1. INTRODUCTION

- 1.1. Keppel Ltd. (the “**Company**”) is pleased to announce a proposed special dividend of 2 cents per Share (as defined below) in cash and 1 unit in Keppel REIT (“**KREIT**”, and units in KREIT, “**KREIT Units**”) for every 9 Shares in the Company (the “**Proposed Special Dividend**”).
- 1.2. The Proposed Special Dividend is subject to the conditions set out below. The distribution of KREIT Units pursuant to the Proposed Special Dividend will be effected on the basis of 1 KREIT Unit for every 9 share(s) in the Company (“**Shares**”) held by each Entitled Shareholder (as defined below) as at the record date for the purpose of determining the entitlement of the Shareholders for the Proposed Special Dividend, fractional entitlements to be disregarded (the “**Record Date**”).

2. RATIONALE FOR THE PROPOSED SPECIAL DIVIDEND

Rewarding Keppel shareholders with value unlocked from completed asset monetisation

- 2.1. Reflecting Keppel's commitment to a steady and sustainable dividend strategy, the Company will pay ordinary dividends based on the New Keppel's performance. In addition, it aims to pay out special dividends based on 10-15% of the gross value of asset monetisation transactions completed in the financial year, until the Company's monetisation programme is completed. The actual percentage will depend on the Company's growth plans as well as cash generated.
- 2.2. Considering the progress in monetisation achieved for FY2025, Keppel intends to pay a special dividend from asset monetisation completed to reward shareholders of the Company (“**Shareholders**”). For FY2025, the gross value of the asset monetisation¹ completed was approximately \$1.6 billion.

Strategic alignment and capital management

- 2.3. The proposed distribution of KREIT Units pursuant to the Proposed Special Dividend is also part of the Company's ongoing capital management. Such distribution of KREIT Units would also allow for the

growth of the investor base of KREIT and an increase in its level of public float, both factors of which encourage improved trading liquidity of KREIT.

Post the Proposed Special Dividend, the Company will have an interest in approximately 33.2% of KREIT Units, maintaining strong alignment with KREIT unitholders' interests. The Company remains fully committed as a sponsor of KREIT (through its wholly-owned subsidiary) to further develop KREIT's growth.

Direct participation in KREIT for Shareholders

- 2.4. The proposed distribution of KREIT Units pursuant to the Proposed Special Dividend will enable Shareholders to directly participate in the ownership of, and enjoy returns from, securities held in both the Company and KREIT without any additional cash outlay.
- 2.5. Giving Shareholders a direct unitholding in KREIT will also enable Shareholders to directly influence the future direction of KREIT and benefit directly from any future corporate actions and exercises involving KREIT (for example, distributions etc.)

4. DETAILS OF THE PROPOSED SPECIAL DIVIDEND

4.1. Entitled Shareholders

Shareholders who hold Shares as at the Record Date (as defined below) will be entitled to the Proposed Special Dividend (the "**Entitled Shareholders**").

4.2. Method of Distribution and Distribution Ratio

As at the date of this Announcement, the Company holds, directly and indirectly, approximately 1,839 million KREIT Units representing, in aggregate, approximately 37.3% of the total number of issued and paid-up KREIT Units as at the date of this Announcement.

To facilitate the distribution of KREIT Units pursuant to the Proposed Special Dividend, the Company's wholly-owned subsidiary will transfer approximately 200.2 million KREIT Units to the Company, representing approximately 4.1% of the total number of issued and paid-up KREIT Units as at the date of this Announcement.

The Proposed Special Dividend will be effected on the basis of 1 KREIT Unit for every 9 Shares held by each Entitled Shareholder as at the Record Date, fractional entitlements to be disregarded. The final number of KREIT Units to be received by each Entitled Shareholder will depend on the total number of issued Shares held by the Entitled Shareholder as at the Record Date.

As at the date of this Announcement, the issued share capital of the Company comprises 1,801,609,827 Shares (excluding treasury Shares). Assuming that there is no change to the number of Shares in issue as at the date of this Announcement and the Record Date, for illustrative purposes, the Company will distribute approximately 200.2 million KREIT Units pursuant to the Proposed Special Dividend.

No payment will be required from Entitled Shareholders for the Proposed Special Dividend. The KREIT Units will be distributed free of encumbrances and together with all rights attaching thereto on and from the date the Proposed Special Dividend is completed and are, as such, freely transferable by the Entitled Shareholders if they so wish.

For avoidance of doubt, the distribution of KREIT Units pursuant to the Proposed Special Dividend by the Company to Shareholders is separate from any distribution made or to be made by KREIT to its unitholders.

