TWO CONSECUTIVE YEARS BY THE STRAITS TIMES

SINGAPORE, 23 JANUARY 2024 - SGX Mainboard-listed Aztech Global Ltd and its subsidiaries ("**the Group**") today announced the Group is recognised amongst Singapore's Fastest-Growing Companies in 2024 by The Straits Times for the second consecutive year.

Singapore's Fastest Growing Companies 2024 is a list of 100 local businesses that achieved markedly high revenue growth between 2019 and 2022. The ranking was compiled by The Straits Times and Germany-based global research firm Statista since 2018 to celebrate innovation and honour corporate successes.

The Group is proud to be among the fastest growing companies in Singapore. It was first named in the high-profile listing in 2023 before achieving the coveted ranking in the fifth edition of the Singapore's Fastest Growing Companies in 2024.

"The two consecutive years of recognition reaffirmed our decision 6 years ago to transform our business to become a full-fledged design, engineering and manufacturing solutions provider," said **Aztech Global's Chairman and CEO Mr Michael Mun.** He continued, "With change and uncertainties being constant, the only way forward is to continue adapting, innovating and evolving. By embedding this into our culture, it will see us through more exciting growth years ahead."

Headquartered in Singapore, the Group counts more than 37 years of operating track record. It has successfully transformed from a manufacturer of personal computers to include other electronics products ranging from sound cards and DECT phone to the IoT devices, data-communication and niche LED lighting products. The Group has, in August 2023, launched its new vision technology line of products, starting with Internet Protocol ("IP") Camera and Digital Microscope under proprietary "Kyla" brand that will add depth to its offerings.

All currencies are in Singapore dollars unless otherwise specified.
