

For Immediate Release

## AEM to present next-gen testing solutions at SEMICON Taiwan 2022

**Singapore, 24 August 2022** – AEM, a global leader in test and handling solutions, will be presenting its next-gen testing solutions at SEMICON Taiwan 2022, 14 to 16 September in Taipei, Taiwan.

AEM will showcase its latest technologies and innovative solutions for semiconductor and electronics testing, particularly its system level test (SLT) and automatic test equipment (ATE) solutions, which are aimed to address evolving technology needs in testing for manufacturers.

There will be live demos of AEM's industry-leading SLT and ATE solutions, in particular the [ATOM Handler](#), a benchtop handler designed for use on engineering test floors, labs and in development operations and the [M5S-HD tester](#), designed to meet the need for cost-effective and efficient testers.

AEM also recently announced the delivery of a fully integrated [CMOS Image Sensor Test Cell to UTAC](#), with a tester, illuminator, and handler. The next-gen test system solution for CMOS image sensors will meet the growing demand for advance image sensors in various markets.

Learn more about AEM's industry-leading semiconductor and electronics test solutions and to view the live demo by visiting **Booth K2988** at SEMICON Taiwan 2022.

### About AEM

AEM is a global leader in test innovation. We provide the most comprehensive semiconductor and electronics test solutions based on the best-in-class technologies, processes, and customer support. AEM has a global presence across Asia, Europe, and the United States. With manufacturing plants located in Singapore, Malaysia (Penang), Indonesia (Batam), Vietnam (Ho Chi Minh City), China (Suzhou), and Finland (Lieto), and a global network of engineering support, sales offices, associates, and distributors, we offer our customers a robust and resilient ecosystem of test innovation and support.

AEM Holdings Ltd. is listed on the main board of the Singapore Exchange (Reuters: AEM. SI; Bloomberg: AEM: SP). AEM's head office is in Singapore.