4.3. Appropriation from Retained Profits

To effect the Proposed Special Dividend (characterized as a one-tier dividend), the Company will appropriate an amount out of the retained profits of the Company to meet the amount of dividend to be declared. The final appropriated amount is expected to be based on the value of the KREIT Units on the date the Proposed Special Dividend is completed (the "**Completion Date**").

4.4. Conditions to the Proposed Special Dividend

The Proposed Special Dividend is subject to and conditional upon, *inter alia*, the satisfaction or waiver of the following conditions precedent:

4.4.1. the approval of Shareholders by way of an ordinary resolution for the Proposed Special Dividend at the annual general meeting of the Company to be convened ("**AGM**"); and

4.4.2. all other necessary waivers, consents and approvals from, *inter alia*, the SGX-ST and other

third parties in connection with the Proposed Special Dividend being obtained.

4.5. Effects of the Proposed Special Dividend

On completion of the Proposed Special Dividend:

4.5.1. the Company's unitholding in KREIT (direct and indirect) as mentioned at paragraph 4.1 above will decrease by approximately 4.1%; that is, from approximately 1,839 million KREIT Units (being approximately 37.3% of the total number of issued and paid-up KREIT Units as at the date of this Announcement) to approximately 1,639 million KREIT Units (being approximately 33.2% of the total number of issued and paid-up KREIT Units as at the date of this Announcement); and

4.5.2. Entitled Shareholders will hold both Shares and KREIT Units.

The Proposed Special Dividend will not result in any change to the issued and paid-up share capital of the Company after the Proposed Special Dividend or to the number of Shares held by each Entitled Shareholder.

4.6. Notice of Record Date

Subject to the fulfilment of the conditions to the Proposed Special Dividend, the Record Date in order to determine the entitlements of each Entitled Shareholder to the Special Dividend is 5.00 pm, 28 April 2026.

4.7. Odd Lots

KREIT Units are currently traded in board lots of 100 KREIT Units in the ready market. Entitled Shareholders may receive odd lots of KREIT Units pursuant to the Proposed Special Dividend (that is, lots other than board lots of 100 KREIT Units). Entitled Shareholders who receive odd lots of KREIT Units pursuant to the Proposed Special Dividend and who wish to trade such odd lots of KREIT Units on the SGX-ST are able to trade with a minimum size of one KREIT Unit on the Unit Share Market of the SGX-ST. Entitled Shareholders should note that the market for trading of odd lots of KREIT Units may be illiquid and trading in odd lots of KREIT Units may also incur a proportionately higher brokerage cost than trading in board lots of KREIT Units.

4.8. Overseas Shareholders

You will be regarded as an overseas shareholder if your registered address for the service of the notices and/or documents on the Register of Members of the Company or the Depository Register (as the case may be) is not in Singapore as at the Record Date (such Shareholder, an "**Overseas Shareholder**").

In order to avoid violating applicable securities laws outside Singapore, or where the directors of the Company ("**Directors**") are of the view that such distribution may infringe any foreign law or may necessitate compliance with conditions or requirements which the Directors, in their absolute discretion, regard as onerous or impracticable by reason of costs, delay or otherwise, the Directors reserve the

discretion not to distribute the KREIT Units to any Overseas Shareholder and to deal with such KREIT Units in the manner set out below.

In the event the Directors decide not to distribute the KREIT Units to any Overseas Shareholders, arrangements will be made for the KREIT Units which would otherwise be distributed to such Overseas Shareholders pursuant to the Proposed Special Dividend to be sold by such person(s) as may be appointed by the Directors. Thereafter the net proceeds of such sale, after deducting for all dealings and other expenses in connection therewith, shall be distributed proportionately among such Overseas Shareholders according to their respective entitlements to the KREIT Units as at the Record Date in full satisfaction of their rights under the Proposed Special Dividend.

The distribution of this Announcement and the AGM Notice Appendices (as defined below), and the Proposed Special Dividend, may be prohibited or restricted (either absolutely or subject to various securities requirements, whether legal or administrative, being complied with) in certain jurisdictions under the relevant securities laws of those jurisdictions. Shareholders are required to inform themselves of and to observe any such prohibition or restriction at their own expense and without any liability of the Company. It is the responsibility of Shareholders in such jurisdictions to satisfy themselves as to the full observance of the laws of the relevant jurisdiction in connection therewith, including the obtaining of any governmental, exchange control or other consents which may be required, the compliance with other necessary formalities which are required to be observed and/or payment of any issue, transfer or other taxes due in such jurisdiction.
